(d) *Adjustment to Valuation Dates (Disrupted Days and Underlying Levels)*

If the Calculation Agent determines that the Underlying Level of an Underlying cannot be determined at any time on any Valuation Date by reason of the occurrence of an event giving rise to a Disrupted Day, then the Underlying Level at such time on such day shall be disregarded for the purposes of determining any amounts payable and/or deliverable in respect of the Securities.

(e) *Anpassungsereignisse*

Stellt die Berechnungsstelle den Eintritt eines Anpassungsereignisses fest, wird sie (vorbehaltlich der Bestimmungen des für den betreffenden Basiswert geltenden Basiswertanhangs) (i) diejenige Anpassung der Bedingungen der Wertpapiere vornehmen, die sie für erforderlich oder zweckmäßig hält, um der Auswirkung dieses Anpassungsereignisses, ggf. vorbehaltlich der Bestimmungen des betreffenden Basiswertanhangs, Rechnung zu tragen, und (ii) den Termin bestimmen, an dem jede solche Anpassung wirksam wird.

If so specified in the relevant Underlying Schedule, any adjustment(s) made by the Calculation Agent in response to an Adjustment Event may include a substitution of the relevant Underlying or other asset as specified in the Underlying Schedule applicable to the relevant Underlying and the Calculation Agent may make such other adjustments to the terms of the Securities as it deems necessary or appropriate in relation to such substitution.]

**"Fairer Marktwert"** bezeichnet einen durch die Berechnungsstelle ermittelten Betrag in der Festgelegten Währung, der den fairen Marktwert des Berechnungsbetrags an einem von der Emittentin gewählten Tag darstellt, einschließlich sämtlicher fälliger und zahlbarer Zinsbeträge, wobei im Fall einer Berechnung des fairen Marktwerts gemäß Bedingung 7 (Kündigungsereignisse) die Finanzlage der Emittentin, von der angenommen wird, dass sie ihre Verpflichtungen im Hinblick auf die Wertpapiere vollständig erfüllen kann, nicht berücksichtigt wird.

Der "faire Marktwert" eines Berechnungsbetrags wird nach billigem Ermessen (§ 317 BGB) der Berechnungsstelle ermittelt, wobei die Berechnungsstelle bei der Ermittlung dieses Werts die folgenden Werte berücksichtigt:

(i) die Summe zweier auf die Wertpapiere bezogener Komponenten, und zwar (i) einer Anleihekomponente und (ii) einer Eingebettete-Derivate-Komponente oder Optionskomponente. Der Wert der Anleihekomponente wird auf Basis des Barwerts des mit einer herkömmlichen Anleihe verbundenen Barzahlungsstroms bestimmt, wobei der Betrag der Anleihe dem zum jeweiligen Zeitpunkt ausstehenden, mit einem üblichen internen (ggf. um einen Spread angepassten) Finanzierungssatz abgezinsten Gesamtnennbetrag der Wertpapiere und die Laufzeit der Anleihe der zum jeweiligen Zeitpunkt verbleibenden Restlaufzeit der Wertpapiere entspricht. For the avoidance of doubt and without limitation, the Calculation Agent may determine the relevant Screen Rate by reference to one of the following:

Für den Fall, dass der Administrator eines relevanten Referenzsatzes die Methodik dieses Referenzsatzes ändert (einschließlich, aber nicht beschränkt auf Änderungen des Zeitpunkts der Veröffentlichung des relevanten Referenzsatzes), ist die Berechnungsstelle berechtigt, aber nicht verpflichtet, damit zusammenhängende oder sich daraus ergebende Änderungen an den Bedingungen vorzunehmen, die nicht anderweitig in dieser Bedingung vorgesehen sind (einschließlich, aber nicht beschränkt auf, technische, administrative oder operationelle Änderungen, Änderungen des Zeitpunkts und der Häufigkeit der Bestimmung der Zinssätze und der Zinszahlungen und Änderungen der Definition der Festgelegten Fälligkeit (falls anwendbar)), die die Berechnungsstelle im Wesentlichen den Marktgepflogenheiten entspricht (oder, sofern die Berechnungsstelle entscheidet, dass die Übernahme eines Teils der Marktgepflogenheiten verwaltungstechnisch nicht durchführbar ist, oder wenn die Berechnungsstelle feststellt, dass für die Anwendung des Benchmark-Ersatzes keine Marktgepflogenheiten bestehen, auf eine andere Weise, die die Berechnungsstelle für sinnvollerweise erforderlich hält) für angemessen hält.

For the purposes of this sub-paragraph, "**ISDA Rate**" for any Interest Period means the rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction (a "**Swap Transaction**" or a "**Transaction**") if the Calculation Agent were acting as Calculation Agent (as defined in the ISDA Definitions, as defined below) (the "**ISDA Calculation Agent**") for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

For the purposes of this sub-paragraph, "**Compounded Daily SONIA**" means, in respect of an Interest Period, the rate of return of a daily compound interest investment (with the daily Sterling overnight reference rate as reference rate for the calculation of interest) calculated by the Calculation Agent in respect of the relevant Interest Determination Date as follows (and the resulting percentage will be rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards, or otherwise in accordance with applicable market convention in the derivatives market):

For the avoidance of doubt, the formula for the calculation of Compounded Daily SONIA only compounds the SONIA rate in respect of any London Banking Day. The SONIA rate applied to a day that is not a London Banking Day will be taken by applying the SONIA rate for the previous London Banking Day but without compounding.

Zur Klarstellung: Die Formel für die Berechnung des Compounded Daily SONIA zinst nur den SONIA-Satz in Bezug auf einen Londoner Bankarbeitstag auf. Bei Anwendung des SONIA-Satzes auf einen Tag, bei dem es sich nicht um einen Londoner Bankarbeitstag handelt, wird der SONIA-Satz für den vorhergehenden Londoner Bankarbeitstag ermittelt, jedoch ohne Aufzinsung.

Notwithstanding the foregoing, in the event the Bank of England publishes guidance as to (i) how the SONIA rate is to be determined or (ii) any rate that is to replace the SONIA rate, the Calculation Agent shall, to the extent that it is reasonably practicable, follow such guidance in order to determine the SONIA rate for the purpose of the Securities for so long as the SONIA rate is not available or has not been published by the authorised distributors. No Securityholder shall be entitled to any payment in respect of the relevant Security in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer or any Intermediary.

Die Wertpapierinhaber haben im Falle einer Verzögerung der Lieferung der Lieferungsmenge aufgrund des Eintritts einer Abwicklungsstörung keinen Anspruch auf eine Zahlung in Bezug auf das jeweilige Wertpapier, und weder die Emittentin noch ein Intermediär sind diesbezüglich haftbar.

Für diese Zwecke haben die nachfolgenden Begriffe die ihnen jeweils zugeordnete Bedeutung:

Payment of the Failure to Deliver Redemption Amount will be made in such manner as shall be set out in the Failure to Deliver Notice.

**"Interpolated Reference"** Rate with respect to the Reference Rate means the rate determined for the Corresponding Tenor by interpolating on a linear basis between: (1) the Reference Rate for the longest period for which the Reference Rate is available that is shorter than the Corresponding Tenor and (2) the Reference Rate for the shortest period for which the Reference Rate is available that is longer than the Corresponding Tenor.

#### **8.[2][3][4][5][6] Anpassungen**

Jegliche Anpassungen der Bedingungen (einschließlich der Bestimmung eines Anpassungsspreads oder -faktors, gleich welcher Definition), die die Berechnungsstelle gemäß [den Referenzsatzereignis-Bestimmungen die in der Bewertungs- und Abwicklungsbedingung 6 (*Referenzsatzereignis-Bestimmungen*) dargelegt sind] [und] [den Bestimmungen, die in der Bewertungs- und Abwicklungsbedingung 7 (*Rückzahlung oder Anpassung für ein Administrator/Benchmark Ereignis*) dargelegt sind] für notwendig oder angemessen hält:

Notwithstanding the provisions of (and all provisions referred to in) this Valuation and Settlement Condition 8 (*Hierarchy Provisions and Adjustments*), the Calculation Agent is not obliged to make any adjustment or make any determination in relation to the Conditions if the effective date(s) of the relevant adjustment or determination would fall after the earlier of (i) the date the affected interest rate or Benchmark is no longer used as an interest rate or Benchmark for purposes of the Securities and (ii) the maturity, termination or expiry of the Securities.

Unbeschadet der Bestimmungen dieser Bewertungs- und Abwicklungsbedingung 8 (*Hierarchiebestimmungen und Anpassungen*) (sowie sämtlicher darin in Bezug genommener Bestimmungen) ist die Berechnungsstelle nicht verpflichtet, Anpassungen oder Feststellungen in Bezug auf die Bedingungen vorzunehmen bzw. zu treffen, wenn der bzw. die Zeitpunkt(e) des Wirksamwerdens der betreffenden Anpassung oder Feststellung nach dem früheren der beiden folgenden Zeitpunkte läge: (i) das Datum, ab dem der betroffene Zinssatz oder die betroffene Benchmark für die Zwecke der Wertpapiere nicht mehr als Zinssatz oder Benchmark verwendet wird, und (ii) Fälligkeit, Kündigung oder Ablauf der Wertpapiere.

Unbeschadet anderslautender Bestimmungen in den Bestimmungen dieser Bewertungs- und Abwicklungsbedingung 8 (*Hierarchiebestimmungen und Anpassungen*) (sowie sämtlicher darin in Bezug genommener Bestimmungen) kann/können die Emittentin und/oder die Berechnungsstelle in Bezug auf die Wertpapiere sämtliche Festlegungen und/oder Anpassungen vornehmen und sämtliche Maßnahmen ergreifen, die im Zusammenhang mit einem Benchmark-Übergangsereignis, einem Referenzsatzereignis, einem Administrator/Benchmark-Ereignis oder dem Eintreten eines Ereignisses vorgesehen sind, die zur Anwendbarkeit der Bestimmungen in Bezug auf maßgebliche Basiswerte, bei denen es sich um Zinssätze handelt, die in den Basiswertzinssatz-Bedingungen beschrieben sind, führen (ein "**Ersatz- oder Nachfolge-Satz-Ereignis**"), je nach Sachlage, unbeschadet der Tatsache, dass ein solches Benchmark-Übergangsereignis, Administrator/Benchmark-Ereignis oder Ersatz- oder Nachfolge-Satz-Ereignis, je nach Sachlage, auch vor dem Ausgabetag der Wertpapiere eingetreten sein kann.

#### 8.[3][4][5][6][7][8] Regulatory Obligations

If (a) it is or would be unlawful or prohibited under any applicable law or regulation to determine and calculate a replacement interest rate or make any other determination or adjustment in accordance with the the Reference Rate Event Provisions set out in Valuation and Settlement Condition 6 (*Reference Rate Event Provisions*), the provisions set out in Valuation and Settlement Condition 7 (*Redemption or adjustment for an Administrator/Benchmark Event*), the SRD Fallback Provisions in Valuation and Settlement Condition 3(a), the ISDA Determination provisions in Valuation and Settlement Condition 3(a), the SOFR Fallback Provisions in Valuation and Settlement Condition 3(a)(ii), the SFRD (Non-Index) Fallback Provisions in Valuation and Settlement Condition 3(a)(i) or the SFRD (Index) Fallback Provisions in Valuation and Settlement Condition 3(a)(ii) (each a "**Reference Rate Fallback Provision**") (or it would be unlawful were a determination to be made at that time); or (b) it would contravene any applicable licensing requirements to determine a replacement interest rate or make any other determination or adjustment in accordance with any applicable Reference Rate Fallback Provision (or it would contravene those licensing requirements were a determination to be made at that time); or (c) the Calculation Agent determines that an adjustment spread (however described in the Reference Rate Fallback Provisions) is or would be a benchmark, index or other price source whose production, publication, methodology or governance would subject the Calculation Agent to material additional regulatory obligations which it is unwilling to undertake, then the Calculation Agent shall not be obliged to make the relevant determination or adjustment and may instead take any alternative action under the Terms and Conditions as it determines appropriate.

Das vorliegende Dokument stellt einen Basisprospekt (der "**Basisprospekt**") gemäß Artikel 8 der Verordnung EU 2017/1129 des Europäischen Parlaments und des Rates in ihrer jeweils geltenden Fassung (die "**Prospektverordnung**") für die Ausgabe von Wertpapieren mit einem einzelnen Basiswert und Wertpapieren mit mehreren Basiswerten dar, die von Zeit zu Zeit als Schuldverschreibungen (die "**Schuldverschreibungen**") oder Zertifikate (die "**Zertifikate**"), wie jeweils in den anwendbaren Endgültigen Bedingungen angegeben, im Rahmen des Programms von der Emittentin ausgegeben werden können (jeweils ein "**Wertpapier**" und zusammen die "**Wertpapiere**" und jeder Inhaber eines solchen Wertpapiers ein "**Wertpapierinhaber**" und zusammen die "**Wertpapierinhaber**").

## WICHTIGE HINWEISE

### Vertrieb von Wertpapieren

Wertpapiere können laufend an CGML, Citigroup Global Markets Europe AG und/oder einen im Rahmen des Programms zusätzlich ernannten Vertriebspartner (jeweils ein "**Vertriebspartner**" und gemeinsam die "**Vertriebspartner**") ausgegeben werden. Für jede Ausgabe von Wertpapieren werden in den anwendbaren Endgültigen Bedingungen (wie nachstehend definiert) Vertriebspartner angegeben. Jede der Emittentinnen behält sich jedoch vor, Wertpapiere unter Beachtung sämtlicher anwendbarer Regelwerke direkt im eigenen Namen an andere juristische Personen zu verkaufen und in festgelegten Rechtsordnungen über Vertriebsstellen direkt öffentlich anzubieten. Die Wertpapiere können im Rahmen einer Privatplatzierung unter Beachtung sämtlicher anwendbarer Vorschriften und Regelungen angeboten und verkauft werden.

Gemäß diesem Basisprospekt können Wertpapiere ausgegeben werden, deren Rendite (in Bezug auf etwaige auf diese Wertpapiere zu zahlende Zinsen und/oder den Rückzahlungsbetrag dieser Wertpapiere) sich auf einen oder mehrere Wertpapierindizes ("**Auf Wertpapierindizes Bezogene Wertpapiere**") oder auf einen oder mehrere Inflationsindizes ("**Auf Inflationsindizes Bezogene Wertpapiere**") oder auf einen oder mehrere Rohstoffe ("**Auf Rohstoffe Bezogene Wertpapiere**") oder auf eine oder mehrere Aktien ("**Auf Aktien Bezogene Wertpapiere**") oder auf ein oder mehrere Depositary Receipts ("**Auf Depositary Receipts Bezogene Wertpapiere**") oder auf einen oder mehrere Anteile börsennotierter Fonds ("**ETF-Anteil**") ("**Auf ETFs Bezogene Wertpapiere**") oder auf einen oder mehrere Investmentfonds ("**Auf Investmentfonds Bezogene Wertpapiere**") oder auf einen oder mehrere Umtauschkurse ("**Auf Wechselkurse Bezogene Wertpapiere**") oder auf einen oder mehrere Dividendenfuturekontrakte ("**Auf Dividendenfuturekontrakte Bezogene Wertpapiere**") oder auf einen oder mehrere Zinssätze ("**Auf Zinssätze Bezogene Wertpapiere**") oder auf die Bonität einer oder mehrere Gesellschaften ("**Bonitätsabhängige Schuldverschreibungen**") bezieht, jeweils ein "**Wertpapier**" und zusammen "**Strukturierte Wertpapiere**", wie in diesem Basisprospekt näher beschrieben.

Bei den Wertpapieren erfolgt die Abwicklung je nach Festlegung im Bewertungs- und Abwicklungsanhang und den anwendbaren Endgültigen Bedingungen entweder durch Barausgleich ("**Wertpapiere mit Barausgleich**") oder physische Lieferung ("**Wertpapiere mit Physischer Lieferung**").

**Angabe bezüglich des Registereintrags des Administrators gemäß der Benchmark-Verordnung** – Unter den Wertpapieren zahlbare Beträge oder zu liefernde Vermögenswerte können durch Bezugnahme auf einen oder mehrere "Referenzwerte" im Sinne der Verordnung (EU) 2016/1011 (die "**Benchmark-Verordnung**") berechnet werden. In diesem Fall geben die Endgültigen Bedingungen an, ob der Referenzwert von einem Administrator, der im Register der Administratoren und Referenzwerte aufgeführt ist, welches von der Europäischen Wertpapier- und Marktaufsichtsbehörde ("**ESMA**") gemäß Artikel 36 der Benchmark-Verordnung erstellt und geführt wird bereitgestellt wird oder nicht. Gemäß der Übergangbestimmungen der Benchmark-Verordnung muss der Administrator eines bestimmten Referenzwerts unter Umständen zum Zeitpunkt der Endgültigen Bedingungen nicht im Register der Administratoren und Referenzwerte eingetragen sein.

Potentielle Anleger sollten beachten, dass die Kündigungsereignisse in Bezug auf die CGMHI-Garantiegeberin auf die in den Allgemeinen Bedingungen 7(a)(i) und 7(a)(ii) (*Kündigungsereignisse*) genannten Ereignisse in Bezug auf den Ausfall der Zahlung von Kapital oder Zinsen in Bezug auf die Wertpapiere beschränkt sind, jedoch weder die Insolvenz oder den Konkurs der CGMHI-Garantiegeberin

(oder ein ähnliches Ereignis), noch jeden sonstigen Ausfall der CGMHI-Garantiegeberin umfassen oder die Garantieurkunde vom 21. Dezember 2015 in ihrer jeweils geänderten und/oder ergänzten und/oder ersetzten Fassung (die "**CGMHI-Garantieurkunde**"), die von CGMHI-Garantiegeberin ausgefertigt wurde und nicht in vollem Umfang in Kraft ist (oder als nicht in Kraft getreten angesehen wird), betreffen. Daher können die Inhaber der von der CGMHI begebenen Wertpapiere, auch wenn die CGMHI-Garantiegeberin für insolvent erklärt wurde oder ein Insolvenzverfahren eingeleitet hat oder die CGMHI-Garantieurkunde abgelehnt hat, keine Kündigungsereignis unter den Wertpapieren auslösen und somit nicht veranlassen, dass die Wertpapiere sofort fällig und zahlbar werden, wodurch die Wertpapiere erst bei Fälligkeit zurückgezahlt werden (es sei denn, in der Zwischenzeit ist ein Kündigungsereignis aufgrund von Nichtzahlung von Zinsen oder Kapital oder eines Konkurses oder eines sonstigen Ausfalls der CGMHI eingetreten). Es ist möglich, dass die Inhaber bei Fälligkeit eine geringere Rendite erhalten, als wenn sie unter solchen Umständen eine sofortige Rückzahlung der Wertpapiere veranlasst hätten.

#### **MiFID II PRODUKTÜBERWACHUNGSPFLICHTEN / ZIELMARKT**

Die Endgültigen Bedingungen in Bezug auf die Wertpapiere können eine Erklärung mit der Überschrift "*MiFID II Produktüberwachungspflichten / Zielmarkt*" enthalten, die die Beurteilung des Zielmarktes in Bezug auf die Wertpapiere darstellt und angibt, welche Kanäle für den Vertrieb der Wertpapiere angemessen sind. Jede Person, die in der Folge die Wertpapiere anbietet, verkauft oder empfiehlt (eine "**Vertriebsstelle**") soll die Beurteilung des Zielmarkts berücksichtigen; eine Vertriebsstelle, welcher der Richtlinie 2014/65/EU (in ihrer jeweils geänderten Fassung, "**MiFID II**") unterliegt, ist indes dafür verantwortlich, seine eigene Beurteilung des Zielmarktes im Hinblick auf die Wertpapiere durchzuführen (entweder durch Übernahme oder durch Präzisierung der Beurteilung des Zielmarktes) und angemessene Vertriebskanäle zu bestimmen.

Für jede Emission wird festgelegt, ob ein Vertriebspartner, der Wertpapiere zeichnet, ein Konzepteur in Bezug auf diese Wertpapiere im Sinne der Vorschriften der MiFID zur Produktüberwachung gemäß der Delegierten Richtlinie (EU) 2017/593 (die "**MiFID Produktüberwachungsvorschriften**") ist, andernfalls gelten weder der Arrangeur noch ein Vertriebspartner noch eines ihrer jeweils verbundenen Unternehmen als Konzepteur im Sinne der MiFID Produktüberwachungsvorschriften.

#### **UK MIFIR PRODUKTÜBERWACHUNGSPFLICHTEN / ZIELMARKT**

Die Endgültigen Bedingungen in Bezug auf die Wertpapiere können eine Erklärung mit der Überschrift "*Vereinigtes Königreich MiFIR Produktüberwachungspflichten / Zielmarkt*" enthalten, die die Zielmarktbeurteilung in Bezug auf die Wertpapiere und die geeigneten Kanäle für den Vertrieb der Wertpapiere darlegen wird. Jede Person, die die Wertpapiere anschließend anbietet, verkauft oder empfiehlt (ein "**Vertriebsunternehmen**"), sollte die Beurteilung des Zielmarktes berücksichtigen; ein Vertriebsunternehmen, welches dem *Financial Conduct Authority ("FCA") Handbook Product Intervention and Product Governance Sourcebook* (die "**MiFIR Produktüberwachungspflichten des Vereinigten Königreichs**") unterliegt, ist indes dafür verantwortlich, seine eigene Zielmarktbestimmung im Hinblick auf die Wertpapiere durchzuführen (entweder durch die Übernahme oder durch die Präzisierung der Zielmarktbestimmung) und geeignete Vertriebskanäle zu bestimmen.

Für jede Emission wird festgelegt, ob ein Vertriebspartner, der Wertpapiere zeichnet, ein Konzepteur in Bezug auf diese Wertpapiere im Sinne der MiFIR Produktüberwachungspflichten des Vereinigten Königreichs ist, andernfalls gelten weder der Arrangeur noch ein Vertriebspartner noch eines ihrer jeweils verbundenen Unternehmen als Konzepteur im Sinne der MiFIR Produktüberwachungspflichten des Vereinigten Königreichs.

## **PRIIPS-VERORDNUNG / KLEINANLEGER IM EUROPÄISCHEN WIRTSCHAFTSRAUM**

Wenn die Endgültigen Bedingungen in Bezug auf die Wertpapiere eine Erklärung mit der Überschrift "*Verbot des Verkaufs an Kleinanleger im Europäischen Wirtschaftsraum*" enthalten, sind die Wertpapiere nicht für das Angebot, den Verkauf oder die sonstige Form der Zurverfügungstellung an Kleinanleger im Europäischen Wirtschaftsraum (der "**EW**") bestimmt und sollten Kleinanlegern im EWR nicht angeboten, nicht an diese verkauft und diesen auch nicht in sonstiger Weise zur Verfügung gestellt werden. Für diese Zwecke bezeichnet der Begriff "Kleinanleger" eine Person, die eines (oder mehrere) der folgenden Kriterien erfüllt: (i) sie ist ein Kleinanleger im Sinne von Artikel 4 Abs. 1 Nr. 11 MiFID II; (ii) sie ist ein Kunde im Sinne der Richtlinie (EU) 2016/97 (die "**Versicherungsvertriebsrichtlinie**"), soweit dieser Kunde nicht als professioneller Kunde im Sinne von Artikel 4 Abs. 1 Nr. 10 MiFID II gilt; oder (iii) sie ist kein qualifizierter Anleger im Sinne der Prospektverordnung. Wenn ein solches Verbot des Verkaufs an Kleinanleger im EWR in den Endgültigen Bedingungen enthalten ist, wurde kein sogenanntes Basisinformationsblatt, das gemäß der Verordnung (EU) Nr. 1286/2014 (in ihrer jeweils geltenden Fassung, die "**PRIIPS-Verordnung**") erforderlich ist, für das Angebot oder den Verkauf oder eine sonstige Form der Zurverfügungstellung solcher Wertpapiere an Kleinanleger im EWR erstellt und das Angebot, der Verkauf oder die sonstige Form der Zurverfügungstellung an Kleinanleger im EWR kann daher gemäß der PRIIPS-Verordnung rechtswidrig sein.

## **VK PRIIPS-VERORDNUNG / KLEINANLEGER IM VEREINIGTEN KÖNIGREICH**

Wenn die Endgültigen Bedingungen in Bezug auf die Wertpapiere eine Erklärung mit der Überschrift "*Verbot des Verkaufs an Kleinanleger im Vereinigten Königreich*" enthalten, sind die Wertpapiere nicht für das Angebot, den Verkauf oder die sonstige Form der Zurverfügungstellung an Kleinanleger im Vereinigten Königreich (das "**VK**") bestimmt und sollten Kleinanlegern im VK nicht angeboten, nicht an diese verkauft und diesen auch nicht in sonstiger Weise zur Verfügung gestellt werden. Für diese Zwecke bezeichnet der Begriff „Kleinanleger“ eine Person, die eines (oder mehrere) der folgenden Kriterien erfüllt: (i) sie ist ein Kleinanleger im Sinne von Artikel 2 Nummer 8 der Verordnung (EU) Nr. 2017/565, wie sie aufgrund des European Union (Withdrawal) Act 2018 ("**EUWA**") Teil des nationalen Rechts ist; oder (ii) sie ist ein Kunde im Sinne der Bestimmungen des Financial Services and Markets Act 2000 (der "**FSMA**") und jeglicher Vorschriften oder Verordnungen, die im Rahmen des FSMA zur Umsetzung der Richtlinie (EU) 2016/97 erlassen wurden, wenn dieser Kunde nicht als professioneller Kunde im Sinne von Artikel 2 Absatz 1 Nummer 8 der Verordnung (EU) Nr. 600/2014, wie sie durch das EUWA Teil des nationalen Rechts ist, qualifiziert wäre; oder (iii) sie ist kein qualifizierter Anleger im Sinne von Artikel 2 der Prospektverordnung, wie sie aufgrund des EUWA Teil des nationalen Rechts ist. Wenn ein solches Verbot des Verkaufs an Kleinanleger im VK in den Endgültigen Bedingungen enthalten ist, wurde kein nach der Verordnung (EU) Nr. 1286/2014, wie sie aufgrund des EUWA Teil des nationalen Rechts ist (die "**VK PRIIPS-Verordnung**"), erforderliches Basisinformationsblatt für das Angebot oder den Verkauf oder die sonstige Zurverfügungstellung der Wertpapiere an Kleinanleger im VK erstellt; daher kann das Angebot oder der Verkauf oder die sonstige Zurverfügungstellung der Wertpapiere an Kleinanleger im VK nach der VK PRIIPS-Verordnung rechtswidrig sein.

## **Billigung des Basisprospekts**

*Billigung durch die Commission de Surveillance du Secteur Financier*

Sowohl der CGMHI-Basisprospekt als auch der CGMFL-Basisprospekt wurden als Basisprospekt von der *Commission de Surveillance du Secteur Financier* (die "**CSSF**") als der gemäß der Prospektverordnung zuständigen Behörde und gemäß dem luxemburgische Gesetz über Prospekte für Wertpapiere vom 16. Juli 2019 (*Loi du 16 juillet 2019 relative aux prospectus pour valeurs mobilières et*

*Non-binding German translation  
Unverbindliche deutsche Übersetzung*

*portant mise en oeuvre du règlement (UE) 2017/1129*) (das "**Luxemburgische Prospektgesetz**"), jeweils in der geltenden Fassung, gebilligt. Die CSSF billigt diesen Basisprospekt lediglich im Hinblick darauf, dass er die seitens der Prospektverordnung vorgeschriebenen Standards der Vollständigkeit, Verständlichkeit und Konsistenz erfüllt. Diese Billigung sollte nicht als Bestätigung einer der Emittentinnen, der CGMHI-Garantiegeberin oder der CGMFL-Garantiegeberin oder der Qualität der Wertpapiere, die Gegenstand dieses Basisprospekts sind, erachtet werden. Anleger sollten ihre eigene Beurteilung der Eignung einer Anlage in die Wertpapiere vornehmen.

Diese Billigung bezieht sich lediglich auf Wertpapiere, die an einem geregelten Markt im Sinne von MiFID II zum Handel zugelassen oder die öffentlich in Mitgliedstaaten des EWR unter Umständen zum Handel angeboten werden sollen, die die Veröffentlichung eines Prospekts erfordern. Es kann jedoch nicht gewährleistet werden, dass diese Anträge gebilligt werden oder, wenn dies der Fall ist, dass diese Billigung innerhalb eines bestimmten Zeitraums erfolgt.

Die CSSF hat Informationen in Bezug auf die Zulassung zum Handel an einem multilateralen Handelssystem (MTF) oder einem offenen Markt innerhalb des EWR oder einem anderen Handelsplatz im Vereinigten Königreich weder geprüft noch genehmigt.

*Freiverkehr der Frankfurter Wertpapierbörse*

Eine elektronische Kopie des Basisprospekts wird, für die Dauer der Einbeziehung in den Handel der Wertpapiere an der Börse Luxemburg, auf der Seite der Börse Luxemburg unter <https://www.luxse.com/> veröffentlicht.

### *Ungeregelte Märkte*

Darüber hinaus wurde bei (i) Euronext Dublin, (ii) der Luxemburger Börse und (iii) der Wiener Börse die Genehmigung des CGMHI-Basisprospekts und des CGMFL-Basisprospekts als *Base Listing Particulars* (das "**CGMHI Base Listing Particulars**" bzw. das "**CGMFL Base Listing Particulars**" und zusammen die "**Base Listing Particulars**") beantragt. Es wurde ein Antrag gestellt bei:

- (i) Euronext Dublin für Wertpapiere, die innerhalb von zwölf Monaten ab dem Datum der *Base Listing Particulars* ausgegeben werden, die Zulassung zur Euronext Official List und zum Handel am Global Exchange Market (der "**Global Exchange Market**"), dem börsenregulierten Markt der Euronext Dublin zuzulassen. Der Global Exchange Market ist kein geregelter Markt im Sinne von MiFID II.
- (ii) der Luxemburger Börse für Wertpapiere, die innerhalb von zwölf Monaten ab dem Datum der *Base Listing Particulars* ausgegeben werden, zur Notierung an der Luxemburger Börse und zum Handel am Euro MTF-Markt der Luxemburger Börse (der "**Euro MTF**") zuzulassen. Der Euro MTF ist kein geregelter Markt im Sinne von MiFID II. Gemäß Artikel 206 (Nachträge) von Teil 2 der *Rules and Regulations* der Luxemburger Börse wird jeder wesentliche neue Umstand, der sich auf die in den Basisprospekten enthaltenen Informationen bezieht, der die Bewertung der Wertpapiere beeinflussen kann und nach dem Datum dieses Prospekts eintritt, durch einen Nachtrag zu diesen Basisprospekten abgedeckt. Eine elektronische Kopie dieser *Base Listing Particulars* wird auf der Website der Luxemburger Börse unter [www.luxse.com](http://www.luxse.com) veröffentlicht. **Der von der CSSF gebilligte Basisprospekt kann gemäß Teil 2, Kapitel 1, Regel 102 der Rules and Regulations der Luxemburger Börse rechtsgültig für eine Zulassung zum Handel am Euro MTF verwendet werden. Es kann nicht gewährleistet werden, dass die Börsenzulassung spätestens zum Zeitpunkt der Ausgabe von Wertpapieren bzw. überhaupt erfolgt.

Sofern nicht ausdrücklich vorgesehen oder aus dem Kontext ersichtlich, sind in den Fällen, in denen Wertpapiere zum Handel am Global Exchange Market, am Euro MTF, an der Wiener Börse oder am ISM zugelassen werden sollen, Wertpapiere, für die gemäß der Prospektverordnung kein Prospekt veröffentlicht werden muss, als "Basisprospekt", "CGMHI-Basisprospekt" bzw. "CGMFL-Basisprospekt" zu verstehen, die "*Base Listing Particulars*", "*CGMHI Base Listing Particulars*" bzw. "*CGMFL Base Listing Particulars*".

### *Internationaler Wertpapiermarkt des London Stock Exchange*

Bei dem *London Stock Exchange* wurde beantragt, dass Wertpapiere, die innerhalb von zwölf Monaten ab dem Datum der *Base Listing Particulars* ausgegeben werden, zum Handel am *International Securities Market* (dem "**ISM**") zugelassen werden. Der ISM ist ein Markt, der für professionelle Anleger bestimmt ist. Der ISM ist kein geregelter Markt des Vereinigten Königreichs im Sinne der britischen MiFIR oder ein geregelter Markt im Sinne der MiFID II. **Die zum Handel am ISM zugelassenen Wertpapiere sind nicht zur offiziellen Liste der Financial Conduct Authority ("FCA") zugelassen. Die Londoner Börse hat den Inhalt dieses Basisprospekts weder genehmigt noch überprüft.**

**Dieser Basisprospekt wurde nicht von der *Financial Conduct Authority* genehmigt und wird ihr auch nicht zur Genehmigung vorgelegt.** Die Wertpapiere dürfen im Vereinigten Königreich ("UK") weder direkt noch indirekt öffentlich angeboten oder verkauft werden, und weder dieser Basisprospekt noch andere Rundschreiben, Prospekte, Antragsformulare, Anzeigen, Mitteilungen oder sonstige Materialien dürfen im oder vom Vereinigten Königreich aus verteilt oder anderweitig zugänglich gemacht werden, oder im Vereinigten Königreich veröffentlicht werden, außer (a) zum alleinigen Zweck der Zulassung der Wertpapiere zum Handel am ISM und zum Handel der Wertpapiere auf der *Official List* der Londoner Börse (oder einer anderen Börse oder eines anderen Marktes, der kein geregelter Markt des Vereinigten Königreichs im Sinne der MiFIR ist) und (b) unter Umständen, die kein öffentliches Angebot von Wertpapieren im Sinne von Artikel 2 der Verordnung (EU) 2017/1129 darstellen, wie sie aufgrund des *European Union (Withdrawal) Act 2018* Teil des nationalen Rechts ist (die "**UK Prospectus Regulation**").

Die CSSF kann auf Verlangen der Emittentin einer zuständigen Behörde eines anderen Mitgliedstaats des EWR (i) eine Kopie des Basisprospekts und (ii) eine Bescheinigung über die Billigung gemäß Artikel 25 der Prospektverordnung, wonach der Basisprospekt im Einklang mit der Prospektverordnung erstellt wurde, übermitteln. **Der Basisprospekt (in seiner ggf. zum relevanten Zeitpunkt ergänzten Fassung) ist für 12 Monate ab seinem Datum in Bezug auf Wertpapiere gültig, die im EWR zum Handel an einem geregelten Markt zuzulassen sind. Die Verpflichtung zur Erstellung von Nachträgen zu dem Basisprospekt bei Auftreten eines signifikanten neuen Faktors, eines wesentlichen Fehlers oder einer wesentlichen Ungenauigkeit gilt nicht, wenn der Basisprospekt nicht mehr gültig ist. Die Gültigkeit dieses Basisprospekts endet am 24. Januar 2026.**

Der Abschnitt "Abschnitt F.3 – Zeichnung und Verkauf sowie Übertragungs- und Verkaufsbeschränkungen" enthält eine Beschreibung bestimmter Beschränkungen für das Angebot und den Verkauf der Wertpapiere. Ein Käufer der Wertpapiere, der als US-amerikanische Investmentgesellschaft (*investment company*) registriert ist, sollte seine eigenen Rechtsberater hinsichtlich der Anwendbarkeit von Section 12(d) und Section 17 des *Investment Company Act* von 1940 und der in dessen Rahmen beschlossenen Regelungen für seinen Kauf von Wertpapieren hinzuziehen und sollte hinsichtlich der mit einem solchen Kauf verbundenen Angelegenheiten zu einer unabhängigen Einschätzung kommen.

Die Wertpapiere, die CGMHI-Garantieurkunde und die CGMFL-Garantieurkunden und jegliche Lieferungsmengen bilden keine Verträge für den Verkauf eines Rohstoffs mit Lieferung in der Zukunft (oder darauf bezogene Optionen) nach Maßgabe des US-amerikanischen Rohstoffbörsengesetzes *Commodity Exchange Act* in jeweils geltender Fassung (das "CEA") und wurden nicht als solche vermarktet und der Handel mit den Wertpapieren wurde nicht von der US-amerikanischen Rohstoff-Futures-Handelskommission (*Commodity Futures Trading Commission*) (die "CFTC") gemäß dem CEA gebilligt.

Im Zusammenhang mit dem Erwerb von unter diesem Basisprospekt begebenen Wertpapieren durch den Anleger kann ein verbundenes Unternehmen der Emittentin dem Anleger Produkt- und Verkaufsdienstleistungen ("**Dienstleistungen**") anbieten. Jedes verbundene Unternehmen erbringt diese Dienstleistungen in seinem eigenen Namen. Ungeachtet des Vorstehenden haben sich Citi und ihre verbundenen Unternehmen (einschließlich der Emittentin und aller dieser verbundenen Unternehmen der Emittentin) zuvor darauf geeinigt, die Einnahmen in Bezug auf die Wertpapiere auf der Grundlage der jeweiligen Beiträge dieser Citi-Unternehmen, einschließlich der Bereitstellung von Dienstleistungen durch diese verbundenen Unternehmen, zu teilen. Dementsprechend ist ein Teil der Einnahmen, die die Emittentin vom Anleger in Bezug auf die Wertpapiere erhält, dieser/diesen Konzerngesellschaft(en) zuzuordnen und wird von der Emittentin im Namen dieser Konzerngesellschaft(en) entgegengenommen. Eine Liste der verbundenen Unternehmen, die Dienstleistungen in bestimmten Ländern anbieten, finden Sie unter <https://www.citibank.com/icg/docs/Affiliates.pdf>.

von Wertpapieren verpflichtet haben, die der Öffentlichkeit in einem Mitgliedstaat des EWR angeboten wurden, das Recht, ihre Annahme innerhalb von drei Arbeitstagen nach Veröffentlichung dieses Basisprospekts zu widerrufen, es sei denn, die Wertpapiere waren zum Zeitpunkt der Veröffentlichung dieses Basisprospekts bereits an sie ausgeliefert worden. Zur Klarstellung: Der letzte Tag, an dem berechnete Anleger ein solches Widerrufsrecht ausüben können, ist der 29. Januar 2025. Jegliche solche Angebote werden als ein **"Nichtbefreites Angebot"** bezeichnet. Der Basisprospekt wurde auf einer Grundlage erstellt, die Nichtbefreite Angebote der Wertpapiere gestattet. Allerdings darf eine Person, die ein Nichtbefreites Angebot der Wertpapiere in einem Mitgliedstaat des EWR macht oder plant, dies nur vornehmen, wenn der Basisprospekt von der zuständigen Behörde im Mitgliedstaat gebilligt wurde (bzw. in einem anderen Mitgliedstaat gebilligt und die zuständige Behörde in dem Mitgliedstaat unterrichtet wurde) und gemäß der Prospektverordnung veröffentlicht wurde, vorausgesetzt, dass die Emittentin der Verwendung dieses Basisprospekts in Zusammenhang mit einem solchen Angebot gemäß den Bestimmungen des nachstehenden Abschnitts "*Gemäß Artikel 5 Abs. 1 der Prospektverordnung erteilte Zustimmung (Retail Cascades)*" zugestimmt hat und die mit dieser Zustimmung verbundenen Bedingungen von der Person, die das Nichtbefreite Angebot solcher Wertpapiere macht, erfüllt werden.

**Außer wie vorstehend vorgesehen, haben weder die Emittentinnen noch die CGMHI-Garantiegeberin (wenn die Emittentin CGMHI ist), die CGMFL-Garantiegeberin (wenn die Emittentin CGMFL ist) oder ein Vertriebspartner gestattet und gestatten sie auch nicht, dass ein Nichtbefreites Angebot der Wertpapiere unter Umständen erfolgt, unter denen für die Emittentin, die Garantiegeberin oder einen Vertriebspartner eine Verpflichtung entsteht, für ein solches Angebot einen Prospekt zu veröffentlichen oder einen Nachtrag zu erstellen.**

**WICHTIGE HINWEISE ZUR VERWENDUNG DIESES BASISPROSPEKTS UND  
ZU ANGEBOTEN VON WERTPAPIEREN IM ALLGEMEINEN**

In keiner Rechtsordnung ist dieser Basisprospekt ein Angebot zum Verkauf oder Aufforderung zur Abgabe eines Angebots zum Kauf von Wertpapieren an eine Person, an die ein solches Angebot oder eine solche Aufforderung zur Abgabe eines Angebots in der entsprechenden Rechtsordnung rechtmäßig nicht gerichtet werden darf. Der Vertrieb dieses Basisprospekts und das Angebot oder der Verkauf von Wertpapieren kann in bestimmten Rechtsordnungen gesetzlich beschränkt sein. Die CGMHI, die CGMFL, die CGMHI-Garantiegeberin, die CGMFL-Garantiegeberin und die Vertriebspartner sichern nicht zu, dass der Vertrieb dieses Basisprospekts oder das Angebot von Wertpapieren rechtmäßig unter Erfüllung der einschlägigen Registrierungserfordernisse und sonstigen Erfordernisse der entsprechenden Rechtsordnung oder gemäß einer in der entsprechenden Rechtsordnung möglichen Freistellung erfolgt, und übernehmen keine Verantwortung für die Erleichterung eines entsprechenden Vertriebs oder Angebots. Sofern in den anwendbaren Endgültigen Bedingungen nichts Gegenteiliges gesondert angegeben ist, haben die CGMHI, die CGMFL, die CGMHI-Garantiegeberin, die CGMFL-Garantiegeberin oder die Vertriebspartner insbesondere keine Handlung zur Genehmigung eines öffentlichen Angebots von Wertpapieren oder des Vertriebs dieses Basisprospekts in einer Rechtsordnung, in der eine entsprechende Handlung erforderlich ist, unternommen. Dementsprechend dürfen Wertpapiere weder mittelbar noch unmittelbar angeboten oder verkauft werden und in jeder Rechtsordnung dürfen dieser Basisprospekt oder Werbe- oder sonstige Angebotsmaterialien nur unter solchen Umständen vertrieben oder veröffentlicht werden, die zur Einhaltung der geltenden Gesetze und Vorschriften führen. Personen, die in Besitz dieses Basisprospekts oder der Wertpapiere gelangen, müssen sich über solche Beschränkungen hinsichtlich des Vertriebs des Basisprospekts und des Angebots und Verkaufs von Wertpapieren informieren und diese Beschränkungen beobachten. Insbesondere in den Vereinigten Staaten von Amerika, im Europäischen Wirtschaftsraum, in Österreich und Kroatien gibt es Beschränkungen hinsichtlich des Vertriebs dieses Basisprospekts und des Angebots und Verkaufs von Wertpapieren. Siehe "*Abschnitt F.3 – Zeichnung und Verkauf- sowie Übertragungs- und Verkaufsbeschränkungen*".

Der Preis und der Nennbetrag der im Rahmen des Programms auszugebenden Wertpapiere werden von der Emittentin und dem entsprechenden Vertriebspartner zum Zeitpunkt der Ausgabe entsprechend den herrschenden Marktbedingungen festgelegt. Vorbehaltlich der Bestimmungen in den Bedingungen der Wertpapiere (einschließlich etwaiger Kosten, Steuern, Abgaben und/oder Aufwendungen im

Zusammenhang mit dem Kauf, der Ausübung und/oder der Rückzahlung der Wertpapiere) sind die Bedingungen der Wertpapiere jedoch derart gestaltet, dass von den Wertpapierinhabern im Falle eines Fehlers oder einer Überzahlung durch die Emittentin keine anderen Zahlungen als der Ausgabepreis zu erwarten sind.

Die Vertriebspartner haben die in diesem Basisprospekt enthaltenen Informationen nicht gesondert geprüft. Keiner der Vertriebspartner macht ausdrückliche oder konkludente Zusicherungen oder übernimmt die Verantwortung hinsichtlich der Richtigkeit und Vollständigkeit der Informationen in diesem Basisprospekt.

Weder der Basisprospekt noch die Abschlüsse oder sonstigen in Zusammenhang mit dem Programm oder den Wertpapieren gemachten Angaben sollen als Grundlage für eine Bonitätsbewertung oder sonstige Bewertung dienen und sind nicht als Empfehlung oder Stellungnahme oder als Bericht zu einer Empfehlung oder Stellungnahme seitens einer Emittentin, der CGMHI-Garantiegeberin, der CGMFL-Garantiegeberin oder eines Vertriebspartners anzusehen, dass Empfänger dieses Basisprospekts oder eines Abschlusses oder sonstiger Angaben in Zusammenhang mit dem Programm oder den Wertpapieren Wertpapiere kaufen soll. Jeder potenzielle Käufer von Wertpapieren hat für die Relevanz der in diesem Basisprospekt enthaltenen Informationen selbst zu bestimmen und ein Kauf von Wertpapieren sollte auf Grundlage einer nach seiner Einschätzung notwendigen Überprüfung erfolgen. Jeder potenzielle Käufer darf diesen Basisprospekt ausschließlich für Erwägungen zum Kauf von in diesem Basisprospekt beschriebenen Wertpapieren verwenden; eine anderweitige Verwendung dieses Basisprospekts ist nicht gestattet. Keiner der Vertriebspartner (im Fall der CGML in ihrer Eigenschaft als Vertriebspartner) verpflichtet sich, die Finanzlage oder die Geschäfte einer Emittentin, der CGMHI-Garantiegeberin oder der CGMFL-Garantiegeberin während der Laufzeit der in diesem Basisprospekt vorgesehenen Geschäfte zu überprüfen oder Anleger oder potenzielle Anleger in Wertpapiere über den Vertriebspartnern zur Verfügung gestellte Informationen in Kenntnis zu setzen.

Sofern nicht ausdrücklich in diesem Basisprospekt angegeben gelten die Informationen auf diesen Websites nicht als in diesen Basisprospekt einbezogen oder als Bestandteil dieses Basisprospekts und weder die Emittentinnen noch die CGMHI-Garantiegeberin oder die CGMFL-Garantiegeberin oder die Vertriebspartner sind für die Informationen auf diesen Websites verantwortlich.

In Zusammenhang mit einer Tranche können einer oder mehrere der Vertriebspartner als Stabilisierungsmanager (der bzw. die "**Stabilisierungsmanager**") fungieren. Die Stabilisierungsmanager, sofern vorhanden, werden in den anwendbaren Endgültigen Bedingungen offengelegt.

In Zusammenhang mit der Ausgabe einer Wertpapiertranche können der oder die in den anwendbaren Endgültigen Bedingungen gegebenenfalls als Stabilisierungsmanager benannte(n) Vertriebspartner (oder die im Namen des Stabilisierungsmanagers bzw. der Stabilisierungsmanager handelnden Personen) Mehrzuteilungen von Wertpapieren vornehmen oder Transaktionen zur Stabilisierung des Marktpreises der Wertpapiere auf einem höheren Niveau als dem sich sonst am Markt ergebenden Preis durchführen. Eine Stabilisierung muss jedoch nicht zwangsläufig erfolgen. Eine Stabilisierungsmaßnahme kann frühestens an dem Tag einsetzen, an dem die Angebotsbedingungen der betreffenden Wertpapiertranche angemessen bekannt gegeben werden und kann, sofern diese Stabilisierungsmaßnahme eingesetzt hat, jederzeit enden, jedoch spätestens zu dem früheren der beiden folgenden Termine: 30 Tage nach Ausgabe der entsprechenden Wertpapiertranche oder 60 Tage nach dem Tag der Zuteilung der entsprechenden Wertpapiertranche. Eine Stabilisierungsmaßnahme oder Mehrzuteilung muss von dem bzw. den zuständigen Stabilisierungsmanager(n) (oder von der bzw. den im Namen des Stabilisierungsmanagers

bzw. der Stabilisierungsmanager handelnden Person(en)) nach Maßgabe aller geltenden Gesetze und Vorschriften vorgenommen werden.

Sofern nichts anderes angegeben ist oder der Kontext etwas anderes erfordert, gelten in diesem Basisprospekt Bezugnahmen auf "**Euro**" oder "**EUR**" als Bezugnahmen auf die zu Beginn der dritten Stufe der Europäischen Wirtschafts- und Währungsunion gemäß dem Vertrag über die Arbeitsweise der Europäischen Union ("**EU**") in der jeweils geltenden Fassung (der "**AEU-Vertrag**") eingeführte Einheitswährung, Bezugnahmen auf "**US-Dollar**" und "**USD**" als Bezugnahmen auf die Währung der Vereinigten Staaten von Amerika, Bezugnahmen auf "**Yen**" als Bezugnahmen auf die Währung Japans und Bezugnahmen auf "**Pfund Sterling**" als Bezugnahmen auf die Währung des Vereinigten Königreichs.

Die Sprache dieses Basisprospekts ist Englisch. Bestimmte Bezugnahmen auf Rechtsvorschriften und bestimmte Fachbegriffe sind in ihrer Ausgangssprache wiedergegeben, damit ihnen die korrekte fachliche Bedeutung gemäß dem entsprechend geltenden Recht zugewiesen werden kann.

Bei einer Anlageentscheidung müssen sich Anleger auf ihre eigene Prüfung der Emittentin, der CGMHI-Garantiegeberin (wenn die Emittentin die CGMHI ist), die CGMFL-Garantiegeberin (wenn die Emittentin die CGMFL) und der Bedingungen der angebotenen Wertpapiere einschließlich der damit einhergehenden Vorteile und Risiken berufen. Keines der Wertpapiere wurde von der *United States Securities and Exchange Commission* oder einer anderen Wertpapierkommission oder Aufsichtsbehörde in den USA genehmigt oder abgelehnt und die vorstehend genannten Behörden haben diesen Basisprospekt weder genehmigt noch die Richtigkeit oder Angemessenheit der in diesem Basisprospekt enthaltenen Informationen bestätigt. Jede gegenteilige Erklärung ist rechtswidrig. Die Wertpapiere bilden keine Verträge für den Verkauf eines Rohstoffs mit Lieferung in der Zukunft (oder darauf bezogene Optionen) nach Maßgabe des *United States Commodity Exchange Act* in der jeweils geltenden Fassung und wurden nicht als solche vermarktet und der Handel mit den Wertpapieren wurde nicht von der CFTC gemäß dem *United States Commodity Exchange Act* in der jeweils geltenden Fassung gebilligt.

Weder die Emittentinnen noch die CGMHI-Garantiegeberin (wenn die Emittentin die CGMHI ist), die CGMFL-Garantiegeberin (wenn die Emittentin die CGMFL) oder die Vertriebspartner machen den Anlegern in Wertpapiere Zusicherungen hinsichtlich der Rechtmäßigkeit ihrer Anlage gemäß geltenden Gesetzen. ## **Einführung in das Programm und in die Bestandteile des Basisprospekts**

Jede Emittentin kann im Rahmen des Programmes jeweils Wertpapiere oder Zertifikate begeben, die, vorbehaltlich der Bestimmungen dieses Basisprospekts, auf jede Währung lauten können bzw. in jeder Währung zahlbar sind.

Die anwendbaren Bedingungen eines Wertpapiers werden vor Ausgabe der Wertpapiere zwischen der Emittentin und ggf. dem jeweiligen Vertriebspartner vereinbart und in den Wertpapierbedingungen, d. h. den "Wertpapierbedingungen" nach Maßgabe von Teil A der anwendbaren Endgültigen Bedingungen, angegeben.

### ***Angaben zu den Bestandteilen des Basisprospekts***

#### ***Der Basisprospekt und seine Bestandteile***

Dieser Basisprospekt ist ein Basisprospekt im Sinne von Artikel 8 der Prospektverordnung. Der Basisprospekt muss in Verbindung mit etwaigen Nachträgen und allen durch Verweis in diesen Basisprospekt aufgenommenen Informationen sowie den geltenden Endgültigen Bedingungen gelesen werden. Diese Dokumente sind integraler Bestandteil des Basisprospekts und geben den Stand zu ihrem jeweiligen Datum wieder.

Ausführliche Informationen über die Ausgabe der Wertpapiere siehe "*Abschnitt F.1 – Allgemeine Informationen zu der Ausgabe von Wertpapieren im Rahmen dieses Basisprospekts*" und insbesondere im Unterabschnitt "*3. Informationen zu den Wertpapieren*".

#### ***Endgültige Bedingungen, Nachträge zum Prospekt und Nachfolgeprospekte***

##### **Endgültige Bedingungen**

Wenn Wertpapiere auf der Grundlage dieses Prospekts öffentlich angeboten und/oder zum Handel an einem geregelten Markt zugelassen werden, werden für diese Wertpapiere anwendbare Endgültige Bedingungen erstellt. Die anwendbaren Endgültigen Bedingungen enthalten alle wertpapierspezifischen Informationen, die erst zum Zeitpunkt der einzelnen Emission festgelegt werden und die für das öffentliche Angebot und/oder die Zulassung zum Handel an einem geregelten Markt erforderlich sind. Die anwendbaren Informationen werden in den Endgültigen Bedingungen entweder durch Verweis auf den Basisprospekt oder durch Wiederholung der relevanten Informationen in den Endgültigen Bedingungen oder durch Einfügung der relevanten wertpapierspezifischen Informationen in die Endgültigen Bedingungen ausgewählt.

Nach Ablauf der Gültigkeit dieses Basisprospekts kann ein Angebot auf der Grundlage eines Nachfolge-Basisprospekts gemäß Artikel 8 (11) der Prospektverordnung aufrechterhalten werden. In den endgültigen Bedingungen wird dann angegeben, dass das Angebot auf der Grundlage eines Nachfolgeprospekts aufrechterhalten werden kann und wie der Nachfolgeprospekt veröffentlicht werden wird.

##### **Nachträge zum Basisprospekt**

Wird dieser Basisprospekt zu einem späteren Zeitpunkt gemäß den Bestimmungen von Artikel 23 der Prospektverordnung ergänzt, so gilt er ab dem Datum der Veröffentlichung des jeweiligen Nachtrags in der ergänzten Fassung. Frühere Angaben werden entweder durch Verweis einbezogen oder durch die im Nachtrag enthaltenen Angaben geändert oder ersetzt. Diese Angaben gelten ab diesem Zeitpunkt in der entsprechend geänderten oder ersetzten Fassung als Bestandteil des Basisprospekts. Im Falle der Veröffentlichung eines Nachtrags kann dem Anleger ein Widerrufsrecht gemäß Artikel 23 der Prospektverordnung zustehen. Die Nachträge werden auf die gleiche Weise wie der Prospekt veröffentlicht und zur Verfügung gestellt (siehe "*Abschnitt D.4 – Nachträge zum CGMHI-Basisprospekt oder zum CGMFL-Basisprospekt*").

### ***Durch Verweis in den Basisprospekt aufgenommene Informationen***

Informationen aus anderen Dokumenten werden gemäß Artikel 19 der Prospektverordnung durch Verweis in diesen Basisprospekt aufgenommen.

Die Liste der Dokumente, aus denen Informationen durch Verweis in den CGMHI-Basisprospekt aufgenommen wurden, siehe "*Abschnitt D.1-- Durch Verweis einbezogene Dokumente für den CGMHI-Basisprospekt*".

Die Liste der Dokumente, aus denen Informationen durch Verweis in den CGMFL-Basisprospekt aufgenommen wurden, siehe "*Abschnitt D.2 – Durch Verweis einbezogene Dokumente für den CGMFL-Basisprospekt*".

Alle Informationen, die in einem der Dokumente enthalten sind, auf die verwiesen wird und die nicht in der jeweiligen Liste der Querverweise zu diesem Dokument aufgeführt sind, werden nicht durch Verweis in diesen Basisprospekt aufgenommen und sind für potenzielle Anleger nicht relevant oder werden an anderer Stelle im Basisprospekt behandelt.

### ***Bedeutung der Endgültigen Bedingungen für das jeweilige Produkt***

Wenn Wertpapiere auf der Grundlage dieses Prospekts öffentlich angeboten und/oder zum Handel an einem geregelten Markt zugelassen werden, werden für diese Wertpapiere anwendbare Endgültige Bedingungen erstellt. Die anwendbaren Endgültigen Bedingungen enthalten alle wertpapierspezifischen Informationen, die erst zum Zeitpunkt der jeweiligen Emission festgelegt werden und die für das öffentliche Angebot und/oder die Zulassung zum Handel an einem geregelten Markt erforderlich sind. Die Endgültigen Bedingungen sind daher von zentraler Bedeutung für die jeweilige Emission.

Das spezifische Produkt, das ein Anleger erwirbt, ist in den jeweiligen Endgültigen Bedingungen dargelegt. Um über die vollständigen Informationen für die Beurteilung der Wertpapiere zu verfügen, einschließlich der Art des Angebots und/oder der möglichen Zulassung zum Handel, z.B. auf einem geregelten Markt oder einem multilateralen Handelssystem, und der damit verbundenen Risiken (siehe "*Abschnitt B – Risikofaktoren*"), müssen die Anleger den Basisprospekt einschließlich aller seiner Bestandteile und insbesondere die Endgültigen Bedingungen lesen. Ein "*Muster der Endgültigen Bedingungen*" ist in "*ABSCHNITT G.3 – Muster der Endgültigen Bedingungen*" enthalten.

Das "*Muster der Endgültigen Bedingungen*" enthält die folgenden Abschnitte:

- *TEIL A – Bedingungen*, in dem die für die Bedingungen der betreffenden Wertpapiere geltenden Abschnitte aufgeführt sind. Teil A ist in die folgenden Unterabschnitte gegliedert:
  - *Auf die Wertpapiere anwendbare Allgemeine Bestimmungen*
  - *Auf die Wertpapiere anwendbare Basiswert-Bestimmungen*
  - *Auf die Wertpapiere anwendbare Auszahlungsbestimmungen*
- *TEIL B – Sonstige Informationen*, die weitere Informationen enthalten, die im Zusammenhang mit dem öffentlichen Angebot und/oder der Zulassung des Wertpapiers zum Handel von wesentlicher Bedeutung sind

Bei Emissionen für Kleinanleger gemäß der Prospektverordnung ist die emissionsspezifische Zusammenfassung auch am Ende der endgültigen Bedingungen enthalten.

Als Anhang zu den Endgültigen Bedingungen werden die konsolidierten Bedingungen, wie sie für das jeweilige Produkt gelten, zu Informationszwecken ebenfalls aufgenommen. Der Anhang ist nicht Teil der endgültigen Bedingungen im Sinne der Prospektverordnung.

## *TEIL A – Bedingungen*

### *Auf die Wertpapiere anwendbare Allgemeine Bestimmungen*

Dieser Abschnitt der Endgültigen Bedingungen enthält die Auswahl der allgemeinen Angaben zu den Wertpapieren, wie z. B. die Emittentin, die Garantiegeberin, die Seriennummer, die Tranchennummer, die Art des Wertpapiers, die Handelsmethode, die Währung der Wertpapiere, den Gesamtnennbetrag oder die Gesamtzahl der Wertpapiere, die Stückelung, den Berechnungsbetrag, den Ausgabetag und den geplanten Fälligkeitstag.

### *Auf die Wertpapiere anwendbare Basiswert-Bestimmungen*

Wenn die Wertpapiere an einen Basiswert gekoppelt sind, enthält der Abschnitt "*Auf die Wertpapiere anwendbare Basiswert-Bestimmungen*" Informationen über den Basiswert (oder die Basiswerte), das/die für das/die Wertpapier(e) gilt/gelten, sowie die für den Basiswert und seiner Klassifizierung spezifischen Auswahlen. Außerdem werden die mit dem Basiswert verbundenen Bedingungen angegeben, die auf die Wertpapiere anwendbar sind, z. B. welche(s) zusätzliche(s) Störungsereignis(e), zusätzliche(s) Anpassungsereignis(e) oder zusätzliche(s) vorzeitige(s) Rückzahlungsereignis(e) gelten. Diese Ereignisse sind spezifisch für eine bestimmte Art von Basiswert, wenn sie auf die spezifischen Wertpapiere anwendbar sind.

Die so genannten U-Tabellen ("*Tabelle U-I*" bis "*Tabelle U-III*") enthalten spezifische Informationen über den/die Basiswert(e) der Wertpapiere, wie z. B. an welcher Börse eine zugrunde liegende Aktie gehandelt wird oder welche elektronische Seite den Stand eines zugrunde liegenden Wertpapierindex anzeigt.

### *Auf die Wertpapiere anwendbare Auszahlungsbestimmungen*

Der Abschnitt "*Auf die Wertpapiere anwendbare Auszahlungsbestimmungen*" enthält Informationen über die Auszahlungen unter den Wertpapieren, d.h. Zinsen und/oder Rückzahlung. Der Abschnitt folgt der Reihenfolge der Bedingungen im Bewertungs- und Abwicklungsanhang.

Der erste Unterabschnitt über Definitionen (Klausel 1.1 des Bewertungs- und Abwicklungsanhang) legt fest, welche Definitionen auf die betreffenden Wertpapiere anwendbar sind, einschließlich (i) allgemeiner Definitionen wie der maßgeblichen Zeitpunkte, z. B. Zinszahlungstage oder zwingende vorzeitige Rückzahlungstage, (ii) Definitionen in Bezug auf den/die Zinsbasiswert(e), die Feststellung, ob Zinsen fällig sind, und den Zinsbetrag, (iii) Definitionen in Bezug auf die zwingende vorzeitige Rückzahlung und (iv) Definitionen in Bezug auf die Rückzahlung, den/die Rückzahlungsbasiswert(e) und die Feststellung des fälligen Rückzahlungsbetrags oder der am Fälligkeitstag lieferbaren Vermögenswerte.

Der zweite Unterabschnitt legt fest, welche Merkmale auf die Wertpapiere anwendbar sind, wie etwa ein Zinsbarrierenereignis (Klausel 1.2 des Bewertungs- und Abwicklungsanhangs), eine zwingende vorzeitige Rückzahlung (Klausel 1.3 des Bewertungs- und Abwicklungsanhangs), eine Rückzahlungsbarriere und, ob ein Rückzahlungsbetrag oder eine Lieferungsmenge anwendbar ist (Klausel 1.3 des Bewertungs- und Abwicklungsanhangs) und der so genannte Issuer Call, d.h. die Rückzahlung nach Wahl der Emittentin (Klausel 1.5 des Bewertungs- und Abwicklungsanhangs).

Der dritte Unterabschnitt legt die Anpassungs- und Störungsbestimmungen fest, die für die Wertpapiere im Allgemeinen gelten, unabhängig von der Art des anwendbaren Basiswerts (Klausel 2 des Bewertungs- und Abwicklungsanhangs).

Der vierte Unterabschnitt legt die für die Bestimmung der gegebenenfalls zu zahlenden Zinsen geltenden Abschnitte fest (Klausel 3 des Bewertungs- und Abwicklungsanhangs).

Der fünfte Unterabschnitt spezifiziert die Bestimmung für Wertpapiere, die eine physische Lieferung eines Basiswerts als Teil der Rückzahlung, die so genannte Lieferungsmenge, vorsehen (Klausel 4 des Bewertungs- und Abwicklungsanhangs).

Der sechste Unterabschnitt legt die anwendbaren Abschnitte in Bezug auf Wertpapiere fest, die auf zwei Währungen lauten, wie z. B. Wertpapiere, die auf eine Währung lauten und in einer anderen Währung verzinst werden (Klausel 5 des Bewertungs- und Abwicklungsanhangs).

Der siebte Unterabschnitt legt die Fallback-Bestimmungen für einen Referenzsatz fest. Diese gelten für Wertpapiere, die an einen Referenzsatz gebunden sind (Klausel 6 des Bewertungs- und Abwicklungsanhangs).

Der achte Unterabschnitt legt die Fallback-Bestimmungen für eine Benchmark fest, wie z.B. das Administrator/Benchmark-Ereignis (Klauseln 7 und 8 des Bewertungs- und Abwicklungsanhangs).

Die "Auf die Wertpapiere anwendbare Auszahlungsbestimmungen" enthalten vier Tabellen ("Tabelle 1" bis "Tabelle 4"), sofern zutreffend, die wichtige Definitionen in Tabellenform enthalten:

- TABELLE 1: Definitionen in Bezug auf Zinsen
- TABELLE 2: Definitionen in Bezug auf die Zwingende Vorzeitige Rückzahlung
- TABELLE 3: Definitionen in Bezug auf die Rückzahlung
- TABELLE 4: Definitionen in Bezug auf die Auszahlungsbestimmungen

#### *TEIL B – Sonstige Informationen*

Teil B der Endgültigen Bedingungen enthält weitere Informationen, die im Zusammenhang mit dem öffentlichen Angebot und/oder der Zulassung der Wertpapiere zum Handel, z.B. im regulierten Markt, im Freiverkehr oder in einem multilateralen Handelssystem, von wesentlicher Bedeutung sind. Zu diesen Informationen gehören beispielsweise (i) wo ein Antrag auf Zulassung der Wertpapiere zum Handel gestellt wird, (ii) die Ratings der Wertpapiere, falls vorhanden, (iii) die Interessen von natürlichen und juristischen Personen, die an der Emission/dem Angebot beteiligt sind, (iv) die Gründe für das Angebot, (v) die geschätzten Nettoerlöse und Gesamtkosten, (vi) die Rendite (im Falle von festverzinslichen Wertpapieren), (vii) Informationen über die vergangene und künftige Wertentwicklung und Volatilität des Basiswerts/der Basiswerte und/oder der variablen Verzinsung, falls zutreffend, (viii) Informationen über die EU Benchmark Verordnung, (ix) Haftungsausschlüsse, die sich auf den Basiswert der Wertpapiere beziehen, (x) operationelle Informationen, wie z.B. den ISIN-Code der Wertpapiere, (xi) Informationen über den Vertrieb und die Bedingungen des Angebots und (xii) Überlegungen zum US-Steuerrecht. Im Falle von bonitätsabhängigen Schuldverschreibungen enthält Teil B auch zusätzliche Informationen über den Referenzschuldner, an dessen Kredit die Wertpapiere gebunden sind.

#### *Emissionsspezifische Zusammenfassung*

Bei Emissionen für Kleinanleger gemäß der Prospektverordnung ist auch die emissionsspezifische Zusammenfassung am Ende der endgültigen Bedingungen enthalten.

#### *Anhang: Konsolidierte Bedingungen*

Als Anhang zu den Endgültigen Bedingungen werden die konsolidierten Bedingungen, wie sie für das jeweilige Produkt gelten, zu Informationszwecken aufgenommen. Der Anhang ist nicht Teil der endgültigen Bedingungen im Sinne der Prospektverordnung.

Im Anhang werden den Anlegern nur die Bedingungen genannt, die für ihr Produkt relevant sind. Dies hilft dem Anleger, die Bedingungen der Wertpapiere zusätzlich zu den in "TEIL A – Bedingungen" der Endgültigen Bedingungen dargelegten anwendbaren Bedingungen zu betrachten.

### Einführung in Wertpapiere bezugen auf einen Basiswert

Ein Basiswert ist der Vermögenswert bzw. die sonstige Bezugsbasis, auf dessen bzw. deren Grundlage der Zins- und/oder Rückzahlungsbetrag für die Wertpapiere ermittelt werden kann.

Bei Basiswerten kann es sich um Folgendes handeln:

- (1) einen Wertpapierindex,
- (2) einen Inflationsindex,
- (3) einen Rohstoff,

- (4) eine Aktie,
- (5) ein Depositary Receipt,
- (6) einen Anteil eines börsennotierten Fonds,
- (7) einen Investmentfonds,
- (8) einen Wechselkurs,
- (9) einen Dividendenfuturekontrakt,
- (10) einen Zinssatz, oder
- (11) Bonität einer oder mehrere Gesellschaften.

Siehe "Abschnitt F.1 – Allgemeine Informationen zu der Ausgabe von Wertpapieren im Rahmen dieses Basisprospekts." und, insbesondere, den Unterabschnitt "4. Informationen zu den Basiswerten" für detaillierte Informationen zu den Basiswerten.

### **Einführung in die Verzinsung und Rückzahlung der Wertpapiere**

Für die Wertpapiere gibt es unterschiedliche Zinsprofile; gegebenenfalls erfolgende Zinszahlungen können auf bestimmte Zinsbasiswerte oder sonstige Zahlungsbedingungen bezogen sein. Die Zahlung eines Rückzahlungsbetrags ist abhängig von dem jeweils anwendbaren Rückzahlungsprofil der Wertpapiere. Die Wertpapiere können bei oder vor ihrer Fälligkeit im Wege einer außerordentlichen Rückzahlung zurückgezahlt werden. Bei Wertpapieren, die an die Bonität eines oder mehrerer bestimmter Unternehmen gebunden sind, kann die Rückzahlung bei Fälligkeit unter bestimmten Umständen verlängert werden.

Die Wertpapiere können auf einen oder mehrere Basiswerte bzw. eine Kombination aus Basiswerten in einem Worst-of-Basket oder einem Best-of-Basket bezogen sein.

Formeln zur Bestimmung von in Bezug auf die Wertpapiere fälligen Beträgen bzw. zu liefernden Vermögenswerten können eines oder mehrere Ausstattungsmerkmale, wie zum Beispiel ein Barriereereignis, Accrual oder eine ywingende vorzeitige Rückzahlung, aufweisen. In solchen Fällen erfolgt die relevante Bewertung nicht ausschließlich auf Grundlage der Wertentwicklung eines oder mehrerer Basiswerte und die Anwendung dieser Ausstattungsmerkmale kann dazu führen, dass die Berechnung einem Mindest- und/oder Höchstbetrag unterliegt oder den Betrag, der ohne Anwendung des entsprechenden Ausstattungsmerkmals bzw. der entsprechenden Ausstattungsmerkmale berechnet worden wäre, anderweitig erhöht oder mindert.

Für ausführliche Informationen zu den Zinsprofilen, Rückzahlungsprofilen und Ausstattungsmerkmalen im Bezug auf Zinsen und Rückzahlung der Wertpapiere, siehe "Abschnitt F.1 – Allgemeine Informationen zu der Ausgabe von Wertpapieren im Rahmen dieses Basisprospekts." und, insbesondere, den Unterabschnitt "5. Verzinsung und Rückzahlung der Wertpapiere" sowie in Bezug auf Wertpapieren, die an die Bonität eines oder mehrerer bestimmter Unternehmen gekoppelt sind, zusätzlich zum Unterabschnitt "6. Bonitätsabhängige Schuldverschreibungen". Einen allgemeinen Überblick über kreditgebundene Wertpapiere siehe Unterabschnitt "6. Einführung zu Bonitätsabhängigen Schuldverschreibungen" in "Abschnitt C - Anlageüberlegungen".

*Dieser Abschnitt B berücksichtigt nicht die persönlichen Umstände, den individuellen Wissensstand oder die Anlageziele einzelner Anleger. Jedem potenziellen Anleger wird daher empfohlen, seine eigenen Finanz-, Steuer- oder Rechtsberater oder andere geeignete Berater hinsichtlich der Risiken zu konsultieren, die mit dem Kauf, dem Besitz oder dem Verkauf der Schuldverschreibungen verbunden sind (einschließlich der Auswirkungen des Rechts des Landes, in dem der potenzielle Anleger ansässig ist). Wenn ein potenzieller Anleger die Schuldverschreibungen als Treuhänder für einen Dritten erwerben möchte, sollten die Umstände der Person, für deren Rechnung die Schuldverschreibungen erworben werden sollen, besonders beachtet werden.*

*Beim Kauf von Wertpapieren sind Anleger dem Risiko ausgesetzt, dass die maßgebliche Emittentin und, soweit die CGMHI die Emittentin ist, die CGMHI-Garantiegeberin oder, soweit die CGMFL die Emittentin ist, die CGMFL-Garantiegeberin gegebenenfalls insolvent werden oder anderweitig nicht in der Lage sind, ihren Verpflichtungen aus den Wertpapieren nachzukommen. Es besteht ein weites Spektrum an Faktoren, die einzeln oder zusammen dazu führen könnten, dass die maßgebliche Emittentin und, soweit die CGMHI die Emittentin ist, die CGMHI-Garantiegeberin oder, soweit die CGMFL die Emittentin ist, die CGMFL-Garantiegeberin nicht mehr in der Lage sind, ihren Verpflichtungen aus den Wertpapieren nachzukommen. Die maßgebliche Emittentin und, soweit die CGMHI die Emittentin ist, die CGMHI-Garantiegeberin oder, soweit die CGMFL die Emittentin ist, die CGMFL-Garantiegeberin haben in vorliegendem Basisprospekt eine Reihe von Faktoren identifiziert, die ihre Geschäftsbereiche und die Fähigkeit, fällige Zahlungen im Rahmen der Wertpapiere zu leisten oder Vermögenswerte auf die oder in Zusammenhang mit den Wertpapiere(n) zu liefern, wesentlich beeinträchtigen könnten.*

*Alle nachstehend dargestellten Risiken könnten den Handelspreis der Wertpapiere beeinträchtigen und infolge dessen müssen Anleger gegebenenfalls einen teilweisen oder vollständigen Verlust ihrer Anlage hinnehmen.*

*Potenzielle Anleger müssen die an anderer Stelle in diesem Basisprospekt aufgeführten ausführlichen Informationen lesen, einschließlich der durch Verweis in diesen Basisprospekt einbezogenen Dokumente, und eigene Schlussfolgerungen ziehen, bevor sie eine Anlageentscheidung treffen.*

**ANLEGER KÖNNEN IHRE GESAMTE ANLAGE ODER GEGEBENENFALLS EINEN TEIL DAVON VERLIEREN. KEINE DER EMITTENTINNEN SICHERT ZU, DASS DIE NACHSTEHENDE LISTE VOLLSTÄNDIG IST. POTENZIELLE ANLEGER SOLLTEN DEN BASISPROSPEKT IN SEINER GESAMTHEIT LESEN UND SICH IHRE EIGENEN SCHLUSSFOLGERUNGEN BEZÜGLICH DER MASSGEBLICHEN EMITTENTIN BILDEN.**

Nachstehend sind bestimmte Risikofaktoren aufgeführt, die das Geschäft, die operative Tätigkeit, die Finanzlage oder die Aussichten der CGMHI, der CGMFL, der CGMHI-Garantiegeberin und/oder der CGMFL-Garantiegeberin wesentlich beeinträchtigen könnten und dafür sorgen könnten, dass die künftigen Ergebnisse der CGMHI, der CGMFL, der CGMHI-Garantiegeberin und/oder der CGMFL-Garantiegeberin – und zwar einer oder mehrerer von ihnen - wesentlich von den erwarteten Ergebnissen abweichen. Zudem könnten sich auch die Wettbewerbssituation oder andere Faktoren auf die Ergebnisse der CGMHI, der CGMFL, der CGMHI-Garantiegeberin und/oder der CGMFL-Garantiegeberin auswirken. Die nachstehend erläuterten Faktoren sollten nicht als vollständige und umfassende Auflistung aller potenziellen Risiken und Unsicherheiten, denen das Geschäft der CGMHI, der CGMFL, der CGMHI-Garantiegeberin und der CGMFL-Garantiegeberin jeweils ausgesetzt ist, verstanden werden. Die CGMHI, die CGMFL, die CGMHI-Garantiegeberin und die CGMFL-Garantiegeberin haben jeweils nur die Risiken im Zusammenhang mit ihrer operativen Tätigkeit erläutert, die sie als wesentlich erachten. Es können weitere Risiken bestehen, die die CGMHI, die CGMFL, die CGMHI-Garantiegeberin und/oder die CGMFL-Garantiegeberin derzeit nicht als wesentlich erachten oder denen sie sich derzeit nicht bewusst sind und diese Risiken könnten die vorstehend aufgeführten Folgen haben. Anleger sollten beachten, dass sie das Bonitätsrisiko der maßgeblichen Emittentin, der CGMHI-Garantiegeberin (sofern die CGMHI die Emittentin ist) und der CGMFL-Garantiegeberin (sofern die CGMFL die Emittentin ist) tragen.

## **2 Operative Risiken im Zusammenhang mit der CGMHI, der CGMHI-Garantiegeberin, der CGMFL und der CGMFL-Garantiegeberin**

***Die Fähigkeit der CGMHI, der CGMHI-Garantiegeberin und der CGMFL-Garantiegeberin ihren Verpflichtungen aus den Wertpapieren die von CGMHI oder CGMFL ausgegeben werden nachzukommen, hängt von den Erträgen der Tochterunternehmen der Citigroup Inc. ab***

CGMHI ist eine Holdinggesellschaft, die keine wesentlichen Geschäftstätigkeiten ausübt, die Einnahmen generieren. CGMHI bedient seine Verpflichtungen hauptsächlich mit Dividenden und Vorschüssen seiner Tochtergesellschaften. Die im Wertpapiergeschäft tätigen Tochtergesellschaften können nur dann Dividenden ausschütten, wenn sie die geltenden aufsichtsrechtlichen Anforderungen der Regulierungsbehörden auf Bundes- und Landesebene erfüllen. Die jeweiligen Tochtergesellschaften können auch Kreditvereinbarungen unterliegen, die ihre Fähigkeit zur Zahlung von Dividenden einschränken können. Wenn diese Tochtergesellschaften keine ausreichenden Gewinne erzielen, um die geltenden aufsichtsrechtlichen Anforderungen zu erfüllen, oder wenn diese Anforderungen geändert werden, um die Fähigkeit dieser Tochtergesellschaften zur Zahlung von Dividenden an CGMHI weiter einzuschränken, könnte die Fähigkeit der CGMHI, ihren Verpflichtungen aus den von ihr ausgegebenen Wertpapieren nachzukommen,

beeinträchtigt werden, und in der Folge könnten der Wert und die Rendite der Wertpapiere ebenfalls beeinträchtigt werden.

Darüber hinaus ist Citigroup Inc. (als CGMHI-Garantiegeberin) eine Holdinggesellschaft, die keine wesentlichen Geschäftstätigkeiten ausübt, die Einnahmen generieren. Sie bedient ihre Verpflichtungen hauptsächlich mit Dividenden und Vorschüssen ihrer Tochtergesellschaften. Die Fähigkeit dieser Tochtergesellschaften, Dividenden oder Vorschüsse zu zahlen, hängt von einer Reihe von Faktoren ab. Beispielsweise unterhalten einige Tochtergesellschaften von Citigroup Inc. über Kreditkartenunternehmen der Gruppe und Einzelhandelsdienstleistungen Beziehungen zu verschiedenen Einzelhändlern und Händlern im Bereich Co-Branding und Private-Label-Kreditkarten. Die fünf größten dieser Beziehungen machten zusammen etwa 10 Prozent der Einnahmen von Citigroup Inc. und ihren Tochtergesellschaften (zusammen die "**Gruppe**") für 2022 aus. Diese Beziehungen könnten unter anderem durch das allgemeine wirtschaftliche Umfeld, sinkende Umsätze und Einnahmen oder andere betriebliche Schwierigkeiten des Einzelhändlers oder Händlers, die Beendigung aufgrund eines Verstoßes durch ein Unternehmen der Gruppe oder durch den Einzelhändler oder Händler oder andere Faktoren, einschließlich Insolvenzen, Liquidationen, Umstrukturierungen, Konsolidierungen und ähnliche Ereignisse, die die Fähigkeit der Tochtergesellschaften von Citigroup Inc. zur Zahlung von Dividenden einschränken würden, negativ beeinflusst werden.

Darüber hinaus können die Tochtergesellschaften von Citigroup Inc., die im Bank-, Versicherungs- und Wertpapiergeschäft tätig sind, nur dann Dividenden ausschütten, wenn sie die geltenden aufsichtsrechtlichen Anforderungen der Regulierungsbehörden auf Bundes- und Landesebene erfüllen. Die jeweiligen Tochtergesellschaften können auch Kreditvereinbarungen unterliegen, die ihre Fähigkeit zur Dividendenausschüttung einschränken können. Wenn diese Tochtergesellschaften keine ausreichenden Gewinne erzielen, um die geltenden aufsichtsrechtlichen Anforderungen zu erfüllen, oder wenn diese Anforderungen geändert werden, um die Fähigkeit dieser Tochtergesellschaften, Dividenden an Citigroup Inc. zu zahlen, weiter einzuschränken, kann dies die Fähigkeit von Citigroup Inc. beeinträchtigen, ihren Verpflichtungen aus der CGMHI-Garantieerklärung nachzukommen, und folglich auch den Wert und die Rendite der von CGMHI ausgegebenen Wertpapiere beeinträchtigen.

Die Tochtergesellschaften von CGMHI und Citigroup Inc. sind ebenfalls Risikokonzentrationen ausgesetzt, insbesondere Kredit- und Marktrisiken, da sie routinemäßig ein hohes Volumen an Wertpapier-, Handels-, Derivat- und Devisentransaktionen mit nicht-US-amerikanischen Staaten und mit Gegenparteien in der Finanzdienstleistungsbranche durchführen. Da regulatorische oder Marktentwicklungen weiterhin zu einer verstärkten Zentralisierung der Handelsaktivitäten führen, könnten diese Tochtergesellschaften auch eine Zunahme der Risikokonzentration in diesen Branchen erleben. Diese Risikokonzentrationen könnten die Wirksamkeit von Absicherungsstrategien einschränken und dazu führen, dass die Tochtergesellschaften erhebliche Verluste erleiden, was sich auf ihre Fähigkeit auswirkt, Dividenden auszuschütten.

Darüber hinaus können solche Dividenden und/oder Vorschüsse, ob an CGMHI oder Citigroup Inc. (oder beide), durch makroökonomische, geopolitische und andere Herausforderungen, Unsicherheiten und Volatilitäten sowie die Präsenz bestimmter Tochtergesellschaften in Schwellenländern beeinträchtigt werden. So sind beispielsweise zahlreiche Unsicherheiten im Zusammenhang mit den möglichen Auswirkungen des Austritts des Vereinigten Königreichs aus der Europäischen Union und der Andeutung der US-Bundesregierung, dass sie möglicherweise eine protektionistische Handels- und andere Politik verfolgen wird, entstanden. Diese und andere globale makroökonomische und geopolitische Herausforderungen haben sich negativ auf die Geschäfte der Tochtergesellschaften von CGMHI und/oder Citigroup Inc. ausgewirkt und könnten sich auch weiterhin negativ auf diese auswirken. Die Präsenz bestimmter Tochtergesellschaften in Schwellenländern setzt sie einer Reihe von Risiken aus, darunter staatliche Volatilität, Devisenkontrollen und Sanktionen, und erhöht auch ihre Compliance- und Regulierungsrisiken und -kosten. Infolgedessen können die Dividenden und/oder Vorschüsse, die die Tochtergesellschaften zahlen können, beeinträchtigt

werden, was sich negativ auf die Fähigkeit von CGMHI oder Citigroup Inc. auswirken könnte, ihren Verpflichtungen aus den Wertpapieren nachzukommen, und folglich auch den Wert und die Rendite dieser Wertpapiere beeinträchtigen könnte.

***Die Fähigkeit der CGMFL, ihren Verpflichtungen aus den von ihr begebenen Wertpapieren nachzukommen, ist davon abhängig, dass die CGMFL-Garantiegeberin ihren Gegenparteiverpflichtungen gegenüber der CGMFL nachkommt***

Die CGMFL unterliegt dem gruppeninternen Kreditrisiko. Von Zeit zu Zeit schließt die CGMFL Derivatgeschäfte mit der CGMFL-Garantiegeberin ab, um ihre Verbindlichkeiten gegenüber Wertpapierinhabern aus von ihr begebenen Wertpapieren (zu denen auch die unter diesem Basisprospekt begebenen Wertpapiere gehören können) zu kompensieren oder abzusichern. Als solche ist die CGMFL dem Kreditrisiko der CGMFL-Garantiegeberin in Form eines Gegenparteirisikos in Bezug auf solche Derivatgeschäfte ausgesetzt. Insbesondere hängt die Fähigkeit der CGMFL, ihren Verpflichtungen aus den Wertpapieren nachzukommen, in erster Linie davon ab, dass die CGMFL-Garantiegeberin ihren Gegenparteiverpflichtungen gegenüber der CGMFL in Bezug auf solche Derivatgeschäfte fristgerecht nachkommt und jedes Versäumnis der CGMFL-Garantiegeberin diesbezüglich wirkt sich negativ auf die Fähigkeit der CGMFL aus, ihren Verpflichtungen aus den Wertpapieren nachzukommen. Die Wertpapierinhaber haben keinen Rückgriff auf die CGMFL-Garantiegeberin im Rahmen solcher Derivatgeschäfte.

### **3 Regulatorische Risiken im Zusammenhang mit der CGMHI, der CGMHI-Garantiegeberin, der CGMFL und der CGMFL-Garantiegeberin**

***Die Aufnahme von Bestimmungen über vertragliche Erhaltungsvorschriften in die Bedingungen der Wertpapiere könnte die Rechte der Wertpapierinhaber in einem Auflösungsszenario wesentlich nachteilig beeinträchtigen.***

Im Herbst 2017 haben das Board of Governors of the Federal Reserve System, die Federal Deposit Insurance Corporation und das Office of the Comptroller of the Currency Regeln erlassen ("**QFC Stay Rules**"), um die Auflösbarkeit und Widerstandsfähigkeit US-amerikanischer globaler systematisch wichtiger Bankenorganisationen ("**G-SIBs**") sowie die US-amerikanischen Tätigkeiten ausländischer G-SIBs durch Risikominimierung von destabilisierenden Abwicklungen qualifizierter Finanzverträge ("**QFCs**"), welche im Rahmen von Auflösungen betrieben werden, zu verbessern. Citigroup Inc. und ihre Tochtergesellschaften, einschließlich der CGMHI, der CGMFL und der CGMFL-Garantiegeberin, sind "**Erfasste Einheiten**" gemäß der QFC Stay Rules. Bestimmte Wertpapiere (solche Wertpapiere, "**Erfasste Instrumente**") und die CGMHI-Garantieurkunde sowie die CGMFL-Garantieurkunden – insoweit die Garantie sich auf Erfasste Instrumente bezieht – können als QFCs qualifiziert werden.

Die QFC Stay Rules versuchen Hindernisse einer ordentlichen Auflösung eines G-SIB in beiden Szenarien, sowohl wenn der Beschlussfassungsprozess von US-amerikanischen Aufsichtsbehörden unter dem Federal Deposit Insurance Act oder der ordentlichen Liquidationsbehörde unter dem Title II des Dodd Frank Act ("**OLA**") (zusammen, die "**U.S. Special Resolution Regimes**") geführt wird, als auch das Szenario, wenn ein G-SIB in einem Insolvenzverfahren aufgelöst wird, zu beseitigen. Um dies zu erreichen, verpflichten die QFC Stay Rules Erfasste Einheiten (wie die CGMHI, die CGMFL, die CGMHI-Garantiegeberin und die CGMFL-Garantiegeberin) sicherzustellen, dass ihre QFCs gemäß den QFC Stay Rules (eingeschlossen Wertpapiere, die Erfasste Instrumente darstellen) (i) eine ausdrückliche vertragliche Anerkennung der gesetzlichen Erhaltens- und Übertragungsbestimmungen der U.S. Special Resolution Regimes enthalten und (ii) keine Drittverzugsrechte gegen die Erfassten Einheiten, die darauf basieren, dass eine Tochtergesellschaft Gegenstand eines Insolvenzverfahrens wird oder Beschränkungen der Übertragung von damit verbundenen Instrumenten zur Verbesserung der Zahlungsfähigkeit (einschließlich einer Garantie), die

von einer Tochtergesellschaft der Erfassten Einheit ausgestellt wurden, nachdem die Tochtergesellschaft Gegenstand eines Insolvenzverfahrens wurde, enthalten.

Um diese Anforderungen zu erfüllen, beinhalten die Wertpapierbedingungen eine ausdrückliche vertragliche Anerkennung, dass, falls die maßgebliche Emittentin, die CGMHI-Garantiegeberin und die CGMFL-Garantiegeberin – und zwar eine oder mehrere von ihnen - Gegenstand eines Verfahrens unter einem U.S. Special Resolution Regime wird, die Übertragung von Wertpapieren, die Erfasste Instrumente darstellen, und (in Bezug auf Erfasste Instrumente) der CGMHI-Garantieurkunde und der CGMFL-Garantieurkunden (und die Übertragung jeden Rechts und jeder Pflicht an oder im Rahmen solcher Erfassten Instrumente, der CGMHI-Garantieurkunde und der CGMFL-Garantieurkunden) von der maßgeblichen Emittentin, der CGMHI-Garantiegeberin oder der CGMFL-Garantiegeberin, je nach Sachlage, im gleichen Ausmaß wirksam wäre wie die Übertragung unter dem U.S. Special Resolution Regime. Zusätzlich beinhalten die Bedingungen der Wertpapiere eine ausdrückliche vertragliche Anerkennung, dass, falls die maßgebliche Emittentin, die CGMHI-Garantiegeberin, die CGMFL-Garantiegeberin oder eine der Tochtergesellschaften – und zwar eine oder mehrere von ihnen - Gegenstand eines Verfahrens unter einem U.S. Special Resolution Regime wird, Rechte im Falle einer Zahlungsunfähigkeit gegen die maßgebliche Emittentin, die CGMHI-Garantiegeberin oder die CGMFL-Garantiegeberin bezüglich der Erfassten Instrumente, der CGMHI-Garantieurkunde oder der CGMFL-Garantieurkunden nicht in stärkerem Maße ausgeübt werden können, als sie unter dem U.S. Special Resolution Regime ausgeübt werden könnten. Zu diesem Zwecke umfassen Rechte im Falle einer Zahlungsunfähigkeit das Recht, einen QFC zu kündigen, zu liquidieren, fällig zu stellen oder Zahlung oder Lieferung zu verlangen. Siehe jeweils Allgemeine Bedingung 18 oder 19 (*Anerkennung der United States Special Resolution Regimes*).

Sowohl die Citigroup Inc. als US-amerikanisches Unternehmen mit Sitz in Delaware als auch die CGMHI als ein US-amerikanisches Unternehmen mit Sitz im Staat New York könnte Gegenstand eines Verfahrens unter OLA werden, falls gewisse Feststellungen von den zuständigen US-amerikanischen Aufsichtsbehörden getroffen werden. Jedoch sind nach geltendem Recht zum Zeitpunkt dieses Basisprospekts weder die CGMFL noch die CGMFL-Garantiegeberin als nicht US-amerikanische Unternehmen geeignet, Gegenstand eines Verfahrens unter den U.S. Special Resolution Regimes zu werden, obwohl beide "erfasste Einheiten" für Zwecke der QFC Stay Rules und angehalten sind, die obigen Anerkennungen in entsprechende QFCs einzubeziehen.

Die Ausübung einer Befugnis im Rahmen der U.S. Special Resolution Regimes könnte die Rechte der Inhaber der von der CGMHI begebenen Wertpapiere (beispielsweise in Bezug auf das Recht, eine Zahlung zu verlangen) wesentlich beeinträchtigen und entsprechend auch den Preis oder Wert ihrer Anlagen in ein solches Wertpapier und/oder die Fähigkeit der maßgeblichen Emittentin, ihren Verpflichtungen aus den Wertpapieren nachzukommen.

**Zum Zeitpunkt dieses Basisprospekts entwickeln sich die Auslegung der Anwendbarkeit der entsprechenden Voraussetzungen und der Marktstandard noch weiter. Falls Anleger Zweifel bezüglich der Einstufung von Wertpapieren als QFCs und die Wirkung eines Vorgehens im Rahmen eines U.S. Special Resolution Regime in Bezug auf die Wertpapiere haben, sollten sie diejenigen professionellen Berater zurate ziehen, die sie für erforderlich halten.**

***Die Ergreifung von Maßnahmen im Rahmen des Banking Act in Bezug auf die CGMFL-Garantiegeberin könnte den Wert und die Rendite der von der CGMFL ausgegebenen Wertpapiere wesentlich beeinträchtigen***

Im Rahmen des *Banking Act* von 2009 (der "**Banking Act**") werden dem Finanzministerium des Vereinigten Königreichs (*HM Treasury*), der *Bank of England*, der *Financial Conduct Authority* und der *Prudential Regulation Authority* (die "**PRA**") (zusammen die "**Behörden**") im Rahmen eines spezifischen

Abwicklungssystems (*special resolution regime* – das "**SRR**") wesentliche Befugnisse übertragen. Diese Befugnisse können in Bezug auf gewisse Rechtsträger im Vereinigten Königreich (jeweils ein "**Maßgeblicher Rechtsträger**"), so auch in Bezug auf bestimmte Investmentgesellschaften aus dem Vereinigten Königreich wie die CGMFL-Garantiegeberin, ausgeübt werden.

Das **SRR** beinhaltet fünf Stabilisierungsoptionen und zwei spezielle Insolvenzverfahren (Bankeninsolvenzverwaltung und Bankeninsolvenz). Die Stabilisierungsoptionen sehen Folgendes vor: (i) die vollständige oder teilweise Übertragung des Geschäfts des Maßgeblichen Rechtsträgers im privaten Sektor; (ii) die vollständige oder teilweise Übertragung des Geschäfts des Maßgeblichen Rechtsträgers auf ein sich vollständig im Eigentum der *Bank of England* befindliches Brückeninstitut (*bridge bank*); (iii) die vollständige oder teilweise Übertragung des Geschäfts des Maßgeblichen Rechtsträgers auf eine sich im Eigentum der *Bank of England* befindliche und von dieser kontrollierte Zweckgesellschaft zur Vermögensverwaltung; (iv) die Abschreibung bestimmter Forderungen unbesicherter Gläubiger des Maßgeblichen Rechtsträgers und/oder die Umwandlung bestimmter unbesicherter Forderungen in Eigenkapital (die "**Bail-In-Option**"), wobei dieses Eigenkapital ebenfalls Gegenstand einer Einziehung, Übertragung oder Verwässerung in der Zukunft sein kann, und (v) das vorübergehende staatliche Eigentum (Verstaatlichung) an dem Maßgeblichen Rechtsträger oder seiner Holdinggesellschaft des Vereinigten Königreichs in seiner bzw. ihrer Gesamtheit oder in Teilen. Die Stabilisierungsoptionen sind durch die Ausübung bestimmter Stabilisierungsbefugnisse, beispielsweise die Befugnis, vertragliche Vereinbarungen abzuändern und die Befugnis, der HM Treasury, Gesetze möglicherweise rückwirkend außer Kraft zu setzen oder abzuändern, zu erreichen.

Die Stabilisierungsoptionen können ausgeübt werden, wenn (a) die PRA überzeugt ist, dass ein Maßgeblicher Rechtsträger ausfällt oder aller Voraussicht nach ausfallen wird, (b) die *Bank of England* feststellt, dass es nach billigem Ermessen nicht wahrscheinlich ist, dass (ohne Berücksichtigung der Stabilisierungsoptionen) Maßnahmen ergriffen werden, die dazu führen, dass die in (a) aufgeführte Bedingung nicht länger erfüllt ist, (c) die *Bank of England* die Ausübung der Stabilisierungsoptionen im Hinblick auf Erwägungen des öffentlichen Interesses und einem oder mehreren Zielen des, im Rahmen des *Banking Act*, spezifischen Abwicklungssystems als notwendig erachtet und (d) die Bank of England der Auffassung ist, dass eines oder mehrere dieser besonderen Abwicklungsziele durch die Liquidation des betreffenden Unternehmens nicht in gleichem Maße erreicht würden. Die PRA muss die *Bank of England* konsultieren, bevor sie eine Entscheidung in Bezug auf (a) trifft, während die *Bank of England* die anderen Behörden konsultieren muss, bevor sie eine Entscheidung in Bezug auf (b), (c) und (d) trifft. Die Stabilisierungsbefugnisse könnten vor der Insolvenz ausgeübt werden, und die Zahlungen an Wertpapierinhaber könnten sich verzögern oder niedriger sein als erwartet.

Beispielsweise könnte die Ausübung der Stabilisierungsbefugnisse (unter anderem) die Änderung oder Nichtanwendung der Bedingungen der CGMFL-Garantieurkunden ohne Zustimmung der Wertpapierinhaber bedeuten.

Dies könnte ihre Rechte unter der CGMFL-Garantieurkunde (was sich folglich auf den Preis oder Wert ihrer Anlage auswirken könnte) und die Fähigkeit der CGMFL-Garantiegeberin, ihren Verpflichtungen nachzukommen, beeinträchtigen.

Würde die CGMFL-Garantiegeberin ferner einer teilweisen Übertragung ihres Geschäfts auf einen anderen Rechtsträger unterfallen, würde die Qualität der Vermögenswerte und die Höhe der Verbindlichkeiten, die nicht übertragen werden (was gegebenenfalls die CGMFL-Garantieurkunden einschließt), die Bonität der CGMFL-Garantiegeberin beeinträchtigen. Folglich könnte die CGMFL-Garantiegeberin ggf. nicht in der Lage sein, ihren Verpflichtungen in Bezug auf die CGMFL-Garantieurkunden nachzukommen und/oder Gegenstand einer Insolvenzverwaltung werden.

Unter bestimmten Umständen haben Wertpapierinhaber einen Anspruch auf Ausgleich nach Maßgabe des *Banking Act*, wobei sie ggf. nicht unverzüglich Ausgleich erhalten oder dieser ggf. nicht den tatsächlich entstandenen Verlusten entspricht. Die Anleger können daher den Wert ihrer Anlage ganz oder teilweise verlieren.

***Maßnahmen, die im Rahmen der BRRD in Bezug auf die CGMFL ergriffen werden, könnten den Wert und die Rendite der seitens der CGMFL ausgegebenen Wertpapiere wesentlich beeinträchtigen***

Die Richtlinie 2014/59/EU des Europäischen Parlaments und des Rates vom 15. Mai 2014 zur Festlegung eines Rahmens für die Sanierung und Abwicklung von Kreditinstituten und Wertpapierfirmen in ihrer jeweils geltenden Fassung (die "**BRRD**") wurde durch das Luxemburger Gesetz vom 18. Dezember 2015 über die Maßnahmen zur Abwicklung, Sanierung und Liquidation von Kreditinstituten und bestimmten Wertpapierunternehmen und über Einlagensicherungs- und Anlegernetschädigungssysteme in seiner jeweils geltenden Fassung (das "**BRR-Gesetz 2015**") umgesetzt. Gemäß dem BRR-Gesetz 2015 ist die zuständige Behörde die CSSF und die Abwicklungsbehörde ist die CSSF, die als Abwicklungsrat (*Conseil de résolution*) (der "**Abwicklungsrat**") fungiert.

Das BRR-Gesetz 2015 umfasst vier Abwicklungsinstrumentarien und -Befugnisse, die eingesetzt werden können, wenn der Abwicklungsrat der Ansicht ist, dass (a) ein Institut ausfällt oder wahrscheinlich ausfällt, (b) nach vernünftigem Ermessen keine Aussicht besteht, dass der Ausfall dieses Instituts innerhalb eines angemessenen Zeitrahmens durch alternative Maßnahmen der Privatwirtschaft abgewendet werden kann, und (c) eine Abwicklungsmaßnahme im öffentlichen Interesse steht.

Das BRR-Gesetz 2015 sieht die Befugnis vor, eine Aussetzung der Aktivitäten anzuordnen, so auch eine teilweise oder vollständige Aussetzung der Erfüllung von Vereinbarungen, die von einem in Luxemburg gegründeten, in den Anwendungsbereich fallenden Unternehmen (wie der CGMFL) eingegangen wurden. Gemäß dem BRR-Gesetz 2015 erhält der Abwicklungsrat zudem die Befugnis, eine Reihe von anderen Abwicklungsmaßnahmen zu ergreifen, u. a. (i) einen Zwangsverkauf des Geschäfts eines in Luxemburg gegründeten, in den Anwendungsbereich fallenden Unternehmens insgesamt oder teilweise, (ii) die Gründung eines insgesamt oder teilweise unter die öffentliche Kontrolle fallenden Unternehmens (ein **Brückeninstitut**), das gegebenenfalls die Fähigkeit eines in Luxemburg gegründeten, in den Anwendungsbereich fallenden Unternehmens, seinen Rückzahlungspflichten nachzukommen, einschränkt, oder (iii) die Zwangsübertragung aller oder eines Teils der Vermögenswerte, Rechte oder Verpflichtungen eines in Luxemburg gegründeten, in den Anwendungsbereich fallenden Unternehmens und (iv) die Anwendung des allgemeinen Bail-in-Instruments, um bestimmte Ansprüche unbesicherter Gläubiger - auch auf null - abzuschreiben und bestimmte unbesicherte Forderungen in Eigenkapital oder andere Eigentumstitel umzuwandeln, wobei dieses Eigenkapital oder diese anderen Titel ebenfalls Gegenstand einer Einziehung, Übertragung oder Verwässerung in der Zukunft sein können.

Unterliegen von der CGMFL ausgegebene Wertpapiere einem Bail-in-Instrument, könnten die Inhaber der Wertpapiere ihre Anlage vollständig oder teilweise verlieren. Auch Bedingungen der Verpflichtungen im Rahmen der Wertpapiere können vom Abwicklungsrat verändert werden (z. B. Aussetzung der Zahlungen). Änderungen des BRRD der jüngeren Zeit und die sonstige diesbezügliche EU-Gesetzgebung sehen ferner ein neues Moratorium-Instrument im Vorfeld einer Auflösung und neue Befugnisse zur Aussetzung der Erfüllung von Vereinbarungen (auch von Zahlungen) durch das betreffende Institut (wie der CGMFL) vor.

Die Ausübung der vorstehenden Befugnisse könnte die Rechte der Inhaber der von der CGMFL begebenen Wertpapiere, den Preis oder Wert ihrer Anlage in diesen Wertpapieren und/oder die Fähigkeit der CGMFL, ihre Verpflichtungen aus diesen Wertpapieren zu erfüllen, wesentlich beeinträchtigen. Unter bestimmten Umständen haben Wertpapierinhaber einen Anspruch auf Ausgleich nach Maßgabe des BRR-Gesetzes 2015,

wobei sie ggf. nicht unverzüglich Ausgleich erhalten oder dieser ggf. nicht den tatsächlich entstandenen Verlusten entspricht.

#### ***Anti-Steuervermeidungsrichtlinien***

Die Richtlinie (EU) 2016/1164, die sogenannte Anti-Steuervermeidungsrichtlinie ("ATAD") wurde am 12. Juli 2016 erlassen, um gemeinsame Maßnahmen zur Bekämpfung von Steuervermeidungspraktiken in den nationalen Rechtsrahmen der EU-Mitgliedstaaten umzusetzen. Die ATAD legt Folgendes fest: (i) Vorschriften für beherrschte ausländische Unternehmen, (ii) Vorschriften für das Vorgehen gegen hybride Gestaltungen im EU-Kontext, (iii) Vorschriften zu allgemeinen Zinsschranken, (iv) eine allgemeine Vorschrift zur Verhinderung von Missbrauch und (v) Vorschriften zur Wegzugsbesteuerung. Nach Erlass der ATAD haben sich die EU-Mitgliedstaaten entschlossen, in Bezug auf das Vorgehen gegen hybride Gestaltungen mit Drittländern noch einen Schritt weiter zu gehen und haben am 29. Mai 2017 die Richtlinie (EU) 2017/952 ("**ATAD 2**") erlassen, die die ATAD-Bestimmungen in Bezug auf das Vorgehen gegen hybride Gestaltungen ändern. Die ATAD musste von den EU-Mitgliedstaaten zum 1. Januar 2019 und die ATAD 2 zum 1. Januar 2020 umgesetzt sein. Luxemburg erließ (i) das Gesetz vom 21. Dezember 2018 zur Umsetzung der ATAD mit Wirkung zum 1. Januar 2019 und (ii) das Gesetz vom 20. Dezember 2019 zur Umsetzung der ATAD 2 mit Wirkung zum 1. Januar 2020 (mit Ausnahme der Vorschriften zu umgekehrt hybriden Gestaltungen, die zum 1. Januar 2022 in Kraft treten). Diese Vorschriften könnten die steuerliche Bemessungsgrundlage der von der maßgeblichen Emittentin ausgegebenen Wertpapiere erhöhen und/oder die zur Ausschüttung an Wertpapierinhaber verfügbaren Beträge verringern.

#### **4 Kreditrisiken im Zusammenhang mit der CGMHI, der CGMHI-Garantiegeberin, der CGMFL und der CGMFL-Garantiegeberin**

***Eine Herabstufung der Ratings der maßgeblichen Emittentin und/oder, soweit die CGMHI die Emittentin ist, der CGMHI-Garantiegeberin oder, soweit die CGMFL die Emittentin ist, der CGMFL-Garantiegeberin könnte den Marktwert und die Liquidität der maßgeblichen Wertpapiere mindern***

Der Wert der Wertpapiere wird voraussichtlich teilweise durch die allgemeine Bewertung der Bonität der maßgeblichen Emittentin, der CGMHI-Garantiegeberin, der CGMFL-Garantiegeberin und/oder ihrer verbundenen Unternehmen durch die Anleger beeinflusst werden. Eine entsprechende Wahrnehmung ist in der Regel durch die Ratings der ausstehenden Wertpapiere der maßgeblichen Emittentin, der CGMHI-Garantiegeberin, der CGMFL-Garantiegeberin und/oder ihrer verbundenen Unternehmen, die von den gängigen Agenturen für statistische Ratings wie Moody's, S&P und Fitch vergeben werden, geprägt. Eine etwaige Herabstufung des Ratings der (gegebenenfalls vorhandenen) ausstehenden Schuldtitel der Emittentinnen, der CGMHI-Garantiegeberin, der CGMFL-Garantiegeberin und/oder der von einem ihrer verbundenen Unternehmen ausgegebenen Wertpapiere durch eine dieser Ratingagenturen könnte eine Minderung des Handelswerts der Wertpapiere nach sich ziehen.

Jede Ratingagentur kann zu einem beliebigen künftigen Zeitpunkt ein Rating einer Emittentin, der CGMHI-Garantiegeberin und/oder der CGMFL-Garantiegeberin herabsetzen, aussetzen oder zurücknehmen, wenn ihrer Beurteilung nach die Umstände eine Änderung rechtfertigen. Keine Ratingagentur ist verpflichtet, ihre Ratings auf ihrem aktuellen Niveau zu belassen. Die Ratingagenturen bewerten die Citigroup Inc. und ihre Tochterunternehmen kontinuierlich, und ihre Ratings der langfristigen und kurzfristigen Schuldtitel der Citigroup Inc. und ihrer Tochterunternehmen basieren auf einer Reihe von Faktoren, einschließlich der Finanzstärke, sowie Faktoren, die nicht vollständig innerhalb der Kontrolle der Citigroup Inc. und ihrer Tochterunternehmen liegen, wie Umstände, die die Finanzdienstleistungsbranche im Allgemeinen beeinflussen. Wenn eine Ratingagentur ihr Rating einer Emittentin und/oder, soweit die CGMHI die Emittentin ist, der CGMHI-Garantiegeberin und/oder, soweit die CGMFL die Emittentin ist, der CGMFL-Garantiegeberin und/oder ihrer verbundenen Unternehmen herabsetzt, aussetzt oder zurücknimmt, wirkt sich

dies voraussichtlich nachteilig auf die Liquidität und den Marktwert der Wertpapiere sowie, gegebenenfalls, die Fähigkeit der CGMHI-Garantiegeberin oder der CGMFL-Garantiegeberin, ihren Pflichten als Garantiegeberin nachzukommen, aus.

Ferner können Ratingherabstufungen durch Fitch, Moody's oder S&P beträchtliche und unmittelbare Auswirkungen auf die Finanzierung und Liquidität der Citigroup Inc. durch Barverpflichtungen, eine geminderte Finanzierungskapazität und Derivate-Trigger sowie zusätzliche Margin-Verpflichtungen (*additional margin requirements*) haben. Ratingherabstufungen könnten dabei auch andere Finanzierungsquellen, wie besicherte Finanzierung und andere Margin-Verpflichtungen, für die keine ausdrücklichen Trigger vorhanden sind, beeinträchtigen. Einige Unternehmen könnten zudem Ratingbeschränkungen in Bezug auf ihre zulässigen Gegenparteien unterliegen, die der Citigroup Inc. eventuell bekannt sind. Eine Herabstufung der Bonitätsbewertungen der Citigroup Inc. oder ihrer Tochterunternehmen könnte zudem für eine Ausweitung der Credit Spreads der Citigroup Inc. sorgen oder anderweitig ihre Kreditkosten erhöhen und ihren Zugang zu den Kapitalmärkten beschränken. Jeder der vorstehenden Faktoren kann den Wert und die Rendite der Wertpapiere nachteilig beeinflussen.

Informationen zum Rating der Emittentinnen, der CGMHI-Garantiegeberin und der CGMFL-Garantiegeberin finden sich unten im Unterabschnitt "7 Ratings" von "Abschnitt C- Anlageüberlegungen".

***Möglichkeit, die CGMHI-Garantiegeberin oder die CGMFL-Garantiegeberin in der Insolvenz zu ersetzen***

Die Wertpapierbedingungen sehen ausdrücklich vor, dass nichts in den Allgemeinen Bedingungen unter 11 (*Ersetzung der Emittentin, der CGMHI-Garantiegeberin und der CGMFL-Garantiegeberin*) die Möglichkeit einschränken wird, die CGMHI-Garantiegeberin oder die CGMFL-Garantiegeberin zu ersetzen, nachdem die maßgebliche Rechtsträgerin Gegenstand einer Abwicklung, einer Restrukturierung oder Reorganisation oder eines ähnlichen Verfahrens wird. Dies bedeutet, dass eine derartige Ersetzung der CGMHI-Garantiegeberin oder der CGMFL-Garantiegeberin nicht die in den Allgemeinen Bedingungen unter 11 (*Ersetzung der Emittentin, der CGMHI-Garantiegeberin und der CGMFL-Garantiegeberin*) niedergelegten Kriterien der Ersetzung einhalten muss. Eine derartige Ersetzung könnte die Rechte der Wertpapierinhaber, den Preis und/oder den Wert ihrer Anlage in diesen Wertpapieren und/oder die Wertentwicklung im Rahmen der CGMHI-Garantiekunde oder der CGMFL-Garantiekunden, je nach Sachlage, beeinträchtigen.

**5 Andere Risiken im Zusammenhang mit der CGMHI, der CGMHI-Garantiegeberin, der CGMFL und der CGMFL-Garantiegeberin**

***Die Militäraktion Russlands in der Ukraine und die damit verbundenen Sanktionen, Exportkontrollen und ähnliche Maßnahmen oder Gesetze könnten die Geschäftsaktivitäten und Kunden des Konzerns beeinträchtigen***

Das anhaltende Vorgehen der russischen Streitkräfte und der Unterstützungskräfte in der Ukraine hat die Spannungen zwischen Russland und den USA, der NATO, der Europäischen Union und dem Vereinigten Königreich verschärft. Die USA haben bereits erhebliche finanzielle und wirtschaftliche Sanktionen und Exportkontrollen gegen bestimmte russische Organisationen und/oder Einzelpersonen verhängt und werden dies wahrscheinlich auch in Zukunft tun; ähnliche Maßnahmen wurden von der Europäischen Union, dem Vereinigten Königreich und anderen Ländern durchgeführt und/oder geplant. Die von den USA, Großbritannien und der Europäischen Union verhängten Finanz- und Wirtschaftssanktionen schränken auf verschiedene Weise Transaktionen mit zahlreichen russischen Unternehmen und Einzelpersonen, Transaktionen mit russischen Staatsanleihen sowie Investitionen, Handel und Finanzierungen in, aus oder in bestimmten Regionen der Ukraine ein. Die Fähigkeit des Konzerns, mit bestimmten privaten und institutionellen Unternehmen in Russland und der Ukraine zusammenzuarbeiten oder Geschäfte, die

bestimmte russischen oder ukrainische Unternehmen und Kunden involvieren, durchzuführen, hängt zum Teil davon ab, ob ein solches Engagement durch aktuelle oder zu erwartende Sanktionen und Gesetze der USA, der Europäischen Union, des Vereinigten Königreichs oder anderer Länder eingeschränkt ist oder angesichts dieser Entwicklungen anderweitig eingestellt wird. Sanktionen und Exportkontrollen sowie etwaige Maßnahmen Russlands könnten sich nachteilig auf die Geschäftstätigkeit der Gruppe und ihre Kunden in und aus Russland und der Ukraine auswirken. Darüber hinaus könnten Handlungen Russlands und weitere Maßnahmen der USA oder ihrer Verbündeten negative Auswirkungen auf die regionalen und globalen Finanzmärkte und die Wirtschaftslage haben, einschließlich, aber nicht beschränkt auf die globalen Energiemärkte. Das Ausmaß der Auswirkungen auf die Gruppe wird weiterhin in erheblichem Maße von zukünftigen Entwicklungen abhängen, die ungewiss sind und nicht vorhergesagt werden können.

Jegliche negativen Auswirkungen der Handlungen Russlands in der Ukraine und damit verbundener Sanktionen, Exportkontrollen und ähnlicher Handlungen oder Gesetze auf den Konzern, einschließlich der maßgeblichen Emittentin, der CGMHI-Garantiegeberin oder der CGMFL-Garantiegeberin, könnten die Fähigkeit der maßgeblichen Emittentin, der CGMHI-Garantiegeberin oder der CGMFL-Garantiegeberin, ihre Verpflichtungen aus den Wertpapieren zu erfüllen, beeinträchtigen und folglich könnten der Wert und die Rendite der Wertpapiere ebenfalls nachteilig beeinflusst werden.

## **6 Risiken im Zusammenhang mit Wertpapieren im Allgemeinen**

Eine Anlage in Wertpapiere ist mit Risiken verbunden (wie in den nachstehenden Absätzen näher beschrieben) und sollte erst nach Evaluierung der Richtung, des zeitlichen Ablaufs und des Umfangs potenzieller künftiger Änderungen des Marktes (z. B. beim Wert der Wertpapierindizes, Inflationsindizes, Rohstoffe, Aktien, Depositary Receipts, börsennotierten Fonds, Investmentfonds, Währungen, Dividendenfuturekontrakte, Zinssätze oder anderer Instrumente, die den/die Basiswert(e) beinhalten oder sich darauf beziehen) sowie der Bedingungen der Wertpapiere erfolgen. Mehrere Risikofaktoren können sich gleichzeitig auf die Wertpapiere auswirken, so dass die Wirkung eines bestimmten Risikofaktors nicht vorhergesagt werden kann. Daneben können mehrere Risikofaktoren eine kombinierte Wirkung haben, die nicht vorhergesagt werden kann.

### ***Möglicher vollständiger oder teilweiser Verlust der Anlage***

Anleger sollten darauf vorbereitet sein, einen vollständigen oder teilweisen Verlust des Kaufpreises ihrer Wertpapiere in Kauf zu nehmen.

Ausgenommen Wertpapiere mit einem planmäßigen Mindestrückzahlungswert können erworbene Wertpapiere bei Rückzahlung wertlos sein. Ferner werden Wertpapiere nur dann zu einem zumindest dem Ausgabepreis entsprechenden Betrag zurückgezahlt, wenn die anwendbaren Endgültigen Bedingungen vorsehen, dass der Rückzahlungsbetrag bei Fälligkeit mindestens diesem Betrag entspricht. Sehen die Wertpapiere vor, dass der Rückzahlungsbetrag unter dem Ausgabepreis liegen kann, kann die Rückzahlung der Wertpapiere zu einem unter diesem liegenden Preis erfolgen. Werden die Wertpapiere zu einem Betrag unter dem Ausgabepreis zurückgezahlt oder werden die Wertpapiere nach Maßgabe ihrer Bedingungen gekündigt oder vorzeitig zurückgezahlt, liegt der Betrag, den ein Wertpapierinhaber erhält, ggf. unter dem Betrag seiner ursprünglichen Anlage.

Des Weiteren können die Wertpapiere am Sekundärmarkt gehandelt oder vorzeitig zurückgezahlt werden, und sollte dies der Fall sein, liegt der Preis, zu dem ein Wertpapier gegebenenfalls verkauft oder vorzeitig zurückgezahlt wird, unter Umständen unter dem Nennbetrag dieses Wertpapiers und/oder dem Betrag der ursprünglichen Anlage eines Anlegers in den Wertpapieren.

Bei einem auf einen oder mehrere Basiswerte bezogenen Wertpapier muss der Käufer eines Wertpapiers, um das investierte Kapital und eine Rendite aus seiner Anlage zu erhalten, im Allgemeinen die Richtung, den

Zeitrahmen und den Umfang einer erwarteten Änderung des Werts des betreffenden Basiswerts bzw. der betreffenden Basiswerte richtig einschätzen. Bei Annahme ansonsten gleichbleibender Faktoren gilt, dass je weiter ein Wertpapier "aus dem Geld" (*out of the money*) und je kürzer die Restlaufzeit ist, desto höher ist das Risiko, dass Käufer dieser Wertpapiere ihre Anlage teilweise oder vollständig verlieren. Die einzige Möglichkeit, wie ein Wertpapierinhaber vor dem Fälligkeitstag eine Wertschöpfung aus dem Wertpapier realisieren kann, ist ein Verkauf dieses Wertpapiers zu dem zum entsprechenden Zeitpunkt vorliegenden Marktpreis an einem verfügbaren Sekundärmarkt (sofern vorhanden). Schwankungen des Werts, der Rendite (falls zutreffend) oder der maßgeblichen Devisenkurse (falls zutreffend) des maßgeblichen Basiswerts bzw. der maßgeblichen Basiswerte wirken sich auf den Wert der maßgeblichen Wertpapiere aus. Käufer der Wertpapiere sind dem Risiko des Verlusts ihrer gesamten Anlage ausgesetzt, wenn der Wert der maßgeblichen Basiswerte sich nicht in die erwartete Richtung bewegt.

Auch kann es sein, dass Wertpapierinhaber während der Laufzeit der Wertpapiere keine Zinsen erhalten.

***Wertpapiere sind unbesicherte Verpflichtungen und unterliegen dem Kreditrisiko der maßgeblichen Emittentin, der CGMHI-Garantiegeberin und/oder der CGMFL-Garantiegeberin***

Alle Wertpapiere begründen unbesicherte und vorrangige Verbindlichkeiten der maßgeblichen Emittentin und alle von ihr ausgegebenen Wertpapiere sind untereinander und mit sämtlichen anderen unbesicherten und vorrangigen Verbindlichkeiten der maßgeblichen Emittentin gleichrangig. Die Verbindlichkeiten der CGMHI-Garantiegeberin im Rahmen der CGMHI-Garantieurkunde sind unbesichert und vorrangig sowie gleichrangig mit sämtlichen sonstigen ausstehenden unbesicherten und vorrangigen Verbindlichkeiten der CGMHI-Garantiegeberin. Die Verbindlichkeiten der CGMFL-Garantiegeberin im Rahmen der CGMFL-Garantieurkunden sind unbesichert und vorrangig sowie gleichrangig mit sämtlichen sonstigen ausstehenden unbesicherten und vorrangigen Verbindlichkeiten der CGMFL-Garantiegeberin. Siehe Allgemeine Bedingung 2 (*Status*). Die Verbindlichkeiten der maßgeblichen Emittentin im Rahmen der von ihr ausgegebenen Wertpapiere, die Verbindlichkeiten der CGMHI-Garantiegeberin im Rahmen der CGMHI-Garantieurkunde und die Verbindlichkeiten der CGMFL-Garantiegeberin im Rahmen der CGMFL-Garantieurkunden stellen allgemeine vertragliche Pflichten des jeweiligen Rechtsträgers und keiner anderen Person dar. Die CGMHI-Garantiegeberin gibt ausschließlich eine Garantie zugunsten der von der CGMHI ausgegebenen Wertpapiere. Die CGMFL-Garantiegeberin gibt ausschließlich eine Garantie zugunsten der von der CGMFL ausgegebenen Wertpapiere.

Somit unterliegen sämtliche Zahlungen im Rahmen der Wertpapiere dem Kreditrisiko der maßgeblichen Emittentin und, soweit die CGMHI die Emittentin ist, der CGMHI-Garantiegeberin oder, soweit die CGMFL die Garantiegeberin ist, der CGMFL-Garantiegeberin. Wertpapierinhaber haben keinen Rückgriff auf besichertes Vermögen der maßgeblichen Emittentin und, soweit die CGMHI die Emittentin ist, der CGMHI-Garantiegeberin oder, soweit die CGMFL die Garantiegeberin ist, der CGMFL-Garantiegeberin im Falle, dass die maßgebliche Emittentin oder die maßgebliche Garantiegeberin nicht in der Lage ist, ihren Verpflichtungen aus den Wertpapieren nachzukommen, so beispielsweise auch nicht im Insolvenzfall, und riskieren damit den gesamten oder teilweisen Verlust ihrer Anlage.

***Ein Verkauf von Wertpapieren vor ihrer planmäßigen Rückzahlung kann für den Anleger zu einem Verlust führen***

Der Wert von Wertpapieren variiert vor ihrer planmäßigen Rückzahlung, da der Preis oder Stand des Basiswerts bzw. der Basiswerte sich ändert, und auch aufgrund einer Reihe anderer zusammenhängender Faktoren, darunter auch die folgenden: (i) der Handelspreis der maßgeblichen Wertpapiere, (ii) der Wert und die Volatilität eines oder mehrerer Basiswerte, (iii) die Restlaufzeit, (iv) im Falle von Wertpapieren mit Barausgleich, die voraussichtliche Spanne der Rückzahlungsbeträge, (v) (jede) Änderung(en) der Zwischenzinssätze und Dividendenrenditen, falls zutreffend, (vi) (jede) Änderung(en) der Devisenkurse, (vii)

die Tiefe des Marktes oder die Liquidität eines oder mehrerer Basiswerte und (viii) dazugehörige Transaktionskosten. In Abhängigkeit von den vorstehenden Faktoren (z. B., sofern Bewegungen beim Preis oder Stand des Basiswerts bzw. der Basiswerte die wahrscheinliche Bandbreite der Rückzahlungsbeträge schmälert) kann ein Verkauf von Wertpapieren vor ihrer planmäßigen Rückzahlung zu einem wesentlichen Abschlag von ihrem ursprünglichen Kaufpreis erfolgen, wodurch der Anleger seine Anlage vollständig oder teilweise verlieren kann.

***Wertpapiere, die mit erheblichem Abschlag oder Aufschlag begeben werden***

Der Marktwert von Wertpapieren, die mit einem erheblichen Abschlag oder Aufschlag auf ihren Nennbetrag begeben werden, unterliegt bei allgemeinen Zinsänderungen in der Regel stärkeren Schwankungen als Kurse von herkömmlicheren verzinslichen Wertpapieren. Im Allgemeinen gilt: Je länger die Restlaufzeit dieser Wertpapiere, desto höher ist die Volatilität des Preises im Vergleich zu herkömmlicheren verzinslichen Wertpapieren mit ähnlichen Restlaufzeiten. Diese Preisvolatilität könnte zu höheren Verlusten als ansonsten bei Verkauf des Wertpapiers vor seiner planmäßigen Rückzahlung oder zur Unmöglichkeit des Verkaufs des Wertpapiers am Sekundärmarkt führen.

***Auswirkungen von Gebühren, Provisionen und/oder Zuwendungen auf den Ausgabepreis und/oder Angebotspreis***

Der Ausgabepreis und/oder Angebotspreis von Wertpapieren kann Gebühren und/oder andere Provisionen und Zuwendungen beinhalten (z. B. Platzierungs-, Vertriebs- und Strukturierungsgebühren). Gebühren und/oder sonstige Provisionen und Zuwendungen werden bei der Bestimmung des Preises dieser Wertpapiere am Sekundärmarkt nicht berücksichtigt, was zu einer Differenz zwischen dem Ausgabepreis und/oder dem Angebotspreis der Wertpapiere und dem von einem Intermediär am Sekundärmarkt gestellten Geld-/Briefkurs führt. Eine solche Differenz hat einen Rückgang des Werts einer Emission von Wertpapieren und daher einen Verlust für den Anleger zur Folge, insbesondere im Zusammenhang mit Wertpapieren, die unmittelbar nach dem Ausgabebetrag oder dem Angebotszeitraum dieser Wertpapiere verkauft werden.

***Der Sekundärmarkt***

Möglicherweise existiert bei Ausgabe der Wertpapiere kein etablierter Markt, auf dem sie gehandelt werden, und unter Umständen wird sich ein solcher nie entwickeln; Anleger sollten daher darauf vorbereitet sein, ihre Wertpapiere bis zur Fälligkeit zu halten. Falls sich ein Markt entwickelt, ist er unter Umständen nicht sehr liquide, reagiert möglicherweise sensibel auf Änderungen an den Finanzmärkten und Anleger sind gegebenenfalls nicht in der Lage, rechtzeitig einen Käufer zu finden bzw. einen geeigneten Käufer zu finden. Sollte es möglich sein, Wertpapiere zu verkaufen, würde dies zu dem am Markt geltenden Geldkurs erfolgen und es fällt unter Umständen eine Transaktionsgebühr an. Der geltende Geldkurs kann durch verschiedene Faktoren beeinflusst werden, wie u. a. durch die Wertentwicklung eines jeweiligen Basiswerts, zum Zeitpunkt des Verkaufs geltende Zinsen, die Restlaufzeit, die Bonität der maßgeblichen Emittentin und/oder, soweit die CGMHI die Emittentin ist, der CGMHI-Garantiegeberin oder, soweit die CGMFL die Emittentin ist, der CGMFL-Garantiegeberin sowie durch Faktoren, die im Allgemeinen die Kapitalmärkte beeinflussen. Die Einführung zusätzlicher oder konkurrierender Produkte am Markt kann sich ebenfalls nachteilig auf den Preis der Wertpapiere auswirken. Folglich kann es sein, dass es Anlegern nicht möglich ist, ihre Wertpapiere auf einfachem Wege oder zu Preisen, mit denen eine ähnliche Rendite erzielt wird wie bei vergleichbaren Anlagen, für die ein entwickelter Sekundärmarkt besteht, oder zu Preisen, die über dem Betrag der ursprünglichen Anlage des Anlegers liegen, zu veräußern, und tatsächlich kann der Preis wesentlich niedriger als ihr ursprünglicher Kaufpreis sein. Anleger sollten daher bei der Ausarbeitung ihrer Anlagestrategie sicherstellen, dass die Laufzeit der Wertpapiere im Einklang mit ihrem zukünftigen Liquiditätsbedarf steht. Dies gilt insbesondere, wenn die maßgebliche Emittentin in eine finanzielle Schieflage geraten sein sollte, die einen Verkauf der Wertpapiere mit einem wesentlichen Abschlag auf den Nennbetrag oder Ausgabepreis oder Angebotspreis zur Folge hat, bzw. für Wertpapiere, die besonders sensibel auf Zinsänderungs-,

Währungs- oder Marktrisiken reagieren, die für bestimmte Anlageziele oder -strategien entwickelt wurden oder die so strukturiert sind, dass sie die Anlagebedürfnisse eines begrenzten Kreises von Anlegern erfüllen. Für diese Arten von Wertpapieren bestünde in der Regel ein in höherem Maße eingeschränkter Sekundärmarkt und eine höhere Preisvolatilität als für herkömmliche Schuldtitel. Aufgrund von Illiquidität kann es zu erheblichen nachteiligen Auswirkungen auf den Marktwert der Wertpapiere kommen. Die Liquidität der Wertpapiere wird darüber hinaus von der Art der Anleger beeinflusst, an die diese Wertpapiere verkauft werden. Soweit eine Emission von Wertpapieren illiquide ist oder wird, müssen Anleger unter Umständen die betreffenden Wertpapiere bis zur Fälligkeit halten, bevor eine Realisierung des Werts möglich ist.

Die maßgebliche Emittentin kann eine Emission von Wertpapieren an einer Börse oder einem regulierten Markt notieren lassen, ist dazu aber nicht verpflichtet. Werden die Wertpapiere nicht an einer Börse oder einem regulierten Markt notiert oder gehandelt, kann es unter Umständen schwieriger sein, Preisinformationen für die betreffenden Wertpapiere zu erhalten, und die Liquidität dieser Wertpapiere kann beeinträchtigt werden.

Werden Wertpapiere nicht an einer Börse oder einem regulierten Markt notiert oder gehandelt, können sie über Handelssysteme, die den jeweils geltenden Gesetzen und Vorschriften unterliegen (wie beispielsweise multilaterale Handelssysteme oder "MTF"), oder über andere Handelssysteme (wie beispielsweise bilaterale Systeme oder gleichwertige Handelssysteme) gehandelt werden. Findet der Handel mit diesen Wertpapieren außerhalb solcher Börsen, regulierten Märkte oder Handelssysteme statt, ist die Art und Weise der Bestimmung des Preises dieser Wertpapiere unter Umständen weniger transparent und die Liquidität dieser Wertpapiere kann beeinträchtigt sein. Anleger sollten beachten, dass weder die maßgebliche Emittentin noch die Garantiegeberin oder ein Vertriebspartner eine Gewährleistung gegenüber den Wertpapierinhabern bezüglich der Methodik abgibt, die zur Feststellung des Preises von Wertpapieren verwendet wird, welche außerhalb eines Handelssystems gehandelt werden. Bestimmt jedoch die maßgebliche Emittentin oder eines ihrer verbundenen Unternehmen den Preis dieser Wertpapiere, wird diese bzw. dieses die jeweils vorherrschenden Marktparameter gemäß den geltenden gesetzlichen Bestimmungen berücksichtigen. Selbst wenn Wertpapiere zum Handel notiert und/oder zugelassen sind, geht dies nicht zwingend mit einer höheren Liquidität einher.

Die maßgebliche Emittentin, (falls zutreffend) die Garantiegeberin und ein Vertriebspartner sind jeweils berechtigt, jedoch nicht verpflichtet, jederzeit Wertpapiere zu einem beliebigen Preis am freien Markt, im Tenderverfahren oder im Rahmen eines Privatvertrags zu erwerben. Alle auf diese Weise erworbenen Wertpapiere können gehalten, weiterverkauft oder zur Einziehung übergeben werden. Werden diese Wertpapiere zur Einziehung übergeben, so sinkt die Anzahl der ausstehenden Wertpapiere, was die Liquidität der ausstehenden Wertpapiere mindert. Entsprechende Aktivitäten können sich nachteilig auf den Preis der maßgeblichen Wertpapiere am Sekundärmarkt und/oder das Bestehen eines Sekundärmarktes auswirken.

Die maßgebliche Emittentin, (falls zutreffend) die Garantiegeberin, ein Vertriebspartner oder verbundenes Unternehmen eines entsprechenden Unternehmens kann jeweils gegebenenfalls im Rahmen ihrer bzw. seiner Aktivitäten als Broker und Vertriebspartner von Renten- und Dividendenpapieren und dazugehörigen Produkten oder anderweitig einen Sekundärmarkt für beliebige Wertpapiere aufbauen und täglich indikative Geldkurse stellen. Auf diese Weise zur Verfügung gestellte indikative Preise werden von der betreffenden Partei nach alleinigem Ermessen unter Berücksichtigung der vorherrschenden Marktbedingungen bestimmt und stellen keine Zusicherung dieser Partei dar, dass Wertpapiere zu den entsprechenden Preisen (bzw. überhaupt) gekauft oder verkauft werden können, und jede der vorstehend aufgeführten Parteien kann das Market Making oder die Bereitstellung indikativer Preise ohne Ankündigung jederzeit und aus einem beliebigen Grund aussetzen oder einstellen. Unter diesen Umständen existiert unter Umständen kein Markt für die maßgeblichen Wertpapiere und Anleger sollten nicht davon ausgehen, dass ein entsprechender Markt

existiert. Dementsprechend muss ein Anleger bereit sein, die Wertpapiere bis zum Fälligkeitstag zu halten, und ist ggf. nicht in der Lage, sie vor dem Fälligkeitstag zu verkaufen oder, falls er sie verkaufen kann, so nur mit Verlust.

### ***Risiken im Zusammenhang mit der Umsetzung aufsichtsrechtlicher Reformen***

Die Umsetzung der Gesetzgebung zur US-Finanzreform kann den Wert eines oder mehrerer Basiswerte sowie die Fähigkeit zum Hedging der Verpflichtungen der maßgeblichen Emittentin im Rahmen der Wertpapiere beeinträchtigen. Dies kann wiederum den Marktwert, den Handelspreis und die Funktionsfähigkeit der Wertpapiere sowie ihre Rendite beeinträchtigen. Der Grund dafür ist, dass die im Rahmen der Wertpapiere erhaltenen Beträge und/oder der Wert der in ihrem Rahmen zu liefernden Vermögenswerte (unter anderem) von der Wertentwicklung des Basiswerts bzw. der Basiswerte abhängen, und die Wertpapiere können infolge von Ereignissen im Zusammenhang mit Hedginggeschäften der vorzeitigen Rückzahlung unterliegen. Zusätzlich können im Rahmen der Wertpapiere fällige Beträge und/oder zu liefernde Vermögenswerte reduziert werden, um die mit den Hedginggeschäften verbundenen Kosten abzubilden.

So hat beispielsweise die CFTC im Oktober 2020 Vorschriften erlassen, um überarbeitete oder neue Obergrenzen für den Umfang der Positionen festzulegen, die eine Person in 25 Agrar-, Metall- und Energieterminkontrakten sowie in Terminkontrakten, Optionen und Swaps, die diese Terminkontrakten wirtschaftlich gleichwertig sind, halten darf. Die Obergrenzen gelten für die kombinierten Positionen einer Person in den spezifizierten 25 Terminkontrakten und Optionen auf Terminkontrakte (die "**Spezifizierten Terminkontrakte**"), Terminkontrakte und Optionen auf Terminkontrakte, die direkt oder indirekt mit den Spezifizierten Terminkontrakten verbunden sind und für wirtschaftlich gleichwertige Swaps. Diese Vorschriften traten am 01. Januar 2022 für gedeckte Terminkontrakte und Optionen auf Terminkontrakte und am 01. Januar 2023 für gedeckte Swaps in Kraft. Diese Obergrenzen können bestimmte Transaktionen neuen aufsichtsrechtlichen Maßnahmen unterwerfen, die ein Hindernis für bestimmte Arten von Hedgingtransaktionen der maßgeblichen Emittentin und/oder der Hedgingparteien oder ihrer jeweiligen verbundenen Unternehmen darstellen und die damit verbundenen Kosten erhöhen könnten. Andere Vorschriften des *Dodd-Frank Act* erfordern, dass ein bestimmter Basiswert oder bestimmte Basiswerte oder Hedgingtransaktionen gecleart, an einer regulierten Börse gehandelt und Aufsichtsbehörden, zentralen Datenarchiven und – in bestimmten Fällen – der Öffentlichkeit gemeldet werden, was ebenfalls ihren Wert, ihre Funktionsfähigkeit und ihre Kosten beeinträchtigen könnte. Der *Dodd-Frank Act* erweitert auch die Registrierungspflichten für Unternehmen und legt Anforderungen an das Geschäftsgebahren von auf dem Swap-Markt aktiven Personen fest (dies kann neue Kapitalanforderungen und Margin-Verpflichtungen umfassen), was den Wert eines oder mehrerer relevanter Basiswerte oder den Wert und/oder die Kosten von Hedgingtransaktionen beeinflussen kann. Solche aufsichtsrechtlichen Maßnahmen können folglich den Marktwert, den Handelspreis und die Funktionsfähigkeit der Wertpapiere sowie ihre Rendite beeinträchtigen.

### ***Änderungen von Wechselkursen und Devisenkontrollen könnten zu einer Minderung des Werts der und der Zahlungen in Bezug auf die Wertpapiere in der Währung der Rechtsordnung eines Anlegers führen***

Eine Anlage in Wertpapiere, die auf eine festgelegte Währung lauten und/oder in einer Währung zahlbar sind, bei der es sich nicht um die Währung der Rechtsordnung eines bestimmten Anlegers (die "**Anlegerwährung**") handelt, ist mit hohen Risiken verbunden, die nicht mit einer ähnlichen Anlage in ein auf die Anlegerwährung lautendes Wertpapier einhergehen. Diese Risiken umfassen unter anderem:

- die Möglichkeit wesentlicher Marktveränderungen der Wechselkurse zwischen der Anlegerwährung und der festgelegten Währung und/oder Zahlungswährung;

- die Möglichkeit wesentlicher Veränderungen der Wechselkurse zwischen der Anlegerwährung und der Festgelegten Währung und/oder Zahlungswährung aufgrund einer offiziellen Währungsumstellung oder Neubewertung der Festgelegten Währung und/oder Zahlungswährung; und
- die Möglichkeit der Einführung oder Änderung von Devisenkontrollen durch die Rechtsordnung des Anlegers oder durch ausländische Regierungen.

Diese Risiken hängen in der Regel von Faktoren ab, die außerhalb der Kontrolle der maßgeblichen Emittentin und (falls zutreffend) der Garantiegeberin liegen und die nicht ohne Weiteres vorhersehbar sind, wie zum Beispiel wirtschaftliche und politische Ereignisse sowie das Angebot an und die Nachfrage nach maßgeblichen Währungen.

In den vergangenen Jahren unterlagen die Wechselkurse zwischen einigen Fremdwährungen, auf die die Wertpapiere lauten und/oder in der die Wertpapiere zahlbar sein können, Schwankungen. Mit solchen Schwankungen ist auch künftig zu rechnen. Die in der Vergangenheit eingetretenen Schwankungen eines bestimmten Wechselkurses sind jedoch nicht zwingend ein Indikator für die Schwankungen dieses Wechselkurses, die während der Laufzeit eines Wertpapiers auftreten können. Die Abwertung der Festgelegten Währung und/oder Zahlungswährung eines Wertpapiers gegenüber der Anlegerwährung würde dazu führen, dass die effektive Rendite dieses Wertpapiers unter den Kuponzinssatz des Wertpapiers (falls vorhanden) fällt und könnte zu einem wesentlichen Verlust des Anlegers in der Anlegerwährung führen.

Regierungen und Währungsbehörden haben von Zeit zu Zeit Devisenkontrollen eingeführt und können in der Zukunft Devisenkontrollen einführen, die die anwendbaren Wechselkurse sowie die Verfügbarkeit einer Festgelegten Währung und/oder Zahlungswährung zum Zeitpunkt der Zahlung von Beträgen in Bezug auf ein Wertpapier beeinflussen können. Es kann keine Zusicherung gegeben werden, dass Zahlungen im Rahmen der Wertpapiere, die auf eine solche Festgelegte Währung und/oder Zahlungswährung lauten, nicht durch Devisenkontrollen beschränkt oder untersagt werden.

Selbst wenn es keine tatsächlichen Devisenkontrollen gibt, ist es möglich, dass eine Festgelegte Währung und/oder Zahlungswährung aufgrund von Umständen, die außerhalb der Kontrolle der maßgeblichen Emittentin und/oder der CGMHI-Garantiegeberin und/oder der CGMFL-Garantiegeberin liegen, nicht für die maßgebliche Emittentin und/oder, soweit die CGMHI die Emittentin ist, für die CGMHI-Garantiegeberin und/oder, soweit die CGMFL die Emittentin ist, für die CGMFL-Garantiegeberin verfügbar ist, wenn Zahlungen in Bezug auf ein Wertpapier fällig sind. Jegliche Beschränkung, Untersagung oder Nichtverfügbarkeit der relevanten Währung kann den Wert und die Rendite der Wertpapiere beeinträchtigen und könnte für den Anleger zu einem beträchtlichen Verlust führen.

Die vorstehenden Risiken können sich erhöhen, wenn es sich bei einer Festgelegten Währung und/oder der Zahlungswährung und/oder der Anlegerwährung um die Währung eines Schwellenlandes handelt.

***Die Nichtverfügbarkeit von Währungen könnte zu einer Minderung des Werts der Wertpapiere und der Zahlungen in Bezug auf die Wertpapiere führen***

Die Währung, in der Zahlungen in Bezug auf ein Wertpapier zu leisten sind, kann beispielsweise umgestellt werden, weil diese Währung:

- aufgrund der Einführung von Devisenkontrollen oder aufgrund anderer Umstände, die außerhalb der Kontrolle der maßgeblichen Emittentin und/oder, soweit die CGMHI die Emittentin ist, der CGMHI-Garantiegeberin und/oder, soweit die CGMFL die Emittentin ist, der CGMFL-Garantiegeberin liegen, nicht verfügbar ist;
- von der Regierung des Landes, das die Währung ausgibt, nicht mehr verwendet wird; oder

- von öffentlichen Einrichtungen des internationalen Bankensektors nicht mehr für die Abwicklung von Transaktionen verwendet wird.

Wenn die Währung, in der Zahlungen in Bezug auf ein Wertpapier zu leisten sind, aus anderen Gründen als aufgrund einer Wirtschafts- und Währungsunion offiziell umgestellt wird – beispielsweise durch eine offizielle Umstellung einer Währung, bei der es sich um eine Korbwährung handelt –, so belaufen sich die unmittelbar nach der Währungsumstellung bestehenden Zahlungsverpflichtungen der maßgeblichen Emittentin und/oder, soweit die CGMHI die Emittentin ist, der CGMHI-Garantiegeberin und/oder, soweit die CGMFL die Emittentin ist, der CGMFL-Garantiegeberin im Zusammenhang mit diesem Wertpapier auf den Betrag in der umgestellten Währung, der dem Betrag der unmittelbar vor der Währungsumstellung bestehenden Zahlungsverpflichtungen der maßgeblichen Emittentin und/oder, soweit die CGMHI die Emittentin ist, der CGMHI-Garantiegeberin und/oder, soweit die CGMFL die Emittentin ist, der CGMFL-Garantiegeberin entspricht.

In Bezug auf die Wertpapiere ist keine Anpassung eines zu zahlenden Betrags aufgrund der folgenden Ereignisse vorgesehen:

- einer Änderung des Werts der Festgelegten Währung und/oder der Zahlungswährung dieser Wertpapiere im Verhältnis zu einer anderen Währung ausschließlich aufgrund von Wechselkursschwankungen; oder
- der Umstellung einer Währungskomponente einer Korbwährung, es sei denn, die Korbwährung selbst wird offiziell umgestellt.

Entsprechend kann eine Währungsumstellung zu einem wesentlichen Verlust an Wert und Rendite der Wertpapiere führen.

#### ***Bestimmte Überlegungen im Zusammenhang mit öffentlichen Angeboten von Wertpapieren im EWR und im VK***

Wie in den geltenden Endgültigen Bedingungen aufgeführt, können Wertpapiere im Rahmen eines öffentlichen Angebots in dem/den spezifischen Mitgliedstaat(en) des EWR oder im VK während einem in den geltenden Endgültigen Bedingungen festgelegten Angebotszeitraum vertrieben werden. Während dieses Angebotszeitraums können sich die maßgebliche Emittentin und/oder eine sonstige in den geltenden Endgültigen Bedingungen angegebene Person das Recht vorbehalten, dieses Angebot zu widerrufen und/oder im Falle einer Überzeichnung oder in anderen in den geltenden Endgültigen Bedingungen aufgeführten Situationen im Hinblick auf die Zeichnungsanträge für dieses Angebot Beschränkungen vornehmen. Unter diesen Umständen werden einem antragstellenden Anleger möglicherweise gar keine oder weniger Wertpapiere als ursprünglich beantragt zugeteilt. Sämtliche Zahlungen, die ein antragstellender Anleger für Wertpapiere geleistet hat, die diesem aus einem beliebigen Grund nicht zugeteilt werden, werden erstattet. Eine solche Erstattung erfolgt jedoch mit einem zeitlichen Abstand, es werden keine Zins- oder Ausgleichszahlungen für diese Beträge geleistet, und der antragstellende Anleger ist gegebenenfalls einem Wiederanlagerisiko ausgesetzt.

Des Weiteren können die maßgebliche Emittentin und/oder andere in den geltenden Endgültigen Bedingungen angegebene Rechtsträger unter Umständen das Angebot durch eine unmittelbare Aussetzung der Annahme weiterer Zeichnungsanträge und öffentliche Mitteilung gemäß den geltenden Endgültigen Bedingungen vorzeitig beenden. Eine solche Beendigung kann auch erfolgen, wenn der Höchstbetrag der Zeichnung für dieses Angebot (wie in den geltenden Endgültigen Bedingungen festgelegt) noch nicht erreicht ist; unter diesen Umständen kann eine vorzeitige Beendigung des Angebots Auswirkungen auf die Gesamtzahl der ausgegebenen Wertpapiere haben. Dies kann wiederum die Liquidität der maßgeblichen

Wertpapiere beeinträchtigen und im Ergebnis dazu führen, dass ein Anleger ggf. nicht in der Lage ist, sie vor dem Fälligkeitstag zu verkaufen oder, falls er sie verkaufen kann, so nur mit Verlust.

Anleger sollten des Weiteren beachten, dass die Wertpapiere unter bestimmten Umständen nicht an dem ursprünglich vorgesehenen Ausgabetag ausgegeben werden können, beispielsweise weil sich die Emittentin und/oder eine sonstige in den geltenden Endgültigen Bedingungen angegebene Person das Recht vorbehalten hat, diesen Ausgabetag auf einen späteren Termin zu verschieben, oder weil die Emittentin im Anschluss an die Veröffentlichung eines Nachtrags zu diesem Basisprospekt beschlossen hat, diesen Ausgabetag auf einen späteren Termin zu verschieben, um den Anlegern, die vor dem Tag der Veröffentlichung des betreffenden Nachtrags die Zeichnung von Wertpapieren beantragt hatten, Gelegenheit zu geben, ihr Recht auf Widerruf ihrer Anträge auszuüben. Wird der Ausgabetag entsprechend verschoben, so fallen (falls anwendbar) keine Zinsen bis zum Ausgabetag der Wertpapiere an und es werden keine Ausgleichszahlungen geleistet.

### ***Feststellungen und mögliche Interessenkonflikte***

Die Bedingungen der Wertpapiere übertragen der maßgeblichen Emittentin, der Berechnungsstelle und bestimmten anderen Personen einen gewissen Ermessensspielraum bei Beurteilungen, Feststellungen und Berechnungen im Zusammenhang mit den Wertpapieren, u. a. mit einem oder mehreren Basiswerten und dem Eintritt verschiedener Ereignisse. Die maßgebliche Emittentin, die Berechnungsstelle oder entsprechende andere Personen handeln in gutem Glauben und nach billigem Ermessen (§§ 315, 317 BGB), aber es kann keine Zusicherung gegeben werden, dass die Ausübung dieses Ermessensspielraums nicht den Wert der Wertpapiere beeinflusst oder zum Eintritt einer vorzeitigen Rückzahlung in einer Höhe führt, die unter dem ursprünglichen Anlagebetrag eines Anlegers liegt.

Ist die Berechnungsstelle ein verbundenes Unternehmen der maßgeblichen Emittentin, so kann dies zu potenziellen Interessenkonflikten zwischen der Berechnungsstelle und den Wertpapierinhabern führen, einschließlich im Zusammenhang mit von der Berechnungsstelle gemäß den Wertpapieren vorgenommenen Beurteilungen, Feststellungen und Bewertungen, die sich auf die in Bezug auf die Wertpapiere zu erhaltenden Beträge oder zu liefernden spezifischen Vermögenswerte auswirken können.

Die CGMHI, die CGMHI-Garantiegeberin, die CGMFL, die CGMFL-Garantiegeberin und/oder ihre verbundenen Unternehmen und/oder Dritte oder Unternehmen, die nicht der Aufsicht nach dem Recht der Vereinigten Staaten oder des EWR oder des Vereinigten Königreichs unterliegen, können jeweils als Sponsor eines Basiswerts fungieren und Werte oder Preise oder andere Bonitätsprognosen in Zusammenhang mit einem Basiswert veröffentlichen. Zudem können die CGMHI, die CGMHI-Garantiegeberin, die CGMFL, die CGMFL-Garantiegeberin und/oder ihre verbundenen Unternehmen vorbehaltlich der Anforderungen sämtlicher geltender Gesetze und Vorschriften jeweils im Rahmen ihres Eigenhandels oder für Rechnung anderer von ihnen verwalteter Konten Transaktionen eingehen, die einen oder mehrere Basiswerte betreffen. Die CGMHI, die CGMHI-Garantiegeberin, die CGMFL, die CGMFL-Garantiegeberin und/oder ihre verbundenen Unternehmen können zudem jeweils andere derivative Instrumente in Bezug auf einen oder mehrere Basiswerte emittieren. Die CGMHI, die CGMHI-Garantiegeberin, die CGMFL, die CGMFL-Garantiegeberin und/oder ihre verbundenen Unternehmen können des Weiteren jeweils im Rahmen von künftigen Emissionen von Anteilen oder anderen Wertpapieren, die mit einer Emission von Wertpapieren im Zusammenhang stehen, als Underwriter oder Gegenpartei agieren oder als Finanzberater für bestimmte Unternehmen oder Unternehmen, deren Wertpapiere einen oder mehrere Basiswerte im Rahmen einer oder mehrerer Emissionen von Wertpapieren darstellen, oder als Geschäftsbank dieser Unternehmen tätig sein. Diese Aktivitäten können positive oder negative Auswirkungen auf den Wert des jeweiligen Basiswerts bzw. der jeweiligen Basiswerte und somit auf den Wert der Wertpapiere haben.

Die CGMHI, die CGMHI-Garantiegeberin, die CGMFL, die CGMFL-Garantiegeberin, ein Vertriebspartner und/oder ihre verbundenen Unternehmen können jeweils zum Datum dieses Basisprospekts oder zu einem

späteren Zeitpunkt über Informationen hinsichtlich eines Basiswerts verfügen, die wesentlich sind oder sein können und den Wertpapierinhabern frei zugänglich sein können, aber nicht sein müssen. Die CGMHI, die CGMHI-Garantiegeberin, die CGMFL, die CGMFL-Garantiegeberin, oder ein Vertriebspartner sind nicht zur Weitergabe solcher Informationen an potenzielle Anleger in die Wertpapiere oder an Wertpapierinhaber verpflichtet.

Die CGMHI, die CGMHI-Garantiegeberin, die CGMFL, die CGMFL-Garantiegeberin, ein Vertriebspartner und/oder ihre verbundenen Unternehmen können jeweils in Bezug auf einen oder mehrere Basiswerte bestehende oder künftige Geschäftsbeziehungen mit dem Emittenten eines oder mehrerer Basiswerte oder einem mit einem oder mehreren Basiswerten verbundenen Rechtsträger (u. a. als Kreditgeber, Depotstelle, Risikomanagement- oder Beratungsunternehmen sowie als Anbieter von Bankdienstleistungen) unterhalten und werden Handlungen und Maßnahmen ergreifen, die sie zum Schutz ihrer Interessen aus diesen Beziehungen für erforderlich oder angemessen halten, ohne dabei die Folgen für einen Wertpapierinhaber in Betracht zu ziehen, was den Wert und die Rendite der Wertpapiere wesentlich beeinträchtigen könnte.

Werden Wertpapiere öffentlich angeboten, könnten potenzielle Interessenkonflikte entstehen, da der bzw. die maßgebliche(n) Vertriebspartner und etwaige Vertriebsstellen im Rahmen eines von der maßgeblichen Emittentin erteilten Mandats handeln und Gebühren auf Grundlage der erbrachten Dienstleistungen und des Ergebnisses der Platzierung der Wertpapiere erhalten.

#### ***Ersetzung der CGMFL und/oder der CGMFL-Garantiegeberin***

Anleger sollten beachten, dass im Zusammenhang mit Wertpapieren, soweit die CGMFL die Emittentin ist, die Emittentin und/oder die CGMFL-Garantiegeberin ohne die Zustimmung der Inhaber der Wertpapiere, aber vorbehaltlich bestimmter Bedingungen, sich selbst in Bezug auf diese Wertpapiere oder in Bezug auf die CGMFL-Garantieurkunden durch eine Tochtergesellschaft ersetzen können, die zum Datum dieser Ersetzung nach Ansicht der Emittentin bzw. der CGMFL-Garantiegeberin eine mindestens gleichwertige Stellung und Kreditwürdigkeit aufweist. Eine solche Ersetzung könnte die Rechte der Wertpapierinhaber, den Wert und die Rendite der Wertpapiere und/oder die Wertentwicklung im Rahmen der CGMFL-Garantieurkunden wesentlich beeinträchtigen.

#### ***Realisierungsstörung***

Tritt ein Realisierungsstörungsereignis ein (wobei es sich zusammenfassend um (i) ein Ereignis, das zur Auferlegung von Beschränkungen, Steuern, Gebühren oder Abzügen in Bezug auf die Wertpapiere und/oder Hedginggeschäfte in Zusammenhang mit den Wertpapieren führt, die die Verpflichtungen der maßgeblichen Emittentin im Rahmen der Wertpapiere wesentlich einschränken oder die Kosten der Verpflichtungen der Emittentin im Rahmen der Wertpapiere wesentlich erhöhen bzw. die Verpflichtungen einer Hedgingpartei im Rahmen dieses Hedginggeschäfts wesentlich einschränken oder die Kosten der Verpflichtungen der Hedgingpartei im Rahmen dieses Hedginggeschäfts wesentlich erhöhen würde, oder (ii) den Eintritt oder das Vorliegen eines Ereignisses, das entweder den Umtausch, die Lieferung oder Übertragung der Zahlungswährung der Wertpapiere oder eines Hedginggeschäfts in Bezug auf die Wertpapiere wesentlich einschränkt oder die Bestimmung eines Wechselkurses in Bezug auf diese Währung einschränkt, handelt), so (a) werden gegebenenfalls die Bedingungen der Wertpapiere (einschließlich etwaiger Zahlungs- oder Lieferpflichten) angepasst, um den wirtschaftlichen Folgen des spezifischen Realisierungsstörungsereignisses Rechnung zu tragen oder (b) zahlt die maßgebliche Emittentin gegebenenfalls die Wertpapiere zurück.

Etwaige von der Berechnungsstelle vorgenommene Anpassungen können u. a. Folgendes umfassen: (i) Zahlungen im Rahmen der Wertpapiere in einer anderen Währung als der vorab festgelegten Zahlungswährung der Wertpapiere; (ii) den Abzug geltender Steuern, Gebühren oder Abzüge von in Bezug auf die Wertpapiere fälligen Zahlungen, was zu geringeren Zahlungen in Bezug auf die Wertpapiere oder zur

Lieferung einer Lieferungsmenge, die der Zahlung eines anteiligen Betrags dieser Steuer, Gebühr oder dieses Abzugs durch den betreffenden Wertpapierinhaber unterliegt, führt; (iii) die Verzögerung von Zahlungen oder Lieferungen in Bezug auf die Wertpapiere bis die betreffenden Einschränkungen aufgehoben werden; (iv) die Festlegung der betreffenden Wechselkurse durch die Berechnungsstelle unter Berücksichtigung aller verfügbaren Informationen, die diese als relevant erachtet, was zu einem anderen Kurs führen kann als dem Kurs, der maßgeblich gewesen wären, wenn das Realisierungsstörsereignis nicht eingetreten wäre, und (v) (soweit rechtlich gestattet) die physische Lieferung eines oder mehrerer Basiswerte anstatt der Zahlung eines Barbetrags in Bezug auf die Wertpapier (oder umgekehrt). Vorstehend Aufgeführtes könnte dazu führen, dass sich die Rückzahlung wesentlich von der ursprünglich erwarteten Rückzahlung in Bezug auf die Wertpapiere unterscheidet, und den Wert und die Rendite der Wertpapiere wesentlich beeinträchtigen.

Falls die Wertpapiere gemäß Ziffer (b) des vorstehenden ersten Absatzes vorzeitig zurückgezahlt werden, zahlt die maßgebliche Emittentin jedem Wertpapierinhaber in Bezug auf jeden Berechnungsbetrag dieses Wertpapierinhabers einen Betrag, der nach der in den geltenden Endgültigen Bedingungen angegebenen Methode berechnet wird, wie von der Berechnungsstelle festgelegt. Der an die Anleger zurückgezahlte Betrag kann wesentlich niedriger sein als der Betrag der ursprünglichen Anlage des Anlegers, und der Anleger würde daher einen Verlust erleiden.

Siehe weiterführend Bewertungs- und Abwicklungsbedingung 2(h) (*Realisierungsstörsereignis*).

#### ***Rechtswidrigkeit im Zusammenhang mit Wertpapieren***

Ist "Rechtswidrigkeit" in den Endgültigen Bedingungen als einschlägig aufgeführt und legt die maßgebliche Emittentin fest, dass die Ausübung ihrer Verpflichtungen im Rahmen einer Emission von Wertpapieren bzw., soweit die CGMHI die Emittentin ist, legt die CGMHI-Garantiegeberin fest, dass die Ausübung ihrer Verpflichtungen im Rahmen der CGMHI-Garantieurkunde in Bezug auf diese Wertpapiere oder, soweit die CGMFL die Emittentin ist, legt die CGMFL-Garantiegeberin fest, dass die Ausübung ihrer Verpflichtungen im Rahmen der CGMFL-Garantieurkunden in Bezug auf diese Wertpapiere aus einem beliebigen Grund insgesamt oder teilweise rechtswidrig geworden ist, kann die maßgebliche Emittentin die Wertpapiere vorzeitig zurückzahlen und zahlt, falls und soweit nach geltendem Recht zulässig, an jeden Wertpapierinhaber (i) für Strukturierte Wertpapiere in Bezug auf einen Berechnungsbetrag dieses Wertpapierinhabers einen Betrag, der in Bezug auf jeden Berechnungsbetrag, ungeachtet dieser Rechtswidrigkeit, nach der in den geltenden Endgültigen Bedingungen angegebenen Methode berechnet wird und (ii) in Bezug auf Wertpapiere, bei denen es sich nicht um Strukturierte Wertpapiere handelt, einen Betrag, der gemäß der maßgeblichen Bedingung oder wie in den geltenden Endgültigen Bedingungen angegeben berechnet wird. Der an die Anleger zurückgezahlte Betrag kann wesentlich niedriger sein als der Betrag der ursprünglichen Anlage des Anlegers, und der Anleger würde daher einen Verlust erleiden.

#### ***Section-871(m)-Ereignis***

Bei Umständen, die ein "Section-871(m)-Ereignis" darstellen (d. h. zu einem beliebigen Zeitpunkt der Eintritt von Umständen, in denen die maßgebliche Emittentin und/oder die maßgebliche Garantiegeberin und/oder eine Hedgingpartei einer Quellenbesteuerung oder einer Meldepflicht gemäß *Section 871(m)* (wie unter *Abschnitt F.4 – Besteuerung – Überlegungen zum Ertragssteuerrecht auf US-Bundesebene – Quellensteuer auf dividendenähnliche Zahlungen nach Section 871(m)* beschrieben) in Bezug auf die betreffenden Wertpapiere und/oder die maßgebliche(n) Garantieurkunde(n) und/oder zugrunde liegende Hedgingpositionen unterliegen (oder es nach Feststellung der Berechnungsstelle hinreichend wahrscheinlich ist, dass dies innerhalb der nächsten 30 Geschäftstage in Bezug auf die maßgebliche Emittentin und/oder die maßgebliche Garantiegeberin und/oder die Hedgingpartei der Fall sein wird), tritt, wenn dies in den geltenden Endgültigen Bedingungen als einschlägig aufgeführt ist, ein Vorzeitiges Rückzahlungsereignis ein, wobei in

diesem Fall die maßgeblichen Wertpapiere, wie näher in den Bedingungen dieser Wertpapiere beschrieben, zurückgezahlt werden.

Werden die Wertpapiere entsprechend vorzeitig zurückgezahlt, zahlt die maßgebliche Emittentin an jeden Wertpapierinhaber in Bezug auf jeden Berechnungsbetrag dieses Wertpapierinhabers einen Betrag, der nach der in den geltenden Endgültigen Bedingungen angegebenen Methode berechnet wird bzw. einen anderen Betrag, wie in dem Bewertungs- und Abwicklungsanhang und in den geltenden Endgültigen Bedingungen angegeben. Der an die Anleger zurückgezahlte Betrag könnte wesentlich niedriger sein als der Betrag der ursprünglichen Anlage des Wertpapierinhabers, und der Wertpapierinhaber könnte daher einen Verlust erleiden.

### **Grüne Anleihen, Soziale Anleihen und Social-Finance-Anleihen**

Der Abschnitt "*Abschnitt C – Anlageüberlegungen*" in diesem Basisprospekt gibt Auskunft über Grüne Anleihen, Soziale Anleihen und Social-Finance-Anleihen (jeweils wie im Abschnitt "*Abschnitt C – Anlageüberlegungen*" definiert) und alle einschlägigen Rahmenwerke.

Auch wenn es in der Absicht des Konzerns liegt, einen Betrag in Höhe der Nettoerlöse aus Grünen Anleihen, Sozialen Anleihen oder Social-Finance-Anleihen zumindest im Wesentlichen in der in diesem Basisprospekt und/oder den anwendbaren Endgültigen Bedingungen beschriebenen Art und Weise einzusetzen, bringt eine maßgebliche Anlage ggf. nicht die Resultate oder Ergebnisse, die von der maßgeblichen Emittentin ursprünglich erwartet oder antizipiert wurden, oder die Anlage erreicht ggf. nicht die Ziele der einschlägigen Rahmenwerke; auch kann es sein, dass die maßgebliche Emittentin oder eines ihrer verbundenen Unternehmen vielleicht nicht in der Lage ist, einen Betrag in Höhe der Nettoerlöse nach Maßgabe eines spezifischen Zeitplans anzulegen, der für Wertpapierinhaber oder die Wertpapiere relevant ist. Darüber hinaus kann ein relevantes Rahmenwerk bei Veranlassung vom Konzern auf eine Art verändert werden, die den Wert der maßgeblichen Grünen Anleihen, der Sozialen Anleihen oder der Social-Finance-Anleihen, je nach Sachlage, beeinträchtigen kann.

Gegenwärtig existieren keine eindeutige (rechtliche, aufsichtsrechtliche oder anderweitige) Definition und auch kein Marktkonsens darüber, was ein "grünes", "soziales", "inklusives", "nachhaltiges" oder mit einem gleichwertigen Etikett versehenes Projekt oder einen ebensolchen Vermögenswert ausmacht oder darüber, welche genauen Attribute ein bestimmtes Projekt oder ein bestimmter Vermögenswert haben muss, um als "grün", "sozial", "inklusive" oder "nachhaltig" definiert oder mit einem gleichwertigen Etikett belegt zu werden. Eine eindeutige Definition oder ein Konsens entwickelt sich vielleicht nicht, oder, sollte sich ein Marktkonsens entwickeln, könnte sich dieser Konsens vom maßgeblichen Rahmenwerk unterscheiden oder sich im Zeitverlauf substantiell verändern, was den Wert Grüner Anleihen, Sozialer Anleihen oder Social-Finance-Anleihen beeinträchtigen könnte. Daher erfüllen Anlagen in Unternehmen oder Projekte, die in den einschlägigen Rahmenvereinbarungen beschrieben sind, und jegliche damit verbundenen Gutachten und/oder Berichte vielleicht nicht die Erwartungen der Anleger oder die verbindlichen oder unverbindlichen rechtlichen oder sonstigen Normen in Bezug auf unmittelbare oder mittelbare Umweltauswirkungen (eingeschlossen heute oder in Zukunft geltende Gesetze oder Vorschriften oder Statuten oder andere geltende Regeln, Richtlinien oder Anlagemandate, die für Anleger gelten).

Darüber hinaus sind alle Grüne Anleihen, Soziale Anleihen oder Social-Finance-Anleihen, die im Rahmen des Rahmenwerks für Grüne Anleihen, des Rahmenwerks für Soziale Anleihen oder des Social-Finance-Rahmenwerk (jeweils wie unten definiert) ausgegeben werden, nicht dazu bestimmt, die Verordnung (EU) 2023/2631 über europäische grüne Anleihen sowie fakultative Offenlegungen zu als ökologisch nachhaltig vermarkteten Anleihen und zu an Nachhaltigkeitsziele geknüpften Anleihen (die "**EU Green Bond Verordnung**") zu erfüllen. Es ist nicht klar, ob die Einführung des EuGB-Labels und des Systems der freiwilligen Offenlegung für Anleihen, die als "ökologisch nachhaltig" ausgegeben werden, gemäß der EU

Green Bond Verordnung Auswirkungen auf die Nachfrage der Anleger nach und die Preisgestaltung von Anleihen mit grüner Verwendung der Erlöse haben könnte, die nicht den Anforderungen des EuGB-Labels oder des Systems der freiwilligen Offenlegung entsprechen, wie z. B. die im Rahmen dieses Basisprospekts ausgegebenen Grüne Anleihen, Soziale Anleihen oder Social-Finance-Anleihen. Dies könnte zu einer geringeren Liquidität oder einer geringeren Nachfrage führen oder anderweitig den Marktpreis von Grünen Anleihen beeinflussen, die unter diesem Basisprospekt begeben werden und nicht den in der EU Green Bond Verordnung vorgeschlagenen Standards entsprechen. Sie sollten alle Beschreibungen der relevanten Projekte und die Zulassungskriterien in allen anwendbaren Rahmenbedingungen und den anwendbaren Endgültigen Bedingungen berücksichtigen und selbst bestimmen, wie relevant diese Informationen und Meinungen und/oder Berichte sind und ob alle Ihre anwendbaren Standards erfüllt werden.

Jegliche Gutachten, Bestätigungen oder Berichte Dritter, die im Zusammenhang mit Grünen Anleihen, Sozialen Anleihen oder Social-Finance-Anleihen zur Verfügung gestellt werden, können Veränderungen unterliegen oder nicht beibehalten werden. Auch ist es möglich, dass solche Gutachten, Bestätigungen oder Berichte zur Verfügung stellende Parteien keiner besonderen Beaufsichtigung oder Regulierung unterliegen. Auch wenn Grüne Anleihen, Soziale Anleihen oder Social-Finance-Anleihen möglicherweise in einem dezidiert "grünen", "ökologischen", "inklusive", "nachhaltigen" oder mit einem sonstigen gleichwertigen Etikett belegten Segment einer (regulierten oder unregulierten) Börse oder eines (regulierten oder unregulierten) Wertpapiermarkts gelistet werden oder dort zum Handel zugelassen sind, sollten Anleger sich darüber im Klaren sein, dass die Kriterien für das Listing oder die Zulassung zum Handel variieren können und ihre Erwartungen ggf. nicht erfüllen, und es besteht das Risiko, dass das Listing oder die Zulassung zum Handel vielleicht seitens der maßgeblichen Emittentin nicht beibehalten oder zurückgezogen wird. Dies kann den Marktwert jeder Grünen Anleihe, Sozialen Anleihe oder Social-Finance-Anleihe mit der Folge beeinträchtigen, dass Wertpapierinhaber ggf. nicht in der Lage sind, ihre Anlage insgesamt oder teilweise zu realisieren.

Versäumt es die maßgebliche Emittentin oder eine andere maßgebliche Stelle, einen dem Nettoerlös entsprechenden Betrag so zuzuweisen (oder die Allokation zu veranlassen), wie es im einschlägigen Rahmenwerk beschrieben ist, oder Berichte zur Verfügung zu stellen, oder versäumt es eine externe Prüfstelle, ein Gutachten über ein einschlägiges Rahmenwerk oder die Einhaltung der Nachhaltigkeitsstrategie des Konzerns durch einen Bericht oder das einschlägige Rahmenwerk, je nach Sachlage, zu erstellen, so stellt dies kein Kündigungsereignis gemäß einer ausgegebenen Serie von Wertpapieren dar und löst auch keine Rechte auf vorzeitige Rückzahlung (weder seitens der maßgeblichen Emittentin oder eines Wertpapierinhabers) aus. Zusätzlich und zur Klarstellung: Die Erlöse aus Grünen Anleihen, Sozialen Anleihen oder Social-Finance-Anleihen werden von der maßgeblichen Emittentin oder einer anderen Stelle im Konzern nicht von ihrem Kapital und anderen Vermögenswerten getrennt, und es besteht keine unmittelbare oder vertragliche Verbindung zwischen Grünen Anleihen, Sozialen Anleihen oder Social-Finance-Anleihen und Förderfähigen Grünen Vermögenswerten, dem Portfolio der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum oder Social-Finance-Vermögenswerten.

Jeder der vorstehenden Faktoren (und jegliche Ereignisse, die den Wert anderer Wertpapiere der Emittentin beeinträchtigen, bei denen die Absicht besteht, "grüne", "soziale", "inklusive", "nachhaltige" oder mit einem gleichwertigen Etikett belegte Projekte oder Vermögenswerte zu finanzieren) könnte sich wesentlich nachteilig auf den Wert der betreffenden Wertpapiere auswirken.

### ***Risiken im Zusammenhang mit der Inflation***

Inflation ist der allgemeine Anstieg der Preise und der Rückgang des Kaufwerts des Geldes im Laufe der Zeit. Aufgrund der Auswirkungen der Inflation wird mit dem gleichen Geldbetrag im Laufe der Zeit weniger Waren und Dienstleistungen gekauft.

Die reale Rendite (oder Rendite) einer Anlage in Wertpapiere wird durch die Inflation verringert. Je höher die Inflationsrate, desto niedriger ist also die reale Rendite eines Wertpapiers. Wenn also die Inflationsrate gleich oder größer als die Rendite eines Wertpapiers ist, ist die reale Rendite, die ein Inhaber eines solchen Wertpapiers erzielen wird, null oder sogar negativ. Dementsprechend kann sich die Inflation negativ auf den Wert und die Rendite der Wertpapiere auswirken, und Sie sollten die potenziellen Auswirkungen der Inflation berücksichtigen (auch wenn die Inflationsrate während der Laufzeit der Wertpapiere voraussichtlich steigen wird), bevor Sie Wertpapiere kaufen.

Wenn die Bedingungen der betreffenden Wertpapiere vorsehen, dass ein Teil oder die gesamte Rendite bei Fälligkeit zurückgezahlt wird, bietet eine solche planmäßige Renditerückzahlung keinen Schutz vor den Auswirkungen der Inflation im Laufe der Zeit, und es kann immer noch der Fall sein, dass die inflationsbereinigte Rendite dieser Wertpapiere negativ sein könnte.

Zu den Risiken von Wertpapieren, die an einen oder mehrere Inflationsindizes gebunden sind, siehe "8. Risiken in Bezug auf einen oder mehrere Basiswerte bezogene Wertpapiere - Risiken im Zusammenhang mit auf Inflationsindizes bezogenen Wertpapieren".

## **7 Risiken im Zusammenhang mit der steuerlichen Behandlung der Wertpapiere in den Vereinigten Staaten**

### ***Die steuerliche Behandlung bestimmter Wertpapiere in den Vereinigten Staaten ist unklar***

Für die Zwecke der Besteuerung auf Bundesebene in den USA ist unklar, wie Wertpapiere, die nicht als Schuldtitel (im Allgemeinen handelt es sich dabei um Wertpapiere, die bei Fälligkeit nicht die Rückzahlung der Anlage des Inhabers vorsehen) behandelt werden, ordnungsgemäß zu behandeln und zu charakterisieren sind. Infolgedessen sind Zeitpunkt und Art der Einkünfte aus einem solchen Wertpapier ungewiss, und für einen Nicht-US-Anleger, der ein solches von einer US-Emittentin begebenes Wertpapier hält (wie in *Abschnitt F.4 – Besteuerung – Überlegungen zum Ertragssteuerrecht auf US-Bundesebene* beschrieben), besteht das Risiko, dass Zahlungen auf ein solches Wertpapier, insbesondere Zahlungen, die vor Fälligkeit geleistet (oder festgesetzt) werden, der Quellensteuer unterliegen können. Ist dies der Fall, muss die maßgebliche Emittentin in Bezug auf die einbehaltenen Beträge keine zusätzlichen Beträge zahlen, und ein Anleger kann daher eine wesentlich niedrigere Rendite auf die Wertpapiere erhalten als die, die ein Anleger ohne den Einbehalt erhalten würden.

Darüber hinaus besteht selbst dann, wenn die US-Emittentin ein Wertpapier als Schuldtitel behandelt, das Risiko einer Umqualifizierung, wenn das Wertpapier nicht unter allen Umständen die Rückzahlung der Investition des Inhabers vorsieht, wie es bei einer Bonitätsabhängigen Schuldverschreibungen der Fall ist. Das Finanzministerium der Vereinigten Staaten und die US-Bundessteuerbehörde (Internal Revenue Service (der "IRS")) haben um Kommentare zur ertragsteuerlichen Behandlung von "Termingeschäften mit Zahlung bei Abschluss (*prepaid forward contracts*)" und ähnlichen Instrumenten auf US-Bundesebene gebeten und angedeutet, dass solche Transaktionen zukünftigen Verordnungen oder anderen Handlungsempfehlungen unterliegen können. Des Weiteren haben Mitglieder des Kongresses Vorschläge für Änderungen der Gesetzgebung zur steuerlichen Behandlung von Derivatkontrakten eingebracht. Gesetze, Verordnungen des Finanzministeriums oder sonstige Richtlinien, die nach der Auseinandersetzung mit diesen Fragen erlassen werden, könnten sich – möglicherweise rückwirkend – nachteilig auf die Steuerfolgen einer Anlage in den Wertpapieren auswirken.

### ***Mögliches steuerpflichtiges Ereignis für Zwecke der US-Bundeseinkommensteuer***

Bestimmte Änderungen der Wertpapierbedingungen könnten für die Zwecke der US-Bundeseinkommensteuer als "wesentliche Änderungen" der Wertpapiere behandelt werden; in diesem Fall wären die Wertpapiere im Allgemeinen ganz oder teilweise als zurückgezogen und neu begeben zu

behandeln. Wesentliche Änderungen können u.a. darin bestehen, dass die Emittentin einen Ersatz für sich selbst bestimmt und bestimmte Änderungen des Basiswerts in Bezug auf ein Wertpapier sowie die Bestimmung eines Ersatz- oder Nachfolgekurses vornimmt.

Im Falle einer wesentlichen Änderung könnte die steuerliche Behandlung eines Wertpapiers in den USA von der vorherigen Behandlung abweichen. Eine geänderte Behandlung der Wertpapiere könnte für Nicht-US-Anleger mögliche Quellensteuerfolgen nach sich ziehen. Potenzielle Käufer sollten ihre Steuerberater hinsichtlich des Risikos eines solchen Ereignisses konsultieren.

#### ***Mögliche U.S. Quellensteuer nach Section 871(m)***

Gemäß *Section 871(m)* des *United States Internal Revenue Code* von 1986 in seiner jeweils geltenden Fassung (der "**Code**") wird eine Quellensteuer von 30 % (oder einen niedrigeren Steuersatz) auf bestimmte "dividendenähnliche Zahlungen" (*dividend equivalents*) erhoben, die an Wertpapierinhaber für bestimmte Finanzinstrumente, die auf US-Aktien bezogen sind oder Indizes, die US-Aktien umfassen, gezahlt wurden oder als gezahlt gelten. *Section 871(m)* nachgelagerte Verordnungen (*United States Treasury regulations*) erfordern gegebenenfalls, dass Wertpapierinhaber Quellensteuer auf dividendenähnliche Zahlungen, die für bestimmte Wertpapiere als gezahlt gelten, entrichten müssen, ungeachtet dessen, ob die Wertpapiere von der US-Emittentin oder der Nicht-US-Emittentin (wie unter "*Abschnitt F.4 – Besteuerung – Überlegungen zum Ertragssteuerrecht auf US-Bundesebene*" beschrieben) begeben werden. Diese Quellenbesteuerung gilt in der Regel für Wertpapiere, die in wesentlichem Umfang die Wertentwicklung einer oder mehrerer US-Aktien als Basiswert nachbilden, wie anhand von einem oder zwei in den nachgelagerten Verordnungen aufgeführten Tests bestimmt. Laut einer Mitteilung der IRS unterliegen jedoch vor 2027 emittierte Wertpapiere in der Regel nur einer Quellensteuer, wenn sie in Bezug auf die betreffende US-Aktie als Basiswert ein "Delta" von eins aufweisen. Die nachgelagerten Bestimmungen sehen bestimmte weitere Ausnahmen von dieser Quellenbesteuerung vor, insbesondere für auf bestimmte breitgefächerte Indizes bezogene Instrumente, die die Anforderungen der nachgelagerten Verordnungen erfüllen, sowie für Instrumente, die sich auf solche Indizes abbildenden Wertpapiere beziehen. Die maßgebliche Emittentin ist nicht verpflichtet, zusätzliche Beträge in Bezug auf nach *Section 871(m)* einbehaltene Beträge zu zahlen.

Potenzielle Käufer der Wertpapiere sollten ihre Steuerberater hinsichtlich der möglichen Anwendung von *Section 871(m)* auf ein bestimmtes Wertpapier zurate ziehen.

Wenn die maßgebliche Emittentin feststellt, dass die in Bezug auf die Wertpapiere oder ein zugrunde liegendes Hedginggeschäft der maßgeblichen Emittentin gezahlten Beträge in Bezug auf die Wertpapiere einem Einbehalt oder Meldepflichten gemäß *Section 871(m)* unterliegen, kann die maßgebliche Emittentin die Wertpapiere zurückzahlen und, sofern und soweit dies nach geltendem Recht gestattet ist, jedem Wertpapierinhaber in Bezug auf jedes Wertpapier einen Betrag auszahlen, der dem fairen Marktwert des betreffenden Wertpapiers entspricht, wobei sie auch die Kosten, die der maßgeblichen Emittentin und/oder ihren verbundenen Unternehmen bei der Abwicklung diesbezüglich zugrunde liegender Hedginggeschäfte entstanden sind, von dem Betrag in Abzug bringen kann. Der an die Anleger zurückgezahlte Betrag kann wesentlich niedriger sein als der Betrag der ursprünglichen Anlage des Anlegers, und der Anleger könnte daher einen Verlust erleiden.

#### ***Potenzielle US-Bundesquellensteuer auf Zinszahlungen***

Die Behandlung bestimmter Wertpapiere für Zwecke der U.S.-Bundesquellensteuer ist unklar. Insbesondere ist die US-Bundesquellensteuerbehandlung von Zinszahlungen der CGMHI auf Wertpapiere, die nicht als Schuldtitel behandelt werden, ungewiss.

Bei von der CGMHI begebenen Wertpapieren, die als vorausbezahlte Terminkontrakte (*prepaid forward contracts*) oder Optionen mit damit verbundenen periodischen Zahlungen behandelt werden, beabsichtigt die

CGMHI, von Zinszahlungen auf diese Wertpapiere einen Steuereinbehalt vorzunehmen, und zwar in der Regel in Höhe von 30 %, es sei denn, ein Anleger ist berechtigt, die Vorteile eines Einkommensteuerabkommens in Anspruch zu nehmen, durch das dieser Steuereinbehalt reduziert oder aufgehoben würde.

Bei von der CGMHI begebenen Wertpapieren, die als Verkaufsoptionen und Einlagen behandelt werden, beabsichtigt die Emittentin nicht, einen Einbehalt auf Zinszahlungen auf diese Schuldverschreibungen vorzunehmen, sofern der zweite Absatz unter *Abschnitt F.4 – Besteuerung – Überlegungen zum Ertragssteuerrecht auf US-Bundesebene – von US-Emittenten begebene Wertpapiere – als Schuldtitel behandelte Wertpapiere* erfüllt sind. Aufgrund der unsicheren Behandlung solcher Zahlungen ist es jedoch möglich, dass eine anwendbare Quellensteuerstelle die Zahlungen als quellensteuerpflichtig behandeln könnte (im Allgemeinen mit einem Satz von 30 %). Darüber hinaus könnte die CGMHI in Zukunft feststellen, dass ein Steuereinbehalt erforderlich ist.

Potenzielle Wertpapierinhaber sollten die Ausführungen unter *Abschnitt F.4 – Besteuerung – Überlegungen zum Ertragssteuerrecht auf US-Bundesebene – von US-Emittenten begebene Wertpapiere* lesen und ihre Steuerberater hinsichtlich dieser potenziellen Quellensteuerüberlegungen konsultieren. Weder die CGMHI noch die CGMHI-Garantiegeberin sind verpflichtet, zusätzliche Beträge in Bezug auf diese Quellensteuern zu zahlen.

### ***Meldepflichtige Transaktionen***

Im Jahr 2015 hatten das Finanzministerium der Vereinigten Staaten und der IRS Mitteilungen veröffentlicht, die besagen, dass bestimmte "*Basket Options*", "*Basket Contracts*" und im Wesentlichen ähnliche Transaktionen als meldepflichtige Transaktionen ("*reportable transactions*") gelten. Die Mitteilungen gelten für spezifische Transaktionen, bei denen ein Steuerzahler oder sein "Beauftragter" (*designee*) einen Ermessensspielraum hat, die der Transaktion zugrunde liegenden Vermögenswerte oder den der Transaktion zugrunde liegenden Algorithmus zu ändern, und diesen ausübt. Darüber hinaus haben das US-Finanzministerium und die US-Steuerbehörde IRS im Juli 2024 einen Verordnungsentwurf veröffentlicht, der, falls er in seiner jetzigen Form verabschiedet wird, solche Transaktionen als "gelistete Transaktionen" einstufen würde. Wenn die maßgebliche Emittentin, ein Indexsponsor, eine Berechnungsstelle oder eine sonstige Person ihren bzw. seinen Ermessensspielraum gemäß den Bedingungen eines Wertpapiers oder eines Index, auf den sich ein Wertpapier bezieht, ausüben und zu diesem Zwecke als "Beauftragter" des Wertpapierinhabers gelten würde, wären bestimmte Inhaber der betreffenden Wertpapiere gezwungen, sofern keine Ausnahmeregelung gilt, bestimmte Informationen an den IRS zu melden, wie in den geltenden nachgelagerten Verordnungen (*United States Treasury regulations*) aufgeführt, bzw. unterlägen diese Strafen. Die maßgebliche Emittentin ist unter Umständen auch verpflichtet, dem IRS bestimmte Informationen zu der Transaktion zu melden.

## **8 Risiken in Bezug auf einen oder mehrere Basiswerte bezogene Wertpapiere**

### ***Allgemeine Risiken in Bezug auf einen oder mehrere Basiswerte bezogene Wertpapiere***

Eine Anlage in auf einen oder mehrere Basiswerte bezogene Wertpapiere ist mit hohen Risiken verbunden, die nicht mit einer ähnlichen Anlage in ein konventionelles Wertpapier (wie einem Schuldtitel, das einen vorab festgelegten Nennbetrag aufweist, auf die Währung des Anlegers lautet und einen festen oder variablen Zinssatz auf Basis von im Inland veröffentlichten Referenzzinssätzen aufweist), einhergehen, da in Bezug auf solche Wertpapiere fällige Beträge oder zu liefernde Vermögenswerte auf die Wertentwicklung des oder der relevanten Basiswerte bezogen sind.

Die Risiken, die mit einem auf einen oder mehrere Basiswerte bezogenen spezifischen Wertpapier einhergehen, hängen in der Regel von Faktoren ab, die außerhalb der Kontrolle der Emittentin, der CGMHI-

Garantiegeberin und der CGMFL-Garantiegeberin liegen und die nicht ohne Weiteres vorhersehbar sind, und die Rendite von auf einen oder mehrere Basiswerte bezogenen Wertpapieren kann mit bestimmten Risiken behaftet sein die denen einer tatsächlichen Anlage in den/die maßgeblichen Basiswert/e gleichen. Zu diesen Risiken gehören wirtschaftliche und politische Ereignisse sowie das Angebot an und die Nachfrage nach einem oder mehreren maßgeblichen Basiswerten.

Jedes dieser Risiken kann den Stand, Preis, Satz oder einen anderen anwendbaren Wert eines Basiswerts beeinflussen, die während der gesamten Laufzeit der Wertpapiere sinken oder steigen können; derartige Schwankungen können den Wert und die Rendite der Wertpapiere beeinflussen.

Des Weiteren unterlagen die Preise für verschiedene Basiswerte in den vergangenen Jahren starken Schwankungen. Mit solchen Schwankungen ist auch künftig zu rechnen. Die in der Vergangenheit eingetretenen Schwankungen der Sätze, Stände oder Preise sind jedoch nicht zwingend ein Indikator für die Schwankungen, die während der Laufzeit von auf einen oder mehrere Basiswerte bezogenen Wertpapieren auftreten können.

Zudem wird der Wert eines oder mehrerer Basiswerte gegebenenfalls von einer Emittentin, der CGMHI-Garantiegeberin und/oder der CGMFL-Garantiegeberin oder einem verbundenen Unternehmen bestimmt oder veröffentlicht bzw. von Dritten oder Rechtsträgern bestimmt oder veröffentlicht, die nicht der Aufsicht nach dem Recht der Vereinigten Staaten, des EWR oder des Vereinigten Königreichs unterliegen.

Das Verlustrisiko infolge einer Bindung der Zahlung von Kapital-, Zins- und/oder Beendigungsbeträgen an einen oder mehrere Basiswerte kann beträchtlich ausfallen und die Zahlung von Kapital-, Zins- und/oder Beendigungsbeträgen kann vom Eintritt bestimmter Ereignisse in Bezug auf den oder die Basiswerte abhängen, die unter Umständen nicht eintreten.

#### ***Keine Eigentumsrechte am Basiswert bzw. an den Basiswerten***

Die Wertpapiere begründen keine tatsächliche Beteiligung und auch kein tatsächliches Eigentum an dem maßgeblichen Basiswert bzw. den maßgeblichen Basiswerten. Außer unter bestimmten Umständen, wenn es sich bei den Wertpapieren um Wertpapiere mit Physischer Lieferung handelt, begründet ein Wertpapier keinen Anspruch gegen einen Basiswert und, sollte der bei Rückzahlung der Wertpapiere gezahlte Betrag unter dem Nennwert der Wertpapiere liegen, hat der Wertpapierinhaber keinen Rückgriffsanspruch im Rahmen eines maßgeblichen Wertpapiers auf Wertpapierindizes, Rohstoffe, Aktien, Depositary Receipts, börsennotierte Fonds, Investmentfonds, Währungen, Dividendenfuturekontrakte, Zinssätze oder andere Instrumente, die gegebenenfalls den/die maßgeblichen Basiswert(e) dieser Wertpapiere beinhalten. Das Exposure in Bezug auf den/die maßgeblichen Basiswert(e) ist fiktiv und eine Anlage in die Wertpapiere stellt keine Anlage in den/die maßgeblichen Basiswert(e) dar. Obwohl sich die Wertentwicklung des maßgeblichen Basiswerts bzw. der maßgeblichen Basiswerte auf die Wertpapiere auswirkt, stellen der maßgebliche Basiswert bzw. die maßgeblichen Basiswerte und die Wertpapiere separate Verbindlichkeiten verschiedener Rechtsträger dar. Anleger haben kein rechtliches oder wirtschaftliches Eigentum an dem/den maßgeblichen Basiswert(en). Dementsprechend kann ein Anleger eine niedrigere Rendite aus den Wertpapieren erhalten, als er erhalten hätte, hätte er unmittelbar oder durch ein anderes Produkt in den/die Basiswert(e) investiert.

#### ***Risiken im Zusammenhang mit auf Wertpapierindizes bezogenen Wertpapieren***

Der Stand eines Wertpapierindexes basiert in der Regel auf dem Wert der in diesem Index enthaltenen Wertpapiere; Anleger sollten jedoch beachten, dass es möglich ist, dass der Stand eines Wertpapierindexes zu einem beliebigen Zeitpunkt die Wiederanlage der Rendite der in diesem Wertpapierindex enthaltenen Wertpapiere nicht berücksichtigt. Unter anderem weltweite wirtschaftliche, finanzielle und politische Entwicklungen können wesentliche Auswirkungen auf den Wert der in einem Wertpapierindex enthaltenen

Wertpapiere und/oder die Entwicklung eines Wertpapierindexes haben, und dies kann wiederum den Wert und die Rendite der Wertpapiere beeinträchtigen.

Die Risiken eines bestimmten auf einen Wertpapierindex bezogenen Wertpapiers hängen von den Bedingungen dieses Wertpapiers ab. Diese Risiken können die Möglichkeit wesentlicher Änderungen der folgenden Faktoren umfassen:

- der Kurse der in dem betreffenden Index oder den betreffenden Indizes enthaltenen Wertpapiere und die Gewichtung der einzelnen enthaltenen Wertpapiere innerhalb des betreffenden Indexes oder der betreffenden Indizes;
- anderer objektiver Kurse; und
- der wirtschaftlichen oder sonstigen Messgrößen, die den betreffenden Wertpapierindex oder die betreffenden Wertpapierindizes ausmachen.

Die Marktvolatilität spiegelt den Grad der Instabilität und erwarteten Instabilität der Entwicklung eines Wertpapierindexes und der enthaltenen Wertpapiere wider. Der Grad der Marktvolatilität hängt weitgehend von den Preisen für Finanzinstrumente ab, die die Anleger vor dieser Marktvolatilität schützen sollen. Die Preise dieser Finanzinstrumente werden grundsätzlich vom Angebot und der Nachfrage in den Options- und Derivatemärkten bestimmt. Das Angebot und die Nachfrage werden wiederum von Faktoren wie der tatsächlichen Marktvolatilität, der erwarteten Volatilität, wirtschaftlichen Faktoren und Spekulation beeinflusst. In den vergangenen Jahren unterlagen Wechselkurse und Preise für enthaltene Wertpapiere starken Schwankungen. Mit solchen Schwankungen ist auch künftig zu rechnen. Die in der Vergangenheit eingetretenen Schwankungen der Wechselkurse oder Preise sind jedoch nicht zwingend ein Indikator für die Schwankungen, die während der Laufzeit eines auf Wertpapierindizes bezogenen Wertpapiers auftreten können.

Die vorstehenden Faktoren können sich auf die Wertentwicklung eines Wertpapierindexes auswirken, und dies kann wiederum den Wert und die Rendite der Wertpapiere beeinträchtigen.

Anleger sollten beachten, dass Dividenden, sonstige Ausschüttungen, Vermögenswerte und/oder Beträge, die die Inhaber der enthaltenen Wertpapiere erhalten, nicht an die maßgebliche Emittentin, die CGMHI-Garantiegeberin (soweit die CGMHI die Emittentin ist), die CGMFL-Garantiegeberin (soweit die CGMFL die Emittentin ist) oder die Wertpapierinhaber geleistet werden. Die Rendite der Wertpapiere umfasst daher keine solche Vermögenswerte und/oder Beträge, die Anleger andernfalls erhalten würden, die eine Direktanlage in ein enthaltenes Wertpapier getätigt haben. Folglich kann die Rendite der Wertpapiere unter der Rendite einer Direktanlage in enthaltene Wertpapiere liegen.

Bei der Entscheidung über den Kauf von auf Wertpapierindizes bezogenen Wertpapieren sollten Anleger sich darüber im Klaren sein, dass bei der Berechnung der im Zusammenhang mit auf Wertpapierindizes bezogenen Wertpapiere zu zahlenden Beträge bzw. fälligen Vermögenswerte auf Folgendes zurückgegriffen werden kann:

- einen Index, der von einem verbundenen Unternehmen der maßgeblichen Emittentin, der CGMHI-Garantiegeberin (falls zutreffend) und/oder der CGMFL-Garantiegeberin (falls zutreffend) festgelegt wird; oder
- Kurse, die ausschließlich von Dritten oder Unternehmen veröffentlicht werden, die keiner Aufsicht gemäß dem Recht der Vereinigten Staaten, des EWR, des Vereinigten Königreichs oder der Rechtsordnung des jeweiligen Anlegers unterliegen.

Dementsprechend können Anleger eine niedrigere Rendite aus auf Wertpapierindizes bezogenen Wertpapieren erhalten, als sie erhalten hätten, hätten sie eine Direktanlage in ein enthaltenes Wertpapier oder in ein anderes Produkt getätigt.

Siehe Basiswertanhang 1 (*Wertpapierindexbedingungen*), für die spezifischen Bedingungen von auf Wertpapierindizes bezogenen Wertpapieren.

***Die Art und die Regeln des Wertpapierindex (oder der Wertpapierindizes), an den/die die Wertpapiere gekoppelt sind, können sich nachteilig auf den Wert und die Rendite der Wertpapiere auswirken***

#### *Kursrendite- und Gesamrendite-Indizes*

Die Regeln für die Zusammensetzung und Berechnung des jeweiligen Wertpapierindex können vorsehen, dass Dividenden, die auf seine Bestandteile gezahlt werden, in die Berechnung des Indexstandes einbezogen werden (ein **"Total Return"**-Index) oder nicht in die Berechnung des Indexstandes einbezogen werden (ein **"Price Return"**-Index).

Wenn Wertpapiere an einen "Preisrendite"-Index gekoppelt sind, partizipieren die Inhaber der Wertpapiere nicht an den Dividenden, die auf die Komponenten gezahlt werden, aus denen der Wertpapierindex besteht. Infolgedessen würden die Inhaber von Wertpapieren, die an einen solchen Wertpapierindex gekoppelt sind, nicht von den Dividenden profitieren, die von den Bestandteilen des Wertpapierindex gezahlt werden, und diese Wertpapiere entwickeln sich möglicherweise nicht so gut wie eine Position, bei der der Inhaber direkt in diese Bestandteile oder in eine "Total Return"-Version des Wertpapierindex oder in ein anderes Produkt investiert hätte.

Bei Wertpapieren, die an einen "Total Return"-Index gekoppelt sind, werden die auf seine Bestandteile gezahlten Nettodividenden (im Falle eines "Net Total Return"-Index) oder Bruttodividenden (im Falle eines "Gross Total Return"-Index) in die Berechnung des Indexstands einbezogen. Im Falle eines "Netto-Gesamrendite"-Index werden die auf seine Bestandteile gezahlten Dividenden möglicherweise nicht vollständig in den Wertpapierindex reinvestiert, und dementsprechend erhalten Sie möglicherweise eine geringere Rendite auf Wertpapiere, die an einen solchen Wertpapierindex gekoppelt sind, als Sie erhalten hätten, wenn Sie direkt in die Bestandteile eines solchen Wertpapierindex oder in ein anderes Produkt investiert hätten.

#### *Dekrement-Indizes*

Wenn der Wertpapierindex ein "Dekrement"-Merkmal hat, wird die Rendite eines solchen Wertpapierindex durch Reinvestition der Nettodividenden oder Bruttodividenden (je nach Art und Regeln des Wertpapierindex), die von seinen Bestandteilen gezahlt werden, und durch den täglichen Abzug eines vordefinierten Betrags (eine **"synthetische Dividende"**) berechnet. Die Synthetische Dividende kann als Prozentsatz des Indexstandes oder als eine feste Anzahl von Indexpunkten definiert werden. Anleger sollten beachten, dass sich die folgenden Faktoren gegebenenfalls negativ auf den Wert und die Rendite von Wertpapieren auswirken können, die an einen "Dekrement"-Index gebunden sind:

- Ein Wertpapierindex mit einem "Decrement"-Merkmal wird sich schlechter entwickeln als ein "Total Return"-Index, der als Basisindex für die Berechnung eines solchen Wertpapierindex verwendet wird, da letzterer ohne den Abzug einer synthetischen Dividende berechnet wird. Ähnlich verhält es sich, wenn ein solcher Wertpapierindex die Wertentwicklung eines einzelnen Wertpapierbestandteils abbildet: Der Wertpapierindex wird sich schlechter entwickeln als eine Direktanlage in diesen Wertpapierbestandteil, da eine solche Anlage von den Dividenden profitieren würde, die von dem Wertpapierbestandteil ohne Abzug einer Synthetischen Dividende gezahlt werden.

- Ein Wertpapierindex mit einem "Dekrement"-Merkmal entwickelt sich schlechter als der entsprechende "Preisrendite"-Index, wenn der Betrag der von den Komponenten eines solchen Wertpapierindex gezahlten Dividenden geringer ist als der Betrag der abgezogenen Synthetischen Dividende. Wenn ein solcher Wertpapierindex die Wertentwicklung eines einzelnen Wertpapierbestandteils abbildet, wird sich der Wertpapierindex schlechter entwickeln als eine Direktanlage in diesen Wertpapierbestandteil, da eine solche Anlage von den Dividenden profitieren würde, die von dem Wertpapierbestandteil ohne Abzug einer Synthetischen Dividende gezahlt werden.
- Wenn die Synthetische Dividende als eine feste Anzahl von Indexpunkten (im Gegensatz zu einem Prozentsatz des Indexstandes) definiert ist, wird die Rendite der Synthetischen Dividende (berechnet als das Verhältnis des festen Indexpunktabzugs zum entsprechenden abnehmenden Indexstand) in einem fallenden Aktienmarkt steigen, da die Synthetische Dividende ein fester Betrag ist. In einem solchen Szenario wird sich der feste Abzug stärker negativ auf den Indexstand des betreffenden Wertpapierindex auswirken, als wenn die Synthetische Dividende als Prozentsatz des Indexstandes definiert wäre. Es ist sogar möglich, dass der Indexstand in einem stark fallenden Marktszenario negativ wird, da der in Indexpunkten ausgedrückte Betrag des Rückgangs nicht mit dem Stand des Rückgangsindex variiert.

***Störungstage, Anpassungsereignisse und Vorzeitige Rückzahlungsereignisse bei auf Wertpapierindizes bezogenen Wertpapieren***

Da die Bedingungen auf Wertpapierindizes bezogener Wertpapiere Bestimmungen beinhalten, die die Verschiebung eines Bewertungstags aufgrund des Eintritts eines Störungstags regeln, können solche Verschiebungen oder in den Bedingungen solcher Wertpapiere enthaltene alternative Bestimmungen zur Bewertung sich nachteilig auf den Wert dieser Wertpapiere auswirken. Bestimmte nachstehend beschriebene Ereignisse oder Vorkommnisse sind nur dann relevant, wenn die damit verbundenen Anpassungsereignisse und Vorzeitigen Rückzahlungsereignisse in den geltenden Endgültigen Bedingungen als für einen Wertpapierindex einschlägig aufgeführt sind.

Wenn die Berechnungsstelle feststellt, dass ein Anpassungsereignis in Bezug auf einen Wertpapierindex eintritt (wobei es sich jeweils um (a) den Eintritt einer Gesetzesänderung zu einem beliebigen Zeitpunkt, die sich auf eine den Wertpapieren zugrunde liegende Hedgingposition auswirkt oder zu einer wesentlichen Erhöhung der Kosten der maßgeblichen Emittentin für die Erfüllung ihrer Pflichten in Bezug auf die Wertpapiere führt, oder eine Hedgingstörung oder Erhöhte Hedgingkosten, (b) die Tatsache, dass dieser Wertpapierindex (i) nicht von dem maßgeblichen Indexsponsor oder im Auftrag des maßgeblichen Indexsponsors, sondern von einem Nachfolger des maßgeblichen Indexsponsors oder im Auftrag eines Nachfolgers des maßgeblichen Indexsponsors berechnet und bekannt gegeben oder (ii) durch einen Nachfolgeindex ersetzt wird, bzw. (c) ein in den geltenden Endgültigen Bedingungen aufgeführtes Zusätzliches Störungsereignis handelt), so nimmt die Berechnungsstelle die Anpassung(en) an den Bedingungen der Wertpapiere vor, die sie für erforderlich hält, um den Auswirkungen dieses Anpassungsereignisses Rechnung zu tragen, oder die Berechnungsstelle kann den von dem Anpassungsereignis betroffenen Wertpapierindex durch einen neuen Wertpapierindex ersetzen, wobei sie eine nach der Einschätzung der Berechnungsstelle gleiche oder im Wesentlichen ähnliche Berechnungsformel und -methode anwendet, wie sie bei der Berechnung des Stands dieses Wertpapierindexes angewendet wurde. Eine solche Anpassung kann im Fall Erhöhter Hedgingkosten Anpassungen dahingehend umfassen, dass diese Erhöhten Hedgingkosten an die Wertpapierinhaber weitergegeben werden (dies umfasst unter anderem die Reduzierung von in Bezug auf die Wertpapiere zu zahlenden oder zu liefernden Beträgen, um den erhöhten Kosten Rechnung zu tragen). Solche Anpassungen können sich nachteilig auf den Wert dieser Wertpapiere auswirken, und wenn die Berechnungsstelle feststellt,

dass eine Anpassung auf diese Weise nicht sinnvoll vorgenommen werden kann, stellt das Anpassungsereignis ein Vorzeitiges Rückzahlungsereignis dar.

Wenn die Berechnungsstelle feststellt, dass ein Anpassungsereignis für Wertpapierindizes eintritt (wobei es sich in Bezug auf einen Wertpapierindex jeweils um die Tatsache handelt, dass der maßgebliche Indexsponsor eine wesentliche Änderung eines maßgeblichen Wertpapierindexes ankündigt, dass der Indexsponsor den Index dauerhaft einstellt und kein Nachfolgeindex existiert bzw. dass der Indexsponsor oder eine in seinem Auftrag handelnde andere Person oder ein seinem Auftrag handelndes anderes Unternehmen den maßgeblichen Index nicht berechnet und bekannt gibt), so kann die Berechnungsstelle feststellen, ob dieses Anpassungsereignis für Wertpapierindizes wesentliche Auswirkungen auf die maßgeblichen Wertpapiere hat und, falls dies der Fall ist, wird sie (A) den maßgeblichen Stand dieses Wertpapierindexes nach der vor der jeweiligen Änderung, Einstellung oder Nichtberechnung zuletzt gültigen Berechnungsformel oder -methode für den maßgeblichen Wertpapierindex berechnen und/oder (B) den betroffenen Wertpapierindex durch einen Ersatzindex ersetzen, wobei sie eine nach der Einschätzung der Berechnungsstelle gleiche oder im Wesentlichen ähnliche Berechnungsformel und -methode anwendet, wie sie bei der Berechnung des Stands dieses Wertpapierindexes angewendet wurde, und Anpassungen der Bedingungen der Wertpapiere festlegen, die erforderlich sind, um dieser Ersetzung Rechnung zu tragen und/oder (C) die Anpassungen an den Bedingungen der Wertpapiere vornehmen, die sie für erforderlich oder angemessen hält, um den Auswirkungen dieses Anpassungsereignisses für Wertpapierindizes Rechnung zu tragen. Eine solche Berechnung, Ersetzung und/oder Anpassung kann sich nachteilig auf den Wert dieser Wertpapiere auswirken, und wenn die Berechnungsstelle feststellt, dass eine Berechnung oder Ersetzung auf diese Weise nicht sinnvoll vorgenommen werden kann, stellt das Anpassungsereignis für Wertpapierindizes ein Vorzeitiges Rückzahlungsereignis dar.

Wenn ein Vorzeitiges Rückzahlungsereignis eintritt (wobei es sich jeweils um (a) Umstände, unter denen die Berechnungsstelle feststellt, dass nach einem Anpassungsereignis eine Anpassung oder Ersetzung nicht sinnvoll vorgenommen werden kann, (b) dass nach einem Anpassungsereignis für Wertpapierindizes eine Berechnung oder Ersetzung nicht in angemessener Weise vorgenommen werden kann, (c) ein *Section-871(m)*-Ereignis oder (d) ein Vorzeitiges Beendigungsereignis Hedgingstörung handelt (vorausgesetzt, dass dieses in den geltenden Endgültigen Bedingungen als einschlägig aufgeführt ist)), so können die Wertpapiere wie näher in den Bedingungen der betreffenden Wertpapiere beschrieben zurückgezahlt werden. Falls die Wertpapiere vorzeitig zurückgezahlt werden, zahlt die maßgebliche Emittentin jedem Wertpapierinhaber in Bezug auf jeden Berechnungsbetrag dieses Wertpapierinhabers einen Betrag, der nach der in den geltenden Endgültigen Bedingungen angegebenen Methode berechnet wird, wie von der Berechnungsstelle festgelegt. Der an die Anleger zurückgezahlte Betrag kann unter dem Betrag der ursprünglichen Anlage des Anlegers liegen, und der Anleger kann daher einen Verlust erleiden.

#### ***Risiken im Zusammenhang mit auf Inflationsindizes bezogenen Wertpapieren***

Die Risiken eines bestimmten auf Inflationsindizes bezogenen Wertpapiers hängen von den Bedingungen dieses Wertpapiers ab. Ein Inflationsindex und folglich der Wert von auf Inflationsindizes bezogenen Wertpapieren können von vielen ökonomischen und Marktfaktoren beeinflusst werden, u. a. durch allgemeine wirtschaftliche, finanzielle, politische oder aufsichtsrechtliche Bedingungen und/oder Ereignisse und/oder Schwankungen der Preise verschiedener Vermögenswerte, Güter, Dienstleistungen und Energieressourcen (u. a. als Reaktion auf deren Angebot und Nachfrage) und/oder die Inflationsrate der Volkswirtschaft des betreffenden Landes sowie die Inflationserwartung. Insbesondere kann der Stand eines Inflationsindex von Faktoren beeinflusst werden, die nicht mit den Finanzmärkten in Zusammenhang stehen. Ein solcher Faktor kann einen oder mehrere andere Faktoren entweder ausgleichen oder diesen bzw. diese verstärken.

Die Wertentwicklung eines Inflationsindexes wirkt sich auf die Beträge aus, die in Bezug auf Inflationsindizes bezogene Wertpapiere zu zahlen sind, und kann dazu führen, dass Anleger weniger als ihre ursprüngliche Anlage und/oder keine Rendite auf ihre Anlage oder unter bestimmten Umständen null erhalten.

Der auf Inflationsindizes bezogene Zinswertpapiere (etwaig) zu zahlende Zinssatz variiert für jede fällige Zinszahlung und kann unter dem Zinssatz liegen, der auf einen konventionellen, festverzinslichen, unkündbaren Schuldtitel der maßgeblichen Emittentin mit vergleichbarer Fälligkeit zahlbar wäre.

Siehe Basiswertanhang 2 (*Inflationsindexbedingungen*), für die spezifischen Bedingungen von auf Inflationsindizes bezogenen Wertpapieren.

#### ***Anpassungsereignisse und Vorzeitige Rückzahlungsereignisse bei auf Inflationsindizes bezogenen Wertpapieren***

Wurde ein Schlussstand des Basiswerts eines Inflationsindex für einen spezifischen Referenzmonat nicht fünf Geschäftstage vor dem maßgeblichen Zahlungstag veröffentlicht oder bekannt gegeben, bestimmt die Berechnungsstelle einen Ersatzindexstand. Eine solche Ersetzung kann sich negativ auf den Wert dieser Wertpapiere auswirken.

Anleger sollten beachten, dass bestimmte Ereignisse unter Umständen keine Anwendung finden, je nachdem, ob diese in den geltenden Endgültigen Bedingungen als einschlägig aufgeführt sind. Dementsprechend sind bestimmte nachfolgend aufgeführte Ereignisse oder Umstände nur relevant, wenn die dazugehörigen Anpassungsereignisse oder Vorzeitigen Rückzahlungsereignisse in den geltenden Endgültigen Bedingungen als für einen Inflationsindex einschlägig aufgeführt sind.

Stellt die Berechnungsstelle fest, dass ein Anpassungsereignis in Bezug auf einen Inflationsindex eingetreten ist (wobei es sich, sofern anwendbar, jeweils um Folgendes handelt: (a) den Eintritt einer Gesetzesänderung zu einem beliebigen Zeitpunkt, die sich auf eine den Wertpapieren zugrunde liegende Hedgingposition auswirkt oder zu einer wesentlichen Erhöhung der Kosten der maßgeblichen Emittentin für die Erfüllung ihrer Pflichten in Bezug auf die Wertpapiere führt, oder eine Hedgingstörung oder Erhöhte Hedgingkosten oder (b) die Erhebung höherer oder unerwarteter Gebühren und Kosten für die Verwendung dieses Index gegenüber der maßgeblichen Emittentin und/oder ihren verbundenen Unternehmen durch den maßgeblichen Indexsponsor, die die Berechnungsstelle als wesentlich einstuft), so nimmt die Berechnungsstelle (eine) entsprechende Anpassung(en) an den Bedingungen der Wertpapiere vor, die sie für erforderlich hält, um den Auswirkungen dieses Anpassungsereignisses Rechnung zu tragen, u. a. Anpassungen, um im Falle Erhöhter Hedgingkosten diese an die Wertpapierinhaber weiterzugeben (u. a. durch Minderung von in Bezug auf die Wertpapiere zu zahlenden oder liefernden Beträgen, damit diesen erhöhten Kosten Rechnung getragen wird). Solche Anpassungen können sich nachteilig auf den Wert dieser Wertpapiere auswirken, und wenn die Berechnungsstelle feststellt, dass eine Anpassung auf diese Weise nicht sinnvoll vorgenommen werden kann, stellt ein solches Anpassungsereignis ein Vorzeitiges Rückzahlungsereignis dar.

Ist für einen Inflationsindex in den geltenden Endgültigen Bedingungen "Revision" als einschlägig angegeben, gilt eine Revision eines Schlussstands des Basiswerts eines Inflationsindex, die vor dem maßgeblichen Revisionsstichtag erfolgt, für den Zweck einer in Bezug auf die Wertpapiere erfolgten Feststellung als endgültig und abschließend. Ist in den geltenden Endgültigen Bedingungen "Keine Revision" als einschlägig angegeben (bzw. ist "Revision" nicht als einschlägig angegeben), dann ist die erste Veröffentlichung und Bekanntgabe eines Schlussstands des Basiswerts für diesen Inflationsindex endgültig und abschließend. Stellt des Weiteren die Berechnungsstelle fest, dass der Indexsponsor eines Inflationsindex zur Korrektur eines offensichtlichen Fehlers einen Schlussstand des Basiswerts dieses Index bis spätestens zum Stichtag für einen offensichtlichen Fehler oder dreißig Kalendertage nach der ersten Veröffentlichung und Bekanntgabe dieses Stands (je nachdem, welcher Termin früher eintritt) vorgenommen hat, kann die

Berechnungsstelle den korrigierten Stand dieses Inflationsindex für die Zwecke einer Berechnung in Zusammenhang mit dem maßgeblichen Zahlungstag verwenden. Im Falle von Widersprüchen zwischen einer Revision und einer Korrektur eines offensichtlichen Fehlers, ist die Korrektur eines offensichtlichen Fehlers maßgeblich. Eine entsprechende Anpassung (bzw. eine für die Zwecke der Wertpapiere nicht erfolgte Anpassung) am Stand eines Inflationsindex kann sich nachteilig auf den Wert der Wertpapiere auswirken.

Stellt die Berechnungsstelle fest, dass entweder (a) ein Stand eines Inflationsindex für zwei aufeinanderfolgende Monate nicht veröffentlicht oder bekannt gegeben wurde und/oder (b) der maßgebliche Indexsponsor bekannt gibt, dass er die Veröffentlichung oder Bekanntgabe dieses Inflationsindex einstellt und/oder (c) der maßgebliche Indexsponsor diesen Inflationsindex einstellt, kann die Berechnungsstelle den ursprünglich festgelegten Inflationsindex durch einen Nachfolgeindex ersetzen. Entsprechende Änderungen können sich nachteilig auf den Wert der Wertpapiere auswirken und, wenn kein Nachfolgeindex festgelegt werden kann, tritt in Bezug auf die Wertpapiere ein Vorzeitiges Rückzahlungsereignis ein.

Gibt ein Indexsponsor in Bezug auf einen Inflationsindex bekannt, dass er eine wesentliche Anpassung an einem betreffenden Inflationsindex vornehmen wird, nimmt die Berechnungsstelle sich daraus ergebende Anpassungen an den Bedingungen der Wertpapiere vor, die in Einklang mit an einer maßgeblichen Fallbackanleihe vorgenommenen Anpassungen stehen oder für diesen modifizierten Inflationsindex erforderlich sind, damit dieser für die Wertpapiere als Inflationsindex fortbesteht. Entsprechende Anpassungen können sich nachteilig auf den Wert der entsprechenden Wertpapiere auswirken und wenn die Berechnungsstelle feststellt, dass nach billigem Ermessen (§ 317 BGB) keine entsprechende Anpassung vorgenommen werden kann, tritt in Bezug auf die Wertpapiere ein Vorzeitiges Rückzahlungsereignis ein.

Wenn ein Vorzeitiges Rückzahlungsereignis eintritt (wobei es sich jeweils um Folgendes handelt: (a) Umstände, unter denen die Berechnungsstelle feststellt, dass nach einem Anpassungsereignis eine Anpassung nicht sinnvoll vorgenommen werden kann, (b) es kann kein Nachfolgeindex bestimmt werden kann bzw. nach einer wesentlichen Änderung an einem maßgeblichen Inflationsindex kann eine Anpassung nicht sinnvoll vorgenommen werden, (c) ein *Section 871(m)*-Ereignis oder (d) ein Vorzeitiges Beendigungsereignis Hedgingstörung (vorausgesetzt, dass dieses in den geltenden Endgültigen Bedingungen als einschlägig aufgeführt ist)), können die Wertpapiere, wie näher in den Bedingungen der maßgeblichen Wertpapiere aufgeführt, zurückgezahlt werden. Falls die Wertpapiere vorzeitig zurückgezahlt werden, zahlt die maßgebliche Emittentin jedem Wertpapierinhaber in Bezug auf jeden Berechnungsbetrag dieses Wertpapierinhabers einen Betrag, der nach der in den geltenden Endgültigen Bedingungen angegebenen Methode berechnet wird, wie von der Berechnungsstelle festgelegt. Der an die Anleger zurückgezahlte Betrag könnte wesentlich niedriger sein als der Betrag der ursprünglichen Anlage des Anlegers, und der Anleger könnte daher einen Verlust erleiden.

### ***Risiken im Zusammenhang mit auf Rohstoffe bezogenen Wertpapieren***

Die Preise der maßgeblichen Rohstoffe können erheblichen Schwankungen unterliegen, die möglicherweise nicht mit den Änderungen bei Zinssätzen, Währungen oder anderen Indizes korrelieren, und der Zeitpunkt der Änderung des jeweiligen Preises eines oder mehrerer Rohstoffe kann sich auf die tatsächliche Rendite der Wertpapiere auswirken, auch wenn das durchschnittliche Niveau den Erwartungen der Anleger entspricht. Je früher die Änderung des Preises oder der Preise der Rohstoffe eintritt, desto größer sind in der Regel die Auswirkungen auf die Rendite der Wertpapiere.

Wareterminmärkte sind sehr volatil. Warenmärkte werden unter anderem durch Änderungen des Verhältnisses zwischen Angebot und Nachfrage, durch das Wetter, durch Regierungs-, Landwirtschafts-, Wirtschafts- und Handelsprogramme und –politik zur Beeinflussung der Rohstoffpreise, durch weltpolitische und weltwirtschaftliche Ereignisse sowie durch Änderungen bei den Zinssätzen beeinflusst. Darüber hinaus sind Anlagen in Termin- und Optionskontrakte mit zusätzlichen Risiken verbunden, darunter das Leverage-

Risiko (die Sicherheitsleistung ist in der Regel ein prozentualer Anteil am Nennbetrag des Kontrakts, während das Exposure nahezu unbegrenzt sein kann). Der Inhaber einer Terminposition kann feststellen, dass diese Position illiquide wird, weil bestimmte Warenbörsen die Schwankungen bei bestimmten Preisen für Terminkontrakte an einem Tag durch Regelungen begrenzen, die als "tägliche Preisschwankungsgrenzen" oder "Tageslimits" bezeichnet werden. Gemäß diesen Tageslimits dürfen an einem einzelnen Handelstag keine Geschäfte zu Preisen abgewickelt werden, die die Tageslimits überschreiten. Sobald der Preis für einen bestimmten Terminkontrakt um einen dem Tageslimit entsprechenden Betrag gestiegen oder gesunken ist, können Positionen in diesem Terminkontrakt weder aufgebaut noch liquidiert werden, es sei denn, die Händler sind dazu bereit, Geschäfte zum Limit oder innerhalb des Limits abzuwickeln. Dies könnte den Inhaber daran hindern, ungünstige Positionen zeitnah zu liquidieren und dazu führen, dass er erhebliche Verluste erleidet. Die Preise für Terminkontrakte über verschiedene Rohstoffe haben zeitweise für mehrere aufeinanderfolgende Tage das Tageslimit überschritten, sodass wenig oder gar kein Handel stattfand. Ähnliche Vorkommnisse könnten die Liquidierung ungünstiger Positionen verhindern und daher den Wert und die Rendite der Wertpapiere wesentlich beeinträchtigen.

Siehe Basiswertanhang 3 (*Bedingungen für Rohstoffe*), für die spezifischen Bedingungen von auf Rohstoffe bezogenen Wertpapieren.

#### ***Risiko im Zusammenhang mit dem möglichen Rolling-Mechanismus bei Wareterminkontrakten***

Es ist möglich, dass die Rendite von auf Rohstoffe bezogenen Wertpapieren nicht vollständig mit der Entwicklung des Preises der zugrunde liegenden Rohstoffe korreliert, da die Nutzung solcher Wareterminkontrakte in der Regel einen Rolling-Mechanismus umfasst. Dies bedeutet, dass die Wareterminkontrakte, die vor dem maßgeblichen Zahlungstag in Bezug auf die betreffenden Wertpapiere auslaufen, durch Wareterminkontrakte ersetzt werden, die zu einem späteren Zeitpunkt auslaufen. Anleger können daher nur unwesentlich von einem Anstieg/Rückgang der Preise für diese Rohstoffe profitieren.

Anleger sollten auch beachten, dass die Wareterminkontrakte eine Entwicklung aufweisen könnten, die sich erheblich von der Entwicklung der Kassamärkte für Rohstoffe unterscheidet. Die Entwicklung des Preises für einen Wareterminkontrakt im Vergleich zu dem zugrunde liegenden Rohstoff hängt eng mit dem gegenwärtigen und zukünftigen Produktionsniveau des zugrunde liegenden Rohstoffs oder der Höhe der geschätzten natürlichen Reserven – insbesondere bei Energierohstoffen – zusammen. Darüber hinaus kann der Preis des betreffenden Wareterminkontrakts nicht als genaue Prognose eines Marktpreises angesehen werden, da er auch die sogenannten "Haltekosten" (wie zum Beispiel Lagerkosten, Versicherung für die Waren, Transport etc.) umfasst, die bei der Festlegung des Preises der Wareterminkontrakte ebenfalls eine Rolle spielen. Diese Faktoren, die die Rohstoffpreise direkt beeinflussen, erklären im Wesentlichen die unvollständige Korrelation zwischen den Kassamärkten für Rohstoffe und den Wareterminkontrakten. Dementsprechend können Anleger eine niedrigere Rendite auf einen oder mehrere Wareterminkontrakte bezogene Wertpapiere erhalten, als sie erhalten würden, hätten sie in den oder die maßgeblichen Kassamärkte für Rohstoffe oder in ein anderes verwandtes Produkt investiert.

#### ***Störungstage, Anpassungsereignisse und Vorzeitige Rückzahlungsereignisse bei auf Rohstoffe bezogenen Wertpapieren***

Da die Bedingungen auf Rohstoffebezogener Wertpapiere alternative Bestimmungen zur Bewertung und/oder Bestimmungen beinhalten, die die Verschiebung eines Bewertungstags aufgrund des Eintritts eines Störungstags regeln, können solche alternativen Bestimmungen zur Bewertung oder Verschiebung sich wesentlich nachteilig auf den Wert und die Rendite dieser Wertpapiere auswirken.

Bestimmte nachstehend beschriebene Ereignisse oder Vorkommnisse sind nur dann relevant, wenn die damit verbundenen Anpassungsereignisse und Vorzeitigen Rückzahlungsereignisse in den geltenden Endgültigen Bedingungen als für Rohstoffe einschlägig aufgeführt sind.

Wenn die Berechnungsstelle feststellt, dass ein Anpassungsereignis in Bezug auf einen Rohstoff eintritt (wobei es sich jeweils um den Eintritt einer Gesetzesänderung zu einem beliebigen Zeitpunkt, die sich auf eine den Wertpapieren zugrunde liegende Hedgingposition auswirkt oder zu einer wesentlichen Erhöhung der Kosten der maßgeblichen Emittentin für die Erfüllung ihrer Pflichten in Bezug auf die Wertpapiere führt, oder eine Hedgingstörung oder Erhöhte Hedgingkosten handelt), so nimmt die Berechnungsstelle die Anpassung(en) an den Bedingungen der Wertpapiere vor, die sie für erforderlich hält, um den Auswirkungen dieses Anpassungsereignisses Rechnung zu tragen, wobei dies im Fall Erhöhter Hedgingkosten Anpassungen dahingehend umfasst, dass diese Erhöhten Hedgingkosten an die Wertpapierinhaber weitergegeben werden (dies umfasst unter anderem die Reduzierung von in Bezug auf die Wertpapiere zu zahlenden oder zu liefernden Beträgen, um den erhöhten Kosten Rechnung zu tragen). Solche Anpassungen können sich nachteilig auf den Wert dieser Wertpapiere auswirken, und wenn die Berechnungsstelle feststellt, dass eine Anpassung auf diese Weise nicht sinnvoll vorgenommen werden kann, stellt das Anpassungsereignis ein Vorzeitiges Rückzahlungsereignis dar.

Wenn ein Vorzeitiges Rückzahlungsereignis eintritt (wobei es sich jeweils um (a) Umstände, unter denen die Berechnungsstelle feststellt, dass nach einem Anpassungsereignis eine Anpassung nicht sinnvoll vorgenommen werden kann, (b) den Eintritt eines Störungsereignisses, bei dem keine maßgebliche Störungs-Ersatzregelung einen maßgeblichen Preis in Bezug auf einen Rohstoff und einen Bewertungstag liefern kann (oder bei dem angenommen wird, dass keine maßgebliche Störungs-Ersatzregelung einen maßgeblichen Preis in Bezug auf einen Rohstoff und einen Bewertungstag liefern kann), (c) ein in den geltenden Endgültigen Bedingungen aufgeführtes Zusätzliches Vorzeitiges Rückzahlungsereignis (wobei es sich in Bezug auf Rohstoffe, die Emissionen sind, um eine "Abschaffung des Systems für den Handel mit Emissionen" handelt), so können die Wertpapiere wie näher in den Bedingungen der betreffenden Wertpapiere beschrieben zurückgezahlt werden. Falls die Wertpapiere vorzeitig zurückgezahlt werden, zahlt die maßgebliche Emittentin dem Wertpapierinhaber in Bezug auf jeden Rechnungsbetrag dieses Wertpapierinhabers einen Betrag, der nach der in den geltenden Endgültigen Bedingungen angegebenen Methode berechnet wird, wie von der Berechnungsstelle festgelegt. Der an die Anleger zurückgezahlte Betrag könnte wesentlich niedriger sein als der Betrag der ursprünglichen Anlage des Anlegers, und der Anleger könnte daher einen Verlust erleiden.

### ***Risiken im Zusammenhang mit auf Aktien bezogenen Wertpapieren***

Auf Aktien bezogene Wertpapiere begründen Verpflichtungen der maßgeblichen Emittentin und, soweit die CGMHI die Emittentin ist, der CGMHI-Garantiegeberin oder, soweit die CGMFL die Emittentin ist, der CGMFL-Garantiegeberin; sie begründen keine Verpflichtungen des Emittenten einer Aktie, und Anleger haben dementsprechend keinerlei Rückgriffsanspruch gegen einen solchen Emittenten einer Aktie.

Die Emittenten dieser Aktien waren nicht an der Erstellung der geltenden Endgültigen Bedingungen oder an der Ausarbeitung der Bedingungen der Wertpapiere beteiligt, und weder die maßgebliche Emittentin noch die CGMHI-Garantiegeberin (falls zutreffend), die CGMFL-Garantiegeberin (falls zutreffend) noch ein Vertriebspartner wird im Zusammenhang mit einem solchen Angebot Nachforschungen oder Erkundigungen bezüglich der Informationen über einen solchen Emittenten von Aktien anstellen bzw. einziehen, die in diesen Endgültigen Bedingungen oder in den Dokumenten, aus denen diese Informationen entnommen wurden, enthalten sind. Folglich kann keine Zusicherung gegeben werden, dass alle Ereignisse, die vor dem maßgeblichen Ausgabetag eintreten (einschließlich Ereignisse, die sich auf die Richtigkeit oder Vollständigkeit der in diesem Absatz oder in geltenden Endgültigen Bedingungen beschriebenen öffentlich zugänglichen Dokumente auswirken würden) und die den Handelspreis der Aktie beeinflussen würden, auch öffentlich bekannt gegeben werden. Die nachträgliche Bekanntgabe solcher Ereignisse, die Bekanntgabe wesentlicher künftiger Ereignisse, die einen solchen Emittenten von Aktien betreffen, sowie die

Nichtbekanntgabe wesentlicher künftiger Ereignisse, die einen solchen Emittenten von Aktien betreffen, könnten den Handelspreis der Aktien und damit den Handelspreis der betreffenden Wertpapiere beeinflussen.

Soweit in den geltenden Endgültigen Bedingungen in Bezug auf Wertpapiere mit Physischer Lieferung nichts anderes bestimmt ist, haben Wertpapierinhaber weder Stimmrechte noch ein Recht auf Dividenden oder Ausschüttungen noch sonstige Rechte in Bezug auf die jeweiligen Aktien, auf die diese Wertpapiere sich beziehen. Es ist daher möglich, dass die Rendite dieser Wertpapiere Dividenden oder andere Ausschüttungen, die Anleger erhalten würden, die eine Direktanlage in die betreffenden Aktien getätigt haben, nicht umfasst. Folglich kann die Rendite von auf Aktien bezogenen Wertpapieren unter der Rendite einer Direktanlage in die betreffenden Aktien liegen.

Die Risiken eines auf Aktien bezogenen Wertpapiers hängen von den Bedingungen dieses Wertpapiers ab. Diese Risiken können unter anderem die Möglichkeit wesentlicher Änderungen des Kurses bzw. der Kurse der Aktie oder der Aktien umfassen. Der Wert von Aktien kann sinken oder steigen, und es ist möglich, dass der Wert einer Aktie zu einem beliebigen Zeitpunkt nicht die Wertentwicklung der Aktie in einem früheren Zeitraum widerspiegelt. Es kann keine Zusicherung im Hinblick auf den künftigen Wert einer Aktie oder im Hinblick auf den Fortbestand einer Aktie oder des Emittenten einer Aktie gegeben werden. Dementsprechend sollten potenzielle Anleger unter anderem sorgfältig die Wert- und Kursvolatilität der maßgeblichen Aktien bedenken, bevor sie eine Anlageentscheidung im Hinblick auf Wertpapiere treffen, da diese den Wert und die Rendite der Wertpapiere beeinträchtigen kann.

Ferner kann für die Berechnung der im Zusammenhang mit diesen Wertpapieren zu zahlenden Beträge auf die Wertentwicklung einer oder mehrerer Aktien über einen bestimmten Zeitraum und auf Aktien zurückgegriffen werden, deren Emittent(en) außerhalb der Vereinigten Staaten, des EWR und des Vereinigten Königreichs gegründet wurde(n).

Dementsprechend können Anleger eine niedrigere Rendite auf eine oder mehrere Aktien bezogene Wertpapiere erhalten, als sie erhalten hätten, hätten sie direkt in die Aktien oder in ein anderes Produkt investiert.

Siehe Basiswertanhang 4 (*Bedingungen für Aktien*), für die spezifischen Bedingungen von auf Aktien bezogenen Wertpapieren.

#### ***Störungstage, Anpassungsereignisse und Vorzeitige Rückzahlungsereignisse bei auf Aktien bezogenen Wertpapieren***

Da die Bedingungen für auf Aktien bezogene Wertpapiere Bestimmungen beinhalten, die die Verschiebung eines Bewertungstags aufgrund des Eintritts eines Störungstags regeln, können solche Verschiebungen oder in den Bedingungen solcher Wertpapiere enthaltene alternative Bestimmungen zur Bewertung sich nachteilig auf den Wert dieser Wertpapiere auswirken.

Bestimmte nachstehend beschriebene Ereignisse oder Vorkommnisse sind nur dann relevant, wenn die damit verbundenen Anpassungsereignisse und Vorzeitigen Rückzahlungsereignisse in den geltenden Endgültigen Bedingungen als für eine Aktie einschlägig aufgeführt sind.

Wenn die Berechnungsstelle feststellt, dass ein Anpassungsereignis in Bezug auf eine Aktie eintritt (wobei es sich jeweils um (a) den Eintritt einer Gesetzesänderung zu einem beliebigen Zeitpunkt, die sich auf eine den Wertpapieren zugrunde liegende Hedgingposition auswirkt oder zu einer wesentlichen Erhöhung der Kosten der maßgeblichen Emittentin für die Erfüllung ihrer Pflichten in Bezug auf die Wertpapiere führt, oder eine Hedgingstörung oder Erhöhte Hedgingkosten bzw. (b) eine gesellschaftsrechtliche Maßnahme, ein Delisting, eine Insolvenz, ein Fusionsereignis, eine Verstaatlichung, ein Erwerbsangebot und/oder ein in den geltenden Endgültigen Bedingungen aufgeführtes Zusätzliches Störungsereignis handelt), so nimmt die Berechnungsstelle die Anpassung(en) an den Bedingungen der Wertpapiere vor, die sie für erforderlich hält,

um den Auswirkungen dieses Anpassungsereignisses Rechnung zu tragen, oder die Berechnungsstelle kann die von dem Anpassungsereignis betroffene Aktie durch eine neue Aktie ersetzen, die von der Berechnungsstelle aus einem einschlägigen Referenzindex ausgewählt wird. Eine solche Anpassung kann im Fall Erhöhter Hedgingkosten Anpassungen dahingehend umfassen, dass diese Erhöhten Hedgingkosten an die Wertpapierinhaber weitergegeben werden (dies umfasst unter anderem die Reduzierung von in Bezug auf die Wertpapiere zu zahlenden oder zu liefernden Beträgen, um den erhöhten Kosten Rechnung zu tragen). Eine solche Anpassung oder Ersetzung kann sich nachteilig auf den Wert dieser Wertpapiere auswirken, und wenn die Berechnungsstelle feststellt, dass eine Anpassung oder Ersetzung auf diese Weise nicht sinnvoll vorgenommen werden kann, stellt das Anpassungsereignis ein Vorzeitiges Rückzahlungsereignis dar.

Wenn ein Vorzeitiges Rückzahlungsereignis eintritt (wobei es sich jeweils um (a) Umstände, unter denen die Berechnungsstelle feststellt, dass nach einem Anpassungsereignis eine Anpassung oder Ersetzung nicht sinnvoll vorgenommen werden kann, (b) ein *Section-871(m)*-Ereignis bzw. (c) ein Vorzeitiges Beendigungsereignis Hedgingstörung (vorausgesetzt, dass dieses in den geltenden Endgültigen Bedingungen als einschlägig aufgeführt ist) handelt), so können die Wertpapiere wie näher in den Bedingungen der betreffenden Wertpapiere beschrieben zurückgezahlt werden. Falls die Wertpapiere vorzeitig zurückgezahlt werden, zahlt die maßgebliche Emittentin jedem Wertpapierinhaber in Bezug auf jeden Berechnungsbetrag dieses Wertpapierinhabers einen Betrag, der nach der in den geltenden Endgültigen Bedingungen angegebenen Methode berechnet wird, wie von der Berechnungsstelle festgelegt. Der an die Anleger zurückgezahlte Betrag könnte wesentlich niedriger sein als der Betrag der ursprünglichen Anlage des Anlegers, und der Anleger könnte daher einen Verlust erleiden.

#### ***Risiken im Zusammenhang mit auf Depositary Receipts bezogenen Wertpapieren***

Auf Depositary Receipts bezogene Wertpapiere begründen Verpflichtungen der maßgeblichen Emittentin und, soweit die CGMHI die Emittentin ist, der CGMHI-Garantiegeberin oder, soweit die CGMFL die Emittentin ist, der CGMFL-Garantiegeberin; sie begründen keine Verpflichtungen einer Verwahrstelle oder eines Emittenten einer zugrunde liegenden Aktie, und Anleger haben dementsprechend keinerlei Rückgriffsanspruch gegen eine solche Verwahrstelle oder gegen einen Emittenten einer zugrunde liegenden Aktie.

Die Emittenten dieser Depositary Receipts oder der diesen Depositary Receipts zugrunde liegenden Aktien waren nicht an der Erstellung der geltenden Endgültigen Bedingungen oder an der Ausarbeitung der Bedingungen der Wertpapiere beteiligt, und weder die maßgebliche Emittentin noch die CGMHI-Garantiegeberin (falls zutreffend), die CGMFL-Garantiegeberin (falls zutreffend) noch ein Vertriebspartner wird im Zusammenhang mit einem solchen Angebot Nachforschungen oder Erkundigungen bezüglich der Informationen über einen solchen Emittenten von Depositary Receipts oder diesen zugrunde liegenden Aktien anstellen bzw. einziehen, die in diesen Endgültigen Bedingungen oder in den Dokumenten, aus denen diese Informationen entnommen wurden, enthalten sind. Folglich kann keine Zusicherung gegeben werden, dass alle Ereignisse, die vor dem maßgeblichen Ausgabetag eintreten (einschließlich Ereignisse, die sich auf die Richtigkeit oder Vollständigkeit der in diesem Absatz oder in geltenden Endgültigen Bedingungen beschriebenen öffentlich zugänglichen Dokumente auswirken würden) und die den Handelspreis des Depositary Receipt oder der zugrunde liegenden Aktie beeinflussen würden, auch öffentlich bekannt gegeben werden. Die nachträgliche Bekanntgabe solcher Ereignisse, die Bekanntgabe wesentlicher künftiger Ereignisse, die einen solchen Emittenten von Depositary Receipts oder zugrunde liegenden Aktien betreffen, sowie die Nichtbekanntgabe wesentlicher künftiger Ereignisse, die einen solchen Emittenten von Depositary Receipts oder zugrunde liegenden Aktien betreffen, könnten den Handelspreis der Depositary Receipts und damit den Handelspreis der betreffenden Wertpapiere beeinflussen.

Soweit in den geltenden Endgültigen Bedingungen in Bezug auf Wertpapiere mit Physischer Lieferung nichts anderes bestimmt ist, haben Wertpapierinhaber weder Stimmrechte noch ein Recht auf Dividenden oder

Ausschüttungen noch sonstige Rechte in Bezug auf die jeweiligen Depositary Receipts und/oder zugrunde liegenden Aktien, auf die diese Wertpapiere sich beziehen. Es ist daher möglich, dass die Rendite dieser Wertpapiere Dividenden oder andere Ausschüttungen, die Anleger erhalten würden, die eine Direktanlage in die betreffenden Depositary Receipts und/oder zugrunde liegenden Aktien getätigt haben, nicht umfasst. Folglich kann die Rendite von auf Depositary Receipts bezogenen Wertpapieren unter der Rendite einer Direktanlage in die betreffenden Depositary Receipts und/oder zugrunde liegenden Aktien liegen.

Die Risiken eines auf Depositary Receipts bezogenen Wertpapiers hängen von den Bedingungen dieses Wertpapiers ab. Diese Risiken können unter anderem die Möglichkeit wesentlicher Änderungen des Preises bzw. der Preise der Depositary Receipts umfassen. Der Wert von Depositary Receipts kann sinken oder steigen, und es ist möglich, dass der Wert eines Depositary Receipt zu einem beliebigen Zeitpunkt nicht die Wertentwicklung des Depositary Receipt in einem früheren Zeitraum widerspiegelt. Es kann keine Zusicherung im Hinblick auf den künftigen Wert von Depositary Receipts oder im Hinblick auf den Fortbestand des Emittenten eines Depositary Receipt und/oder einer zugrunde liegenden Aktie gegeben werden. Dementsprechend sollten potenzielle Anleger unter anderem sorgfältig die Wert- und Kursvolatilität von Depositary Receipts und der maßgeblichen zugrunde liegenden Aktien bedenken, bevor sie eine Anlageentscheidung im Hinblick auf Wertpapiere treffen, da diese den Wert und die Rendite der Wertpapiere beeinträchtigen kann.

Ferner kann für die Berechnung der im Zusammenhang mit diesen Wertpapieren zu zahlenden Beträge auf die Wertentwicklung eines oder mehrerer Depositary Receipts und der diesem Depositary Receipt bzw. diesen Depositary Receipts zugrunde liegenden Aktien über einen bestimmten Zeitraum und auf Depositary Receipts und/oder zugrunde liegende Aktien zurückgegriffen werden, deren Emittent(en) außerhalb der Vereinigten Staaten, des EWR und des Vereinigten Königreichs gegründet wurde(n).

Dementsprechend können Anleger eine niedrigere Rendite auf ein oder mehrere Depositary Receipts bezogene Wertpapiere erhalten, als sie erhalten hätten, hätten sie direkt in die Depositary Receipts oder in ein anderes Produkt investiert.

Siehe Basiswertanhang 5 (*Bedingungen für Depositary Receipts*), für die spezifischen Bedingungen von auf Depositary Receipts bezogenen Wertpapieren.

#### ***Störungstage, Anpassungsereignisse und Vorzeitige Rückzahlungsereignisse bei auf Depositary Receipts bezogenen Wertpapieren***

Da die Bedingungen der Wertpapiere Bestimmungen beinhalten, die die Verschiebung eines Bewertungstags aufgrund des Eintritts eines Störungstags regeln, können solche Verschiebungen oder in den Bedingungen solcher Wertpapiere enthaltene alternative Bestimmungen zur Bewertung sich wesentlich nachteilig auf den Wert und die Rendite dieser Wertpapiere auswirken.

Bestimmte nachstehend beschriebene Ereignisse oder Vorkommnisse sind nur dann relevant, wenn die damit verbundenen Anpassungsereignisse und Vorzeitigen Rückzahlungsereignisse in den geltenden Endgültigen Bedingungen als für einen Depositary Receipt einschlägig aufgeführt sind.

Wenn die Berechnungsstelle feststellt, dass ein Anpassungsereignis in Bezug auf einen Depositary Receipt und/oder eine zugrunde liegende Aktie eintritt (wobei es sich jeweils um (a) den Eintritt einer Gesetzesänderung zu einem beliebigen Zeitpunkt, die sich auf eine den Wertpapieren zugrunde liegende Hedgingposition auswirkt oder zu einer wesentlichen Erhöhung der Kosten der maßgeblichen Emittentin für die Erfüllung ihrer Pflichten in Bezug auf die Wertpapiere führt, oder eine Hedgingstörung oder Erhöhte Hedgingkosten bzw. (b) eine gesellschaftsrechtliche Maßnahme, ein Delisting, eine Insolvenz, ein Fusionsereignis, eine Verstaatlichung, ein Erwerbsangebot, eine schriftliche Aufforderung durch einen zugrunde liegenden Emittent der Aktien an die betreffende Depotstelle, die zugrunde liegenden Aktien

zurückzunehmen oder einzureichen oder die Beendigung einer maßgeblichen Hinterlegungsvereinbarung und/oder ein in den geltenden Endgültigen Bedingungen aufgeführtes Zusätzliches Störungsereignis handelt), so nimmt die Berechnungsstelle die Anpassung(en) an den Bedingungen der Wertpapiere vor, die sie für erforderlich hält, um den Auswirkungen dieses Anpassungsereignisses Rechnung zu tragen, oder die Berechnungsstelle kann den von dem Anpassungsereignis betroffenen Depositary Receipt und/oder die entsprechend betroffene Aktie durch einen von der Berechnungsstelle ausgewählten neuen Depositary Receipt (der sich im Falle einer Festlegung auf "die gleiche zugrunde liegende Aktie bei gleicher Währung" in den Ersetzungskriterien für Depositary Receipts der geltenden Endgültigen Bedingungen auf die gleich zugrunde liegende Aktie bezieht und auf die gleiche Währung lautet wie der vorherige Depositary Receipt (und, falls kein entsprechender Depositary Receipt ausgewählt wird oder verfügbar ist, wird die zugrunde liegende Aktie ersetzt und ein neuer Depositary Receipt in Bezug auf diese neue zugrunde liegende Aktie ausgewählt)) und/oder eine neue von der Berechnungsstelle aus einem einschlägigen Referenzindex ausgewählte Aktie ersetzen. Eine solche Anpassung kann im Fall Erhöhter Hedgingkosten Anpassungen dahingehend umfassen, dass diese Erhöhten Hedgingkosten an die Wertpapierinhaber weitergegeben werden (dies umfasst unter anderem die Reduzierung von in Bezug auf die Wertpapiere zu zahlenden oder zu liefernden Beträgen, um den erhöhten Kosten Rechnung zu tragen). Eine oder mehrere entsprechende Anpassungen oder eine entsprechende Ersetzung können sich nachteilig auf den Wert dieser Wertpapiere auswirken, und wenn die Berechnungsstelle feststellt, dass eine Anpassung oder Ersetzung auf diese Weise nicht sinnvoll vorgenommen werden kann, stellt das Anpassungsereignis ein Vorzeitiges Rückzahlungsereignis dar.

Wenn ein Vorzeitiges Rückzahlungsereignis eintritt (wobei es sich jeweils um (a) Umstände, unter denen die Berechnungsstelle feststellt, dass nach einem Anpassungsereignis eine Anpassung oder Ersetzung nicht sinnvoll vorgenommen werden kann, (b) ein *Section-871(m)*-Ereignis oder (c) ein Vorzeitiges Beendigungsereignis Hedgingstörung (vorausgesetzt, dass dieses in den geltenden Endgültigen Bedingungen als einschlägig aufgeführt ist) handelt), so können die Wertpapiere wie näher in den Bedingungen der betreffenden Wertpapiere beschrieben zurückgezahlt werden. Falls die Wertpapiere vorzeitig zurückgezahlt werden, zahlt die maßgebliche Emittentin jedem Wertpapierinhaber in Bezug auf jeden Berechnungsbetrag dieses Wertpapierinhabers einen Betrag, der nach der in den geltenden Endgültigen Bedingungen angegebenen Methode berechnet wird, wie von der Berechnungsstelle festgelegt. Der an die Anleger zurückgezahlte Betrag könnte wesentlich niedriger sein als der Betrag der ursprünglichen Anlage des Anlegers, und der Anleger könnte daher einen Verlust erleiden.

#### ***Risiken im Zusammenhang mit auf ETF-Anteile bezogenen Wertpapieren***

Auf ETF-Anteile bezogene Wertpapiere begründen Verpflichtungen der maßgeblichen Emittentin und, soweit die CGMHI die Emittentin ist, der CGMHI-Garantiegeberin oder, soweit die CGMFL die Emittentin ist, der CGMFL-Garantiegeberin; sie begründen keine Verpflichtungen des Emittenten eines ETF-Anteils, und Anleger haben dementsprechend keinerlei Rückgriffsanspruch gegen einen solchen Emittenten.

Die Emittenten der ETF-Anteile waren nicht an der Erstellung der geltenden Endgültigen Bedingungen oder an der Ausarbeitung der Bedingungen der Wertpapiere beteiligt, und weder die maßgebliche Emittentin noch die CGMHI-Garantiegeberin (falls zutreffend), die CGMFL-Garantiegeberin (falls zutreffend) noch ein Vertriebspartner wird im Zusammenhang mit einem solchen Angebot Nachforschungen oder Erkundigungen bezüglich der Informationen über einen solchen Emittenten von ETF-Anteilen anstellen bzw. einziehen, die in diesen Endgültigen Bedingungen oder in den Dokumenten, aus denen diese Informationen entnommen wurden, enthalten sind. Folglich kann keine Zusicherung gegeben werden, dass alle Ereignisse, die vor dem maßgeblichen Ausgabetag eintreten (einschließlich Ereignisse, die sich auf die Richtigkeit oder Vollständigkeit der in diesem Absatz oder in geltenden Endgültigen Bedingungen beschriebenen öffentlich zugänglichen Dokumente auswirken würden) und die den Handelspreis des ETF-Anteils beeinflussen

würden, auch öffentlich bekannt gegeben werden. Die nachträgliche Bekanntgabe solcher Ereignisse, die Bekanntgabe wesentlicher künftiger Ereignisse, die einen solchen Emittenten von ETF-Anteilen betreffen, sowie die Nichtbekanntgabe wesentlicher künftiger Ereignisse, die einen solchen Emittenten von ETF-Anteilen betreffen, könnten den Handelspreis der ETF-Anteile und damit den Handelspreis der betreffenden Wertpapiere beeinflussen.

Soweit in den geltenden Endgültigen Bedingungen in Bezug auf Wertpapiere mit Physischer Lieferung nichts anderes bestimmt ist, haben Wertpapierinhaber weder Stimmrechte noch ein Recht auf Dividenden oder Ausschüttungen noch sonstige Rechte in Bezug auf die jeweiligen ETF-Anteile, auf die diese Wertpapiere sich beziehen. Es ist daher möglich, dass die Rendite dieser Wertpapiere Dividenden oder andere Ausschüttungen, die Anleger erhalten würden, die eine Direktanlage in die betreffenden ETF-Anteile getätigt haben, nicht umfasst. Folglich kann die Rendite von auf ETF-Anteile bezogenen Wertpapieren unter der Rendite einer Direktanlage in die betreffenden ETF-Anteile liegen.

Die Risiken eines auf ETF-Anteile bezogenen Wertpapiers hängen von den Bedingungen dieses Wertpapiers ab. Diese Risiken können unter anderem die Möglichkeit wesentlicher Änderungen des Kurses bzw. der Kurse der ETF-Anteile umfassen. Der Wert von ETF-Anteilen kann sinken oder steigen, und es ist möglich, dass der Wert eines ETF-Anteils zu einem beliebigen Zeitpunkt nicht die Wertentwicklung des ETF-Anteils in einem früheren Zeitraum widerspiegelt. Es kann keine Zusicherung im Hinblick auf den künftigen Wert eines ETF-Anteils oder im Hinblick auf den Fortbestand eines ETF-Anteils oder des Emittenten dieses ETF-Anteils gegeben werden. Dementsprechend sollten potenzielle Anleger unter anderem sorgfältig die Wert- und Kursvolatilität der ETF-Anteile bedenken, bevor sie eine Anlageentscheidung im Hinblick auf Wertpapiere treffen, da diese den Wert und die Rendite der Wertpapiere beeinträchtigen kann.

Ferner kann für die Berechnung der im Zusammenhang mit diesen Wertpapieren zu zahlenden Beträge auf die Wertentwicklung eines oder mehrerer ETF-Anteile über einen bestimmten Zeitraum und auf ETF-Anteile zurückgegriffen werden, deren Emittent(en) außerhalb der Vereinigten Staaten, des EWR und des Vereinigten Königreichs gegründet wurde(n).

Dementsprechend können Anleger eine niedrigere Rendite auf eine oder mehrere ETF-Anteile bezogene Wertpapiere erhalten, als sie erhalten hätten, hätten sie direkt in die ETF-Anteile oder in ein anderes Produkt investiert.

Siehe Basiswertanhang 6 (*Bedingungen für Anteile börsennotierter Fonds (ETF)*), für die spezifischen Bedingungen von auf ETF-Anteile bezogenen Wertpapieren.

#### ***Störungstage, Anpassungsereignisse und Vorzeitige Rückzahlungsereignisse bei auf ETF-Anteile bezogenen Wertpapieren***

Da die Bedingungen für auf ETF-Anteile bezogene Wertpapiere Bestimmungen beinhalten, die die Verschiebung eines Bewertungstags aufgrund des Eintritts eines Störungstags regeln, können solche Verschiebungen oder in den Bedingungen solcher Wertpapiere enthaltene alternative Bestimmungen zur Bewertung sich nachteilig auf den Wert und die Rendite dieser Wertpapiere auswirken.

Bestimmte nachstehend beschriebene Ereignisse oder Vorkommnisse sind nur dann relevant, wenn die damit verbundenen Anpassungsereignisse und Vorzeitigen Rückzahlungsereignisse in den geltenden Endgültigen Bedingungen als für einen ETF-Anteil einschlägig aufgeführt sind. Während ETF-Anteile an einer Börse gehandelt und daher auf ähnliche Weise wie eine an einer Börse gehandelte Aktie bewertet werden, umfassen die Anpassungsereignisse im Zusammenhang mit auf ETF-Anteile bezogenen Wertpapieren jedoch bestimmte Anpassungen, die bei auf einen zugrunde liegenden Fonds bezogenen Wertpapieren Anwendung finden würden.

Wenn die Berechnungsstelle feststellt, dass ein Anpassungsereignis in Bezug auf einen ETF-Anteil eintritt (wobei es sich jeweils um (a) den Eintritt einer Gesetzesänderung zu einem beliebigen Zeitpunkt, die sich auf eine den Wertpapieren zugrunde liegende Hedgingposition auswirkt oder zu einer wesentlichen Erhöhung der Kosten der maßgeblichen Emittentin für die Erfüllung ihrer Pflichten in Bezug auf die Wertpapiere führt, oder eine Hedgingstörung oder Erhöhte Hedgingkosten bzw. (b) eine gesellschaftsrechtliche Maßnahme, ein Delisting, eine Insolvenz, ein Fusionsereignis, eine Verstaatlichung, ein Erwerbsangebot, eine fondsbezogene Änderung, einen Strategiebruch, aufsichtsrechtliche Maßnahmen, übergreifende Auswirkungen und/oder ein in den geltenden Endgültigen Bedingungen aufgeführtes Zusätzliches Störungsereignis handelt), so nimmt die Berechnungsstelle die Anpassung(en) an den Bedingungen der Wertpapiere vor, die sie für erforderlich hält, um den Auswirkungen dieses Anpassungsereignisses Rechnung zu tragen, oder die Berechnungsstelle kann den von dem Anpassungsereignis betroffenen ETF-Anteil durch einen neuen ETF-Anteil ersetzen, der von der Berechnungsstelle ausgewählt wird (wobei es sich um einen ETF-Anteil handeln muss, der, wenn in den geltenden Endgültigen Bedingungen ein "zugrunde liegender Index" festgelegt ist, diesen zugrunde liegenden Index oder einen Index mit im Wesentlichen ähnlicher Formel und Berechnungsmethode abbildet). Eine solche Anpassung kann im Fall Erhöhter Hedgingkosten Anpassungen dahingehend umfassen, dass diese Erhöhten Hedgingkosten an die Wertpapierinhaber weitergegeben werden (dies umfasst unter anderem die Reduzierung von in Bezug auf die Wertpapiere zu zahlenden oder zu liefernden Beträgen, um den erhöhten Kosten Rechnung zu tragen). Eine solche Anpassung oder Ersetzung kann sich nachteilig auf den Wert dieser Wertpapiere auswirken, und wenn die Berechnungsstelle feststellt, dass eine Anpassung oder Ersetzung auf diese Weise nicht sinnvoll vorgenommen werden kann, stellt das Anpassungsereignis ein Vorzeitiges Rückzahlungsereignis dar.

Wenn ein Vorzeitiges Rückzahlungsereignis eintritt (wobei es sich jeweils, falls zutreffend, um (a) Umstände, unter denen die Berechnungsstelle feststellt, dass nach einem Anpassungsereignis eine Anpassung oder Ersetzung nicht sinnvoll vorgenommen werden kann, (b) ein *Section-871(m)*-Ereignis bzw. (c) ein Vorzeitiges Beendigungsereignis Hedgingstörung (vorausgesetzt, dass dieses in den geltenden Endgültigen Bedingungen als einschlägig aufgeführt ist) handelt), so können die Wertpapiere wie näher in den Bedingungen der betreffenden Wertpapiere beschrieben zurückgezahlt werden. Falls die Wertpapiere vorzeitig zurückgezahlt werden, zahlt die maßgebliche Emittentin jedem Wertpapierinhaber in Bezug auf jeden Berechnungsbetrag dieses Wertpapierinhabers einen Betrag, der nach der in den geltenden Endgültigen Bedingungen angegebenen Methode berechnet wird, wie von der Berechnungsstelle festgelegt. Der an die Anleger zurückgezahlte Betrag könnte wesentlich niedriger sein als der Betrag der ursprünglichen Anlage des Anlegers, und der Anleger könnte daher einen Verlust erleiden.

#### ***Risiken im Zusammenhang mit auf Investmentfondsanteile bezogenen Wertpapieren***

Auf Investmentfondsanteile bezogene Wertpapiere begründen Verpflichtungen der maßgeblichen Emittentin und, soweit die CGMHI die Emittentin ist, der CGMHI-Garantiegeberin oder, soweit die CGMFL die Emittentin ist, der CGMFL-Garantiegeberin; sie begründen keine Verpflichtungen der Verwaltungsstelle, des Beraters oder Managers in Bezug auf einen Investmentfonds, und Sie haben dementsprechend keinerlei Rückgriffsanspruch gegen eine solche Verwaltungsstelle, einen solchen Berater oder Manager eines Investmentfonds.

Die Verwaltungsstelle, der Berater oder Manager in Bezug auf einen Investmentfonds war nicht an der Erstellung der geltenden Endgültigen Bedingungen oder an der Ausarbeitung der Bedingungen der Wertpapiere beteiligt, und weder die maßgebliche Emittentin noch die CGMHI-Garantiegeberin (falls zutreffend), die CGMFL-Garantiegeberin (falls zutreffend) noch ein Vertriebspartner wird im Zusammenhang mit einem solchen Angebot Nachforschungen oder Erkundigungen bezüglich der Informationen über einen solchen Investmentfonds anstellen bzw. einziehen, die in diesen Endgültigen Bedingungen oder in den Dokumenten, aus denen diese Informationen entnommen wurden, enthalten sind.

Folglich kann keine Zusicherung gegeben werden, dass alle Ereignisse, die vor dem maßgeblichen Ausgabetag eintreten (einschließlich Ereignisse, die sich auf die Richtigkeit oder Vollständigkeit der in diesem Absatz oder in geltenden Endgültigen Bedingungen beschriebenen öffentlich zugänglichen Dokumente auswirken würden) und die den Wert des Investmentfondsanteils beeinflussen würden, auch öffentlich bekannt gegeben werden. Die nachträgliche Bekanntgabe solcher Ereignisse, die Bekanntgabe wesentlicher künftiger Ereignisse, die einen solchen Investmentfondsanteil betreffen, sowie die Nichtbekanntgabe wesentlicher künftiger Ereignisse, die einen solchen Investmentfonds betreffen, könnten den Wert des Investmentfondsanteils und damit den Handelspreis der Wertpapiere beeinflussen.

Soweit in den geltenden Endgültigen Bedingungen in Bezug auf Wertpapiere mit Physischer Lieferung nichts anderes bestimmt ist, haben Wertpapierinhaber weder Stimmrechte noch ein Recht auf Dividenden oder Ausschüttungen noch sonstige Rechte in Bezug auf die jeweiligen Investmentfondsanteile, auf die diese Wertpapiere sich beziehen. Es ist daher möglich, dass die Rendite dieser Wertpapiere Dividenden oder andere Ausschüttungen, die Sie erhalten würden, hätten Sie eine Direktanlage in die betreffenden Investmentfondsanteile getätigt, nicht umfasst. Folglich kann die Rendite von auf Investmentfondsanteile bezogenen Wertpapieren unter der Rendite einer Direktanlage in die betreffenden Investmentfondsanteile liegen.

Die Risiken eines auf Investmentfondsanteile bezogenen Wertpapiers hängen von den Bedingungen dieses Wertpapiers ab. Diese Risiken können unter anderem die Möglichkeit wesentlicher Änderungen des Werts bzw. der Werte der Investmentfondsanteile umfassen. Der Wert von Investmentfondsanteilen kann sinken oder steigen, und es ist möglich, dass der Wert eines Investmentfondsanteils zu einem beliebigen Zeitpunkt nicht die Wertentwicklung des Investmentfondsanteils in einem früheren Zeitraum widerspiegelt. Es kann keine Zusicherung im Hinblick auf den künftigen Wert eines Investmentfondsanteils oder im Hinblick auf den Fortbestand eines Investmentfondsanteils oder des Emittenten dieses Investmentfondsanteils gegeben werden. Dementsprechend sollten Sie unter anderem sorgfältig die Wert- und Kursvolatilität der betreffenden Investmentfondsanteile bedenken, bevor Sie eine Anlageentscheidung im Hinblick auf Wertpapiere treffen, da diese den Wert und die Rendite der Wertpapiere beeinträchtigen kann.

Ferner können Investmentfonds mit einer breiten Palette von Anlagen handeln und in diese investieren, darunter auch Schuldtitel und Beteiligungswertpapiere, Rohstoffe und Devisen, und Derivategeschäfte wie unter anderem auch Termin- und Optionskontrakte schließen. Investmentfondsanteile können illiquide sein, und es ist möglich, dass sie nur selten gehandelt werden. Die Handelsstrategien von Investmentfonds sind häufig undurchsichtig. Investmentfonds und die Märkte und Instrumente, in denen sie ihre Anlagen tätigen, unterliegen häufig keiner Aufsicht durch Regierungsbehörden, Selbstregulierungsbehörden oder andere Aufsichtsbehörden. Auch kann der Wert von Investmentfondsanteilen von der Entwicklung der betreffenden Fondsdienstleister und insbesondere des betreffenden Fondsberaters beeinträchtigt werden.

Aus den vorstehenden Gründen gelten direkte oder indirekte Anlagen in Investmentfonds generell als risikobehaftet. Entwickelt sich der zugrunde liegende Investmentfonds nicht hinreichend gut, sinkt der Wert der Wertpapiere und kann unter bestimmten Umständen null betragen.

Ferner kann für die Berechnung der im Zusammenhang mit diesen Wertpapieren zu zahlenden Beträge auf die Wertentwicklung eines oder mehrerer Investmentfondsanteile über einen bestimmten Zeitraum und auf Investmentfondsanteile zurückgegriffen werden, deren Emittent(en) außerhalb der Vereinigten Staaten, des EWR und des Vereinigten Königreichs gegründet wurde(n).

Dementsprechend können Anleger eine niedrigere Rendite auf eine oder mehrere Investmentfondsanteile bezogene Wertpapiere erhalten, als sie erhalten hätten, hätten sie direkt in die Investmentfondsanteile oder in ein anderes Produkt investiert.

Siehe Basiswertanhang 7 (*Bedingungen für Investmentfondsanteile*), für die spezifischen Bedingungen von auf Investmentfondsanteile bezogenen Wertpapieren.

***Störungstage, Anpassungsereignisse und Vorzeitige Rückzahlungsereignisse bei auf Investmentfondsanteile bezogenen Wertpapieren***

Da die Bedingungen für auf Investmentfondsanteile bezogene Wertpapiere Bestimmungen beinhalten, die die Verschiebung eines Bewertungstags aufgrund des Eintritts eines Störungstags regeln, können solche Verschiebungen oder in den Bedingungen solcher Wertpapiere enthaltene alternative Bestimmungen zur Bewertung sich nachteilig auf den Wert und die Rendite dieser Wertpapiere auswirken.

Bestimmte nachstehend beschriebene Ereignisse oder Vorkommnisse sind nur dann relevant, wenn die damit verbundenen Anpassungsereignisse und Vorzeitigen Rückzahlungsereignisse in den geltenden Endgültigen Bedingungen als für einen Investmentfondsanteil einschlägig aufgeführt sind.

Wenn die Berechnungsstelle feststellt, dass ein Anpassungsereignis in Bezug auf einen Investmentfondsanteil eintritt (wobei es sich jeweils um (a) den Eintritt einer Gesetzesänderung zu einem beliebigen Zeitpunkt, die sich auf eine den Wertpapieren zugrunde liegende Hedgingposition auswirkt oder zu einer wesentlichen Erhöhung der Kosten der maßgeblichen Emittentin für die Erfüllung ihrer Pflichten in Bezug auf die Wertpapiere führt, oder eine Hedgingstörung oder Erhöhte Hedgingkosten bzw. (b) eine gesellschaftsrechtliche Maßnahme, eine Insolvenz, ein Fusionsereignis, eine Verstaatlichung, ein Beraterücktrittsereignis, eine fondsbezogene Änderung, einen Strategiebruch, aufsichtsrechtliche Maßnahmen, eine Meldestörung, übergreifende Auswirkungen, ein Ausfall eines Fondsdienstleisters und/oder ein in den geltenden Endgültigen Bedingungen aufgeführtes Zusätzliches Störungsereignis handelt), so nimmt die Berechnungsstelle die Anpassung(en) an den Bedingungen der Wertpapiere vor, die sie für erforderlich hält, um den Auswirkungen dieses Anpassungsereignisses Rechnung zu tragen, oder die Berechnungsstelle kann den von dem Anpassungsereignis betroffenen Investmentfondsanteil durch einen neuen Investmentfondsanteil ersetzen, der von der Berechnungsstelle ausgewählt wird (wobei es sich um einen Fonds handelt, der tägliche Liquidität bietet, dessen Anteile oder Einheiten vom Fonds gezeichnet, veräußert oder zurückgezahlt werden können (vorbehaltlich einer Kündigungsfrist von maximal zwei Fondsgeschäftstagen und ohne Erhebung von Kosten durch den Fonds) und der nach Feststellung der Berechnungsstelle dieselben oder im Wesentlichen ähnliche Strategien verfolgt und auf dieselbe Währung lautet wie der betroffene Investmentfonds). Eine solche Anpassung kann im Fall Erhöhter Hedgingkosten Anpassungen dahingehend umfassen, dass diese Erhöhten Hedgingkosten an die Wertpapierinhaber weitergegeben werden (dies umfasst unter anderem die Reduzierung von in Bezug auf die Wertpapiere zu zahlenden oder zu liefernden Beträgen, um den erhöhten Kosten Rechnung zu tragen). Eine solche Anpassung kann auch die Monetarisierung einschließen, bei der die Berechnungsstelle den Wert des vom maßgeblichen Anpassungsereignis betroffenen Investmentfondsanteils an einem von der Berechnungsstelle ausgewählten Datum festlegt und Anpassungen an den Bedingungen der Wertpapiere vornimmt, damit die Wertpapiere auf diesen Wert (und darauf entfallende Zinsen) und nicht auf den Investmentfondsanteil bezogen sind. Eine solche Anpassung oder Ersetzung kann sich nachteilig auf den Wert dieser Wertpapiere auswirken, und wenn die Berechnungsstelle feststellt, dass eine Anpassung oder Ersetzung auf diese Weise nicht sinnvoll vorgenommen werden kann, stellt das Anpassungsereignis ein Vorzeitiges Rückzahlungsereignis dar.

Wenn ein Vorzeitiges Rückzahlungsereignis eintritt (wobei es sich jeweils, falls zutreffend, um (a) Umstände, unter denen die Berechnungsstelle feststellt, dass nach einem Anpassungsereignis eine Anpassung oder Ersetzung nicht sinnvoll vorgenommen werden kann, (b) die Feststellung auf Seiten der Berechnungsstelle, dass eine Monetarisierung nicht sinnvoll vorgenommen werden kann, (c) ein *Section-871(m)*-Ereignis bzw. (d) ein Vorzeitiges Beendigungsereignis Hedgingstörung (vorausgesetzt, dass dieses in den geltenden Endgültigen Bedingungen als einschlägig aufgeführt ist) handelt), so können die Wertpapiere wie näher in

den Bedingungen der betreffenden Wertpapiere beschrieben zurückgezahlt werden. Falls die Wertpapiere vorzeitig zurückgezahlt werden, zahlt die maßgebliche Emittentin jedem Wertpapierinhaber einen Betrag, der nach der in den geltenden Endgültigen Bedingungen angegebenen Methode berechnet wird, wie von der Berechnungsstelle festgelegt. Der an Sie zurückgezahlte Betrag könnte wesentlich niedriger sein als der Betrag Ihrer ursprünglichen Anlage, und Sie könnten daher einen Verlust erleiden.

***Risiken im Zusammenhang mit auf Wechselkurse bezogenen Wertpapieren***

Eine Anlage in auf Wechselkurse bezogene Wertpapiere kann ähnliche Marktrisiken aufweisen wie eine Direktanlage in Devisen.

Wechselkursbewegungen können erheblichen Schwankungen unterliegen, die möglicherweise nicht mit den Änderungen bei Zinssätzen oder anderen Indizes korrelieren, und der Zeitpunkt von Änderungen der Wechselkurse kann sich auf die tatsächliche Rendite der Anleger auswirken, auch wenn das durchschnittliche Niveau ihren Erwartungen entspricht. Zudem können auf Wechselkurse bezogene Wertpapiere sich auf Währungen von Schwellenländern beziehen und daher einer höheren Volatilität und einer geringeren Sicherheit hinsichtlich künftiger Niveaus oder im Vergleich zu anderen Währungen ausgesetzt sein. Währungen aus Schwellenländern sind in hohem Maße dem Risiko einer künftigen Währungskrise ausgesetzt, was zum Eintritt eines Störungstags führen kann – siehe nachstehend "Störungstage".

Wechselkursschwankungen und die implizite Volatilität der betreffenden Währung (oder des betreffenden Währungskorbs) wirken sich auf den Wert der betreffenden Wertpapiere aus. Der Wert einer Währung kann von komplexen politischen und wirtschaftlichen Faktoren beeinflusst werden, u. a. staatlichen Maßnahmen, um den Wert einer Währung/der Währungen ungeachtet anderer Marktkräfte zu stabilisieren oder zu unterstützen, was den Wert und die Rendite der Wertpapiere des betreffenden Wertpapierinhabers wesentlich beeinträchtigen könnte (siehe vorstehend "6. Risiken im Zusammenhang mit Wertpapieren im Allgemeinen - Änderungen von Wechselkursen und Devisenkontrollen könnten zu einer Minderung des Werts der und der Zahlungen in Bezug auf die Wertpapiere in der Währung der Rechtsordnung eines Anlegers führen").

Dementsprechend können Anleger eine niedrigere Rendite auf eine oder mehrere Wechselkurse bezogene Wertpapiere erhalten, als sie erhalten hätten, hätten sie direkt in die maßgebliche/n Währung/en oder in ein anderes Produkt investiert.

Siehe Basiswertanhang 8 (*Wechselkursbedingungen*), für die spezifischen Bedingungen von auf Wechselkurse bezogenen Wertpapieren.

***Störungstage, Anpassungsereignisse und Vorzeitige Rückzahlungsereignisse bei auf Wechselkurse bezogenen Wertpapieren, sofern die Bestimmungen der EMTA in den geltenden Endgültigen Bedingungen nicht als einschlägig aufgeführt sind***

Da die Bedingungen der auf Wechselkurse bezogenen Wertpapiere Bestimmungen beinhalten, die die Verschiebung eines Bewertungstags aufgrund des Eintritts eines Störungstags regeln, können solche Verschiebungen oder in den Bedingungen der Wertpapiere enthaltene alternative Bestimmungen zur Bewertung sich wesentlich nachteilig auf den Wert und die Rendite dieser Wertpapiere auswirken.

Bestimmte nachstehend beschriebene Ereignisse oder Vorkommnisse sind nur dann relevant, wenn die damit verbundenen Anpassungsereignisse und Vorzeitigen Rückzahlungsereignisse in den geltenden Endgültigen Bedingungen als für Wechselkurse einschlägig aufgeführt sind.

Wenn die Berechnungsstelle feststellt, dass ein Anpassungsereignis in Bezug auf einen Wechselkurs eintritt (wobei es sich jeweils um (a) den Eintritt einer Gesetzesänderung zu einem beliebigen Zeitpunkt, die sich auf eine den Wertpapieren zugrunde liegende Hedgingposition auswirkt oder zu einer wesentlichen Erhöhung der Kosten der Emittentin für die Erfüllung ihrer Pflichten in Bezug auf die Wertpapiere führt, oder eine

Hedgingstörung oder Erhöhte Hedgingkosten bzw. (b) die rechtmäßige Umwandlung oder den rechtmäßigen Umtausch der Währung eines Landes in eine Nachfolgewährung handelt), so nimmt die Berechnungsstelle die Anpassung(en) an den Bedingungen der Wertpapiere vor, die sie für erforderlich hält, um den Auswirkungen dieses Anpassungsereignisses Rechnung zu tragen, wobei dies im Fall Erhöhter Hedgingkosten Anpassungen dahingehend umfasst, dass diese Erhöhten Hedgingkosten an die Wertpapierinhaber weitergegeben werden (dies umfasst unter anderem die Reduzierung von in Bezug auf die Wertpapiere zu zahlenden oder zu liefernden Beträgen, um den erhöhten Kosten Rechnung zu tragen). Solche Anpassungen können sich nachteilig auf den Wert dieser Wertpapiere auswirken, und wenn die Berechnungsstelle feststellt, dass eine Anpassung auf diese Weise nicht sinnvoll vorgenommen werden kann, stellt das Anpassungsereignis ein Vorzeitiges Rückzahlungsereignis dar.

Wenn ein Vorzeitiges Rückzahlungsereignis eintritt (wobei es sich jeweils um (a) Umstände, unter denen die Berechnungsstelle feststellt, dass nach einem Anpassungsereignis eine Anpassung nicht sinnvoll vorgenommen werden, (b) ein *Section-871(m)*-Ereignis oder (c) ein Vorzeitiges Beendigungsereignis Hedgingstörung (vorausgesetzt, dass dieses in den geltenden Endgültigen Bedingungen als einschlägig aufgeführt ist) handelt), so können die Wertpapiere wie näher in den Bedingungen der betreffenden Wertpapiere beschrieben zurückgezahlt werden. Falls die Wertpapiere vorzeitig zurückgezahlt werden, zahlt die maßgebliche Emittentin dem Wertpapierinhaber in Bezug auf jeden Rechnungsbetrag dieses Wertpapierinhabers einen Betrag, der nach der in den geltenden Endgültigen Bedingungen angegebenen Methode berechnet wird, wie von der Berechnungsstelle festgelegt. Der an die Anleger zurückgezahlte Betrag könnte wesentlich niedriger sein als der Betrag der ursprünglichen Anlage des Anlegers, und der Anleger könnte daher einen Verlust erleiden.

***Störungstage, Anpassungsereignisse und Vorzeitige Rückzahlungsereignisse bei auf Wechselkurse bezogenen Wertpapieren, sofern die Bestimmungen der EMTA in den geltenden Endgültigen Bedingungen als einschlägig aufgeführt sind***

Die Bedingungen der Wertpapiere beinhalten Bestimmungen, die die Folgen eines Störungstags regeln. Diese Folgen werden nach Maßgabe der in den geltenden Endgültigen Bedingungen aufgeführten Störungs-Ersatzregelungen bestimmt und sind u. a. (i) sofern eine Bewertungsverzögerung in den geltenden Endgültigen Bedingungen aufgeführt ist, die Verschiebung eines Bewertungstags infolge des Eintritts eines Störungstags, (ii) sofern ein Erster Ersatzreferenzpreis oder ein Zweiter Ersatzreferenzpreis in den geltenden Endgültigen Bedingungen aufgeführt ist, die Bestimmung des Schlusstands des Basiswerts für den maßgeblichen Bewertungstag anhand alternativer Preise für den geltenden Wechselkurs und (iii) sofern die Feststellung der Berechnungsstelle in den geltenden Endgültigen Bedingungen als einschlägig aufgeführt wird, die Bestimmung des Schlusstands des Basiswerts für den maßgeblichen Bewertungstag durch die Berechnungsstelle. Diese in den Bedingungen der Wertpapiere enthaltenen alternativen Bestimmungen zur Bewertung können sich nachteilig auf den Wert dieser Wertpapiere auswirken. Die gegebenenfalls geltenden Bestimmungen zur Bewertungsverzögerung können dazu führen, dass ein Wertpapierinhaber Zahlungen aus den Wertpapieren nach dem ursprünglich festgesetzten Zahlungstag erhält.

Bestimmte nachstehend beschriebene Ereignisse oder Vorkommnisse sind nur dann relevant, wenn die damit verbundenen Anpassungsereignisse und Vorzeitigen Rückzahlungsereignisse in den geltenden Endgültigen Bedingungen als für Wechselkurse einschlägig aufgeführt sind.

Wenn die Berechnungsstelle feststellt, dass ein Anpassungsereignis in Bezug auf einen Wechselkurs eintritt (wobei es sich jeweils um (a) den Eintritt einer Gesetzesänderung zu einem beliebigen Zeitpunkt, die sich auf eine den Wertpapieren zugrunde liegende Hedgingposition auswirkt oder zu einer wesentlichen Erhöhung der Kosten der maßgeblichen Emittentin für die Erfüllung ihrer Pflichten in Bezug auf die Wertpapiere führt, oder eine Hedgingstörung oder Erhöhte Hedgingkosten oder (b) einen maßgeblichen Kurs, der am Handelstag von der maßgeblichen Regierungsbehörde gemeldet, sanktioniert, anerkannt, veröffentlicht,

bekannt gegeben oder angenommen wird (oder sie ergreift eine sonstige ähnliche Maßnahme), und der nicht länger entsprechend gemeldet, sanktioniert, anerkannt, veröffentlicht, bekannt gegeben oder angenommen wird (oder es wird eine sonstige ähnliche Maßnahme ergriffen) handelt), so nimmt die Berechnungsstelle die Anpassung(en) an den Bedingungen der Wertpapiere vor, die sie für erforderlich hält, um den Auswirkungen dieses Anpassungsereignisses Rechnung zu tragen, u. a. im Fall Erhöhter Hedgingkosten Anpassungen dahingehend, dass diese Erhöhten Hedgingkosten an die Wertpapierinhaber weitergegeben werden (dies umfasst unter anderem die Reduzierung von in Bezug auf die Wertpapiere zu zahlenden oder zu liefernden Beträgen, um den erhöhten Kosten Rechnung zu tragen) und im Falle eines Nachfolgekurses die Bestimmung des maßgeblichen Kurses unter Bezugnahme auf den offiziellen Nachfolgekurs. Eine oder mehrere solche Anpassung(en) kann bzw. können sich nachteilig auf den Wert dieser Wertpapiere auswirken, und wenn die Berechnungsstelle feststellt, dass eine Anpassung auf diese Weise nicht sinnvoll vorgenommen werden kann, stellt das Anpassungsereignis ein Vorzeitiges Rückzahlungsereignis dar.

Wenn ein Vorzeitiges Rückzahlungsereignis eintritt (wobei es sich jeweils um (a) Umstände, unter denen die Berechnungsstelle feststellt, dass nach einem Anpassungsereignis eine Anpassung nicht sinnvoll vorgenommen werden kann, (b) ein *Section-871(m)*-Ereignis bzw. (c) ein Vorzeitiges Beendigungsereignis Hedgingstörung (vorausgesetzt, dass dieses in den geltenden Endgültigen Bedingungen als einschlägig aufgeführt ist) handelt), so können die Wertpapiere wie näher in den Bedingungen der betreffenden Wertpapiere beschrieben zurückgezahlt werden. Falls die Wertpapiere vorzeitig zurückgezahlt werden, zahlt die maßgebliche Emittentin jedem Wertpapierinhaber in Bezug auf jeden Rechnungsbetrag dieses Wertpapierinhabers einen Betrag, der nach der in den geltenden Endgültigen Bedingungen angegebenen Methode berechnet wird, wie von der Berechnungsstelle festgelegt. Der an die Anleger zurückgezahlte Betrag kann wesentlich niedriger sein als der Betrag der ursprünglichen Anlage des Anlegers, und der Anleger würde daher einen Verlust erleiden.

#### ***Währungsabwicklungsstörungseignis***

Kann die Berechnungsstelle ihrer Ansicht nach die Zahlung eines in Bezug auf die Wertpapiere fälligen Betrags an einem Tag, an dem die Zahlung im Rahmen der Wertpapiere planmäßig erfolgen soll, aufgrund des Eintritts eines Währungsabwicklungsstörungseignis nicht in der Festgelegten Währung vornehmen (wobei es sich um (a) die Auferlegung von Beschränkungen hinsichtlich der Übertragbarkeit, dem Kauf und des Haltens der Festgelegten Währung, (b) die Nichtakzeptanz der Festgelegten Währung durch ein Clearing-System oder einen Missbrauch der Festgelegten Währung, (c) die Illiquidität der Festgelegten Währung am maßgeblichen Markt oder (d) sonstige außerhalb der Kontrolle der maßgeblichen Emittentin liegende Umstände handelt), so ist die maßgebliche Emittentin berechtigt, ihren Pflichten gegenüber den Wertpapierinhabern durch (i) den Aufschub einer entsprechenden Zahlung bis zu einem Zeitpunkt an dem das Währungsabwicklungsstörungseignis nicht länger besteht oder (ii) entsprechende Zahlung in US-Dollar an dem entsprechenden Zahlungstag oder sobald wie nach dem entsprechenden Zahlungstag billigerweise möglich, nachzukommen. Ein solcher Zahlungsaufschub oder eine solche Zahlung in US-Dollar stellt keinen Ausfall dar und Wertpapierinhaber sind nicht zum Erhalt weiterer Zinsen oder einer sonstigen Zahlung in Bezug auf diesen Aufschub berechtigt.

Siehe weitergehend Wechselkursbedingung 5(c) (*Abwicklungsstörung*) von Teil A des Basiswertanhangs 8 (*Wechselkursbedingungen*) und Wechselkursbedingung 5(e) (*Abwicklungsstörung*) von Teil B des Basiswertanhangs 8 (*Wechselkursbedingungen*).

#### ***Risiken im Zusammenhang mit auf Dividendenfuturekontrakte bezogenen Wertpapieren***

Wenn sie Anlagen in auf Dividendenfuturekontrakte bezogene Wertpapiere tätigen, sollten Anleger mit Anlagen auf den weltweiten Kapitalmärkten und mit Aktienindex-Dividendenderivaten im Allgemeinen vertraut sein. Der Wert eines Dividendenfuturekontrakts bildet in der Regel die Dividenden ab, die von

Unternehmen (jeweils ein "**Maßgebliches Unternehmen**") in einem Kalenderjahr von Zeit zu Zeit ausgeschüttet werden, die in dem Aktienindex (der "**Maßgebliche Index**") enthalten sind, auf den sich der betreffende Dividendenfuturekontrakt bezieht. Unter anderem weltweite wirtschaftliche, finanzielle und politische Entwicklungen haben wesentliche Auswirkungen auf die Wertentwicklung dieser Maßgeblichen Unternehmen und damit auf den Wert der von diesen Maßgeblichen Unternehmen ausgeschütteten Dividenden und den Wert des betreffenden Dividendenfuturekontrakts, und dies kann wiederum den Wert und die Rendite der Wertpapiere wesentlich beeinträchtigen.

Auf Dividendenfuturekontrakte bezogene Wertpapiere begründen Verpflichtungen der maßgeblichen Emittentin und, soweit die CGMHI die Emittentin ist, der CGMHI-Garantiegeberin oder, soweit die CGMFL die Emittentin ist, der CGMFL-Garantiegeberin; sie begründen keine Verpflichtungen im Rahmen des maßgeblichen Dividendenfuturekontrakts oder Verpflichtungen eines Maßgeblichen Unternehmens, und Anleger haben dementsprechend keinerlei Rückgriffsanspruch gegen einen Sponsor eines Dividendenfuturekontrakts oder ein Maßgebliches Unternehmen. Die Sponsoren der betreffenden Dividendenfuturekontrakte waren nicht an der Erstellung der geltenden Endgültigen Bedingungen oder an der Ausarbeitung der Bedingungen der Wertpapiere beteiligt.

Es sind unter Umständen nicht alle Arten an von einem Maßgeblichen Unternehmen ausgeschütteten Dividenden maßgeblich für die Bestimmung des Preises eines Dividendenfuturekontrakts (beispielsweise werden im Allgemeinen von einem Maßgeblichen Unternehmen beschlossene, reguläre (in bar oder in Aktien ausgeschüttete) Dividenden als realisierte Dividenden betrachtet, die, sofern dies in den Kontraktsspezifikationen für den maßgeblichen Dividendenfuturekontrakt entsprechend aufgeführt ist, für die Bestimmung des Preises von Dividendenfuturekontrakten maßgeblich sind, wohingegen Sonder- oder außerordentliche Dividenden in der Regel nicht als realisierte Dividenden gelten und daher, sofern dies in den Kontraktsspezifikationen für den maßgeblichen Dividendenfuturekontrakt entsprechend aufgeführt ist, nicht maßgeblich für den Zweck der Bestimmung des Preises dieser Dividendenfuturekontrakte sind). Des Weiteren können sich die Maßgeblichen Unternehmen nach Maßgabe der Regeln des Maßgeblichen Index von Zeit zu Zeit ändern und eine entsprechende Änderung der Maßgeblichen Unternehmen kann sich nachteilig auf den Preis der Dividendenfuturekontrakte und die in Bezug auf die Wertpapiere zu zahlenden Beträge auswirken. Anleger sollten Einzelheiten zu den Berechnungsmethoden (einschließlich Angaben dazu, welche Dividenden in der Berechnung des Dividendenfuturekontrakts berücksichtigt sind) und etwaige diesbezügliche Anpassungen (u. a. an den in dem Maßgeblichen Index enthaltenen Maßgeblichen Unternehmen) den Kontraktsspezifikationen des Dividendenfuturekontrakts und den Indexregeln in Zusammenhang mit dem Maßgeblichen Index entnehmen. Anleger sollten beachten, dass die Wertentwicklung ähnlicher Dividendenfuturekontrakte in Bezug auf vorherige Kontraktlaufzeiten nicht zwingend auf die Wertentwicklung des maßgeblichen Dividendenfuturekontrakts, auf den sich die Wertpapiere beziehen, schließen lässt.

Der Marktwert der Wertpapiere kann jederzeit von bestimmten Faktoren im Zusammenhang mit Dividendenfuturekontrakten abhängen, die u. a. mit möglichen wesentlichen Änderungen bei Folgendem einhergehen:

- der in dem Maßgeblichen Index enthaltenen Maßgeblichen Unternehmen und der Erwartungen hinsichtlich der in diesem Zusammenhang angekündigten Dividenden;
- Marktzinsen und Renditen;
- der Restlaufzeit bis zum finalen Abwicklungstag des maßgeblichen Dividendenfuturekontrakts, und
- wirtschaftliche, politische und makroökonomische Faktoren.

Dementsprechend sollten potenzielle Anleger vor dem Kauf von auf Dividendenfuturekontrakte bezogenen Wertpapieren unter anderem die Wert- und Preisvolatilität von Dividendenfuturekontrakten sowie die Wertentwicklung der Maßgeblichen Unternehmen, die in dem Maßgeblichen Index enthaltenen sind, auf dessen Grundlage die in Bezug auf die betreffenden Wertpapiere zu zahlenden Beträge berechnet werden, sorgfältig bedenken, da diese den Wert und die Rendite der Wertpapiere beeinträchtigen können.

Der Wert der von den Maßgeblichen Unternehmen ausgeschütteten Dividenden kann ferner von vielen Faktoren abhängig sein, u. a. von den Erträgen und der Dividendenpolitik der jeweiligen Maßgeblichen Unternehmen, Änderungen von geltenden Gesetzen und Vorschriften, globalen wirtschaftlichen, finanziellen und politischen Entwicklungen sowie strukturellen Angebots- und Nachfragefaktoren. Die Maßgeblichen Unternehmen schütten unter Umständen geminderte oder keine Dividenden für die betreffende Kontraktlaufzeit aus. Der Betrag der von den Maßgeblichen Unternehmen in Bezug auf ähnliche Zeiträume ausgeschütteten Dividenden steht unter Umständen in keinem Zusammenhang mit während der maßgeblichen Kontraktlaufzeit ausgeschütteten Dividenden. Entsprechende Änderungen können den Betrag der entsprechenden von den Maßgeblichen Unternehmen ausgeschütteten Dividenden und folglich den Preis des betreffenden Dividendenfuturekontrakts und die in Bezug auf die Wertpapiere zu zahlenden Beträge beeinträchtigen.

Dementsprechend können Anleger eine niedrigere Rendite auf eine oder mehrere Dividendenfuturekontrakte bezogene Wertpapiere erhalten, als sie erhalten hätten, hätten sie direkt in die Dividendenfuturekontrakte oder in ein anderes Produkt investiert.

Siehe Basiswertanhang 9 (*Dividendenfuturekontraktbedingungen*), für die spezifischen Bedingungen von auf Dividendenfuturekontrakte bezogenen Wertpapieren.

***Anpassungen an Bewertungstage, Anpassungsereignisse und Vorzeitige Rückzahlungsereignisse bei auf Dividendenfuturekontrakte bezogenen Wertpapieren***

Da die Bedingungen von auf Dividendenfuturekontrakte bezogenen Wertpapieren Bestimmungen beinhalten können, die die Verschiebung eines Bewertungstags aufgrund des Eintritts eines Störungstags oder die Änderung eines Bewertungstags nach der Ankündigung des betreffenden Sponsors des Dividendenfuturekontrakts, dass der Verfalltag eines Dividendenfuturekontrakts an einem anderen Tag als dem ursprünglich vorgesehenen Tag erfolgt, regeln, können solche Verschiebungen, Änderungen oder in den Bedingungen solcher Wertpapiere enthaltene alternative Bestimmungen zur Bewertung sich wesentlich nachteilig auf den Wert und die Rendite dieser Wertpapiere auswirken.

Bestimmte nachstehend beschriebene Ereignisse oder Vorkommnisse sind nur dann relevant, wenn die damit verbundenen Anpassungsereignisse und Vorzeitigen Rückzahlungsereignisse in den geltenden Endgültigen Bedingungen als für Dividendenfuturekontrakte einschlägig aufgeführt sind.

Wenn die Berechnungsstelle feststellt, dass ein Anpassungsereignis in Bezug auf einen Dividendenfuturekontrakt eintritt (wobei es sich jeweils um (a) den Eintritt einer Gesetzesänderung zu einem beliebigen Zeitpunkt, die sich auf eine den Wertpapieren zugrunde liegende Hedgingposition auswirkt oder zu einer wesentlichen Erhöhung der Kosten der maßgeblichen Emittentin für die Erfüllung ihrer Pflichten in Bezug auf die Wertpapiere führt, oder eine Hedgingstörung oder Erhöhte Hedgingkosten bzw. (b) die Tatsache, dass dieser Dividendenfuturekontrakt (i) nicht von dem maßgeblichen Sponsor des Dividendenfuturekontrakts oder im Auftrag des maßgeblichen Sponsors des Dividendenfuturekontrakts, sondern von einem Nachfolger des maßgeblichen Sponsors des Dividendenfuturekontrakts oder im Auftrag eines Nachfolgers des maßgeblichen Sponsors des Dividendenfuturekontrakts berechnet und bekannt gegeben oder (ii) durch einen Nachfolgedividendenfuturekontrakt ersetzt wird, handelt), so nimmt die Berechnungsstelle die Anpassung(en) an den Bedingungen der Wertpapiere vor, die sie für erforderlich hält, um den Auswirkungen dieses Anpassungsereignisses Rechnung zu tragen, wobei dies im Fall Erhöhter

Hedgingkosten Anpassungen dahingehend umfasst, dass diese Erhöhten Hedgingkosten an die Wertpapierinhaber weitergegeben werden (dies umfasst unter anderem die Reduzierung von in Bezug auf die Wertpapiere zu zahlenden oder zu liefernden Beträgen, um den erhöhten Kosten Rechnung zu tragen). Solche Anpassungen können sich nachteilig auf den Wert der Wertpapiere auswirken, und wenn die Berechnungsstelle feststellt, dass eine Anpassung auf diese Weise nicht sinnvoll vorgenommen werden kann, stellt das Anpassungsereignis ein Vorzeitiges Rückzahlungsereignis dar.

Wenn ein Anpassungsereignis für Dividendenfuturekontrakte eintritt (wobei es sich in Bezug auf einen Dividendenfuturekontrakt jeweils um die Tatsache handelt, dass (i) die maßgebliche Börse und/oder der maßgebliche Sponsor des Dividendenfuturekontrakts unter Umständen eine wesentliche Änderung oder Anpassung eines maßgeblichen Dividendenfuturekontrakts ankündigt, (ii) die maßgebliche Börse und/oder der maßgebliche Sponsor des Dividendenfuturekontrakts unter Umständen den Dividendenfuturekontrakt dauerhaft einstellt oder aussetzt oder anderweitig eine dauerhafte Aussetzung des Handels besteht oder der Handel mit diesem Dividendenfuturekontrakt nie aufgenommen wurde und kein Nachfolgedividendenfuturekontrakt existiert, oder (iii) ein "Schlussabrechnungspreis" nicht auf der betreffenden elektronischen Seite oder von der Börse zum maßgeblichen Bewertungszeitpunkt angezeigt oder veröffentlicht wird), so kann die Berechnungsstelle feststellen, ob dieses Anpassungsereignis für Dividendenfuturekontrakte wesentliche Auswirkungen auf die Wertpapiere hat und, falls dies der Fall ist, wird sie (A) den "Schlussabrechnungspreis" dieses Dividendenfuturekontrakts berechnen, indem sie den Wert der maßgeblichen Dividenden für die geltende Kontraktlaufzeit dieses Dividendenfuturekontrakts unter Anwendung der Formel und der zuletzt geltenden Berechnungsmethode für einen dazugehörigen Dividend Point Index oder entsprechende andere von ihr als geeignet erachtete Quellen berechnet und/oder (B) die Anpassungen an den Bedingungen der Wertpapiere vornehmen, die sie für erforderlich oder angemessen hält, um den Auswirkungen des betreffenden Anpassungsereignisses für Dividendenfuturekontrakt Rechnung zu tragen und/oder (C) ausschließlich im Falle von (iii) oben diesen Dividendenfuturekontrakt durch einen Ersatzdividendenfuturekontrakt ersetzen und etwaige Anpassungen feststellen, die erforderlich sind, um dieser Ersetzung Rechnung zu tragen. Eine solche Berechnung, Ersetzung und/oder Anpassung kann sich nachteilig auf den Wert dieser Wertpapiere auswirken, und wenn die Berechnungsstelle feststellt, dass eine Berechnung oder Ersetzung auf diese Weise nicht sinnvoll vorgenommen werden kann, stellt das Anpassungsereignis für Dividendenfuturekontrakte ein Vorzeitiges Rückzahlungsereignis dar.

Wenn ein Vorzeitiges Rückzahlungsereignis eintritt (wobei es sich jeweils um (a) Umstände, unter denen die Berechnungsstelle feststellt, dass nach einem Anpassungsereignis eine Anpassung oder Ersetzung nicht sinnvoll vorgenommen werden kann, (b) Umständen, unter denen nach einem Anpassungsereignis für Dividendenfuturekontrakte eine Berechnung, Ersetzung oder Anpassung nicht sinnvoll vorgenommen werden kann, (c) ein *Section-871(m)*-Ereignis oder (d) ein Vorzeitiges Beendigungsereignis Hedgingstörung (vorausgesetzt, dass dieses in den geltenden Endgültigen Bedingungen als einschlägig aufgeführt ist) handelt), so können die Wertpapiere wie näher in den Bedingungen der Wertpapiere beschrieben zurückgezahlt werden. Falls die Wertpapiere vorzeitig zurückgezahlt werden, zahlt die maßgebliche Emittentin jedem Wertpapierinhaber in Bezug auf jeden Rechnungsbetrag dieses Wertpapierinhabers einen Betrag, der nach der in den geltenden Endgültigen Bedingungen angegebenen Methode berechnet wird, wie von der Berechnungsstelle festgelegt. Der an die Anleger zurückgezahlte Betrag könnte wesentlich niedriger sein als der Betrag der ursprünglichen Anlage des Anlegers, und der Anleger könnte daher einen Verlust erleiden.

#### ***Risiken im Zusammenhang mit auf Zinssätze bezogenen Wertpapieren***

Der Marktwert der Wertpapiere kann jederzeit von bestimmten Faktoren im Zusammenhang mit Zinssätzen abhängen, die u. a. mit möglichen wesentlichen Änderungen beim Stand des Zinssatzes,

makroökonomischen, politischen oder finanziellen Faktoren, Spekulation und der Intervention einer Zentralbank und Regierung einhergehen.

Die in der Vergangenheit aufgetretenen Schwankungen eines Zinssatzes sind jedoch nicht zwingend ein Indikator für die Schwankungen dieses Zinssatzes, die während der Laufzeit eines Wertpapiers auftreten können. Dementsprechend sollten potenzielle Anleger vor dem Kauf von Wertpapieren unter anderem sorgfältig die Wert- und Kursvolatilität der maßgeblichen Zinssätze bedenken, da diese den Wert und die Rendite der Wertpapiere wesentlich beeinträchtigen kann.

Je nach Bedingungen der Wertpapiere erhalten Anleger aufgrund der Wertentwicklung der betreffenden Zinssätze unter Umständen keine Beträge oder Vermögenswerte und verlieren gegebenenfalls einen wesentlichen Teil ihrer Anlage. Zudem sollten Anleger sicherstellen, dass sie die Bedingungen der betreffenden Wertpapiere prüfen, da diese unter Umständen fällige Beträge oder zu liefernde Vermögenswerte vorsehen, die anhand einer auf den maßgeblichen Zinssatz bezogenen Option oder Formel bestimmt werden, und es sich nicht um herkömmliche Schuldtitel handelt, denen ein Zinssatz zugrunde liegt, wie ein Schuldtitel der mit einem spezifischen variablen Satz verzinst ist. Dementsprechend erhalten Anleger gegebenenfalls eine niedrigere Rendite auf die auf einen oder mehrere Zinssätze bezogenen Wertpapiere als sie erhalten hätten, hätten sie in ein anderes Produkt investiert, dass auf einen Zinssatz verweist.

Siehe Basiswertanhang 10 (*Zinssatzbedingungen*), für die spezifischen Bedingungen von auf Zinssätze bezogenen Wertpapieren.

***Störungstage, Anpassungsereignisse und Vorzeitige Rückzahlungsereignisse bei auf Zinssätze bezogenen Wertpapieren***

Da die Bedingungen auf Zinssätze bezogener Wertpapiere Bestimmungen beinhalten, die die Folgen eines Störungstags regeln, einschließlich der Zugrundelegung alternativer Preisquellen oder der Bestimmung des maßgeblichen Zinssatzes durch die Berechnungsstelle oder auf Grundlage von Quotierungen von Referenzhändlern, können sich solche in den Bedingungen der entsprechenden Wertpapiere vorgesehene alternative Bestimmungen zur Bewertung wesentlich nachteilig auf den Wert und die Rendite der entsprechenden Wertpapiere auswirken.

Bestimmte nachstehend beschriebene Ereignisse oder Vorkommnisse sind nur dann relevant, wenn die damit verbundenen Anpassungsereignisse und Vorzeitigen Rückzahlungsereignisse in den geltenden Endgültigen Bedingungen als für Zinssätze einschlägig aufgeführt sind.

Wenn die Berechnungsstelle feststellt, dass ein Anpassungsereignis in Bezug auf einen Zinssatz eintritt (wobei es sich jeweils um den Eintritt einer Gesetzesänderung zu einem beliebigen Zeitpunkt, die sich auf eine den Wertpapieren zugrunde liegende Hedgingposition auswirkt oder zu einer wesentlichen Erhöhung der Kosten der maßgeblichen Emittentin für die Erfüllung ihrer Pflichten in Bezug auf die Wertpapiere führt, oder eine Hedgingstörung oder Erhöhte Hedgingkosten handelt), so nimmt die Berechnungsstelle die Anpassung(en) an den Bedingungen der Wertpapiere vor, die sie für erforderlich hält, um den Auswirkungen dieses Anpassungsereignisses Rechnung zu tragen. Eine solche Anpassung kann im Fall Erhöhter Hedgingkosten Anpassungen dahingehend umfassen, dass diese Erhöhten Hedgingkosten an die Wertpapierinhaber weitergegeben werden (dies umfasst unter anderem die Reduzierung von in Bezug auf die Wertpapiere zu zahlenden oder zu liefernden Beträgen, um den erhöhten Kosten Rechnung zu tragen). Solche Anpassungen können sich nachteilig auf den Wert dieser Wertpapiere auswirken, und wenn die Berechnungsstelle feststellt, dass eine Anpassung auf diese Weise nicht sinnvoll vorgenommen werden kann, stellt das Anpassungsereignis ein Vorzeitiges Rückzahlungsereignis dar.

Wenn ein Vorzeitiges Rückzahlungsereignis eintritt (wobei es sich jeweils um (a) Umstände, unter denen die Berechnungsstelle feststellt, dass nach einem Anpassungsereignis eine Anpassung oder Ersetzung nicht

sinnvoll vorgenommen werden kann, (b) ein *Section-871(m)*-Ereignis oder (c) ein Vorzeitiges Beendigungsereignis Hedgingstörung (vorausgesetzt, dass dieses in den geltenden Endgültigen Bedingungen als einschlägig aufgeführt ist) handelt), so können die Wertpapiere wie näher in den Bedingungen der betreffenden Wertpapiere beschrieben zurückgezahlt werden. Falls die Wertpapiere vorzeitig zurückgezahlt werden, zahlt die maßgebliche Emittentin jedem Wertpapierinhaber in Bezug auf jeden Berechnungsbetrag dieses Wertpapierinhabers einen Betrag, der nach der in den geltenden Endgültigen Bedingungen angegebenen Methode berechnet wird, wie von der Berechnungsstelle festgelegt. Der an die Anleger zurückgezahlte Betrag könnte wesentlich niedriger sein als der Betrag der ursprünglichen Anlage des Anlegers, und der Anleger könnte daher einen Verlust erleiden.

## **9 Risiken im Zusammenhang mit auf Zinssätze bezogene Wertpapiere und mit der Benchmark-Reform**

### ***Die Nicht-Verfügbarkeit, Störung oder Einstellung von Zinssätzen, auf die sich die Wertpapiere beziehen, führt zur Anwendung bestimmter Fallback-Bestimmungen***

In Bezug auf jegliches Ereignis oder jeglichen Umstand mit Auswirkungen auf einen Zinssatz kommen die in der Bewertungs- und Abwicklungsbedingung 8 beschriebenen Fallback-Bestimmungen in der dort angegebenen Reihenfolge zur Anwendung, und zwar jeweils soweit für den betreffenden Zinssatz und das Ereignis oder den Umstand zutreffend. Trifft die erste aufgeführte mögliche Option nicht auf den betreffenden Zinssatz und das betreffende Ereignis oder den betreffenden Umstand zu, ist die nächste zutreffende Option anzuwenden. Möglicherweise ließe sich der betreffende Zinssatz nach der Anwendung solcher Fallback-Bestimmungen an einem anderen als dem ursprünglich beabsichtigen Tag und/oder von der Berechnungsstelle nach billigem Ermessen (§ 317 BGB) feststellen. Es besteht das Risiko, dass die Feststellung des betreffenden Zinssatzes in Übereinstimmung mit einer dieser Fallback-Bestimmungen zu niedrigeren, an die Anleger im Rahmen der Wertpapiere zu zahlenden Beträgen oder zu einem geringeren Marktwert der Wertpapiere führt.

Anpassungen der Wertpapierbedingungen (einschließlich der Feststellung eines Spreads oder Faktors gleich welcher Definition), die nach Feststellung der Berechnungsstelle nach den in den Wertpapierbedingungen in Bezug auf Zinssätze niedergelegten Bestimmungen der Referenzsatzereignis-Bestimmungen und der Administrator/Benchmark-Ereignis-Bestimmungen, werden, soweit angemessenerweise praktikabel, vorgenommen, wobei jedoch auch die vorherrschenden Branchenstandards in jedem verbundenen Markt (so unter anderem auch des Derivatemarkts) berücksichtigt werden, und können, falls zutreffend, unter anderem auch das Folgende einschließen:

- technische, administrative oder operative Änderungen, die die Berechnungsstelle für angemessen hält;
- die Anwendung eines Anpassungsfaktors oder eines Anpassungsspreads; und
- (vorbehaltlich der Einhaltung der geltenden Gesetze und/oder behördlichen Vorschriften in der jeweiligen Rechtsordnung) Anpassungen zur Abbildung jeglicher erhöhter Kosten für die Emittentin für die Gewährung der Exposure zum Nachfolgesatz bzw. zu den Nachfolgesätzen und/oder zu der oder den Nachfolge-Benchmark(s).

Derartige Anpassen können auch ein- oder mehrmals vorgenommen werden, zu einem oder mehreren Zeitpunkten in Kraft treten und können, aber müssen nicht, die Auswahl eines Nachfolge- oder Ersatz-Satzes einschließen, der auf der Grundlage einer rückwärtsgerichteten Aufzinsung unter Bezugnahme auf einen "risikofreien Satz" bestimmt wird und bei dem es sich um den maßgeblichen Satz in Bezug auf die zu diesem Zeitpunkt aktuellen und alle zukünftigen Festsetzungstage handelt, es sei denn, aus dem Zusammenhang geht etwas anderes hervor oder dies ist nicht angemessen.

Einen Überblick über die Art und Weise und den Zeitpunkt der Anwendung derartiger Fallback-Bestimmungen gibt Anlegern "Abschnitt C – Anlageüberlegungen – Anwendung von Fallback-Bestimmungen in Bezug auf Referenzsätze und Benchmarks".

***Ist ein variabler Zinssatz nicht mehr verfügbar, kann er nach billigem Ermessen (§ 317 BGB) der Berechnungsstelle oder durch alternative Methoden festgestellt werden***

Wenn der maßgebliche Satz nicht verfügbar ist und die Bestimmungen zur Bildschirmfestsetzung der Bewertungs- und Abwicklungsbedingung Bedingung 3(a) anwendbar sind, wird die Berechnungsstelle, vorbehaltlich der Bewertungs- und Abwicklungsbedingung 8, den maßgeblichen Satz nach billigem Ermessen (§ 317 BGB) unter Berücksichtigung der Quellen, die sie für angemessen hält, jeder zu diesem Zeitpunkt verfügbaren alternativen Benchmark und der vorherrschenden Branchenstandards in jedem verbundenen Markt (einschließlich, ohne Einschränkung, des Derivatemarktes), unter Bezugnahme auf die von Drittbanken bereitgestellten Quotierungen feststellen.

Sofern die Bestimmungen zur ISDA-Festsetzung in Bewertungs- und Abwicklungsbedingung 3(a) anwendbar sind, vorbehaltlich der Bewertungs- und Abwicklungsbedingung 8, wenn der maßgebliche Zinssatz nicht durch Bezugnahme auf die maßgeblichen ISDA-Definitionen bestimmt werden kann (einschließlich der in den ISDA-Definitionen enthaltenen Bestimmungen zur vorübergehenden Beendigung, die auch Quotierungen von Referenzbanken enthalten können), ist der Zinssatz derjenige, der von der Berechnungsstelle nach billigem Ermessen (§ 317 BGB) bestimmt wird, wobei die Berechnungsstelle zu dem betreffenden Zeitpunkt verfügbare alternative Benchmarks und die vorherrschenden Branchenstandards in jedem verbundenen Markt (einschließlich, ohne Einschränkung, des Derivatemarktes) berücksichtigt.

Sofern die SFRD (Nicht-Index)-Fallback-Bestimmungen in Bewertungs- und Abwicklungsbedingung 3(a)(i) gemäß Bewertungs- und Abwicklungsbedingung 8 anwendbar sind und der maßgebliche Satz nicht verfügbar ist, wird die Höhe der auf diese Wertpapiere zu zahlenden Zinsen berechnet unter Verwendung (a) des Diskontsatzes der Bank of England (für die Zwecke dieses Absatzes der "**Diskontsatz**") für den betreffenden Tag zuzüglich des Mittelwerts des Spread zwischen dem SONIA-Satz und dem Diskontsatz oder (b) ist am betreffenden Tag kein Diskontsatz verfügbar, der SONIA-Satz, der für den unmittelbar vorhergehenden Bankgeschäftstag in London, an dem der SONIA-Satz veröffentlicht wurde, veröffentlicht wurde. In Bezug auf (a) gibt es keine Gewähr dafür, dass die Eigenschaften des Diskontsatzes und die Spread-Berechnung ähnlich dem SONIA-Satz sind oder das wirtschaftliche Äquivalent des SONIA-Satzes ergeben, auf dem der Compounded Daily SONIA basiert. Wenn die genannten Bestimmungen zur Berechnung des Satzes und des Spread oder alternative Bestimmungen zur Feststellung des SONIA in Bezug auf einen bestimmten Tag anwendbar werden, könnte dies negative Auswirkungen auf die Höhe der auf die Wertpapiere zu zahlenden Zinsen haben, was die Rendite und den Wert der Wertpapiere und den Markt für die Wertpapiere beeinträchtigen könnte.

Sofern die SFRD (Index)-Fallback-Bestimmungen in Bewertungs- und Abwicklungsbedingung 3(a)(i) und/oder die Feststellung Variabler SOFR-Satz-Bestimmungen in Bewertungs- und Abwicklungsbedingung 3(a)(i) gemäß Bewertungs- und Abwicklungsbedingung 8 anwendbar sind und der maßgebliche Satz nicht verfügbar ist, wird der maßgebliche SONIA-Index-Wert, SOFR-Index-Wert bzw. der SOFR, von der Berechnungsstelle nach billigem Ermessen (§ 317 BGB) bestimmt wird, wobei die Berechnungsstelle zu dem betreffenden Zeitpunkt verfügbare alternative Benchmarks und die vorherrschenden Branchenstandards in jedem verbundenen Markt (einschließlich, ohne Einschränkung, des Derivatemarktes) berücksichtigt.

Infolgedessen kann die Rendite der Wertpapiere niedriger als erwartet ausfallen und/oder den Wert der Wertpapiere nachteilig beeinflussen und die Berechnungsstelle übernimmt gegenüber der Emittentin oder

einem Dritten keine Verantwortung, wenn die Berechnungsstelle aufgrund einer von einer Drittbank bereitgestellten Quotierung gehandelt hat.

***Nicht-Benachrichtigung durch die Berechnungsstelle und/oder die maßgebliche Emittentin***

Nach Maßgabe der Referenzsatzereignis-Bestimmungen und der Administrator/Benchmark-Ereignis-Bestimmungen muss die Berechnungsstelle die maßgebliche Emittentin über bestimmte Festlegungen unterrichten, die in Übereinstimmung mit diesen Bestimmungen erfolgt sind, und die maßgebliche Emittentin muss die Wertpapierinhaber darüber oder über bestimmte Auswahlen zur Rückzahlung der Wertpapiere unterrichten. Versäumt es die Berechnungsstelle jedoch, die maßgebliche Emittentin wie dargestellt zu unterrichten, oder versäumt es die maßgebliche Emittentin, die Wertpapierinhaber wie dargestellt zu unterrichten, so berührt das nicht die Gültigkeit der entsprechenden Festlegung oder Auswahl. Jede Feststellung oder Auswahl kann dazu führen, dass die Zahlungen im Rahmen der Wertpapiere geringer ausfallen als ursprünglich erwartet oder die Wertpapiere vorzeitig zurückgezahlt werden, was sich erheblich nachteilig auf den Wert und die Rendite der Wertpapiere auswirken könnte.

***Die "Benchmark"-Verordnung und -Reform kann den Wert und die Rendite von auf Benchmarks bezogenen Wertpapieren oder Wertpapieren, die auf solche "Referenzwerte" verweisen, beeinträchtigen***

Benchmarks bezogen auf Zinssätze spielen eine wichtige Rolle auf den Finanzmärkten und es ist daher entscheidend, dass Benchmarks, die in großem Umfang verwendet werden, robust sind und auf aktiven, liquiden Märkten beruhen. Infolgedessen sind Zinssätze und Indizes oder andere Arten, die als "Benchmarks" gelten in jüngster Zeit Gegenstand nationaler und internationaler aufsichtsrechtlicher Prüfungen und Reformen geworden und bestimmte Benchmarks wurden in Frage gestellt, weil es mangels relevanter aktiver etablierter Märkte und möglicher negativer Anreize (möglicherweise auch als Ergebnis von Benchmark-Reformen) für Marktteilnehmer wenig Bewandtnis gab, weiterhin solche Benchmarks zu verwenden. Im Gegensatz zu Benchmarks wie den Interbank Offered Rates, repräsentieren "risikofreie Zinssätze" wie SONIA und SOFR weitgehend etablierte Märkte, aus denen sich Daten im Laufe der Zeit ableiten lassen, um zu evaluieren, ob solche Benchmarks sich an künftige Veränderungen auf den Geldmärkten dynamisch anpassen und weiterhin robust sind. Die Tatsache, dass risikofreie Zinssätze auf tatsächlichen Transaktionen und nicht auf Expertenschätzungen gestützt sind, verringert auch die Verhaltensrisiken, die mit solchen Benchmarks verbunden sind.

Die Aufsichtsbehörden und Zentralbanken betrachten die risikofreien Tagesgeldsätze als die robustesten verfügbaren Benchmark-Zinssätze und fördern daher nachdrücklich den Übergang von den Interbank Offered Rates.

***Die EU-Benchmark-Verordnung und die UK-Benchmark-Verordnung***

Die EU-Verordnung über Indizes, die bei Finanzinstrumenten und Finanzkontrakten als Referenzwert oder zur Messung der Wertentwicklung eines Investmentfonds verwendet werden (die "**EU-Benchmark-Verordnung**") und die EU-Benchmark-Verordnung, wie sie kraft des *European Union (Withdrawal) Act* aus dem Jahr 2018 (in der jeweils geltenden Fassung) und der darunter erlassenen Verordnungen in englisches Recht umgesetzt wurde (die "**UK-Benchmark-Verordnung**", und zusammen mit der EU-Benchmark-Verordnung die "**Benchmark-Verordnungen**"), sind Kernstück der andauernden Regulierungsreform in der EU und im Vereinigten Königreich und gelten seit dem 1. Januar 2018 und waren Gegenstand von Folgeänderungen.

Neben sogenannten "kritischen Referenzwerten" sind in den meisten Fällen auch andere ausländische Zinssätze und bestimmte Indizes vom Regelungsbereich beider Versionen der Benchmark-Verordnungen als "Referenzwerte" umfasst und dienen dazu, den im Rahmen bestimmter Finanzinstrumente (so auch (i) im Falle der EU-Benchmark-Verordnung im Rahmen von Wertpapieren, die an einem geregelten Markt in der

EU oder über ein multilaterales Handelssystem (MTF) in der EU gehandelt werden, und (ii) im Falle der UK-Benchmark-Verordnung im Rahmen von Wertpapieren, die an einer anerkannten Wertpapierbörse des Vereinigten Königreichs oder über ein MTF im Vereinigten Königreich gehandelt werden) zu zahlenden Betrag oder den Wert dieser Finanzinstrumente zu bestimmen, und werden auch in mehreren anderen Umständen genutzt.

Die EU-Benchmark-Verordnung gilt für die Bereitstellung von Benchmarks, die Bereitstellung von Eingabedaten für eine Benchmark und die Nutzung einer Benchmark innerhalb der EU. Unter anderem (i) verlangt sie von Referenzwert-Administratoren eine Zulassung oder Registrierung (oder, sofern sie in einem Drittstaat ansässig sind, dass sie einem gleichwertigen System unterliegen oder auf andere Weise anerkannt oder bestätigt sind) und (ii) verhindert sie bestimmte Nutzungen durch beaufsichtigte Unternehmen in der EU von "Referenzwerten", die von Administratoren zur Verfügung gestellt wurden, die nicht zugelassen oder registriert sind (oder, sofern sie in einem Drittstaat ansässig sind, die nicht als gleichwertig gelten oder anerkannt oder bestätigt wurden).

Die UK-Benchmark-Verordnung enthält überwiegend dieselben Bestimmungen wie die EU-Benchmark-Verordnung, jedoch ist ihr geographischer Geltungsbereich kleiner. Die UK-Benchmark-Verordnung findet für die Bereitstellung von Benchmarks, die Bereitstellung von Eingabedaten für eine Benchmark und die Nutzung einer Benchmark innerhalb des Vereinigten Königreichs Anwendung. Der Nachweis der Einhaltung der UK-Benchmark-Verordnung obliegt den Administratoren der UK-Benchmark und den im Vereinigten Königreich beaufsichtigten Unternehmen.

Die ESMA führt ein öffentliches Register von Benchmark-Administratoren und Benchmarks aus Drittländern gemäß der EU-Benchmark-Verordnung (das "**ESMA-Register**"). Benchmark-Administratoren, die vor dem 31. Dezember 2020 von der *Financial Conduct Authority* ("**FCA**") im Vereinigten Königreich zugelassen, registriert oder anerkannt wurden, wurden am 1. Januar 2021 aus dem ESMA-Register gelöscht. Seit dem 1. Januar 2021 führt die FCA ein eigenes öffentliches Register von Benchmark-Administratoren und Nicht-UK-Benchmarks gemäß der UK-Benchmark-Verordnung (das "**UK-Register**"). Das UK-Register enthält UK-Benchmark-Administratoren, die von der FCA vor dem 31. Dezember 2020 zugelassen, registriert oder anerkannt wurden.

Die EU-Benchmark-Verordnung und die UK-Benchmark-Verordnung könnten wesentliche Auswirkungen auf "Referenzwerte" bezogene Wertpapiere oder Wertpapiere, die auf einen "Referenzwert" verweisen, haben. Zum Beispiel:

- Ein Zinssatz oder Index, bei dem es sich um eine "Benchmark" im Sinne der EU-Benchmark-Verordnung handelt, darf von einem in der EU beaufsichtigten Unternehmen für bestimmte Zwecke nicht genutzt werden, sofern ihr Administrator keine Zulassung oder Registrierung von einer in der EU zuständigen Behörde erlangt (oder, sofern es sich um ein Nicht-EU-Unternehmen handelt, die Bedingungen der "Gleichwertigkeit" nicht erfüllt und bis zu einer Entscheidung über die Gleichwertigkeit nicht "anerkannt" und die Benchmark nicht bestätigt ist). Erlangt der Referenzwert-Administrator diese Zulassung oder Registrierung nicht oder hält sie (je nach Sachlage) nicht aufrecht, oder besteht bei Nicht-EU-Unternehmen keine "Gleichwertigkeit" und es wird nicht anerkannt, und wird der Referenzwert nicht bestätigt, können die Wertpapiere vor ihrer Fälligkeit zurückgezahlt werden;
- ein Zinssatz oder Index, bei dem es sich um eine "Benchmark" im Sinne der UK-Benchmark-Verordnung handelt, darf von einem im Vereinigten Königreich beaufsichtigten Unternehmen für bestimmte Zwecke nicht genutzt werden, sofern (vorbehaltlich anwendbarer Übergangsbestimmungen) ihr Administrator keine Zulassung oder Registrierung von der FCA erlangt (oder, sofern es sich um ein Nicht-UK-Unternehmen handelt, die Bedingungen der "Gleichwertigkeit"

nicht erfüllt und bis zu einer Entscheidung über die Gleichwertigkeit nicht "anerkannt" und die Benchmark nicht bestätigt ist). Erlangt der Referenzwert-Administrator eine solche Zulassung oder Registrierung nicht oder hält sie (je nach Sachlage) nicht aufrecht, oder besteht bei Nicht-UK-Unternehmen keine "Gleichwertigkeit" und es wird nicht anerkannt und die Benchmark nicht bestätigt, können die Wertpapiere vor ihrer Fälligkeit zurückgezahlt werden; und

- die Methodik oder andere Bedingungen der "Benchmark" könnten geändert werden, um die Anforderungen der EU-Benchmark-Verordnung oder der UK-Benchmark-Verordnung, je nach Sachlage, zu erfüllen, und diese Änderungen könnten den Satz oder Stand vermindern oder erhöhen oder die Volatilität des veröffentlichten Satzes oder Stands beeinträchtigen und (abhängig von den Bedingungen der einzelnen Wertpapiere) zu Anpassungen der Wertpapierbedingungen führen, die die Berechnungsstelle für erforderlich oder angemessen erachtet.

Jede der internationalen oder nationalen Reformen oder die allgemein strengeren aufsichtsrechtlichen Prüfungen von "Referenzwerten" könnten zu höheren Kosten und Risiken bei der Verwaltung oder anderweitigen Beteiligung an der Festlegung eines "Referenzwerts" sowie der Einhaltung entsprechender Vorschriften und Anforderungen führen. Diese Faktoren können die folgenden Auswirkungen auf bestimmte "Referenzwerte" haben: (i) sie können Marktteilnehmer davon abhalten, weiterhin den "Referenzwert" zu verwalten oder zu dessen Feststellung beizutragen, (ii) Änderungen an Regeln und Methoden herbeizuführen, die für den "Referenzwert" verwendet werden und/oder (iii) zum Verschwinden des "Referenzwerts" führen. Jede der vorstehenden Veränderungen oder andere Veränderungen infolge internationaler oder nationaler Reformen oder anderer Initiativen oder Untersuchungen könnte den Wert und die Rendite eines auf einen "Referenzwert" bezogenen Wertpapiers oder eines Wertpapiers, das auf einen "Referenzwert" verweist, wesentlich beeinträchtigen, und die Berechnungsstelle kann berechtigt sein, entsprechende Anpassungen an den Bedingungen der Wertpapiere vorzunehmen.

#### *Unterschiede in den Methoden*

Risikofreie Zinssätze sind zumeist rückwärts gerichtet und auf einer aufgezinnten oder gewichteten Durchschnittsbasis berechnet.

Zinsen auf Wertpapiere, die auf einen rückwärtsgerichteten, risikofreien Satz verweisen, werden zum Ende des relevanten Zinsberechnungszeitraums bestimmt. Daher können die Wertpapierinhaber ggf. nicht in der Lage sein, die Höhe der Zinsen, die auf die Wertpapiere zu zahlen sind, im Voraus zuverlässig zu schätzen. Des Weiteren würde der finale Zinssatz und/oder Zinsbetrag, der in Bezug auf diese Wertpapiere im Falle, dass die Wertpapiere nach einem Kündigungsereignis fällig und zahlbar werden oder auf andere Weise vorzeitig zu einem Zeitpunkt zurückgezahlt werden, bei dem es sich nicht um einen Zinszahlungstag, an dem ein gesonderter Betrag für die aufgelaufenen Zinsen zu zahlen ist, handelt, zahlbar ist, unter Bezugnahme auf einen verkürzten Zeitraum ermittelt, der unmittelbar vor dem Datum, zu dem die Wertpapiere fällig und zahlbar oder planmäßig zurückgezahlt werden, endet.

#### *Die sich entwickelnden Märkte für SONIA, SOFR und €STR und der mögliche Einfluss auf Wertentwicklung und Renditen*

Der Markt entwickelt sich weiterhin in Bezug auf die Übernahme von SONIA, SOFR und €STR als Referenzsätze in den Kapitalmärkten jeweils für Anleihen in Pfund Sterling, US-Dollar oder Euro, und ihre Übernahme als Alternativen zu den relevanten Interbank Offered Rates. Zusätzlich erforschen Marktteilnehmer und maßgebliche Arbeitsgruppen alternative Referenzsätze auf der Grundlage risikofreier Zinssätze, so auch die Term SONIA, SOFR und €STR-Referenzsätze (die die zukunftsbezogene Erwartung des Marktes hinsichtlich eines durchschnittlichen SONIA-Satzes, eines SOFR- oder STR-Satzes über einen vorbezeichneten Zeitraum zu messen sucht).

Der Markt oder ein bedeutender Teil des Marktes kann sich für eine Anwendung risikofreier Zinssätze entscheiden, die sich signifikant von der in den Bedingungen beschriebenen Anwendung unterscheidet und in Bezug auf Wertpapiere verwendet wird, die auf diese risikofreien Zinssätze verweisen und im Rahmen dieses Basisprospekts ausgegeben wurden. Hinsichtlich SONIA, so enthalten die Bedingungen der Wertpapiere zwar eine Compounded Daily SONIA-Formel mit täglicher Aufzinsung, und es gab bisher eine Reihe von Kapitalmarktemissionen, die sich auf den Compounded Daily SONIA beziehen, hat die Bank of England am 3. August 2020 mit der Veröffentlichung des SONIA daily Compounded Index begonnen, deren Methodik von der in den Bedingungen festgelegten abweicht. Auch werden Term SONIA-Referenzsätze (die die zukunftsbezogene Erwartung des Marktes hinsichtlich eines durchschnittlichen SONIA-Satzes über einen festgelegten Zeitraum zu messen suchen) seit Januar 2021 veröffentlicht und sind zur Verwendung verfügbar geworden. Es ist möglich, dass Marktteilnehmer aufgezinste Sätze oder die Term-Sätze für Kapitalmarktemissionen anwenden wollen, obwohl die britischen Behörden des Vereinigten Königreichs deutlich gemacht haben, dass sie für den Markt einen breit angelegten Übergang zu SONIA Compounded für neue Transaktionen vorziehen würden, wobei die Verwendung eines Term SONIA-Referenzsatzes begrenzter ist.

Die maßgebliche Emittentin kann zukünftig auch auf SONIA, SOFR, €STR oder andere risikofreie Sätze referenzierende Wertpapiere begeben, die sich hinsichtlich der Zinsfestsetzung wesentlich von vorhergehenden, auf SONIA, SOFR, €STR oder andere risikofreie Sätze referenzierenden Wertpapieren, die von ihr im Rahmen dieses Basisprospekts emittiert wurden, unterscheiden.

Die Entwicklung der neuen risikofreien Sätze könnte zu reduzierter Liquidität oder erhöhter Volatilität führen oder den Marktpreis von Wertpapieren, die auf einen risikofreien Satz Bezug nehmen und zu gegebener Zeit im Rahmen dieses Basisprospekts begeben wurden, auf andere Weise beeinträchtigen.

Die neuen risikofreien Sätze haben ggf. lediglich einen begrenzten Handelsmarkt, und es kann sein, dass sich ein solcher nie entwickelt oder nicht sehr liquide ist. Die Marktkonditionen für an die neuen risikofreien Sätze gebundene Wertpapiere können sich im Laufe der Zeit entwickeln und zu Auswirkungen auf die Handelspreise und Werte führen, und es kann sein, dass die Wertpapiere gar nicht oder nicht zu Preisen verkauft werden können, die zu einer Rendite führen, die mit der Rendite ähnlicher Anlagen, die einen Sekundärmarkt hervorgebracht haben, vergleichbar ist, und daher unter erhöhter Volatilität in der Preisbildung und Marktrisiken leiden.

In ähnlicher Weise kann sich die Art und Weise der Einführung oder Anwendung von risikofreien Sätzen in den Eurobond-Märkten wesentlich unterscheiden im Vergleich zur Anwendung und Einführung von risikofreien Sätzen in anderen Märkten wie beispielsweise den Derivate- und Kreditmärkten. Potenzielle Anleger sollten sorgfältig bedenken, wie sich eine mangelnde Kongruenz zwischen der Einführung solcher Referenzsätze auf den Anleihe-, Kredit- und Derivatemarkten jegliches Absicherungs- oder sonstige Finanzgeschäft, das sie ggf. im Zusammenhang mit dem Erwerb, dem Halten oder der Veräußerung von auf die risikofreien Zinssätze referenzierenden Wertpapieren umsetzen, auswirkt.

***Zinsen auf einen Referenzsatz bezogene Wertpapiere werden bei Eintritt eines Referenzsatzereignisses unter Verwendung eines von der Berechnungsstelle ausgewählten Ersatz-Referenzsatzes berechnet***

*Eintritt eines Referenzsatzereignisses*

Werden die Referenzsatzereignis-Bestimmungen in Bewertungs- und Abwicklungsbedingung 8 als anwendbar angegeben, besteht das Risiko, dass ein Referenzsatzereignis in Bezug auf einen Referenzsatz eintreten kann (einen Überblick über die Art und Weise der Anwendung von Referenzsatzereignis-

Bestimmungen gibt "Abschnitt C – Anlageüberlegungen – Anwendung von Fallback-Bestimmungen in Bezug auf Referenzsätze und Benchmarks" wie unten dargestellt).

Es ist ungewiss, ob oder wann ein Referenzsatzereignis hinsichtlich eines Referenzsatzes eintreten kann, und die Umstände, die ein solches Ereignis auslösen könnten, liegen außerhalb des Einflussbereichs der maßgeblichen Emittentin. Die Berechnungsstelle legt fest, ob ein Referenzsatzereignis eingetreten ist, und jegliche nachfolgende Nutzung eines Ersatz-Referenzsatzes führt wahrscheinlich zu (möglicherweise umfassenden) Änderungen der Wertpapierbedingungen und/oder zur Zahlung von Zinsen oder sonstigen Beträgen im Rahmen der Wertpapiere, die niedriger sind als die Zahlungen, die auf die betreffenden Wertpapiere geleistet worden wären, wenn der betreffende Referenzsatz weiterhin in seiner aktuellen Form verfügbar gewesen wäre, oder die im Laufe der Zeit nicht mit diesen Zahlungen korrelieren.

Vorbehaltlich der Wertpapierbedingungen trägt jeder Wertpapierinhaber die Risiken, die sich aus einer solchen Änderung ergeben, und hat infolge der Änderung keinen Anspruch auf Entschädigung gleich welcher Art.

*Festlegung des alternativen Referenzwertes und des Anpassungsspread*

Legt die Berechnungsstelle fest, dass ein Referenzsatzereignis hinsichtlich eines maßgeblichen Referenzsatzes eingetreten ist, wird sie

- (A) dafür sorgen, einen Ersatz-Referenzsatz zu identifizieren,
- (B) ggf. eine Anpassung des Ersatz-Referenzsatzes berechnen, die ihrer Ansicht nach erforderlich ist, um der Übertragung des wirtschaftlichen Wertes von (i) der maßgeblichen Emittentin auf die Wertpapierinhaber oder von (ii) den Wertpapierinhabern auf die maßgebliche Emittentin abzuschwächen, die in jedem der Fälle ansonsten infolge des Ersatzes des Referenzsatzes durch den Ersatz-Referenzsatz erfolgen würde (ein "**Anpassungsspread**");
- (C) andere Anpassungen der Wertpapiere festlegen, die sie für erforderlich und/oder angemessen hält, um den Auswirkungen der Ersetzung des maßgeblichen Referenzsatzes mit dem Ersatz-Referenzsatz (nach Anpassung durch den Anpassungsspread) Rechnung zu tragen; und
- (D) den Zeitpunkt bestimmen, zu dem der Ersatz-Referenzsatz, der Anpassungsspread und solche anderen Anpassungen in Bezug auf die maßgeblichen Wertpapieren in Kraft treten.

Anleger sollten sich darüber im Klaren sein, dass:

- (I) die Anwendung eines Ersatz-Referenzsatzes (unbeschadet der Einbeziehung eines Anpassungsspreads) zusammen mit daraus folgenden Änderungen (oder, falls zutreffend, alle Änderungen, die nach einer wesentlichen Änderung vorgenommen wurden) dazu führen könnte, dass ein niedrigerer Betrag zahlbar ist, als es andernfalls der Fall gewesen wäre;
- (II) es mehr als einen möglichen Ersatz-Referenzsatz geben kann, und es in diesem Fall möglich ist, dass die Berechnungsstelle den für Anleger ungünstigsten Ersatz-Referenzsatz auswählt. Im Falle von IBOR-gebundenen Swap-Sätzen gibt es derzeit keinen branchenweiten Ansatz für den Umgang mit dem Wegfall oder der Nichtrepräsentativität solcher Swap-Sätze, und es besteht kein vollständiger Konsens darüber, welcher Satz oder welche Sätze als Ersatzsätze akzeptiert werden. Es ist nicht möglich, die Auswirkungen einer solchen Ersetzung auf den Wert der Wertpapiere vorherzusagen. Darüber hinaus kann selbst in den Fällen, in denen die Verwalter neue, an risikofreie Sätze gebundene Swapsätze veröffentlicht haben, nicht garantiert werden, dass diese Sätze liquide sind oder als oder als Branchenstandard anerkannt werden, und die Methode, nach der diese neuen Swapsätze berechnet werden, sich in Zukunft ändern kann. Folglich können die Ergebnisse der Berechnungen durch die

Berechnungsstelle unvorhersehbar sein, und die Ausübung des Ermessens der Berechnungsstelle kann sich nachteilig auf den Marktwert und die Rendite (falls vorhanden) der Wertpapiere auswirken;

- (III) jeder Ersatz-Referenzsatz (nach Anpassung durch einen Anpassungsspread) und jegliche daraus folgenden Änderungen (oder gegebenenfalls alle Änderungen, die nach einer wesentlichen Änderung vorgenommen wurden) auch ohne Zustimmung der Inhaber der Wertpapiere gelten; und
- (IV) wenn die Berechnungsstelle feststellt, dass es nicht möglich oder wirtschaftlich sinnvoll ist, die Auswirkungen eines Referenzsatzereignis zu berücksichtigen oder einen Ersatz-Referenzsatz zu identifizieren oder einen Anpassungsspread zu berechnen, können die Wertpapiere nach Wahl der maßgeblichen Emittentin Gegenstand einer vorzeitigen Rückzahlung sein, in welchem Fall die Anleger einen Teil ihrer Anlage oder ihre gesamte Anlage verlieren können. Es gibt keine Gewähr, dass ein Ersatz-Referenzsatz von der Berechnungsstelle identifiziert oder ein Anpassungsspread von ihr berechnet wird.

Der Anpassungsspread kann sich auf eine positive oder eine negative Zahl oder auf null belaufen und/oder gemäß einer Formel oder Methodik bestimmt werden. Es kann nicht garantiert werden, dass die Ersatzanpassung die Übertragung des wirtschaftlichen Wertes zwischen der maßgeblichen Emittentin und den Inhabern vollständig abschwächt.

#### *Zwischenanpassungen*

Sofern der maßgebliche Referenzsatz nach einem Referenzsatzereignis, jedoch vor dem Eintritt einer Anpassung oder Ersetzung für eine Festlegung im Hinblick auf die Wertpapiere benötigt wird und zu diesem Zeitpunkt keine Änderungen in Übereinstimmung mit Vorstehendem eingetreten sind und:

- (A) sofern der Referenzsatz noch immer verfügbar ist und es für die Wertpapiere nach den anwendbaren Gesetzen und Vorschriften immer noch zulässig ist, auf den Referenzsatz zu referenzieren und für die Emittentin den Referenzsatz zu verwenden, bestimmt sich die Höhe des Referenzsatzes nach Maßgabe der Bedingungen, die für die Festlegung des Referenzsatzes gelten würden, wäre kein Referenzsatzereignis eingetreten, oder
- (B) sofern der Referenzsatz nicht mehr verfügbar ist oder es für die Wertpapiere nach den anwendbaren Gesetzen und Vorschriften nicht mehr zulässig ist, auf den Referenzsatz zu referenzieren oder für die Emittentin den Referenzsatz zu verwenden, bestimmt die Berechnungsstelle die Höhe des Referenzsatzes nach billigem Ermessen (§ 317 BGB) und nach Beratung mit einer von ihr als angemessen erachteten Quelle als (a) einen Ersatz- oder Nachfolgesatz, bei dem sie festgestellt hat, dass es sich bei ihm um den in der Branche (im Derivatemarkt) anerkannten Ersatz- oder Nachfolgesatz für den maßgeblichen Referenzsatz handelt (einschließlich eines vorübergehenden Ersatz- oder Nachfolgesatzes) oder der Satz, der zum maßgeblichen Zeitpunkt am letzten Tag, an dem der Referenzsatz veröffentlicht wurde oder gemäß den anwendbaren Gesetzen oder Vorschriften verwendet werden durfte (der "**Letzte Zulässige Satz**"), oder (b) sofern sie feststellt, dass kein in der Branche (im Derivatemarkt) anerkannter Ersatz- oder Nachfolgesatz existiert oder die Verwendung des Letzten Zulässigen Satzes nicht wirtschaftlich sinnvoll wäre, als einen Ersatz- oder Nachfolgesatz, der nach ihrer Feststellung eine wirtschaftlich sinnvolle Alternative zum Referenzsatz darstellt, wobei sie die vorherrschenden Branchenstandards in jedem verbundenen Markt (so unter anderem auch im Derivatemarkt) berücksichtigt.

Insoweit, als die Wertpapiere auf einen Referenzsatz referenzieren, für den der Eintritt eines Referenzsatzereignisses während der Laufzeit der Wertpapiere wahrscheinlich ist, sollten potenzielle Investoren sich darüber bewusst sein, dass die Folgen des Eintritts des vorstehend beschriebenen Referenzsatzereignisses Wirklichkeit werden, wenn ein solches Referenzsatzereignis eintritt.

Die Interessen der Berechnungsstelle bei Vornahme der vorstehend beschriebenen Festlegungen könnten den Interessen der Anleger als Inhaber der Wertpapiere zuwiderlaufen. Die Auswahl eines Ersatz-Referenzsatzes und sämtliche Entscheidungen der Berechnungsstelle in Verbindung mit der Einführung eines Ersatz-Referenzsatzes in Bezug auf die Wertpapiere könnten den Wert und die Rendite der Wertpapiere wesentlich beeinträchtigen. Darüber hinaus gibt es keine Gewähr, dass die Eigenschaften eines Ersatz-Referenzsatzes dem maßgeblichen Referenzsatz ähnlich sind oder dass ein Ersatz-Referenzsatz den wirtschaftlichen Gegenwert des Referenzsatzes erzeugen wird. Insbesondere kann jede dieser Fallback-Bestimmungen zu Zinszahlungen führen, die niedriger sind als die Zahlungen, die auf die betreffenden Wertpapiere geleistet worden wären, wenn der vorherige Satz weiterhin in seiner aktuellen Form veröffentlicht worden wäre, oder die im Laufe der Zeit nicht mit diesen Zahlungen korrelieren.

#### ***Risiken im Zusammenhang mit dem Eintritt eines Administrator/Benchmark-Ereignisses***

Der Eintritt eines Administrator/Benchmark-Ereignisses (falls zutreffend) in Bezug auf eine maßgebliche Benchmark kann bedeuten, dass Anpassungen der Wertpapiere vorgenommen werden, zu denen auch die Auswahl einer oder mehrerer Nachfolge-Benchmarks und die Vornahme diesbezüglicher Anpassungen der Wertpapiere gehören, auch, soweit zutreffend, um erhöhte Kosten der maßgeblichen Emittentin, die das Exposure zu dem bzw. den Ersatz- oder Nachfolge-Zinssatz/Zinssätzen und/oder der bzw. den Benchmark(s) gewährt, abzubilden. Alternativ könnten die Wertpapiere Gegenstand der vorzeitigen Rückzahlung werden. Einen Überblick über die Art und Weise der Anwendung der Bestimmungen für das Administrator/Benchmark-Ereignis gibt im Folgenden "*Abschnitt C – Anlageüberlegungen – Anwendung von Fallback-Bestimmungen in Bezug auf Referenzsätze und Benchmarks*". Eine solche Anpassung kann die Rendite und den Wert der Wertpapiere sowie den Markt für die Wertpapiere beeinträchtigen, und werden die Wertpapiere vorzeitig zurückgezahlt, könnte der den Anlegern zurückgezahlte Betrag wesentlich niedriger sein als ihre ursprüngliche Anlage, und die Anleger könnten daher einen Verlust erleiden.

#### ***Risiken in Bezug auf die Einstellung oder Nichtverfügbarkeit eines Zinssatzes***

Sofern (x) die Bestimmungen des Basiswert-Anhangs 10 in Bezug auf die Festlegung des Schlusstands des Basiswerts eines Zinssatzes an einem beliebigen Planmäßigen Handelstag im Falle des Eintritts eines beliebigen Störungstags und (y) die in den Wertpapierbedingungen dargelegten Bestimmungen in Bezug auf die Folgen eines solchen Störungstags gemäß Bewertungs- und Abwicklungsbedingung 8 anwendbar sind, sofern (i) die maßgebliche Elektronische Seite nicht verfügbar ist, oder (ii) der Prozentsatz des maßgeblichen Zinssatzes für den maßgeblichen Planmäßigen Handelstag nicht auf der Elektronischen Seite erscheint und/oder (iii) der maßgebliche Zinssatz von dem maßgeblichen Verwalter oder einer maßgeblichen autorisierten Vertriebsstelle nicht bereitgestellt oder veröffentlicht wird und/oder (iv) ein Bestandteil des maßgeblichen Zinssatzes nicht bereitgestellt oder veröffentlicht wird, bestimmt die Berechnungsstelle den Schlusstand des Basiswerts für den betreffenden Zinssatz, den sie für angemessen hält und der nach billigem Ermessen (§ 317 BGB) unter Berücksichtigung der Quellen, die sie für geeignet hält und jeder alternativen verfügbaren Benchmark, wobei sie die vorherrschenden Branchenstandards in jedem verbundenen Markt (so unter anderem auch im Derivatemarkt) berücksichtigt, und Anpassungen an den Wertpapierbedingungen vornehmen, die sie für erforderlich oder angemessen hält, um in der Branche akzeptierte Gepflogenheiten für den Nachfolgezinssatz abzubilden, einschließlich durch Anwendung eines Anpassungsfaktors. Jede dieser Anpassungen kann dazu führen, dass die Zahlungen im Rahmen der Wertpapiere von den ursprünglich erwarteten abweichen, und den Wert und die Rendite der Wertpapiere wesentlich beeinträchtigen.

#### ***Swap-Sätze können wesentlich geändert oder abgeschafft werden***

Swap-Sätze können in Zukunft reformiert werden. Diese Reformen könnten dazu führen, dass eine oder mehrere Swap-Sätze eingestellt, geändert oder anderen Änderungen unterzogen werden. Jede solche Konsequenz könnte auch einen wesentlichen nachteiligen Einfluss auf den Wert und die Rendite der Wertpapiere haben, deren Auszahlung von der Wertentwicklung eines solchen Swap-Satzes abhängt.

Wenn ein Swap-Satz eingestellt wird, gelten die jeweils gültigen Fallback-Bestimmungen, dies ist abhängig von der Bestimmung des relevanten Swap-Satzes unter den relevanten Bedingungen und Fallback-Bestimmungen, welche in den Bewertungs- und Abwicklungsbedingung 9 beschrieben sind. Solche Fallback-Bestimmungen werden in der darin festgelegten Reihenfolge angewendet, und wenn die ISDA-Bestimmung Anwendung findet, bedeutet dies, dass alle Fallback-Bestimmungen zur dauerhaften Beendigung, die als Teil der anwendbaren ISDA-Definitionen enthalten sind, nicht gelten.

Neue Swap-Sätze in Verbindung mit risikofreien Sätzen wurden kürzlich entwickelt, wie z. B. die Feststellung des GBP SONIA ICE Swap-Satzes der IBA und die Feststellung des USD SOFR ICE Swap-Satzes. Es kann jedoch nicht garantiert werden, dass solche Zinssätze in Zukunft liquide sein werden, und die Methode, mit der solche neuen Swap-Sätze berechnet werden, könnte sich in Zukunft ändern.

***Die Berechnungsstelle kann Folgeänderungen an den Bedingungen der Wertpapiere vornehmen, wenn die Methodologie eines relevanten Zinssatzes geändert wird.***

Für den Fall, dass der Administrator eines Zinssatzes, auf den sich die Variabel Verzinslichen Wertpapiere oder die auf Zinssätze Bezogene Wertpapiere beziehen, die Methodologie dieses Zinssatzes ändert (einschließlich, aber nicht beschränkt auf Änderungen des Zeitpunkts der Veröffentlichung des betreffenden Zinssatzes), kann die Berechnungsstelle, ohne hierzu verpflichtet zu sein, damit zusammenhängende oder sich daraus ergebende Änderungen an den Bedingungen der Wertpapiere vornehmen, sofern dies nicht anderweitig in den Bestimmungen für Referenzzinsereignisse, Administrator/Benchmark-Ereignis, den Bestimmungen zum Basiszinssatz-Fallback Fallback-Bestimmungen, SRD Fallback-Bestimmungen, ISDA Festsetzungen, SONIA Fallback-Bestimmungen oder SOFR Fallback Bestimmungen (einschließlich, aber nicht beschränkt auf alle technischen, administrativen oder operativen Änderungen, Änderungen des Zeitpunkts und der Häufigkeit der Festsetzung von Zinssätzen und Zinszahlungen sowie Änderungen der Definition des Begriffs "Festgelegte Fälligkeit" (sofern anwendbar)), die die Berechnungsstelle in einer Weise für angemessen hält, die im Wesentlichen der Marktpraxis entspricht (oder, falls die Berechnungsstelle entscheidet, dass die Übernahme eines Teils der Marktpraxis verwaltungstechnisch nicht durchführbar ist, oder falls die Berechnungsstelle feststellt, dass es keine angemessene Marktpraxis gibt, die die Berechnungsstelle nach billigem Ermessen für erforderlich hält). Investoren/Anleger sollten sich bewusst sein, dass solche Änderungen der Bedingungen der Wertpapiere den Marktwert und die Rendite (falls vorhanden) dieser Wertpapiere beeinträchtigen können.

***Risiken im Zusammenhang mit "Shift"- und "Lag"-Methoden***

Sofern Feststellung Variabler SONIA-Satz (Nicht-Index-Feststellung) oder Feststellung Variabler SOFR-Satz in den anwendbaren Endgültigen Bedingungen als die Art der Festsetzung des Zinssatzes angegeben ist, wird eine Aufzinsungsmethode angegeben. Diese Aufzinsungsmethodologien haben sich als Konventionen für die tägliche Zinsberechnung von nachträglich festgesetzten Sätzen herausgebildet. Die Konventionen unterscheiden sich in dem Zeitraum, den jede Methode bei der Gewichtung des Übernacht-Satzes eines jeden Geschäftstages für den jeweiligen risikofreien Satz verwendet. Der "Shift"-Ansatz (d.h. "Compounding with Observation Period Shift") gewichtet den betreffenden risikofreien Satz entsprechend der jeweiligen Anzahl von Tagen, die in einem separaten Beobachtungszeitraum gelten, der die Zinsperiode nachbildet (beispielsweise kann der Beobachtungszeitraum fünf Geschäftstage vor dem jeweiligen Beginn und Ende der Zinsperiode beginnen und enden). Der "Lag"-Ansatz (d.h. "OIS Compounding" oder "Compounding with Lookback") gewichtet den betreffenden risikofreien Satz nach der Anzahl von Tagen, die in der maßgeblichen Zinsperiode gelten. Anleger sollten sich darüber bewusst sein, dass die Abweichung zwischen den oben genannten Methoden zu unterschiedlichen Zinsfestlegungen führen kann, selbst wenn der betreffende risikofreie Satz für die Wertpapiere derselbe ist, die möglicherweise nicht den Erwartungen der Anleger entsprechen.

***Methoden zur Festlegung der auf SONIA oder SOFR bezogene Wertpapiere zahlbaren Zinsen können sich wesentlich unterscheiden***

Die Höhe der auf SONIA oder SOFR bezogene Wertpapiere zahlbare Zinsen wird berechnet unter Bezugnahme auf (i) die Rendite einer täglich aufgezinsten verzinslichen Anlage (mit dem täglichen SONIA oder SOFR, je nach Sachlage, als Referenzsatz für die Zinsberechnung); oder (ii) soweit Feststellung Variabler SONIA-Satz (Index-Feststellung) oder Index-Feststellung in Bezug auf Feststellung Variabler SOFR-Satz anwendbar ist, ein Bildschirmsatz, eine Bildschirmformel oder ein Bildschirmwert, der vom Administrator von SONIA oder SOFR, je nach Sachlage, bereitgestellt wird. Es gibt keine Gewähr, dass die Zinsbeträge, die nach Maßgabe von (i) und (ii) festgelegt werden, sich ähneln, und im Zeitverlauf kann sich der Markt für eine Anwendung dieser Methoden entscheiden, die sich signifikant von der in den Wertpapierbedingungen beschriebenen Anwendung unterscheidet. Weiterhin sollten Anleger obigen Text unter "*Die sich entwickelnden Märkte für SONIA, SOFR und €STR und der mögliche Einfluss auf Wertentwicklung und Renditen*" lesen, der eine Beschreibung der wesentlichen Risiken enthält, die im Zusammenhang mit der Entwicklung risikofreier Sätze im gesamten Markt ganz allgemein stehen.

**10 Risiken im Zusammenhang mit bestimmten Arten von Wertpapieren und bestimmten Produkteigenschaften**

***Risiken im Zusammenhang mit Festverzinslichen Wertpapieren***

Anlagen in Festverzinsliche Wertpapiere beinhalten das Risiko, dass bei einem anschließenden Anstieg der Marktzinssätze über den für die Festverzinslichen Wertpapiere gezahlten Satz der Wert der Festverzinslichen Wertpapiere beeinträchtigt wird.

***Risiken im Zusammenhang mit Festverzinslichen/Variabel Verzinslichen Wertpapieren***

Festverzinsliche/Variabel Verzinsliche Wertpapiere sind unter Umständen zu einem Zinssatz verzinst, der von einem festen in einen variablen Zinssatz oder von einem variablen in einen festen Zinssatz wechselt. Hat die maßgebliche Emittentin das Recht, einen entsprechenden Wechsel vorzunehmen, hat dies Auswirkungen auf den Sekundärmarkt und den Marktwert der Wertpapiere, da davon ausgegangen wird, dass die maßgebliche Emittentin den Zinssatz dann wechselt, wenn insgesamt niedrigere Fremdkapitalkosten für die maßgebliche Emittentin zu erwarten sind. Wechselt die maßgebliche Emittentin unter diesen Umständen von einem festen Zinssatz zu einem variablen Zinssatz, kann der Aufschlag auf die Festverzinslichen/Variabel Verzinslichen Wertpapiere ungünstiger ausfallen als die zum gegebenen Zeitpunkt bestehenden Aufschläge auf vergleichbare, auf denselben Referenzsatz bezogene Variabel Verzinsliche Wertpapiere. Zudem kann der neue variable Zinssatz zu einem beliebigen Zeitpunkt niedriger sein als die Zinssätze anderer von der maßgeblichen Emittentin ausgegebener variabel verzinslicher Wertpapiere. Wechselt die maßgebliche Emittentin unter diesen Umständen von einem variablen Zinssatz zu einem festen Zinssatz, kann der feste Zinssatz unter den zum gegebenen Zeitpunkt vorhandenen Marktsätzen liegen.

***Zwingende vorzeitige Rückzahlung oder "Autocall"***

Wird die "Zwingende Vorzeitige Rückzahlung" in den maßgeblichen Endgültigen Bedingungen als anwendbar festgelegt, geben die Endgültigen Bedingungen an, wobei es sich um ein "ZVR-Barriere-Ereignis" (oder "Exit-Barrierenereignis") handelt, und die Wertpapiere werden nach Eintritt eines ZVR-Barriere-Ereignisses (oder Exit-Barrierenereignisses) am relevanten ZVR-Tag vorzeitig zurückgezahlt, und der in den maßgeblichen Endgültigen Bedingungen angegebene ZVR-Betrag (oder Exit-Betrag) wird zahlbar, und nach dem ZVR-Tag sind keine weiteren Beträge in Bezug auf diese Wertpapiere zahlbar. In diesem Fall unterliegen die Anleger einem Wiedieranlagerisiko, da sie gegebenenfalls nicht in der Lage sind, ihre Anlage in diese Wertpapiere durch eine Anlage mit einem ähnlichen Chancen- und Risikoprofil wie die betreffenden Wertpapiere zu ersetzen.

Werden Wertpapiere nach Maßgabe des Vorstehenden vorzeitig zurückgezahlt, ist der Betrag, den die betreffenden Inhaber erhalten, auf den ZVR-Betrag (oder Exit-Betrag) beschränkt, ungeachtet des Preises des betreffenden Basiswerts bzw. der betreffenden Basiswerte oder eines oder mehrerer sonstiger Referenzfaktoren, die für diese(n) betreffenden Basiswert(e) gelten. Des Weiteren profitieren Anleger nicht von Schwankungen des Preises des betreffenden Basiswerts bzw. der betreffenden Basiswerte, die in dem Zeitraum zwischen dem betreffenden Tag der vorzeitigen Rückzahlung und dem Fälligkeitstag auftreten.

Sofern es sich bei dem ZVR-Betrag (oder Exit-Betrag) nicht um einen spezifischen Festbetrag in Bezug auf einen Berechnungsbetrag handelt, und dieser Betrag nicht höher ist als der Betrag der ursprünglichen Anlage eines Anlegers in die Wertpapiere, sollten Anleger sich darüber im Klaren sein, dass sie, sofern nicht unter allen Umständen ein planmäßiger Mindestrückzahlungsbetrag gilt, gegebenenfalls den vollständigen oder teilweisen Verlust ihrer Anlage hinnehmen müssen.

#### ***Wertpapiere mit wahlweiser Rückzahlung durch die Emittentin***

Sind die Wertpapiere mit wahlweiser Rückzahlung ausgestattet, wie in der Allgemeinen Bedingung 4 (*Rückzahlung und Kauf*) und den diesbezüglichen Bestimmungen in den maßgeblichen Endgültigen Bedingungen ausgeführt, so führt dies wahrscheinlich zu einer Beschränkung ihres Marktwerts. In einem Zeitraum, in dem die maßgebliche Emittentin die Rückzahlung von Wertpapieren beschließen kann, dürfte der Marktwert dieser Wertpapiere im Allgemeinen nicht deutlich über den Wert steigen, zu dem sie zurückgezahlt werden können. Dies kann auch vor einem Rückzahlungszeitraum der Fall sein.

Eine Rückzahlung von Wertpapieren durch die maßgebliche Emittentin ist zu erwarten, wenn ihre Fremdkapitalkosten unter dem Zinssatz für die Wertpapiere liegen. Zu diesem Zeitpunkt könnte ein Anleger den Rückzahlungserlös generell nicht zu einem effektiven Zinssatz wiederanlegen, der so hoch wie der Zinssatz der zurückgezahlten Wertpapiere ist, und kann eine Wiederanlage nur zu einem deutlich niedrigeren Zinssatz vornehmen. Potenzielle Anleger sollten angesichts anderer, zum relevanten Zeitpunkt zur Verfügung stehender Anlagen das Wiederanlagerisiko bedenken.

#### ***Am Fälligkeitstag fälliger Rückzahlungsbetrag bzw. fällige Lieferungsmenge***

Wird der Rückzahlungsbetrag bei Fälligkeit bzw. werden die bei Fälligkeit zu liefernden Vermögenswerte auf Grundlage der Wertentwicklung des betreffenden Basiswerts bzw. der betreffenden Basiswerte bestimmt, sollten Anleger sich darüber im Klaren sein, dass sie, sofern nicht unter allen Umständen ein Mindestrückzahlungsbetrag gilt, gegebenenfalls den vollständigen oder teilweisen Verlust ihrer Anlage hinnehmen müssen.

#### ***Einem Cap unterliegende Wertpapiere***

Soweit die Bedingungen der Wertpapiere vorsehen, dass der zu zahlende Betrag oder die zu liefernde Menge einem Höchstbetrag (Cap) unterliegt, ist die Fähigkeit des Wertpapierinhabers, an einer Änderung des Werts des Basiswerts bzw. der Basiswerte über die Laufzeit der Wertpapiere zu partizipieren, eingeschränkt, und zwar ungeachtet der Höhe des Anstiegs des Stands, des Preises oder eines anderen anwendbaren Werts des Basiswerts bzw. der Basiswerte über den Cap-Stand über die Laufzeit der Wertpapiere. Entsprechend kann der Wert oder die Rendite der Wertpapiere deutlich niedriger sein, als wenn der Wertpapierinhaber den oder die Basiswerte direkt oder über ein anderes Produkt, das keinem Cap unterliegt, erworben hätte.

#### ***Risiken im Zusammenhang mit Wechselkursbestimmungen***

Sind Wechselkursbestimmungen in den geltenden Endgültigen Bedingungen enthalten und lautet ein betreffender Basiswert auf eine Währung, bei der es sich nicht um die betreffende Festgelegte Währung der Wertpapiere handelt, werden die Werte dieses Basiswerts in die betreffende Festgelegte Währung umgerechnet. Eine entsprechende Umrechnung, kann, wie in den Bedingungen der Wertpapiere aufgeführt, anhand einer Kreuzparität erfolgen (d. h. diese Umrechnung erfolgt mithilfe des Wechselkurses einer

Drittwährung). Daher sind die in Bezug auf die Wertpapiere fälligen Währungen oder zu liefernden Vermögenswerte auch auf die Wertentwicklung des betreffenden Wechselkurses bezogen und eine negative Entwicklung dieses Wechselkurses könnte die positive Wertentwicklung des betreffenden Basiswerts bzw. der betreffenden Basiswerte zunichtemachen.

## **11 Risiken im Zusammenhang mit Wertpapieren, bei denen es sich um Wertpapiere mit Physischer Lieferung handelt**

### ***Abwicklungsstörungsereignis und Nichtlieferung***

Wenn im Fall von Wertpapieren mit Physischer Lieferung eine Abwicklungsstörung an einem Tag eintritt oder andauert, der für die Lieferung der betreffenden Lieferungs Menge vorgesehen ist, wird die Abwicklung auf den nächstfolgenden Abwicklungsgeschäftstag verschoben, an dem kein Abwicklungsstörungsereignis vorliegt. Unter diesen Umständen kann die maßgebliche Emittentin entscheiden, ob sie die betreffende Lieferungs Menge auf eine andere von ihr gewählte wirtschaftlich sinnvolle Weise liefert oder anstelle der Lieferung der Lieferungs Menge den Störungs-Barrückzahlungsbetrag zahlt.

Wenn im Fall von Wertpapieren mit Physischer Lieferung in den geltenden Endgültigen Bedingungen "Nichtlieferung aufgrund Illiquidität" als einschlägig aufgeführt ist und es nach Auffassung der Berechnungsstelle nicht möglich oder nicht durchführbar ist, die Maßgeblichen Vermögenswerte bei Fälligkeit vollständig oder teilweise zu liefern, und eine solche Nichtlieferung auf eine Illiquidität des Marktes für diese Maßgeblichen Vermögenswerte zurückzuführen ist, dann hat die maßgebliche Emittentin das Recht, den Rückzahlungsbetrag bei Nichtlieferung zu zahlen anstatt die jeweiligen Maßgeblichen Vermögenswerte, die von dieser Illiquidität betroffen sind, vollständig oder teilweise zu liefern.

Ist in den geltenden Endgültigen Bedingungen die "Zusammenfassung von Lieferungs Mengen" als einschlägig aufgeführt, werden Wertpapiere mit Physischer Lieferung, die von ein und demselben Wertpapierinhaber gehalten werden, zur Feststellung der gesamten Lieferungs Mengen in Bezug auf diese Wertpapiere zusammengefasst und diese zusammengefassten Lieferungs Mengen werden auf die nächste Handelbare Menge des Maßgeblichen Vermögenswerts bzw. der Maßgeblichen Vermögenswerte in der von der betreffenden Berechnungsstelle festgelegten Weise abgerundet. Ist in den geltenden Endgültigen Bedingungen die "Zusammenfassung von Lieferungs Mengen" nicht als einschlägig aufgeführt, wird die Lieferungs Menge in Bezug auf jeden Berechnungsbetrag auf das nächste ganzzahlige Mehrfache der Handelbaren Menge des Maßgeblichen Vermögenswerts bzw. der Maßgeblichen Vermögenswerte in der von der betreffenden Berechnungsstelle festgelegten Weise abgerundet. Die Menge des Maßgeblichen Vermögenswerts, die die Handelbare Menge unterschreitet, wird nicht geliefert und es erfolgt keine Barzahlung und kein anderer Ausgleich in Zusammenhang mit dieser Rundung, sofern kein "Barausgleich" in den geltenden Endgültigen Bedingungen als einschlägig aufgeführt ist; in diesem Fall zahlt die maßgebliche Emittentin einen Barbetrag in Höhe des Werts der Restmenge an den betreffenden Wertpapierinhaber.

Folglich kann es sein, dass Wertpapierinhaber nicht die Lieferungs Mengen erhalten, die sie erwarten, oder weniger erhalten, als sie andernfalls erwarten, oder stattdessen einen Betrag in bar erhalten.

### ***Wahlrecht der Emittentin hinsichtlich der Ersetzung von Vermögenswerten oder der Zahlung des alternativen Barrückzahlungsbetrags***

Handelt es sich bei den Wertpapieren um Wertpapiere mit Physischer Lieferung, kann die maßgebliche Emittentin, sofern nach Feststellung der Berechnungsstelle der Maßgebliche Vermögenswert bzw. die Maßgeblichen Vermögenswerte Wertpapiere enthalten, die nicht frei handel- oder lieferbar sind, entweder (i) den bzw. die Maßgeblichen Vermögenswert(e) durch einen bzw. mehrere Ersatzvermögenswerte ersetzen, oder (ii) sich dafür entscheiden, die Lieferung der betreffenden Lieferungs Menge, des betreffenden

Ersatzvermögenswerts bzw. der betreffenden Ersatzvermögenswerte nicht an die entsprechenden Wertpapierinhaber zu liefern bzw. diese nicht zu veranlassen, sondern stattdessen am Fälligkeitstag den Alternativen Barrückzahlungsbetrag an die jeweiligen Wertpapierinhaber zu zahlen. Unter diesen Umständen können Wertpapierinhaber Vermögenswerte erhalten, die sich von den Vermögenswerten, die sie zu erhalten erwarteten, unterscheiden, oder stattdessen Bargeld erhalten.

### **Auslagen**

Sämtliche durch die Lieferung der Lieferungsmenge in Bezug auf die Wertpapiere mit Physischer Lieferung entstehenden Auslagen gehen zulasten des jeweiligen Wertpapierinhabers.

Auslagen in Bezug auf Wertpapiere mit Physischer Lieferung wird die maßgebliche Emittentin von Barbeträgen abziehen, die sie diesem Wertpapierinhaber schuldet und im Namen des Wertpapierinhabers gezahlt hat oder die sie im Namen dieses Wertpapierinhabers durch Umwandlung des Betrags des Maßgeblichen Vermögenswerts bzw. der Maßgeblichen Vermögenswerte zahlt, der für die Begleichung der Auslagen erforderlich ist, wie von dem Wertpapierinhaber in der maßgeblichen Vermögenswertübertragungsmitteilung angegeben. Werden Auslagen nicht auf diese Weise gezahlt, wird davon ausgegangen, dass der betreffende Wertpapierinhaber die maßgebliche Emittentin zur Umwandlung ermächtigt hat, und die maßgebliche Emittentin kann den entsprechenden Betrag des Maßgeblichen Vermögenswerts bzw. der Maßgeblichen Vermögenswerte in einen Barbetrag umwandeln, der zur Deckung der Auslagen für das betreffende Wertpapier ausreicht und von dem der betreffende Intermediär diese Auslagen abzieht.

### **Änderung der Abwicklung**

Bei Wertpapieren mit Physischer Lieferung hat die maßgebliche Emittentin die Option, die Abwicklung dieser Wertpapiere zu ändern und anstatt die Lieferung der betreffenden Lieferungsmenge vorzunehmen bzw. zu veranlassen, am Fälligkeitstag einen Betrag in Höhe des fairen Marktwerts der Lieferungsmenge zu zahlen.

In diesen Fällen erhält ein Wertpapierinhaber keine Maßgeblichen Vermögenswerte, da die Wertpapiere ausschließlich in bar abgewickelt werden und der Rückzahlungsbetrag, den ein Wertpapierinhaber erhält, liegt gegebenenfalls weit unter dem Betrag seiner ursprünglichen Anlage in die Wertpapiere. Des Weiteren würde ein Wertpapierinhaber nach dem Tag der Bestimmung des fairen Marktwerts nicht von einem Preisanstieg der Maßgeblichen Vermögenswerte profitieren, die ansonsten lieferbar gewesen wären, wenn die Abwicklung der Wertpapiere durch physische Lieferung erfolgt wäre.

## **12 Risiken in Zusammenhang mit Wertpapieren, bei denen es sich um Doppelwährungswertpapiere handelt**

Handelt es sich bei den Wertpapieren um Doppelwährungswertpapiere, werden die in Bezug auf die Wertpapiere zu zahlenden Beträge bestimmt, indem alle im Rahmen der Wertpapiere fälligen Beträge aus der Nennwährung durch Multiplikation dieses Betrags mit dem Doppelwährungswechselkurs für den letzten Bewertungstag in die Maßgebliche Währung umgerechnet werden. In diesen Fällen sind Beträge, die Wertpapierinhaber in Bezug auf die Wertpapiere erhalten, auch auf die Wertentwicklung des Basiswerts, d. h. den für diese Umrechnungen verwendeten Wechselkurs, bezogen. Anleger sollten daher auch die vorstehend aufgeführten Risikofaktoren im Zusammenhang mit auf Wechselkurse bezogenen Wertpapieren beachten (insbesondere den Risikofaktor mit der Überschrift "8. Risiken in Bezug auf einen oder mehrere Basiswerte bezogene Wertpapiere - Risiken im Zusammenhang mit auf Wechselkurse bezogenen Wertpapieren").

## **13 Risiken in Bezug auf Bonitätsabhängige Schuldverschreibungen**

### ***Bonitätsrisiko des Referenzschuldners***

Anleger sollten beachten, dass ein Inhaber einer Bonitätsabhängigen Schuldverschreibung dem Bonitätsrisiko eines oder mehrerer Referenzschuldner ausgesetzt ist, ein Risiko, das sich, sofern in den anwendbaren Endgültigen Bedingungen nichts anderes angegeben ist, auf den gesamten von ihm in die Bonitätsabhängige Schuldverschreibung investierten Betrag bezieht. Wenn in Bezug auf einen Referenzschuldner eines der angegebenen Bonitätsereignisse eintritt, kann es sein, dass dem Anleger zu einem Zeitpunkt, zu dem Anleger, die direkt in Verbindlichkeiten des Referenzschuldners investieren, möglicherweise Verluste erleiden, erhebliche Verluste entstehen. Anleger, die Bonitätsabhängige Schuldverschreibungen halten, sind jedoch möglicherweise nicht mit den gleichen Auswirkungen konfrontiert, wie sie es bei einer Anlage in eine Verbindlichkeit eines Referenzschuldners wären, und ihnen im Zusammenhang mit Bonitätsabhängigen Schuldverschreibungen entstehende Verluste könnten erheblich größer sein als Verluste, die einem Anleger bei der direkten Anlage in die Verbindlichkeiten eines Referenzschuldners entstehen, und/oder könnten auch aus Gründen entstehen, die in keinem Zusammenhang mit dem Referenzschuldner stehen. Darüber hinaus sind die Bedingungen der Verbindlichkeiten von Referenzschuldnern möglicherweise nicht standardisiert, weshalb den Inhabern dieser Verbindlichkeiten zusätzliche Verluste entstehen können, die im Rahmen der jeweiligen Bonitätsabhängigen Schuldverschreibungen nicht berücksichtigt sind. Dies wirkt sich noch stärker aus, wenn der Referenzschuldner ein Staat ist. Wenn sich souveräne Staaten einer Verschlechterung ihrer Haushaltslage oder ihrer Wirtschaftsleistung gegenübersehen, gibt es kein gemeinsames Verfahren und folgen sie keinen gemeinsamen Regeln, wenn sie ggf. versuchen, mit den Inhabern ihrer Schuldtitel eine Lösung zu erzielen. Neben anderen Faktoren liegt es unter anderem daran, dass Regierungen und internationale Organisationen als Gläubiger fungieren, dass Staaten Gesetze erlassen können, die sich möglicherweise auf die Inhaber ihrer Schuldtitel auswirken, und dass es darauf ankommt, welche Rolle dabei andere Regierungen, u. a. auch der Länder, in denen private Gläubiger ansässig sind, spielen, dass es grundsätzlich unmöglich ist, die Entwicklung von Ereignissen vorherzusehen. Infolgedessen ist bei den angegebenen Bonitätsereignissen möglicherweise nicht jeder Situation Rechnung getragen, in der den Inhabern von Verbindlichkeiten eines staatlichen Referenzschuldners möglicherweise Verluste im Zusammenhang mit dem Bonitätsrisiko entstehen.

### ***Rechtliche Risiken***

Anleger sollten beachten, dass ein Bonitätsereignis auch eintreten kann, wenn (i) der Referenzschuldner/Primärschuldner nicht in der Lage ist, Verpflichtungen einzugehen, (ii) hinsichtlich einer Verpflichtung tatsächlich oder angeblich Nichtdurchsetzbarkeit, Rechtswidrigkeit, Unmöglichkeit oder Ungültigkeit vorliegt oder (iii) das Bonitätsereignis auf (a) anwendbaren Gesetzen, Anordnungen, Verordnungen, Vorschriften, Erlassen oder Mitteilungen oder einer Änderung der Auslegung von anwendbaren Gesetzen, Anordnungen, Verordnungen, Vorschriften, Erlassen oder Mitteilungen durch ein Gericht, eine Aufsichtsbehörde oder eine ähnliche Verwaltungs- oder Justizbehörde oder (b) der Auferlegung oder Änderung von Devisenkontrollen, Kapitalbeschränkungen oder anderen ähnlichen Beschränkungen, die von einer geldpolitischen Behörde oder einer anderen Behörde auferlegt werden, beruht.

In solchen Fällen sollten Anleger beachten, dass sie die rechtlichen Risiken tragen, da der Eintritt eines Bonitätsereignisses zu einer vollständigen oder teilweisen vorzeitigen Rückzahlung ihrer Bonitätsabhängigen Schuldverschreibungen führen wird.

### ***Unterschiede zwischen Rechtsordnungen und Beurteilung des Referenzschuldners***

Bei bestimmten Referenzschuldnern kann es sein, dass über sie weniger Informationen öffentlich verfügbar sind, insbesondere dann, wenn der Referenzschuldner nach den Gesetzen der Rechtsordnung, in der er

ansässig ist, keinen Berichtspflichten unterliegt. Darüber hinaus unterscheiden sich möglicherweise die für bestimmte Referenzschuldner geltenden Rechnungslegungs-, Prüfungs- und Finanzberichterstattungsstandards von den in anderen Rechtsordnungen geltenden, und aufgrund der jeweiligen Funktionsweise des Rechtssystems eines Referenzschuldners kann es in unterschiedlichen Rechtsordnungen zu unterschiedlichen Ergebnissen kommen. Die in diesem Dokument hervorgehobenen Unterschiede können eine genaue Beurteilung der Bonität bestimmter Referenzschuldner erschweren und im Falle der Insolvenz oder Umstrukturierung eines Referenzschuldners können sich diese Unterschiede erheblich auf die Rückzahlung eines zugrunde liegenden Schuldtitels auswirken. So ist beispielsweise nach Eröffnung eines Insolvenzverfahrens gemäß den Rechtsvorschriften bestimmter Rechtsordnungen eventuell der Handel mit Verbindlichkeiten des betreffenden Emittenten oder deren Vorfälligstellung nicht mehr zulässig.

Bei Beurteilungen hinsichtlich der Bonität von Referenzschuldnern oder allgemein derjenigen des Referenzschuldners sollten Anleger neben anderen Faktoren auch (i) die Firmenbezeichnung des Referenzschuldners berücksichtigen, da es unter Marktteilnehmern zu Verwechslungen kommen kann, wenn Unternehmen der gleichen Unternehmensgruppe ähnliche Firmenbezeichnungen haben, oder die Marktteilnehmer möglicherweise nicht darauf achten, dass bei einem bestimmten Referenzschuldner kürzlich Namensänderungen erfolgt sind oder Nachfolger bestimmt wurden, (ii) den Schuldner einer als Referenzwert dienenden Verbindlichkeit und seine Funktion, soweit dies für eine Bonitätsabhängige Schuldverschreibung relevant ist, (iii) die Merkmale einer als Referenzwert dienenden Verbindlichkeit, z. B. ob es sich dabei um eine vorrangige oder nachrangige, bail-in-fähige vorrangige (*senior non preferred*), frei übertragbare, besicherte oder unbesicherte Verbindlichkeit, eine Anleihe, ein Darlehen oder eine Zahlungsverpflichtung ohne Bezug zu aufgenommenen Mitteln handelt, bei der es auch sein kann, dass bestimmte in der Bonitätsabhängigen Schuldverschreibung festgelegte Anforderungen, die entweder für den Eintritt eines Bonitätsereignisses oder für die Rückzahlung nach einem Bonitätsereignis relevant sind, nicht erfüllt sind, und (iv) wenn es mehrere Referenzschuldner gibt, ob jeder Referenzschuldner gleich gewichtet wird oder ob einige Referenzschuldner stärker gewichtet werden als andere, da die Gewichtung eines Referenzschuldners in Bezug auf die betreffende Bonitätsabhängige Schuldverschreibung den Anteil des Kapitalbetrags der Bonitätsabhängigen Schuldverschreibung bestimmt, der auf diesen Referenzschuldner entfällt. Die vorstehend aufgeführten Faktoren stehen mit der Bonität des jeweiligen Referenzschuldners bzw. der jeweiligen Referenzschuldner in Zusammenhang und können sich auf diese auswirken, was sich wiederum auf den Wert und die Rendite der Bonitätsabhängigen Schuldverschreibungen auswirken kann; daher sind diese Faktoren wichtig und sollten bei der Entscheidung über eine Anlage in die Bonitätsabhängigen Schuldverschreibungen berücksichtigt werden.

### **Maßnahmen der Referenzschuldner**

Ein Referenzschuldner könnte bestimmte Maßnahmen (z. B. eine Verschmelzung, eine Spaltung oder die Rückzahlung oder Übertragung von Verbindlichkeiten) umsetzen, ohne dabei die Interessen der Anleger zu berücksichtigen. Für einen Referenzschuldner besteht möglicherweise der Anreiz, eine Transaktion im Hinblick auf ein bestimmtes Ergebnis zu strukturieren, z. B. um die Inhaber seiner Schuldtitel zu bestimmten Maßnahmen zu veranlassen. In einzelnen Fällen kann es sein, dass ein Referenzschuldner seine ausstehenden Verbindlichkeiten zurückzahlt oder sie einem anderen Unternehmen in einer Weise abtritt, dass es nicht zur Bestimmung eines Nachfolgers für den Referenzschuldner kommt. In solchen Fällen bestehen hinsichtlich des betreffenden Referenzschuldners möglicherweise keine Verbindlichkeiten mehr (ein solcher Wegfall des Referenzwerts wird im angelsächsischen Sprachgebrauch auch als "*orphaning*" bezeichnet), was dazu führen kann, dass es keine entsprechenden für den betreffenden Referenzschuldner zu bestimmenden Verbindlichkeiten für eine Auktion gibt. Derartige Maßnahmen könnten sich auf den Wert und die Rendite dieser Bonitätsabhängigen Schuldverschreibungen in einer Weise auswirken, die von den Anlegern ursprünglich nicht in Betracht gezogen wurde.

***Auf Grundlage historischer Wertentwicklung keine Prognose für künftige Wertentwicklung möglich***

Anleger sollten beachten, dass die historische Wertentwicklung eines Referenzschuldners oder ähnlichen Unternehmens kein Indikator für dessen künftige Wertentwicklung ist und es, wenn entgegen der historischen Wertentwicklung ein Bonitätsereignis eintritt, folglich dazu kommen kann, dass die Bonitätsabhängige Schuldverschreibung vorzeitig zurückgezahlt wird.

***Konzentration des Bonitätsrisikos bei Konzentration der Referenzschuldner innerhalb einer Branche oder Region***

Für Anleger in die Bonitätsabhängigen Schuldverschreibungen, die an die Bonität mehrerer Referenzschuldner gebunden sind, kann das Bonitätsrisiko unter anderem aufgrund der Konzentration der Referenzschuldner innerhalb einer bestimmten Branche oder eines bestimmten geografischen Gebiets oder aufgrund des Umstands, dass die Referenzschuldner ähnlichen finanziellen oder sonstigen Risiken wie andere Referenzschuldner ausgesetzt sind, erhöht sein.

Anleger in Bonitätsabhängige Schuldverschreibungen auf einen Einzelnen Namen sind zwar am Ausgabetag bzw. Handelstag dem Bonitätsrisiko eines einzelnen Referenzschuldners ausgesetzt, doch Anleger sollten beachten, dass die vorstehend dargelegten Risikofaktoren gleichermaßen für diese Bonitätsabhängigen Schuldverschreibungen gelten, wenn gemäß den Bedingungen mehrere Nachfolger bestimmt werden.

***Auswirkungen eines Bonitätsereignisses auf Kapital und Zinsen***

Wenn in Bezug auf Referenzschuldner jeweils ein Bonitätsereignis eintritt, kann dies zu einer vollständigen oder teilweisen Rückzahlung der Bonitätsabhängigen Schuldverschreibungen am maßgeblichen Bonitätsereignis-Rückzahlungstag führen, je nachdem, ob "Bonitätsabhängige Zahlung am Fälligkeitstag" oder "Bonitätsabhängige Zahlung nach Bonitätsereignis" anwendbar ist, woraufhin an den Anleger zwar eine Rückzahlung (die null betragen könnte) geleistet wird, doch da der Anleger alle entstandenen Verluste trägt, verringern sich damit seine Kapitalrückzahlungen.

Nach Eintritt eines Maßgeblichen Ereignis-Feststellungstags sollten Anleger beachten, dass, je nachdem, ob die anwendbaren Endgültigen Bedingungen vorsehen, dass "Auflaufen von Zinsen bei Kreditausfall" oder "Kein Auflaufen von Zinsen bei Kreditausfall" gilt, auf einen festgelegten Teil der betreffenden Bonitätsabhängigen Schuldverschreibungen, wie in den Bedingungen der Bonitätsabhängigen Schuldverschreibungen dargelegt, keine Zinsen mehr auflaufen. In diesem Fall laufen auf den betreffenden anwendbaren Anteil Zinsen auf ab dem Zinszahlungstag, der dem Maßgeblichen Ereignis-Feststellungstag unmittelbar vorausgeht, (oder dem Ausgabetag, wenn es keinen Zinszahlungstag gibt, der dem Maßgeblichen Ereignis-Feststellungstag unmittelbar vorausgeht) (einschließlich) bis zum Maßgeblichen Ereignis-Feststellungstag (einschließlich).

Die Emittentin kann unter bestimmten Umständen die Verzinsung auch aussetzen, wenn die Berechnungsstelle festgestellt hat, dass ein potenzielles Bonitätsereignis eintreten könnte, jedoch der Emittentin und/oder den Wertpapierinhabern keine Bonitätsereignis-Mitteilung übermittelt wurde. Die Aussetzung der Zinsen erfolgt, obwohl tatsächlich kein Maßgeblicher Ereignis-Feststellungstag eingetreten ist.

Anleger sollten sich darüber im Klaren sein, dass eine zu Unrecht ausgesetzte Zahlung von Zinsen gemäß den Bedingungen der Bonitätsabhängigen Schuldverschreibungen zurückgezahlt werden muss und bei Unterschreitung des Zinsbetrags, der hätte ausgesetzt werden sollen (der Absolutwert dieses Zinsfehlbetrags stellt den Zinsaussetzungsfehlbetrag dar), dieser Zinsaussetzungsfehlbetrag von der Emittentin von einem oder mehreren künftigen Beträgen, die bei der Rückzahlung bzw. gegebenenfalls der vollständigen Abschreibung der betreffenden Bonitätsabhängigen Schuldverschreibungen (bei Fälligkeit oder bei vorzeitiger Rückzahlung) zu zahlen sind, eingefordert wird. Die Emittentin hat jedoch keine weitergehenden

Ansprüche gegenüber den Anlegern für einen Zinsaussetzungsfehlbetrag, der nicht in voller Höhe oder teilweise abgezogen werden kann (da der entsprechende Rückzahlungsbetrag unzureichend ist).

Die Zinsen (sofern aufgelaufen) werden so lange ausgesetzt, bis die Berechnungsstelle feststellt, dass kein Maßgeblicher Ereignis-Feststellungstag eintreten kann. In solchen Fällen sollten Anleger beachten, dass sie möglicherweise für mehrere Zinsperioden keine Zinsen erhalten.

Andernfalls laufen weiterhin wie üblich auf den verbleibenden Teil der Bonitätsabhängigen Schuldverschreibung, der nicht vom Maßgeblichen Bonitätsereignis betroffen ist, Zinsen auf bis zu dem früheren der beiden folgenden Zeitpunkte (ausschließlich): dem Fälligkeitstag, zu dem eine vollständige Rückzahlung erfolgt, oder dem Zeitpunkt, zu dem eine entsprechende vorzeitige Rückzahlung erfolgt. Wenn "Bonitätsabhängige Zahlung am Fälligkeitstag" gilt, fallen auf die Bonitätsabhängigen Schuldverschreibungen in Bezug auf den Betrag der Bonitätsabhängigen Zahlung am Fälligkeitstag zusätzliche Zinsen zum Refinanzierungszinssatz an.

#### ***Risiko des Eintritts von Bonitätsereignissen und Nachfolgen vor dem Handelstag oder Ausgabetag***

Der Rückwirkungszeitpunkt bei Bonitätsereignis stellt den ersten Tag des Kreditabsicherungszeitraums für eine Serie von Bonitätsabhängigen Schuldverschreibungen dar. Der Rückwirkungszeitpunkt bei Bonitätsereignis wird in den anwendbaren Endgültigen Bedingungen als der Ausgabetag, der Handelstag oder eine Anzahl von Kalendertagen vor dem Handelstag angegeben. **Der Rückwirkungszeitpunkt bei Bonitätsereignis kann auf einen Zeitpunkt vor dem Handelstag festgelegt werden. Anleger sollten demnach beachten, dass ein Bonitätsereignis, das vor dem Handelstag oder dem Ausgabetag eintritt, dazu führen kann, dass ein Bonitätsereignis im Rahmen der Bonitätsabhängigen Schuldverschreibungen ausgelöst wird.**

Anleger sollten ferner beachten, dass dies nicht der Fall ist, wenn in den Bedingungen für Bonitätsabhängige Schuldverschreibungen als Rückwirkungszeitpunkt bei Bonitätsereignis ausdrücklich der Handelstag oder der Ausgabetag angegeben ist. Bonitätsabhängige Schuldverschreibungen sind möglicherweise auch dem Risiko ausgesetzt, dass Festsetzungen eines Nachfolgers in Bezug auf Ereignisse erfolgen, die vor dem Handelstag oder Ausgabetag eintreten, da die Bonitätsabhängigen Schuldverschreibungen einen ähnlichen Rückwirkungszeitpunkt haben (als "Rückwirkungszeitpunkt bei Nachfolgerbestimmung" bezeichnet), wobei es sich um einen Rückbetrachtungszeitraum von 90 Kalendertagen vor dem Zeitpunkt eines Antrags auf Einberufung des zuständigen Kreditderivate-Entscheidungskomitees (bzw. dem Wirksamkeitszeitpunkt einer Mitteilung an den Anleger, in der die betreffende Nachfolge beschrieben wird, sofern zutreffend) handelt, der für die Zwecke einer Festsetzung eines Nachfolgers gilt. In beiden Fällen sollten Anleger beachten, dass ein Bonitätsereignis oder eine Nachfolge, die vor dem Handelstag oder dem Ausgabetag eingetreten ist, Auswirkungen auf die betreffenden Bonitätsabhängigen Schuldverschreibungen haben könnte. In Bezug auf eine Serie von Bonitätsabhängigen Schuldverschreibungen, bei denen eine Gesellschaft am oder nach dem 1. Januar 2014 sämtliche Verbindlichkeiten (einschließlich mindestens eine maßgebliche Verbindlichkeit) eines Referenzschuldners, der kein Staat ist, übernimmt, in einer Situation, in der der Referenzschuldner erloschen ist oder sich in einem Prozess zu dessen Auflösung befindet und zu jeglichem Zeitpunkt seit dem Tag der rechtlichen Wirksamkeit der Übernahme keine Verpflichtungen zu aufgenommenen Mitteln begeben hat oder eingegangen ist (die betreffende Gesellschaft, ein "**Gesamtrechtsnachfolger**"), gilt der Rückbetrachtungszeitraum von 90 Kalendertagen nicht.

Anleger sollten selbst unter Nutzung öffentlich verfügbarer Informationen eine Prüfung vornehmen, ob aktuelle Entwicklungen in Bezug auf einen oder mehrere Referenzschuldner eingetreten sind. Wurde vor dem Handelstag oder Ausgabetag ein Antrag auf Einberufung eines Kreditderivate-Entscheidungskomitees gestellt, das festzustellen soll, ob ein Bonitätsereignis oder eine Festsetzung eines Nachfolgers in Bezug auf einen Referenzschuldner eingetreten ist, können die Einzelheiten des Antrags auf der Website des EK-

Sekretärs unter <https://www.cdsdeterminationscommittees.org/> (oder einer Nachfolge-Website) eingesehen werden. Ist am Handelstag oder Ausgabetag noch kein Kreditderivate-Entscheidungskomitee einberufen worden, das über die Angelegenheit entscheiden soll, sollten Anleger beachten, dass ein solches auch nach dem Handelstag oder Ausgabetag im Hinblick auf ein eingetretenes Ereignis einberufen werden kann, wenn dieses bis zu 60 Tage (bei einem Bonitätsereignis), 90 Tage (bei Festsetzung eines Nachfolgers) oder zu einem beliebigen Zeitpunkt (bei Festsetzung eines Gesamtrechtsnachfolgers, falls zutreffend) vor dem Tag des Antrags auf Einberufung des Kreditderivate-Entscheidungskomitees zur Vornahme der betreffenden Feststellungen eintritt. Ebenso ist es möglich, dass Bonitätsereignisse und Nachfolgen eintreten, jedoch ohne dass diese Ereignisse, vorbehaltlich etwaiger weiterer Maßnahmen der Berechnungsstelle (sofern zutreffend), Auswirkungen auf die betreffenden Bonitätsabhängigen Schuldverschreibungen haben, wenn entsprechende Fragestellungen nicht innerhalb der erforderlichen Frist gegenüber dem Kreditderivate-Entscheidungskomitee geäußert werden, damit eine Einstufung als Bonitätsereignis oder geeignete Nachfolge vorgenommen wird.

### ***Nachfolger***

Anleger sollten beachten, dass der Referenzschuldner nach Festsetzung von Nachfolgern des Referenzschuldners möglicherweise gelegentlich Änderungen unterliegt und dass die Bonität solcher Nachfolger Auswirkungen auf den Wert und die Rendite der Bonitätsabhängigen Schuldverschreibungen haben kann.

Die Berechnungsstelle ist nach Kenntniserlangung von einer Nachfolge so bald wie angemessenerweise möglich, nachdem sie Kenntnis von dieser Nachfolge hat, dafür verantwortlich, den Staat oder das Unternehmen, der bzw. das als Nachfolger infrage kommt (sofern vorhanden), zu bestimmen. Die Bedingungen für Bonitätsabhängige Schuldverschreibungen sehen für den Fall, dass ein Referenzschuldner mehr als einen Nachfolger hat, vor, dass die Berechnungsstelle die Bedingungen für die Bonitätsabhängigen Schuldverschreibungen ohne Zustimmung der Anleger ändert, um dem Umstand Rechnung zu tragen, dass der betreffende Referenzschuldner von mehr als einem Nachfolger abgelöst wurde, und dass für die Zwecke der Berechnung der betreffende Nennbetrag, der für diesen Referenzschuldner steht, den Nachfolgern gleichmäßig zugeteilt wird. Nach einer solchen Feststellung bleiben die Bonitätsabhängigen Schuldverschreibungen in Höhe des ausstehenden Gesamtnennbetrags (oder der Anzahl der Wertpapiere) ausstehend und dieser Betrag wird entsprechend den Anpassungen, die von der Berechnungsstelle nach billigem Ermessen (§ 317 BGB) in wirtschaftlich angemessener Weise festgelegt werden, um den wirtschaftlichen Auswirkungen der Bestimmung von mehr als einem Nachfolger Rechnung zu tragen, insgesamt verzinst. Anleger sollten beachten, dass die Bonitätsabhängige Schuldverschreibung nach Festsetzung eines oder mehrerer Rechtsnachfolger mit Bonitätsrisiken verbunden sein kann, die sich wesentlich von den vorherigen unterscheiden. Diese Bonitätsrisiken könnten unter Umständen größer oder kleiner sein als das Bonitätsrisiko des anfänglichen Referenzschuldners. Anleger sollten sich auch darüber im Klaren sein, dass die Festsetzung eines Nachfolgers nicht notwendigerweise dazu führt, dass der Nachfolger die betreffende Verbindlichkeit übernimmt bzw. diese im gleichen Verhältnis übernimmt wie bei Zuteilung des Nennbetrags der anfänglichen Bonitätsabhängigen Schuldverschreibung. Derartige Änderungen der Bonitätsabhängigen Schuldverschreibungen könnten sich nachteilig auf den Wert der Bonitätsabhängigen Schuldverschreibungen auswirken.

### ***Volatile Preise***

Der Marktpreis von Bonitätsabhängigen Schuldverschreibungen kann volatil sein und wird unter anderem beeinflusst durch (i) die tatsächliche oder wahrgenommene Bonität und die Bonitätsratings der einzelnen Referenzschuldner und etwaiger Garantiegeber oder sonstiger Sicherungsgeber für ihre maßgeblichen Verbindlichkeiten, (ii) die erwarteten Rückzahlungsquoten für die Verbindlichkeiten des Referenzschuldners, (iii) Maßnahmen eines Referenzschuldners und seiner Hauptgläubiger, (iv) die Art der ausstehenden

Verbindlichkeiten der einzelnen Referenzschuldner, einschließlich ihrer Fälligkeits- und Nachrangigkeitsstruktur und etwaiger Garantien oder sonstiger Sicherheiten, die der Referenzschuldner anderen Unternehmen gewährt hat, (v) die vertraglich festgelegten bonitätsbezogenen Ereignisse in Bezug auf einen Referenzschuldner, die eine Abwicklung der Bonitätsabhängigen Schuldverschreibungen auslösen können, (vi) die Wahlmöglichkeiten einer Partei, wie z. B. die Möglichkeit zur Auswahl der Verbindlichkeiten eines Referenzschuldners, die bewertet werden, oder zur Entscheidung, dass eine Abwicklung ausgelöst wird, (vii) die Korrelation zwischen den Credit Spreads und/oder den Ausfallwahrscheinlichkeiten der Bestandteile eines Korbs oder Index (sofern anwendbar), (viii) die Marktliquidität, (ix) die Restlaufzeit oder (x) wirtschaftliche, finanzielle, politische und regulatorische oder rechtliche Ereignisse oder Bedingungen, die sich auf einen Referenzschuldner oder dessen ausstehende Verbindlichkeiten oder den Markt für Bonitätsabhängige Schuldverschreibungen oder damit verbundene Finanzmärkte, einschließlich Credit Spreads am Markt, auswirken. Die Volatilität könnte Auswirkungen auf den Marktwert der Bonitätsabhängigen Schuldverschreibungen haben.

### **Marktliquidität**

Die Marktliquidität der Bonitätsabhängigen Schuldverschreibungen kann durch verschiedene Faktoren beeinflusst werden. Die Marktliquidität könnte durch eine künftige Regulierung von Bonitätsabhängigen Schuldverschreibungen eingeschränkt werden. Die Marktliquidität von Instrumenten, die auf einem individuell zusammengestellten Portfolio von Referenzschuldnern basieren, wird im Allgemeinen geringer sein als diejenige von Instrumenten, die an standardisierte Indizes und Bedingungen gebunden sind. Die Marktliquidität eines Einzelnamen-Referenzschuldners kann dadurch beeinflusst werden, dass der Referenzschuldner in einen standardisierten Index aufgenommen oder aus einem solchen Index ausgeschlossen wird, wobei bei einem Ausschluss aus einem Index im Allgemeinen eine reduzierte Marktliquidität zu erwarten ist.

Darüber hinaus können Bonitätsabhängige Schuldverschreibungen mit Bedingungen, die von den Handelskonventionen abweichen, eine wesentlich geringere Marktliquidität und Preistransparenz aufweisen. Folglich könnte während der Laufzeit einer Bonitätsabhängigen Schuldverschreibung die Marktliquidität, die sich auf den Wert dieser Bonitätsabhängigen Schuldverschreibung auswirken wird, schwanken. Es kann nicht garantiert werden, dass die Emittentin, der Dealer, die Berechnungsstelle oder eines oder mehrere ihrer verbundenen Unternehmen in der Lage sein werden, Preise für die Bonitätsabhängigen Schuldverschreibungen zu stellen oder dass sich ein Sekundärmarkt für die Bonitätsabhängigen Schuldverschreibungen entwickeln kann.

Die Bekanntmachungen, Festlegungen und Beschlüsse der Kreditderivate-Entscheidungskomitees können nachteilige Auswirkungen auf den Wert und die Rendite von Bonitätsabhängigen Schuldverschreibungen haben. Die Festlegungen der Kreditderivate-Entscheidungskomitees sind für die meisten Teilnehmer am Kreditderivatemarkt relevant und dienen der Förderung von Transparenz und Konsistenz.

Wenn die Berechnungsstelle Feststellungen in Bezug auf ein Bonitätsereignis oder einen Nachfolgetag trifft, kann sie dabei Bekanntmachungen, Festlegungen und Beschlüsse der Kreditderivate-Entscheidungskomitees berücksichtigen. In bestimmten Fällen (insbesondere bei Feststellung des Eintritts eines "**Ereignis-Feststellungstags**") gelten für die Bonitätsabhängigen Schuldverschreibungen die Bekanntmachungen, Festlegungen und Beschlüsse der Kreditderivate-Entscheidungskomitees. Diese Bekanntmachungen, Festlegungen und Beschlüsse könnten sich nachteilig auf den Umfang und den Zeitpunkt von Zins- und Kapitalzahlungen in Bezug auf die Bonitätsabhängigen Schuldverschreibungen auswirken.

### *Keine Mitwirkung der Anleger bei der Zusammensetzung der Kreditderivate-Entscheidungskomitees*

Wertpapierinhaber wirken bei der Zusammensetzung der Kreditderivate-Entscheidungskomitees nicht mit. Für die Auswahl der als Händler tätigen als auch der nicht als Händler tätigen Institute, die jeweils Mitglied

der Kreditderivate-Entscheidungskomitees werden sollen ("**EK-Mitglied**"), gilt ein eigenes Kriterium, wobei Wertpapierinhaber nicht an der Festlegung der Kriterien beteiligt sind. Darüber hinaus ändert sich die Zusammensetzung der Kreditderivate-Entscheidungskomitees gelegentlich, da es sein kann, dass die Amtszeit eines Mitgliedsinstituts abläuft oder ein Mitgliedsinstitut ersetzt werden muss. Wertpapierinhaber haben keinen Einfluss auf das Verfahren zur Auswahl von Instituten, die in den Kreditderivate-Entscheidungskomitees mitwirken sollen, da das Verfahren durch das Kreditderivate-Entscheidungskomitee-Regelwerk ("**EK-Regelwerk**") geregelt wird. Soweit in den Bonitätsabhängigen Schuldverschreibungen vorgesehen, sind die Feststellungen der Kreditderivate-Entscheidungskomitees (beispielsweise die Feststellung, dass ein Bonitätsereignis eingetreten ist oder nicht), die sich auf die Rendite der Bonitätsabhängigen Schuldverschreibungen auswirken, endgültig und verbindlich in Bezug auf bestimmte, in den Bedingungen der Bonitätsabhängigen Schuldverschreibungen gegebenenfalls dargelegte Angelegenheiten.

***Anleger werden nicht über bearbeitete Fragestellungen und Beschlüsse der Kreditderivate-Entscheidungskomitees informiert***

Mitteilungen über die Fragestellungen, die den Kreditderivate-Entscheidungskomitees vorgelegt werden, die zur Bearbeitung dieser Fragestellungen einberufenen Sitzungen und die Ergebnisse der verbindlichen Abstimmungen der Kreditderivate-Entscheidungskomitees werden auf der Website des EK-Sekretärs unter <https://www.cdsdeterminationscommittees.org/> (oder einer Nachfolge-Website) veröffentlicht. Die Emittentin, der Händler, die Berechnungsstelle und ihre verbundenen Unternehmen sind jeweils nicht verpflichtet, die Anleger über gelegentlich veröffentlichte Aktualisierungen zu informieren. Anleger sollten die Angelegenheiten, die von den Kreditderivate-Entscheidungskomitees geprüft werden, und deren Feststellungen sorgfältig verfolgen, da sich diese Feststellungen auf die Rechte eines Anlegers im Rahmen der Bonitätsabhängigen Schuldverschreibungen auswirken können.

Ungeachtet der Tatsache, dass ein Anleger möglicherweise keine Kenntnis von den auf der Website des EK-Sekretärs veröffentlichten Informationen über die Feststellungen eines Kreditderivate-Entscheidungskomitees hat, hat dies keine Auswirkungen auf Rückzahlungen, Zinsreduzierungen, Abschreibungen oder Festlegungen der Berechnungsstelle und/oder der Emittentin.

*Anleger können gegenüber den Instituten, die den Kreditderivate-Entscheidungskomitees angehören (zu denen auch die Emittentin, der Dealer und die Berechnungsstelle gehören können), und gegenüber den externen Prüfern keinen Rückgriff nehmen.*

Die EK-Mitglieder (zu denen die Emittentin, der Dealer, die Berechnungsstelle und eines oder mehrere ihrer verbundenen Unternehmen gehören können) haben keine Verpflichtung gegenüber den Wertpapierinhabern, den Kreditderivate-Entscheidungskomitees bestimmte Fragestellungen vorzulegen.

Wertpapierinhaber sind an der Verfolgung von Rechtsansprüchen in Bezug auf Maßnahmen, die ein EK-Mitglied in seiner Eigenschaft als solches im Rahmen des EK-Regelwerks vornimmt, gehindert. Die EK-Mitglieder sind nicht verpflichtet, Informationen, auf denen eine Feststellung beruht, zu untersuchen, zu ergänzen oder auf ihre Richtigkeit zu überprüfen. Darüber hinaus sind die Kreditderivate-Entscheidungskomitees nicht verpflichtet, früheren Feststellungen zu folgen oder Auslegungsgrundsätze anzuwenden, wie sie ein Gericht bei der Auslegung von Vertragsbestimmungen zugrunde legen könnte. Daher sollten sich Anleger darüber im Klaren sein, dass ein Kreditderivate-Entscheidungskomitee bei einem ähnlichen Sachverhalt eine Feststellung treffen könnte, die im Widerspruch zu einer anderen steht, was sich auf die Bonitätsabhängigen Schuldverschreibungen in einer Weise auswirken kann, die von den Anlegern ursprünglich nicht in Betracht gezogen wurde.

### ***Erfordernis öffentlich verfügbarer Informationen***

Für die Bonitätsabhängigen Schuldverschreibungen kann festgelegt sein, dass zur Auslösung oder Änderung der Transaktion ausschließlich öffentlich verfügbare Informationen über ein maßgebliches Ereignis verwendet werden dürfen. In den Bedingungen für Bonitätsabhängige Schuldverschreibungen sind Standards dafür enthalten, was öffentlich verfügbare Informationen sind. Tritt unter anderem ein Bonitätsereignis oder eine Nachfolge ein, ohne dass die erforderlichen öffentlichen Informationen über das Ereignis innerhalb der geltenden Fristen verfügbar sind, so wird das Ereignis im Rahmen der Bonitätsabhängigen Schuldverschreibungen nicht wirksam.

Anleger sollten beachten, dass es in einigen Fällen schwierig sein kann, den Eintritt bestimmter Bonitätsereignisse zu verifizieren, da eine Partei, die im Besitz von Informationen zum Nachweis des Bonitätsereignisses ist, aufgrund von Kreditvereinbarungen oder sonstigen Vereinbarungen mit dem Referenzschuldner, Primärschuldnern, verbundenen Unternehmen des Referenzschuldners oder des Primärschuldners möglicherweise vertraglich daran gehindert ist, Informationen an eine andere Partei weiterzugeben, oder diese Partei durch eine Verschwiegenheitspflicht oder Vertraulichkeitsvereinbarung gebunden ist bzw. einer solchen unterliegt, wodurch die für die Verifizierung erforderlichen Informationen möglicherweise ohne Verstoß gegen die Vertraulichkeitsverpflichtungen nicht offengelegt werden können. Dementsprechend kann es Fälle geben, in denen ein Bonitätsereignis im Rahmen der Bonitätsabhängigen Schuldverschreibungen nicht ausgelöst werden kann, weil keine öffentlich verfügbaren Informationen vorliegen.

Darüber hinaus kann nicht garantiert werden, dass sämtliche Ereignisse, die vor dem Handelstag und dem Ausgabetag eintreten, einschließlich Ereignisse, die die Richtigkeit oder Vollständigkeit der öffentlichen Einreichungen des Referenzschuldners oder den Wert der Bezugswerte beeinträchtigen würden, öffentlich bekannt gegeben werden. Der Umstand, dass derartige Ereignisse erst nachträglich offengelegt werden oder dass eine Offenlegung wesentlicher künftiger Ereignisse in Bezug auf einen Emittenten erfolgt oder unterbleibt, könnte sich nachteilig auf den Wert der Bonitätsabhängigen Schuldverschreibungen, ihren Nutzen im Hinblick auf den vom Anleger beabsichtigten Zweck und den Zeitpunkt oder Betrag von Zahlungen oder Lieferungen auswirken.

### **Risiken im Zusammenhang mit Rückzahlung bei Auktion nach einem Bonitätsereignis**

Wenn "Rückzahlung bei Auktion" für die Bonitätsabhängigen Schuldverschreibungen gilt, werden die im Rahmen der Bonitätsabhängigen Schuldverschreibungen zu zahlenden Beträge auf der Grundlage des Endkurses bestimmt, der gemäß dem in den maßgeblichen Kreditderivate-Auktions-Abwicklungsbedingungen (zu diesem Zeitpunkt abrufbar unter <https://www.cdsdeterminationscommittees.org/> (oder einer Nachfolge-Website)) festgelegten Auktionsverfahren ermittelt wird. In Bezug auf festgelegte Verbindlichkeiten des jeweiligen Referenzschuldners tritt, sofern das Kreditderivate-Entscheidungskomitee festlegt, dass eine anwendbare Auktion durchgeführt wird, ein Auktions-Endkurs-Feststellungstag ein. Kreditverluste, die im Rahmen eines Marktauktionsverfahrens ermittelt werden, können höher oder niedriger sein als die Verluste, die ohne die Auktion ermittelt worden wären. Insbesondere kann das Auktionsverfahren durch technische Faktoren oder operationelle Fehler, die andernfalls nicht auftreten würden, beeinträchtigt werden oder Gegenstand tatsächlicher oder versuchter Manipulationen sein. Der bzw. die in den Auktions-Abwicklungsbedingungen angegebenen Verwalter führen die Auktionen durch. Für die Anleger besteht das Risiko, dass ein im Rahmen einer Auktion ermittelter Endkurs bei einer Verbindlichkeit des Referenzschuldners zu einem niedrigeren Rückzahlungswert führt, als dies bei Ermittlung dieses Endkurses mit alternativen Methoden der Fall gewesen wäre. Darüber hinaus kann das Kreditderivate-Entscheidungskomitee die Form der Auktions-Abwicklungsbedingungen für eine bestimmte Auktion ändern. Das EK-Regelwerk sieht bestimmte

Änderungen durch Beschluss eines einberufenen Kreditderivate-Entscheidungskomitees vor. Andere Änderungen können vorbehaltlich einer öffentlichen Kommentierungsfrist erfolgen; gemäß dem EK-Regelwerk kann das Kreditderivate-Entscheidungskomitee jedoch durch qualifizierten Mehrheitsbeschluss auf eine öffentliche Kommentierungsfrist verzichten. Dementsprechend kann nicht garantiert werden, dass für die Kreditderivate-Auktions-Abwicklungsbedingungen für eine bestimmte Auktion ähnliche Bedingungen gelten wie für die Form der Auktions-Abwicklungsbedingungen oder die Bedingungen früherer Auktionen.

Handelt es sich bei dem einzigen maßgeblichen Bonitätsereignis um eine Restrukturierung, können in Bezug auf den Referenzschuldner und dieses Bonitätsereignis mehrere gleichzeitige, aber getrennte Auktionen stattfinden. Der Auktions-Abwicklungsbetrag kann auf dem Preis einer oder mehrerer Verbindlichkeiten des Referenzschuldners beruhen, die einen anderen Endfälligkeitstag als die restrukturierte Verbindlichkeit haben.

Obwohl grundsätzlich davon ausgegangen werden kann, dass für Referenzschuldner, die auf den Kreditmärkten in großem Umfang gehandelt werden, Auktionen durchgeführt werden, kann nicht garantiert werden, dass für künftige Bonitätsereignisse eine Auktion durchgeführt wird oder dass die Auktion, falls sie durchgeführt wird, zur Feststellung eines Auktions-Endkurses führt. Wird keine Auktion durchgeführt oder führt eine Auktion nicht zur Feststellung eines Auktions-Endkurses (was der Fall sein könnte, wenn eine Auktion vom Kreditderivate-Entscheidungskomitee abgesagt wird, weil beispielsweise nicht die erforderliche Anzahl von Erstanteilen eingeholt werden konnte) und ist "Rückzahlung bei Auktion" auf die Bonitätsabhängigen Schuldverschreibungen anwendbar, so gilt die Fallback-Rückzahlungsmethode, d. h. Rückzahlung mit Barbetrag. Im Falle einer solchen Rückzahlung mit Barbetrag wird der Endkurs nach der für die Bonitätsabhängigen Schuldverschreibungen festgelegten Bewertungsmethode ermittelt.

Anleger sollten die in Bezug auf die jeweiligen Bonitätsabhängigen Schuldverschreibungen angegebenen Wahlmöglichkeiten und die vorstehend beschriebenen Umstände und/oder Ereignisse, die sich auf den Wert und die Rendite der Bonitätsabhängigen Schuldverschreibungen auswirken können, sorgfältig beurteilen und verstehen.

### **Risiken im Zusammenhang mit Rückzahlung mit Barbetrag nach einem Bonitätsereignis**

Wenn "Rückzahlung mit Barbetrag" für die Bonitätsabhängigen Schuldverschreibungen gilt, muss die Berechnungsstelle nach dem Eintritt eines Bonitätsereignisses gemäß den Bedingungen der Bonitätsabhängigen Schuldverschreibungen Quotierungen für ausgewählte Verbindlichkeiten des Referenzschuldners einholen. Anleger sollten sich darüber im Klaren sein, dass diese Verbindlichkeiten möglicherweise nicht mehr bestehen und keine qualifizierten Ersatzverbindlichkeiten bestimmt wurden, dass solche Quotierungen möglicherweise nicht verfügbar sind oder dass die Höhe der Quotierungen aufgrund der Illiquidität der betreffenden Märkte oder aufgrund anderer Faktoren als dem Bonitätsrisiko des Referenzschuldners (z. B. Liquiditätsengpässe bei Markthändlern) erheblich reduziert sein kann. Darüber hinaus kann der Marktwert der Verbindlichkeiten eines Referenzschuldners in der Zeit nach einem Bonitätsereignis sehr volatil sein. Dementsprechend können die auf diese Weise eingeholten Quotierungen deutlich unter dem Wert der betreffenden Verbindlichkeit liegen, der beispielsweise anhand des Barwerts der damit verbundenen Cashflows oder des Werts, den eine Partei erzielen könnte, wenn sie eine Verfügung über die Verbindlichkeiten treffen könnte, ermittelt würde. Ferner kann es sein, dass der Preis der ausgewählten Verbindlichkeiten des Referenzschuldners mit null angenommen wird, falls keine Quotierungen verfügbar sind. Zudem erfolgt die Feststellung der Bewertung der ausgewählten Verbindlichkeiten zu einem bestimmten Feststellungstag, sodass der Rückzahlungspreis, der bei einem Verlustbetrag oder angefallenen Verlustbetrag, die einem Anleger nach Eintritt eines Bonitätsereignisses entstehen würden, zugrunde gelegt würde, den Wert der betreffenden Verbindlichkeiten zu einem bestimmten Zeitpunkt widerspiegelt. Somit

kann ein Anleger aufgrund des Risikos erlittener Verluste oder Kapitalabschreibungen letztlich schlechter gestellt sein als ein Inhaber von Schuldtiteln des Referenzschuldners, sei es nach Durchsetzung von Rechten nach einem Ausfall oder Erhalt von Ausschüttungen nach einer Insolvenz oder aus anderen Gründen.

Darüber hinaus kann ein Vermögenswertpaket, für das Quotierungen eingeholt werden, schwer zu bewertende Vermögenswerte enthalten, für die eine Bewertungsmethodik nicht ohne Weiteres verfügbar oder geeignet ist, was mit einem geringeren Wert der Quotierungen oder geringerer Verfügbarkeit von Quotierungen, die andernfalls eventuell eingeholt worden wären, verbunden sein kann. Folglich sollten Anleger beachten, dass die auf diese Weise eingeholten Quotierungen deutlich unter dem Wert der betreffenden Verbindlichkeit (bzw. des betreffenden Vermögenswertpakets) liegen können, der beispielsweise anhand des Barwerts der damit verbundenen Cashflows oder des Werts, den eine Partei erzielen könnte, wenn sie eine Verfügung über die Verbindlichkeiten treffen könnte, ermittelt würde.

#### ***Bei Rückzahlung mit Fester Rückzahlung kann ein Festrückzahlungspreis gelten***

Wenn "Rückzahlung mit Fester Rückzahlung" für die Bonitätsabhängigen Schuldverschreibungen gilt und der Bonitätsereignis-Rückzahlungsbetrag der Bonitätsabhängigen Schuldverschreibungen anhand eines Festrückzahlungspreises der Verbindlichkeiten eines oder mehrerer Referenzschuldner berechnet wird, kann der Eintritt eines Bonitätsereignisses dazu führen, dass die Rückzahlung erheblich niedriger ist als der allgemein übliche Preis der betreffenden Verbindlichkeiten des maßgeblichen Referenzschuldners. Anleger sollten beachten, dass die Rückzahlung zu einem Festrückzahlungsprozentsatz von null Prozent erfolgen kann, wenn dies in den Endgültigen Bedingungen entsprechend festgelegt ist.

Beträgt der Festrückzahlungsprozentsatz nach Eintritt eines Maßgeblichen Ereignis-Feststellungstags null, so ist mit Eintritt des Barrückzahlungstags oder des Endgültigen Barrückzahlungstags die Verpflichtung der Emittentin zur Rückzahlung der jeweiligen Bonitätsabhängigen Schuldverschreibungen vollumfänglich und wirksam erfüllt. Anleger sollten sich darüber im Klaren sein, dass bei einem Festrückzahlungsprozentsatz von null der Verlustbetrag in Bezug auf den Betroffenen Referenzschuldner 100 Prozent beträgt und dementsprechend keine Rückzahlungsbeträge an die Wertpapierinhaber zu zahlen sind. Anleger tragen somit den Verlust des von ihnen eingesetzten Kapitals.

#### ***Risiko aufgrund der "Cheapest to deliver"-Wahlmöglichkeit***

Da es im billigen Ermessen der Emittentin und/oder der Berechnungsstelle (§§ 315, 317 BGB) liegt, das Portfolio der nach einem Bonitätsereignis in Bezug auf einen Referenzschuldner zu bewertenden Verbindlichkeiten auszuwählen, ist es wahrscheinlich, dass es sich bei dem ausgewählten Portfolio von Verbindlichkeiten um Verbindlichkeiten des Referenzschuldners mit dem niedrigsten zu erwartenden Marktwert handelt, die gemäß den Bedingungen der Bonitätsabhängigen Schuldverschreibungen ausgewählt werden dürfen. Dies könnte für einen Anleger zu einem niedrigeren Rückzahlungswert und damit zu größeren Verlusten führen. Verbindlichkeiten, die neben anderen Merkmalen unterschiedliche Laufzeiten, Währungen oder Zahlungswasserfälle (vertraglich oder nach einer anwendbaren Insolvenzordnung vorgesehen) aufweisen, können sich erheblich in ihrem Marktwert unterscheiden. Ähnliche Überlegungen lassen sich anstellen, wenn "Rückzahlung bei Auktion" anwendbar ist, da die repräsentative Transaktion, für die in einer Auktion ein Preis bestimmt wird, in der Regel eine Auswahl von Verbindlichkeiten aus einer vom Kreditderivate-Entscheidungskomitee erstellten endgültigen Liste zulässt, sodass die teilnehmenden Bieter An- und Verkaufspreise angeben.

#### ***Aufschub oder Aussetzung der Zahlungen im Rahmen der Bonitätsabhängigen Schuldverschreibungen möglich (Fälligkeitstagverschiebung)***

Anleger sollten beachten, dass in bestimmten Fällen, z. B. wenn (i) in Bezug auf einen Referenzschuldner ein Bonitätsereignis eingetreten ist und der damit verbundene Kreditverlust oder angefallene Verlustbetrag nicht zum jeweiligen Fälligkeitstag bestimmt wurde oder der Bonitätsereignis-Rückzahlungstag nach dem

Fälligkeitstag eintreten kann, (ii) wenn der Eintritt eines potenziellen Bonitätsereignisses zum Zeitpunkt der planmäßigen Fälligkeit der Bonitätsabhängigen Schuldverschreibungen festgestellt wird (einschließlich Potenzielle Nichtzahlung, wenn in den anwendbaren Endgültigen Bedingungen "Nachfristverlängerung" als zutreffend angegeben ist, oder Potenzielle Nichtanerkennung/Potenzielles Moratorium, wenn in den anwendbaren Endgültigen Bedingungen "Nichtanerkennung/Moratorium" als zutreffend angegeben ist), (iii) wenn eine EK-Bonitätsereignisanfrage gestellt wurde, seitens des zuständigen Kreditderivate-Entscheidungskomitee aber keine EK-Bonitätsereignisbekanntmachung erfolgt ist, eine Abweisung der EK-Bonitätsereignisanfrage angekündigt wurde (oder beschlossen wurde, nicht über die in der Bonitätsereignis-Entscheidung-Mitteilung dargelegten Angelegenheiten zu entscheiden, (iv) eine Bonitätsereignis-Mitteilung nach dem Fälligkeitstag innerhalb einer wirksamen Übermittlungsfrist übermittelt werden kann, die zum Eintritt eines Maßgeblichen Ereignis-Feststellungstags führen kann. In diesen Fällen kann im billigen Ermessen der Berechnungsstelle (§§ 315, 317 BGB) die Zahlung des Rückzahlungsbetrags der Bonitätsabhängigen Schuldverschreibungen und/oder der Zinsen auf die Bonitätsabhängigen Schuldverschreibungen für einen erheblichen Zeitraum ganz oder teilweise ohne Entschädigung des Anlegers aufgeschoben werden. In diesen Fällen ist die Emittentin nicht verpflichtet, Maßnahmen in Bezug auf die Rückzahlung der betreffenden Bonitätsabhängigen Schuldverschreibungen zu ergreifen, und einem Anleger sind keine zusätzlichen Zinsen im Zusammenhang mit einer solchen Hemmung oder Aussetzung der Zahlungen, einschließlich eines etwaigen finalen Rückzahlungsbetrags, zu zahlen. Sobald die betreffende EK-Bonitätsereignisbekanntmachung oder Abweisung der EK-Bonitätsereignisanfrage (bzw. ein Beschluss, nicht über die in der Bonitätsereignis-Entscheidung-Mitteilung dargelegten Angelegenheiten zu entscheiden) erfolgt ist, werden die entsprechenden zuvor gehemmten oder ausgesetzten zeitlichen Anforderungen, die sich auf die Abwicklung beziehen, an dem Geschäftstag wieder aufgenommen, der auf diese öffentliche Ankündigung der ISDA bzw. des EK-Sekretärs folgt, wobei zugunsten der Emittentin ungeachtet des Zeitpunkts des Beginns der Hemmung oder Aussetzung der gesamte Tag zugrunde gelegt wird.

#### ***Nichtzahlungereignis – Nichtzahlung***

Anleger sollten beachten, dass in Fällen, in denen es für die Emittentin (aufgrund eines Ereignisses außerhalb des Einflussbereichs der Emittentin, darin eingeschlossen unter anderem, dass der Anleger nicht die Kontodaten des von ihm benannten Empfängers übermittelt) unmöglich, undurchführbar oder rechtswidrig ist, eine Zahlung zu leisten, die planmäßig erfolgen soll, oder dass es für einen Wertpapierinhaber (aufgrund eines Ereignisses außerhalb des Einflussbereichs des Wertpapierinhabers) unmöglich, undurchführbar oder rechtswidrig ist, diese Zahlung anzunehmen, wird die Verpflichtung der Emittentin, diese Zahlung zu leisten, so lange aufgeschoben, bis das Ereignis nicht mehr besteht oder geheilt wird, erfolgt jedoch keine solche Zahlung durch die Emittentin, wenn das Ereignis am Nichtzahlungsbedingten Ausschlussstag weiter besteht, und gelten die Verpflichtungen der Emittentin gegenüber dem Anleger ab diesem Tag als vollumfänglich erfüllt. Ein Aufschub oder eine fiktive Erfüllung einer Zahlung stellt kein Kündigungsereignis gemäß der Allgemeinen Bedingung 7 (*Kündigungsereignisse*) dar und verleiht den betreffenden Anlegern keinen Anspruch auf zusätzliche Zinsen oder andere Zahlungen.

#### ***Ermittlung von Ereignis-Feststellungstagen und Bonitätsereignis-Rückzahlungstagen nach dem Fälligkeitstag***

Anleger sollten beachten, dass ein Ereignis-Feststellungstag, der zu einer Rückzahlung führen würde, dadurch eintreten kann, dass Mitteilungen während dem vorgeschriebenen Mitteilungsübermittlungszeitraum bzw. Zusätzlichen Zeitraum nach EK-Bonitätsereignisanfrage-Abweisung erfolgen, die nach dem Fälligkeitstag oder in einigen Fällen 14 Kalendertage nach dem Tag der EK-Bonitätsereignisbekanntmachung erfolgen können, weil Marktteilnehmer nach dem Fälligkeitstag bei dem Kreditderivate-Entscheidungskomitee die Einberufung des zuständigen Kreditderivate-Entscheidungskomitees beantragt haben, damit es sich mit einer Fragestellung befasst. Der Fälligkeitstag der

Bonitätsabhängigen Schuldverschreibung kann im billigen Ermessen der Berechnungsstelle (§§ 315, 317 BGB) auch verlängert werden, wenn der letzte maßgebliche Bonitätsereignis-Rückzahlungstag oder der letzte Nichtzahlungsbedingte Ausschlussstag nach dem Fälligkeitstag eintritt. In jedem dieser Fälle wird der Fälligkeitstag der Bonitätsabhängigen Schuldverschreibungen verlängert und Anleger sollten beachten, dass die (ggf. vorhandenen) endgültigen Rückzahlungsbeträge zu einem späteren Zeitpunkt als dem Fälligkeitstag zu zahlen wären und dass im Zusammenhang mit einer solchen Hemmung oder Aussetzung von Zahlungen, einschließlich eines endgültigen Rückzahlungsbetrags, keine zusätzlichen Zinsen an einen Anleger zu zahlen sind.

### ***Anpassungen und Änderungen***

Anleger sollten beachten, dass die Bonitätsabhängigen Schuldverschreibungen ohne Zustimmung der Anleger geändert werden können, wenn ein Ereignis-Feststellungstag entweder als an einem Tag eingetreten gilt, bei dem es sich nicht um den Tag handelt, der ursprünglich als der Ereignis-Feststellungstag festgestellt wurde, oder als nicht eingetreten gilt. Einige EK-Beschlüsse können frühere EK-Beschlüsse oder den Eintritt eines Maßgeblichen Ereignis-Feststellungstags, der zur Ermittlung von Nachfolgern, Ersatz-Referenzverbindlichkeiten oder dem Eintritt eines Auktions-Endkurs-Feststellungstags oder Bewertungstags geführt hat, aufheben und je nach den Umständen eine Umkehrung der wirtschaftlichen Auswirkungen für die Bonitätsabhängigen Schuldverschreibungen bewirken. Anleger sollten sich darüber im Klaren sein, dass die Berechnungsstelle in diesen Fällen nach billigem Ermessen (§ 317 BGB) die gegebenenfalls an die Anleger zu zahlende Anpassungszahlung und den Zeitpunkt der Fälligkeit der Anpassungszahlung feststellen wird, wobei (ggf.) aufgelaufene Zinsen bei der Berechnung dieser Anpassungszahlung nicht berücksichtigt werden und bei Vornahme der Anpassungen keine weitere Zustimmung des Wertpapierinhabers erforderlich ist.

Jede Änderung dieser Art kann sich auf den Wert und die Rendite der Bonitätsabhängigen Schuldverschreibungen auswirken.

### ***Potenzielle Interessenkonflikte***

Die Berechnungsstelle und eines oder mehrere der mit ihr verbundenen Unternehmen sind ein führender Händler am Kreditderivatemarkt. Wenn „Rückzahlung bei Auktion“ im Rahmen der Bonitätsabhängigen Schuldverschreibungen anwendbar ist und eine Auktion in Bezug auf einen Referenzschuldner durchgeführt wird, für den ein Bonitätsereignis eingetreten ist, besteht eine hohe Wahrscheinlichkeit, dass die Berechnungsstelle oder eines der mit ihr verbundenen Unternehmen als Bieter an einer solchen Auktion teilnimmt. In dieser Eigenschaft kann die Berechnungsstelle oder ein mit ihr verbundenes Unternehmen bestimmte Maßnahmen ergreifen, die den im Rahmen der Auktion ermittelten Endpreis beeinflussen können, unter anderem (i) die Abgabe von Geboten, Angeboten und Anträgen auf physische Lieferung (entweder im eigenen Namen oder im Namen von Kunden) in Bezug auf die betreffenden Verbindlichkeiten und (ii) die Bereitstellung von Umrechnungskursen zur Feststellung der anwendbaren Währungsumrechnungskurse, die für die Zwecke der Auktion zur Umrechnung von nicht auf die Auktionswährung lautenden Verbindlichkeiten in diese Währung zu verwenden sind. Bei der Entscheidung über die Ergreifung einer solchen Maßnahme oder über die Teilnahme als Bieter an einer Auktion sind die Berechnungsstelle bzw. eines oder mehrere der mit ihr verbundenen Unternehmen nicht verpflichtet, die Interessen der Anleger zu berücksichtigen, und die Auswirkungen ihrer Teilnahme können wesentliche nachteilige Auswirkungen auf den Wert einer Bonitätsabhängigen Schuldverschreibung haben.

Die Emittentin, der Dealer, die Berechnungsstelle oder eines oder mehrere der jeweils mit ihnen verbundenen Unternehmen können auch stimmberechtigtes Mitglied in einem oder mehreren der Kreditderivate-Entscheidungskomitees sein, die für die Feststellung des Eintritts von Bonitätsereignissen für die Zwecke bestimmter Kreditderivate zuständig sind, und können bestimmte Maßnahmen ergreifen, die den Prozess und

das Ergebnis der Entscheidungen der Kreditderivate-Entscheidungskomitees beeinflussen können. Diesen Stellen kann auch ein Interessenkonflikt hinsichtlich des Ergebnisses dieser Entscheidungen immanent sein. Die von diesen Stellen getroffenen Maßnahmen können auch den Interessen eines Anlegers zuwiderlaufen und dazu führen, dass der Emittentin, dem Dealer, der Berechnungsstelle oder einem oder mehreren der jeweils mit ihnen verbundenen Unternehmen ein wirtschaftlicher Vorteil erwächst. Die Emittentin, der Dealer, die Berechnungsstelle oder eines oder mehrere der jeweils mit ihnen verbundenen Unternehmen sind jedoch nicht verpflichtet, bei der Erfüllung ihrer Pflichten nach dem EK-Regelwerk, dem die Kreditderivate-Entscheidungskomitees unterliegen, die Interessen eines Anlegers zu berücksichtigen, und können jeden im Hinblick auf die Bonitätsabhängigen Schuldverschreibungen entstehenden Interessenkonflikt außer Acht lassen.

***Die Emittentin, der Dealer oder die Berechnungsstelle können über geschäftliche Beziehungen und Informationen in Bezug auf Referenzschuldner verfügen***

Die Emittentin, der Dealer und/oder die Berechnungsstelle und/oder die jeweils mit ihnen verbundenen Unternehmen können gegenwärtig oder künftig Verbindlichkeiten des Referenzschuldners handeln, Kapitalbeteiligungen an einem Referenzschuldner eingehen, Geschäfte mit einem Referenzschuldner, seinen verbundenen Unternehmen und seinen Wettbewerbern oder mit anderen natürlichen oder juristischen Personen, die Verpflichtungen in Bezug auf einen Referenzschuldner haben, tätigen, einschließlich der Ausreichung von Darlehen oder sonstigen Gewährung von Krediten an diese, und grundsätzlich Geschäfte jeder Art im Geschäftsbanken- oder Investmentbankingbereich oder einem anderen Bereich durchführen, einschließlich Vermögensverwaltung oder andere Beratungsdienstleistungen, auch Beratungsdienstleistungen im Bereich Fusionen und Übernahmen oder Insolvenz. Die Emittentin, der Dealer, die Berechnungsstelle und/oder die jeweils mit ihnen verbundenen Unternehmen können sich auch an Kreditrestrukturierungen oder Rekapitalisierungen beteiligen, die sich auf die Bonitätsabhängige Schuldverschreibung und Referenzverbindlichkeiten auswirken können. In solchen Fällen können die Emittentin, der Dealer und/oder die Berechnungsstelle und/oder die jeweils mit ihnen verbundenen Unternehmen in Bezug auf diese geschäftlichen Beziehungen, Geschäftstätigkeiten und Beratungsverhältnisse frei und ohne Rechenschaftspflicht gegenüber einem Anleger auf dieselbe Weise handeln, als ob es die Bonitätsabhängigen Schuldverschreibungen nicht gäbe, und jede dieser Handlungen könnte nachteilige Auswirkungen auf die Anleger haben (einschließlich u. a. Handlungen, die ein Bonitätsereignis auslösen könnten).

Die Emittentin und/oder die Berechnungsstelle und/oder die jeweils mit ihnen verbundenen Unternehmen können aufgrund der vorstehend beschriebenen Beziehungsarten oder auf andere Weise jederzeit im Besitz von Informationen in Bezug auf einen Referenzschuldner (oder dessen Verbindlichkeiten) sein, die im Zusammenhang mit den Bonitätsabhängigen Schuldverschreibungen wesentlich sind oder sein können und die der Öffentlichkeit oder den Wertpapierinhabern tatsächlich oder möglicherweise nicht bekannt sind. Die Bonitätsabhängigen Schuldverschreibungen verpflichten nicht zur Offenlegung solcher Beziehungen oder Informationen (unabhängig davon, ob sie vertraulich sind oder nicht) gegenüber den Wertpapierinhabern, auch wenn diese Beziehungen oder Informationen nachteilige Auswirkungen auf den Wert und die Rendite der Bonitätsabhängigen Schuldverschreibungen haben können.

***Die Bonitätsabhängigen Schuldverschreibungen stellen keine Beteiligung an Verbindlichkeiten von Referenzschuldnern dar***

Die Bonitätsabhängigen Schuldverschreibungen stellen keine Beteiligung an Verbindlichkeiten von Referenzschuldnern oder eine mittelbare oder unmittelbare Verpflichtung eines Referenzschuldners gegenüber einem Anleger dar und vermitteln diese auch nicht. Die Emittentin ist in keiner Weise Beauftragte eines Anlegers und ein Anleger hat keine Rechte, die denen eines Inhabers von Schuldtiteln eines Referenzschuldners entsprechen, wie beispielsweise Stimmrechte oder Rechte auf Erhalt von

Zustimmungsprämien oder anderen Ausschüttungen von einem Referenzschuldner. Kommt es beispielsweise zu einer Umstrukturierung in Bezug auf einen Referenzschuldner, so hat der Anleger im Gegensatz zu einem Inhaber von Verbindlichkeiten eines Referenzschuldners kein Recht, die Umstrukturierung anzufechten oder an einem ihrer Aspekte mitzuwirken. Ist die Emittentin Eigentümerin einer oder mehrerer Verbindlichkeiten eines Referenzschuldners, kann sie ihre Stimm- oder Kontrollrechte ausüben oder in ihrer Eigenschaft als Inhaberin dieser Verbindlichkeiten anderweitig handeln, ohne die Interessen eines Anlegers zu berücksichtigen, und diese Handlungen können nachteilige Auswirkungen auf die von einem Anleger gehaltenen Bonitätsabhängigen Schuldverschreibungen haben. Infolgedessen kann der Erwerb der Bonitätsabhängigen Schuldverschreibungen durch den Anleger mit einem höheren Risiko verbunden sein als eine Direktanlage in die Verbindlichkeiten eines Referenzschuldners. Der Erwerb einer Bonitätsabhängigen Schuldverschreibung unterscheidet sich von einem Angebot neuer Verbindlichkeiten seitens eines Referenzschuldners dahingehend, dass die für die Bonitätsabhängige Schuldverschreibung gezahlten Zeichnungsbeträge nicht an einen Referenzschuldner fließen. Darüber hinaus gewährt die Emittentin kein Sicherungsrecht an diesen Verbindlichkeiten des Referenzschuldners.

### ***Operationelle Risiken und Mitteilungen***

Im Rahmen der Bonitätsabhängigen Schuldverschreibungen kann es erforderlich sein, dass bestimmte Mitteilungen zur Ausübung von Rechten, zur Realisierung, zur Bewertung oder zum Schutz und zur Wahrung von Interessen im Rahmen der Bonitätsabhängigen Schuldverschreibungen erfolgen, einschließlich u. a. Mitteilungen der Emittentin an die Anleger über den Eintritt eines Bonitätsereignisses oder zur Beschreibung einer Nachfolge einschließlich ergänzender Informationen, über die Auswahl der zu liefernden oder zu bewertenden Verbindlichkeiten, über bestimmte potenzielle Bonitätsereignisse und über die Ausübung des Rechts, im Falle bestimmter restrukturierungsbezogener Bonitätsereignisse Parallelauktionen zu nutzen.

Anleger sollten Vorkehrungen für die Übermittlung und den Erhalt dieser Mitteilungen und die Überwachung der Handlungen der maßgeblichen Kreditderivate-Entscheidungskomitees treffen und darauf vorbereitet sein, die erforderlichen oder angemessenen Schritte zu unternehmen, wenn sie solche Mitteilungen erhalten oder von solchen Handlungen erfahren, wenn ein Anleger aufgrund einer solchen Mitteilung Maßnahmen ergreifen muss. Werden die entsprechenden Schritte oder Maßnahmen nicht innerhalb der erforderlichen Fristen vorgenommen, könnte dies nachteilige Auswirkungen auf die Interessen eines Anlegers im Rahmen einer Bonitätsabhängigen Schuldverschreibung haben.

Anleger sollten beachten, dass Feststellungen eines Kreditderivate-Entscheidungskomitees in einigen Fällen eine erforderliche Mitteilung ersetzen, die Wirkung einer zuvor übermittelten Mitteilung ändern oder die Frist, innerhalb derer eine Mitteilung übermittelt werden kann, ändern können, was sich auf Zeitpunkt von Mitteilungen der Emittentin auswirken kann.

Hat die entsprechende Mitteilung seitens der Emittentin, der Berechnungsstelle oder der Emissionsstelle zu erfolgen, sollten Anleger beachten, dass es kein Kündigungsereignis im Rahmen der betreffenden Bonitätsabhängigen Schuldverschreibungen darstellt, wenn eine dieser Parteien die entsprechenden Mitteilungen nicht übermittelt oder beschließt, dem Anleger keine Bonitätsereignis-Mitteilung zu übermitteln.

### ***Auslegung von Bedingungen***

Die Bedingungen der Bonitätsabhängigen Schuldverschreibungen unterliegen der Auslegung und Weiterentwicklung. In einigen Fällen können die Ansichten der Marktteilnehmer darüber, wie die Bedingungen bestimmter bonitätsbezogener Bestimmungen im Zusammenhang mit bestimmten Ereignissen, Schuldnern und Verbindlichkeiten auszulegen sind, ggf. von denen eines Kreditderivate-Entscheidungskomitees oder einer Berechnungsstelle abweichen. Entsprechend können die Folgen, die sich aus der Auslegung verschiedener Bedingungen ergeben, im Zusammenhang mit den Bonitätsabhängigen

Schuldverschreibungen variieren und zu unerwarteten Verlusten, Rückzahlungen, Abschreibungen, Zinsminderungen und anderen wirtschaftlichen Auswirkungen für einen Anleger führen.

#### ***Wechselkursrisiken***

Anleger sollten beachten, dass in bestimmten Fällen eine Währungsumrechnung erforderlich sein kann, um bestimmte Feststellungen, Berechnungen in Bezug auf eine Zahlungs- oder Lieferverpflichtung in Bezug auf die Bonitätsabhängigen Schuldverschreibungen vorzunehmen. Anleger sollten beachten, dass in Bezug auf eine Auktion im Zusammenhang mit der Rückzahlung bei Auktion die bei der Auktion zu verwendenden maßgeblichen Wechselkurse erforderlichenfalls von den Auktionsverwaltern vor einem Feststellungstag für den Auktions-Endkurs festgelegt werden. In solchen Fällen unterliegen die Bonitätsabhängigen Schuldverschreibungen einem Wechselkursrisiko, das nachteilige Auswirkungen auf den Wert und die Rendite der Bonitätsabhängigen Schuldverschreibungen haben kann.

#### ***Ermessensspielraum der Berechnungsstelle***

Die Feststellung von Beträgen oder Sachverhalten, Umständen, Ereignissen oder anderen Angelegenheiten seitens der Berechnungsstelle oder die Bildung von Meinungen oder die Ausübung von Ermessensspielräumen, zu deren Feststellung, Bildung oder Ausübung die Berechnungsstelle verpflichtet oder berechtigt ist, ist (außer bei offensichtlichen Fehlern) endgültig und für die Emittentin und jeden Wertpapierinhaber verbindlich. Bei der Erfüllung ihrer Pflichten im Rahmen der Bonitätsabhängigen Schuldverschreibungen und bei der Vornahme der ausdrücklich von ihr zu treffenden Feststellungen handelt die Berechnungsstelle in wirtschaftlich angemessener Weise und nach billigem Ermessen (§ 317 BGB). Alle von der Berechnungsstelle vorgenommenen Feststellungen oder Handlungen können nachteilige Auswirkungen auf den Wert und die Rendite der Schuldverschreibungen haben.

#### **Risiken im Zusammenhang mit Bonitätsabhängigen Schuldverschreibungen auf einen Linearen Korb**

In Bezug auf Bonitätsabhängige Schuldverschreibungen auf einen Linearen Korb sollten Anleger beachten, dass sie erheblichen Verlusten ausgesetzt sein können, die sich aus Veränderungen der Marktwahrnehmung der Bonität der zugrunde liegenden Referenzschuldner ergeben können. Die Marktwahrnehmung der Bonität der zugrunde liegenden Referenzschuldner kann sehr volatil sein und sich nach Vorliegen neuer Informationen sehr schnell ändern. Anleger werden auf die Risikofaktoren „*Bonitätsrisiko des Referenzschuldners*“, „*Unterschiede zwischen Rechtsordnungen und Beurteilung des Referenzschuldners*“, „*Maßnahmen der Referenzschuldner*“, „*Auf Grundlage historischer Wertentwicklung keine Prognose für künftige Wertentwicklung möglich*“ und „*Konzentration des Bonitätsrisikos bei Konzentration der Referenzschuldner innerhalb einer Branche oder Region*“ verwiesen. Anleger sollten die Liste der Referenzschuldner, aus denen sich die Bonitätsabhängigen Schuldverschreibungen auf einen Linearen Korb zusammensetzen, sorgfältig prüfen und beurteilen, ob ein solches Engagement ihren erklärten Zielen entspricht und repräsentativ für den Markt ist, in dem ein Engagement erforderlich ist.

Anleger sollten beachten, dass eine Anlage in Zusammenhang mit einem individuell zusammengestellten Portfolio von Referenzschuldnern möglicherweise nicht über eine signifikante Liquidität verfügt und dass daher möglicherweise kein oder nur ein begrenzter Sekundärmarkt für solche Bonitätsabhängigen Schuldverschreibungen besteht.

## **ABSCHNITT C – ANLAGEÜBERLEGUNGEN**

ABSCHNITT C enthält wichtige Anlageüberlegungen, deren Prüfung potenziellen Anlegern vor einer Anlage in die Schuldverschreibungen von der betreffenden Emittentin, der CGMHI-Garantiegeberin und der CGMFL-Garantiegeberin empfohlen wird, einschließlich wichtiger Informationen über Green Bonds, Social Bonds, Social Finance Bonds sowie Bonitätsabhängige Schuldverschreibungen.

### **1. Allgemeines**

Vor einer Anlage in die Wertpapiere sollten Anleger entscheiden, ob eine Anlage in die Wertpapiere unter Berücksichtigung ihrer spezifischen Umstände angemessen ist und ihre Rechts-, Geschäfts-, und Steuerberater zurate ziehen, um die Folgen einer Anlage in die Wertpapiere abzuschätzen und zu einer eigenen Bewertung der Anlage zu gelangen. Die maßgebliche Emittentin, die CGMHI-Garantiegeberin (falls zutreffend) und die CGMFL-Garantiegeberin (falls zutreffend) empfehlen insbesondere, dass Anleger eine unabhängige Steuerberatung in Anspruch nehmen, bevor sie sich zu einem Kauf von Wertpapieren verpflichten. Weder die maßgebliche Emittentin noch die CGMHI-Garantiegeberin (falls zutreffend) und die CGMFL-Garantiegeberin (falls zutreffend) bieten Steuerberatung an und somit liegt die Verantwortung für alle steuerrechtlichen Implikationen einer Anlage in Wertpapiere vollständig bei dem jeweiligen Anleger. Anleger sollten beachten, dass die steuerliche Behandlung je nach Rechtsordnung variiert. Anleger übernehmen und sind allein verantwortlich für alle Steuern einer Rechtsordnung, Regierungs- oder Aufsichtsbehörde, u. a. Steuern auf bundesstaatlicher oder lokaler Ebene oder sonstige ähnliche Festsetzungen oder Kosten, die gegebenenfalls auf eine Zahlung im Rahmen der Wertpapiere anfallen.

Eine Anlage in die Wertpapiere eignet sich nur für Anleger, die:

- (a) über die erforderliche Kenntnis und Erfahrung in Finanz- und Geschäftsangelegenheiten verfügen, um die Vorteile und Risiken einer Anlage in die Wertpapiere abzuschätzen;
- (b) Zugang zu den und Kenntnis der geeigneten Analyseinstrumente(n) haben, um diese Vorteile und Risiken im Rahmen ihrer Finanzlage zu evaluieren;
- (c) in der Lage sind, das wirtschaftliche Risiko einer Anlage in Wertpapiere für einen unbestimmten Zeitraum zu tragen, und
- (d) sich darüber im Klaren sind, dass es unter Umständen nicht möglich ist, über einen wesentlichen Zeitraum die Wertpapiere zu veräußern, falls dies überhaupt möglich sein sollte.

Potenzielle Anleger in die Wertpapiere sollten auf Grundlage ihrer eigenen Beurteilung, und falls dies ihrer Ansicht nach erforderlich ist, nach Beratung durch die entsprechenden Berater, ihre eigene unabhängige Entscheidung einer Anlage in die Wertpapiere, und ob die Anlage in die Wertpapiere für sie angemessen und geeignet ist, treffen. Potenzielle Anleger in die Wertpapiere sollten sich nicht auf (schriftliche oder mündliche) Kommunikationen der maßgeblichen Emittentin, der CGMHI-Garantiegeberin (falls zutreffend) und der CGMFL-Garantiegeberin (falls zutreffend), eines Händlers oder eines ihrer verbundenen Unternehmen oder ihrer jeweiligen leitenden Angestellten oder Beauftragten als Anlageberatung oder Empfehlung einer Anlage in die Wertpapiere berufen, wobei als vereinbart gilt, dass die Informationen und Erläuterungen zu den Wertpapieren nicht als Anlageberatung oder Empfehlung einer Anlage in die Wertpapiere gelten. Keine (schriftliche oder mündliche) Kommunikation der maßgeblichen Emittentin, der CGMHI-Garantiegeberin (falls zutreffend) und der CGMFL-Garantiegeberin (falls zutreffend), eines Händlers oder eines ihrer verbundenen Unternehmen oder ihrer jeweiligen leitenden Angestellten oder Beauftragten gilt als Zusicherung oder Garantie hinsichtlich der erwarteten Ergebnisse einer Anlage in Wertpapiere.

### ***Hedginggeschäfte in Bezug auf die Wertpapiere***

Jede Emittentin und/oder die CGMHI-Garantiegeberin und/oder die CGMFL-Garantiegeberin und/oder ihre verbundenen Unternehmen können Hedginggeschäfte für die Verbindlichkeiten der maßgeblichen Emittentin und/oder der CGMHI-Garantiegeberin und/oder der CGMFL-Garantiegeberin im Rahmen der Wertpapiere und/oder der CGMHI-Garantiekunde und/oder der CGMFL-Garantiekunden abschließen, sind dazu aber nicht verpflichtet. Bei Abschluss entsprechender Geschäfte haben jede Emittentin und/oder die CGMHI-Garantiegeberin und/oder die CGMFL-Garantiegeberin und/oder ein entsprechendes verbundenen Unternehmen bestimmte Rechte im Rahmen dieser Hedginggeschäfte und können Maßnahmen und Schritte in die Wege leiten, die sie zum Schutz ihrer eigenen Interessen im Rahmen dieser Hedginggeschäfte als angemessen erachten, ohne dabei die Folgen für Wertpapierinhaber zu berücksichtigen. Anleger haben keine Rückgriffsansprüche gegenüber der maßgeblichen Gegenpartei im Rahmen dieser Hedginggeschäfte und diese Hedginggeschäfte begründen keine Rechte oder Ansprüche eines Wertpapierinhabers und stellen separate Verbindlichkeiten der maßgeblichen Emittentin und/oder der CGMHI-Garantiegeberin und/oder der CGMFL-Garantiegeberin und/oder eines entsprechenden verbundenen Unternehmens dar.

Potenzielle Anleger, die den Erwerb von Wertpapieren zur Absicherung gegen Marktrisiken in Zusammenhang mit einer Anlage in den bzw. die spezifischen Basiswert(e) beabsichtigen, sollten sich der mit einer solchen Verwendung der Wertpapiere einhergehenden Komplexität bewusst sein. Beispielsweise korreliert der Wert der betreffenden Wertpapiere unter Umständen nicht exakt mit dem Wert des jeweiligen Basiswerts bzw. der jeweiligen Basiswerte. Infolge von Schwankungen bei Nachfrage und Angebot der Wertpapiere kann nicht gewährleistet werden, dass ihr Wert mit der Entwicklung des Basiswerts bzw. der Basiswerte korreliert. Unter anderem aus diesen Gründen ist es u. a. gegebenenfalls nicht möglich, Wertpapiere in einem Portfolio zu Preisen zu kaufen oder zu veräußern, die der Berechnung des Werts eines maßgeblichen Basiswerts zugrunde lagen, und dementsprechend kann der Anleger einen Verlust erleiden.

### ***Bestimmte Faktoren, die sich auf den Wert und Handelspreis der Wertpapiere auswirken***

Die zu einem Zeitpunkt vor dem maßgeblichen Fälligkeitstag fälligen Beträge und/oder der Wert der in Bezug auf die Wertpapiere zu liefernden Vermögenswerte liegen typischerweise in der Regel zu jedem beliebigen Zeitpunkt unter dem Handelspreis dieser Wertpapiere liegen. Der Unterschied zwischen dem Handelspreis und diesen fälligen Beträgen und/oder dem Wert der zu liefernden Vermögenswerte spiegelt unter anderem den "Zeitwert" der Wertpapiere wider. Der "Zeitwert" der Wertpapiere hängt teilweise von der Restlaufzeit und den Erwartungen hinsichtlich des Werts des Basiswerts/der Basiswerte ab.

Wertpapiere gehen mit einigen zusätzlichen Risiken in Bezug auf den zwischenzeitlichen Wert einher. Der zwischenzeitliche Wert der Wertpapiere unterliegt Schwankungen, da der Preis oder Stand des Basiswerts/der Basiswerte schwankt, sowie aufgrund einer Reihe weiterer, voneinander abhängiger Faktoren, darunter auch die folgenden: (i) der Handelspreis der relevanten Wertpapiere, (ii) der Wert und die Volatilität eines bzw. mehrerer Basiswerte, (iii) die Restlaufzeit, (iv) im Falle von Wertpapieren mit Barausgleich, die voraussichtliche Spanne eines Rückzahlungsbetrags, (v) (jede) Änderung(en) der Zwischenzinssätze und Dividendenrenditen, falls zutreffend, (vi) (jede) Änderung(en) der Devisenkurse, (vii) die Tiefe des Marktes oder die Liquidität eines oder mehrerer Basiswerte und (viii) dazugehörige Transaktionskosten.

Ein Verkauf von Wertpapieren vor ihrer planmäßigen Rückzahlung kann zu einem wesentlichen Abschlag von ihrem ursprünglichen Kaufpreis erfolgen, wodurch Wertpapierinhaber ihre Anlage vollständig oder teilweise verlieren können.

### ***Anwendung von Fallback-Bestimmungen in Bezug auf Referenzsätze und Benchmarks***

Die in Bewertungs- und Abwicklungsbedingung 8 beschriebenen Fallback-Bestimmungen in Bezug auf Referenzsätze und Benchmarks gelten wie folgt:

Referenzsätze:

- Bei Eintritt eines Referenzsatzereignisses gelten die Bewertungs- und Abwicklungsbedingung 6 (die "**Referenzsatzereignis-Bestimmungen**"), sofern die geltenden Endgültigen Bedingungen einen Referenzsatz in Bezug auf die Wertpapiere als anwendbar angeben.
- Ein Referenzsatzereignis tritt in Bezug auf einen Referenzsatz (das heißt jeden gleich auf welche Weise in den Wertpapierbedingungen beschriebenen Zinssatz in seiner bei Veranlassung nach Maßgabe der Bestimmungen der Referenzsatzereignis-Bestimmungen geänderten Form) ein, wenn die Berechnungsstelle feststellt, dass (i) der Referenzsatz wesentlich verändert wurde oder verändert werden wird, nicht mehr dauerhaft oder unbefristet bereitgestellt wird oder bereitgestellt werden wird und kein Nachfolgeadministrator oder Dienstleister wird den Referenzsatz weiterhin bereitstellen oder eine Aufsichtsbehörde oder eine andere Stelle des öffentlichen Sektors die Verwendung des betreffenden Referenzsatzes in Bezug auf die Wertpapiere untersagt hat oder untersagen wird oder wenn es aus anderen Gründen nicht zulässig ist, diesen Referenzsatz zu verwenden; (ii) eine Zulassung oder Ähnliches in Bezug auf den Referenzsatz oder den Administrator oder Sponsor des Referenzsatzes nicht erlangt wurde oder werden wird oder abgelehnt oder Ähnliches wurde oder werden wird, und es infolgedessen der Emittentin oder einem anderen Unternehmen nach den geltenden Gesetzen oder Vorschriften nicht gestattet ist oder sein wird, den betreffenden Referenzsatz zur Erfüllung ihrer bzw. seiner Pflichten im Rahmen der Wertpapiere zu verwenden; (iii) sofern nicht die anwendbaren Endgültigen Bedingungen festlegen, dass "Referenzsatzereignis (Element (iii))" nicht anwendbar ist, es wirtschaftlich nicht sinnvoll ist, die Anwendung des Referenzsatzes aufgrund von Lizenzbeschränkungen oder Änderungen der Lizenzkosten fortzusetzen; (iv) der Administrator oder ein Sponsor des maßgeblichen Referenzsatzes, jede nationale, regionale oder sonstige Aufsichts- oder Regulierungsbehörde, die entweder (a) für die Beaufsichtigung des Verwalters oder Sponsors des Referenzsatzes oder (b) für die Regulierung des Referenzsatzes zuständig ist, die Zentralbank für die Währung des Referenzsatzes oder ein anderes offizielles Gremium mit entsprechender Zuständigkeit für Verkündigungen, dass der Referenzsatz nicht länger für irgendeinen zugrundeliegenden Markt und/oder die wirtschaftliche Realität, die ein solcher Referenzsatz abbilden soll, repräsentativ ist oder ab einem bestimmten zukünftigen Datum nicht mehr repräsentativ sein wird und die Repräsentativität nicht wiederhergestellt wird; oder (v) der maßgebliche Referenzsatz ist Gegenstand einer marktweiten Entwicklung auf dem Markt für over-the-counter-Derivate (die in Form eines Protokolls, einer Veröffentlichung von Standardbedingungen oder auf andere Weise durch die ISDA erfolgen kann), wonach dieser Referenzsatz in Bezug auf over-the-counter-Derivatgeschäfte, die auf diesen Referenzsatz verweisen, durch einen Ersatz-Satz ersetzt wird oder werden soll.
- Die Berechnungsstelle sorgt für die Festlegung eines Ersatzreferenzsatzes, welcher einer der Folgenden sein muss:
  - (a) soweit anwendbar, kann ein Ersatzreferenzsatz durch Interpolation aus anderen Laufzeiten des maßgeblichen Referenzsatzes festgestellt werden, dieser interpolierte Referenzsatz mit einer Anpassung; oder
  - (b) ein vornominierter Ersatzreferenzsatz mit einer Anpassung, oder
  - (c) ein Index, eine Benchmark, eine sonstige Preisquelle oder ein sonstiger Satz, ein Fallback-Satz oder die Methodologie für die Berechnung eines Index, Benchmarks, einer sonstigen Preisquelle oder eines sonstigen Satzes oder Fallback-Satzes, der bzw. die als ein Branchenstandardersatz für Over-the-Counter-Derivatgeschäfte, die auf einen solchen Referenzsatz referieren, anerkannt oder bestätigt ist, mit einer Anpassung; oder

- (d) ein Index, eine Benchmark oder andere Preisquelle, welche die Berechnungsstelle mit einer Anpassung als, für den Referenzsatz wirtschaftlich sinnvolle Alternative ansieht.
- Alternativ kann die Berechnungsstelle feststellen, dass kein Referenzsatz erforderlich ist, oder die Wertpapierbedingungen so anpassen, wie sie es für erforderlich oder angemessen erachtet, um den Auswirkungen eines solchen Referenzsatzereignisses Rechnung zu tragen. Falls zutreffend, kann die Emittentin die Wertpapiere vorzeitig zurückzahlen, sofern eine derartige Feststellung und/oder Anpassungen nicht erfolgen und sofern die Berechnungsstelle feststellt, dass es nicht möglich oder wirtschaftlich sinnvoll ist, einen Ersatzreferenzsatz zu identifizieren oder die betreffende Anpassung zu berechnen.
  - Die Berechnungsstelle ist befugt, die Wertpapierbedingungen so anzupassen, wie sie es für erforderlich und/oder angemessen erachtet, um den Auswirkungen des Ersatzreferenzsatzes Rechnung zu tragen, und die Höhe des Referenzsatzes, die einstweilig in Bezug auf die Wertpapiere anwendbar ist, festzulegen. Die damit verbunden Risiken sind beschrieben unter *"Zinsen auf einen Referenzsatz bezogene Wertpapiere werden bei Eintritt eines Referenzsatzereignisses unter Verwendung eines von der Berechnungsstelle ausgewählten Ersatzreferenzsatzes berechnet"*.

Benchmarks:

- Bei Eintritt eines Administrator/Benchmark-Ereignisses in Bezug auf den maßgeblichen Satz gelten die Bewertungs- und Abwicklungsbedingung 7 (die **"Administrator/Benchmark-Ereignis-Bestimmungen"**), sofern die Referenzsatzereignis-Bestimmungen nicht für das betreffende Ereignis oder den betreffenden Umstand gelten.
- Ein Administrator/Benchmark-Ereignis tritt in Bezug auf eine Benchmark (das heißt jede Zahl oder jeden Satz und den Fall, dass ein im Rahmen der Wertpapiere zu zahlender oder zu liefernder Betrag oder der Wert der Wertpapiere insgesamt oder teilweise unter Bezugnahme auf eine solche Zahl oder einen solchen Satz bestimmt wird), ein, wenn die Berechnungsstelle feststellt, dass (i) die Benchmark wesentlich verändert oder eingestellt oder ihre Verwendung in Bezug auf die Wertpapiere durch eine Aufsichtsbehörde oder andere Stelle des öffentlichen Sektors untersagt wurde; (ii) eine Zulassung oder Ähnliches in Bezug auf eine maßgebliche Benchmark oder den Administrator oder Sponsor einer maßgeblichen Benchmark nicht erlangt wurde oder nicht erlangt werden wird oder abgelehnt oder Ähnliches wurde oder werden wird, mit der Folge, dass es der Emittentin oder einem anderen Unternehmen nach den geltenden Gesetzen oder Vorschriften nicht gestattet ist oder sein wird, die betreffende Benchmark zur Erfüllung ihrer bzw. seiner jeweiligen Pflichten im Rahmen der Wertpapiere zu verwenden; (iii) sofern nicht die anwendbaren Endgültigen Bedingungen festlegen, dass "Administrator/Benchmark-Ereignis (Element (3))" nicht anwendbar ist, es wirtschaftlich nicht sinnvoll ist, die Anwendung der Benchmark aufgrund von Lizenzbeschränkungen oder Änderungen der Lizenzkosten fortzusetzen; oder (iv) eine maßgebliche Aufsichtsbehörde oder ein Sponsor offiziell verkündet, dass die Benchmark nicht länger für einen oder mehrere relevante zugrundeliegende Märkte oder die wirtschaftliche Realität, die eine solche Benchmark abbilden soll, repräsentativ ist oder ab einem bestimmten zukünftigen Datum nicht mehr repräsentativ sein kann.
- Die Berechnungsstelle kann die Wertpapierbedingungen so anpassen, wie sie es für erforderlich oder angemessen erachtet, um den Auswirkungen des betreffenden Ereignisses oder Umstands Rechnung zu tragen, so unter anderem auch durch Wahl einer Nachfolge-Benchmark. Alternativ und falls zutreffend, kann die Emittentin die Wertpapiere vorzeitig zurückzahlen. Die damit verbundenen Risiken sind im Vorstehenden beschrieben unter *"Risiken im Zusammenhang mit dem Eintritt eines Administrator/Benchmark-Ereignisses"*.

Zinssatz als Basiswert:

- Tritt im Hinblick auf einen Zinssatz, der ein Basiswert ist, ein Ereignis oder ein Umstand ein und geben die anwendbaren Endgültigen Bedingungen einen Zinssatz als Basiswert an, vorausgesetzt, dass weder die Referenzsatzereignis-Bestimmungen noch die Administrator/Benchmark-Ereignis-Bestimmungen infolge des betreffenden Ereignisses oder Umstands für den betreffenden Zinssatz anwendbar sind, so gelten die Bestimmungen des Basiswertanhangs 10 in Bezug auf die Festlegung des Schlusstands des Basiswerts eines Zinssatzes an jedem Planmäßigen Handelstag im Falle des Eintritts eines Störungstags und die in den Wertpapierbedingungen beschriebenen Bestimmungen in Bezug auf die Folgen von Störungstagen. Die damit verbundenen Risiken sind beschrieben unter "*Risiken im Zusammenhang mit der Einstellung oder Nichtverfügbarkeit eines Zinssatzes*".

Bildschirmfestsetzung:

- Kann ein variabler Zinssatz nicht festgestellt werden und geben die geltenden Endgültigen Bedingungen die Bildschirmfestsetzung oder die ISDA-Festsetzung als anwendbar an, gelten die maßgeblichen Bestimmungen in Bewertungs- und Abwicklungsbedingung 3(a), vorausgesetzt, dass weder die Referenzsatzereignis-Bestimmungen noch die Administrator/Benchmark-Ereignis-Bestimmungen und auch nicht die Basiswertzinssatz-Bedingungen infolge des betreffenden Ereignisses oder Umstands für den betreffenden variablen Zinssatz gelten.
- Ist die Bildschirmfestsetzung anwendbar, die Seite jedoch nicht verfügbar oder es werden keine oder weniger als drei Angebotsquotierungen angezeigt oder der maßgebliche Administrator oder eine maßgebliche zugelassene Vertriebsstelle keinen Zinssatz zur Verfügung stellt oder veröffentlicht oder ein Bestandteil des maßgeblichen Zinssatzes nicht zur Verfügung gestellt oder veröffentlicht wird (je nach Sachlage), und zwar jeweils zum Festgelegten Zeitpunkt oder im Falle von BBSW bis 10.30 Uhr, Ortszeit Sydney, legt die Berechnungsstelle den Bildschirmsatz nach billigem Ermessen (§ 317 BGB), unter Berücksichtigung der von ihr als angemessen bewerteten Quellen und aller zu diesem Zeitpunkt verfügbaren alternativen Benchmarks sowie unter Berücksichtigung der vorherrschenden Industriestandards auf allen damit verbundenen Märkten (einschließlich, aber nicht abschließend, auf den Derivatemarkt) fest. Ein solcher Zinssatz kann (nicht abschließend) ein von einer anderen autorisierten Vertriebsstelle veröffentlichter Zinssatz, ein vom Administrator des betreffenden Zinssatzes oder dem Administrator oder der Aufsichtsbehörde oder der für die Beaufsichtigung eines solchen Verwaltungs zuständigen Behörde offiziell empfohlener Zinssatz, der zuletzt veröffentlichte Kurs oder das arithmetische Mittel der von der Berechnungsstelle ausgewählten Referenzbanken bereitgestellten Notierungen sein.

ISDA-Festsetzung:

Wenn die ISDA-Festsetzung als Methode zur Berechnung eines Zinssatzes gewählt wird, wird der maßgebliche Zinssatz auf derselben Grundlage bestimmt wie der Zinssatz, der im Rahmen einer "Over-The-Counter"-Derivatetransaktion berechnet würde, die unter Verwendung der von der ISDA veröffentlichten marktüblichen Zinssatzdefinitionen dokumentiert wird. Diese Definitionen bieten eine Standardmethode für die Zinsberechnung und enthalten bestimmte Fallback-Bestimmungen, die für die Bestimmung eines Zinssatzes im Falle einer vorübergehenden oder dauerhaften Einstellung des maßgeblichen Zinssatzes verwendet werden können. Für die Zwecke der Wertpapiere gelten die einschlägigen ISDA Zinssatzdefinitionen festgelegten Fallback-Bestimmungen jedoch nur unter bestimmten, nachstehend beschriebenen Umständen.

Die ISDA Zinssatzdefinitionen wurden von Zeit zu Zeit geändert, ergänzt und ersetzt, und zum Zeitpunkt der Erstellung dieses Dokuments gibt es zwei Versionen, die für die Zwecke der Wertpapiere relevant sind: die

von der ISDA veröffentlichten ISDA Definitionen 2006 in ihrer jeweils geänderten oder ergänzten Fassung (die "**2006 Definitionen**") und die von der ISDA veröffentlichten ISDA Zinssatzderivaten-Definitionen in ihrer jeweils geänderten Fassung (die "**2021 Definitionen**"). Die anwendbaren Endgültigen Bedingungen geben die Version der ISDA Definitionen an, die in Bezug auf die Wertpapiere gelten.

- Ist die ISDA-Festsetzung anwendbar und sind die 2006 Definitionen in den anwendbaren Endgültigen Bestimmungen angegeben, ist der ISDA-Satz für den maßgeblichen Zeitraum und/oder Tag, sofern die Berechnungsstelle feststellt, dass der ISDA-Satz nicht festgesetzt werden kann, unbeschadet anderslautender Bestimmungen in den Wertpapierbedingungen und vor der Anwendung jeglicher Bestimmungen in Bezug auf ein Indexbeendigungsereignis (wie auch immer beschrieben) oder anderer Fallback-Bestimmungen für eine dauerhafte Beendigung in den 2006 Definitionen (einschließlich gegebenenfalls solcher Fallback-Bestimmungen, die in einem Nachtrag zu den 2006 Definitionen festgelegt sind) der Satz, den die Berechnungsstelle nach billigem Ermessen (§ 317 BGB) bestimmt, wobei sie zu dem betreffenden Zeitpunkt verfügbare alternative Benchmarks und die vorherrschenden Branchenstandards in jedem verbundenen Markt (so unter anderem auch im Derivatemarkt) berücksichtigt. Jedoch ist zu beachten, dass, sofern die in Bewertungs- und Abwicklungsbedingung 8 beschriebenen vorrangigen Fallback-Bestimmungen anwendbar sind, doch zuerst diese vorrangigen Fallback-Bestimmungen zur Anwendung kommen, obwohl einschlägige Fallback-Bestimmungen gemäß den Bedingungen der ISDA-Festsetzung selbst oder gemäß der vorstehenden Bestimmung enthalten sein können; das bedeutet, dass Fallback-Bestimmungen, die als Teil der ISDA-Festsetzung selbst enthalten sind, möglicherweise nicht anwendbar sind.
- Sind die ISDA Bestimmungen anwendbar und die 2021 Definitionen sind in den Endgültigen Bestimmungen angegeben, gelten jegliche Fallback-Bestimmungen mit Bezug auf eine vorübergehende Beendigung für die Wertpapiere. Vor der Anwendung von Bestimmungen, die sich auf eine dauerhafte Beendigung oder ein Administrator/Benchmark-Ereignis in den 2021 Definitionen beziehen (zur Klarstellung, einschließlich jeglicher Bestimmungen über auslaufende Zinssätze), ist der ISDA-Zinssatz für den maßgeblichen Zeitraum und/oder das maßgebliche Datum jedoch, vorbehaltlich der unten aufgeführten "Hierarchiebestimmungen und – anpassungen" und ungeachtet gegenteiliger Bestimmungen in den Bedingungen der Wertpapiere, derjenige Zinssatz, der durch die Berechnungsstelle nach billigem Ermessen (§ 317 BGB) unter Berücksichtigung alternativer, zu diesem Zeitpunkt verfügbarer Benchmarks und unter Berücksichtigung der vorherrschenden Industriestandards in einem entsprechenden Markt (insbesondere, aber nicht abschließend, im Derivatemarkt) bestimmt wird.
- Die damit verbundenen Risiken sind beschrieben unter "*Ist ein variabler Zinssatz nicht mehr verfügbar, kann er nach dem billigen Ermessen (§ 317 BGB) der Berechnungsstelle oder durch alternative Methoden festgestellt werden*".

Feststellung Variabler SONIA-Satz, Feststellung Variabler SOFR-Satz:

- Kann ein variabler Satz nicht festgestellt werden, und geben die geltenden Endgültigen Bedingungen die Feststellung Variabler SONIA-Satz (Nicht-Index-Feststellung), die Feststellung Variabler SONIA-Satz (Index-Feststellung), und/oder die Feststellung Variabler SOFR-Satz an, sind die maßgeblichen Bestimmungen der Bewertungs- und Abwicklungsbedingung 3(d)(i), der Bewertungs- und Abwicklungsbedingung 3(a)(i) anwendbar, vorausgesetzt, dass weder die Referenzsatzereignis-Bestimmungen noch die Administrator/Benchmark-Ereignis-Bestimmungen noch die Basiswertzinssatz-Bedingungen infolge des betreffenden Ereignisses oder Umstands auf den betreffenden variablen Zinssatz anwendbar sind.

- Ist die Feststellung Variabler SONIA-Satz (Nicht-Index-Feststellung) anwendbar, setzt die Berechnungsstelle den SONIA-Satz wie folgt fest, sofern die Berechnungsstelle feststellt, dass der SONIA-Satz auf der maßgeblichen Seite nicht zur Verfügung steht oder von den betreffenden autorisierten Vertriebsstellen am betreffenden Tag nicht anderweitig veröffentlicht wurde:
  - (a) als den Diskontsatz der Bank of England (der "Diskontsatz"), der per Geschäftsschluss an diesem Tag im relevanten Beobachtungszeitraum vorherrscht; zuzüglich (ii) des Mittelwerts des Spread des SONIA-Satzes zum Diskontsatz über die vorhergehenden fünf Tage, an denen ein SONIA-Satz veröffentlicht wurde, wobei der höchste Spread (oder, sofern es mehr als einen höchsten Spread gibt, nur einer dieser Spreads) und der niedrigste Spread (oder, sofern es mehr als einen niedrigsten Spread gibt, nur einen dieser Spreads) zum Diskontsatz unberücksichtigt bleiben; oder
  - (b) sofern der Diskontsatz per Geschäftsschluss an diesem Tag innerhalb des relevanten Beobachtungszeitraums nicht von der Bank of England veröffentlicht wird, als den SONIA-Satz, der auf der relevanten Seite für den unmittelbar vorhergehenden Londoner Bankarbeitstag, an dem der SONIA-Satz auf dieser Seite veröffentlicht wurde (oder anderweitig von den relevanten autorisierten Vertriebsstellen veröffentlicht wurde) veröffentlicht wird (oder anderweitig von den betreffenden autorisierten Vertriebsstellen veröffentlicht wird).

Unbeschadet des Vorstehenden folgt die Berechnungsstelle im Falle, dass die Bank of England Empfehlungen für (A) die Festlegung des SONIA-Satzes oder (B) einen Satz, der den SONIA-Satz ersetzen soll, herausgibt, den Empfehlungen, soweit dies angemessenerweise praktikabel ist, um den SONIA-Satz für die Zwecke der Wertpapiere festzulegen, solange der SONIA-Satz nicht zur Verfügung steht oder nicht von den autorisierten Vertriebsstellen veröffentlicht wurde. Die damit verbundenen Risiken sind beschrieben unter "*Ist ein variabler Zinssatz nicht mehr verfügbar; kann er nach billigen Ermessen (§ 317 BGB) der Berechnungsstelle oder durch alternative Methoden festgestellt werden*".

- Wenn der relevante Zinssatz nicht verfügbar ist und die Bestimmungen zur Feststellung Variabler SONIA-Satz der Bewertungs- und Abwicklungsbedingung 3(a) und/oder die Bestimmungen zur Feststellung Variabler SOFR-Satz der Bewertungs- und Abwicklungsbedingungen 3(a)(i) Anwendung finden, wird der maßgebliche SONIA-Indexwert oder SOFR oder SOFR-Indexwert, wie in der Bewertungs- und Abwicklungsbedingung 8 vorgesehen, von der Berechnungsstelle nach billigem Ermessen (§ 317 BGB) unter Berücksichtigung der von ihr als geeignet erachteten Quellen und jeder zu diesem Zeitpunkt verfügbaren alternativen Benchmark sowie unter Berücksichtigung der vorherrschenden Industriestandards in allen damit verbundenen Märkten (insbesondere, aber nicht abschließend, im Derivatemarkt) bestimmt.

### ***Leverage-Risiko***

Eine Aufnahme von Fremdkapital zum Kauf der Wertpapiere (Leverage) kann den Wert und die Rendite der Anlage wesentlich beeinträchtigen. Anleger, die eine Fremdfinanzierung in Bezug auf die Wertpapiere in Betracht ziehen, sollten weitere ausführliche Informationen zu den damit einhergehenden Risiken beim Fremdkapitalgeber anfordern.

### ***Änderungen der Gesetze (auch der einschlägigen Steuergesetze) oder der steuerlichen Praxis***

Die Wertpapierbedingungen basieren auf den zum Datum dieses Basisprospekts geltenden einschlägigen Gesetzen. Es kann keine Zusicherung hinsichtlich der Auswirkungen möglicher gerichtlicher Entscheidungen, Änderungen dieser Gesetze oder Verwaltungspraktiken nach dem Datum dieses

Basisprospekts gegeben werden, und eine derartige Änderung könnte den Wert der von ihr betroffenen Wertpapiere wesentlich beeinträchtigen.

Die zum Datum dieses Basisprospekts und/oder zum Zeitpunkt des Kaufs oder der Zeichnung von Wertpapieren geltenden Steuergesetze, Steuervorschriften oder die geltende Steuerpraxis können zusätzlich jederzeit Änderungen unterliegen (auch während einer Zeichnungsfrist oder der Laufzeit von Wertpapieren), und es ist nicht möglich, die genaue steuerliche Behandlung, die für die Wertpapiere zu einem gegebenen Zeitpunkt gilt, vorherzusagen. Eine entsprechende Änderung kann sich nachteilig auf den Anleger auswirken, u. a. dahingehend, dass die Wertpapiere unter Umständen vor ihrer Fälligkeit zurückgezahlt werden, ihre Liquidität gegebenenfalls abnimmt und/oder die steuerliche Behandlung von an einen Anleger zu zahlenden oder diesem zustehenden Beträgen ungünstiger ausfallen kann als andernfalls von ihm erwartet.

#### ***Ratings spiegeln möglicherweise nicht alle Risiken wider***

Eine oder mehrere unabhängige Ratingagentur(en) vergeben unter Umständen Ratings für im Rahmen des Programms begebene Wertpapiere, einschließlich der Wertpapiere. Die von den jeweiligen Ratingagenturen verwendeten Rating-Methoden, -Kriterien, -Modelle und -Anforderungen weichen möglicherweise voneinander ab. Die Ratings spiegeln möglicherweise nicht die potenziellen Auswirkungen sämtlicher vorstehend genannter Risiken im Hinblick auf die Struktur, den Markt sowie sonstige Faktoren, die den Wert der Wertpapiere beeinflussen können, wider. Ein Rating stellt keine Empfehlung zum Kauf, Verkauf oder zum Halten von Wertpapieren dar und kann jederzeit von der Ratingagentur herabgestuft, zurückgezogen oder eingeschränkt werden. Werden die Ratings der Wertpapiere herabgestuft, zurückgezogen oder eingeschränkt, könnte dies die Liquidität oder den Marktwert dieser Wertpapiere beeinträchtigen.

Des Weiteren ist die Regulierung des Finanzsektors selbst weltweit einem umfassenden Wandel unterworfen. In den USA sorgt u. a. der *Dodd-Frank Act* dafür, dass die regulatorische Aufsicht über die Citigroup Inc. (und ihre Tochterunternehmen) und die Ratingagenturen erweitert wird. Es ist nicht eindeutig, wie sich diese erweiterte Aufsicht auf die Ratings der Wertpapiere oder die Ratings der maßgeblichen Emittentin, der CGMHI-Garantiegeberin und/oder der CGMFL-Garantiegeberin auswirkt.

Im Allgemeinen dürfen Anleger, die der Regulierung in Europa (abgesehen vom Vereinigten Königreich) unterliegen, nach den Bestimmungen der EU-CRA-Verordnung Ratings nicht zu aufsichtsrechtlichen Zwecken nutzen, es sei denn, diese Ratings werden von einer in der EU gegründeten und nach der EU-CRA-Verordnung registrierten Ratingagentur vergeben (vorausgesetzt, eine entsprechende Registrierung wurde nicht zurückgenommen oder ausgesetzt, vorbehaltlich der Übergangsbestimmungen, die unter bestimmten Umständen gelten). Eine entsprechende allgemeine Einschränkung gilt ebenfalls für Ratings, die von Nicht-EU-Ratingagenturen vergeben werden, es sei denn, die entsprechenden Ratings werden von einer in der EU registrierten Ratingagentur gebilligt oder die relevante Nicht-EU-Ratingagentur ist gemäß der EU-CRA-Verordnung zertifiziert (vorausgesetzt, eine entsprechende Billigung bzw. Zertifizierung wurde nicht zurückgenommen oder ausgesetzt, vorbehaltlich der Übergangsbestimmungen, die unter bestimmten Umständen gelten). Ändert sich der Status der Ratingagentur, die das Rating der Wertpapiere durchführt, kann es sein, dass Anleger, die der Regulierung in Europa (abgesehen vom Vereinigten Königreich) unterliegen, das Rating nicht mehr zu aufsichtsrechtlichen Zwecken nutzen können, und die Wertpapiere können eine andere aufsichtsrechtliche Behandlung erfahren. Das kann dazu führen, dass Anleger, die der Regulierung in Europa (abgesehen vom Vereinigten Königreich) unterliegen, die Wertpapiere verkaufen, was den Wert der Wertpapiere und jeden Sekundärmarkt beeinflussen kann. Die von der ESMA gemäß der EU-CRA-Verordnung auf ihrer Webseite veröffentlichte Liste der registrierten und zertifizierten Ratingagenturen ist kein abschließender Nachweis des Status der betreffenden in dieser Liste aufgeführten Ratingagentur, da es zwischen der Ergreifung bestimmter aufsichtsrechtlicher Maßnahmen in Bezug auf die betreffende Ratingagentur und der Veröffentlichung der aktualisierten ESMA-Liste zu zeitlichen Verzögerungen kommen kann.

Im Allgemeinen dürfen Anleger, die der Regulierung im Vereinigten Königreich unterliegen, nach den Bestimmungen der UK-CRA-Verordnung Ratings nicht zu aufsichtsrechtlichen Zwecken nutzen, es sei denn, diese Ratings werden von einer im Vereinigten Königreich gegründeten und nach der UK-CRA-Verordnung registrierten Ratingagentur vergeben (und die entsprechende Registrierung wurde nicht zurückgenommen oder ausgesetzt, vorbehaltlich der Übergangsbestimmungen, die unter bestimmten Umständen gelten). Eine entsprechende allgemeine Einschränkung gilt ebenfalls für Ratings, die von Nicht-UK-Ratingagenturen vergeben werden, es sei denn, die entsprechenden Ratings werden von einer im Vereinigten Königreich registrierten Ratingagentur gebilligt oder die relevante Nicht-UK-Ratingagentur ist gemäß der UK-CRA-Verordnung zertifiziert (und die entsprechende Billigung bzw. Zertifizierung wurde nicht zurückgenommen oder ausgesetzt, vorbehaltlich der Übergangsbestimmungen, die unter bestimmten Umständen gelten). Ändert sich der Status der Ratingagentur, die das Rating der Wertpapiere durchführt, kann es sein, dass Anleger, die der Regulierung im Vereinigten Königreich unterliegen, das Rating nicht mehr zu aufsichtsrechtlichen Zwecken nutzen können, und die Wertpapiere können eine andere aufsichtsrechtliche Behandlung erfahren. Das kann dazu führen, dass Anleger, die der Regulierung im Vereinigten Königreich unterliegen, die Wertpapiere verkaufen, was den Wert der Wertpapiere und jeden Sekundärmarkt beeinflussen kann. Die von der FCA gemäß der UK-CRA-Verordnung auf ihrer Webseite veröffentlichte Liste der registrierten und zertifizierten Ratingagenturen ist kein abschließender Nachweis des Status der betreffenden in dieser Liste aufgeführten Ratingagentur, da es zwischen der Ergreifung bestimmter aufsichtsrechtlicher Maßnahmen in Bezug auf die betreffende Ratingagentur und der Veröffentlichung der aktualisierten FCA-Liste zu zeitlichen Verzögerungen kommen kann.

***Citi, ihre Geschäftsführung und ihre Geschäftsbereiche müssen kontinuierlich aufsichtsrechtliche und andere Unsicherheitsfaktoren und Änderungen in den USA und weltweit prüfen, analysieren und erfolgreich umsetzen***

Trotz der Umsetzung finaler Regelungen und Gesetze in zahlreichen Bereichen, die Auswirkungen auf die Citigroup Inc. und ihre Geschäftsbereiche in den vergangenen Jahren hatten, werden die Citigroup Inc., ihre Geschäftsführung und ihre Geschäftsbereiche fortlaufend mit aufsichtsrechtlichen und die Gesetzgebung betreffenden Unsicherheitsfaktoren und Änderungen, sowohl in den Vereinigten Staaten von Amerika ("USA") als auch weltweit, konfrontiert. Es gibt zu viele Bereiche, in denen die Citigroup Inc. fortlaufend aufsichtsrechtlichen und die Gesetzgebung betreffenden Unsicherheitsfaktoren und Änderungen ausgesetzt ist, um diese vollständig aufzuführen; verschiedene Beispiele umfassen u. a. (i) mögliche steuerrechtliche, geldpolitische, aufsichtsrechtliche, steuerliche und andere Änderungen durch die Regierung in den USA und andere Regierungen, so auch infolge der verschiedenen Prioritäten der aktuellen US-Regierung, Änderungen in der Besetzung der Führungspositionen aufsichtsrechtlicher Institutionen oder Fokus und Initiativen des Kongresses oder als Reaktion auf die Pandemie; (ii) mögliche Änderungen verschiedener Aspekte des für die Citigroup Inc. anzuwendenden regulatorischen Kapitalrahmens und der für sie anzuwendenden regulatorischen Anforderungen; und (iii) zukünftigen gesetzgebenden und aufsichtsrechtliche Anforderungen in den Vereinigten Staaten und weltweit im Zusammenhang mit dem Klimawandel, einschließlich aller neuen Offenlegungspflichten. Bei der Verwendung von "aufsichtsrechtlich" nimmt Citigroup Inc. sowohl Bezug auf die formelle Aufsicht als auch auf die Meinungen und Erwartungen der Aufsichtsbehörden in ihren Aufsichtsfunktionen.

Anhaltende aufsichtsrechtliche und die Gesetzgebung betreffende Unsicherheitsfaktoren und Änderungen sorgen für eine schwierige langfristige Geschäfts-, Bilanz- und strategische Budgetplanung der Citigroup Inc. und ihrer Geschäftsführung sowie potenzielle diesbezügliche Änderungen, möglicherweise mit höheren Kosten. Die US-amerikanische und andere Aufsichtsbehörden haben weltweit bereits zahlreiche Änderungen

an bestimmten aufsichtsrechtlichen Anforderungen vorgenommen und setzen ihre diesbezüglichen Gespräche fort, was anhaltende Prüfungen der Geschäftsführung hinsichtlich der Auswirkungen auf die Citigroup Inc., ihre Geschäftsbereiche und die Geschäftsplanung erfordern würde. Während beispielsweise die aufsichtsrechtlichen Reformen und das überarbeitete Rahmenwerk hinsichtlich des Marktrisikos unter Basel III im Anschluss an die Krise auf internationaler Ebene abgeschlossen wurden, bestehen noch immer große Unsicherheiten in Bezug auf die Integration dieser Neuregelungen in den Eigenkapital-Regelungsrahmen der USA. Die Geschäftsplanung muss auf potenziellen oder geplanten Regelungen oder Ergebnissen basieren, die sich im Zuge der Finalisierung, der Umsetzung oder im Rahmen von Auslegungsempfehlungen durch zahlreiche Aufsichtsbehörden weltweit stark ändern können, und entsprechende Empfehlungen können Änderungen unterliegen.

Des Weiteren wurden aufsichtsrechtliche Initiativen und Gesetzgebungsinitiativen in den USA und weltweit nicht immer koordiniert ausgeführt oder umgesetzt und in Bezug auf Umfang, Auslegung, Zeitrahmen, Struktur oder Ansatz haben sich bzw. werden sich weiterhin Abweichungen ergeben, die zu inkonsistenten und sogar kollidierenden Anforderungen führen, u. a. auch in einer einzelnen Rechtsordnung. Beispielsweise hat die Europäische Kommission im Mai 2019 als Teil der Eigenkapitalrichtlinie V eine neue Vorgabe für große Bankengruppen mit Sitz außerhalb der EU (was auf die Citigroup Inc. zutreffen würde) eingeführt, eine EU-Zwischenholding zu errichten, wenn eine ausländische Bank zwei oder mehr Institute mit Sitz in der EU besitzt (was im Allgemeinen Banken, Broker-Dealer und ähnliche Finanzunternehmen umfasst). Während diese Vorgabe in einigen Hinsichten das Pendant zu einer bestehenden US-Vorgabe für Nicht-US-Banken zur Errichtung von US-Zwischengesellschaften ist, könnte die Einführung der Vorgabe einer EU-Holdinggesellschaft die Abwicklungsplanung, Kapital- und Liquiditätszuweisung und Effizienz der Citigroup Inc. in zahlreichen Rechtsordnungen komplexer machen.

Aufsichtsrechtliche und die Gesetzgebung betreffende Änderungen haben zudem die Compliance-Risiken und -Kosten der Citigroup Inc. wesentlich erhöht und könnten dessen Geschäfte, Betriebsergebnisse und Finanzlage negativ beeinflussen.

## **2. Grüne Anleihen**

Die Endgültigen Bedingungen können in Bezug auf die Emission bestimmter Wertpapiere vorsehen, dass es in der Absicht der maßgeblichen Emittentin liegt, einen Betrag in Höhe der Nettoerlöse aus diesen Wertpapieren insgesamt oder teilweise zur Finanzierung oder Refinanzierung von "Förderfähigen Grünen Vermögenswerten" zu verwenden, womit Darlehen von Unternehmen im Konzern für Vermögenswerte oder Projekte oder Anlagen von Unternehmen im Konzern in Vermögenswerte oder Projekte bezeichnet werden, die die Förderfähigkeitskriterien für Grüne Anleihen (wie näher im Rahmenwerk für Grüne Anleihen beschrieben) des Konzerns in Übereinstimmung mit dem Rahmenwerk für Grüne Anleihen des Konzerns erfüllen, bei dem der Einsatz dieser Mittel die Strategie des nachhaltigen Fortschritts des Konzerns fördert ("**Grüne Anleihen**"). Potenzielle Anleger sollten auf der Grundlage ihrer eigenen Beurteilung, ihrer eigenen Umstände und Anlagekriterien oder -leitlinien und nach Beratung durch diejenigen Berater, deren Beratung sie für erforderlich halten, ihre eigene, unabhängige Entscheidung in Bezug auf eine Anlage in Grüne Anleihen sowie darüber treffen, ob eine Anlage in diese Wertpapiere für sie angemessen oder geeignet ist.

### *Rahmenwerk für Grüne Anleihen*

Der Konzern hat ein Rahmenwerk für Grüne Anleihen (das "**Rahmenwerk für Grüne Anleihen**") für die Emission von Wertpapieren zur Finanzierung von Projekten, die dem Klimawandel entgegenwirken, sowie Projekten, die eine nachhaltige Infrastruktur fördern, entwickelt. Die nachstehende Beschreibung basiert auf dem Rahmenwerk für Grüne Anleihen zum Datum dieses Basisprospekts. Jedoch wird das Rahmenwerk für Grüne Anleihen bei Veranlassung möglicherweise geändert oder aktualisiert, weshalb sich Anleger für

Informationen über den Einsatz der Erlöse aus den maßgeblichen Wertpapieren auf die jüngste Version des Rahmenwerks für Grüne Anleihen, die auf der Website des Konzerns unter ([https://www.citigroup.com/citi/fixedincome/green\\_bonds.htm](https://www.citigroup.com/citi/fixedincome/green_bonds.htm)) zur Verfügung stehen wird, und die anwendbaren Endgültigen Bedingungen beziehen sollten.

Zum Datum dieses Basisprospekts ist über das Rahmenwerk für Grüne Anleihen ein Zweitgutachten durch einen unabhängigen Berater auf die darin im Einzelnen beschriebene Weise erstellt worden. Ein solches Gutachten ist nur zum Datum seiner Ausstellung aktuell, stellt keine Empfehlung der maßgeblichen Emittentin, der Vertriebspartner oder einer anderen Person zum Kauf, Verkauf oder Halten Grüner Anleihen dar und ist auch nicht so zu verstehen. Potenzielle Anleger müssen für sich selbst entscheiden, inwieweit ein solches Gutachten und/oder die darin enthaltenen Informationen für eine Anlage in Grüne Anleihen relevant sind. Zum Datum dieses Basisprospekts unterliegen die solche Gutachten erstellenden Parteien keiner besonderen Beaufsichtigung oder Regulierung oder einem anderen Regelwerk. Zur Klarstellung: Das Rahmenwerk für Grüne Anleihen und derartige Gutachten sind weder in diesen Basisprospekt einbezogen, noch stellen sie einen Teil dieses Basisprospekts dar und sind auch nicht so zu verstehen.

#### *Förderfähige Grüne Projekte*

Die im Rahmenwerk für Grüne Anleihen beschriebenen Förderfähigkeitskriterien für Grüne Anleihen spiegeln bewährte Verfahren zur Förderung des Übergangs zu einer emissionsarmen Wirtschaft durch Projekte in einem oder mehreren der folgenden Bereiche (oder einem anderen, in den anwendbaren Endgültigen Bedingungen beschriebenen geeigneten Bereich) ("**Förderfähige Grüne Projekte**") wider:

- *Erneuerbare Energien:* Eine Allokation von Erlösen ist für den Erwerb, die Entwicklung, den Betrieb und die Instandhaltung neuer und bestehender Initiativen und der damit einhergehenden Kosten im Bereich erneuerbare Energien möglich.
- *Energieeffizienz:* Eine Allokation von Erlösen ist für die Finanzierung oder Refinanzierung von *Warehouse Facilities* für Energieeffizienzdarlehen für Wohngebäude oder für Anbieter von Konsumentenkrediten, die Energieeffizienzdarlehen für Wohngebäude-Projekte oder -Vermögenswerte gewähren, die den Energieverbrauch oder die Emission von Treibhausgasen senken, möglich.
- *Nachhaltiger Transport:* Eine Allokation von Erlösen ist für den Aufbau und Betrieb der öffentlichen Verkehre und die Schaffung oder den Bau einer Infrastruktur zur Förderung der öffentlichen Verkehre möglich.
- *Wasserqualität und Gewässerschutz:* Eine Allokation von Erlösen ist für Projekte zur Verbesserung von Wasserqualität, Effizienz und Gewässerschutz möglich.
- *Umweltfreundliche Gebäude:* Eine Allokation von Erlösen ist für die Finanzierung bestehender oder den Bau neuer Wohn- und Gewerbebauten, die bestimmte Effizienz- und Umweltzertifizierungen erworben haben, oder ihre Sanierung möglich.

Der Konzern hat eine Liste von Ausschlusskriterien ("**Ausschlusskriterien**") für den Einsatz der Erlöse aus dem Vertrieb von Grünen Anleihen erstellt (beispielsweise keine Verwendung für bestimmte Großwasserkraftwerke, Kernkraftwerke und fossile Kraftwerksprojekte) und verpflichtet sich, die Erlöse aus dem Vertrieb nicht wissentlich zur Finanzierung solcher Projekte einzusetzen.

#### *Portfolio der Vermögenswerte für Grüne Anleihen und Management der Erlöse*

Der Konzern bündelt die Förderfähigen Grünen Anleihen im Rahmen des Rahmenwerks für Grüne Anleihen in einem einzigen Pool (das "**Portfolio der Vermögenswerte für Grüne Anleihen**"). Wird die Anlage eines Unternehmens des Konzerns in einen im Portfolio der Vermögenswerte für Grüne Anleihen enthaltenen

Vermögenswert beendet oder erfüllt ein Vermögenswert die Förderfähigkeitskriterien für Grüne Anleihen nicht mehr, wird der Vermögenswert aus dem Portfolio der Vermögenswerte für Grüne Anleihen entfernt.

Der Arbeitsgruppe Vermögenswerte für Grüne Anleihen (*Green Bond Assets – GBA*) des Konzerns (die "**GBA-Arbeitsgruppe**") obliegt die Überwachung des Portfolios der Vermögenswerte für Grüne Anleihen und der Gesamtsumme der von Unternehmen des Konzerns begebenen Grünen Anleihen, um sicherzustellen, dass das Gesamtvolumen des Portfolios der Vermögenswerte für Grüne Anleihen gleich oder größer ist als die im Rahmen solcher Grüner Anleihen aufgebrachte Gesamtsumme. Zu diesem Zweck werden Gesamtgröße und Fälligkeit des Portfolios der Vermögenswerte für Grüne Anleihen vierteljährlich kontrolliert. Liegt das Gesamtvolumen des Portfolios der Vermögenswerte für Grüne Anleihen aus einem beliebigen Grund unter der Gesamtsumme aus den begebenen Grünen Anleihen, wird der nicht zugewiesene Betrag in Bargeld oder bargeldähnlichen Werten und/oder anderen liquiden marktfähigen Instrumenten (so auch in US-Schatzpapieren) im Liquiditätsbestand des Konzerns gehalten, bis der Betrag dem Portfolio der Vermögenswerte für Grüne Anleihen zugewiesen werden kann.

#### *Berichterstattung*

Im Rahmen des Rahmenwerks für Grüne Anleihen veröffentlicht der Konzern innerhalb eines Jahres nach der Emission von Grünen Anleihen auf seiner Website unter ([https://www.citigroup.com/citi/fixedincome/green\\_bonds.htm](https://www.citigroup.com/citi/fixedincome/green_bonds.htm)) einen Bericht (der "**Bericht über Grüne Anleihen**"), der bis zur vollständigen Allokation und im Falle wesentlicher Änderungen jährlich erneuert wird. Anlegern in einzelne Grüne Anleihen geht in Bezug auf das Portfolio der Vermögenswerte für Grüne Anleihen keine weitere oder gesonderte Benachrichtigung zu.

Der Bericht über Grüne Anleihen informiert im Einzelnen über (i) den Gesamtbetrag der im Portfolio der Vermögenswerte für Grüne Anleihen enthaltenen Vermögenswerte und die durch die Emission von Grünen Anleihen aufgebrachte ausstehende Gesamtsumme; (ii) die förderfähigen Vermögenswerte im Portfolio der Vermögenswerte für Grüne Anleihen und das finanzielle Obligo der Emittentin in Bezug auf jeden Vermögenswert; (iii) die Gesamthöhe ggf. nicht zugewiesener Erlöse; und (iv) die umweltbezogenen Auswirkungen des Portfolios der Vermögenswerte für Grüne Anleihen, soweit diese Angabe praktikabel ist. Ein solcher Bericht ist nur zum Datum seiner Ausstellung aktuell, stellt keine Empfehlung der Emittentin, der Vertriebspartner oder einer anderen Person zum Kauf, Verkauf oder Halten Grüner Anleihen dar und ist auch nicht so zu verstehen.

Im Rahmen des Rahmenwerks für Grüne Anleihen hat die Emittentin auch unabhängige externe Wirtschaftsprüfer mit der Prüfung der im Portfolio der Vermögenswerte für Grüne Anleihen enthaltenen Vermögenswerte beauftragt, um zu überprüfen, dass diese die Förderfähigkeitskriterien für Grüne Anleihen erfüllen und keine Anlagen in Vermögenswerte erfolgt sind, die der Definition in den Ausschlusskriterien entsprechen, und dass das Gesamtvolumen des Portfolios der Vermögenswerte für Grüne Anleihen gleich oder größer ist als die durch Grüne Anleihen aufgebrachte Gesamtsumme (oder, dass, soweit die Gesamtsumme der ausstehenden Anleihen unter dem Gesamtvolumen des Portfolios der Vermögenswerte für Grüne Anleihen liegt, der Unterschiedsbetrag auf die im Rahmenwerk für Grüne Anleihen beschriebene Weise gehalten wird). Ein Prüfbericht ist nur zum Datum seiner Ausstellung aktuell, und Anleger müssen für sich selbst entscheiden, inwieweit ein solcher Bericht und/oder die darin enthaltenen Informationen für ihre eigenen Anlageüberlegungen oder Erwartungen relevant sind.

Zur Klarstellung: Weder der Bericht über Grüne Anleihen noch der Bericht eines Dritten ist in diesen Basisprospekt einbezogen oder stellt einen Teil dieses Basisprospekts dar und ist auch nicht so zu verstehen.

### **3. Von der CGMHI ausgegebene Soziale Anleihen**

Die Endgültigen Bedingungen einer Emission bestimmter Wertpapiere können vorsehen, dass die maßgebliche Emittentin beabsichtigt, einen Betrag in Höhe des Nettoerlöses dieser Wertpapiere zur Finanzierung oder Refinanzierung eines Teils des Portfolios des Konzerns an erschwinglichen Wohnungen ("**Soziale Anleihen**") zu verwenden. Potenzielle Anleger sollten ihre eigene, unabhängige Entscheidung treffen, ob sie in Sozialen Anleihen investieren wollen und ob eine Anlage in diese Wertpapiere für sie geeignet oder angemessen ist, und zwar auf der Grundlage ihres eigenen Urteils, ihrer eigenen Umstände und ihrer eigenen Anlagekriterien oder -richtlinien sowie auf der Grundlage der Beratung durch Berater, die sie für erforderlich halten.

Soziale Anleihen werden nicht von der CGMFL ausgegeben.

#### *Rahmenwerk für Soziale Anleihen*

Mit dem *Social Bond Framework for Affordable Housing*-Programm hat der Konzern ein Rahmenwerk für Bezahlbaren Wohnraum durch soziale Anleihen (das "**Rahmenwerk für Soziale Anleihen**") für die Emission von Wertpapieren entwickelt, um Projekte zu finanzieren, die einen Beitrag zu bezahlbarem und gemeinnützigem Wohnraum leisten. Das Rahmenwerk für Soziale Anleihen wird bei Veranlassung möglicherweise geändert oder aktualisiert, weshalb sich Anleger auf die jüngste Version des Rahmenwerks für Soziale Anleihen, die auf der Website des Konzerns unter ([https://www.citigroup.com/citi/fixedincome/housing\\_bonds.htm](https://www.citigroup.com/citi/fixedincome/housing_bonds.htm)) zur Verfügung stehen wird, beziehen sollten und die anwendbaren Endgültigen Bedingungen für Informationen über die Verwendung der Erlöse der betreffenden Wertpapiere.

Zum Datum dieses Basisprospekts ist über das Rahmenwerk für Soziale Anleihen ein Zweitgutachten durch einen unabhängigen Berater auf die darin im Einzelnen beschriebene Weise erstellt worden. Ein solches Gutachten ist nur zum Datum seiner Ausstellung aktuell, stellt keine Empfehlung der Emittentin, der Vertriebspartner oder einer anderen Person zum Kauf, Verkauf oder Halten Sozialer Anleihen dar und ist auch nicht so zu verstehen. Potenzielle Anleger müssen für sich selbst entscheiden, inwieweit ein solches Gutachten und/oder die darin enthaltenen Informationen für eine Anlage in Soziale Anleihen relevant sind. Zum Datum dieses Basisprospekts unterliegen die solche Gutachten erstellenden Parteien keiner besonderen Beaufsichtigung oder Regulierung oder einem anderen Regelwerk. Zur Klarstellung: Das Rahmenwerk für Soziale Anleihen und derartige Gutachten sind weder in diesen Basisprospekt einbezogen, noch stellen sie einen Teil dieses Basisprospekts dar und sind auch nicht so zu verstehen.

#### *Portfolio der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum und Management der Erlöse*

Im Rahmen des Rahmenwerks für Soziale Anleihen wird ein Betrag in Höhe der Nettoerlöse aus Sozialen Anleihen der Finanzierung oder Refinanzierung eines Teils des Konzern-Portfolios von bezahlbaren Wohnimmobilien (das "**Portfolio der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum**") zugewiesen, das aus ausgewählten förderfähigen Finanzierungsinstrumenten besteht, die zur Finanzierung des Baus, der Sanierung und/oder der Erhaltung der Qualität bezahlbaren Wohnraums für einkommensschwache Haushalte in den Vereinigten Staaten eingesetzt werden (die "**Förderfähigkeitskriterien für Soziale Anleihen**"). Wird die Anlage in einen im Portfolio der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum enthaltenen Vermögenswert beendet oder erfüllt ein Vermögenswert die Förderfähigkeitskriterien für Soziale Anleihen nicht mehr, wird der Vermögenswert aus dem Portfolio der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum entfernt.

Der Arbeitsgruppe Vermögenswerte für Anleihen für Bezahlbaren Wohnraum (*Affordable Bond Asset – AFBA*) des Konzerns (die "**AFBA-Arbeitsgruppe**") obliegt die Aufsicht über das Portfolio der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum und die Überwachung der Gesamtsumme der von

Unternehmen des Konzerns begebenen Sozialen Anleihen, um sicherzustellen, dass das Gesamtvolumen des Portfolios der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum gleich oder größer ist als die im Rahmen solcher Sozialer Anleihen aufgebrachte Gesamtsumme. Zu diesem Zweck werden die fortgesetzte Förderfähigkeit und die Gesamtgröße des Portfolios der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum vierteljährlich kontrolliert. Liegt das Gesamtvolumen des Portfolios der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum aus einem beliebigen Grund unter der ausstehenden Summe aus den begebenen Sozialen Anleihen, wird der nicht zugewiesene Betrag in Bargeld oder bargeldähnlichen Werten und/oder anderen liquiden marktfähigen Instrumenten (so auch in US-Schatzpapieren) gehalten, bis der Betrag dem Portfolio der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum zugewiesen werden kann.

Der Konzern hat eine Liste von Ausschlusskriterien ("**Ausschlusskriterien**") für den Einsatz der Erlöse aus dem Portfolio der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum erstellt (beispielsweise keine Verwendung für bestimmte Darlehen oder Investitionen für Projekte außerhalb der Vereinigten Staaten, *Mortgage-Backed Securities* und andere Derivate, etc., jeweils wie im Rahmenwerk für Soziale Anleihen im Einzelnen beschrieben) und verpflichtet sich, die Erlöse aus dem Vertrieb nicht wissentlich zur Finanzierung solcher Projekte einzusetzen.

#### *Berichterstattung*

Im Rahmen des Rahmenwerks für Soziale Anleihen veröffentlicht der Konzern innerhalb eines Jahres nach der Emission der allerersten Sozialen Anleihen auf seiner Website unter ([https://www.citigroup.com/citi/fixedincome/housing\\_bonds.htm](https://www.citigroup.com/citi/fixedincome/housing_bonds.htm)) einen Bericht (der "**Bericht über Anleihen für Bezahlbaren Wohnraum**"), der sämtliche Soziale Anleihen, die im darin angegebenen Berichtszeitraum emittiert wurden, und jegliche wesentlichen Änderungen des Portfolios der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum behandelt. Anlegern in einzelne Soziale Anleihen geht in Bezug auf das Portfolio der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum keine weitere oder gesonderte Benachrichtigung zu.

Der Bericht über Anleihen für Bezahlbaren Wohnraum informiert über (i) den gesamten ausstehenden Nennwert der während des Berichtszeitraums begebenen Sozialen Anleihen; (ii) den gesamten ausstehenden Betrag der finanzierten Finanzanlagen, die das Portfolio der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum beinhalten; (iii) den Gesamtbetrag der ggf. nicht zugewiesenen Erlöse, die Bargeld oder bargeldähnlichen Werten und/oder anderen liquiden marktfähigen Instrumenten zugewiesen wurden; und (iv) die gesellschaftlichen Auswirkungen der Sozialen Anleihen durch Informationen zu den Wohnimmobilien, die mit dem Portfolio der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum verbunden sind. Ein solcher Bericht ist nur zum Datum seiner Ausstellung aktuell, stellt keine Empfehlung der Emittentin, der Vertriebspartner oder einer anderen Person zum Kauf, Verkauf oder Halten Sozialer Anleihen dar und ist auch nicht so zu verstehen.

Im Rahmen des Rahmenwerks für Soziale Anleihen wird die Emittentin auch unabhängige externe Wirtschaftsprüfer mit der Prüfung der im Portfolio der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum enthaltenen Vermögenswerte beauftragen, um zu überprüfen, dass diese die Förderfähigkeitskriterien für Soziale Anleihen erfüllen und keine Anlagen in Vermögenswerte erfolgt sind, die der Definition in den Ausschlusskriterien entsprechen, und dass das Gesamtvolumen des Portfolios der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum gleich oder größer ist als die im Rahmen der Emission Sozialer Anleihen aufgebrachte Gesamtsumme (oder, dass, soweit die Gesamtsumme der ausstehenden Sozialen Anleihen unter dem Gesamtvolumen des Portfolios der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum liegt, der Unterschiedsbetrag auf die im Rahmenwerk für Soziale Anleihen beschriebene Weise gehalten wird). Ein Prüfbericht ist nur zum Datum seiner Ausstellung aktuell, und

Anleger müssen für sich selbst entscheiden, inwieweit ein solcher Bericht und/oder die darin enthaltenen Informationen für ihre Anlageüberlegungen oder Erwartungen relevant sind.

Zur Klarstellung: Weder der Bericht über Anleihen für Bezahlbaren Wohnraum noch der Bericht eines Dritten ist in diesen Basisprospekt einbezogen oder stellt einen Teil dieses Basisprospekts dar und ist auch nicht so zu verstehen.

#### **4. Von der CGMHI ausgegebene Social-Finance-Anleihen**

Die Endgültigen Bedingungen für die Emission bestimmter Schuldverschreibungen können vorsehen, dass die betreffende Emittentin beabsichtigt, einen Betrag in Höhe des Nettoerlöses dieser Schuldverschreibungen zur Finanzierung oder Refinanzierung eines Teils eines bestimmten Portfolios von Vermögenswerten des Konzerns (diese Vermögenswerte, die "**Social-Finance-Vermögenswerte**" und jedes solche Portfolio, das "**Social-Finance-Vermögenswerte-Portfolio**") zu verwenden, die die Eignungskriterien für das Social-Finance-Vermögenswerte-Portfolio erfüllen. Potenzielle Anleger sollten ihre eigene unabhängige Entscheidung treffen, ob sie in die Social-Finance-Anleihen investieren wollen und ob eine Anlage in solche Wertpapiere für sie geeignet oder angemessen erscheint, und zwar auf der Grundlage ihres eigenen Urteils, ihrer Umstände und ihrer Anlagekriterien oder -richtlinien sowie auf der Grundlage einer Beratung, sofern sie eine solche für notwendig erachten.

Social-Finance-Anleihen werden nicht von CGMFL emittiert.

##### *Social-Finance-Rahmenwerk*

Der Konzern hat das 'Citigroup Social Finance Framework' (das "**Social-Finance-Rahmenwerk**") für Wertpapieremissionen entwickelt, um die Kreditvergabe an soziale Unternehmen in Schwellenländern zu unterstützen. Die nachstehende Beschreibung basiert auf dem Social-Finance-Rahmenwerk in der Fassung zum Zeitpunkt der Erstellung dieses Basisprospekts. Jedoch wird das Social-Finance-Rahmenwerk bei Veranlassung möglicherweise geändert oder aktualisiert, weshalb sich Anleger für Informationen über den Einsatz der Erlöse aus den maßgeblichen Wertpapieren auf die jüngste Version des Rahmenwerks für Social Finance, die auf der Website des Konzerns unter ([https://www.citigroup.com/citi/fixedincome/social\\_finance\\_bonds.htm](https://www.citigroup.com/citi/fixedincome/social_finance_bonds.htm)) zur Verfügung stehen wird, und die anwendbaren Endgültigen Bedingungen beziehen sollten.

Das Social-Finance-Rahmenwerk wurde im Einklang mit den Social Bond Principles 2021 der International Capital Market Association (ICMA) entwickelt.

Zum Datum dieses Basisprospekts hat das Social-Finance-Rahmenwerk wie darin beschrieben eine "second party opinion" von einem unabhängigen Berater erhalten. Eine solche Stellungnahme ist stets nur zum Zeitpunkt ihrer Abgabe aktuell und stellt keine Empfehlung des Emittenten, des Händlers oder einer anderen Person zum Kauf, Verkauf oder Halten von Social-Finance-Anleihen dar und ist auch nicht als solche zu verstehen. Potenzielle Anleger müssen selbst entscheiden, inwieweit eine solche Stellungnahme und/oder die darin enthaltenen Informationen für die Zwecke einer Investition in Social-Finance-Anleihen für sie relevant sind. Zum Datum dieses Basisprospekts unterliegen die solche Gutachten erstellenden Parteien keiner besonderen Beaufsichtigung oder Regulierung oder einem anderen Regelwerk. Zur Klarstellung: Das Social-Finance-Rahmenwerk und die entsprechenden Stellungnahmen sind weder in diesen Basisprospekt einbezogen, noch stellen sie einen Teil dieses Basisprospekts dar und sind auch nicht als solcher zu verstehen.

##### *Social-Finance-Vermögenswerte*

Die Social-Finance-Vermögenswerte müssen die Förderkriterien für das Social-Finance-Vermögenswerte-Portfolio erfüllen, indem sie in eine der unten aufgeführten Kategorien fallen:

- (1) *Zugang zu grundlegenden Dienstleistungen*: Finanzierung einer Erweiterung des Zugangs zu Finanzdienstleistungen für Personen, die keinen Zugang zu Banken haben, und für kleine und mittelständische Unternehmen (KMU);
- (2) *Bezahlbarer Wohnraum*: Finanzierung von Unternehmen und Finanzdienstleistern, die benachteiligten Personen den Zugang zu Wohnraum, sowie die Verbesserung von Wohnraum ermöglichen;
- (3) *Bezahlbare Grundversorgung*: Finanzierung von Unternehmen, die die Verfügbarkeit von Wasser, sanitären Einrichtungen oder sauberer Energie für netzferne Gemeinden in Schwellenländern ausbauen;
- (4) *Zugang zur Grundversorgung (Gesundheitswesen)*: Finanzierung von Unternehmen, die den Zugang zu einer integrativen Gesundheitsversorgung ausweiten, sowie einen gesunden Lebensstil und das Wohlbefinden fördern;
- (5) *Zugang zur Grundversorgung (Bildung)*: Finanzierung von Unternehmen und Organisationen, die integratives, lebenslanges Lernen für benachteiligte Menschen ohne Zugang zu Bildung, sowie für Menschen in Schwellenländern anbieten und fördern;
- (6) *Zugang zur Grundversorgung (Finanzierung von Kleinbauern)*: Finanzierung von sozialen Unternehmen, die Produkte und Dienstleistungen für Kleinbauern anbieten.

Der Konzern hat eine Liste von Ausschlusskriterien für die Verwendung der Erlöse aus Social-Finance-Anleihen (die "**Ausschlusskriterien**") (beispielsweise bestimmte Darlehen oder Investitionen (i) für Projekte in Ländern mit hohem Einkommen, (ii) in Einrichtungen, die die arbeitsrechtlichen Vorgaben nicht einhalten, (iii) zur Unterstützung der Energieerzeugung aus fossilen Brennstoffen, (iv) die zu wirtschaftlichen Verlusten für den Konzern führen könnten, (v) in Aktivitäten, die mit dem Social-Finance-Rahmenwerk unvereinbar sind oder die erhebliche negative soziale Auswirkungen haben, oder (vi) in "verbotene Aktivitäten" gemäß der Definition des Rahmenwerks für Social-Finance) und verpflichtet sich, keines dieser Projekte oder dieser Aktivitäten wesentlich in das Social-Finance-Vermögenswerte-Portfolio aufzunehmen.

#### *Auswahl- und Bewertungsverfahren für förderfähige Social-Finance-Vermögenswerte*

Das auf Social-Finance spezialisierte Team des Konzerns wird prüfen, ob Vermögenswerte die Förderkriterien für das Social-Finance-Vermögenswerte-Portfolio erfüllen, und ermittelt ein eindeutiges Social-Finance-Vermögenswerte-Portfolio für den Gesamtnennbetrag der während eines bestimmten Berichtszeitraums ausgegebenen Wertpapiere, die für Social-Finance-Anleihen ("Social-Finance-Anleihen") verwendet werden sollen. Nach der Prüfung werden die Social-Finance-Vermögenswerte in das Social-Finance-Vermögenswerte-Portfolio aufgenommen. Der Auswahlprozess für die Social-Finance-Vermögenswerte berücksichtigt, ob der potenziell förderungsfähige Vermögenswert die Förderkriterien erfüllt. Darüber hinaus unterliegt die Auswahl von Social-Finance-Vermögenswerten auch den Risikobewilligungsrichtlinien und den Kreditüberwachungsstandards der jeweiligen Länder. Wird die Investition der Gruppe in einen Vermögenswert in einem Social-Finance-Vermögenswerte-Portfolio beendet oder erfüllt ein Vermögenswert nicht mehr die Förderkriterien des Social-Finance-Vermögenswerte-Portfolios oder eines der Ausschlusskriterien liegt vor, wird das Social-Finance-Team diesen Vermögenswert aus dem betreffenden Social-Finance-Vermögenswerte-Portfolio entfernen und kann stattdessen weitere förderfähige Vermögenswerte in ein Social-Finance-Vermögenswerte-Portfolio aufnehmen.

#### *Management der Erlöse*

Der Arbeitsgruppe 'Sustainable Bond Working Group' des Konzerns (die "**SB-Arbeitsgruppe**") obliegt die Überwachung des Social-Finance-Vermögenswerte-Portfolios und der Gesamtsumme der von Unternehmen

des Konzerns begebenen Social-Finance, um sicherzustellen, dass das Gesamtvolumen des Social-Finance-Vermögenswerte-Portfolio gleich oder größer ist als die im Rahmen solcher Social-Finance aufgebrachte Gesamtsumme. Dafür nutzen sie ein internes Vermögensverwaltungssystem. Zu diesem Zweck werden Gesamtgröße und Fälligkeit des Portfolios der Vermögenswerte für Grüne Anleihen vierteljährlich kontrolliert. Liegt das Gesamtvolumen des Social-Finance-Vermögenswerte-Portfolios aus einem beliebigen Grund unter der Gesamtsumme aus den begebenen Social-Finance, wird der nicht zugewiesene Betrag in Bargeld oder bargeldähnlichen Werten und/oder anderen liquiden marktfähigen Instrumenten (so auch in US-Schatzpapieren) im Liquiditätsbestand des Konzerns gehalten, bis der Betrag dem Social-Finance-Vermögenswerte-Portfolio zugewiesen werden kann.

#### *Berichterstattung*

Im Rahmen des Rahmenwerks für Social-Finance veröffentlicht der Konzern innerhalb eines Jahres nach der Emission von Social-Finance-Anleihen auf seiner Website unter ([https://www.citigroup.com/citi/fixedincome/social\\_finance\\_bonds.htm](https://www.citigroup.com/citi/fixedincome/social_finance_bonds.htm)) einen Bericht (der "**Bericht über Social-Finance-Anleihen**"), der bis zur vollständigen Allokation der Erlöse jährlich und im Falle wesentlicher Änderungen erneuert wird.

Der Bericht über Social-Finance-Anleihen wird die Allokation und die Wirkungsberichterstattung für alle Social-Finance-Anleihen, die innerhalb des darin angegebenen Berichtszeitraums emittiert wurden, beinhalten. Zudem wird er aktualisierte Informationen enthalten, sollte es zu einer wesentlichen Veränderung des Social-Finance-Vermögenswerte-Portfolios kommen.

Bitte beachten Sie, dass Anlegern in einzelne Social-Finance-Anleihen in Bezug auf das Social-Finance-Vermögenswerte-Portfolio keine weitere oder gesonderte Benachrichtigung zugeht.

#### *Externe Prüfung*

Im Rahmen des Rahmenwerks für Soziale Anleihen wird der Konzern auch unabhängige externe Wirtschaftsprüfer mit der Prüfung der im Social-Finance-Vermögenswerte-Portfolio enthaltenen Vermögenswerte beauftragen, um zu überprüfen, dass diese die Förderfähigkeitskriterien für Social-Finance-Anleihen erfüllen und keine Anlagen in Vermögenswerte erfolgt sind, die der Definition in den Ausschlusskriterien entsprechen, und dass das Gesamtvolumen des Social-Finance-Vermögenswerte-Portfolio gleich oder größer ist als die im Rahmen der Emission von Social-Finance-Anleihen aufgebrachte Gesamtsumme (oder, dass, soweit die Gesamtsumme der ausstehenden Social-Finance-Anleihen unter dem Gesamtvolumen des Social-Finance-Vermögenswerte-Portfolio liegt, der Unterschiedsbetrag auf die im Social-Finance-Rahmenwerk beschriebene Weise gehalten wird). Ein Prüfbericht ist nur zum Datum seiner Ausstellung aktuell, und Anleger müssen für sich selbst entscheiden, inwieweit ein solcher Bericht und/oder die darin enthaltenen Informationen für ihre Anlageüberlegungen oder Erwartungen relevant sind.

Zur Klarstellung: Weder der Bericht über Social-Finance-Anleihen noch der Bericht eines Dritten ist in diesen Basisprospekt einbezogen oder stellt einen Teil dieses Basisprospekts dar und ist auch nicht als solcher, oder als Empfehlung des jeweiligen Emittenten oder eines jeden Händlers die Anleihen zu kaufen, zu verkaufen oder zu halten zu verstehen.

### **5. Wertpapiere oder Basiswerte, die als "grün", "nachhaltig", "sozial", "ESG" oder mit ähnlichen Zielsetzungen bezeichnet oder vermarktet werden**

Wertpapiere oder der/die Basiswert(e) von Wertpapieren (z.B. ein Wertpapierindex) können als mit "grünen", "nachhaltigen", "sozialen", "ESG"- oder ähnlichen Zielen versehen beschrieben oder vermarktet werden.

Ungeachtet der Verwendung solcher Begriffe im Titel und/oder im Marketingmaterial der Wertpapiere oder in der Beschreibung des Basiswerts/der Basiswerte können diese Wertpapiere oder Basiswerte (oder deren Verwalter):

- möglicherweise nicht die Ziele oder Erwartungen der Anleger in Bezug auf Anlagen, die "grün", "nachhaltig", "sozial", "ESG" oder ähnlich gekennzeichnet sind, erfüllen; und/oder
- möglicherweise nicht die gesetzlichen oder aufsichtsrechtlichen Anforderungen oder Kriterien in Bezug auf "grüne", "nachhaltige", "soziale", "ESG"- oder ähnliche Anlagen erfüllen (einschließlich derjenigen, die in der EU-Benchmark-Verordnung, der Verordnung (EU) 2020/852 über die Schaffung eines Rahmens zur Erleichterung nachhaltiger Investitionen (der so genannten EU-Taxonomie-Verordnung) oder in einer dieser Verordnungen festgelegt sind, da sie Teil des nationalen Rechts des Vereinigten Königreichs sind).

Derzeit gibt es keinen allgemein anerkannten Rahmen (rechtlich, regulatorisch oder anderweitig) oder einen Marktkonsens darüber, was ein "grünes", "nachhaltiges", "soziales", "ESG"- oder ähnliches Produkt ausmacht oder welche genauen Attribute erforderlich sind, damit ein bestimmtes Produkt als solches definiert werden kann, und es kann nicht zugesichert werden, dass sich im Laufe der Zeit ein solcher allgemein anerkannter Rahmen oder Konsens entwickeln wird. Obwohl es in einigen Rechtsordnungen und Regionen (insbesondere im Europäischen Wirtschaftsraum und im Vereinigten Königreich) regulatorische Bemühungen zur Definition ähnlicher Konzepte gegeben hat, befindet sich der rechtliche und regulatorische Rahmen für nachhaltige Finanzen noch in der Entwicklung, und es kann nicht zugesichert werden, dass diese lokalen Regelungen auf den globalen Finanzmärkten in größerem Umfang übernommen werden.

Dementsprechend kann den Anlegern nicht zugesichert werden, dass ein Produkt die Ziele oder Erwartungen des Anlegers in Bezug auf Anlagen, die "grün", "nachhaltig", "sozial", "ESG" oder ähnlich gekennzeichnet sind, erfüllt oder dass bei der Umsetzung des Produkts keine ökologischen, sozialen und/oder sonstigen Auswirkungen auftreten werden.

## **6. Bonitätsabhängige Schuldverschreibungen**

### ***EINFÜHRUNG IN BONITÄTSABHÄNGIGE SCHULDVERSCHREIBUNGEN***

#### ***Was sind Bonitätsabhängige Schuldverschreibungen?***

Bonitätsabhängige Schuldverschreibungen sind Schuldtitel, deren Wert an das Bonitätsrisiko eines oder mehrerer Referenzschuldner gebunden ist. Die Höhe der ggf. gezahlten Verzinsung und des Kapitalbetrags, die die Anleger für die Bonitätsabhängigen Schuldverschreibungen erhalten, hängt davon ab, ob bestimmte Bonitätsereignisse in Bezug auf den jeweiligen Referenzschuldner, auf den die Bonitätsabhängigen Schuldverschreibungen bezogen sind, eintreten.

Mit dem Erwerb der Bonitätsabhängigen Schuldverschreibungen gehen die Anleger ein Bonitätsrisiko gegenüber jedem Referenzschuldner (und möglichen Nachfolgern) ein. Eine Bonitätsabhängige Schuldverschreibung soll dem Anleger gemeinhin in finanziertem Format Zugang zu einem Credit Default Swap verschaffen, der sich auf einen oder mehrere bestimmte Referenzschuldner bezieht. Daher finden viele der Merkmale und Risiken, die für einen marktüblichen auf den/die betreffenden Referenzschuldner bezogenen Credit Default Swap gelten, ebenso auf die Bonitätsabhängigen Schuldverschreibungen Anwendung.

Durch die Anlage in die Bonitätsabhängigen Schuldverschreibungen wird der Anleger zum Verkäufer von Kreditabsicherung (und damit zum Käufer des Bonitätsrisikos), während die Emittentin zum Käufer von Kreditabsicherung (und damit zum Verkäufer des Bonitätsrisikos) wird.

### ***Was ist Bonitätsrisiko?***

Das Bonitätsrisiko in Bezug auf einen Referenzschuldner ist das Risiko, dass der Referenzschuldner seinen Verpflichtungen aus bestimmten Verbindlichkeiten aus aufgenommenen Mitteln, Anleihen bzw. Darlehen oder einer bestimmten Referenzverbindlichkeit des Referenzschuldners nicht nachkommt, oder das Risiko, dass gegen den Referenzschuldner ein Insolvenzverfahren eröffnet wird. Zu den Verbindlichkeiten aus aufgenommenen Mitteln zählen alle eingegangenen Darlehensverbindlichkeiten des Referenzschuldners, Verbindlichkeiten aus vom Referenzschuldner begebenen Schuldtiteln und bestimmte qualifizierte Garantien des Referenzschuldners im Zusammenhang mit diesen Verbindlichkeiten aus aufgenommenen Mitteln. Darüber hinaus wird auch die Nichterfüllung in Bezug auf bestimmte festgelegte Referenzverbindlichkeiten erfasst.

Die Nichterfüllung der Verpflichtungen des Referenzschuldners ist im Allgemeinen (aber nicht ausschließlich) auf eine Verschlechterung seiner Finanzlage zurückzuführen.

Die Finanzlage und die Bonität eines Referenzschuldners können sich im Laufe der Zeit ändern. In Bezug auf einen Referenzschuldner verfügbare öffentliche Informationen können unvollständig, irreführend oder veraltet sein. Die Identität jedes Referenzschuldners kann sich infolge von Nachfolgen ändern, wenn es zu Schuldübertragungen kommt oder wenn ein anderes Unternehmen Anleihen begibt oder eine Darlehensverpflichtung im Tausch für Anleihen oder Darlehen des Referenzschuldners eingeht. Die mit einem nachfolgenden Referenzschuldner verbundenen Risiken können höher sein als die mit dem ursprünglichen Referenzschuldner verbundenen Risiken.

Wenn die Bonitätsabhängigen Schuldverschreibungen auf mehrere Referenzschuldner bezogen sind, besteht möglicherweise eine höhere Wahrscheinlichkeit für den Eintritt eines Bonitätsereignisses. Für Anleger kann sich das Bonitätsrisiko weiter erhöhen, wenn eine Konzentration der Referenzschuldner innerhalb einer bestimmten Branche oder eines bestimmten geografischen Gebiets besteht, oder aufgrund des Umstands, dass sie ähnlichen finanziellen oder sonstigen Risiken ausgesetzt sind.

### ***Was ist der Unterschied zwischen den Bonitätsabhängigen Schuldverschreibungen und einem gewöhnlichen Schuldtitel?***

Bonitätsabhängige Schuldverschreibungen sind einem gewöhnlichen Schuldtitel insofern ähnlich, als sie dem Anleger ggf. regelmäßige Zinszahlungen und bei planmäßiger Fälligkeit die Rückzahlung des Nennwerts oder eines Aufschlags bieten. Bonitätsabhängige Schuldverschreibungen haben jedoch das zusätzliche Merkmal, dass sie im Gegensatz zu gewöhnlichen Schuldtiteln von der Bonität eines oder mehrerer Referenzschuldner abhängen. Tritt in Bezug auf den betreffenden Referenzschuldner ein Bonitätsereignis ein, kann ein Anleger seine Anlage in die Bonitätsabhängigen Schuldverschreibungen ganz oder teilweise verlieren.

### ***Was ist der Unterschied zwischen Bonitätsabhängigen Schuldverschreibungen und einer vom Referenzschuldner begebenen Anleihe?***

Ein Anleger in Bonitätsabhängige Schuldverschreibungen ist dem Bonitätsrisiko des Referenzschuldners ausgesetzt, ohne eine Anleihe, ein Darlehen oder eine andere Art von Verbindlichkeiten aus aufgenommenen Mitteln dieses Referenzschuldners halten zu müssen. Der Referenzschuldner selbst ist nicht als Partei an den Bonitätsabhängigen Schuldverschreibungen beteiligt und ist nicht unmittelbar in die Bonitätsabhängigen Schuldverschreibungen involviert und ein Anleger kann keine Ansprüche gegen den Referenzschuldner oder die Emittentin für etwaige Verluste geltend machen, die ihm aufgrund eines Bonitätsereignisses in Bezug auf den betreffenden Referenzschuldner entstehen. Der Anleger hält auch keine Beteiligung an oder Rechte aus Verbindlichkeiten dieses Referenzschuldners. Eine Anlage in Bonitätsabhängige Schuldverschreibungen ist nicht mit einer Anlage in die Verbindlichkeiten eines Referenzschuldners gleichzusetzen.

Die Emittentin ist nicht verpflichtet, eine Verbindlichkeit des Referenzschuldners zu halten oder auf andere Weise dem Bonitätsrisiko des Referenzschuldners ausgesetzt zu sein. Zusätzlich zum Bonitätsrisiko des jeweiligen Referenzschuldners, auf den sich die Bonitätsabhängigen Schuldverschreibungen beziehen, ist ein Anleger auch dem Bonitätsrisiko der Emittentin und/oder ggf. der Garantiegeberin ausgesetzt. Selbst bei guter Performance des Referenzschuldners kann einem Anleger daher dennoch ein Verlust entstehen, wenn sich die Bonität der Emittentin und/oder ggf. der Garantiegeberin verschlechtert.

***Wie wirken sich Änderungen der Aktienkurse eines Referenzschuldners auf den Wert der Bonitätsabhängigen Schuldverschreibungen aus?***

Das Eingehen eines Bonitätsrisikos in Bezug auf den Referenzschuldner durch den Erwerb von Bonitätsabhängigen Schuldverschreibungen unterscheidet sich vom Eingehen eines Aktienrisikos durch die Anlage in Aktien des Referenzschuldners. Hierfür gibt es eine Reihe von Gründen. Zum Beispiel:

- (a) Die Bonitätsabhängigen Schuldverschreibungen beziehen sich auf Verbindlichkeiten aus aufgenommenen Mitteln des Referenzschuldners oder auf bestimmte Garantien des Referenzschuldners für Verbindlichkeiten aus aufgenommenen Mitteln und ein Referenzschuldner muss grundsätzlich die den Gläubigern für diese Schuldtitel zustehenden Beträge zahlen, bevor er Dividenden oder Kapital an die Aktionäre auszahlt;
- (b) die Verbindlichkeiten des Referenzschuldners, auf die die Bonitätsabhängigen Schuldverschreibungen bezogen sind, bestehen aus Verbindlichkeiten aus aufgenommenen Mitteln oder bestimmten Garantien des Referenzschuldners für Verbindlichkeiten aus aufgenommenen Mitteln; die Inhaber dieser Art von Fremdkapital haben im Insolvenzfall eines Referenzschuldners in der Regel Vorrang vor den Inhabern von Stammaktien und erzielen daher möglicherweise eine höhere Rückzahlungsquote der ihnen zustehenden Beträge (die ihnen jedoch nicht garantiert ist);
- (c) die Bonitätsabhängigen Schuldverschreibungen beziehen sich auf diese Verbindlichkeiten aus aufgenommenen Mitteln und entsprechend ist der Marktwert der Bonitätsabhängigen Schuldverschreibungen mit dem Wert dieser Verbindlichkeiten aus aufgenommenen Mitteln verbunden (auch wenn er ihm nicht notwendigerweise entspricht) und
- (d) es besteht kein direkter Zusammenhang zwischen den Aktienkursen und dem Wert der Bonitätsabhängigen Schuldverschreibungen.

In manchen Fällen kann jedoch im Allgemeinen eine Änderung des Aktienkurses des Referenzschuldners zu einer Änderung des Marktwerts seiner Schulden führen oder aus einer Änderung des Marktwerts seiner Schulden resultieren und umgekehrt.

***WICHTIGE REGULATORISCHE KONZEPTE, DIE FÜR BONITÄTSABHÄNGIGE SCHULDVERSCHREIBUNGEN MASSGEBLICH SIND***

***Was ist ISDA?***

Die International Swaps and Derivatives Association, Inc. („**ISDA**“) ist eine Handelsorganisation von Teilnehmern am Markt für außerbörslich gehandelte Derivate. Sie hat ihren Sitz in New York und ist für die Erstellung standardisierter Verträge wie dem *ISDA Master Agreement* und den *2014 ISDA Credit Derivatives Definitions* sowie einer breiten Palette damit in Zusammenhang stehender Dokumente verantwortlich, die für den Abschluss von Derivaten verwendet werden. Definitionen, Einzelabschlüsse und andere von der ISDA veröffentlichte Dokumente und Informationen sind auf der Website der ISDA verfügbar: <https://www.isda.org/>. Bestimmte Veröffentlichungen sind kostenlos verfügbar, während andere nur für Abonnenten der Website zugänglich sind.

Zum Datum dieses Basisprospekts verfügt die ISDA über mehr als 900 Mitgliedsinstitute aus mehr als 70 Ländern. Zu diesen Mitgliedern zählt ein breites Spektrum von Teilnehmern am Markt für außerbörslich gehandelte Derivate.

### **Was ist ein Bonitätsereignis?**

Vereinfacht gesagt, ist ein Bonitätsereignis ein Ereignis, das als Indikator für einen Kreditausfall oder eine wesentliche Bonitätsverschlechterung des Referenzschuldners, wozu auch die Insolvenz eines Unternehmens als Referenzschuldner zählt, angesehen werden kann, jedoch nicht zwangsläufig einen solchen Indikator darstellen muss.

Bonitätsereignisse werden im Zusammenhang mit einer Insolvenz durch Bezugnahme auf den betreffenden Referenzschuldner selbst und in anderen Fällen durch Bezugnahme auf bestimmte geeignete Arten von Verbindlichkeiten dieses Referenzschuldners festgestellt, zu denen in Bezug auf die Bonitätsabhängigen Schuldverschreibungen Darlehen, Schuldtitel oder andere Verbindlichkeiten aus aufgenommenen Mitteln des Referenzschuldners oder bestimmte Referenzverbindlichkeiten („**Verbindlichkeiten**“) zählen.

Bei den für die Bonitätsabhängigen Schuldverschreibungen maßgeblichen Bonitätsereignissen handelt es sich um jedes der folgenden Ereignisse in Bezug auf den Referenzschuldner, die auf eine Bonitätsabhängige Schuldverschreibung Anwendung finden, wenn sie in den anwendbaren Endgültigen Bedingungen unter Bezugnahme auf eine bestimmte Transaktionsart festgelegt oder gewählt werden:

- (a) **Nichtzahlung:** ein Versäumnis des Referenzschuldners, Beträge bei Fälligkeit im Rahmen seiner Verbindlichkeiten (nach Ablauf einer ggf. anwendbaren Nachfrist) zu zahlen, sofern sich die Nichtzahlung auf einen Betrag bezieht, der über einem im Voraus festgelegten Mindestbetrag liegt;
- (b) **Insolvenz:** ein Insolvenzverfahren in Bezug auf den Referenzschuldner;
- (c) **Restrukturierung:** eine Restrukturierung einer Verbindlichkeit des Referenzschuldners, durch die wesentliche Bedingungen dieser Verbindlichkeit geändert werden, und zwar in Bezug auf eine Verringerung der Kapitalrückzahlung oder Zinszahlung im Rahmen dieser Verbindlichkeit, einen Aufschub der Kapital- oder Zinszahlung, Änderungen des Rangs des Instruments, die zu einer Nachrangigkeit führen oder eine Währungsumstellung auf bestimmte harte Währungen in einer Form, die für alle Inhaber der Verbindlichkeit verbindlich ist, zur Folge haben, und ein solches Ereignis ist in den Bedingungen des Instruments nicht ausdrücklich vorgesehen, sofern dieses Ereignis direkt oder indirekt aus einer Bonitätsverschlechterung oder Verschlechterung der Finanzlage des Referenzschuldners resultiert;
- (d) **Vorzeitige Fälligkeit von Verbindlichkeiten:** die vorzeitige Fälligkeit einer Verbindlichkeit des Referenzschuldners, bevor sie ansonsten fällig und zahlbar wäre, in Bezug auf einen im Voraus festgelegten Mindestbetrag;
- (e) **Verbindlichkeitsverletzung:** eine Verbindlichkeit des Referenzschuldners in Bezug auf einen im Voraus festgelegten Mindestbetrag kann für fällig und zahlbar erklärt werden, bevor sie ansonsten fällig und zahlbar wäre;
- (f) **Nichtanerkennung/Moratorium:** Der Referenzschuldner erkennt eine Verbindlichkeit in Bezug auf einen im Voraus festgelegten Mindestbetrag nicht an oder verhängt ein Moratorium in Bezug auf eine Verbindlichkeit in Bezug auf diesen Mindestbetrag, und es kommt anschließend innerhalb eines bestimmten Zeitraums zu einer Nichtzahlung oder einer Restrukturierung im Rahmen dieser Verbindlichkeit, ohne dass ein im Voraus festgelegter Betrag berücksichtigt wird, oder
- (g) **Staatlicher Eingriff:** ein Ereignis, das zu einer Verringerung oder einem Aufschub der Zahlung von Kapital oder Zinsen oder zu einer Änderung des Rangs des Instruments führt, die eine Nachrangigkeit,

eine Enteignung oder die obligatorische Entwertung einer Verbindlichkeit zur Folge hat, infolge einer Maßnahme oder einer Ankündigung einer Regierungsbehörde in verbindlicher Form, ungeachtet dessen, ob das betreffende Ereignis in den Bedingungen des Instruments ausdrücklich vorgesehen ist. Dieses Ereignis findet nur Anwendung, wenn die "Bedingungen für Referenzschuldner, die Finanzinstitute sind" in den Endgültigen Bedingungen als anwendbar angegeben sind.

***Welche Bonitätsereignisse finden auf die Bonitätsabhängigen Schuldverschreibungen Anwendung?***

Bei jeder Emission von Bonitätsabhängigen Schuldverschreibungen variieren die Arten der Bonitätsereignisse, die in Bezug auf den angegebenen Referenzschuldner Anwendung finden können, in Abhängigkeit von der Identität jedes Referenzschuldners und werden in den anwendbaren Endgültigen Bedingungen angegeben. Diese angegebenen Bonitätsereignisse basieren grundsätzlich auf der Art des jeweiligen Referenzschuldners (Unternehmen, Staat usw.) und seinem Standort (EMEA-Raum (Europa, Naher Osten und Afrika), Asien ohne Japan, Japan, Lateinamerika, Nordamerika usw.).

***Wann muss ein Bonitätsereignis eintreten, um die Auszahlung im Rahmen der Bonitätsabhängigen Schuldverschreibungen zu beeinflussen?***

Ein Bonitätsereignis kann jederzeit während des Zeitraums vom „Rückwirkungszeitpunkt bei Bonitätsereignis“ (einschließlich) bis zum Fälligkeitstag oder einem anderen, in den anwendbaren Endgültigen Bedingungen angegebenen Datum (einschließlich) (vorbehaltlich einer Verlängerung in bestimmten Fällen) eintreten.

Der Rückwirkungszeitpunkt bei Bonitätsereignis wird in den anwendbaren Endgültigen Bedingungen als der Ausgabetag, der Handelstag oder eine Anzahl von Kalendertagen vor dem Handelstag angegeben. **Der Rückwirkungszeitpunkt bei Bonitätsereignis kann auf einen Zeitpunkt vor dem Handelstag festgelegt werden.**

***Welche Zeitpunkte von Ereignissen und Zahlungen sind maßgeblich?***

- (a) ***Zeitpunkt von Ereignissen:*** Zur Feststellung des Tags des Eintritts eines Ereignisses für die Zwecke der Bonitätsabhängigen Schuldverschreibungen wird für die Abgrenzung von Tagen unabhängig von der Zeitzone, in der dieses Ereignis eingetreten ist, die Greenwicher Zeit (Greenwich Mean Time) herangezogen. Ein um Mitternacht eintretendes Ereignis gilt als unmittelbar vor Mitternacht eingetreten.
- (b) ***Zeitpunkt von Zahlungen:*** Es gilt für den Fall, dass eine Zahlung vom Referenzschuldner nicht am Fälligkeitstag der Zahlung bzw. am letzten Tag der jeweiligen Nachfrist geleistet wird, dass diese Nichtzahlung unabhängig von der Zeitzone des Zahlungsorts als an diesem Tag vor Mitternacht Greenwicher Zeit eingetreten gilt.

***Kann ein Bonitätsereignis vor dem Ausgabetag oder dem Handelstag eintreten?***

**Ja. Ein Bonitätsereignis kann vor dem Ausgabetag der Bonitätsabhängigen Schuldverschreibungen und sogar vor dem in den anwendbaren Endgültigen Bedingungen angegebenen Handelstag eintreten.**

Wertpapierinhaber sollten selbst unter Nutzung öffentlich verfügbarer Informationen eine Prüfung vornehmen, ob aktuelle Entwicklungen in Bezug auf den Referenzschuldner eingetreten sind. Wurde der ISDA vor dem Handelstag ein Antrag auf Feststellung übermittelt, ob ein Bonitätsereignis in Bezug auf den Referenzschuldner eingetreten ist, können die Einzelheiten des Antrags auf der ISDA-Website unter <https://www.cdsdeterminationscommittees.org/> eingesehen werden.

***Wann kann ein Bonitätsereignis ausgelöst werden?***

Ein Bonitätsereignis kann in Bezug auf den Referenzschuldner während des „Mitteilungs-übermittlungszeitraums“ bilateral ausgelöst werden, d. h. während eines Zeitraums, der am (in den Endgültigen Bedingungen angegebenen) Handelstag beginnt und 14 Kalendertage nach dem Verlängerungstag endet. Der Verlängerungstag bezeichnet den späteren der folgenden Zeitpunkte: (a) den Fälligkeitstag oder (b) für den Fall, dass am oder vor dem Fälligkeitstag der Bonitätsabhängigen Schuldverschreibungen ein potenzielles Bonitätsereignis, wie z. B. Nichtzahlung oder Nichtanerkennung/Moratorium, eingetreten ist, das innerhalb einer bestimmten Frist nach dem Fälligkeitstag zu einem tatsächlichen Bonitätsereignis werden kann, den Nachfristverlängerungstag oder den Bewertungstag für Nichtanerkennung/Moratorium. Entsprechend könnte ungeachtet des Eintritts eines Fälligkeitstags ein Bonitätsereignis nach dem Fälligkeitstag ausgelöst werden.

***Was ist ein Ereignis-Feststellungstag?***

Für die Rückzahlung Bonitätsabhängiger Schuldverschreibungen nach einem Bonitätsereignis muss ein entsprechender Ereignis-Feststellungstag eingetreten sein. Je nach Sachlage kann dies der Tag sein, an dem eine Mitteilung über den Eintritt des Bonitätsereignisses wirksam übermittelt wurde (ggf. zusammen mit einer Mitteilung, die öffentlich verfügbare Informationen enthält, die den Eintritt des Bonitätsereignisses bestätigen), oder der Tag, an dem unter anderem öffentlich bekannt gegeben wird, dass eine EK-Bonitätsereignisanfrage wirksam war und dem Kreditderivate-Entscheidungskomitee Öffentlich Verfügbare Informationen in Bezug auf diese Anfrage vorlagen, wobei bestimmte Voraussetzungen zu erfüllen sind.

Entsprechend könnte ungeachtet des Eintritts des Fälligkeitstags ein Ereignis-Feststellungstag aufgrund von Angelegenheiten eintreten, die dem Kreditderivate-Entscheidungskomitee nach dem Fälligkeitstag vorgelegt werden, wenn der Tag, an dem eine EK-Bonitätsereignisanfrage wirksam war und an dem einem Kreditderivate-Entscheidungskomitee Öffentlich Verfügbare Informationen in Bezug auf diese Anfrage vorlagen, auf den 14. Tag nach dem Fälligkeitstag bzw. ggf. einem Versetzten Fälligkeitstag fällt oder diesem vorausgeht.

***Kann ein Ereignis-Feststellungstag nur eintreten, wenn ein Kreditderivate-Entscheidungskomitee dessen Eintreten feststellt?***

Nein. Die Berechnungsstelle und die Emittentin können dem Wertpapierinhaber auch eine Bonitätsereignis-Mitteilung in Bezug auf ein Bonitätsereignis übermitteln, das einen Ereignis-Feststellungstag auslöst (siehe vorstehend „When can a Credit Event be triggered?“).

***Was ist das Kreditderivate-Entscheidungskomitee und wie wirkt es sich auf die Bonitätsabhängigen Schuldverschreibungen aus?***

Das Kreditderivate-Entscheidungskomitee wurde von der ISDA im März 2009 zur Vornahme von Feststellungen, die für die meisten Teilnehmer am Kreditderivatemarkt relevant sind, sowie zur Förderung von Transparenz und Konsistenz eingeführt. Wertpapierinhaber werden bei der Zusammensetzung des Kreditderivate-Entscheidungskomitees keine Rolle spielen, da es sich bei ihnen um Anleger in die Bonitätsabhängigen Schuldverschreibungen handelt.

Potenzielle Wertpapierinhaber sollten beachten, dass ein Kreditderivate-Entscheidungskomitee zum Treffen verbindlicher Entscheidungen befugt ist, die nach Feststellung der Berechnungsstelle für die Zwecke der Bonitätsabhängigen Schuldverschreibungen in entscheidenden Fragen anwendbar sein können, darunter:

- (a) der Eintritt eines Bonitätsereignisses und des standardmäßigen Ereignis-Feststellungstags;
- (b) ob eine oder mehrere Auktionen in Bezug auf den Referenzschuldner, für den ein Bonitätsereignis eingetreten ist, durchgeführt werden;

- (c) die geeignete Methode zur Feststellung des Marktwerts eines Vermögenswerts;
- (d) die Auktionsabwicklungsbedingungen;
- (e) der Eintritt einer Nachfolge oder eines Nachfolgeereignisses und die Identität etwaiger „Nachfolger“ (für Einzelheiten siehe nachstehend „Nachfolger“) und
- (f) geeignete Ersatz-Referenzverbindlichkeiten bei Eintritt eines Ersetzungsereignisses.

Daher sind Wertpapierinhaber an sämtliche solcher maßgeblichen Entscheidungen gebunden, für die eine Anwendbarkeit auf die Bonitätsabhängigen Schuldverschreibungen festgestellt wird, und die Zahlungen auf die Bonitätsabhängigen Schuldverschreibungen sowie der Zeitpunkt dieser Zahlungen können von diesen Entscheidungen oder Feststellungen beeinflusst werden. Die dem Kreditderivate-Entscheidungskomitee vorgelegten Fragestellungen und die Ergebnisse der verbindlichen Abstimmungen werden vom EK-Sekretär unter <https://www.cdsdeterminationscommittees.org/> veröffentlicht.

Die Kreditderivate-Entscheidungskomitees sind regional organisiert und es gibt ein Kreditderivate-Entscheidungskomitee für jede der folgenden fünf Regionen: Nord-, Mittel- und Südamerika, Asien (ohne Japan), Australien und Neuseeland, Europa, Naher Osten und Afrika (EMEA-Raum) und Japan. Die Verfahren jedes Kreditderivate-Entscheidungskomitees sind im jeweils vom EK-Sekretär veröffentlichten Regelwerk geregelt. Ein Exemplar dieses Regelwerks ist zum Datum dieses Basisprospekts kostenlos unter <https://www.cdsdeterminationscommittees.org/> erhältlich.

Jedes Kreditderivate-Entscheidungskomitee setzt sich aus zehn stimmberechtigten als Händler tätigen Mitgliedern, fünf stimmberechtigten (nicht als Händler tätigen) Mitgliedern auf Erwerberseite und drei nicht stimmberechtigten Mitgliedern (zwei Händler und ein Mitglied auf Erwerberseite) zusammen. Einem Kreditderivate-Entscheidungskomitee können auch eine oder mehrere zentrale Gegenparteien für das Clearing von Kreditderivaten als nicht stimmberechtigte Mitglieder mit Beobachterstatus angehören. Die Auswahl der als Händler tätigen Institute für die Mitgliedschaft erfolgt nach dem vom EK-Sekretär veröffentlichten EK-Regelwerk und bestimmten Richtlinien für das Handelsvolumen.

Mit Wirkung zum 12. Oktober 2018 wurde die DC Administration Services, Inc., eine nach dem Recht von Delaware gegründete Tochtergesellschaft der ISDA, von der ISDA zum EK-Sekretär ernannt. Der EK-Sekretär ist für verschiedene administrative Aufgaben verantwortlich, darunter die Verteilung der von berechtigten Marktteilnehmern eingereichten Fragen an die entsprechenden EK-Mitglieder, die Einberufung von EK-Sitzungen und die Veröffentlichung der Ergebnisse von EK-Abstimmungen. Bei der Frage, ob Bonitätsereignisse eingetreten sind, gibt der EK-Sekretär keine Stimme ab.

## **ZUSAMMENFASSUNG VERSCHIEDENER BONITÄTSABHÄNGIGER PRODUKTE IM RAHMEN DES PROGRAMMS**

### ***Welche verschiedenen Arten von Bonitätsabhängigen Schuldverschreibungen können im Rahmen des Programms begeben werden?***

Werden Bonitätsabhängige Schuldverschreibungen im Wege Endgültiger Bedingungen begeben, kann es sich bei den Bonitätsabhängigen Schuldverschreibungen entweder um Bonitätsabhängige Schuldverschreibungen auf einen Einzelnen Namen oder um Bonitätsabhängige Schuldverschreibungen auf einen Linearen Korb handeln.

#### **(A) *Was sind Bonitätsabhängige Schuldverschreibungen auf einen Einzelnen Namen?***

Bonitätsabhängige Schuldverschreibungen auf einen Einzelnen Namen stellen eine Anlage dar, die an die Wertentwicklung lediglich eines in den anwendbaren Endgültigen Bedingungen angegebenen Referenzschuldners gebunden ist.

Sofern keine vorzeitige Rückzahlung in voller Höhe erfolgt, wird jede Schuldverschreibung auf einen Einzelnen Namen bei Eintritt eines Bonitätsereignisses und eines entsprechenden Ereignis-Feststellungstags durch Zahlung des entsprechenden Bonitätsereignis-Rückzahlungsbetrags am entsprechenden Bonitätsereignis-Rückzahlungstag vollständig (oder bei Bestimmung mehrerer Nachfolger teilweise) zurückgezahlt.

Mehrere Bonitätsereignisse und damit zusammenhängende Ereignis-Feststellungstage können in Bezug auf Bonitätsabhängige Schuldverschreibungen auf einen Einzelnen Namen gemäß den maßgeblichen Nachfolgebestimmungen eintreten.

**(B) Was sind Bonitätsabhängige Schuldverschreibungen auf einen Linearen Korb?**

Bonitätsabhängige Schuldverschreibungen auf einen Linearen Korb stellen eine Anlage dar, die an die Wertentwicklung eines in den anwendbaren Endgültigen Bedingungen angegebenen Korbs von Referenzschuldners gebunden ist, und unterliegen dem Bonitätsrisiko jedes Referenzschuldners im Korb im Verhältnis zu der für diesen Referenzschuldner in den anwendbaren Endgültigen Bedingungen angegebenen Gewichtung.

Sofern keine vorzeitige Rückzahlung in voller Höhe erfolgt, wird jede Schuldverschreibung auf einen Linearen Korb bei Eintritt eines Bonitätsereignisses und eines entsprechenden Ereignis-Feststellungstags in Bezug auf einen der Referenzschuldner im Korb durch Zahlung des entsprechenden Bonitätsereignis-Rückzahlungsbetrags am entsprechenden Bonitätsereignis-Rückzahlungstag teilweise im Verhältnis zur Gewichtung des betroffenen Referenzschuldners zurückgezahlt. Die Rückzahlung erfolgt, sofern anwendbar, nach Maßgabe der maßgeblichen Nachfolgebestimmungen.

Mehrere Bonitätsereignisse und damit mehrere Ereignis-Feststellungstage können in Bezug auf mehr als einen Referenzschuldner eintreten. Ferner können mehrere Bonitätsereignisse und damit zusammenhängende Ereignis-Feststellungstage in Bezug auf einen einzelnen Referenzschuldner gemäß den maßgeblichen Nachfolgebestimmungen eintreten.

**AUSZAHLUNGEN IM RAHMEN VON BONITÄTSABHÄNGIGEN  
SCHULDVERSCHREIBUNGEN – WICHTIGE ZEITPUNKTE UND BETRÄGE**

***Welche unterschiedlichen Auszahlungszeitpunkte sind in den Bedingungen für Bonitätsabhängige Schuldverschreibungen vorgesehen?***

Die Höhe der ggf. gezahlten Verzinsung und des Kapitalbetrags, die ein Anleger erhält, hängt davon ab, ob die Rückzahlung der Bonitätsabhängigen Schuldverschreibungen

- (a) planmäßig bei Fälligkeit (für weitere Informationen siehe nachstehend „*When will the Credit Linked Securities be redeemed if no Credit Event occurs?*“);
- (b) nach dem Eintritt eines Bonitätsereignisses (für weitere Informationen siehe nachstehend „*What is "Credit Payment following Credit Event"?*“);
- (c) am Fälligkeitstag trotz des Eintritts eines Bonitätsereignisses (für weitere Informationen siehe nachstehend „*What is "Credit Payment on Maturity"?*“) oder
- (d) bei Eintritt eines Ereignisses (mit Ausnahme eines Bonitätsereignisses) erfolgt, das eine vorzeitige Rückzahlung auslöst (für weitere Informationen siehe nachstehend „*When may the Issuer redeem the Credit Linked Securities early?*“).

**(A) Wann werden die Bonitätsabhängigen Schuldverschreibungen zurückgezahlt, wenn kein Bonitätsereignis eintritt?**

Wenn kein Ereignis-Feststellungstag eingetreten ist und sofern nicht anderweitig eine vorzeitige Rückzahlung oder ein Rückkauf und eine Entwertung der Bonitätsabhängigen Schuldverschreibungen erfolgt, wird jede Bonitätsabhängige Schuldverschreibung am (unter bestimmten Umständen ggf. verlängerten) Fälligkeitstag in voller Höhe zurückgezahlt (für weitere Informationen siehe nachstehend „*What will Securityholders receive if the Credit Linked Securities are not redeemed early?*“).

**(B) Was ist „Bonitätsabhängige Zahlung nach Bonitätsereignis“?**

„Bonitätsabhängige Zahlung nach Bonitätsereignis“ bezieht sich auf den Fall, dass ein Bonitätsereignis in Bezug auf einen Referenzschuldner eintritt und infolgedessen ein Ereignis-Feststellungstag eintritt und die Rückzahlung auf dieses Bonitätsereignis folgt (für weitere Informationen siehe nachstehend „*What will Securityholders receive if "Credit Payment following Credit Event" applies?*“).

**(C) Was ist „Bonitätsabhängige Zahlung am Fälligkeitstag“?**

„Bonitätsabhängige Zahlung am Fälligkeitstag“ bezieht sich auf den Fall, dass ein Bonitätsereignis in Bezug auf einen Referenzschuldner eintritt und infolgedessen ein Ereignis-Feststellungstag eintritt, die Rückzahlung (und damit die Zahlung der entsprechenden Rückzahlungsbeträge) jedoch erst bei Fälligkeit erfolgt (für weitere Informationen siehe nachstehend „*What will Securityholders receive if "Credit Payment on Maturity" applies?*“).

**(D) Wann kann die Emittentin die Bonitätsabhängigen Schuldverschreibungen vorzeitig zurückzahlen?**

Außer in Fällen, in denen ein Bonitätsereignis eingetreten ist, kann die Emittentin die Bonitätsabhängigen Schuldverschreibungen vorzeitig in voller Höhe zurückzahlen, wenn (i) bestimmte steuerliche Ereignisse in Bezug auf die Bonitätsabhängigen Schuldverschreibungen eintreten, (ii) bestimmte Ereignisse eintreten, durch die es für die Emittentin und/oder die jeweilige Garantiegeberin rechtswidrig wird, bestimmte Verpflichtungen zu erfüllen oder wesentliche Bestimmungen von im Zusammenhang mit den Bonitätsabhängigen Schuldverschreibungen geschlossenen Vereinbarungen einzuhalten, (iii) ein Vorzeitiges Rückzahlungsereignis eintritt, (iv) bestimmte Kündigungsereignisse eintreten, (v) die Emittentin ihr Recht auf Rückzahlung der Bonitätsabhängigen Schuldverschreibungen nach Wahl der Emittentin ausübt (falls „Issuer Call“ anwendbar ist), (vi) in bestimmten Fällen und sofern anwendbar, nach einem Administrator/Benchmark-Ereignis oder bestimmten anderen Benchmark-Ereignissen, (vii) ein Realisierungsstörungsereignis eintritt, (viii) ein Fusionsereignis eintritt oder (x) wenn die Referenzverbindlichkeit (in Bezug auf einen Referenzschuldner, auf den „Nur Referenzverbindlichkeit“ Anwendung findet) vor ihrem planmäßigen Fälligkeitstermin in voller Höhe zurückgezahlt wird (für weitere Informationen siehe nachstehend „*What will Securityholders receive if the Issuer redeems the Credit Linked Securities early (other than due to a Credit Event)?*“).

**Können Wertpapierinhaber ihre Bonitätsabhängigen Schuldverschreibungen vorzeitig zurückzahlen lassen?**

Die Wertpapierinhaber sind nicht berechtigt, von der Emittentin die vorzeitige Rückzahlung ihrer Wertpapiere zu verlangen.

**Was werden Wertpapierinhaber gemäß den verschiedenen in den Bedingungen für Bonitätsabhängige Schuldverschreibungen vorgesehenen Auszahlungen voraussichtlich erhalten?**

Die Höhe der ggf. gezahlten Verzinsung und des Kapitalbetrags, die ein Anleger erhält, hängt davon ab, wann die Rückzahlung der Bonitätsabhängigen Schuldverschreibungen erfolgt.

**(A) Was erhalten Wertpapierinhaber, wenn die Bonitätsabhängigen Schuldverschreibungen nicht vorzeitig zurückgezahlt werden?**

Sofern nicht anderweitig eine vorzeitige Rückzahlung oder ein Rückkauf und eine Entwertung der Bonitätsabhängigen Schuldverschreibungen erfolgt, ist für jede am Fälligkeitstag in voller Höhe zurückgezahlte Bonitätsabhängige Schuldverschreibung ein Betrag in Höhe des Nennwerts oder eines Aufschlags zu zahlen.

**(B) Was erhalten Wertpapierinhaber, wenn „Bonitätsabhängige Zahlung nach Bonitätsereignis“ Anwendung findet?**

Wenn „Bonitätsabhängige Zahlung nach Bonitätsereignis“ Anwendung findet und ein Ereignis-Feststellungstag eintritt, werden die Bonitätsabhängigen Schuldverschreibungen zum Bonitätsereignis-Rückzahlungsbetrag zurückgezahlt (für weitere Informationen siehe nachstehend „What is the Credit Event Redemption Amount?“), wobei auf den von dem Bonitätsereignis betroffenen Anteil der Bonitätsabhängigen Schuldverschreibungen keine weiteren Kapital- oder ggf. Zinszahlungen erfolgen (für weitere Informationen siehe nachstehend „What interest payments will Securityholders receive after the occurrence of a Credit Event?“). Der Bonitätsereignis-Rückzahlungsbetrag ist wahrscheinlich geringer als der Nennwert der Bonitätsabhängigen Schuldverschreibungen und kann sogar null betragen.

**(C) Was erhalten Wertpapierinhaber, wenn „Bonitätsabhängige Zahlung am Fälligkeitstag“ Anwendung findet?**

Wenn „Bonitätsabhängige Zahlung am Fälligkeitstag“ Anwendung findet und ein Ereignis-Feststellungstag eintritt, laufen keine Zinsen auf den vom Bonitätsereignis betroffenen Teil der Bonitätsabhängigen Schuldverschreibungen mehr auf bzw. sind nicht mehr darauf zu zahlen. Dies hat keine Auswirkungen auf die Verzinsung des verbleibenden Teils der Bonitätsabhängigen Schuldverschreibungen, der nicht von diesem Bonitätsereignis betroffen ist. Darüber hinaus wird der Betrag der Bonitätsabhängigen Zahlung am Fälligkeitstag (der die aufgelaufenen und bei Fälligkeit zu zahlenden Rückflüsse widerspiegelt) auf Grundlage des in den Endgültigen Bedingungen angegebenen Finanzierungszinssatzes verzinst (für weitere Informationen siehe nachstehend „What interest payments will Securityholders receive after the occurrence of a Credit Event?“). Die Bonitätsabhängigen Schuldverschreibungen werden erst bei Fälligkeit in Höhe des Bonitätsereignis-Rückzahlungsbetrags zurückgezahlt (für weitere Informationen siehe nachstehend „What is the Credit Event Redemption Amount?“). Der Bonitätsereignis-Rückzahlungsbetrag ist wahrscheinlich geringer als der Nennwert der Bonitätsabhängigen Schuldverschreibungen und kann sogar null betragen.

**(D) Was erhalten Wertpapierinhaber, wenn die Emittentin die Bonitätsabhängigen Schuldverschreibungen (außer aufgrund eines Bonitätsereignisses) vorzeitig zurückzahlt?**

Werden die Bonitätsabhängigen Schuldverschreibungen (außer nach Eintritt eines Bonitätsereignisses, eines Fusionsereignisses oder einer vollständigen Rückzahlung der Referenzverbindlichkeit) vorzeitig in voller Höhe zurückgezahlt, so werden die Bonitätsabhängigen Schuldverschreibungen am Vorzeitigen Rückzahlungstag bzw. Optionalen Rückzahlungstag durch Zahlung eines Betrags in Höhe des Vorzeitigen Rückzahlungsbetrags bzw. Optionalen

Rückzahlungsbetrags zurückgezahlt, wobei auf diese Bonitätsabhängigen Schuldverschreibungen keine weiteren Kapital- oder ggf. Zinszahlungen fällig sind. Der Vorzeitige Rückzahlungsbetrag ist ein Betrag, der in Bezug auf die Bonitätsabhängigen Schuldverschreibungen in der Abrechnungswährung festgelegt wird und in der Regel dem angemessenen Marktwert dieser Wertpapiere oder dem Kapitalbetrag dieser Wertpapiere (ggf. einschließlich ungezahlter Zinsen) entspricht. Der Optionale Rückzahlungsbetrag ist ein Betrag, der in den anwendbaren Endgültigen Bedingungen angegeben ist oder auf die dort angegebene Weise festgelegt wird.

Gegebenenfalls erfolgt im Falle eines Fusionsereignisses die Rückzahlung der Bonitätsabhängigen Schuldverschreibungen am Vorzeitigen Rückzahlungstag durch Zahlung des Fusions-Rückzahlungsbetrags. Der Fusions-Rückzahlungsbetrag kann entweder (x) dem Vorzeitigen Rückzahlungsbetrag oder (y) einem Betrag entsprechen, der dem ausstehenden Gesamtnennbetrag der betreffenden Bonitätsabhängigen Schuldverschreibungen abzüglich etwaiger Auflösungskosten entspricht, und wird in den anwendbaren Endgültigen Bedingungen angegeben.

Im Falle der Rückzahlung der Referenzverbindlichkeit in voller Höhe (wenn „Nur Referenzverbindlichkeit“ Anwendung findet) erfolgt die Rückzahlung jeder Bonitätsabhängigen Schuldverschreibung am Ersetzungsereignistag durch Zahlung des Ersetzungsereignis-Rückzahlungsbetrags. Der Ersetzungsereignis-Rückzahlungsbetrag ist ein in Bezug auf die Bonitätsabhängigen Schuldverschreibungen in der Abrechnungswährung festgelegter Betrag, der in der Regel dem angemessenen Marktwert dieser Wertpapiere abzüglich etwaiger Auflösungskosten entspricht.

## **RÜCKZAHLUNGSMECHANISMEN IM RAHMEN DES PROGRAMMS**

### ***Was ist der Anwendbare Anteil?***

Der Anwendbare Anteil stellt den Teil des Gesamtnennbetrags einer Bonitätsabhängigen Schuldverschreibung dar, der von einem Bonitätsereignis betroffen ist, und wird zur Bestimmung der nach dem Eintritt eines Bonitätsereignisses zu zahlenden oder abzuschreibenden und/oder zurückzuzahlenden Beträge sowie zur Berechnung der auf diese Bonitätsabhängigen Schuldverschreibungen zu zahlenden Zinsen verwendet. Die Berechnung des Anwendbaren Anteils hängt von der Art der Bonitätsabhängigen Schuldverschreibungen, der Art des zur Rückzahlung führenden Bonitätsereignisses (einschließlich der Frage, ob es sich bei dem Bonitätsereignis um eine M(M)R-Restrukturierung handelt oder nicht) und davon ab, ob die Bestimmungen betreffend Nachfolger maßgeblich sind (siehe weiter unten "Nachfolger"):

#### **(A) *Bonitätsabhängige Schuldverschreibungen auf einen Einzelnen Namen***

Der Anwendbare Anteil jeder Bonitätsabhängigen Schuldverschreibung auf einen Einzelnen Namen entspricht dem Produkt aus dem Festgelegten Nennbetrag der betreffenden Bonitätsabhängigen Schuldverschreibung und 100 Prozent.

#### **(B) *Bonitätsabhängige Schuldverschreibungen auf einen Linearen Korb***

Der Anwendbare Anteil von Bonitätsabhängigen Schuldverschreibungen auf einen Linearen Korb entspricht dem Produkt aus dem Festgelegten Nennbetrag einer solchen Bonitätsabhängigen Schuldverschreibung und einem Betrag (ausgedrückt als Prozentsatz) in Höhe des Referenzschuldner-Nennbetrags, geteilt durch den Anfänglichen Gesamtnennbetrag der betreffenden Bonitätsabhängigen Schuldverschreibungen.

### ***Was sind die verschiedenen Methoden einer Rückzahlung?***

Die Rückzahlung der Bonitätsabhängigen Schuldverschreibungen erfolgt gemäß der von der Emittentin gewählten (und in den Endgültigen Bedingungen beschriebenen) Rückzahlungsmethode bei Bonitätsereignis,

wobei die Fallback-Rückzahlungsmethode Anwendung findet, wenn die gewählte Rückzahlungsmethode bei Bonitätsereignis nicht angewendet werden kann.

Rückzahlung bei Auktion, Rückzahlung mit Barbetrag oder Rückzahlung mit Fester Rückzahlung können als Rückzahlungsmethode bei Bonitätsereignis gewählt werden, wobei die Rückzahlung mit Barbetrag einen Fallback bildet.

#### ***Was ist der Bonitätsereignis-Rückzahlungsbetrag?***

Der Bonitätsereignis-Rückzahlungsbetrag ist der an die Wertpapierinhaber zahlbare Barbetrag bei einer vorzeitigen Rückzahlung der Bonitätsabhängigen Schuldverschreibungen nach dem Eintritt eines Bonitätsereignisses und ist ein grober Anhaltspunkt für die eingehenden Beträge in Bezug auf diese Bonitätsabhängigen Schuldverschreibungen.

Der Bonitätsereignis-Rückzahlungsbetrag hängt von der anwendbaren Rückzahlungsmethode bei Bonitätsereignis oder der Fallback-Rückzahlungsmethode, der Art der Bonitätsabhängigen Schuldverschreibungen und dem Zeitpunkt der Zahlung ab:

Für entsprechende Bonitätsabhängige Schuldverschreibungen ist der Bonitätsereignis-Rückzahlungsbetrag der Auktions-Rückzahlungsbetrag (wenn Rückzahlung bei Auktion anwendbar ist), der Barrückzahlungsbetrag (wenn Rückzahlung mit Barbetrag oder Rückzahlung mit Fester Rückzahlung anwendbar ist) oder, wenn "Bonitätsabhängige Zahlung am Fälligkeitstag" anwendbar ist, der Endgültige Auktions-Rückzahlungsbetrag oder der Endgültige Barrückzahlungsbetrag.

Der Bonitätsereignis-Rückzahlungsbetrag wird auf der Grundlage der eingehenden Preise bestimmter Verbindlichkeiten entsprechend der Feststellung in der jeweiligen Auktion am Auktions-Endkurs-Feststellungstag oder geeigneter Verbindlichkeiten ("**Bewertungsverbindlichkeiten**") (Bewertungsverbindlichkeiten) des Referenzschuldners an einem bestimmten Tag (dem Endkurs-Feststellungstag) nach Eintritt eines Bonitätsereignisses in Bezug auf diesen Referenzschuldner ermittelt. Bei den Bonitätsabhängigen Schuldverschreibungen, die einer Rückzahlung mit Barbetrag unterliegen, sind die geeigneten Verbindlichkeiten eine oder mehrere Verbindlichkeiten nach Wahl der Berechnungsstelle gemäß den anwendbaren Endgültigen Bedingungen. Der Preis dieser geeigneten Verbindlichkeiten wird auf der Grundlage der bei der Berechnungsstelle von Händlern eingegangenen Kaufangebote ermittelt.

#### ***Wie wird der Bonitätsereignis-Rückzahlungsbetrag bei Anwendung der Rückzahlung bei Auktion ermittelt?***

Bei Anwendung der Rückzahlung bei Auktion wird der Auktions-Rückzahlungsbetrag unter Bezugnahme auf einen Preis bestimmt, der mittels einer von den Auktionsverwaltern organisierten Kreditderivatauktion auf der Grundlage der vom EK-Sekretär veröffentlichten Auktionsabwicklungsbedingungen ermittelt wird (eine "**Auktion**"). Die Auktion beinhaltet ein Bieterverfahren der an der betreffenden Auktion teilnehmenden Institute entsprechend einem in den betreffenden Auktionsabwicklungsbedingungen festgelegten Bieterverfahren, um den Wert bestimmter Verbindlichkeiten des betreffenden Referenzschuldners zu ermitteln. Solche Verbindlichkeiten sind Verbindlichkeiten des Referenzschuldners, die bestimmten festgelegten "Verbindlichkeitskategorien" und "Verbindlichkeitsmerkmalen" entsprechen, die in der vom EK-Sekretär veröffentlichten Endgültigen Liste aufgeführt sind. Die Emittentin oder eines oder mehrere ihrer verbundenen Unternehmen können bei einer solchen Auktion als teilnehmende Bieter auftreten und Gebote und Angebote in Bezug auf die Verbindlichkeiten des Referenzschuldners abgeben.

Bei Anwendung einer Rückzahlung bei Auktion entspricht der Auktions-Rückzahlungsbetrag dem Produkt aus (1) dem Anwendbaren Anteil der zurückzuzahlenden Bonitätsabhängigen Schuldverschreibungen und (2) dem durch die Auktion ermittelten Preis (ausgedrückt als Prozentsatz) für bestimmte Verbindlichkeiten des

betreffenden Referenzschuldners, abzüglich der anteiligen Auflösungskosten für jede Bonitätsabhängige Schuldverschreibung.

Der Auktionspreis ist wahrscheinlich niedriger als der Nennwert der Verbindlichkeiten des Referenzschuldners und spiegelt den Verlust wider, den der Inhaber dieser Verbindlichkeiten erlitten hat. Darüber hinaus spiegelt der Preis wahrscheinlich den niedrigsten zu verzeichnenden Marktwert einer Verbindlichkeit wider. Je niedriger der Auktionspreis ist, desto höher ist der von der Emittentin einbehaltene Betrag, um den von ihr (als Käuferin von Kreditabsicherung) erlittenen Verlust auszugleichen, und desto geringer ist folglich der Bonitätsereignis-Rückzahlungsbetrag, der bei einer vorzeitigen Rückzahlung der Bonitätsabhängigen Schuldverschreibungen an Wertpapierinhaber gezahlt wird.

***Wie wird der Bonitätsereignis-Rückzahlungsbetrag bei Anwendung der Rückzahlung mit Barbetrag ermittelt?***

Bei Anwendung der Rückzahlung mit Barbetrag wird der Barrückzahlungsbetrag auf der Grundlage der von der Berechnungsstelle von Dritthändlern eingeholten Kaufangebote für die geeigneten Verbindlichkeiten des betreffenden Referenzschuldners, die von der Berechnungsstelle ausgewählt wurden und bestimmten Verpflichtungskategorien und Verpflichtungsmerkmalen entsprechen (diese Verpflichtungen sind die Bewertungsverbindlichkeiten), ermittelt. Werden jedoch keine Angebote eingeholt, so legt die Berechnungsstelle den endgültigen Preis, der auch null betragen kann, nach billigem Ermessen (§ 317 BGB) fest.

Bei Anwendung der Rückzahlung mit Barbetrag entspricht der Barrückzahlungsbetrag dem Produkt aus (1) dem Anwendbaren Anteil der zurückzuzahlenden Bonitätsabhängigen Schuldverschreibungen und (2) dem auf der Grundlage der von der Berechnungsstelle bei Dritthändlern eingeholten Kaufangebote ermittelten Preis (ausgedrückt als Prozentsatz), abzüglich der anteiligen Auflösungskosten für jede Bonitätsabhängige Schuldverschreibung.

In jedem Fall ist die Emittentin bei der Ermittlung des Endkurses berechtigt, die günstigsten Bewertungsverbindlichkeiten für die Bewertung auszuwählen. Je niedriger der Endkurs ist, desto höher ist der Betrag, den die Emittentin zum Ausgleich des von ihr (als Käuferin von Kreditabsicherung) erlittenen Verlusts einbehält, und desto geringer ist folglich der Bonitätsereignis-Rückzahlungsbetrag, der bei einer vorzeitigen Rückzahlung der Bonitätsabhängigen Schuldverschreibungen an Wertpapierinhaber gezahlt wird.

***Was erhält ein Wertpapierinhaber bei Anwendung der festen Rückzahlung?***

Wird die Anwendung der "Rückzahlung mit Fester Rückzahlung" bestimmt, so berechnet sich nach dem Eintritt eines Bonitätsereignisses und des entsprechenden Ereignis-Feststellungstages der für die Rückzahlung am entsprechenden Bonitätsereignis-Rückzahlungstag zu zahlende Betrag entsprechend der Beschreibung in "*How is the Credit Event Redemption Amount determined if Cash Redemption applies?*", wobei anstelle des Endkurses der in den anwendbaren Endgültigen Bedingungen dargelegte "Festrückzahlungsprozentsatz" gilt. Der Festrückzahlungsprozentsatz kann auf null festgelegt werden und in diesem Fall verlieren Wertpapierinhaber bei Eintritt eines Bonitätsereignisses ihre gesamte Anlage.

Wie viel erhalten Wertpapierinhaber bei einer Teilrückzahlung der Bonitätsabhängigen Schuldverschreibungen nach der Bestimmung mehrerer Nachfolger?

Bei einer Teilrückzahlung der Bonitätsabhängigen Schuldverschreibungen nach der Bestimmung mehrerer Nachfolger teilt die Berechnungsstelle etwaige Berechnungsbeträge zu gleichen Teilen der Anzahl der Nachfolger zu und der für etwaige Bonitätsereignisse zu übermittelnde Bonitätsereignis-Rückzahlungsbetrag berechnet sich auf Grundlage dieser zugeteilten Beträge. Einzelheiten zu Nachfolgern können Sie dem Abschnitt "*SUCCESSORS*" entnehmen.

***Ist eine Rückzahlung der Bonitätsabhängigen Schuldverschreibungen nach dem Fälligkeitstag möglich?***

Tritt kein Ereignis-Feststellungstag ein, so werden die Bonitätsabhängigen Schuldverschreibungen planmäßig am Fälligkeitstag zurückgezahlt.

Stellt die Berechnungsstelle jedoch fest, dass am oder vor dem Fälligkeitstag (i) ein oder mehrere Referenzschuldner (a) einem Bonitätsereignis unterliegen können, (b) im Falle der Anwendbarkeit einer "Nachfristverlängerung" einer Potenziellen Nichtzahlung unterliegen oder unterliegen können oder (c) im Falle der Anwendbarkeit einer "Potenziellen Nichtanerkennung/Potenzielles Moratorium" einer Potenziellen Nichtanerkennung/Potenzielles Moratorium unterliegen oder unterliegen können, (ii) eine Bonitätsereignis-Mitteilung nach dem Fälligkeitstag innerhalb einer wirksamen Übermittlungsfrist übermittelt werden kann und dies zum Eintritt eines Maßgeblichen Ereignis-Feststellungstags führen kann, (iii) ein Antragszeitpunkt auf Entscheidung über Bonitätsereignis nach dem Fälligkeitstag, jedoch während des Mitteilungsübermittlungszeitraums eintreten kann, was zum Eintritt eines Maßgeblichen Ereignis-Feststellungstags führen kann, (iv) der endgültige Bonitätsereignis-Rückzahlungstag erst nach dem Fälligkeitstag eintreten kann oder (v) ein Nichtzahlungsbedingter Ausschlussstag nach dem Fälligkeitstag eintreten kann, wenn ein Nichtzahlungsereignis eingetreten ist, so erfolgt die Rückzahlung jeder dann ausstehenden Bonitätsabhängigen Schuldverschreibung nicht am Fälligkeitstag, sondern am Vershobenen Fälligkeitstag.

***Wann erfolgt die Rückzahlung der Bonitätsabhängigen Schuldverschreibungen im Fall einer Verschiebung des Fälligkeitstags?***

Tritt am oder vor dem Schuldverschreibungen-Verlängerungstag kein Maßgeblicher Ereignis-Feststellungstag ein, erfolgt die Rückzahlung der Bonitätsabhängigen Schuldverschreibungen je nachdem, was zuletzt eintritt, am (a) fünften Geschäftstag nach dem Schuldverschreibungen-Verlängerungstag; (b) dem letzten Bonitätsereignis-Rückzahlungstag in Bezug auf nicht abgewickelte Maßgebliche Bonitätsereignisse; (c) dem fünften Geschäftstag nach dem Nichtzahlungsbedingten Ausschlussstag (falls zutreffend).

In Bezug auf Bonitätsabhängige Schuldverschreibungen, bei denen ein Maßgeblicher Ereignis-Feststellungstag tatsächlich am oder vor dem Schuldverschreibungen-Verlängerungstag eintritt, erfolgt die Rückzahlung der Bonitätsabhängigen Schuldverschreibungen je nachdem, was zuletzt eintritt, am (a) endgültigen Bonitätsereignis-Rückzahlungstag in Bezug auf nicht abgewickelte Maßgebliche Bonitätsereignisse und (b) dem fünften Geschäftstag nach dem Nichtzahlungsbedingten Ausschlussstag (falls zutreffend).

***ZINSSPEZIFISCHE BESTIMMUNGEN***

***Welche Zinszahlungen erhalten Wertpapierinhaber nach Eintritt eines Bonitätsereignisses?***

Bei Eintritt eines Ereignis-Feststellungstags ist der Tag, an dem das Auflaufen von Zinsen auf den Anwendbaren Anteil der betreffenden Bonitätsabhängigen Schuldverschreibungen endet (weitere Informationen siehe "What is the Applicable Proportion?" oben), davon abhängig, ob "Kein Auflaufen von Zinsen bei Kreditausfall" oder "Auflaufen von Zinsen bei Kreditausfall" anwendbar ist.

***(A) Kein Auflaufen von Zinsen bei Kreditausfall***

Die Zinsen enden ab einschließlich dem Ereignis-Feststellungstag vorausgehenden Zinszahlungstag für die erste Zinsperiode ab einschließlich dem Ausgabetag.

***(B) Auflaufen von Zinsen bei Kreditausfall***

Die Zinsen enden ab einschließlich dem ersten unmittelbar auf den Ereignis-Feststellungstag folgenden Geschäftstag.

Jedoch werden (i) in Bezug auf jede Bonitätsabhängige Schuldverschreibung Zinsen auf den Anwendbaren Anteil auflaufen ab (einschließlich) dem Ereignis-Feststellungstag vorausgehenden Zinszahlungstag oder (falls es keinen solchen Zinszahlungstag gibt) ab dem Ausgabetag bis (einschließlich) zum betreffenden Ereignis-Feststellungstag.

Die Zahlung aufgelaufener, aber nicht gezahlter Zinsen erfolgt (i) innerhalb von 10 Geschäftstagen nach dem betreffenden Bonitätsereignis-Rückzahlungstag (wenn "Bonitätsabhängige Zahlung nach Bonitätsereignis" gilt), (ii) an dem von der Berechnungsstelle festgelegten Tag (wenn "Bonitätsabhängige Zahlung am Fälligkeitstag" gilt) oder (iii) bei vorzeitiger Rückzahlung der Bonitätsabhängigen Schuldverschreibungen in voller Höhe am Vorzeitigen Rückzahlungstag, am Optionalen Rückzahlungstag oder am Ersetzungsereignistag, je nachdem.

Im Fall der Anwendbarkeit von "Bonitätsabhängige Zahlung nach Bonitätsereignis" laufen auf die Bonitätsabhängige Zahlung am Fälligkeitstag zusätzlich Zinsen in Höhe des Finanzierungszinssatzes auf.

***Erhalte ich an jedem Zinszahlungstag Zinszahlungen, wenn kein Bonitätsereignis und kein Ereignis-Feststellungstag eingetreten sind?***

Wenn eine Anwendbare EK-Bonitätsereignis-Anfrage an oder vor einem Zinszahlungstag gestellt und kein entsprechender EK-Beschluss veröffentlicht wurde oder ein Maßgebliches Bonitätsereignis und ein damit verbundener Maßgeblicher Ereignis-Feststellungstag eintreten könnten, aber keine Bonitätsereignis-Mitteilung vorliegt, dann werden alle im Rahmen der Bonitätsabhängigen Schuldverschreibungen zu zahlenden Zinsen bis zum höchstmöglichen Betrag ausgesetzt.

***Wann werden im Fall einer Aussetzung der Zinszahlungen die Verpflichtungen der Emittentin zur Vornahme von Zahlungen wieder aufgenommen?***

Die Aussetzung des Zinsbetrages dauert bis zur Feststellung seitens der Berechnungsstelle, dass ein Maßgebliches Bonitätsereignis nicht eingetreten ist und nicht eintreten wird. Entsprechende öffentliche Bekanntmachungen können eine Anwendbare EK-Nichtbonitätsereignisbekanntmachung, eine Anwendbare Abweisung der EK-Bonitätsereignisanfrage oder eine Bekanntmachung des EK-Sekretärs sein, dass das Kreditderivate-Entscheidungskomitee nicht zur Lösung der betreffenden Anwendbaren EK-Bonitätsereignisanfrage zusammentreten wird.

In diesem Fall wird den Wertpapierinhabern der ausgesetzte Zinsbetrag 10 Geschäftstage nach dem Datum einer solchen Bekanntmachung oder Feststellung durch die Berechnungsstelle ausgezahlt.

***Erhält der Wertpapierinhaber nach der Wiederaufnahme der Verpflichtung der Emittentin zur Leistung von Zinszahlungen einen zusätzlichen Zinsbetrag?***

Seitens der Emittentin ist gegenüber den Wertpapierinhabern kein zusätzlicher Zinsbetrag zahlbar im Zusammenhang mit der Verzögerung oder der Verlegung der Zahlung eines Zinsbetrags. Sofern die Berechnungsstelle jedoch feststellt, dass der gemäß Bedingung 2(c) (*Aussetzung der Zinsen nach einem Potenziellen Bonitätsereignis*) für Bonitätsabhängige Schuldverschreibungen ausgesetzte Zinsbetrag den Zinsbetrag überschreitet oder unterschreitet, der hätte ausgesetzt werden sollen, ist die Emittentin zur Berechnung des seitens der oder gegenüber den Wertpapierinhabern geschuldeten Zinsanpassungsbetrags verpflichtet und erfolgt die Zahlung des betreffenden Anpassungsbetrags an die Wertpapierinhaber oder dessen Einbehalt von künftigen den Wertpapierinhabern geschuldeten Zinszahlungen und im Fall eines

Fehl Betrags zum betreffenden Fälligkeitstag oder vorzeitigem Rückzahlungstag erfolgt ein Abzug des Zinsfehl Betrags vom finalen Rückzahlungsbetrag.

## **ZUSÄTZLICHE BESTIMMUNGEN**

### ***Was sind die Bedingungen für Referenzschuldner, die Finanzinstitute sind?***

Bei Anwendbarkeit der "Bedingungen für Referenzschuldner, die Finanzinstitute sind" gilt das Folgende:

- (a) Handelt es sich bei der Referenzverbindlichkeit um eine Senior-Verbindlichkeit und würde sich ein Bonitätsereignis im Zusammenhang mit einem Staatlichen Eingriff oder einer Restrukturierung nur auf die Nachrangigen Verbindlichkeiten des betreffenden Schuldners auswirken, wird kein Bonitätsereignis in Bezug auf den betreffenden Referenzschuldner ausgelöst;
- (b) handelt es sich bei der Referenzverbindlichkeit um eine Nachrangige Verbindlichkeit und würde sich ein Bonitätsereignis im Zusammenhang mit einem Staatlichen Eingriff oder einer Restrukturierung nur auf die weiter nachrangigen Verbindlichkeiten des betreffenden Schuldners auswirken, wird kein Bonitätsereignis in Bezug auf den betreffenden Referenzschuldner ausgelöst;
- (c) in Bezug auf jegliche Nachfolge erfolgt die Bewertung einer Übertragung von Schulden, sofern sich die Bonitätsabhängigen Schuldverschreibungen auf eine Senior-Verbindlichkeit beziehen, nur in Bezug auf Anleihen oder Darlehen, die die Senior-Verbindlichkeiten des Referenzschuldners beinhalten, und wenn die Bonitätsabhängigen Schuldverschreibungen Nachrangige Verbindlichkeiten sind, sind in der Übertragung der Schulden weder Senior-Verbindlichkeiten noch Weitere Nachrangige Verbindlichkeiten des betreffenden Referenzschuldners, die in die Verbindlichkeitskategorie "Anleihe oder Darlehen" fallen, enthalten, wobei in dem Fall, dass keine solche Anleihe oder kein solches Darlehen besteht, die Übertragung von Schulden nur in Bezug auf Anleihen oder Darlehen bewertet wird, die die Senior-Verbindlichkeiten des Referenzschuldners einschließen;
- (d) bei Anwendbarkeit eines "Staatlichen Eingriffs" führt, wenn eine Verbindlichkeit ansonsten einem bestimmten Verbindlichkeitsmerkmal entsprochen hätte, das Bestehen von zum Zeitpunkt der Feststellung wirksamen Bestimmungen in der betreffenden Verbindlichkeit, nach denen bei Vorliegen von Umständen, die einen Staatlichen Eingriff darstellen würden, eine Änderung, Abgeltung oder Aussetzung der Verbindlichkeiten des betreffenden Referenzschuldners bzw. ein Verzicht auf diese möglich wäre, nicht dazu, dass eine entsprechende Verbindlichkeit den maßgeblichen Verbindlichkeitsmerkmalen nicht mehr entspricht;
- (e) eine qualifizierte Garantie, die Bestimmungen enthält, die einen Staatlichen Eingriff zulassen oder vorwegnehmen, wird nicht so behandelt, als enthalte sie Bestimmungen, nach denen eine Abgeltung, Reduzierung, Abtretung oder sonstige Änderung der Kapitalzahlungsverpflichtungen des betreffenden Referenzschuldners bzw. ein Verzicht auf diese möglich ist, weil ein Ereignis oder Umstand eintritt.

## **NACHFOLGER**

### ***Ist es möglich, einen Referenzschuldner zu ändern?***

Der Referenzschuldner kann nicht geändert werden außer durch die Bestimmung eines "Nachfolgers" in Bezug auf den Referenzschuldner am oder nach dem "Rückwirkungszeitpunkt bei Nachfolgerbestimmung" (oder im Falle eines "Gesamtrechtsnachfolgers" am oder nach dem 1. Januar 2014).

"Gesamtrechtsnachfolger" bezeichnet in Bezug auf einen Referenzschuldner (bei dem es sich nicht um einen staatlichen Rechtsträger handelt) die einzige Gesellschaft, die sämtliche Verbindlichkeiten (einschließlich mindestens eine maßgebliche Anleihe oder ein maßgebliches Darlehen) des betreffenden Referenzschuldners

übernimmt, und dass zum Zeitpunkt der Bestimmung entweder (i) der betreffende Referenzschuldner erloschen ist oder (ii) der betreffende Referenzschuldner sich in einem Prozess zu dessen Auflösung (in jeglicher Beschreibungsform) befindet und der betreffende Referenzschuldner zu jeglichem Zeitpunkt seit dem Tag der rechtlichen Wirksamkeit der Übernahme keine Verbindlichkeiten aus aufgenommenen Mitteln begeben hat oder eingegangen ist.

***Was ist ein "Nachfolger" des Referenzschuldners und wie kann sich die Nachfolge auf die Bonitätsabhängigen Schuldverschreibungen auswirken?***

Im Fall einer öffentlichen Bekanntmachung des EK-Sekretärs, dass ein Kreditderivate-Entscheidungskomitee beschlossen hat, dass ein anderer Rechtsträger oder andere Rechtsträger der bzw. die Nachfolger des ursprünglichen Referenzschuldners ist bzw. sind, mit dem die Bonitätsabhängigen Schuldverschreibungen verbunden sind, so kann dieser bzw. können diese Rechtsträger als "Nachfolger" des ursprünglichen Referenzschuldners bezeichnet werden. Die Berechnungsstelle (d. h. die Emittentin oder ein Verbundenes Unternehmen) kann ebenfalls nach einem Nachfolgeereignis einen oder mehrere Rechtsträger als Nachfolger des ursprünglichen Referenzschuldners bestimmen.

Ein einzelner Rechtsträger oder ein Rechtsträger oder ein oder mehrere Rechtsträger können entweder direkt oder als Bereitsteller einer qualifizierten Garantie die Nachfolge des Referenzschuldners antreten, wobei es darauf ankommt, ob der Prozentsatz der übertragenen Schulden bestimmte festgelegte Schwellenwerte erreicht; im Falle einer Gesamtrechtsnachfolge muss der Rechtsträger jedoch nur alle Verbindlichkeiten und mindestens eine Anleihe- oder Darlehensverbindlichkeit oder Garantieverpflichtung in Verbindung mit einer davon übernehmen, wenn zum Zeitpunkt der Bestimmung bestimmte Bedingungen vorliegen. Im Fall des Bestehens eines Stufenplans hat die Berechnungsstelle alle damit zusammenhängenden Nachfolgen in Bezug auf diesen Stufenplan in ihrer Gesamtheit so zu betrachten, als ob sie Teil einer einzigen Nachfolge wären.

Ein Rechtsträger tritt die Nachfolge eines anderen Rechtsträgers an, wenn ein anderer Rechtsträger als der Referenzschuldner (a) die betreffenden Verbindlichkeiten übernimmt oder dafür haftet, unabhängig davon, ob dies von Rechts wegen oder gemäß einer Vereinbarung (darin eingeschlossen in Bezug auf einen Referenzschuldner, der ein Staat ist, jegliche Protokolle, Verträge, Konventionen, Übereinkommen, Abkommen, einvernehmliche Erklärungen, Übereinkünfte, Pakte oder andere Vereinbarungen) geschieht, oder (B) Anleihen ausgibt oder Darlehen aufnimmt (die "**Tauschanleihen oder -darlehen**"), die gegen die Maßgeblichen Verbindlichkeiten getauscht werden, und in jedem Fall der Referenzschuldner danach kein direkter Schuldner oder Bereitsteller einer qualifizierten Garantie in Bezug auf die Maßgeblichen Verbindlichkeiten oder die betreffenden Tauschanleihen oder -darlehen, je nachdem, ist.

Die Identität des ursprünglichen Referenzschuldners gilt für die Zwecke der Bonitätsabhängigen Schuldverschreibungen als dahingehend geändert, dass die Bonitätsabhängigen Schuldverschreibungen nach der Bestimmung oder Bekanntmachung eines "Nachfolgers" mit dem Kreditrisiko des Nachfolgers verbunden sind. Das mit einem Nachfolger oder mit mehreren Nachfolgern verbundene Kreditrisiko kann sich von dem mit dem ursprünglichen Referenzschuldner verbundenen Kreditrisiko unterscheiden und könnte größer sein als dieses.

Die Ereignisse, die zur Feststellung oder Bekanntmachung eines Nachfolgers führen können, können jederzeit ab einschließlich dem "Rückwirkungszeitpunkt bei Nachfolgerbestimmung" (bzw. im Falle eines "Gesamtrechtsnachfolgers" am oder nach dem 1. Januar 2014) eintreten, wobei es sich um ein gleitendes Datum handelt:

- (a) Wenn ein Kreditderivate-Entscheidungskomitee einen Antrag auf Fassung eines Beschlusses erhält, ob es einen oder mehrere Nachfolger des Referenzschuldners gibt oder nicht, 90 Kalendertage vor dem Datum eines solchen Antrags; oder

- (b) andernfalls 90 Kalendertage vor dem Tag, an dem die Emissionsstelle von der Emittentin eine wirksame Mitteilung über den Eintritt einer Nachfolge erhält.

***Kann eine Nachfolge vor dem Ausgabetag erfolgen?***

Ja. Eine Nachfolge kann vor dem Ausgabetag der Bonitätsabhängigen Schuldverschreibungen und sogar vor dem in den anwendbaren Endgültigen Bedingungen angegebenen Handelstag eintreten. Der Rückwirkungszeitpunkt bei Nachfolgerbestimmung kann vor dem Handelstag liegen und dementsprechend kann eine Nachfolge vor dem Handelstag eintreten.

Wertpapierinhaber sollten selbst unter Nutzung öffentlich verfügbarer Informationen eine Prüfung vornehmen, ob aktuelle Entwicklungen in Bezug auf den Referenzschuldner eingetreten sind. Wurde vor dem Handelstag ein Antrag auf Einberufung des Kreditderivate-Entscheidungskomitees gestellt, um festzustellen, ob in Bezug auf den Referenzschuldner eine Nachfolge eingetreten ist, können Einzelheiten zu diesem Antrag auf der ISDA-Website <https://www.cdsdeterminationscommittees.org/> abgerufen werden.

***Kann ein Staat Gegenstand einer Nachfolge werden?***

Ja, wenn eine Annexion, Vereinigung, Abspaltung, Teilung, Auflösung, Konsolidierung, Neugründung oder ein ähnliches Ereignis eintritt und die Übertragung der Schulden entsprechend der Darstellung in "Was ist ein "Nachfolger" des Referenzschuldners und wie kann sich die Nachfolge auf die Bonitätsabhängigen Schuldverschreibungen auswirken?" erfolgt.

***Handelt die Berechnungsstelle bei der Bestimmung eines Nachfolgers in ihrem freien Ermessen?***

Nein. Obwohl die Berechnungsstelle das Recht zur Feststellung hat, ob ein Nachfolgeereignis eingetreten ist oder nicht, wird ihr Recht folgendermaßen durch die Bedingungen für Bonitätsabhängige Schuldverschreibungen eingeschränkt: Die Berechnungsstelle (a) kann eine solche Feststellung nicht treffen, wenn ein Kreditderivate-Entscheidungskomitee bereits festgestellt hat, dass ein solches Ereignis kein Nachfolgeereignis darstellt; (b) ist verpflichtet, auf der Grundlage Zulässiger Informationen zu handeln, und (c) ist verpflichtet, auf wirtschaftlich angemessene Weise und nach billigem Ermessen (§ 317 BGB) zu handeln.

***Können in Bezug auf einen Referenzschuldner mehrere Nachfolger ermittelt werden?***

Ja, einschließlich des Falls, dass der von der Nachfolge betroffene ursprüngliche Rechtsträger ebenfalls als Nachfolger bestimmt wird. In einem solchen Fall, in dem es mehrere Nachfolger gibt, teilt die Berechnungsstelle etwaige Berechnungsbeträge zu gleichen Teilen der Anzahl der Nachfolger zu und der Bonitätsereignis-Rückzahlungsbetrag für etwaige Bonitätsereignisse berechnet sich auf Grundlage dieser zugeteilten Beträge.

Wurden mehrere Nachfolger bestimmt, können für jeden Referenzschuldner mehrere Bonitätsereignisse und mehrere Ereignis-Feststellungstage auftreten.

***ERMESSENSPIELRAUM DER EMITTENTIN UND DER BERECHNUNGSSTELLE***

***Was sind einige der wichtigsten Feststellungen, für die die Berechnungsstelle in Bezug auf Bonitätsabhängige Schuldverschreibungen verantwortlich ist?***

Wertpapierinhaber sollten beachten, dass die Berechnungsstelle für bestimmte Feststellungen in Bezug auf die Bonitätsabhängigen Schuldverschreibungen verantwortlich ist.

Die Berechnungsstelle ist u. a. für Folgendes verantwortlich:

- (a) die Entscheidung, ob eine Bonitätsereignis-Mitteilung und unterstützende Informationen übermittelt werden sollen, um die Abwicklung der Bonitätsabhängigen Schuldverschreibungen nach Eintritt eines Bonitätsereignisses auszulösen;
- (b) die Bestimmung des Endkurses auf der Grundlage von Kaufangeboten von Dritthändlern, wenn die Bestimmung des Bonitätsereignis-Rückzahlungsbetrags nicht durch eine Auktion erfolgt;
- (c) die Bestimmung nachfolgender Referenzschuldner für die Zwecke der Bonitätsabhängigen Schuldverschreibungen;
- (d) die Bestimmung der Ersatz-Referenzverbindlichkeit(en) für die Zwecke der Bonitätsabhängigen Schuldverschreibungen;
- (e) nach Eintritt eines Ereignis-Feststellungstages, sofern ein Ereignis-Feststellungstag an einem anderen als dem zuerst festgestellten Tag eingetreten ist, oder dass kein Ereignis-Feststellungstag eingetreten ist bzw. vor einem vorhergehenden Zinszahlungstag eingetreten ist, für die Bestimmung nach billigem Ermessen (§ 317 BGB) jeglicher zusätzlicher an den/die Wertpapierinhaber zahlbarer Beträge oder jeglicher Reduzierungen folgender Beträge, die andernfalls an die Wertpapierinhaber zu zahlen wären, sowie den Tag, an dem eine solche Anpassungszahlung zahlbar ist, und
- (f) die Feststellung, ob ein Fusionsereignis oder ein Ersetzungsereignistag eingetreten ist.

Die Wertpapierinhaber sollten beachten, dass alle von der Berechnungsstelle vorgenommenen Feststellungen und/oder Berechnungen außer bei offensichtlichen Fehlern endgültig, abschließend und verbindlich für die Emittentin und die Wertpapierinhaber sind.

Einige der Tochtergesellschaften der Citi unterliegen der Aufsicht und Prüfung ihrer jeweiligen Behörden auf Bundesebene und einzelstaatlicher Ebene. Zum 31. Dezember 2023 beschäftigte die Citigroup Inc. ungefähr 239.000 Vollzeitmitarbeiter weltweit.

Gegenstand und Zweck der Citigroup Inc. ist es, "alle rechtmäßigen Handlungen und Aktivitäten zu unternehmen, für die Kapitalgesellschaften nach Maßgabe des *General Corporation Law* von Delaware gegründet werden können", wie es im DRITTEN Artikel der Neu Gefassten Gründungsurkunde (*Restated Certificate of Incorporation*) von Citi ausgeführt ist.

##### OPERATIVE SEGMENTE DER CITIGROUP

##### REGIONEN

Hinweis: Mexiko ist in der Kategorie International enthalten.

Die Citigroup Inc. ist eine Holdinggesellschaft und kommt ihren Verpflichtungen in erster Linie aus den Erlösen ihrer operativen Tochtergesellschaften nach. Die Citigroup Inc. kann ihr Kapital neben anderen

Formen der Begebung durch die Emission von Stammaktien, unbefristeten Vorzugsaktien (*perpetual preferred stocks*) und über im Rahmen von Zuteilungen unter Altersvorsorgeplänen begebenes Eigenkapital erhöhen. Die Citigroup Inc. und ihre Tochtergesellschaften, die in den Geschäftsbereichen Banking und Wertpapiergeschäft tätig sind, können nur dann Dividenden zahlen, wenn sie die anwendbaren aufsichtsrechtlichen Anforderungen erfüllen, die ihnen von den Banken- und Wertpapieraufsichtsbehörden in den Vereinigten Staaten auf Bundesebene wie auf einzelstaatlicher Ebene auferlegt werden. Die Tochtergesellschaften der Citigroup Inc. können Kreditvereinbarungen schließen, die auch ihre Fähigkeit zur Zahlung von Dividenden beschränken können. Die Citigroup Inc. ist gegenwärtig der Auffassung, dass keine dieser aufsichtsrechtlichen oder vertraglichen Beschränkungen der Fähigkeit ihrer Tochtergesellschaften, Dividenden zu zahlen, die Fähigkeit der Citigroup Inc., ihren eigenen Schuldendienst zu leisten, beeinträchtigen wird. Bevor sie Dividenden auf ihre Aktien ausschütten kann, muss die Citigroup Inc. ferner Kapital in den für eine Bank-Holdinggesellschaft erforderlichen Höhen vorhalten und der Federal Reserve einen Kapitalplan vorlegen, der einem Stresstest unterzogen wird und gegen den die Federal Reserve keine Einwendungen erhebt.

Nach der langjährigen Politik der Federal Reserve wird von einer Bankholdinggesellschaft erwartet, dass sie als Quelle der Finanzstärke für ihre in den USA versicherten Einlageninstitute fungiert. Infolgedessen könnte die Federal Reserve von Citigroup Inc. verlangen, ihren in den USA versicherten Einlageninstituten Mittel zur Verfügung zu stellen, wenn dies nicht im Interesse von Citigroup Inc. oder ihren Aktionären oder Gläubigern liegt.

Es gibt keine aktuellen Ereignisse, die speziell Citigroup Inc. betreffen und in wesentlichem Umfang für die Bewertung der Solvenz von Citigroup Inc. relevant sind, und es gibt keine wesentlichen Änderungen in der Kredit- und Finanzierungsstruktur von Citigroup Inc. seit dem letzten Geschäftsjahr, außer den in den angegebenen Abschnitten der unten genannten Dokumente, die durch Verweis in diesen Basisprospekt aufgenommen werden:

- (i) Abschnitt "*Executive Summary*" auf den Seiten 6 bis 9 des Abschnitts "Lagebericht (*Management Report*)" der Form 10-K der Citigroup Inc. 2023;

März 1988 (unter ihrem originalen Namen "Commercial Credit Group, Inc.") als Kapitalgesellschaft in Delaware gegründet und unter der Registrierungsnummer 2154254 bei der *Delaware Division of Corporations* auf unbestimmte Dauer nach dem *Delaware General Corporation Law* registriert.

Das genehmigte Aktienkapital der Citigroup Inc. besteht aus 6 Milliarden Stammaktien und 30 Millionen Vorzugsaktien. Zum 31. Dezember 2022 befanden sich 1.936.986.425 voll eingezahlte Stammaktien und 759.800 voll eingezahlte Vorzugsaktien in Umlauf. Eine Stammaktie gewährt eine Stimme, ist jedoch nicht mit Vorkaufs- oder sonstigen Bezugs- oder Wandlungsrechten ausgestattet. Eine Vorzugaktie gewährt kein allgemeines Stimmrecht.

Kein Aktionär und kein gemeinsam handelnder Aktionärskreis hält genügend Stammaktien der Citigroup Inc., um eine direkte oder indirekte Kontrolle über die Citi ausüben zu können.

### **Citi-Abwicklungsplan (CSA etc.) im Zusammenhang mit von der Citigroup Global Markets Holding Inc. begebenen Wertpapieren**

Gemäß Title I des *Dodd-Frank Wall Street Reform and Consumer Protection Act* von 2010 (der "**Dodd-Frank Act**") hat die Citigroup Inc. eine(n) "Single Point of Entry"-Abwicklungsstrategie und -plan im Rahmen des *U.S. Bankruptcy Code* entwickelt (der "**Abwicklungsplan**").

Citigroup Inc. ist gemäß Title I des *Dodd-Frank Wall Street Reform and Consumer Protection Act* von 2010 (der "**Dodd-Frank Act**") und den von der FDIC und der Federal Reserve erlassenen Vorschriften verpflichtet, regelmäßig einen Plan für die rasche und geordnete Abwicklung von Citigroup Inc. gemäß dem U.S. Bankruptcy Code im Falle einer wesentlichen finanziellen Notlage oder eines Ausfalls vorzulegen. Am 22. November 2022 gaben die Federal Reserve und die FDIC eine Rückmeldung zu den Abwicklungsplänen, die am 1. Juli 2021 von den acht global systemrelevanten Banken in den USA (GSIBs), einschließlich Citigroup Inc. Die Federal Reserve und die FDIC stellten in dem in 2021 eingereichten Abwicklungsplan von Citigroup Inc. eine Unzulänglichkeit, aber keine Mängel in Bezug auf Datenintegrität und Datenqualitätsmanagement fest. Basierend auf regulatorischen Änderungen zum 31. Dezember 2019, wird Citigroup Inc. im Zweijahresrhythmus abwechselnd einen vollständigen Abwicklungsplan und einen gezielten Abwicklungsplan vorlegen. Der Abwicklungsplan 2023 der Citigroup Inc, der am 01. Juli 2023 hinterlegt wurde, war ein vollständiger Abwicklungsplan. Weitere Informationen zu den von Citigroup Inc. eingereichten Abwicklungsplänen finden Sie unter "Managing Global Risk-Liquidity Risk- Resolution Plan" im jüngsten Jahresbericht von Citigroup Inc. auf Formular 10-K. Die bevorzugte Abwicklungsstrategie der Citigroup Inc. ist der "single point of entry" gemäß dem U.S. Bankruptcy Code.

Im Rahmen der von Citigroup Inc. bevorzugten "Single Point of Entry"-Strategie des Abwicklungsplans würde nur Citigroup Inc., die Mutterholdinggesellschaft, in Konkurs gehen, während die wesentlichen juristischen Einheiten von Citigroup Inc., einschließlich CGMHI (wie im öffentlichen Teil des Abwicklungsplans von 2021 definiert, der auf den Websites der Federal Reserve und der FDIC zu finden ist), funktionsfähig bleiben und sich außerhalb eines Abwicklungs- oder Insolvenzverfahrens befinden würden. Die Citigroup Inc. ist der Ansicht, dass ihr Abwicklungsplan darauf ausgelegt ist, das Risiko systemischer Auswirkungen auf das US-amerikanische und das globale Finanzsystem zu minimieren und gleichzeitig den Wert der Konkursmasse zugunsten der Gläubiger der Citigroup Inc. zu maximieren. Darüber hinaus ist die Citigroup Inc. der Ansicht, dass sie den Abwicklungsplan im Einklang mit der endgültigen TLAC Regelung der Federal Reserve so entwickelt hat, dass die Aktionäre und unbesicherten Gläubiger der Citigroup Inc. alle aus dem Konkurs der Citigroup Inc. resultierenden Verluste tragen.

Als Reaktion auf die Rückmeldungen der Federal Reserve und der FDIC (zusammen die "**Behörden**") hat die Citigroup Inc. die folgenden Maßnahmen ergriffen:

- (i) Als Holding-Zwischengesellschaft (*intermediate holding company*) für bestimmte der wesentlichen operativen Gesellschaften der Citigroup Inc. wurde die Citicorp LLC ("**Citicorp**"), eine bestehende hundertprozentige Tochtergesellschaft der Citigroup Inc., eingesetzt, mitunter CGMHI;
- (ii) die Citigroup Inc. hat mit der Citicorp, den wesentlichen operativen Gesellschaften der Citigroup Inc. und bestimmten anderen verbundenen Unternehmen einen Unternehmensvertrag geschlossen, nach dem die Citicorp für die wesentlichen operativen Gesellschaften der Citigroup Inc. Liquidität und Kapitalhilfen zur Verfügung stellen muss, müsste die Citigroup Inc. in ein Konkursverfahren eintreten (das "**Citi-Support-Agreement**");

(iii) nach Maßgabe des Citi-Support-Agreement:

- leistete die Citigroup Inc. eine erste Einlage von Vermögenswerten, darunter bestimmte qualitativ hochwertige liquide Vermögenswerte und Darlehen zwischen verbundenen Unternehmen (die "**Einlagefähigen Vermögenswerte**"), an die Citicorp, und die Citicorp wurde für die wesentlichen operativen Gesellschaften der Citigroup Inc. zum Finanzierungsvehikel im Rahmen des üblichen Geschäftsverkehrs;
- ist die Citigroup Inc. verpflichtet, auch weiterhin im Laufe der Zeit Einlagefähige Vermögenswerte an die Citicorp zu übertragen, vorbehaltlich bestimmter Beträge, die die Citigroup Inc. unter anderem zur Deckung ihres kurzfristigen Geldbedarfs zurückbehält;
- muss die Citigroup Inc. im Falle ihres Konkurses den Großteil ihrer verbleibenden Vermögenswerte an die Citicorp übertragen; und

(iv) die Verpflichtungen sowohl der Citigroup Inc. als auch der Citicorp aus dem Citi-Support-Agreement und auch die Einlagefähigen Vermögenswerte werden gemäß einer Sicherungsvereinbarung besichert.

Das Citi-Support-Agreement sieht neben der Ausschüttung von Dividenden seitens der Citicorp an die Citigroup Inc. zwei Mechanismen vor, nach denen die Citicorp im Rahmen des üblichen Geschäftsverkehrs Barmittel an die Citigroup Inc. übertragen muss, damit letztere ihrem Schuldendienst nachkommen und auch andere betriebliche Anforderungen erfüllen kann; (i) eine oder mehrere seitens der Citicorp an die Citigroup Inc. ausgegebene *Funding Notes*; und (ii) eine zugesagte Kreditlinie, unter der die Citicorp Darlehen an die Citigroup Inc. ausreichen kann.

Nach den Wertpapierbedingungen stellt ein Konkurs-, Insolvenz- oder Abwicklungsverfahren der Citigroup Inc. in Bezug auf eine von der Citigroup Global Markets Holdings Inc. ausgegebene Serie von Wertpapieren kein Kündigungsereignis dar. Auch stellt es kein Kündigungsereignis in Bezug auf eine von der Citigroup Global Markets Holdings Inc. ausgegebene Serie von Wertpapieren dar, wenn die Garantie der Wertpapiere durch die Citigroup Inc. (als CGMHI-Garantiegeberin) aus einem beliebigen Grund, so auch aufgrund von Insolvenz oder Abwicklung der Citigroup Inc., nicht mehr vollumfänglich wirksam und gültig ist (oder behauptet wird, sie sei nicht mehr vollumfänglich wirksam und gültig). Ist die Garantie der Citigroup Inc. nicht mehr gültig, wird die Citigroup Global Markets Holdings Inc. zum alleinigen Schuldner im Rahmen der Wertpapiere, und es gibt keine Gewähr, dass sie in der Lage wäre, ihren Verpflichtungen aus den Wertpapieren weiterhin nachzukommen.

Im Falle, dass auch die Citigroup Global Markets Holdings Inc. zum Zeitpunkt der Konkursanmeldung der Citigroup Inc. oder zu einem späteren Zeitpunkt in Konkurs tritt, wären Sie als Inhaber von Wertpapieren, die von der Citigroup Global Markets Holdings Inc. ausgegeben wurden, ein unbesicherter Gläubiger der Citigroup Inc. in Bezug auf die Garantie der Citigroup Inc. Entsprechend gibt es für Sie keine Gewähr, dass die Garantie der Citigroup Inc. Sie gegen Verluste infolge eines Ausfalls der Citigroup Global Markets Holdings Inc. schützen würde.

## **Markets**

*Markets* bietet Firmenkunden, institutionellen Kunden und Kunden des öffentlichen Sektors auf der ganzen Welt eine umfassende Palette von Verkaufs- und Handelsdienstleistungen in den Bereichen Aktien, Devisen, Zinssätze, Spread-Produkte und Rohstoffe. Die Palette der Dienstleistungen umfasst Market-Making über alle Anlageklassen hinweg, Risikomanagementlösungen, Finanzierung, Prime Brokerage, Research, Wertpapierclearing und -abwicklung.

Als Market Maker erleichtert *Markets* Transaktionen, einschließlich des Haltens von Produktbeständen, um die Kundennachfrage zu befriedigen, und verdient an der Differenz zwischen dem Preis, zu dem es die Produkte kauft und verkauft. Diese Preisunterschiede und die nicht realisierten Gewinne und Verluste aus den Beständen werden unter "*Principal transactions*" verbucht. Die Zinserträge aus den gehaltenen Vermögenswerten abzüglich der für lang- und kurzfristige Verbindlichkeiten und besicherte Refinanzierungstransaktionen gezahlten Zinsen werden als Nettozinsertrag ausgewiesen.

Die Höhe und die Art der Erträge aus dem Bereich *Markets* werden von einer Vielzahl miteinander verbundener Faktoren beeinflusst, darunter die Marktliquidität, Veränderungen von Marktvariablen wie Zinssätzen, Wechselkursen, Aktienkursen, Rohstoffpreisen und Kreditspreads sowie deren implizite Volatilität, das Vertrauen der Anleger und andere makroökonomische Bedingungen. Zu den Erträgen aus *dem Marktgeschäft* gehören auch die von der Citi erzielten Erträge, die Gegenstand einer Vereinbarung über die Aufteilung der Erträge mit *Banking-Corporate Lending* für Produkte aus den Bereichen Investment Banking, *Markets* und *Services* sind, die an Kunden aus dem Bereich Corporate Lending verkauft werden.

Unter der Annahme, dass sich alle anderen Marktbedingungen nicht ändern, führt ein Anstieg der Kundenaktivität oder der Geld-/Briefspannen im Allgemeinen zu einem Anstieg der Erträge. Änderungen der Marktbedingungen können sich jedoch erheblich auf das Niveau der Kundenaktivitäten, die Geld-/Briefspannen und den Marktwert der Produktbestände auswirken. Die Verwaltung des *Markets* Geschäfts umfasst die tägliche Überwachung und Bewertung der oben genannten Faktoren.

Die internationale Präsenz von *Markets* wird durch Handelsräume in rund 80 Ländern und ein eigenes Netzwerk in 95 Ländern und Rechtsordnungen unterstützt.

Weitere Informationen zu den Geschäftsaktivitäten von *Market* finden Sie unter "*Markets*" im Citigroup Inc. 2023 Form 10-K.

Die CGML hat am 11. Mai 2017 eine Garantie (deren Form in Abschnitt E.7 dargestellt ist) abgegeben, im Rahmen derer die CGML unbeding und unwiderruflich die Zahlung sämtlicher Beträge garantiert, die von der CGMFL in Bezug auf Verbindlichkeiten der CGMFL jeglicher Art und in jeglicher Währung (unabhängig davon, ob es sich um gegenwärtige oder künftige Verbindlichkeiten, tatsächliche Verbindlichkeiten oder Eventualverbindlichkeiten handelt und ob sie allein oder gemeinsam mit einer anderen Person eingegangen wurden) zu zahlen sind, einschließlich sämtlicher von der CGMFL im Zusammenhang mit der jeweiligen Verbindlichkeit zu zahlender Gebühren, Provisionen, Zinsen und Aufwendungen (die "**Umfassende Zahlungsgarantie**"). Die Umfassende Zahlungsgarantie begründet unmittelbare, unbedingte, nicht nachrangige und unbesicherte Verbindlichkeiten der CGML und steht (vorbehaltlich gemäß den anwendbaren Gesetzen zwingend als vorrangig zu behandelnder Schulden) im gleichen Rang wie alle sonstigen ausstehenden, unbesicherten und nicht nachrangigen Verbindlichkeiten der CGML.

Die von der CGML abgegebene Umfassende Zahlungsgarantie deckt Barzahlungsverpflichtungen der CGMFL im Zusammenhang mit den Wertpapieren ab, führt jedoch nicht zu einer wesentlichen Änderung der Lage der Wertpapierinhaber, da sämtliche Verpflichtungen der CGMFL im Zusammenhang mit den Wertpapieren bereits im Rahmen der bestehenden CGMFL-Garantieurkunde von der CGML garantiert werden. ## **ABSCHNITT E.7 – UMFASSENDE ZAHLUNGSGARANTIE**

Nur in Bezug auf den CGMFL-Basisprospekt enthält dieser Abschnitt die Bestimmungen der von CGML am 11. Mai 2017 ausgestellten Umfassenden Zahlungsgarantie.

**DIESE GARANTIEURKUNDE** wird am 11. Mai 2017 von der Citigroup Global Markets Limited (die Garantiegeberin) zugunsten jedes Begünstigten (gemäß nachstehender Definition) ausgestellt.

**DIESE URKUNDE** sieht Folgendes vor:

### **1 Definitionen**

Es gelten folgende Definitionen:

**"Begünstigter"** bezeichnet jede Person, der ein von der CGMFL im Rahmen einer Verbindlichkeit oder in Bezug auf eine Verbindlichkeit zu zahlender Betrag geschuldet wird.

**"CGMFL"** bezeichnet die Citigroup Global Markets Funding Luxembourg S.C.A.

**"Verbindlichkeiten"** bezeichnet sämtliche Verbindlichkeiten der CGMFL jeglicher Art und in jeglicher Währung (unabhängig davon, ob es sich um gegenwärtige oder künftige Verbindlichkeiten, tatsächliche Verbindlichkeiten oder Eventualverbindlichkeiten handelt und ob sie allein oder gemeinsam mit einer anderen Person eingegangen wurden) einschließlich sämtlicher von der CGMFL im Zusammenhang mit der jeweiligen Verbindlichkeit zu zahlender Gebühren, Provisionen, Zinsen und Aufwendungen.

**"Steuern"** umfasst sämtliche von dem Vereinigten Königreich oder für das Vereinigte Königreich erhobenen gegenwärtigen und künftigen Ertragsteuern und sonstigen Steuern, Abgaben, Abzüge, Gebühren und Einbehalte, ggf. zuzüglich darauf anfallender Zinsen und diesbezüglicher Strafzuschläge.

Soweit der Kontext dies zulässt, umfasst der Singular den Plural und umgekehrt. Überschriften dienen lediglich der leichten Auffindbarkeit.

### **2 Garantieurkunde**

Vorbehaltlich der Bestimmungen dieser Garantieurkunde garantiert die Garantiegeberin jedem Begünstigten im Wege einer Urkunde über ein einseitiges Rechtsgeschäft (*deed poll*) unwiderruflich und unbedingt, dass, falls die CGMFL aus welchen Gründen auch immer einen von ihr im Rahmen einer Verbindlichkeit oder in Bezug auf eine Verbindlichkeit an diesen Begünstigten zu zahlenden Betrag einschließlich möglicherweise gemäß dem Vorstehenden fällig werdender Aufschläge oder sonstiger Beträge jeglicher Art oder zusätzlicher Beträge bei Fälligkeit gemäß dem Vorstehenden nicht zahlt, die Garantiegeberin auf Verlangen dieses Begünstigten den von der CGMFL an oder für diesen Begünstigten zu zahlenden Betrag rechtzeitig und umgehend an diesen Begünstigten zahlen wird.

### **3 Garantiegeberin als Hauptschuldner**

Unbeschadet der Verpflichtungen der CGMFL haftet die Garantiegeberin im Rahmen dieser Garantieurkunde, als wäre sie der alleinige Hauptschuldner und nicht lediglich ein Garant. Dementsprechend werden Umstände, die nicht zur Befreiung der Garantiegeberin führen würden oder sich nicht auf die Haftung der Garantiegeberin auswirken würden, wenn die Garantiegeberin der alleinige Hauptschuldner wäre (einschließlich (a) der CGMFL oder einer anderen Person zu einem beliebigen Zeitpunkt gewährten Fristen, Stundungen, Verzichte oder Zustimmungen, (b) Änderungen einer Verbindlichkeit oder einer Sicherheit oder einer anderen Garantie oder Freistellung, (c) des Vorliegens oder Nichtvorliegens einer Zahlungsaufforderung gegenüber der CGMFL oder einer anderen Person, (d) der Durchsetzung oder

Nichtdurchsetzung einer Verbindlichkeit oder einer Sicherheit oder einer anderen Garantie oder Freistellung, (e) der Freigabe einer solchen Sicherheit, Garantie oder Freistellung, (f) der Auflösung, Fusion, Sanierung oder Reorganisation der CGMFL oder einer anderen Person, (g) der Rechtswidrigkeit, Unwirksamkeit oder Undurchsetzbarkeit einer Bestimmung einer Verbindlichkeit oder einer Verpflichtung der CGMFL im Rahmen einer Verbindlichkeit oder in Bezug auf eine Verbindlichkeit bzw. eines Mangels einer Bestimmung einer Verbindlichkeit oder einer Verpflichtung der CGMFL im Rahmen einer Verbindlichkeit oder in Bezug auf eine Verbindlichkeit oder (h) sonstiger Handlungen, Ereignisse oder Unterlassungen, die ohne diese Ziffer möglicherweise zur Befreiung von den oder zur Beeinträchtigung der von der Garantiegeberin gemäß dieser Garantieturkunde zu übernehmenden Verpflichtungen oder den Begünstigten oder einem der Begünstigten durch diese Garantieturkunde oder gesetzlich übertragenen Rechten, Befugnissen oder Rechtsmitteln führen würden oder sich anderweitig auf die von der Garantiegeberin gemäß dieser Garantieturkunde zu übernehmenden Verpflichtungen oder die den Begünstigten oder einem der Begünstigten durch diese Garantieturkunde oder gesetzlich übertragenen Rechte, Befugnisse oder Rechtsmittel auswirken würden) nicht zur Befreiung der Garantiegeberin führen und sich nicht auf die Haftung der Garantiegeberin auswirken.

#### **4 Fortbestand der Verpflichtungen der Garantiegeberin**

Die Verpflichtungen der Garantiegeberin im Rahmen dieser Garantieturkunde sind unwiderruflich und sind und bleiben als fortbestehende Sicherheiten in Bezug auf ausstehende Verbindlichkeiten vollständig in Kraft. Darüber hinaus bestehen diese Verpflichtungen der Garantiegeberin zusätzlich zu den – und nicht anstelle der – zu einem beliebigen Zeitpunkt zugunsten eines Begünstigten bestehenden Sicherheiten, sonstigen Garantien oder Freistellungen, unabhängig davon, ob diese von der Garantiegeberin oder anderweitig gewährt wurden. Die Garantiegeberin verzichtet unwiderruflich auf Mitteilungen und Ersuchen jeglicher Art.

#### **5 Rückzahlung an die CGMFL**

Wird eine Zahlung oder ein Betrag, die bzw. den ein Begünstigter erhalten hat, im Rahmen der späteren Liquidation oder Insolvenz der CGMFL gemäß einem Gesetz zur Liquidation oder Insolvenz angefochten, wird diese Zahlung nicht behandelt, als wäre durch sie die Verbindlichkeit der Garantiegeberin abgegolten oder verringert worden, und diese Garantieturkunde gilt weiterhin, als wäre diese Zahlung oder dieser Betrag zu jedem beliebigen Zeitpunkt unverändert von der CGMFL geschuldet worden.

#### **6 Freistellung**

Mittels einer gesonderten und alternativen Bestimmung erklärt sich die Garantiegeberin unbedingt und unwiderruflich damit einverstanden, dass von der CGMFL im Rahmen einer Verbindlichkeit oder in Bezug auf eine Verbindlichkeit zu zahlende Beträge, die aus welchen Gründen auch immer (unabhängig davon, ob diese Gründe der CGMFL, der Garantiegeberin oder einem der Begünstigten bekannt sind oder werden) nicht auf der Grundlage einer Garantie von der Garantiegeberin erlangt werden können, dennoch von der Garantiegeberin erlangt werden können, als handelte es sich bei der Garantiegeberin um den alleinigen Hauptschuldner, und dass solche Beträge vorbehaltlich der Bestimmungen dieser Garantieturkunde auf Verlangen des Begünstigten von der Garantiegeberin an den Begünstigten gezahlt werden. Diese Freistellung begründet eine gesonderte und von den anderen in dieser Garantieturkunde vorgesehenen Verpflichtungen unabhängige Verpflichtung, führt zu einem gesonderten und unabhängigen Klagegrund und gilt unabhängig von Stundungen, die von den Begünstigten gewährt wurden.

#### **7 Status der Garantieturkunde**

Diese Garantieturkunde wird jeweils bis auf Weiteres als Urkunde über ein einseitiges Rechtsgeschäft zugunsten eines jeden Begünstigten wirksam; jeder Begünstigte ist einzeln dazu berechtigt, diese

Garantieurkunde gegen die Garantiegeberin durchzusetzen. Die Zahlungsverpflichtungen der Garantiegeberin im Rahmen dieser Garantieurkunde begründen unmittelbare, unbedingte, nicht nachrangige und unbesicherte Verbindlichkeiten der Garantiegeberin, die im gleichen Rang wie alle sonstigen unbesicherten und nicht nachrangigen ausstehenden Verbindlichkeiten der Garantiegeberin stehen (und jederzeit mindestens im gleichen Rang wie diese stehen werden); hiervon ausgenommen sind Verpflichtungen, die aufgrund gesetzlicher Bestimmungen, die sowohl zwingender Natur als auch allgemein anwendbar sind, vorrangig zu behandeln sind.

## **8 Abwicklungsbedingungen**

Die Abgeltung oder Tilgung im Verhältnis zwischen der Garantiegeberin und den Begünstigten oder einem der Begünstigten ist an die Bedingung geknüpft, dass keine von der Garantiegeberin oder im Auftrag der Garantiegeberin von einer anderen Person an die Begünstigten oder einen der Begünstigten geleistete Zahlung gemäß Gesetzen zum Konkurs, zur Insolvenz oder zur Liquidation oder ähnlichen, zum jeweiligen Zeitpunkt geltenden allgemein anwendbaren Gesetzen angefochten oder reduziert wird; wird eine Zahlung auf diese Weise angefochten oder reduziert, sind die Begünstigten berechtigt, den angefochtenen Betrag bzw. den Betrag, um den die Zahlung reduziert wird, zu einem späteren Zeitpunkt von der Garantiegeberin zu erlangen, als hätte die Abgeltung oder Tilgung nicht stattgefunden, VORAUSGESETZT, DASS eine solche Erlangung nicht gemäß den darauf anwendbaren Gesetzen unzulässig ist.

## **9 Keine Maßnahmen im Vorfeld erforderlich**

Kein Begünstigter ist verpflichtet, vor der Ausübung bzw. Einlegung der ihm durch diese Garantieurkunde oder gesetzlich übertragenen Rechte, Befugnisse oder Rechtsmittel:

- (a) Forderungen an die CGMFL zu stellen,
- (b) vor einem Gericht Klage gegen die CGMFL einzureichen oder von einem Gericht ein Urteil gegen CGMFL zu erwirken, oder
- (c) im Rahmen der Abwicklung oder Auflösung der CGMFL Ansprüche geltend zu machen oder Nachweise vorzulegen, und die Garantiegeberin verzichtet hiermit in Bezug auf sämtliche Verbindlichkeiten ausdrücklich auf Vorlegung, Aufforderung, Protesterhebung und die Mitteilung der Nichtzahlung.

## **10 Aufschub der Rechte der Garantiegeberin**

Die Garantiegeberin erklärt sich damit einverstanden, dass die Garantiegeberin, solange die CGMFL im Rahmen der Verbindlichkeiten oder in Bezug auf die Verbindlichkeiten Beträge schuldet oder möglicherweise schuldet oder tatsächliche Verbindlichkeiten oder Eventualverbindlichkeiten im Rahmen der Verbindlichkeiten oder in Bezug auf die Verbindlichkeiten hat, kein Recht ausüben wird, das der Garantiegeberin zu einem beliebigen Zeitpunkt aufgrund der Erfüllung ihrer Verpflichtungen im Rahmen dieser Garantieurkunde möglicherweise zusteht:

- (a) einen Beitrag von einem anderen Garantiegeber für die Verpflichtungen der CGMFL im Rahmen der Verbindlichkeiten oder in Bezug auf die Verbindlichkeiten zu fordern,
- (b) (ganz oder teilweise) Ansprüche aus Sicherheiten geltend zu machen, die einem Begünstigten im Zusammenhang mit den Verbindlichkeiten gestellt wurden, oder
- (c) in die Rechte eines Begünstigten gegenüber der CGMFL in Bezug auf von der Garantiegeberin gemäß dieser Garantieurkunde gezahlte Beträge einzutreten.

## **11 Besteuerung**

Sämtliche Zahlungen der Garantiegeberin im Rahmen dieser Garantieturkunde oder im Zusammenhang mit dieser Garantieturkunde werden ohne Steuern und ohne Abzüge für oder aufgrund von Steuern geleistet. Sämtliche Steuern in Bezug auf diese Garantieturkunde und auf Zahlungen im Rahmen dieser Garantieturkunde gehen zulasten der Garantiegeberin und sind von der Garantiegeberin auf eigene Rechnung vor dem Tag zu zahlen, ab dem Strafzuschläge auf die Steuern anfallen. Ist die Garantiegeberin gesetzlich verpflichtet, Zahlungen vorbehaltlich von Steuern zu leisten und erhält ein Begünstigter bei Fälligkeit nicht den vollen im Rahmen dieser Garantieturkunde vorgesehenen Betrag zu seinen eigenen Gunsten, so zahlt die Garantiegeberin alle zusätzlichen Beträge, die erforderlich sind, um sicherzustellen, dass der Begünstigte den vollen vorgesehenen Betrag erhält. Die Garantiegeberin stellt jeden Begünstigten in Bezug auf sämtliche dieser Steuern frei.

## **12 Befugnis zur Ausstellung**

Die Garantiegeberin gewährleistet hiermit gegenüber jedem Begünstigten und sichert hiermit gegenüber jedem Begünstigten zu, dass sie sämtliche gesellschaftsrechtlichen Befugnisse hat und dass sie alle erforderlichen gesellschaftsrechtlichen oder sonstigen Maßnahmen ergriffen hat, um diese Garantieturkunde ordnungsgemäß ausstellen und durchführen zu können, und dass diese Garantieturkunde gemäß ihren Bedingungen eine rechtmäßige, wirksame und verbindliche Verpflichtung der Garantiegeberin begründet.

## **13 Keine Aufrechnung oder Gegenforderung**

Sämtliche von der Garantiegeberin im Rahmen dieser Garantieturkunde zu leistenden Zahlungen werden ohne Berücksichtigung von Aufrechnungen oder Gegenforderungen (und ohne Berücksichtigung von Abzügen aufgrund von Aufrechnungen oder Gegenforderungen) berechnet und geleistet.

## **14 Vorlage der Garantieturkunde**

Die Garantiegeberin erkennt hiermit das Recht eines jeden Begünstigten auf Vorlage dieser Garantieturkunde und auf Erhalt einer Kopie dieser Garantieturkunde (gegen Zahlung einer angemessenen Gebühr) an und erkennt weiterhin an und sichert zu, dass die im Rahmen dieser Garantieturkunde festgelegten, für sie verbindlichen Verpflichtungen gegenüber jedem einzelnen Begünstigten und zugunsten jedes einzelnen Begünstigten zu erfüllen sind und dass jeder Begünstigte einzeln berechtigt ist, die genannten Verpflichtungen gegen die Garantiegeberin durchzusetzen.

## **15 Stempelsteuern**

Die Garantiegeberin zahlt sämtliche Stempelsteuern, Eintragssteuern und sonstigen Steuern und Abgaben (einschließlich auf diese Steuern und Abgaben oder im Zusammenhang mit diesen Steuern und Abgaben anfallender Zinsen und Strafzuschläge), die auf die ordnungsgemäße Ausstellung dieser Garantieturkunde oder im Zusammenhang mit der ordnungsgemäßen Ausstellung dieser Garantieturkunde zu zahlen sind, und stellt jeden Begünstigten von sämtlichen Ansprüchen, Forderungen, Klagen, jeglicher Haftung, sämtlichen Schäden, Kosten, Verlusten oder Aufwendungen (einschließlich Rechtsberatkungskosten und anfallender Umsatzsteuern) frei, die dem Begünstigten infolge der Nichtzahlung oder der verspäteten Zahlung dieser Steuern und Abgaben, im Zusammenhang mit Nichtzahlung oder der verspäteten Zahlung dieser Steuern und Abgaben oder in Bezug auf die Nichtzahlung oder die verspätete Zahlung dieser Steuern und Abgaben entstehen.

## 16 Salvatorische Klausel

Sollte zu irgendeinem Zeitpunkt eine Bestimmung dieser Garantieurkunde in irgendeiner Hinsicht gemäß den Gesetzen einer beliebigen Rechtsordnung rechtswidrig, unwirksam oder undurchsetzbar sein oder werden, berührt oder beeinträchtigt dies in keiner Weise die Rechtmäßigkeit, Wirksamkeit oder Durchsetzbarkeit der übrigen Bestimmungen dieser Garantieurkunde und die Rechtmäßigkeit, Wirksamkeit oder Durchsetzbarkeit der betreffenden Bestimmung in einer anderen Rechtsordnung.

Potenzielle Anleger sollten auf der Grundlage ihrer eigenen Beurteilung, ihrer eigenen Umstände und Anlagekriterien oder -leitlinien und nach Beratung durch diejenigen Berater, deren Beratung sie für erforderlich halten, ihre eigene, unabhängige Entscheidung in Bezug auf eine Anlage in Grüne Anleihen sowie darüber treffen, ob eine Anlage in diese Wertpapiere für sie angemessen oder geeignet ist.

### *Rahmenwerk für Grüne Anleihen*

Der Konzern hat ein Rahmenwerk für Grüne Anleihen für die Emission von Wertpapieren zur Finanzierung von Projekten, die dem Klimawandel entgegenwirken, sowie Projekten, die eine nachhaltige Infrastruktur fördern, entwickelt. Die nachstehende Beschreibung basiert auf dem Rahmenwerk für Grüne Anleihen zum Datum dieses Basisprospekts. Jedoch wird das Rahmenwerk für Grüne Anleihen bei Veranlassung möglicherweise geändert oder aktualisiert, weshalb sich Anleger für Informationen über den Einsatz der Erlöse aus den maßgeblichen Wertpapieren auf die jüngste Version des Rahmenwerks für Grüne Anleihen, die auf der Website des Konzerns unter ([https://www.citigroup.com/citi/fixedincome/green\\_bonds.htm](https://www.citigroup.com/citi/fixedincome/green_bonds.htm)) zur Verfügung stehen wird, und die anwendbaren Endgültigen Bedingungen beziehen sollten.

Zum Datum dieses Basisprospekts ist über das Rahmenwerk für Grüne Anleihen ein Zweitgutachten durch einen unabhängigen Berater auf die darin im Einzelnen beschriebene Weise erstellt worden. Ein solches Gutachten ist nur zum Datum seiner Ausstellung aktuell, stellt keine Empfehlung der maßgeblichen Emittentin, der Vertriebspartner oder einer anderen Person zum Kauf, Verkauf oder Halten Grüner Anleihen dar und ist auch nicht so zu verstehen. Potenzielle Anleger müssen für sich selbst entscheiden, inwieweit ein solches Gutachten und/oder die darin enthaltenen Informationen für eine Anlage in Grüne Anleihen relevant sind. Zum Datum dieses Basisprospekts unterliegen die solche Gutachten erstellenden Parteien keiner besonderen Beaufsichtigung oder Regulierung oder einem anderen Regelwerk. Zur Klarstellung: Das Rahmenwerk für Grüne Anleihen und derartige Gutachten sind weder in diesen Basisprospekt einbezogen, noch stellen sie einen Teil dieses Basisprospekts dar und sind auch nicht so zu verstehen.

### *Förderfähige Grüne Projekte*

Die im Rahmenwerk für Grüne Anleihen beschriebenen Förderfähigkeitskriterien für Grüne Anleihen spiegeln bewährte Verfahren zur Förderung des Übergangs zu einer emissionsarmen Wirtschaft durch Förderfähige Grüne Projekte in einem oder mehreren der folgenden Bereiche (oder einem anderen, in den anwendbaren Endgültigen Bedingungen beschriebenen geeigneten Bereich) wider:

- *Erneuerbare Energien:* Eine Allokation von Erlösen ist für den Erwerb, die Entwicklung, den Betrieb und die Instandhaltung neuer und bestehender Initiativen und der damit einhergehenden Kosten im Bereich erneuerbare Energien möglich.
- *Energieeffizienz:* Eine Allokation von Erlösen ist für die Finanzierung oder Refinanzierung von *Warehouse Facilities* für Energieeffizienzdarlehen für Wohngebäude oder für Anbieter von Konsumentenkrediten, die Energieeffizienzdarlehen für Wohngebäude-Projekte oder -Vermögenswerte gewähren, die den Energieverbrauch oder die Emission von Treibhausgasen senken, möglich.
- *Nachhaltiger Transport:* Eine Allokation von Erlösen ist für den Aufbau und Betrieb der öffentlichen Verkehre und die Schaffung oder den Bau einer Infrastruktur zur Förderung der öffentlichen Verkehre möglich.
- *Wasserqualität und Gewässerschutz:* Eine Allokation von Erlösen ist für Projekte zur Verbesserung von Wasserqualität, Effizienz und Gewässerschutz möglich.
- *Umweltfreundliche Gebäude:* Eine Allokation von Erlösen ist für die Finanzierung bestehender oder den Bau neuer Wohn- und Gewerbebauten, die bestimmte Effizienz- und Umweltzertifizierungen erworben haben, oder ihre Sanierung möglich.

Der Konzern hat eine Liste von Ausschlusskriterien ("**Ausschlusskriterien**") für den Einsatz der Erlöse aus dem Vertrieb von Grünen Anleihen erstellt (beispielsweise keine Verwendung für bestimmte

Großwasserkraftwerke, Kernkraftwerke und fossile Kraftwerksprojekte) und verpflichtet sich, die Erlöse aus dem Vertrieb nicht wissentlich zur Finanzierung solcher Projekte einzusetzen.

#### *Portfolio der Vermögenswerte für Grüne Anleihen und Management der Erlöse*

Der Konzern bündelt die Förderfähigen Grünen Anleihen im Rahmen des Rahmenwerks für Grüne Anleihen in einem Portfolio der Vermögenswerte für Grüne Anleihen. Wird die Anlage eines Unternehmens des Konzerns in einen im Portfolio der Vermögenswerte für Grüne Anleihen enthaltenen Vermögenswert beendet oder erfüllt ein Vermögenswert die Förderfähigkeitskriterien für Grüne Anleihen nicht mehr, wird der Vermögenswert aus dem Portfolio der Vermögenswerte für Grüne Anleihen entfernt.

Der GBA-Arbeitsgruppe des Konzerns obliegt die Überwachung des Portfolios der Vermögenswerte für Grüne Anleihen und der Gesamtsumme der von Unternehmen des Konzerns begebenen Grünen Anleihen, um sicherzustellen, dass das Gesamtvolumen des Portfolios der Vermögenswerte für Grüne Anleihen gleich oder größer ist als die im Rahmen solcher Grüner Anleihen aufgebrachte Gesamtsumme. Zu diesem Zweck werden Gesamtgröße und Fälligkeit des Portfolios der Vermögenswerte für Grüne Anleihen vierteljährlich kontrolliert. Liegt das Gesamtvolumen des Portfolios der Vermögenswerte für Grüne Anleihen aus einem beliebigen Grund unter der Gesamtsumme aus den begebenen Grünen Anleihen, wird der nicht zugewiesene Betrag in Bargeld oder bargeldähnlichen Werten und/oder anderen liquiden marktfähigen Instrumenten (so auch in US-Schatzpapieren) im Liquiditätsbestand des Konzerns gehalten, bis der Betrag dem Portfolio der Vermögenswerte für Grüne Anleihen zugewiesen werden kann.

#### *Berichterstattung*

Im Rahmen des Rahmenwerks für Grüne Anleihen veröffentlicht der Konzern innerhalb eines Jahres nach der Emission von Grünen Anleihen auf seiner Website unter ([https://www.citigroup.com/citi/fixedincome/green\\_bonds.htm](https://www.citigroup.com/citi/fixedincome/green_bonds.htm)) einen Bericht über Grüne Anleihen, der bis zur vollständigen Allokation und im Falle wesentlicher Änderungen jährlich erneuert wird. Anlegern in einzelne Grüne Anleihen geht in Bezug auf das Portfolio der Vermögenswerte für Grüne Anleihen keine weitere oder gesonderte Benachrichtigung zu.

Der Bericht über Grüne Anleihen informiert im Einzelnen über (i) den Gesamtbetrag der im Portfolio der Vermögenswerte für Grüne Anleihen enthaltenen Vermögenswerte und die durch die Emission von Grünen Anleihen aufgebrachte ausstehende Gesamtsumme; (ii) die förderfähigen Vermögenswerte im Portfolio der Vermögenswerte für Grüne Anleihen und das finanzielle Obligo der Emittentin in Bezug auf jeden Vermögenswert; (iii) die Gesamthöhe ggf. nicht zugewiesener Erlöse; und (iv) die umweltbezogenen Auswirkungen des Portfolios der Vermögenswerte für Grüne Anleihen, soweit diese Angabe praktikabel ist. Ein solcher Bericht ist nur zum Datum seiner Ausstellung aktuell, stellt keine Empfehlung der Emittentin, der Vertriebspartner oder einer anderen Person zum Kauf, Verkauf oder Halten Grüner Anleihen dar und ist auch nicht so zu verstehen.

Im Rahmen des Rahmenwerks für Grüne Anleihen hat die Emittentin auch unabhängige externe Wirtschaftsprüfer mit der Prüfung der im Portfolio der Vermögenswerte für Grüne Anleihen enthaltenen Vermögenswerte beauftragt, um zu überprüfen, dass diese die Förderfähigkeitskriterien für Grüne Anleihen erfüllen und keine Anlagen in Vermögenswerte erfolgt sind, die der Definition in den Ausschlusskriterien entsprechen, und dass das Gesamtvolumen des Portfolios der Vermögenswerte für Grüne Anleihen gleich oder größer ist als die durch Grüne Anleihen aufgebrachte Gesamtsumme (oder, dass, soweit die Gesamtsumme der ausstehenden Anleihen unter dem Gesamtvolumen des Portfolios der Vermögenswerte für Grüne Anleihen liegt, der Unterschiedsbetrag auf die im Rahmenwerk für Grüne Anleihen beschriebene Weise gehalten wird). Ein Prüfbericht ist nur zum Datum seiner Ausstellung aktuell, und Anleger müssen für sich selbst entscheiden, inwieweit ein solcher Bericht und/oder die darin enthaltenen Informationen für ihre eigenen Anlageüberlegungen oder Erwartungen relevant sind.

Zur Klarstellung: Weder der Bericht über Grüne Anleihen noch der Bericht eines Dritten ist in diesen Basisprospekt einbezogen oder stellt einen Teil dieses Basisprospekts dar und ist auch nicht so zu verstehen.

#### *Von der CGMHI ausgegebene Soziale Anleihen*

Der Konzern hat ein Rahmenwerk für Soziale Anleihen für die Emission von Wertpapieren entwickelt, um Projekte zu finanzieren, die einen Beitrag zu bezahlbarem und gemeinnützigem Wohnraum leisten. Die nachstehende Beschreibung basiert auf dem Rahmenwerk für Soziale Anleihen zum Datum dieses Basisprospekts. Jedoch wird das Rahmenwerk für Soziale Anleihen bei Veranlassung möglicherweise geändert oder aktualisiert, weshalb sich Anleger für Informationen über den Einsatz der Erlöse aus den maßgeblichen Wertpapieren auf die jüngste Version des Rahmenwerks für Soziale Anleihen, die auf der Website des Konzerns unter ([https://www.citigroup.com/citi/fixedincome/housing\\_bonds.htm](https://www.citigroup.com/citi/fixedincome/housing_bonds.htm)) zur Verfügung stehen wird, und die anwendbaren Endgültigen Bedingungen beziehen sollten.

Soziale Anleihen werden nicht von der CGMFL ausgegeben.

#### *Portfolio der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum und Management der Erlöse*

Im Rahmen des Rahmenwerks für Soziale Anleihen wird ein Betrag in Höhe der Nettoerlöse aus Sozialen Anleihen der Finanzierung oder Refinanzierung eines Teils des Konzern-Portfolios der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum zugewiesen, das aus ausgewählten förderfähigen Finanzierungsinstrumenten besteht, die zur Finanzierung des Baus, der Sanierung und/oder der Erhaltung der Qualität bezahlbaren Wohnraums für einkommensschwache Haushalte in den Vereinigten Staaten eingesetzt werden (Förderfähigkeitskriterien für Soziale Anleihen). Wird die Anlage in einen im Portfolio der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum enthaltenen Vermögenswert beendet oder erfüllt ein Vermögenswert die Förderfähigkeitskriterien für Soziale Anleihen nicht mehr, wird der Vermögenswert aus dem Portfolio der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum entfernt.

Der AFBA-Arbeitsgruppe des Konzerns obliegt die Aufsicht über das Portfolio der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum und die Überwachung der Gesamtsumme der von Unternehmen des Konzerns begebenen Sozialen Anleihen, um sicherzustellen, dass das Gesamtvolumen des Portfolios der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum gleich oder größer ist als die im Rahmen solcher Sozialer Anleihen aufgebrauchte Gesamtsumme. Zu diesem Zweck werden die fortgesetzte Förderfähigkeit

und die Gesamtgröße des Portfolios der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum vierteljährlich kontrolliert. Liegt das Gesamtvolumen des Portfolios der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum aus einem beliebigen Grund unter der ausstehenden Summe aus den begebenen Sozialen Anleihen, wird der nicht zugewiesene Betrag in Bargeld oder bargeldähnlichen Werten und/oder anderen liquiden marktfähigen Instrumenten (so auch in US-Schatzpapieren) gehalten, bis der Betrag dem Portfolio der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum zugewiesen werden kann.

Der Konzern hat eine Liste von Ausschlusskriterien für den Einsatz der Erlöse aus dem Portfolio der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum erstellt (beispielsweise keine Verwendung für bestimmte Darlehen oder Investitionen für Projekte außerhalb der Vereinigten Staaten, *Mortgage-Backed Securities* und andere Derivate, etc., jeweils wie im Rahmenwerk für Soziale Anleihen im Einzelnen beschrieben) und verpflichtet sich, die Erlöse aus dem Vertrieb nicht wissentlich zur Finanzierung solcher Projekte einzusetzen.

#### *Berichterstattung*

Im Rahmen des Rahmenwerks für Soziale Anleihen veröffentlicht der Konzern innerhalb eines Jahres nach der Emission der allerersten Sozialen Anleihen auf seiner Website unter ([https://www.citigroup.com/citi/fixedincome/housing\\_bonds.htm](https://www.citigroup.com/citi/fixedincome/housing_bonds.htm)) einen Bericht über Anleihen für Bezahlbaren Wohnraum, der sämtliche Soziale Anleihen, die im darin angegebenen Berichtszeitraum emittiert wurden, und jegliche wesentlichen Änderungen des Portfolios der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum behandelt. Anlegern in einzelne Soziale Anleihen geht in Bezug auf das Portfolio der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum keine weitere oder gesonderte Benachrichtigung zu.

Der Bericht über Anleihen für Bezahlbaren Wohnraum informiert über (i) den gesamten ausstehenden Nennwert der während des Berichtszeitraums begebenen Sozialen Anleihen; (ii) den gesamten ausstehenden Betrag der finanzierten Finanzanlagen, die das Portfolio der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum beinhalten; (iii) den Gesamtbetrag der ggf. nicht zugewiesenen Erlöse, die Bargeld oder bargeldähnlichen Werten und/oder anderen liquiden marktfähigen Instrumenten zugewiesen wurden; und (iv) die gesellschaftlichen Auswirkungen der Sozialen Anleihen durch Informationen zu den Wohnimmobilien, die mit dem Portfolio der Vermögenswerte für Anleihen für Bezahlbaren Wohnraum verbunden sind. Ein solcher Bericht ist nur zum Datum seiner Ausstellung aktuell, stellt keine Empfehlung der Emittentin, der Vertriebspartner oder einer anderen Person zum Kauf, Verkauf oder Halten Sozialer Anleihen dar und ist auch nicht so zu verstehen.

#### *Von der CGMHI ausgegebene Social-Finance-Anleihen*

Die Endgültigen Bedingungen für die Emission bestimmter Schuldverschreibungen können vorsehen, dass die betreffende Emittentin beabsichtigt, einen Betrag in Höhe des Nettoerlöses dieser Schuldverschreibungen zur Finanzierung oder Refinanzierung eines Teils eines bestimmten Portfolios von Vermögenswerten des Konzerns (diese Vermögenswerte, die "**Social-Finance-Vermögenswerte**" und jedes solche Portfolio, das "**Social-Finance-Vermögenswerte-Portfolio**") zu verwenden, die die Eignungskriterien für das Social-Finance-Vermögenswerte-Portfolio erfüllen. Potenzielle Anleger sollten ihre eigene unabhängige Entscheidung treffen, ob sie in die Social-Finance-Anleihen investieren wollen und ob eine Anlage in solche Wertpapiere für sie geeignet oder angemessen erscheint, und zwar auf der Grundlage ihres eigenen Urteils, ihrer Umstände und ihrer Anlagekriterien oder -richtlinien sowie auf der Grundlage einer Beratung, sofern sie eine solche für notwendig erachten.

Social-Finance-Anleihen werden nicht von CGMFL emittiert.

#### *Social-Finance-Rahmenwerk*

Der Konzern hat das 'Citigroup Social Finance Framework' (das "**Social-Finance-Rahmenwerk**") für Wertpapieremissionen entwickelt, um die Kreditvergabe an soziale Unternehmen in Schwellenländern zu unterstützen. Die nachstehende Beschreibung basiert auf dem Social-Finance-Rahmenwerk in der Fassung zum Zeitpunkt der Erstellung dieses Basisprospekts. Jedoch wird das Social-Finance-Rahmenwerk bei Veranlassung möglicherweise geändert oder aktualisiert, weshalb sich Anleger für Informationen über den Einsatz der Erlöse aus den maßgeblichen Wertpapieren auf die jüngste Version des Rahmenwerks für Social-Finance, die auf der Website des Konzerns unter ([https://www.citigroup.com/citi/fixedincome/social\\_finance\\_bonds.htm](https://www.citigroup.com/citi/fixedincome/social_finance_bonds.htm)) zur Verfügung stehen wird, und die anwendbaren Endgültigen Bedingungen beziehen sollten.

Das Social-Finance-Rahmenwerk wurde im Einklang mit den Social Bond Principles 2021 der International Capital Market Association (ICMA) entwickelt.

Zum Datum dieses Basisprospekts hat das Social-Finance-Rahmenwerk wie darin beschrieben eine "second party opinion" von einem unabhängigen Berater erhalten. Eine solche Stellungnahme ist stets nur zum Zeitpunkt ihrer Abgabe aktuell und stellt keine Empfehlung des Emittenten, des Händlers oder einer anderen Person zum Kauf, Verkauf oder Halten von Social-Finance-Anleihen dar und ist auch nicht als solche zu verstehen. Potenzielle Anleger müssen selbst entscheiden, inwieweit eine solche Stellungnahme und/oder die darin enthaltenen Informationen für die Zwecke einer Investition in Social-Finance-Anleihen für sie relevant sind. Zum Datum dieses Basisprospekts unterliegen die solche Gutachten erstellenden Parteien keiner besonderen Beaufsichtigung oder Regulierung oder einem anderen Regelwerk. Zur Klarstellung: Das Social-Finance-Rahmenwerk und die entsprechenden Stellungnahmen sind weder in diesen Basisprospekt einbezogen, noch stellen sie einen Teil dieses Basisprospekts dar und sind auch nicht als solcher zu verstehen.

#### *Social-Finance-Vermögenswerte*

Die Social-Finance-Vermögenswerte müssen die Förderkriterien für das Social-Finance-Vermögenswerte-Portfolio erfüllen, indem sie in eine der unten aufgeführten Kategorien fallen:

- (1) *Zugang zu grundlegenden Dienstleistungen:* Finanzierung einer Erweiterung des Zugangs zu Finanzdienstleistungen für Personen, die keinen Zugang zu Banken haben, und für kleine und mittelständische Unternehmen (KMU));

- (2) *Bezahlbarer Wohnraum*: Finanzierung von Unternehmen und Finanzdienstleistern, die benachteiligten Personen den Zugang zu Wohnraum, sowie die Verbesserung von Wohnraum ermöglichen;
- (3) *Bezahlbare Grundversorgung*: Finanzierung von Unternehmen, die die Verfügbarkeit von Wasser, sanitären Einrichtungen oder sauberer Energie für netzferne Gemeinden in Schwellenländern ausbauen;
- (4) *Zugang zur Grundversorgung (Gesundheitswesen)*: Finanzierung von Unternehmen, die den Zugang zu einer integrativen Gesundheitsversorgung ausweiten, sowie einen gesunden Lebensstil und das Wohlbefinden fördern;
- (5) *Zugang zur Grundversorgung (Bildung)*: Finanzierung von Unternehmen und Organisationen, die integratives, lebenslanges Lernen für benachteiligte Menschen ohne Zugang zu Bildung, sowie für Menschen in Schwellenländern anbieten und fördern;
- (6) *Zugang zur Grundversorgung (Finanzierung von Kleinbauern)*: Finanzierung von sozialen Unternehmen, die Produkte und Dienstleistungen für Kleinbauern anbieten.

Der Konzern hat eine Liste von Ausschlusskriterien für die Verwendung der Erlöse aus Social-Finance-Anleihen (die "**Ausschlusskriterien**") (beispielsweise bestimmte Darlehen oder Investitionen (i) für Projekte in Ländern mit hohem Einkommen, (ii) in Einrichtungen, die die arbeitsrechtlichen Vorgaben nicht einhalten, (iii) zur Unterstützung der Energieerzeugung aus fossilen Brennstoffen, (iv) die zu wirtschaftlichen Verlusten für den Konzern führen könnten, (v) in Aktivitäten, die mit dem Social-Finance-Rahmenwerk unvereinbar sind oder die erhebliche negative soziale Auswirkungen haben, oder (vi) in "verbotene Aktivitäten" gemäß der Definition des Rahmenwerks für Social-Finance) und verpflichtet sich, keines dieser Projekte oder dieser Aktivitäten wesentlich in das Social-Finance-Vermögenswerte-Portfolio aufzunehmen.

#### *Auswahl- und Bewertungsverfahren für förderfähige Social-Finance-Vermögenswerte*

Das auf Social-Finance spezialisierte Team des Konzerns wird prüfen, ob Vermögenswerte die Förderkriterien für das Social-Finance-Vermögenswerte-Portfolio erfüllen, und ermittelt ein eindeutiges Social-Finance-Vermögenswerte-Portfolio für den Gesamtnennbetrag der während eines bestimmten Berichtszeitraums ausgegebenen Wertpapiere, die für Social-Finance-Anleihen ("**Social-Finance-Anleihen**") verwendet werden sollen. Nach der Prüfung werden die Social-Finance-Vermögenswerte in das Social-Finance-Vermögenswerte-Portfolio aufgenommen. Der Auswahlprozess für die Social-Finance-Vermögenswerte berücksichtigt, ob der potenziell förderungsfähige Vermögenswert die Förderkriterien erfüllt. Darüber hinaus unterliegt die Auswahl von Social-Finance-Vermögenswerten auch den Risikobewilligungsrichtlinien und den Kreditüberwachungsstandards der jeweiligen Länder. Wird die Investition der Gruppe in einen Vermögenswert in einem Social-Finance-Vermögenswerte-Portfolio beendet oder erfüllt ein Vermögenswert nicht mehr die Förderkriterien des Social-Finance-Vermögenswerte-Portfolios oder eines der Ausschlusskriterien liegt vor, wird das Social-Finance-Team diesen Vermögenswert aus dem betreffenden Social-Finance-Vermögenswerte-Portfolio entfernen und kann stattdessen weitere förderfähige Vermögenswerte in ein Social-Finance-Vermögenswerte-Portfolio aufnehmen.

#### *Management der Erlöse*

Der Arbeitsgruppe 'Sustainable Bond Working Group' des Konzerns (die "**SB-Arbeitsgruppe**") obliegt die Überwachung des Social-Finance-Vermögenswerte-Portfolios und der Gesamtsumme der von Unternehmen des Konzerns begebenen Social-Finance, um sicherzustellen, dass das Gesamtvolumen des Social-Finance-Vermögenswerte-Portfolio gleich oder größer ist als die im Rahmen solcher Social-Finance aufgebrachte Gesamtsumme. Dafür nutzen sie ein internes Vermögensverwaltungssystem. Zu diesem Zweck werden Gesamtgröße und Fälligkeit des Portfolios der Vermögenswerte für Grüne Anleihen vierteljährlich

kontrolliert. Liegt das Gesamtvolumen des Social-Finance-Vermögenswerte-Portfolios aus einem beliebigen Grund unter der Gesamtsumme aus den begebenen Social-Finance, wird der nicht zugewiesene Betrag in Bargeld oder bargeldähnlichen Werten und/oder anderen liquiden marktfähigen Instrumenten (so auch in US-Schatzpapieren) im Liquiditätsbestand des Konzerns gehalten, bis der Betrag dem Social-Finance-Vermögenswerte-Portfolio zugewiesen werden kann.

#### *Berichterstattung*

Im Rahmen des Rahmenwerks für Social-Finance veröffentlicht der Konzern innerhalb eines Jahres nach der Emission von Social-Finance-Anleihen auf seiner Website unter ([https://www.citigroup.com/citi/fixedincome/social\\_finance\\_bonds.htm](https://www.citigroup.com/citi/fixedincome/social_finance_bonds.htm)) einen Bericht (der "**Bericht über Social-Finance-Anleihen**"), der bis zur vollständigen Allokation der Erlöse jährlich und im Falle wesentlicher Änderungen erneuert wird.

Der Bericht über Social-Finance-Anleihen wird die Allokation und die Wirkungsberichterstattung für alle Social-Finance-Anleihen, die innerhalb des darin angegebenen Berichtszeitraums emittiert wurden, beinhalten. Zudem wird er aktualisierte Informationen enthalten, sollte es zu einer wesentlichen Veränderung des Social-Finance-Vermögenswerte-Portfolios kommen.

Bitte beachten Sie, dass Anlegern in einzelne Social-Finance-Anleihen in Bezug auf das Social-Finance-Vermögenswerte-Portfolio keine weitere oder gesonderte Benachrichtigung zugeht.

#### *Externe Prüfung*

Im Rahmen des Rahmenwerks für Soziale Anleihen wird der Konzern auch unabhängige externe Wirtschaftsprüfer mit der Prüfung der im Social-Finance-Vermögenswerte-Portfolio enthaltenen Vermögenswerte beauftragen, um zu überprüfen, dass diese die Förderfähigkeitskriterien für Social-Finance-Anleihen erfüllen und keine Anlagen in Vermögenswerte erfolgt sind, die der Definition in den Ausschlusskriterien entsprechen, und dass das Gesamtvolumen des Social-Finance-Vermögenswerte-Portfolio gleich oder größer ist als die im Rahmen der Emission von Social-Finance-Anleihen aufgebrachte Gesamtsumme (oder, dass, soweit die Gesamtsumme der ausstehenden Social-Finance-Anleihen unter dem Gesamtvolumen des Social-Finance-Vermögenswerte-Portfolio liegt, der Unterschiedsbetrag auf die im Social-Finance-Rahmenwerk beschriebene Weise gehalten wird). Ein Prüfbericht ist nur zum Datum seiner Ausstellung aktuell, und Anleger müssen für sich selbst entscheiden, inwieweit ein solcher Bericht und/oder die darin enthaltenen Informationen für ihre Anlageüberlegungen oder Erwartungen relevant sind.

Zur Klarstellung: Weder der Bericht über Social-Finance-Anleihen noch der Bericht eines Dritten ist in diesen Basisprospekt einbezogen oder stellt einen Teil dieses Basisprospekts dar und ist auch nicht als solcher, oder als Empfehlung des jeweiligen Emittenten oder eines jeden Händlers die Anleihen zu kaufen, zu verkaufen oder zu halten zu verstehen

## **5. Verzinsung und Rückzahlung der Wertpapiere**

### *Allgemeine Einführung in die Zins- und Rückzahlungsprofile*

Wie im Unterabschnitt "Einführung in das Programm und die Bestandteile des Basisprospekts" von "Abschnitt A – Allgemeine Beschreibung des Programms" erläutert, wird in den Endgültigen Bedingungen festgelegt, welches Zinsprofil, welche Merkmale in Bezug auf Zinsen, vorzeitige Rückzahlung, Rückzahlungsprofile und Merkmale in Bezug auf die Rückzahlung für die Schuldverschreibungen gelten.

Für die Wertpapiere gibt es unterschiedliche Zinsprofile; gegebenenfalls erfolgende Zinszahlungen können auf bestimmte Zinsbasiswerte oder sonstige Zahlungsbedingungen bezogen sein. Die Zahlung eines Rückzahlungsbetrags ist abhängig von dem jeweils anwendbaren Rückzahlungsprofil der Wertpapiere. Die Wertpapiere können bei oder vor ihrer Fälligkeit im Wege einer außerordentlichen Rückzahlung zurückgezahlt werden. Bei Bonitätsabhängigen Wertpapieren kann die Rückzahlung bei Fälligkeit unter bestimmten Umständen verlängert werden. In Bezug auf Bonitätsabhängige Wertpapiere finden sich im nachstehenden Unterabschnitt "Bonitätsabhängige Schuldverschreibungen" Informationen darüber, wie sich der Eintritt eines Bonitätsereignisses auf Zinsen und Rückzahlung auswirkt.

Formeln zur Bestimmung von in Bezug auf die Wertpapiere fälligen Beträgen bzw. zu liefernden Vermögenswerten können eines der nachstehend beschriebenen Ausstattungsmerkmale bzw. eine Kombination dieser Ausstattungsmerkmale aufweisen. In solchen Fällen erfolgt die relevante Bewertung nicht ausschließlich auf Grundlage der Wertentwicklung eines oder mehrerer Basiswerte und die Anwendung dieser Ausstattungsmerkmale kann dazu führen, dass die Berechnung einem Mindest- und/oder Höchstbetrag unterliegt oder den Betrag, der ohne Anwendung des entsprechenden Ausstattungsmerkmals bzw. der entsprechenden Ausstattungsmerkmale berechnet worden wäre, anderweitig erhöht oder mindert.

Schwankungen des Werts des betreffenden Basiswerts werden verstärkt, wenn ein Partizipationssatz Anwendung findet, was folglich zu höheren Gewinnen oder Verlusten führen kann, als dies der Fall gewesen wären, wenn kein Partizipationssatz angewandt worden wäre. Daher sind die in Bezug auf die Wertpapiere fälligen Beträge oder zu liefernden Vermögenswerte auch auf die Entwicklung der maßgeblichen Wechselkurse bezogen und eine negative Entwicklung dieses Wechselkurses könnte die positive Wertentwicklung des betreffenden Basiswerts bzw. der betreffenden Basiswerte zunichtemachen.

#### *Zinsprofile*

Bei den Wertpapieren kann es sich um Nullkupon-Wertpapiere, festverzinsliche Wertpapiere, variabel verzinsliche Wertpapiere, CMS-Wertpapiere, Inflationsrate-Wertpapiere oder Zwischenwertentwicklung-Zinswertpapiere handeln.

Im Folgenden werden die Zinsprofile jeweils kurz beschrieben.

**(a) Nullkupon-Wertpapiere**

Nullkupon-Wertpapiere werden nicht verzinst und möglicherweise mit einem Abschlag gegenüber dem Nennwert ausgegeben.

**(b) Festverzinsliche Wertpapiere**

Festverzinsliche Wertpapiere werden fest verzinst; ein fälliger Zinsbetrag ist in der festgelegten Währung an dem jeweiligen Zinszahlungstag zu zahlen.

**(c) Variabel verzinsliche Wertpapiere**

Variabel verzinsliche Wertpapiere werden ab dem Verzinsungsbeginn variabel verzinst; ein fälliger Zinsbetrag ist nachträglich an dem Zinszahlungstag bzw. den Zinszahlungstagen in der festgelegten Währung für diejenige Zinsperiode, die an dem Zinsperiodenendtag endet, der (genau oder ungefähr) auf diesen Zinszahlungstag fällt, zu zahlen.

**(d) Mit dem CMS-Satz verzinsliche Wertpapiere**

Mit dem CMS-Satz verzinsliche Wertpapiere werden ab dem Verzinsungsbeginn je nach Sachlage mit einem Swap-Referenzsatz mit konstanter Fälligkeit (*constant maturity swap*, CMS) oder dem Spread zwischen zwei CMS-Referenzsätzen oder dem niedrigeren von zwei CMS-Referenzsätzen verzinst; ein fälliger Zinsbetrag ist nachträglich an dem Zinszahlungstag bzw. den Zinszahlungstagen in der festgelegten Währung für diejenige Zinsperiode, die an dem Zinsperiodenendtag endet, der (genau oder ungefähr) auf diesen Zinszahlungstag fällt, zu zahlen.

**(e) Inflationsrate-Wertpapiere**

Inflationsrate-Wertpapiere werden möglicherweise verzinst; ein fälliger Zinsbetrag ist, vorbehaltlich (i) des jeweiligen Schlusstands des Basiswerts, (ii) einer Marge, (iii) des jeweiligen Zinstagequotienten und (iv) eines Zinspartizipationssatzes – jeweils soweit anwendbar – in der festgelegten Währung an dem jeweiligen Zinszahlungstag zu zahlen.

**(f) Zwischenwertentwicklung-Zinswertpapiere**

Zwischenwertentwicklung-Zinswertpapiere werden möglicherweise verzinst; ein fälliger Zinsbetrag ist, vorbehaltlich (i) der jeweiligen Zwischenwertentwicklung, (ii) des Zinspartizipationssatzes, (iii) eines Wechselkurses oder der Wertentwicklung eines Wechselkurses und (iv) einer oder mehrerer etwaiger Zinsanpassungen – jeweils soweit anwendbar – in der festgelegten Währung an dem jeweiligen Zinszahlungstag zu zahlen.

### *Zinsbarrierenereignis*

Die Zahlung des jeweiligen Zinsbetrags kann von dem Eintritt oder Nichteintritt eines Zinsbarrierenereignisses abhängig sein.

Ein Zinsbarrierenereignis beschreibt eine Situation, in der zu bestimmten Beobachtungstagen die Wertentwicklung (Schlussstand) des jeweiligen Basiswerts über oder unter einem bestimmten, vorher festgelegten Zinsbarrierenstand liegt. Liegt der Schlusskurs des Basiswerts über diesem Zinsbarrierenstand, ist ein Zinsbarrierenereignis eingetreten; liegt der Schlusskurs des Basiswerts unter dem Zinsbarrierenstand, ist kein Zinsbarrierenereignis eingetreten. Bei Wertpapieren mit einem Zinsbarriereereignis hängt die Zahlung des jeweiligen Zinsbetrags davon ab, dass an dem/den maßgeblichen Beobachtungstag(en) eine Zinsbarriere entweder berührt (d.h. Eintritt eines Zinsbarrierenereignis) oder verfehlt (d.h. Nichteintritt eines Zinsbarrierenereignis) wurde.

### *Zinsprofile*

Die Wertpapiere können die folgenden zusätzlichen Zinsprofilausstattungsmerkmale aufweisen:

**(a) Zinsbarriere (Lock-in)**

Bei dem Ausstattungsmerkmal der Zinsbarriere (Lock-in) tritt ein Zinsbarrierenereignis ein, wenn eine Festsetzung der Zinsen (Lock-in) in Bezug auf einen früheren Zinszahlungstag eingetreten ist. Eine Festsetzung der Zinsen (Lock-in) tritt ein, wenn an dem betreffenden Tag ein Zinsbarrierenereignis eingetreten ist und weitere, in den anwendbaren Endgültigen Bedingungen festgelegte Bedingungen in Bezug auf die Festsetzung der Zinsen (Lock-in) erfüllt sind.

**(b) Lookback**

Bei dem Ausstattungsmerkmal Lookback wird ein fälliger Zinsbetrag, der dem Zinsbetrag zuzüglich (soweit anwendbar) der Summe der Zinsbeträge für alle Zinszahlungstage entspricht, die vor demjenigen Zinszahlungstag liegen, an dem ein Zinsbarrierenereignis nicht eingetreten ist, soweit diese nicht bereits an einem früheren Zinszahlungstag berücksichtigt wurden, in der festgelegten Währung an dem jeweiligen Zinszahlungstag zahlbar.

**(c) Multi-Chance**

Bei dem Ausstattungsmerkmal Multi-Chance wird ein fälliger Zinsbetrag in der festgelegten Währung an dem jeweiligen Zinszahlungstag zahlbar, in Abhängigkeit von der Anzahl von Basiswerten der Zinsbarriere, in Bezug auf die ein Zinsbarrierenereignis eingetreten ist. Die Feststellung, ob an dem betreffenden Zinszahlungstag ein Zinsbarrierenereignis eingetreten ist, erfolgt für jeden Zinsbarrieren-Basiswert gesondert.

**(d) Accrual**

Bei dem Ausstattungsmerkmal Accrual wird bei festverzinslichen Wertpapieren ein fälliger Zinsbetrag nachträglich an dem Zinszahlungstag bzw. den Zinszahlungstagen in der festgelegten Währung für diejenige Zinsperiode zahlbar, die an dem Zinsperiodenendtag (ausschließlich) endet, der (genau oder ungefähr) auf diesen Tag fällt.

**(e) Range Accrual**

Bei dem Ausstattungsmerkmal Range Accrual wird ein fälliger Zinsbetrag mit dem an jedem Range-Accrual-Festsetzungstag ermittelten Produkt aus dem anwendbaren Zinstagequotienten und dem anwendbaren Accrual-Satz multipliziert. Der Accrual-Satz entspricht der Anzahl von

Beobachtungstagen der Zinsbarriere in der jeweiligen Zinsperiode, an denen ein Zinsbarrierenereignis eintritt, geteilt durch die Anzahl von Range-Accrual-Festsetzungstagen in dieser Zinsperiode.

**(f) Twin-Win-Zwischenwertentwicklung**

Bei dem Ausstattungsmerkmal Twin-Win wird bei Zwischenwertentwicklung-Wertpapieren der Zwischenwertentwicklungsanteil des Zinsbetrags in einen Absolutwert umgerechnet.

**(g) Ausstattungsmerkmal der reversen Zwischenwertentwicklung**

Bei dem Ausstattungsmerkmal der reversen Zwischenwertentwicklung wird bei Zwischenwertentwicklung-Wertpapieren der Zwischenwertentwicklungsanteil von einem festgelegten Prozentsatz subtrahiert.

**(h) Cap, Floor oder Collar**

Ein Zinsbetrag unterliegt möglicherweise einem maximalen Zinsbetrag (einem Cap), einem minimalen Zinsbetrag (einem Floor) oder beiden (einem Collar).

*Zwischenwertentwicklungszinsen*

Zwischenwertentwicklungszinsen bezeichnen einen Zinsbetrag, der anhand der Zwischenwertentwicklung eines einzelnen oder mehrerer Zinsbasiswerte berechnet wird. Die Zwischenwertentwicklung wird als Prozentsatz ausgedrückt und wird unter Bezugnahme auf die Performance des/der betreffenden Zinsbasiswerts/Zinsbasiswerte an einem bestimmten Bewertungstag ermittelt. Die Zwischenwertentwicklung wird durch den Schlussstand des Basiswerts oder den Zinsreferenzstand jeweils abzüglich des Zinsbasisstands dividiert durch den Zinsanfangsstand ermittelt.

*Zinsbasiswerte*

Zinsbasiswerte können (i) bei verzinslichen Zwischenwertentwicklung-Wertpapieren als Anteil der Zwischenwertentwicklung und (ii) zur Feststellung des Eintritts oder Nichteintritts eines Zinsbarrierenereignisses anwendbar sein.

Bei Zinsbasiswerten kann es sich um Folgendes handeln: einen Wertpapierindex, einen Inflationsindex, einen Rohstoff, eine Aktie, ein Depositary Receipt, einen ETF-Anteil, einen Wechselkurs, einen Dividendenfuturekontrakt, einen Zinssatz.

*Referenzzinssätze*

Bei variabel verzinslichen Wertpapieren ist der Zinsbetrag auf einen Referenzzinssatz bezogen. Im Folgenden wird der jeweilige Zinssatz kurz beschrieben.

Als Referenzzinssatz kommen einer oder mehrere der folgenden infrage: der European Interbank Offered Rate ("**EURIBOR**"), der Sterling Overnight Index Average ("**SONIA**"), der Stockholm Interbank Offered Rate ("**STIBOR**"), der Copenhagen Interbank Offered Reference Rate ("**CIBOR**"), der Norwegian Interbank Offered Rate ("**NIBOR**"), der Tokyo Interbank Offered Rate ("**TIBOR**"), der Hong Kong Interbank Offered Rate ("**HIBOR**"), der Australian Financial Markets Association (AFMA) Bank-Bill Reference Rate ("**BBSW**"), der New Zealand Bank Bill Benchmark Rate ("**BKBM**") oder eine sonstige Verzinsung bzw. ein sonstiger Zins- oder anderer Satz, die bzw. der auf einer Referenzseite erscheint.

Ist der Referenzzinssatz für die Wertpapiere EURIBOR, STIBOR, CIBOR, NIBOR, TIBOR oder HIBOR, wird der variable Zinssatz unter Bezugnahme auf die jeweilige Referenzseite ermittelt.

- (i) EURIBOR ist der von auf dem europäischen Interbankenmarkt tätigen Banken quotierte Zinssatz für den Euro, der von der Europäischen Bankenvereinigung fixiert wird.

- (ii) STIBOR ist der auf Zinssätzen, zu denen Banken auf dem Stockholmer Interbankenmarkt anbieten, anderen Banken unbesicherte Mittel zu leihen, basierende Zinssatz.
- (iii) CIBOR ist der auf Zinssätzen, zu denen Banken auf dem Kopenhagener Interbankenmarkt anbieten, anderen Banken unbesicherte Mittel zu leihen, basierende Zinssatz.
- (iv) NIBOR ist der Zinssatz, den Darlehensgeber bei unbesicherten Geldmarktleihen in norwegischen Kronen (NOK) verlangen.
- (v) TIBOR ist der auf Zinssätzen, zu denen Banken auf dem Tokioter Interbankenmarkt anbieten, anderen Banken unbesicherte Mittel zu leihen, basierende Zinssatz.
- (vi) HIBOR ist der auf Zinssätzen, zu denen Banken auf dem Hongkonger Interbankenmarkt anbieten, anderen Banken unbesicherte Mittel zu leihen, basierende Zinssatz.
- (vii) BBSW ist der auf Zinssätzen, zu denen Banken auf dem Interbankenmarkt in Sydney anbieten, anderen Banken unbesicherte Mittel zu leihen, basierende Zinssatz.
- (viii) BKBM ist der auf Zinssätzen, zu denen Banken auf dem neuseeländischen Interbankenmarkt anbieten, anderen Banken unbesicherte Mittel zu leihen, basierende Zinssatz.

Wird der variable oder sonstige veränderliche Zinssatz unter Bezugnahme auf einen Referenzzinssatz, der sich von den vorstehenden unterscheidet, ermittelt, so ist die entsprechende Referenzseite für diesen Referenzzinssatz in den anwendbaren Endgültigen Bedingungen genannt.

#### *Rückzahlungsprofile*

Im Folgenden werden die einzelnen Rückzahlungsprofile jeweils kurz beschrieben.

(a) **Rückzahlungsbetrag (Barausgleich oder physische Lieferung)**

Ein fälliger Rückzahlungsbetrag wird in der festgelegten Währung gezahlt oder – bei Wertpapieren mit physischer Lieferung – als Liefermenge von der maßgeblichen Emittentin am Fälligkeitstag geliefert. Der Rückzahlungsbetrag kann einem festen Prozentsatz je Berechnungsbetrag oder dem wertentwicklungsbezogenen Rückzahlungsbetrag entsprechen. Die Höhe des wertentwicklungsbezogenen Rückzahlungsbetrags hängt von den folgenden Faktoren, jeweils wie anwendbar, ab: einem maßgeblichen Prozentsatz, einer finalen Wertentwicklung des Basiswerts der Finalen Wertentwicklung, einem finalen Partizipationssatz, einer Rückzahlungsanpassung, einer Wechselkursentwicklung, einem globalen Partizipationssatz, einem Finalen Partizipationssatz-Put, Finalen Partizipationssatz-Call, einem Put Call Sum Floor des Basiswerts der Finalen Wertentwicklung, einem Market-Timer-Prozentanteil, einem Referenzendstand des Basiswerts der Finalen Wertentwicklung, einem Annuitäten-Floor, einem Annuitätenfaktor und einer Annuität.

(b) **Rückzahlungsbetrag bei Rückzahlungsbarrierenereignis (Barausgleich oder physische Lieferung)**

Der Rückzahlungsbetrag kann von dem Eintritt oder Nichteintritt eines Rückzahlungsbarrierenereignisses abhängen. Ist ein Rückzahlungsbarrierenereignis eingetreten, ist entweder nichts zu zahlen oder es wird der festgelegte Rückzahlungsbetrag in der festgelegten Währung gezahlt bzw. – bei Wertpapieren mit physischer Lieferung – die Liefermenge geliefert. Der Rückzahlungsbetrag kann einem festen Prozentsatz je Berechnungsbetrag oder dem wertentwicklungsbezogenen Rückzahlungsbetrag entsprechen.

(c) **Rückzahlungsbetrag bei Rückzahlungsbarrierenereignis und Rückzahlungsbarrierenereignis (Obere Barriere) (Barausgleich oder physische Lieferung)**

Ist ein Rückzahlungsbarrierenereignis zwar anwendbar, aber nicht eingetreten, dafür jedoch ein Rückzahlungsbarrierenereignis (Obere Barriere) eingetreten, ist ein als Prozentsatz des Berechnungsbetrags oder des wertentwicklungsbezogenen Rückzahlungsbetrags angegebener Betrag zu zahlen. Ist kein Rückzahlungsbarrierenereignis (Obere Barriere) eingetreten, ist ein als Prozentsatz des Berechnungsbetrags oder des wertentwicklungsbezogenen Rückzahlungsbetrags angegebener Betrag zu zahlen.

(d) **Rückzahlungsbetrag bei Rückzahlungsexitereignis (Barausgleich)**

Ist ein Rückzahlungsexitereignis anwendbar, und eingetreten, wird der festgelegte Exit-Rückzahlungsbetrag in der festgelegten Währung gezahlt. Ist kein Rückzahlungsexitereignis eingetreten, ist der Rückzahlungsbetrag von dem Eintritt oder Nichteintritt eines Rückzahlungsbarrierenereignisses abhängig, wie unter Absatz (b) und (c) oben beschrieben.

*Rückzahlungsarten*

Die Wertpapiere können bei Fälligkeit oder – unter bestimmten außerordentlichen Umständen – vor ihrer Fälligkeit zurückgezahlt werden.

(a) **Rückzahlung bei Fälligkeit**

Werden Wertpapiere bei Fälligkeit zurückgezahlt, kann der Rückzahlungsbetrag dem Nennbetrag (Rückzahlung zu pari) entsprechen oder unter Bezugnahme auf den Wert oder die Wertentwicklung eines oder mehrerer Basiswerte bestimmt werden, ein so genannter wertentwicklungsbezogener Rückzahlungsbetrag.

Im Falle von Bonitätsabhängigen Wertpapieren kann die Rückzahlung bei Fälligkeit unter bestimmten Umständen verlängert werden. In Bezug auf Bonitätsabhängige Wertpapiere siehe nachstehender Unterabschnitt "6. Bonitätsabhängige Schuldverschreibungen" Informationen darüber, wie die Rückzahlung bei Eintritt eines Bonitätsereignisses erfolgt.

Der **wertentwicklungsbezogene Rückzahlungsbetrag** wird von der Berechnungsstelle unter Bezugnahme auf eine der folgenden Formeln berechnet, wie in den anwendbaren Endgültigen Bedingungen angegeben:

*Put-Option:* die Summe aus dem Berechnungsbetrag und dem Berechnungsbetrag, multipliziert mit der Finalen Wertentwicklung des Basiswerts der Finalen Wertentwicklung/der Basiswerte der Finalen Wertentwicklung ("**BFW**"), multipliziert mit dem finalen Partizipationssatz ("**FPS**"), multipliziert mit der Wechselkursentwicklung, zuzüglich der Rückzahlungsanpassung, wobei die folgende Formel gilt:

Berechnungsbetrag + (Berechnungsbetrag x Finale Wertentwicklung des/der BFW x FPS x Wechselkursentwicklung) + Rückzahlungsanpassung

*Call-Option:* die Summe aus dem Berechnungsbetrag und dem Berechnungsbetrag, multipliziert mit der Finalen Wertentwicklung des Basiswerts der Finalen Wertentwicklung/der Basiswerte der Finalen Wertentwicklung ("**BFW**"), multipliziert mit dem finalen Partizipationssatz ("**FPS**"), multipliziert mit der Wechselkursentwicklung, zuzüglich der Rückzahlungsanpassung, wobei die folgende Formel gilt:

Berechnungsbetrag x [[[Max(Call Floor, Min(CallCap, FinWertentw)) x FPS-Call] + [Min(Put Cap, Max(Put Floor, Maßgeblicher Prozentsatz + FinWertentw)) x FPS-Put]] x GPS x Wechselkursentwicklung] + RückzAnpass

*Twin-Win*: das Produkt aus dem Berechnungsbetrag und der Summe des Maßgeblichen Prozentsatzes und des Absolutwerts der Finalen Wertentwicklung des Basiswerts der Finalen Wertentwicklung/der Basiswerte der Finalen Wertentwicklung ("BFW"), multipliziert mit dem finalen Partizipationssatz ("FPS"), multipliziert mit der Wechselkursentwicklung, zuzüglich der Rückzahlungsanpassung ("RückzAnpass"), wobei die folgende Formel gilt:

*Market-Timer*: das Produkt aus (a) dem Berechnungsbetrag und (b) der Summe von 100 % und der Finalen Wertentwicklung des Basiswerts der Finalen Wertentwicklung/der Basiswerte der Finalen Wertentwicklung ("BFW") und des Market-Timer-Prozentanteils, zuzüglich der Rückzahlungsanpassung ("**RückzAnpass**"), wobei die folgende Formel gilt:

*Put Call Sum*: das Produkt aus dem Berechnungsbetrag ("**BB**") und der Summe aus (a) der Summe (i) des Maßgeblichen Prozentsatzes und der Finalen Wertentwicklung des Basiswerts der Finalen Wertentwicklung/der Basiswerte der Finalen Wertentwicklung ("**BFW**") und (ii) des finalen Partizipationssatzes ("**FPS**") und (b) dem höheren Wert aus dem Put Call Sum Floor und der Finalen Wertentwicklung des/der BFW, zuzüglich bzw. abzüglich der Rückzahlungsanpassung ("**RückzAnpass**"), wobei die folgende Formel gilt:

Berechnungsbetrag x { 100 % - [FPS x Max (Annuitäten-Floor, { Annuitäten-Floor x Referenzendstand des BFW }) x Annuität] }

**(b) Rückzahlung nach Wahl der Emittentin**

Ist Rückzahlung nach Wahl der maßgeblichen Emittentin (Issuer Call) in den anwendbaren Endgültigen Bedingungen als anwendbar angegeben, kann die maßgebliche Emittentin durch Mitteilung innerhalb der in den anwendbaren Endgültigen Bedingungen angegebenen Frist bzw., falls keine entsprechende Frist angegeben ist, innerhalb von mindestens fünf und höchstens 60 Tagen an die Wertpapierinhaber (wobei die Mitteilungen nicht widerrufen werden können und den für die

Rückzahlung festgelegten Tag enthalten müssen), an einem Optionalen Rückzahlungstag alle oder einige der dann ausstehenden Wertpapiere zurückzahlen, und zwar in Bezug auf jeden Nennbetrag der Wertpapiere, der dem Berechnungsbetrag entspricht, oder in Bezug auf die Anzahl der Wertpapiere zum Optionalen Rückzahlungsbetrag, welcher im Bewertungs- und Abwicklungsanhang festgelegt ist bzw. auf die im Bewertungs- und Abwicklungsanhang festgelegte Weise bestimmt wird oder in den anwendbaren Endgültigen Bedingungen festgelegt ist, zusammen mit den bis zum betreffenden Optionalen Rückzahlungstag (ausschließlich) ggf. aufgelaufenen Zinsen. Der Betrag einer solchen Rückzahlung darf nicht niedriger als der Mindestrückzahlungsbetrag und nicht höher als der Höchstrückzahlungsbetrag sein, wie jeweils ggf. in den anwendbaren Endgültigen Bedingungen festgelegt.

Bei einer Rückzahlung von lediglich einigen Wertpapieren werden die zurückzuzahlenden Wertpapiere gemäß den Bestimmungen des Maßgeblichen Clearing-Systems (bei Wertpapieren, deren Clearing über Euroclear und/oder Clearstream, Luxemburg, erfolgt, wird dies in den Aufzeichnungen von Euroclear und Clearstream, Luxemburg, entweder als Pool Factor oder, nach eigenem Ermessen, durch Minderung des Nennwerts verzeichnet) ausgewählt.

(c) **Zwingende vorzeitige Rückzahlung**

Ist eine zwingende vorzeitige Rückzahlung ("**ZVR**") in den anwendbaren Endgültigen Bedingungen festgelegt, ist der Rückzahlungsbetrag der zwingenden vorzeitigen Rückzahlung ("**ZVR-Betrag**") oder Exit-Betrag am Rückzahlungstag der zwingenden vorzeitigen Rückzahlung ("**ZVR-Tag**") zu zahlen. Bei diesen Beträgen kann es sich in Bezug auf den Berechnungsbetrag um Folgendes handeln:

- (i) einen festgelegten festen Betrag,
- (ii) den wertentwicklungsbezogenen ZVR-Betrag,
- (iii) bei Eintritt eines ZVR-Barrierenereignisses (Obere Barriere): einen festgelegten festen Betrag bzw. sofern kein ZVR-Barrierenereignis (Obere Barriere) eingetreten ist: einen festgelegten festen Betrag.

Der Wertentwicklungsbezogene ZVR-Betrag wird von der Berechnungsstelle unter Bezugnahme auf eine der folgenden Formeln berechnet, wie in den anwendbaren Endgültigen Bedingungen angegeben:

*Put-Option:* das Produkt aus dem Berechnungsbetrag und der Summe des Maßgeblichen Prozentsatzes und der ZVR-Wertentwicklung des Basiswerts der ZVR-Wertentwicklung/der Basiswerte der ZVR-Wertentwicklung ("**BWZVR**") für diesen ZVR-Tag, multipliziert mit der Wechselkursentwicklung, multipliziert mit dem ZVR-Partizipationssatz ("**ZVRPS**"), zuzüglich des ZVR-Anpassungsbetrags ("**ZVRAB**"), ermittelt und durch folgende Formel dargestellt wird:

Berechnungsbetrag x (Maßgeblicher Prozentsatz + ZVR-Wertentwicklung des/der BWZVR) x Wechselkursentwicklung x ZVRPS + ZVRAB

*Call-Option:* der als Summe des Berechnungsbetrags und des Produkts aus dem Berechnungsbetrag und der ZVR-Wertentwicklung des Basiswerts der ZVR-Wertentwicklung/der Basiswerte der ZVR-Wertentwicklung ("**BWZVR**") für diesen ZVR-Tag, multipliziert mit der Wechselkursentwicklung, multipliziert mit dem ZVR-Partizipationssatz ("**ZVRPS**"), zuzüglich des ZVR-Anpassungsbetrags ("**ZVRAB**"), ermittelt und durch folgende Formel dargestellt wird:

Berechnungsbetrag + (Berechnungsbetrag x ZVR-Wertentwicklung des/der BWZVR) x Wechselkursentwicklung x ZVRPS + ZVRAB

*Call Spread - Put Spread Option:* der als das Produkt aus (x) dem Berechnungsbetrag und (y) dem "Call-Spread-Betrag" (d. h. dem höheren Wert aus dem Call Floor und dem niedrigeren Wert aus dem Call Cap und der ZVR-Wertentwicklung des Basiswerts der ZVR-Wertentwicklung/der Basiswerte der ZVR-Wertentwicklung für diesen ZVR-Tag, multipliziert mit dem ZVR-Partizipationssatz-Call ("**ZVRPS-Call**")), zuzüglich des "Put-Spread-Betrags" (d.h. des niedrigeren Werts aus dem Put Cap und dem höheren Wert aus dem Put Floor und der Summe von 100 % und der ZVR-Wertentwicklung des Basiswerts der ZVR-Wertentwicklung/der Basiswerte der ZVR-Wertentwicklung für diesen ZVR-Tag, multipliziert mit dem ZVR-Partizipationssatz-Put ("**ZVRPS-Put**")), multipliziert mit der Wechselkursentwicklung, multipliziert mit dem Globalen Partizipationssatz ("**GPS**"), zuzüglich des ZVR-Anpassungsbetrags ("**ZVRAB**"), ermittelt und durch folgende Formel dargestellt wird:

Berechnungsbetrag x [[Max(Call Floor, Min(Call Cap, ZVRWertentw)) x ZVRPS-Call] + [Min(Put Cap, Max(Put Floor), 100% + ZVRWertentw) x ZVRPS-Put]] x Wechselkursentwicklung x GPS + ZVRAB

*Twin Win:* das Produkt aus dem Berechnungsbetrag und der Summe von 100 % und dem Absolutwert der ZVR-Wertentwicklung des Basiswerts der ZVR-Wertentwicklung/der Basiswerte der ZVR-Wertentwicklung ("**BWZVR**") für diesen ZVR-Tag, multipliziert mit einem ZVR-Partizipationssatz ("**ZVRPS**") und multipliziert mit der Wechselkursentwicklung, zuzüglich eines ZVR-Anpassungsbetrags ("**ZVRAB**"), ermittelt und durch folgende Formel dargestellt wird:

Berechnungsbetrag x (100% + Abs [ZVR-Wertentwicklung des/der BWZVR]) x Wechselkursentwicklung x ZVRPS + ZVRAB

Dieser Betrag unterliegt daher einem Minimalen ZVR-Betrag (einem Floor).

*Snowball:* das Produkt aus dem Berechnungsbetrag und der Summe von 100% und dem Schneeball Prozentsatz für diesen ZVR-Tag anhand der folgenden Formel ermittelt wird:

Berechnungsbetrag x (100% + Schneeball Prozentsatz)

Der ZVR-Betrag oder Exit-Betrag unterliegt möglicherweise einem Höchstbetrag (einem Cap), einem Mindestbetrag (einem Floor) oder beiden (einem Collar).

(d) **Bestimmungen zur außerordentlichen vorzeitigen Rückzahlung**

Bei einer außerordentlichen Rückzahlung der Wertpapiere vor ihrer Fälligkeit können, sofern dies in den anwendbaren Endgültigen Bedingungen so festgelegt ist, Hedgingkosten von dem jeweiligen vorzeitigen Rückzahlungsbetrag abgezogen werden. Eine außerordentliche Rückzahlung der Wertpapiere vor deren Fälligkeit kann entweder (i) nach dem Eintritt eines Anpassungsereignisses oder (ii) nach dem Eintritt eines zusätzlichen vorzeitigen Rückzahlungsereignisses erfolgen. In beiden Fällen sind möglicherweise basiswertspezifische Ereignisse anwendbar, die im Folgenden kurz zusammengefasst werden.

(i) Nach einem Anpassungsereignis

Die folgenden Ereignisse können ein Anpassungsereignis darstellen:

- eine Gesetzesänderung,
- eine Hedgingstörung,
- erhöhte Hedgingkosten,
- ein zusätzliches Anpassungsereignis.

Je nach Art der Wertpapiere kann die Rückzahlung bei oder vor Fälligkeit durch (A) Barausgleich, (B) physische Lieferung oder (C) Barausgleich und/oder physische Lieferung erfolgen.

Für jedes zusätzliche vorzeitige Rückzahlungsereignis ist der anwendbare vorzeitige Rückzahlungsbetrag in den anwendbaren Endgültigen Bedingungen festgelegt. Bei physischer Lieferung gelten spezifische Abwicklungsstörungsvorschriften.

***Anpassungsvorschriften bei Ereignissen, die den Basiswert betreffen***

Die folgenden Ereignisse können ein Anpassungsereignis darstellen, sofern sie in den maßgeblichen Endgültigen Bedingungen anwendbar sind:

- eine Gesetzesänderung,

Die Folgen der vorstehend beschriebenen Anpassungsereignisse, einschließlich der Anpassung von Bewertungstagen, sind jeweils in den für die einzelnen Basiswerte anwendbaren Basiswert-Anhängen bzw. Bedingung 2 (*Bestimmungen zur Basiswertbewertung*) des Bewertungs- und Abwicklungsanhangs, jeweils wie in den Endgültigen Bedingungen vervollständigt, beschrieben.

#### *Festlegungen durch die Berechnungsstelle*

Tritt nach billigem Ermessen der Berechnungsstelle ein Anpassungsereignis ein, so wird die Berechnungsstelle (i) die Bedingungen der Wertpapiere so anpassen, wie sie es nach billigem Ermessen (§ 317 BGB) für erforderlich oder angemessen hält, um den Auswirkungen eines solchen Anpassungsereignisses Rechnung zu tragen, und (ii) den Zeitpunkt des Wirksamwerdens jeder dieser Anpassungen bestimmen (vorbehaltlich der auf diesen Basiswert anwendbaren Bestimmungen des Basiswertanhangs).

Die von der Berechnungsstelle als Reaktion auf ein Anpassungsereignis vorgenommenen Anpassungen können eine Ersetzung des betreffenden Basiswerts beinhalten, und die Berechnungsstelle kann weitere Anpassungen der Bedingungen der Schuldverschreibungen vornehmen, die sie nach billigem Ermessen (§ 317 BGB) in Bezug auf eine solche Ersetzung für erforderlich oder angemessen hält.

Die Berechnungsstelle wird die Emittentin und jede Zahlstelle über jede von ihr getroffene Feststellung und die Maßnahmen, die sie in Bezug auf eine solche Feststellung zu ergreifen gedenkt, unterrichten. Die Emittentin wird die Inhaber der Schuldverschreibungen so bald wie möglich davon in Kenntnis setzen.

#### *Billiges Ermessen der Berechnungsstelle*

Billiges Ermessen erfordert, dass die Bestimmung unter umfassender Würdigung des Vertragszwecks, d.h. der Wertpapiere, die Interessenlage beider Parteien ausreichend berücksichtigt. Dies ist ein objektiver Maßstab. Es soll Gerechtigkeit im Einzelfall erreicht werden. Das erfordert eine umfassende Analyse und Abwägung der Interessen beider Vertragsparteien (d.h. der Emittentin und der Wertpapierinhaber) unter Berücksichtigung aller tatsächlichen Umstände und Faktoren. Es müssen von der Berechnungsstelle sowohl die Interessen der Emittentin, als auch die Interessen der Wertpapierinhaber berücksichtigt werden.

Interessen der Emittentin können die folgenden, aber nicht abschließend, beinhalten:

- Keine Erhöhung der antizipierten Auszahlungen;
- Fortsetzung mit vergleichbaren Anlagebedingungen;
- Möglichkeit die mit dem Wertpapier verbundenen Risiken im Markt zu Hedgen;

- Zusammenpassen der Bedingungen des Hedge und des Wertpapiers;
- Ausrichtung an allgemeinen Marktentwicklungen; und
- Einheitlichkeit von Anlagebedingungen zwischen vergleichbaren Produkten.

Interessen der Wertpapierinhaber können die folgenden, aber nicht abschließend, beinhalten:

- Beibehalten der antizipierten Rendite;
- Fortsetzung der Geldanlage;
- Höhe des Risikos der Anlage;
- Risikobereitschaft der Wertpapierinhaber; und
- Fortsetzung unter vergleichbaren Anlagebedingungen.

Bei der Ausübung ihres billigen Ermessens (§ 317 BGB) in Bezug auf Anpassungen der Wertpapiere kann die Berechnungsstelle solche Faktoren berücksichtigen, die sie im Einzelfall für angemessen hält, wozu insbesondere (i) allgemeine Marktentwicklungen, (ii) Empfehlungen von Branchenverbänden und (iii) alle Umstände oder Ereignisse gehören können, die einen wesentlichen Einfluss auf die von einer Hedging-Partei in Bezug auf die mit den Wertpapieren verbundenen Risiken getroffenen Hedging-Vereinbarungen haben oder haben können.

Der Berechnungsstelle steht ein Spielraum von möglichen Bestimmungen zur Verfügung. Die Billigkeit ist als solche wertfrei und regulatives Prinzip aus dem sich das Abwägungsgebot, ableitet. Die Berechnungsstelle muss aus einer Mehrzahl möglicher Entscheidungen die objektiv "beste" bestimmen, indem sie

1. die maßgeblichen, in die Abwägung einzustellenden Interessen der Parteien festlegt,
2. die für diese Interessen maßgeblichen Tatsachen berücksichtigt, und
3. die konfligierenden Interessen bewertet und zueinander gewichtet.

Die Berechnungsstelle muss alle relevanten Gesichtspunkte in den sachgemäßen Abwägungsvorgang einbringen.

#### *Gerichtliche Überprüfbarkeit der Ermessensausübung*

Die Ausübung des billigen Ermessens ist gerichtlich dahingehend nachprüfbar, ob die Grenzen des Ermessens eingehalten sind und ob nicht sachfremde oder willkürliche Motive für die Bestimmung maßgebend gewesen sind. Die Wertpapierinhaber können jede von der Berechnungsstelle nach billigen Ermessen getroffene Entscheidung anfechten.

Bei seiner Prüfung stellt das Gericht grundsätzlich auf den Zeitpunkt ab, zu dem die Bestimmung durch die Berechnungsstelle erfolgen sollte.

Die gerichtliche Überprüfbarkeit ist darauf gerichtet zu untersuchen, ob der Begriff der Billigkeit verkannt wurde, ob es die gesetzlichen Grenze des Ermessens überschritten wurden, vom Ermessen keine Gebrauch gemacht wurde, von einem unzutreffenden Ansatz ausgegangen worden ist oder die Interessenabwägung fehlerhaft oder unvollständig war.

Nach der deutschen Rechtsprechung ist die Bestimmung offenbar unbillig, wenn sie in grober Weise gegen Treu und Glauben verstößt und sich dies einem unbefangenen und sachkundigen Beobachter aufdrängt.

Ist die getroffene Bestimmung unbillig, so trifft das Gericht eine eigene Ermessensentscheidung.

#### *Mitteilungen an die Wertpapierinhaber*

Die Berechnungsstelle informiert die Emittentin und jede Zahlstelle über jede von ihr getroffene Festlegung sowie über die Maßnahmen, deren Vornahme sie hinsichtlich der Festlegung vorschlägt. Die Emittentin informiert hierüber anschließend die Wertpapierinhaber sobald dies vernünftigerweise praktikabel ist.

Alle Mitteilungen an die Wertpapierinhaber in Bezug auf Wertpapiere werden:

- (i) auf der in den anwendbaren Endgültigen Bestimmungen angegebenen Website veröffentlicht und gelten mit dem Tag der erstmaligen Veröffentlichung als erfolgt, und/oder
- (ii) im Falle börsennotierter Wertpapiere entsprechend den Regelwerken der maßgeblichen Wertpapierbörse oder einer maßgeblichen Behörde veröffentlicht und gelten mit dem ersten Tag der Übermittlung oder Veröffentlichung als erfolgt, und/oder
- (iii) falls eine Veröffentlichung gemäß (i) oder (ii) nicht möglich ist, in einer führenden europaweit vertriebenen deutschsprachigen Tageszeitung veröffentlicht und gelten mit dem Tag der erstmaligen Veröffentlichung als erfolgt, und/oder
- (iv) sofern Veröffentlichungserfordernisse oder sonstige Erfordernisse gemäß (ii) gegebenenfalls einzuhalten sind, über das Maßgebliche Clearing-System zur Mitteilung durch das Maßgebliche Clearing-System an die Wertpapierinhaber veröffentlicht und gelten mit dem ersten Tag als erfolgt, der auf den Tag der Übermittlung an das jeweilige Maßgebliche Clearing-System folgt.

In Bezug auf Wertpapiere, die an der Luxemburger Börse notiert sind und solange die Vorschriften dieser Börse dies vorschreiben, müssen alle Mitteilungen an die Wertpapierinhaber auf der Website der Luxemburger Börse veröffentlicht werden.

## **6. Bonitätsabhängige Schuldverschreibungen**

#### *Bonitätsereignisse*

Die Höhe des zu zahlenden Kapitalbetrags und/oder der zu zahlenden Zinsen hängt davon ab, ob eine Insolvenz in Bezug auf den Referenzschuldner eingetreten ist und ob bestimmte Bonitätsereignisse ("**Bonitätsereignisse**") in Bezug auf Verbindlichkeiten des Referenzschuldners eingetreten sind, die in eine bestimmte Kategorie fallen (z. B. Anleihen, Darlehen, aufgenommene Mittel) und ggf. bestimmte Merkmale aufweisen (z. B. Nachrangigkeit, Währung, anwendbares Recht). Während Insolvenz ein Bonitätsereignis ist, das sich auf den Referenzschuldner selbst bezieht, beziehen sich andere Bonitätsereignisse wie Zahlungsausfall oder Restrukturierung auf Verbindlichkeiten des Referenzschuldners und die Bonitätsverschlechterung des Referenzschuldners ist nur bei einem Restrukturierungs-Bonitätsereignis eine Voraussetzung für den Eintritt eines Bonitätsereignisses. In Abhängigkeit von den Bedingungen der Bonitätsabhängigen Schuldverschreibung können Verbindlichkeiten, bei denen der Referenzschuldner in einer anderen Eigenschaft als direkter Schuldner handelt (z. B. als Garantie- oder Sicherungsgeber), zu der Klasse von Verbindlichkeiten gehören oder nicht gehören, die für die Feststellung, ob ein Bonitätsereignis eingetreten ist, maßgeblich ist. Anleger sollten sich außerdem darüber im Klaren sein, dass ein Referenzschuldner beschließen kann, nur bestimmte Klassen seiner Verbindlichkeiten zu restrukturieren, und dass eine solche selektive Restrukturierung möglicherweise nicht zu einem Bonitätsereignis in Bezug auf die Klassen von Verbindlichkeiten führt, die für eine bestimmte Bonitätsabhängige Schuldverschreibung maßgeblich sind. Anleger sollten daher die anwendbaren Bonitätsereignisse und ihre Definition im Rahmen der Bonitätsabhängigen Schuldverschreibungen sorgfältig prüfen und unabhängig bewerten, ob sie dem mit dem Erwerb der Bonitätsabhängigen Schuldverschreibungen verfolgten Ziel angemessen sind.

#### *Auswirkungen eines Bonitätsereignisses auf Kapital und Zinsen*

Wenn in Bezug auf Referenzschuldner jeweils ein Bonitätsereignis eintritt, kann dies zu einer vollständigen oder teilweisen Rückzahlung der Bonitätsabhängigen Schuldverschreibungen am maßgeblichen Bonitätsereignis-Rückzahlungstag führen, je nachdem, ob "Bonitätsabhängige Zahlung am Fälligkeitstag" oder "Bonitätsabhängige Zahlung nach Bonitätsereignis" anwendbar ist, woraufhin an den Anleger zwar eine Rückzahlung (die null betragen könnte) geleistet wird, doch da der Anleger alle entstandenen Verluste trägt, verringern sich damit seine Kapitalrückzahlungen.

Nach Eintritt eines Maßgeblichen Ereignis-Feststellungstags sollten Anleger beachten, dass, je nachdem, ob die anwendbaren Endgültigen Bedingungen vorsehen, dass "Auflaufen von Zinsen bei Kreditausfall" oder "Kein Auflaufen von Zinsen bei Kreditausfall" gilt, auf einen festgelegten Teil der betreffenden Bonitätsabhängigen Schuldverschreibungen, wie in den Bedingungen der Bonitätsabhängigen Schuldverschreibungen dargelegt, keine Zinsen mehr auflaufen. In diesem Fall laufen auf den betreffenden anwendbaren Anteil Zinsen auf ab dem Zinszahlungstag, der dem Maßgeblichen Ereignis-Feststellungstag unmittelbar vorausgeht, (oder dem Ausgabetag, wenn es keinen Zinszahlungstag gibt, der dem Maßgeblichen Ereignis-Feststellungstag unmittelbar vorausgeht) (einschließlich) bis zum Maßgeblichen Ereignis-Feststellungstag (einschließlich).

Die Emittentin kann unter bestimmten Umständen die Verzinsung auch aussetzen, wenn die Berechnungsstelle festgestellt hat, dass ein potenzielles Bonitätsereignis eintreten könnte, jedoch der Emittentin und/oder den Wertpapierinhabern keine Bonitätsereignis-Mitteilung übermittelt wurde. Die Aussetzung der Zinsen erfolgt, obwohl tatsächlich kein Maßgeblicher Ereignis-Feststellungstag eingetreten ist.

Anleger sollten sich darüber im Klaren sein, dass eine zu Unrecht ausgesetzte Zahlung von Zinsen gemäß den Bedingungen der Bonitätsabhängigen Schuldverschreibungen zurückgezahlt werden muss und bei Unterschreitung des Zinsbetrags, der hätte ausgesetzt werden sollen (der Absolutwert dieses Zinsfehlbetrags stellt den Zinsaussetzungsfehlbetrag dar), dieser Zinsaussetzungsfehlbetrag von der Emittentin von einem oder mehreren künftigen Beträgen, die bei der Rückzahlung bzw. gegebenenfalls der vollständigen Abschreibung der betreffenden Bonitätsabhängigen Schuldverschreibungen (bei Fälligkeit oder bei vorzeitiger Rückzahlung) zu zahlen sind, eingefordert wird. Die Emittentin hat jedoch keine weitergehenden Ansprüche gegenüber den Anlegern für einen Zinsaussetzungsfehlbetrag, der nicht in voller Höhe oder teilweise abgezogen werden kann (da der entsprechende Rückzahlungsbetrag unzureichend ist).

Die Zinsen (sofern aufgelaufen) werden so lange ausgesetzt, bis die entsprechenden Bekanntmachungen seitens des zuständigen Kreditderivate-Entscheidungskomitees erfolgen oder die Berechnungsstelle feststellt, dass kein Maßgeblicher Ereignis-Feststellungstag eintreten kann. In solchen Fällen sollten Anleger beachten, dass sie möglicherweise für mehrere Zinsperioden keine Zinsen erhalten und dass die Emittentin keine Haftung für diese Nichtzahlung von Zinsen übernimmt.

Andernfalls laufen weiterhin wie üblich auf den verbleibenden Teil der Bonitätsabhängigen Schuldverschreibung, der nicht vom Maßgeblichen Bonitätsereignis betroffen ist, Zinsen auf bis zu dem früheren der beiden folgenden Zeitpunkte (ausschließlich): dem Fälligkeitstag, zu dem eine vollständige Rückzahlung erfolgt, oder dem Zeitpunkt, zu dem eine entsprechende vorzeitige Rückzahlung erfolgt. Wenn "Bonitätsabhängige Zahlung am Fälligkeitstag" gilt, fallen auf die Bonitätsabhängigen Schuldverschreibungen in Bezug auf den Betrag der Bonitätsabhängigen Zahlung am Fälligkeitstag zusätzliche Zinsen zum Refinanzierungszinssatz an.

Anleger sollten beachten, dass der Emittentin infolge eines Bonitätsereignisses nicht zwangsläufig ein Verlust entstehen muss. Kreditausfälle im Rahmen von Bonitätsabhängigen Schuldverschreibungen werden unabhängig davon berechnet, ob der Emittentin ein tatsächlicher Verlust in Bezug auf einen

Referenzschuldner oder dessen Verbindlichkeiten entstanden ist. Die Emittentin ist nicht verpflichtet, Rechenschaft über etwaige spätere Rückflüsse in Bezug auf diesen Referenzschuldner oder dessen Verbindlichkeiten abzulegen.

#### *Fälligkeitstagverschiebung*

Anleger sollten beachten, dass in Fällen, in denen die Berechnungsstelle nach billigem Ermessen (§ 317 BGB) feststellt, dass am oder vor dem Fälligkeitstag (i) ein oder mehrere Referenzschuldner (a) einem Bonitätsereignis unterliegen können, (b) wenn "Nachfristverlängerung" anwendbar ist, einer potenziellen Nichtzahlung unterliegen oder unterliegen können, oder (c) wenn "Potenzielle Nichtanerkennung/Potenzielles Moratorium" anwendbar ist, (ii) eine Mitteilung über ein Bonitätsereignis nach dem Fälligkeitstag, innerhalb einer wirksamen Zustellungsfrist, zugestellt werden könnte, was zum Eintreten eines Maßgeblichen Ereignis-Feststellungstags führen kann (iii) ein Antragszeitpunkt auf Entscheidung über Bonitätsereignis nach dem Fälligkeitstag, aber während der Zustellungsfrist für Mitteilungen eintreten könnte, was zum Eintreten eines Maßgeblichen Ereignis-Feststellungstags führen kann; (iv) der letzte Bonitätsereignis-Rückzahlungstag erst nach dem Fälligkeitstag eintritt; oder (v) ein Nichtzahlungsbedingter Ausschlussstag nach dem Fälligkeitstag eintreten kann, wenn ein Nichtzahlungsereignis eingetreten ist, dann wird jede dann ausstehende Bonitätsabhängige Schuldverschreibung nicht am Fälligkeitstag, sondern am Vershobenen Fälligkeitstag zurückgezahlt.

Ist am Fälligkeitstag der Bonitätsabhängigen Schuldverschreibungen ein Betrag (einschließlich einer Zinszahlung) zu zahlen, so wird dieser Betrag am Vershobenen Fälligkeitstag fällig und ist ohne Zinsen oder andere Beträge zu zahlen, die im Hinblick auf die Verschiebung der Zahlung dieses Betrags zu zahlen sind.

#### *Nachfolger*

Anleger sollten beachten, dass der Referenzschuldner nach Festsetzung von Nachfolgern des Referenzschuldners möglicherweise gelegentlich Änderungen unterliegt und dass die Bonität solcher Nachfolger Auswirkungen auf den Wert und die Rendite der Bonitätsabhängigen Schuldverschreibungen haben kann.

Gemeinhin bezeichnet "**Nachfolger**" ggf. den bzw. die Rechtsträger, bei denen festgestellt wird, dass sie als Nachfolger in einen erforderlichen Betrag der maßgeblichen Verbindlichkeiten des Referenzschuldners eingetreten sind. Bei einem Staat als Referenzschuldner kann ein Nachfolger auf einen Referenzschuldner, bei dem es sich um einen Staat handelt, nur nach Vereinigung, Annektierung, Abspaltung, Teilung, Auflösung, Zusammenschluss, Neukonstituierung oder einem anderen ähnlichen Ereignis folgen.

Die Berechnungsstelle ist nach Kenntniserlangung von einer Nachfolge so bald wie angemessenerweise möglich, nachdem sie Kenntnis von dieser Nachfolge hat, dafür verantwortlich, den Staat oder das Unternehmen, der bzw. das als Nachfolger infrage kommt (sofern vorhanden), zu bestimmen. Die Bedingungen für Bonitätsabhängige Schuldverschreibungen sehen für den Fall, dass ein Referenzschuldner mehr als einen Nachfolger hat, vor, dass die Berechnungsstelle die Bedingungen für die Bonitätsabhängigen Schuldverschreibungen ohne Zustimmung der Anleger ändert, um dem Umstand Rechnung zu tragen, dass der betreffende Referenzschuldner von mehr als einem Nachfolger abgelöst wurde, und dass für die Zwecke der Berechnung der betreffende Nennbetrag, der für diesen Referenzschuldner steht, den Nachfolgern gleichmäßig zugeteilt wird. Nach einer solchen Feststellung bleiben die Bonitätsabhängigen Schuldverschreibungen in Höhe des ausstehenden Gesamtnennbetrags ausstehend und dieser Betrag wird entsprechend den Anpassungen, die von der Berechnungsstelle nach billigem Ermessen (§ 317 BGB) in wirtschaftlich angemessener Weise festgelegt werden, um den wirtschaftlichen Auswirkungen der Bestimmung von mehr als einem Nachfolger Rechnung zu tragen, insgesamt verzinst. Anleger sollten beachten, dass die Bonitätsabhängige Schuldverschreibung nach Festsetzung eines oder mehrerer Rechtsnachfolger mit Bonitätsrisiken verbunden sein kann, die sich wesentlich von den vorherigen

unterscheiden. Diese Bonitätsrisiken könnten unter Umständen größer oder kleiner sein als das Bonitätsrisiko des anfänglichen Referenzschuldners. Anleger sollten sich auch darüber im Klaren sein, dass die Festsetzung eines Nachfolgers nicht notwendigerweise dazu führt, dass der Nachfolger die betreffende Verbindlichkeit übernimmt bzw. diese im gleichen Verhältnis übernimmt wie bei Zuteilung des Nennbetrags der anfänglichen Bonitätsabhängigen Schuldverschreibung. Derartige Änderungen der Bonitätsabhängigen Schuldverschreibungen könnten sich nachteilig auf den Wert der Bonitätsabhängigen Schuldverschreibungen auswirken.

*Risiko des Eintritts von Bonitätsereignissen und Nachfolgen vor dem Handelstag oder Ausgabetag*

Der Rückwirkungszeitpunkt bei Bonitätsereignis stellt den ersten Tag des Kreditabsicherungszeitraums für eine Serie von Bonitätsabhängigen Schuldverschreibungen dar. Der Rückwirkungszeitpunkt bei Bonitätsereignis wird in den anwendbaren Endgültigen Bedingungen als der Ausgabetag, der Handelstag oder eine Anzahl von Kalendertagen vor dem Handelstag angegeben. **Der Rückwirkungszeitpunkt bei Bonitätsereignis kann auf einen Zeitpunkt vor dem Handelstag festgelegt werden.**

**Anleger sollten demnach beachten, dass ein Bonitätsereignis, das vor dem Handelstag oder dem Ausgabetag eintritt, dazu führen kann, dass ein Bonitätsereignis im Rahmen der Bonitätsabhängigen Schuldverschreibungen ausgelöst wird.**

Anleger sollten ferner beachten, dass dies nicht der Fall ist, wenn in den Bedingungen für Bonitätsabhängige Schuldverschreibungen als Rückwirkungszeitpunkt bei Bonitätsereignis ausdrücklich der Handelstag oder der Ausgabetag angegeben ist. Bonitätsabhängige Schuldverschreibungen sind möglicherweise auch dem Risiko ausgesetzt, dass Festsetzungen eines Nachfolgers in Bezug auf Ereignisse erfolgen, die vor dem Handelstag oder Ausgabetag eintreten, da die Bonitätsabhängigen Schuldverschreibungen einen ähnlichen Rückwirkungszeitpunkt haben (als "**Rückwirkungszeitpunkt bei Nachfolgerbestimmung**" bezeichnet), wobei es sich um einen Rückbetrachtungszeitraum von 90 Kalendertagen vor dem Zeitpunkt eines Antrags auf Einberufung des zuständigen Kreditderivate-Entscheidungskomitees (bzw. dem Wirksamkeitszeitpunkt einer Mitteilung an den Anleger, in der die betreffende Nachfolge beschrieben wird, sofern zutreffend) handelt, der für die Zwecke einer Festsetzung eines Nachfolgers gilt. In beiden Fällen sollten Anleger beachten, dass ein Bonitätsereignis oder eine Nachfolge, die vor dem Handelstag oder dem Ausgabetag eingetreten ist, Auswirkungen auf die betreffenden Bonitätsabhängigen Schuldverschreibungen haben könnte. In Bezug auf eine Serie von Bonitätsabhängigen Schuldverschreibungen, bei denen eine Gesellschaft am oder nach dem 1. Januar 2014 sämtliche Verbindlichkeiten (einschließlich mindestens eine maßgebliche Verbindlichkeit) eines Referenzschuldners, der kein Staat ist, übernimmt, in einer Situation, in der der Referenzschuldner erloschen ist oder sich in einem Prozess zu dessen Auflösung befindet und zu jeglichem Zeitpunkt seit dem Tag der rechtlichen Wirksamkeit der Übernahme keine Verpflichtungen zu aufgenommenen Mitteln begeben hat oder eingegangen ist (die betreffende Gesellschaft, ein "**Gesamtrechtsnachfolger**"), gilt der Rückbetrachtungszeitraum von 90 Kalendertagen nicht.

Anleger sollten selbst unter Nutzung öffentlich verfügbarer Informationen eine Prüfung vornehmen, ob aktuelle Entwicklungen in Bezug auf einen oder mehrere Referenzschuldner eingetreten sind. Wurde vor dem Handelstag oder Ausgabetag ein Antrag auf Einberufung eines Kreditderivate-Entscheidungskomitees gestellt, das festzustellen soll, ob ein Bonitätsereignis oder eine Festsetzung eines Nachfolgers in Bezug auf einen Referenzschuldner eingetreten ist, können die Einzelheiten des Antrags auf der Website des EK-Sekretärs unter <https://www.cdsdeterminationscommittees.org/> (oder einer Nachfolge-Website) eingesehen werden. Ist am Handelstag oder Ausgabetag noch kein Kreditderivate-Entscheidungskomitee einberufen worden, das über die Angelegenheit entscheiden soll, sollten Anleger beachten, dass ein solches auch nach dem Handelstag oder Ausgabetag im Hinblick auf ein eingetretenes Ereignis einberufen werden kann, wenn dieses bis zu 60 Tage (bei einem Bonitätsereignis), 90 Tage (bei Festsetzung eines Nachfolgers) oder zu einem beliebigen Zeitpunkt (bei Festsetzung eines Gesamtrechtsnachfolgers, falls zutreffend) vor dem Tag

des Antrags auf Einberufung des Kreditderivate-Entscheidungskomitees zur Vornahme der betreffenden Feststellungen eintritt. Ebenso ist es möglich, dass Bonitätsereignisse und Nachfolgen eintreten, jedoch ohne dass diese Ereignisse, vorbehaltlich etwaiger weiterer Maßnahmen der Berechnungsstelle (sofern zutreffend), Auswirkungen auf die betreffenden Bonitätsabhängigen Schuldverschreibungen haben, wenn entsprechende Fragestellungen nicht innerhalb der erforderlichen Frist gegenüber dem Kreditderivate-Entscheidungskomitee geäußert werden, damit eine Einstufung als Bonitätsereignis oder geeignete Nachfolge vorgenommen wird.

#### *Referenzverbindlichkeiten im Rahmen der Bonitätsabhängigen Schuldverschreibungen*

Die Referenzverbindlichkeit ist die für den betreffenden Referenzschuldner in den anwendbaren Endgültigen Bedingungen festgelegte Verbindlichkeit. Wenn bestimmte Ersetzungsereignisse in Bezug auf diese Referenzverbindlichkeiten eintreten, wird die Berechnungsstelle versuchen, diese gemäß den in den Bonitätsabhängigen Schuldverschreibungen festgelegten Kriterien und Bedingungen zu ersetzen.

Ist in den Endgültigen Bedingungen eine Nur-Referenzverbindlichkeit-Serie als anwendbar angegeben, werden die Bonitätsabhängigen Schuldverschreibungen vorzeitig ohne Ersetzung der Referenzverbindlichkeit zurückgezahlt, wenn eine vollständige Rückzahlung der Referenzverbindlichkeit erfolgt; andernfalls ist jedoch keine Ersetzung erforderlich, wenn sich die Gesamtbeträge im Rahmen der besagten Verbindlichkeit reduziert haben oder es sich nicht mehr um eine Verbindlichkeit des Referenzschuldners handelt.

#### *Rückzahlung bei Auktion nach einem Bonitätsereignis*

Wenn "Rückzahlung bei Auktion" für die Bonitätsabhängigen Schuldverschreibungen gilt, werden die im Rahmen der Bonitätsabhängigen Schuldverschreibungen zu zahlenden Beträge auf der Grundlage des Endkurses bestimmt, der gemäß dem in den maßgeblichen Kreditderivate-Auktions-Abwicklungsbedingungen (zu diesem Zeitpunkt abrufbar unter <https://www.cdsdeterminationscommittees.org/> (oder einer Nachfolge-Website)) festgelegten Auktionsverfahren ermittelt wird. In Bezug auf festgelegte Verbindlichkeiten des jeweiligen Referenzschuldners tritt, sofern das Kreditderivate-Entscheidungskomitee festlegt, dass eine anwendbare Auktion durchgeführt wird, ein Auktions-Endkurs-Feststellungstag ein. Kreditverluste, die im Rahmen eines Marktauktionsverfahrens ermittelt werden, können höher oder niedriger sein als die Verluste, die ohne die Auktion ermittelt worden wären. Insbesondere kann das Auktionsverfahren durch technische Faktoren oder operationelle Fehler, die andernfalls nicht auftreten würden, beeinträchtigt werden oder Gegenstand tatsächlicher oder versuchter Manipulationen sein. Der bzw. die in den Auktions-Abwicklungsbedingungen angegebenen Verwalter führen die Auktionen durch. Für die Anleger besteht das Risiko, dass ein im Rahmen einer Auktion ermittelter Endkurs bei einer Verbindlichkeit des Referenzschuldners zu einem niedrigeren Rückzahlungswert führt, als dies bei Ermittlung dieses Endkurses mit alternativen Methoden der Fall gewesen wäre.

Darüber hinaus kann das Kreditderivate-Entscheidungskomitee die Form der Auktions-Abwicklungsbedingungen für eine bestimmte Auktion ändern. Das EK-Regelwerk sieht bestimmte Änderungen durch Beschluss eines einberufenen Kreditderivate-Entscheidungskomitees vor. Andere Änderungen können vorbehaltlich einer öffentlichen Kommentierungsfrist erfolgen; gemäß dem EK-Regelwerk kann das Kreditderivate-Entscheidungskomitee jedoch durch qualifizierten Mehrheitsbeschluss auf eine öffentliche Kommentierungsfrist verzichten. Dementsprechend kann nicht garantiert werden, dass für die Kreditderivate-Auktions-Abwicklungsbedingungen für eine bestimmte Auktion ähnliche Bedingungen gelten wie für die Form der Auktions-Abwicklungsbedingungen oder die Bedingungen früherer Auktionen.

Handelt es sich bei dem einzigen maßgeblichen Bonitätsereignis um eine Restrukturierung, können in Bezug auf den Referenzschuldner und dieses Bonitätsereignis mehrere gleichzeitige, aber getrennte Auktionen stattfinden. Der Auktions-Abwicklungsbetrag kann auf dem Preis einer oder mehrerer Verbindlichkeiten des Referenzschuldners beruhen, die einen anderen Endfälligkeitstag als die restrukturierte Verbindlichkeit haben.

Obwohl grundsätzlich davon ausgegangen werden kann, dass für Referenzschuldner, die auf den Kreditmärkten in großem Umfang gehandelt werden, Auktionen durchgeführt werden, kann nicht garantiert werden, dass für künftige Bonitätsereignisse eine Auktion durchgeführt wird oder dass die Auktion, falls sie durchgeführt wird, zur Feststellung eines Auktions-Endkurses führt. Wird keine Auktion durchgeführt oder führt eine Auktion nicht zur Feststellung eines Auktions-Endkurses (was der Fall sein könnte, wenn eine Auktion vom Kreditderivate-Entscheidungskomitee abgesagt wird, weil beispielsweise nicht die erforderliche Anzahl von Erstangeboten eingeholt werden konnte) und ist "Rückzahlung bei Auktion" auf die Bonitätsabhängigen Schuldverschreibungen anwendbar, so gilt die Fallback-Rückzahlungsmethode, d. h. Rückzahlung mit Barbetrag. Im Falle einer solchen Rückzahlung mit Barbetrag wird der Endkurs nach der für die Bonitätsabhängigen Schuldverschreibungen festgelegten Bewertungsmethode ermittelt.

Anleger sollten die in Bezug auf die jeweiligen Bonitätsabhängigen Schuldverschreibungen angegebenen Wahlmöglichkeiten und die vorstehend beschriebenen Umstände und/oder Ereignisse, die sich auf den Wert und die Rendite der Bonitätsabhängigen Schuldverschreibungen auswirken können, sorgfältig beurteilen und verstehen.

#### *Rückzahlung mit Barbetrag nach einem Bonitätsereignis*

Wenn "Rückzahlung mit Barbetrag" für die Bonitätsabhängigen Schuldverschreibungen gilt, muss die Berechnungsstelle nach dem Eintritt eines Bonitätsereignisses gemäß den Bedingungen der Bonitätsabhängigen Schuldverschreibungen Quotierungen für ausgewählte Verbindlichkeiten des Referenzschuldners einholen. Anleger sollten sich darüber im Klaren sein, dass diese Verbindlichkeiten möglicherweise nicht mehr bestehen und keine qualifizierten Ersatzverbindlichkeiten bestimmt wurden, dass solche Quotierungen möglicherweise nicht verfügbar sind oder dass die Höhe der Quotierungen aufgrund der Illiquidität der betreffenden Märkte oder aufgrund anderer Faktoren als dem Bonitätsrisiko des Referenzschuldners (z. B. Liquiditätsengpässe bei Markthändlern) erheblich reduziert sein kann. Darüber hinaus kann der Marktwert der Verbindlichkeiten eines Referenzschuldners in der Zeit nach einem Bonitätsereignis sehr volatil sein. Dementsprechend können die auf diese Weise eingeholten Quotierungen deutlich unter dem Wert der betreffenden Verbindlichkeit liegen, der beispielsweise anhand des Barwerts der damit verbundenen Cashflows oder des Werts, den eine Partei erzielen könnte, wenn sie eine Verfügung über die Verbindlichkeiten treffen könnte, ermittelt würde. Ferner kann es sein, dass der Preis der ausgewählten Verbindlichkeiten des Referenzschuldners mit null angenommen wird, falls keine Quotierungen verfügbar sind. Zudem erfolgt die Feststellung der Bewertung der ausgewählten Verbindlichkeiten zu einem bestimmten Feststellungstag, sodass der Rückzahlungspreis, der bei einem Verlustbetrag oder angefallenen Verlustbetrag, die einem Anleger nach Eintritt eines Bonitätsereignisses entstehen würden, zugrunde gelegt würde, den Wert der betreffenden Verbindlichkeiten zu einem bestimmten Zeitpunkt widerspiegelt. Somit kann ein Anleger aufgrund des Risikos erlittener Verluste oder Kapitalabschreibungen letztlich schlechter gestellt sein als ein Inhaber von Schuldtiteln des Referenzschuldners, sei es nach Durchsetzung von Rechten nach einem Ausfall oder Erhalt von Ausschüttungen nach einer Insolvenz oder aus anderen Gründen.

Darüber hinaus kann ein Vermögenswertpaket, für das Quotierungen eingeholt werden, schwer zu bewertende Vermögenswerte enthalten, für die eine Bewertungsmethodik nicht ohne Weiteres verfügbar oder geeignet ist, was mit einem geringeren Wert der Quotierungen oder geringerer Verfügbarkeit von Quotierungen, die andernfalls eventuell eingeholt worden wären, verbunden sein kann. Folglich sollten Anleger beachten, dass die auf diese Weise eingeholten Quotierungen deutlich unter dem Wert der

betreffenden Verbindlichkeit (bzw. des betreffenden Vermögenswertpakets) liegen können, der beispielsweise anhand des Barwerts der damit verbundenen Cashflows oder des Werts, den eine Partei erzielen könnte, wenn sie eine Verfügung über die Verbindlichkeiten treffen könnte, ermittelt würde.

*Bei Rückzahlung mit Fester Rückzahlung kann ein Festrückzahlungspreis gelten*

Wenn "Rückzahlung mit Fester Rückzahlung" für die Bonitätsabhängigen Schuldverschreibungen gilt und der Bonitätsereignis-Rückzahlungsbetrag der Bonitätsabhängigen Schuldverschreibungen anhand eines Festrückzahlungspreises der Verbindlichkeiten eines oder mehrerer Referenzschuldner berechnet wird, kann der Eintritt eines Bonitätsereignisses dazu führen, dass die Rückzahlung erheblich niedriger ist als der allgemein übliche Preis der betreffenden Verbindlichkeiten des maßgeblichen Referenzschuldners. Anleger sollten beachten, dass die Rückzahlung zu einem Festrückzahlungsprozentsatz von null Prozent erfolgen kann, wenn dies in den Endgültigen Bedingungen entsprechend festgelegt ist.

Beträgt der Festrückzahlungsprozentsatz nach Eintritt eines Maßgeblichen Ereignis-Feststellungstags null, so ist mit Eintritt des Barrückzahlungstags oder des Endgültigen Barrückzahlungstags die Verpflichtung der Emittentin zur Rückzahlung der jeweiligen Bonitätsabhängigen Schuldverschreibungen vollumfänglich und wirksam erfüllt. Anleger sollten sich darüber im Klaren sein, dass bei einem Festrückzahlungsprozentsatz von null der Verlustbetrag in Bezug auf den Betroffenen Referenzschuldner 100 Prozent beträgt und dementsprechend keine Rückzahlungsbeträge an die Wertpapierinhaber zu zahlen sind. Anleger tragen somit den Verlust des von ihnen eingesetzten Kapitals.

*Keine vorzeitige Rückzahlung und kein Wegfall der Geschäftsgrundlage*

Anleger sollten beachten, dass aus dem alleinigen Grund, dass der Referenzschuldner am Handelstag oder Ausgabetag nicht besteht oder am oder nach dem Handelstag oder Ausgabetag erlischt oder Verbindlichkeiten oder die Referenzverbindlichkeiten am Handelstag oder Ausgabetag nicht bestehen bzw. am oder nach dem Handelstag oder Ausgabetag erlöschen, keine vorzeitige Rückzahlung der Bonitätsabhängigen Schuldverschreibungen erfolgt und kein Wegfall der Geschäftsgrundlage eintritt. Entsprechend sollten Anleger vor dem Erwerb der Bonitätsabhängigen Schuldverschreibungen eigene Nachforschungen über das Bestehen eines Referenzschuldners und/oder der entsprechenden Verbindlichkeiten vornehmen, um sicherzustellen, dass das Engagement in den jeweiligen Referenzschuldner mit den Zielen des Anlegers übereinstimmt.

*Fusionsereignisse und vorzeitige Rückzahlung in bestimmten Fällen*

Wenn in den anwendbaren Endgültigen Bedingungen "Rückzahlung nach Fusion" als anwendbar angegeben ist, sollten Anleger beachten, dass die Bonitätsabhängigen Schuldverschreibungen von der Emittentin vorzeitig zurückgezahlt werden können, wenn sie oder die Berechnungsstelle feststellt, dass sich die Emittentin oder ein Referenzschuldner mit einem Referenzschuldner bzw. der Emittentin (wie jeweils zutreffend) zusammenschließt, fusioniert bzw. sich auf diesen bzw. diese verschmilzt oder das gesamte oder im Wesentlichen gesamte eigene Vermögen auf einen Referenzschuldner bzw. die Emittentin (wie jeweils zutreffend) überträgt oder die Emittentin und ein Referenzschuldner Verbundene Unternehmen werden. Entsprechend führt ein Fusionsereignis dazu, dass die betreffenden Bonitätsabhängigen Schuldverschreibungen ganz oder teilweise zum Fusions-Rückzahlungsbetrag zurückgezahlt werden.

Wird eine Referenzverbindlichkeit in Bezug auf eine Referenzverbindlichkeit für eine Serie von Bonitätsabhängigen Schuldverschreibungen in Bezug auf einen Referenzschuldner, auf die "Nur Referenzverbindlichkeit" Anwendung findet, in voller Höhe zurückgezahlt, sollten Anleger beachten, dass die betreffenden Bonitätsabhängigen Schuldverschreibungen ganz oder teilweise zum Ersetzungsereignis-Rückzahlungsbetrag zurückgezahlt werden.

Wenn die Bonitätsabhängigen Schuldverschreibungen in den vorstehend beschriebenen Fällen auf diese Weise vorzeitig zurückgezahlt werden, zahlt die Emittentin den Anlegern als Inhaber dieser Schuldverschreibungen einen in den Allgemeinen Bedingungen oder den Bedingungen für Bonitätsabhängige Schuldverschreibungen festgelegten Betrag oder einen anderen in den anwendbaren Endgültigen Bedingungen festgelegten Betrag (oder festgelegte Methode zur Berechnung des Betrags). Es kann nicht garantiert werden, dass der an einen Anleger zurückgezahlte Betrag der ursprünglichen Anlage in die betreffenden Bonitätsabhängigen Schuldverschreibungen entspricht oder diese übersteigt, und dieser Betrag kann wesentlich geringer als die ursprüngliche Anlage sein.

#### *Keine Berücksichtigung Maßgeblicher Bonitätsereignisse*

Wenn ein Maßgebliches Bonitätsereignis unmittelbar nach einem Ereignis eintritt, das eine vorzeitige Rückzahlung der Bonitätsabhängigen Schuldverschreibungen auslöst, wird der Eintritt des Maßgeblichen Bonitätsereignisses außer Acht gelassen (sofern nicht bereits eine vollständige Rückzahlung und Entwertung der betreffenden Bonitätsabhängigen Schuldverschreibungen erfolgt ist) und der an die Wertpapierinhaber zu zahlende Vorzeitige Rückzahlungsbetrag oder Optionale Rückzahlungsbetrag wird ausschließlich auf Grundlage des Ereignisses, das eine vorzeitige Rückzahlung der Bonitätsabhängigen Schuldverschreibungen auslöst, festgelegt.

## **8. Zustimmung**

### **Gemäß Artikel 5 Abs. 1 der Prospektverordnung erteilte Zustimmung (Retail Cascades)**

In Zusammenhang mit einem Nichtbefreiten Angebot solcher Wertpapiere sind die Emittentin, die CGMHI-Garantiegeberin (wenn die Emittentin CGMHI ist) und die CGMFL-Garantiegeberin (wenn die Emittentin CGMFL ist) in den Jurisdiktionen, auf die sich die Zustimmung zur Verwendung des Basisprospekts erstreckt, gemäß Artikel 11 der Prospektverordnung verantwortlich für den Inhalt dieses Basisprospekts gegenüber jeglicher Person (ein "**Anleger**"), die Wertpapiere im Rahmen eines Nichtbefreiten Angebots erwirbt, das seitens einer Person gemacht wird, der die Emittentin die Zustimmung zur Nutzung dieses Basisprospekts in diesem Zusammenhang erteilt hat (ein "**Zugelassener Anbieter**"), vorausgesetzt dass der Zugelassene Anbieter die mit der Zustimmung verbundenen Bedingungen beachtet. Die Zustimmung und die mit ihr verbundenen Bedingungen werden im Folgenden unter "*Zustimmung*" und "*Allgemeine Bedingungen für die Zustimmung*" beschrieben.

Weder die Emittentin noch die CGMHI-Garantiegeberin (wenn die Emittentin CGMHI ist) oder die CGMFL-Garantiegeberin (wenn die Emittentin CGMFL ist) oder ein Vertriebspartner geben eine Zusicherung hinsichtlich der Einhaltung geltender Wohlverhaltensregeln oder sonstiger geltender aufsichtsrechtlicher oder wertpapierrechtlicher Anforderungen durch den Zugelassenen Anbieter in Bezug auf ein Nichtbefreites Angebots ab und weder die Emittentin noch die CGMHI-Garantiegeberin (bei der die Emittentin CGMHI ist) oder die CGMFL-Garantiegeberin (bei der die Emittentin CGMFL ist) oder ein Vertriebspartner haften oder sind verantwortlich für die Handlungen des Zugelassenen Anbieters.

Außer wie nachstehend vorgesehen, haben weder die Emittentin noch die CGMHI-Garantiegeberin (wenn die Emittentin CGMHI ist) oder die CGMFL-Garantiegeberin (wenn die Emittentin CGMFL ist) oder ein Vertriebspartner gestattet, dass ein Nichtbefreites Angebot von jeglichem Anbieter gemacht wird und hat die Emittentin der Nutzung dieses Basisprospekts durch andere Personen in Zusammenhang mit einem Nichtbefreiten Angebot der Wertpapiere nicht zugestimmt. Die Vornahme eines Nichtbefreiten Angebots ohne die Zustimmung der Emittentin ist unzulässig und weder die Emittentin noch die CGMHI-Garantiegeberin (wenn die Emittentin CGMHI ist) oder die CGMFL-Garantiegeberin (wenn die Emittentin CGMFL ist) oder ein Vertriebspartner haften oder sind verantwortlich für Handlungen von Personen, die ein solches unzulässiges Angebot machen. Sofern einem Anleger in Zusammenhang mit einem Nichtbefreiten Angebot Wertpapiere seitens einer Person angeboten werden, die kein Zugelassener Anbieter ist, sollte der Anleger bei dieser Person nachfragen, ob jemand in Zusammenhang mit dem Nichtbefreiten Angebot für die Zwecke des Artikels 11 der Prospektverordnung für den Basisprospekt verantwortlich ist und, wenn dies der Fall ist, wer diese Person ist. Sofern der Anleger Zweifel hat, ob er sich auf diesen Basisprospekt berufen kann und/oder wer für dessen Inhalt verantwortlich ist, sollte er Rechtsberatung einholen.

## **Zustimmung**

Die Emittentin stimmt der Nutzung des Basisprospekts in dem Umfang und zu den etwaigen Bedingungen, wie in den jeweiligen Endgültigen Bedingungen angegeben, zu und übernimmt die Haftung für den Inhalt des Basisprospekts auch hinsichtlich einer späteren Weiterveräußerung oder endgültigen Platzierung von Wertpapieren durch Finanzintermediäre, die die Zustimmung zur Verwendung des Prospekts erhalten haben. Die Zustimmung zur Verwendung des Basisprospekts gilt für den Zeitraum der Gültigkeit des Basisprospekts. Die Zustimmung kann, wie jeweils in den Endgültigen Bedingungen festgelegt, allen Finanzintermediären (generelle Zustimmung) oder nur einem oder mehreren Finanzintermediären (jeder ein Zugelassener Anbieter) (individuelle Zustimmung) erteilt werden und gilt für Österreich, Kroatien, Deutschland, Irland und Luxemburg (jeweils eine "**Rechtsordnung des Öffentlichen Angebots**"), wie jeweils in den Endgültigen Bedingungen festgelegt. Die vorstehende Zustimmung erfolgt vorbehaltlich der Einhaltung der für die Wertpapiere geltenden Verkaufsbeschränkungen und aller jeweils anwendbaren gesetzlichen Vorschriften. Die Zustimmung zur späteren Weiterveräußerung oder endgültigen Platzierung der Wertpapiere durch Finanzintermediäre wird entweder für die Dauer der Gültigkeit des Basisprospekts oder für einen anderen Zeitraum, wie jeweils in den Endgültigen Bedingungen festgelegt, erteilt. Jeder Finanzintermediär ist verpflichtet, den Basisprospekt potenziellen Anlegern nur zusammen mit etwaigen Nachträgen (sofern vorhanden) auszuhändigen.

**Falls ein Finanzintermediär ein Angebot macht, wird dieser Finanzintermediär die Anleger zum Zeitpunkt der Angebotsvorlage über die Angebotsbedingungen, wie in den Endgültigen Bedingungen angegeben, unterrichten.**

**Sofern die jeweiligen Endgültigen Bedingungen bestimmen, dass sämtliche Finanzintermediäre in den Rechtsordnungen des Öffentlichen Angebots die Zustimmung zur Verwendung des Basisprospekts erhalten (generelle Zustimmung), hat jeder den Basisprospekt verwendende Finanzintermediär auf seiner Website anzugeben, dass er den Basisprospekt mit Zustimmung des Emittenten und gemäß den Bedingungen, an die die Zustimmung gebunden ist, verwendet.**

**Sofern die jeweiligen Endgültigen Bedingungen bestimmen, dass ein oder mehrere Finanzintermediär(e) die Zustimmung zur Verwendung des Basisprospekts in den Rechtsordnungen des Öffentlichen Angebots erhalten (individuelle Zustimmung), werden etwaige neue Informationen zu Finanzintermediären, die zum Zeitpunkt der Billigung des Basisprospekts oder gegebenenfalls der Übermittlung der jeweiligen Endgültigen Bedingungen unbekannt waren, auf der Website <https://de.citifirst.com> (auf der jeweiligen Produktseite (abrufbar durch Eingabe der für das Wertpapier relevanten Wertpapierkennung im Suchfunktionsfeld)) bzw. auf der in den maßgeblichen Endgültigen Bedingungen angegebenen Website veröffentlicht.**

"**Öffentliches Angebot**" bezieht sich für diese Zwecke auf die entsprechenden Definitionen in Artikel 3 Buchstaben g und h FIDLEG wie in der ausführenden Finanzdienstleistungsverordnung näher erläutert.

Werden Wertpapiere, welche als Forderungspapiere mit "derivativem Charakter" (wie der Ausdruck unter dem FIDLEG verstanden wird) qualifizieren, in der Schweiz Privatkunden im Sinne des FIDLEG angeboten, muss für diese Wertpapiere ein Basisinformationsblatt für Finanzinstrumente nach Artikel 58 FIDLEG oder Artikel 59 Absatz 2 FIDLEG erstellt und veröffentlicht werden. Nach Artikel 58 Absatz 2 FIDLEG ist kein Basisinformationsblatt für Wertpapiere erforderlich, die für Privatkunden ausschliesslich im Rahmen eines Vermögensverwaltungsvertrags erworben werden dürfen.

Wertpapiere dürfen Privatkunden im Sinne des FIDLEG in der Schweiz nicht angeboten werden, es sei denn, in den anwendbaren Endgültigen Bedingungen ist das "*Verbot des Angebots an Privatkunden in der Schweiz*" angegeben als (i) "*Nicht Anwendbar*" oder, nur für den jeweiligen Zeitraum oder Zeiträume, (ii) "*Anwendbar*" für einen bestimmten Zeitraum oder mehrere Zeiträume. Für diese Zwecke ist ein "Privatkunde" eine Person, die nicht eine (oder mehrere) der folgenden Personen ist: (i) ein professioneller Kunde im Sinne von Artikel 4 Absatz 3 FIDLEG (der nicht auf der Grundlage von Artikel 5 Absatz 5 FIDLEG ein sog. Opting-in erklärt hat) oder (ii) ein institutioneller Kunde im Sinne von Artikel 4 Absatz 4 FIDLEG; oder (iii) ein Privatkunde mit einem Vermögensverwaltungsvertrag gemäss Artikel 58 Absatz 2 FIDLEG.

## **Allgemein**

Eine Änderung der Verkaufsbeschränkungen kann mit Zustimmung der Emittentinnen, der CGMHI-Garantiegeberin, der CGMFL Garantiegeberin und der maßgeblichen Vertriebspartner erfolgen. Eine solche Änderung wird entweder in dem Übernahmevertrag oder der Vertriebspartner-Beitrittserklärung (soweit maßgeblich) oder in einem Nachtrag zu diesem Basisprospekt dargelegt.

Es wurden und werden auch künftig keine Maßnahmen in einer Rechtsordnung ergriffen, die ein öffentliches Angebot der Wertpapiere oder den Besitz oder die Verbreitung dieses Basisprospektes oder sonstiger Angebotsmaterialien oder Endgültigen Bedingungen in einem Land oder einer Rechtsordnung bzw. unter Umständen, in denen diesbezüglich Maßnahmen erforderlich sind und nicht ergriffen wurden, ermöglichen würden. Angebote, Verkäufe, Weiterverkäufe und Lieferungen von Wertpapieren sowie die Verbreitung von Angebotsmaterialien in Bezug auf Wertpapiere dürfen nicht in oder aus einer Rechtsordnung erfolgen, sofern dies nicht unter Umständen geschieht, welche die Einhaltung aller anwendbaren Gesetze und Vorschriften

Jeder Vertriebspartner hat sich dazu verpflichtet, in jeder Rechtsordnung, in der er Wertpapiere kauft, anbietet, verkauft oder liefert, diesen Basisprospekt, andere Angebotsmaterialien oder Endgültige Bedingungen in seinem Besitz hat oder verbreitet, sämtliche einschlägigen Gesetze, Verordnungen und Richtlinien einzuhalten, und zwar in allen Fällen auf eigene Kosten; die Verantwortung hierfür liegt nicht bei den Emittentinnen, der CGMHI-Garantiegeberin oder der CGMFL-Garantiegeberin.

## **ABSCHNITT F.4 – BESTEUERUNG**

### **WARNHINWEIS ZUR BESTEUERUNG**

Die Steuergesetze des Wohnsitzstaats eines potenziellen Käufers von Wertpapieren und der Gründungsstaat der Emittentin, der CGMHI-Garantiegeberin und der CGMFL-Garantiegeberin können die erhaltenen Einkünfte aus den Wertpapieren beeinflussen.

**Potenziellen Käufern der Wertpapiere wird geraten, ihre eigenen Steuerberater im Hinblick auf die Steuerfolgen des Erwerbs, des Eigentums und der Veräußerung der Wertpapiere zurate zu ziehen.**

### **ÜBERLEGUNGEN ZUM ERTRAGSSTEUERRECHT AUF US-BUNDESEBENDE**

Im Folgenden werden bestimmte Ertragsteuerfolgen auf US-Bundesebene zusammengefasst, die relevant sein können, wenn Nicht-US-Anleger (wie nachstehend definiert) Wertpapiere, die für Zwecke des Ertragssteuerrechts auf US-Bundesebene Namenspapiere darstellen Eigentümer solcher Wertpapiere sind oder über solche Wertpapiere verfügen. Diese Zusammenfassung soll keine umfassende Beschreibung aller Steuerfolgen darstellen, die für die Entscheidung eines bestimmten Nicht-US-Anlegers über den Kauf der Wertpapiere relevant sein können, darunter Steuerfolgen, die sich aus Regeln ergeben, die allgemein auf alle Steuerpflichtigen oder auf bestimmte Klassen von Steuerpflichtigen anwendbar sind, oder von denen grundsätzlich anzunehmen ist, dass sie den Anlegern bekannt sind. Beispielsweise geht diese Zusammenfassung nicht auf die Steuerfolgen für Nicht-US-Anleger ein, die möglicherweise einer besonderen Behandlung gemäß dem Ertragsteuerrecht auf US-Bundesebene unterliegen, wie z. B. (i) Nicht-US-Anleger, deren Einkünfte oder Gewinne aus einem Wertpapier tatsächlich mit dem Betreiben eines US-amerikanischen Gewerbes oder Geschäfts in Zusammenhang stehen, (ii) Nicht-US-Anleger, die sich an 183 Tagen oder mehr als 183 Tagen innerhalb eines Steuerjahrs, in dem sie Eigentümer von Wertpapieren sind, in den Vereinigten Staaten aufhalten, oder (iii) Nicht-US-Anleger, bei denen es sich um "beherrschte ausländische Gesellschaften (*controlled foreign corporations*)" oder um "passive ausländische Investmentgesellschaften (*passive foreign investment corporations*)" oder in solche Gesellschaften investierte Anleger handelt.

Diese Zusammenfassung basiert auf den Steuergesetzen der Vereinigten Staaten, einschließlich dem *Internal Revenue Code* von 1986 in seiner jeweils geltenden Fassung (der "**Code**"), bestehende und vorgeschlagene nachgelagerten Verordnungen darunter und Auslegungen des *Codes* und der nachgelagerten Verordnungen durch Gerichte und Verwaltungsstellen in der jeweils zum Datum dieses Prospekts geltenden Fassung. Änderungen der vorstehenden Regelungen könnten sich – möglicherweise rückwirkend – auf die nachstehend beschriebenen Steuerfolgen auswirken. Des Weiteren enthält diese Zusammenfassung keine Beschreibung von Steuerfolgen, die sich aus den Steuergesetzen einer einzelstaatlichen oder lokalen US-Rechtsordnung oder einer ausländischen Rechtsordnung ergeben, oder von anderen Steuern auf US-Bundesebene als Ertragsteuern, und, in einem begrenzten Umfang, Erbschaftssteuern. Potenzielle Käufer der Wertpapiere sollten ihre Steuerberater hinsichtlich der Steuerfolgen auf US-Bundesebene, der einzelstaatlichen Steuerfolgen, der lokalen Steuerfolgen und der ausländischen Steuerfolgen, die sich angesichts ihrer spezifischen persönlichen Situation aus dem Eigentum an und der Veräußerung von Wertpapieren ergeben, konsultieren.

Diese Erörterung geht nicht auf die Steuerfolgen auf US-Bundesebene ein, die sich aus dem Eigentum an einem Basiswert oder der Verfügung über einen Basiswert, den ein Nicht-US-Anleger möglicherweise in Bezug auf ein Wertpapier mit Physischer Lieferung erhält, ergeben. Potenzielle Käufer sollten ihre Steuerberater hinsichtlich der relevanten Steuerfolgen auf US-Bundesebene, die sich aus dem Eigentum an dem Basiswert und der Verfügung über den Basiswert ergeben, konsultieren.

Die Emittentin wird nicht versuchen festzustellen, ob ein Emittent von Aktien, von einem Index zugrunde liegenden Aktien oder von sonstigen Eigenkapitalanteilen, auf die sich ein Wertpapier bezieht, als "US-Immobilien-Holdinggesellschaft (*United States real property holding corporation – USRPHC*)" ("**US-Immobilien-Holdinggesellschaft**") im Sinne von *Section 897* des *Code* zu behandeln ist (einschließlich einer nicht als juristische Person eingetragenen Gesellschaft (*non-corporate entity*), die für die relevanten Zwecke von *Section 897* des *Code* als US-Immobilien-Holdinggesellschaft behandelt wird). Falls ein solcher relevanter Emittent so behandelt wird, könnten sich für einen Nicht-US-Anleger beim Verkauf oder Tausch solch eines Wertpapiers oder bei einer anderweitigen Verfügung über die Wertpapiere bestimmte nachteilige Ertragsteuerfolgen auf US-Bundesebene ergeben. Potenzielle Käufer der Wertpapiere werden dazu angehalten, auf die von dem relevanten Emittenten bei der *Securities and Exchange Commission* oder einer anderen staatlichen Behörde eingereichten Informationen zurückzugreifen und ihre Steuerberater hinsichtlich der möglichen Folgen zu konsultieren, falls ein solcher relevanter Emittent eine US-Immobilien-Holdinggesellschaft ist oder wird.

Für die Zwecke dieses Prospekts bezeichnet der Begriff "**Nicht-US-Anleger**" einen wirtschaftlichen Eigentümer eines Wertpapiers, der für Ertragsteuerzwecke auf US-Bundesebene als eine nicht in den Vereinigten Staaten ansässige ausländische natürliche Person, eine ausländische Kapitalgesellschaft oder eine ausländische Vermögensmasse oder ein ausländisches Treuhandvermögen angesehen wird.

Hält eine Personengesellschaft (einschließlich jeglicher Gesellschaft oder Vereinbarung, die für Ertragsteuerzwecke auf US-Bundesebene als Personengesellschaft behandelt wird) ein Wertpapier, hängt die steuerliche Behandlung eines Gesellschafters der Personengesellschaft im Allgemeinen vom Status des Gesellschafters und von den Aktivitäten der Personengesellschaft ab. Potenzielle Käufer, bei denen es sich um Personengesellschaften handelt, sollten ihre Steuerberater hinsichtlich der Steuerfolgen, die sich für ihre sie und ihre Gesellschafter aus einer Anlage in den Wertpapieren ergeben, konsultieren.

Die Wertpapiere sind nicht zum Kauf durch Personen, bei denen es sich nicht um Nicht-US-Anleger handelt, bestimmt. Die Steuerfolgen auf US-Bundesebene, die sich für eine US-Person aus dem Eigentum an einem Wertpapier oder der Verfügung über ein Wertpapier ergeben, können unter bestimmten Umständen unklar sein oder nachteilig sein.

Diese Erörterung kann durch weitere Erörterungen im Hinblick auf Überlegungen zum Steuerrecht auf US-Bundesebene in den geltenden Endgültigen Bedingungen ergänzt, geändert oder ersetzt werden; potenzielle Käufer werden angehalten, die geltenden Endgültigen Bedingungen zu lesen, bevor sie eine Entscheidung über die Anlage in den jeweiligen Wertpapieren treffen.

## **Von US-Emittenten begebene Wertpapiere**

### ***Als Schuldtitel behandelte Wertpapiere***

Dieser Abschnitt beschreibt bestimmte allgemein anwendbare U.S.-Bundeseinkommensteuerfolgen für Nicht-US-Anleger in Bezug auf von CGMHI (der "**U.S.-Emittentin**") begebene Wertpapiere, die die U.S.-Emittentin für U.S.-Bundeseinkommensteuerzwecke als Schuldtitel zu behandeln beabsichtigt, wie aus der Erklärung unter "*Überlegungen zum US-Steuerrecht*" in den anwendbaren Endgültigen Bedingungen hervorgeht. Es wird grundsätzlich davon ausgegangen, dass die von der U.S.-Emittentin beabsichtigte Behandlung berücksichtigt wird. Potenzielle Käufer der Wertpapiere sollten ihre Steuerberater zu dem Risiko befragen, dass der IRS die Behandlung der Wertpapiere durch die U.S.-Emittentin anfecht. Bestimmte Ausnahmen von diesen allgemeinen Regeln werden nachstehend unter "*Sonstige U.S.-Bundessteuererwägungen für Nicht-US-Anleger*" und "*FATCA*" erörtert, und daher unterliegt diese Erörterung den in diesen Abschnitten enthaltenen Erörterungen und sollte in Verbindung mit diesen gelesen werden.

Zinszahlungen auf ein vom U.S.-Emittenten begebenes Wertpapier sollten nicht der U.S.-Bundesquellensteuer unterliegen, sofern (1) der Nicht-US-Anleger nicht tatsächlich oder faktisch 10 Prozent oder mehr der gesamten kombinierten Stimmrechte aller stimmberechtigten Aktienklassen des U.S.-Emittenten besitzt, (2) der Nicht-US-Anleger nicht (i) eine für US-Bundeseinkommenssteuerzwecke kontrollierte ausländische Gesellschaft, die mit dem U.S.-Emittenten durch Aktienbesitz verbunden ist, oder (ii) eine Bank ist, die Kredite im Rahmen eines Darlehensvertrags vergibt, der im Rahmen ihres gewöhnlichen Geschäftsbetriebs abgeschlossen wurde, (3) eine solche Beteiligung nicht von den Gewinnen, Einkünften oder Wertveränderungen des U.S.-Emittenten abhängig und auch nicht anderweitig von der Definition des Begriffs "Portfoliobeteiligung" gemäß Section 871(h)(4) des Codes ausgeschlossen ist, und (4) der Nicht-US-Anleger eine eidesstattlich unterzeichnete Erklärung vorlegt, in der er bestätigt, dass er eine Nicht-US-Person in Übereinstimmung mit den geltenden Anforderungen ist (im Allgemeinen ein entsprechendes IRS-Formular W-8), oder er bestimmte Anforderungen an den Nachweis erfüllt, dass er eine Nicht-US-Person ist. Ein von einem Nicht-US-Anleger bei der steuerpflichtigen Veräußerung eines Wertpapiers erzielter Gewinn (ausgenommen sind Beträge, die aufgelaufenen Zinsen zuzurechnen sind) unterliegt im Allgemeinen nicht der US-Bundesquellensteuer oder Einkommensteuer.

Wenn die US-Emittentin einen Ersatz für sich selbst bestimmt oder eine andere Änderung an den Wertpapieren eintritt, die dazu führt, dass die Wertpapiere für US-Bundeseinkommensteuerzwecke als neu ausgegeben behandelt werden, wie in *"Von U.S.-Emittenten begebene Wertpapiere – Mögliches steuerpflichtiges Ereignis gemäß Abschnitt 1001 des Codes"* beschrieben, könnte die Behandlung der Wertpapiere nach einem solchen Ereignis von ihrer vorherigen Behandlung abweichen. Sofern nicht ausdrücklich angegeben wird in den vorliegenden Ausführungen davon ausgegangen, dass keine solche fiktive Rücknahme und Neuemission stattgefunden hat.

Wie nachstehend unter *"Sonstige U.S.-Bundessteuererwägungen für Nicht-US-Anleger - Mögliche alternative steuerliche Behandlung einer Anlage in die Wertpapiere"* erörtert, gibt es keine Regelungshoheit hinsichtlich der U.S.-Bundeseinkommensteuerbehandlung von Wertpapieren, die gemäß den Endgültigen Bedingungen von der Emittentin für U.S.-Bundessteuerzwecke als Schuldtitel behandelt werden, die aber nicht unter allen Umständen die Rückgabe der Anlage des Inhabers bei Fälligkeit vorsehen, einschließlich Bonitätsabhängiger Schuldverschreibungen. Die von der US-Emittentin beabsichtigte Behandlung solcher Wertpapiere ist für die IRS nicht bindend, und die IRS könnte ihr widersprechen. Würde ein solches Wertpapier als ein anderes Instrument als ein Schuldtitel behandelt, könnten Zinszahlungen auf das Wertpapier einer Quellensteuer in Höhe von 30 Prozent unterliegen, vorbehaltlich einer Ermäßigung gemäß einem anwendbaren Einkommensteuerabkommen. Soweit sie in Bezug auf solche Wertpapiere als Quellensteuerstelle zuständig ist, beabsichtigt die US-Emittentin derzeit nicht, Zahlungen auf solche Wertpapiere an Nicht-US-Anleger einzubehalten (vorbehaltlich der hierin beschriebenen Bescheinigungsanforderungen und Ausnahmen). Es ist jedoch möglich, dass andere abzugsverpflichtete Zinszahlungen auf diese Wertpapiere einbehalten, und die US-Emittentin kann in Zukunft feststellen, dass sie zu einem solchen Einbehalt verpflichtet ist.

#### ***Nicht als Schuldtitel behandelte Wertpapiere***

Dieser Abschnitt beschreibt bestimmte allgemein anwendbare US-Bundeseinkommenssteuerfolgen für Nicht-US-Anleger in Bezug auf von der US-Emittentin begebene Wertpapiere, die die Emittentin für US-Bundeseinkommenssteuerzwecke als ein anderes Finanzinstrument als einen Schuldtitel zu behandeln beabsichtigt, wie aus der Erklärung unter *"Überlegungen zum US-Steuerrecht"* in den anwendbaren Endgültigen Bedingungen hervorgeht. Es wird grundsätzlich davon ausgegangen, dass die von der U.S.-Emittentin beabsichtigte Behandlung berücksichtigt wird. Bestimmte Ausnahmen von diesen allgemeinen Regeln werden nachstehend unter *"Sonstige U.S.-Bundessteuererwägungen für Nicht-US-Anleger"* und *"FATCA"* erörtert, und daher unterliegt diese Erörterung den in diesen Abschnitten enthaltenen Erörterungen

und sollte in Verbindung mit diesen gelesen werden. Potenzielle Käufer sollten beachten, dass die U.S.-Emittentin nicht verpflichtet ist, zusätzliche Beträge in Bezug auf etwaige U.S.-Bundeseinkommenssteuern zu zahlen, die von der U.S.-Emittentin oder einer anderen Abzugsstelle in Bezug auf Wertpapiere einbehalten werden, die für Zwecke der U.S.-Bundeseinkommenssteuer nicht als Schuldtitel behandelt werden.

Wenn die US-Emittentin einen Ersatz für sich selbst bestimmt oder eine andere Änderung an den Wertpapieren eintritt, die dazu führt, dass die Wertpapiere für Zwecke der US-Bundeseinkommensteuer als neu ausgegeben behandelt werden, wie in *"Von U.S.-Emittenten begebene Wertpapiere – Mögliches steuerpflichtiges Ereignis gemäß Abschnitt 1001 des Codes"* beschrieben, könnte die Behandlung der Wertpapiere nach einem solchen Ereignis von ihrer vorherigen Behandlung abweichen. Sofern nicht ausdrücklich angegeben, wird bei den Ausführungen in diesem Dokument davon ausgegangen, dass keine solche fiktive Rücknahme und Neuemission stattgefunden hat.

*Wertpapiere, die als vorausbezahlte Terminkontrakte oder Optionen behandelt werden*

Im Allgemeinen sollte ein Nicht-US-Anleger, vorbehaltlich der Ausführungen im nächsten Absatz, keiner US-Bundesquellensteuer oder Einkommensteuer in Bezug auf die steuerpflichtige Veräußerung eines Wertpapiers unterliegen, das keine Zahlungen vor Fälligkeit oder vorzeitiger Rückzahlung vorsieht und das für US-Bundeseinkommensteuerzwecke als vorausbezahlter Terminkontrakt oder Option behandelt wird.

In einigen Fällen kann ein Wertpapier Beträge vorsehen, die vor der Fälligkeit festgelegt sind oder anfallen, aber bei Fälligkeit gezahlt werden. In diesem Fall können solche Beträge, die an einen Nicht-US-Anleger gezahlt werden, der Quellensteuer mit einem Satz von 30 Prozent unterliegen. (der im Rahmen eines anwendbaren Einkommensteuerabkommens reduziert werden kann). Selbst wenn die US-Emittentin oder eine anwendbare Quellensteuerstelle solche Beträge im Allgemeinen als von der Quellensteuer befreit behandelt, kann die US-Emittentin oder eine andere zuständige Quellensteuerstelle angesichts der unsicheren Behandlung solcher Beträge von einem Nicht-US-Anleger verlangen, dass er eine eidesstattlich unterzeichnete Erklärung vorlegt, in der er bestätigt, dass er eine Nicht-US-Person in Übereinstimmung mit den geltenden Anforderungen ist (im Allgemeinen ein entsprechendes IRS-Formular W-8), oder dass er bestimmte Anforderungen an den Nachweis erfüllt, dass er eine Nicht-US-Person ist. Potenzielle Käufer sollten sich bezüglich der Behandlung solcher Zahlungen mit ihren Steuerberatern beraten.

*Wertpapiere, die als vorausbezahlte Terminkontrakte oder Optionen mit zugehörigen periodischen Zahlungen behandelt werden*

In Bezug auf Wertpapiere, die als vorausbezahlte Terminkontrakte oder Optionen mit zugehörigen periodischen Zahlungen behandelt werden, beabsichtigt die US-Emittentin, soweit sie für die Einbehaltung von Quellensteuer in Bezug auf die Wertpapiere verantwortlich ist, die periodischen Zahlungen als mit einem Satz von 30 Prozent einbehalten zu behandeln, es sei denn, der Nicht-US-Inhaber legt ein ordnungsgemäß ausgefülltes und angemessenes IRS-Formular W-8 vor, in dem er die Berechtigung zur Ermäßigung oder Befreiung von der Einbehaltung gemäß einem anwendbaren Einkommensteuerabkommen geltend macht. Ein Nicht-US-Anleger sollte im Allgemeinen keiner US-Bundesquellensteuer oder Einkommensteuer in Bezug auf die steuerpflichtige Veräußerung eines Wertpapiers unterliegen (obwohl jeder Betrag, den er in Bezug auf eine periodische Zahlung erhält, als einbehaltungspflichtig behandelt werden kann). Sofern in den maßgeblichen Endgültigen Bedingungen nicht anders angegeben, gilt diese Erörterung auch für ein Wertpapier, das nichtperiodische Zahlung(en) vor Fälligkeit oder vorzeitiger Rückzahlung vorsieht.

*Wertpapiere, die als Verkaufsoptionen und Einlagen behandelt werden*

Ein Nicht-US-Anleger sollte im Allgemeinen nicht der US-Bundesquellensteuer oder Einkommensteuer in Bezug auf Beträge unterliegen, die auf ein als Verkaufsoption und Einlage behandeltes Wertpapier gezahlt werden, solange die Anforderungen im zweiten Absatz unter *"Von U.S.-Emittenten begebene Wertpapiere – Als Schuldtitel behandelte Wertpapiere"* erfüllt sind. Während die US-Emittentin derzeit nicht beabsichtigt,

Zahlungen an Nicht-US-Anleger auf Wertpapiere, die als Verkaufsoptionen und Einlagen behandelt werden, einzubehalten (sofern diese Voraussetzungen erfüllt sind), können andere Personen, die für die Einbehaltung von Steuern in Bezug auf die Wertpapiere verantwortlich sind, angesichts der unsicheren Behandlung der Wertpapiere einen Teil oder die Gesamtheit jeder periodischen Zahlung auf ein Wertpapier als quellensteuerpflichtig mit einem Satz von 30 Prozent behandeln (der im Rahmen eines anwendbaren Einkommensteuerabkommens reduziert werden kann). Darüber hinaus ist es möglich, dass die U.S.-Emittentin in Zukunft bestimmt, dass sie die periodischen Zahlungen auf die Wertpapiere mit einem Satz von 30 Prozent (vorbehaltlich einer Reduzierung gemäß einem anwendbaren Einkommensteuerabkommen) einbehält. Ein Nicht-US-Anleger sollte im Allgemeinen keiner US-Bundesquellensteuer oder Einkommensteuer in Bezug auf die steuerpflichtige Veräußerung eines Wertpapiers unterliegen (mit Ausnahme von Beträgen, die einer aufgelaufenen periodischen Zahlung zuzuordnen sind, die oben erörtert werden).

#### ***Mögliches steuerpflichtiges Ereignis gemäß Abschnitt 1001 des Codes***

Wenn (i) ein Anpassungsereignis eintritt, einschließlich, aber nicht beschränkt auf die Ersetzung des Basiswerts, (ii) eine Änderung der Methode, nach der ein Index berechnet wird, (iii) eine Änderung der Bestandteile eines Index, (iv) ein sonstiger Umstand, der zu einer wesentlichen Änderung des Basiswerts oder eines Kurses führt, auf den ein Wertpapier Bezug nimmt, (v) eine Umdenominierung, (vi) die Emittentin bestimmt einen Ersatz für sich selbst oder (vii) einen anderen Umstand, der zu einer wesentlichen Änderung der Bedingungen eines Wertpapiers führt, ist es möglich, dass die Wertpapiere für Zwecke der US-Bundeseinkommensteuer ganz oder teilweise als zurückgezogen und neu begeben behandelt werden. Die Behandlung der Wertpapiere nach einem solchen Ereignis, einschließlich der Folgen der Quellensteuer, könnte von ihrer vorherigen Behandlung abweichen. Potenzielle Käufer sollten sich hinsichtlich des Risikos eines solchen Ereignisses mit ihren Steuerberatern beraten.

#### **Von der Nicht-US-Emittentin begebene Wertpapiere**

Im Fall von Wertpapieren, die von CGMFL (der "**Nicht-US-Emittentin**") begeben werden, beabsichtigt die Nicht-US-Emittentin derzeit, vorbehaltlich der nachstehenden Ausführungen unter "*Sonstige U.S.-Bundessteuererwägungen für Nicht-US-Anleger*", Zahlungen in Bezug auf diese Wertpapiere als nicht der U.S.-Bundesquellensteuer unterliegend zu behandeln.

#### ***Sonstige U.S.-Bundessteuererwägungen für Nicht-US-Anleger***

Soweit nicht anders angegeben gelten die Ausführungen in diesem Abschnitt für alle Wertpapiere, die entweder von der Nicht-US-Emittentin oder von der US-Emittentin begeben werden.

#### ***Mögliche alternative steuerliche Behandlungen einer Anlage in die Wertpapiere***

Abhängig von den mit einem bestimmten Angebot von Wertpapieren zusammenhängenden Tatsachen und Umständen ist es möglich, dass die US-Bundessteuerbehörde (*U.S. Internal Revenue Service*, der "**IRS**") die Wertpapiere anders als erwartet behandelt.

Wenn ein von einem US-Emittenten begebenes Wertpapier, das von der Emittentin als Schuldtitel behandelt wird, ganz oder teilweise in ein anderes Finanzinstrument als ein Schuldtitel umqualifiziert würde, könnten bestimmte Zahlungen an einen Nicht-US-Anleger so behandelt werden, als unterlägen sie der US-Bundesquellensteuer oder der Einkommensteuer, wie vorstehend unter "*Von US-Emittenten begebene Wertpapiere – Nicht als Schuldtitel behandelte Wertpapiere*" erläutert. Selbst wenn die Emittentin eine Bonitätsabhängige Schuldverschreibung für U.S.- Bundessteuerzwecke als Schuldtitel behandelt, können die Folgen eines Credit Events je nach den Umständen unklar sein. Würde ein von einem US-Emittenten begebenes Wertpapier, das von der Emittentin als ein anderes Finanzinstrument als ein Schuldtitel behandelt

wird, ganz oder teilweise in einen Schuldtitel umqualifiziert, unterläge jede an einen Nicht-US-Anleger geleistete Zahlung in Bezug auf das Wertpapier im Allgemeinen nicht der US-Bundesquellensteuer oder der Einkommensteuer, sofern die im zweiten Absatz unter "*Von US-Emittenten begebene Wertpapiere – Als Schuldtitel behandelte Wertpapiere*" genannten Voraussetzungen erfüllt sind. Darüber hinaus könnte ein Nicht-US-Anleger verpflichtet sein, das Wertpapier nach dem Fälligkeitstermin als Schuldtitel zu behandeln, wenn die Zahlung bei Fälligkeit eines Finanzinstruments, dass kein Schuldtitel ist, vor dem Fälligkeitstermin festgelegt wird oder einer Mindesthöhe unterliegt. Alternativ ist es möglich, dass ein Nicht-US-Anleger so behandelt wird, als besäße er den Basiswert, wobei dies wesentliche und nachteilige Auswirkungen auf die Steuerfolgen für den Nicht-US-Anleger haben könnte.

Das Finanzministerium der Vereinigten Staaten und der IRS haben eine Mitteilung veröffentlicht, in der sie um Kommentare zur ertragsteuerlichen Behandlung von "Termingeschäften mit Zahlung bei Abschluss (*prepaid forward contracts*)" und ähnlichen Instrumenten auf US-Bundesebene bitten. Eine der in der Mitteilung angesprochenen Fragen ist die Frage, in welchem Maße – wenn überhaupt – Einkünfte in Bezug auf diese Instrumente der US-Quellensteuer auf Bundesebene unterliegen sollten. In der Mitteilung wird zwar um Kommentare zu angemessenen Übergangsregelungen und Zeitpunkten des Inkrafttretens gebeten; es ist jedoch möglich, dass nachgelagerte Verordnungen oder andere Handlungsempfehlungen, die nach der Auseinandersetzung mit diesen Fragen verkündet werden, sich – möglicherweise rückwirkend – nachteilig auf die Quellensteuerfolgen einer Anlage in den Wertpapieren auswirken. Ist der Einbehalt von Quellensteuer erforderlich, ist die Emittentin nicht verpflichtet, zusätzliche Beträge in Bezug auf Beträge zu zahlen, die auf diese Weise einbehalten wurden.

#### ***Abschnitt 871(m) Einbehaltung von Dividendenäquivalenten***

Gemäß *Section 871(m)* des *Codes* und den dieser *Section* nachgelagerten Verordnungen ("**Section 871(m)**") wird eine Quellensteuer von 30 % (oder ein niedrigerer Steuersatz je nach Abkommen) auf "dividendenähnliche Zahlungen" erhoben, die an Nicht-US-Anleger für bestimmte Finanzinstrumente, die auf US-Wertpapiere ("**Wertpapiere als Basiswert**"), wie unter den geltenden Finanzvorschriften definiert, bezogen sind oder Indizes, die US-Wertpapiere als Basiswert umfassen, gezahlt wurden oder als gezahlt gelten. *Section 871(m)* gilt grundsätzlich für festgelegte auf US-Wertpapiere bezogene Instrumente ("**Festgelegte Auf Wertpapiere Bezogene Instrumente**"), bei denen es sich um Finanzinstrumente handelt, die die in wesentlichem Umfang die Wertentwicklung einer oder mehrerer Wertpapiere als Basiswert nachbilden, wie anhand von in den geltenden nachgelagerten Verordnungen aufgeführten Tests bestimmt und nachstehend erörtert. *Section 871(m)* sieht bestimmte Ausnahmen von dieser Quellenbesteuerung vor, insbesondere für auf bestimmte breitgefächerte Indizes bezogene Instrumente, die die Anforderungen der geltenden nachgelagerten Verordnungen erfüllen ("**Qualifizierte Indizes**"), sowie für Instrumente, die sich auf solche Indizes abbildende Wertpapiere beziehen ("**Qualifizierte Indizes Abbildende Wertpapiere**").

Obwohl die Regelungen nach *Section 871(m)* seit 2017 wirksam sind, lauten die Finanzbestimmungen, die durch eine IRS-Mitteilung geändert wurden, bei der Anwendung von *Section 871 (m)* wie folgt:

- Bei vor 2027 begebenen Finanzinstrumenten gilt *Section 871(m)* im Allgemeinen nur für Finanzinstrumente mit einem "Delta" von eins.
- Bei im Jahr 2027 oder danach begebenen Finanzinstrumenten gilt *Section 871(m)*, wenn entweder (i) das "Delta" des entsprechenden Finanzinstruments mindestens 0.80 beträgt, sofern es sich um ein "einfaches" Instrument (*simple contract*) handelt, oder (ii) wenn das Finanzinstrument einen "*Substantial Equivalence*"-Test besteht, sofern es sich um ein "komplexes" Instrument (*complex contract*) handelt.

Delta ist in der Regel definiert als das Verhältnis der Veränderung des fairen Marktwerts eines Finanzinstruments zu einer geringfügigen Änderung des fairen Marktwerts der Anzahl der Anteile der

Wertpapiere als Basiswert. Der "*Substantial Equivalence*"-Test gibt an, ob ein komplexes Instrument sein "ursprüngliches Hedging-Geschäft (*initial hedge*)" (Anteile der Wertpapiere als Basiswert, die eine vollständige Absicherung des Geschäfts darstellen würden) genauer abbildet als dies ein einfaches "Benchmark"-Instrument mit einem Delta von 0,80 getan hätte.

Die Berechnungen erfolgen in der Regel am Berechnungstag, d. h. dem früheren der folgenden beiden Zeitpunkte: (i) der Preisfeststellung des Wertpapiers, d. h. wenn alle wesentlichen Bedingungen vereinbart wurden, oder (ii) der Ausgabe des Wertpapiers. Liegt der Zeitpunkt der Preisfeststellung jedoch mehr als 14 Kalendertage vor der Ausgabe des Wertpapiers, ist der Berechnungstag der Tag der Ausgabe des Wertpapiers. Unter diesen Umständen sind Informationen zu den finalen Bestimmungen der Emittentin für die Zwecke von *Section 871(m)* gegebenenfalls erst verfügbar, nachdem ein Nicht-US-Anleger dem Erwerb eines Wertpapiers zustimmt. Folglich sollte ein Nicht-US-Anleger ein entsprechendes Wertpapier nur erwerben, wenn er bereit ist, das Risiko zu tragen, dass das Wertpapier als Festgelegtes Auf Wertpapiere Bezogenes Instrument gilt, das der Quellensteuer gemäß *Section 871(m)* unterliegt.

Darüber hinaus können Wertpapiere einer Serie, die in verschiedenen Tranchen ausgegeben werden oder deren Preisfeststellung anderweitig an verschiedenen Tagen erfolgt, für die Zwecke der Feststellung, ob es sich bei diesen Wertpapieren um Festgelegte Auf Wertpapiere Bezogene Instrumente handelt, unterschiedliche Berechnungstage haben. Folglich können von einem Nicht-US-Anleger erworbene Wertpapiere Festgelegte Auf Wertpapiere Bezogene Instrumente sein und daher der Quellensteuer gemäß *Section 871(m)* unterliegen, auch wenn andere Wertpapiere derselben Serie keine Festgelegten Auf Wertpapiere Bezogenen Instrumente sind. In einer solchen Situation kann ein Abzugsverpflichteter (*withholding agent*) alle Wertpapiere dieser Serie als der Quellensteuer nach *Section 871(m)* unterliegend behandeln, wenn er nicht in der Lage ist, zwischen diesen Wertpapieren zu unterscheiden.

Unterliegen die Bedingungen eines Wertpapiers einer "wesentlichen Änderung" (beispielsweise bei Ersetzung einer Emittentin wie im Abschnitt "*Von U.S.-Emittenten begebene Wertpapiere – Mögliches steuerpflichtiges Ereignis gemäß Abschnitt 1001 des Codes*" erörtert), wird das Wertpapier in der Regel für diese Zwecke zum Zeitpunkt der wesentlichen Änderung als erneut ausgegeben betrachtet; in diesem Fall kann das Wertpapier zu diesem Zeitpunkt zu einem Festgelegten Auf Wertpapiere Bezogenes Instrument werden.

Handelt es sich bei einem Wertpapier um ein Festgelegtes Auf Wertpapiere Bezogenes Instrument, ist der Einbehalt von Quellensteuer in Bezug auf dividendenähnliche Zahlungen je nach der Situation des zuständigen Abzugsverpflichteten in der Regel entweder (i) am zugrunde liegenden Dividendenzahlungstag oder (ii) zu dem Zeitpunkt, wenn in Bezug auf das Wertpapier am Fälligkeitstag, bei Verfall oder einer sonstigen Verfügung über das Wertpapier durch den Nicht-US-Anleger oder möglicherweise bei bestimmten anderen Ereignissen Barzahlungen vorgenommen werden, erforderlich. In Abhängigkeit von der Situation kann der zuständige Abzugsverpflichtete die erforderlichen Beträge von Kupons oder anderen Zahlungen in Bezug auf das Wertpapier, von den Erlösen aus der Rückzahlung des Wertpapiers oder einer anderweitigen Verfügung über das Wertpapier oder sonstigem vom Abzugsverpflichteten gehaltenem Barvermögen oder Vermögen des Nicht-US-Anlegers einbehalten.

Der dividendenähnliche Betrag umfasst den Betrag einer tatsächlichen oder unter bestimmten Umständen geschätzten Dividende. Basiert der dividendenähnliche Betrag auf der tatsächlichen Dividende, entspricht er dem Produkt aus: (i) dem Dividendenbetrag je Anteil, der Anzahl der Anteile eines Wertpapier als Basiswert und dem Delta bei einem "einfachen" Instrument oder (ii) dem Dividendenbetrag je Anteil und dem ursprünglichen Hedging-Geschäft bei einem "komplexen" Instrument. Der dividendenähnliche Betrag für vor 2027 ausgegebene Festgelegte Auf Wertpapiere Bezogene Instrumente, die ein "Delta" von eins aufweisen, wird ebenso berechnet wie in vorstehendem Buchstaben (i) aufgeführt, wobei ein Delta von eins verwendet wird. Der Dividendenbetrag je Anteil ist die in Bezug auf einen Anteil des Wertpapier als

Basiswert gezahlte tatsächliche Dividende (einschließlich Sonderdividenden). Basiert der dividendenähnliche Betrag auf einer geschätzten Dividende, sind die geschätzten Beträge in der Regel in den Endgültigen Bedingungen aufgeführt.

In Abhängigkeit von den Bedingungen eines Wertpapiers und davon, ob es vor 2027 ausgegeben wird, können die Endgültigen Bedingungen zusätzliche in Zusammenhang mit Section 871(m) relevante Informationen enthalten, wie Angaben dazu, ob das Wertpapier sich auf einen Qualifizierten Index oder ein Qualifizierte Indizes Abbildendes Wertpapier bezieht, ob es sich um ein "einfaches" Instrument handelt sowie Angaben zu dem "Delta" und der Anzahl der mit Delta multiplizierten Anteile (bei einem einfachen Instrument), und Angaben dazu, ob der "Substantial Equivalence"-Test bestanden wurde sowie Angaben zum ursprünglichen Hedging-Geschäft (bei einem komplexen Instrument).

Die Feststellung der Emittentin ist für Nicht-US-Anleger und Abzugsverpflichtete bindend, sie ist jedoch nicht bindend für den IRS. Die Vorschriften von Section 871(m) erfordern komplexe Berechnungen bei auf Wertpapiere als Basiswert bezogenen Wertpapieren, und ihre Anwendung auf eine bestimmte Emission von Wertpapieren bleibt unter Umständen mit Unsicherheiten behaftet. Selbst wenn die Emittentin feststellt, dass bestimmte Wertpapiere keine Festgelegten Auf Wertpapiere Bezogenen Instrumente sind, könnte der IRS dementsprechend die Feststellung der Emittentin ablehnen und bestimmen, dass in Bezug auf diese Wertpapiere der Einbehalt von Quellensteuer erforderlich ist.

Darüber hinaus können die Folgen einer Anwendung von Section 871(m) von den Umständen des Einzelfalls des Nicht-US-Anlegers abhängen. Geht ein Nicht-US-Anleger beispielsweise andere Transaktionen in Zusammenhang mit einem Wertpapier als Basiswert ein, könnte der Nicht-US-Anleger einer Quellensteuer oder Ertragsteuer gemäß Section 871(m) unterliegen, selbst wenn die betreffenden Wertpapiere keine Festgelegten Auf Wertpapiere Bezogenen Instrumente sind, die im Allgemeinen Section 871(m) unterliegen. Nicht-US-Anleger sollten ihre Steuerberater hinsichtlich der Anwendung von Section 871(m) in ihrer spezifischen Situation konsultieren.

#### **Wertpapiere mit Festgelegten Laufenden Zahlungen**

Die folgende Erörterung bezieht sich auf bestimmte Wertpapiere, bei denen es sich um Festgelegte Auf Wertpapiere Bezogene Instrumente handelt und die ausschließlich Folgendes vorsehen: (i) eine Zahlung bei Fälligkeit oder früherer Rückzahlung oder Ausübung, die auf Grundlage des Werts des Basiswerts bzw. der Basiswerte (oder der physischen Lieferung des Basiswerts bzw. der Basiswerte) ermittelt wird, und (ii) Barzahlungen, die etwaigen Dividenden in Bezug auf jedes Wertpapier als Basiswert, auf die sich das Wertpapier bezieht, multipliziert mit der Anzahl der Anteile dieses Wertpapier als Basiswert, auf die sich das Wertpapier bezieht, entsprechen (solche Barzahlungen "**Mit US-Dividenden Zusammenhängende Zahlungen**" und solche Wertpapiere jeweils ein "**Wertpapier mit Festgelegten Laufenden Zahlungen**"). Es wird erwartet, dass jede Mit US-Dividenden Zusammenhängende Zahlung an dem Zahlungstag für die entsprechende Dividende geleistet wird.

Die Emittentin wird jede Mit US-Dividenden Zusammenhängende Zahlung als dividendenähnliche Zahlung behandeln. Dementsprechend sollten Nicht-US-Anleger damit rechnen, dass Abzugsverpflichtete 30 % (oder einen niedrigeren Satz gemäß der Dividendenbestimmung eines geltenden Ertragsteuerabkommens) von jeder Mit US-Dividenden Zusammenhängenden Zahlung einbehalten. Da jedoch nicht ganz sicher ist, ob Section 871(m) auf Wertpapiere mit Festgelegten Laufenden Zahlungen Anwendung findet, ist es möglich, dass ein Abzugsverpflichteter ein solches Wertpapier so behandelt, als unterliege es einem zusätzlichen Einbehalt von Quellensteuer, z. B. von Beträgen, die bei Fälligkeit oder Ausübung des Wertpapiers fällig sind. Darüber hinaus kann ein Abzugsverpflichteter den Steuersatz von 30 % (oder einen anderen geltenden Höchststeuersatz) unabhängig davon einbehalten, ob der Nicht-US-Anleger in Bezug auf die Zahlung Anspruch auf Vergünstigungen gemäß einem Ertragsteuerabkommen hat.

### **Wertpapiere mit Festgelegter Nettogesamtrendite**

Die folgende Erörterung bezieht sich auf bestimmte Wertpapiere, bei denen es sich um Festgelegte Auf Wertpapiere Bezogene Instrumente handelt und die ausschließlich eine Zahlung bei Fälligkeit oder früherer Rückzahlung oder Ausübung vorsehen, die auf Grundlage des Werts des Basiswerts bzw. der Basiswerte (oder der physischen Lieferung des Basiswerts bzw. der Basiswerte) ermittelt wird, wobei dieser endgültige Wert bei einem Basiswert, bei dem es sich um ein Wertpapier als Basiswert handelt, die fiktive Wiederanlage sämtlicher Dividenden, die während der Laufzeit des Wertpapiers in Bezug auf die Anzahl der Anteile des Wertpapier als Basiswert, auf die sich das Wertpapier bezieht, gezahlt werden, abzüglich des Höchstbetrags der auf jede dieser Dividenden entfallenden US-Quellensteuer (derzeit 30 %) (dieser Nettobetrag der **"Nettodividendenbetrag"**) berücksichtigt. In dieser Erörterung wird ein solches Wertpapier als **"Wertpapier mit Festgelegter Nettogesamtrendite"** bezeichnet.

Nach der Zahlung einer Dividende auf ein Wertpapier als Basiswert in Bezug auf ein Wertpapier mit Festgelegter Nettogesamtrendite hinterlegt die Emittentin beim IRS einen Betrag, der dem jeweiligen Bruttodividendenbetrag multipliziert mit dem für Dividenden geltenden US-Quellensteuerhöchstsatz (ohne Abzüge aufgrund eines US-Ertragsteuerabkommens) entspricht. Da (i) der Nettodividendenbetrag zusammen mit (ii) dem beim IRS zu hinterlegenden Betrag 100 % des Bruttodividendenbetrags entspricht, wird die Emittentin die Summe aus (i) und (ii) für die Zwecke von *Section 871(m)* als dividendenähnliche Zahlung in Höhe von 100 % dieses Bruttodividendenbetrags behandeln.

Potenzielle Käufer der Wertpapiere sollten ihre Steuerberater im Hinblick auf die mögliche Anwendung von *Section 871(m)* auf die Wertpapiere konsultieren und, falls ein Steuereinbehalt anfällt, prüfen, ob sie auf der Grundlage eines anwendbaren US-Einkommensteuerabkommens Anspruch auf eine Erstattung eines Teils der oben genannten Quellensteuer haben, sowie das Verfahren zur Erlangung einer solchen Erstattung (die im Allgemeinen die Einreichung einer US-Bundeseinkommensteuererklärung erfordert) in Erfahrung bringen. Unter bestimmten Umständen, u.a. wenn die Emittentin oder ein anderer Intermediär den gemäß *Section 871(m)* geforderten Steuereinbehalt durchführt, kann es für einen Nicht-US-Anleger nicht möglich sein, die für einen Erstattungsanspruch gemäß eines anwendbaren Abkommens erforderliche Dokumentation zu erhalten.

### **Die Emittentinnen, die CGMHI-Garantiegeberin und die CGMFL-Garantiegeberin sind nicht verpflichtet, zusätzliche Beträge in Bezug auf nach *Section 871(m)* einbehaltene Beträge zu zahlen.**

Potenzielle Käufer der Wertpapiere sollten sich darüber im Klaren sein, dass bei Eintritt eines *Section-871(m)*-Ereignisses (wie in *"Abschnitt B – Risikofaktoren – Risiken im Zusammenhang mit Wertpapieren im Allgemeinen – Section-871(m)-Ereignis"* definiert) ein Vorzeitiges Rückzahlungsereignis eintritt; in diesem Fall können die betreffenden Wertpapiere wie näher in den Bedingungen der betreffenden Wertpapiere beschrieben zurückgezahlt werden.

### **FIRPTA**

*Section 897* des *Code*, gemeinhin als **"FIRPTA"** bezeichnet, gilt für bestimmte Anteile an Unternehmen, die eine bedeutende Menge von Anteilen an US-Immobilienvermögen (*United States real property interests – USRPI*) (einzeln jeweils ein **"Anteil an US-Immobilienvermögen"**) wirtschaftlich halten. Wie oben erörtert, wird die Emittentin nicht versuchen festzustellen, ob ein Emittent des Basiswertes, von einem Index zugrunde liegenden Aktien oder von sonstigen Eigenkapitalanteilen, auf die sich die Wertpapiere beziehen, für die Zwecke von *Section 897* des *Code* als US-Immobilien-Holdinggesellschaft zu behandeln ist (einschließlich einer nicht als juristische Person eingetragenen Gesellschaft, die für die relevanten Zwecke von *Section 897* des *Code* als US-Immobilien-Holdinggesellschaft behandelt wird). Falls ein relevanter Emittent so behandelt wird, ist es vorbehaltlich der im nachstehenden Absatz erörterten Ausnahmefälle möglich, dass ein Wertpapier als Anteil an US-Immobilienvermögen behandelt wird; in diesem Fall unterläge jeglicher Gewinn

aus der Verfügung über das Wertpapier in der Regel der US-Bundesertragsteuer und wäre vom Nicht-US-Anleger in der US-Bundesertragsteuererklärung anzugeben – in der Regel genau so, als handelte es sich bei dem Nicht-US-Anleger um eine US-Person – und unterläge in bestimmten Fällen einer Quellensteuer in Höhe von 15 % des Bruttoerlöses aus dieser Verfügung.

Eine Ausnahme von den FIRPTA-Vorschriften gilt in Bezug auf Anteile an Unternehmen, die über eine regelmäßig gehandelte Klasse von in Umlauf befindlichen Anteilen verfügen. Im Rahmen dieser Ausnahme dürfte ein nicht "regelmäßig" auf einem etablierten Wertpapiermarkt "gehandeltes" Wertpapier in der Regel nicht den FIRPTA-Vorschriften unterliegen, es sei denn, sein fairer Marktwert beim Erwerb übersteigt 5 % der regelmäßig gehandelten Anteilsklasse des betreffenden Emittenten, wie in den geltenden nachgelagerten Verordnungen näher bestimmt. Bei "regelmäßig gehandelten" Wertpapieren dürfte ein Bestand von 5 % oder weniger der in Umlauf befindlichen Wertpapiere dieser Klasse oder Serie in der Regel nicht den FIRPTA-Vorschriften unterliegen. Es gelten bestimmte Vorschriften bezüglich Zurechnung (*attribution*) und Zusammenfassung (*aggregation*) und potenzielle Käufer werden angehalten, ihre Steuerberater hinsichtlich der Frage zu konsultieren, ob ihr Eigentum an den Wertpapieren angesichts ihrer jeweiligen Situation, einschließlich aller weiteren möglicherweise von ihnen gehaltenen Anteile an einem relevanten Emittenten, einer Befreiung von den FIRPTA-Vorschriften unterliegen.

#### ***U.S.-Bundesnachlasssteuer***

Eine natürliche Person, die nicht in den USA ansässig ist, oder eine juristische Person, deren Vermögen für Zwecke der U.S.-Bundesnachlasssteuer potenziell in den Bruttonachlass einer solchen Person einbezogen werden kann (z. B. ein von einer solchen Person gegründeter Trust, in Bezug auf den sich die Person bestimmte Interessen oder Befugnisse vorbehalten hat), sollte beachten, dass ein von der US-Emittentin begebenes Wertpapier, das für Zwecke der US-Bundesnachlasssteuer nicht als Schuldtitel behandelt wird, in Ermangelung einer anwendbaren vertraglichen Ausnahmeregelung, als der US-Bundesnachlasssteuer unterliegendes Vermögen behandelt werden kann. Ein von der US-Emittentin begebenes Wertpapier, das für Zwecke der US-Bundesnachlasssteuer als Schuldtitel behandelt wird, wird in der Regel nicht als US-Nachlassvermögen behandelt, das der US-Bundesnachlasssteuer unterliegt, wenn die Zahlungen auf das Wertpapier vom Erblasser zum Zeitpunkt seines Todes erhalten worden wären und aufgrund der Befreiung von der Einbehaltung von "Portfoliozinsen" nicht der US-Bundesquellensteuer oder der Einkommensteuer unterlegen hätten. Ein Nicht-US-Anleger, bei dem es sich um eine solche natürliche oder juristische Person handelt, sollte seine Steuerberater hinsichtlich der Folgen einer Anlage in die Wertpapiere für die US-Bundesnachlasssteuer konsultieren.

#### ***Meldepflichtige Transaktionen***

Ein an einer "meldepflichtigen Transaktion" beteiligter Steuerpflichtiger unterliegt den Auskunftspflichten gemäß *Section 6011* des *Codes*. "Meldepflichtige Transaktionen" umfassen unter anderem bestimmte, von der IRS ausgewiesene Transaktionen sowie bestimmte Verluste, die in einer Höhe erfasst werden, die einen bestimmten Schwellenwert überschreiten. Im Jahr 2015 veröffentlichten das Finanzministerium der Vereinigten Staaten und der IRS Mitteilungen, die besagen, dass bestimmte "Basket-Optionen", "Basket-Kontrakte" und im Wesentlichen ähnliche Transaktionen als meldepflichtige Transaktionen anzusehen sind. Darüber hinaus haben das US-Finanzministerium und die US-Steuerbehörde IRS im Juli 2024 einen Verordnungsentwurf veröffentlicht, der, falls er in seiner jetzigen Form verabschiedet wird, solche Transaktionen als "gelistete Transaktionen" einstufen würde. Die Mitteilungen gelten für spezifische Transaktionen, bei denen ein Steuerpflichtiger oder sein "Beauftragter (*designee*)" einen Ermessensspielraum hat und ausübt, um die der Transaktion zugrunde liegenden Vermögenswerte oder einen der Transaktion zugrunde liegenden Algorithmus zu ändern. Falls die Emittentin, ein Indexsponsor, eine Berechnungsstelle oder eine sonstige Person ihren bzw. seinen Ermessensspielraum gemäß den Bedingungen eines Wertpapiers oder eines einem Wertpapier zugrunde liegenden Indexes ausüben und für diese Zwecke als "Beauftragter"

eines Wertpapierinhabers behandelt würde, wären bestimmte Inhaber der betreffenden Wertpapiere verpflichtet, sofern keine Ausnahmeregelung gilt, dem IRS nach Maßgabe der geltenden nachgelagerten Verordnungen bestimmte Auskünfte zu erteilen bzw. unterlägen Strafzahlungen. Auch die Emittentin ist gegebenenfalls verpflichtet, dem IRS Auskünfte bezüglich der Transaktion zu erteilen. Potenzielle Käufer sollten hinsichtlich dieser Vorschriften ihre Steuerberater konsultieren.

### **Meldepflicht und Sicherungseinbehalt**

Zahlungen auf die Wertpapiere sowie die Erlöse aus einem Verkauf, einem Tausch oder einer sonstigen Verfügung (einschließlich der Einziehung) über die Wertpapiere können der Meldepflicht unterliegen und, falls ein wirtschaftlicher Eigentümer bestimmte Identifizierungsinformationen nicht zur Verfügung stellt oder bestimmte andere Bedingungen nicht erfüllt, können sie auch einer Ersatzeinbehaltung zu dem im Code festgelegten Satz unterliegen. Ein Nicht-US-Anleger, der der zuständigen Quellensteuerstelle das entsprechende IRS-Formular W-8 vorlegt, ist im Allgemeinen von der Ersatzeinbehaltung befreit. Beträge, die gemäß den Regeln für den Ersatzeinbehalt einbehalten werden, sind keine zusätzlichen Steuern und können zurückerstattet oder mit der US-Bundeseinkommenssteuerschuld eines Inhabers verrechnet werden, vorausgesetzt, die entsprechenden Informationen werden dem IRS rechtzeitig vorgelegt.

### **FATCA**

Gemäß den gemeinhin als "**FATCA**" bezeichneten Rechtsvorschriften wird in der Regel eine Quellensteuer von 30 % auf Zahlungen an bestimmte nicht in den USA ansässige Unternehmen (einschließlich Finanzintermediären) in Bezug auf bestimmte Finanzinstrumente erhoben, es sei denn, es wurden diverse US-Auskunfts- und Sorgfaltspflichten (die zusätzlich zu der Anforderung, ein IRS-Formular W-8 abzugeben, bestehen und potenziell wesentlich aufwändiger sind als diese) erfüllt. Durch ein zwischenstaatliches Abkommen zwischen den USA und der Rechtsordnung des nicht in den USA ansässigen Unternehmens können sich diese Pflichten ändern. Diese Gesetzgebung gilt im Allgemeinen für Zahlungen von "festen oder bestimmbaren jährlichen oder periodischen" ("**FDAP**") Erträgen aus US-Quellen, zu denen unter anderem Zinsen und bestimmte Dividendenäquivalente (wie oben definiert) gemäß Section-871(m) gehören. Während der steuerlichen Behandlung von Wertpapieren, die von der US-Emittentin als vorausbezahlte Terminkontrakte mit zugehörigen Kupons behandelt werden, ungewiss ist, sollten Nicht-US-Anleger davon ausgehen, dass Personen, die in Bezug auf diese Wertpapiere zur Einbehaltung verpflichtet sind, die Kupons auf diese Wertpapiere zu diesem Zweck als FDAP-Einkommen behandeln. Während die bestehenden Vorschriften des US-Finanzministeriums auch die Einbehaltung von Bruttoerlösen aus der Veräußerung (einschließlich der Rückzahlung) von Finanzinstrumenten vorschreiben, die US-Zinsen oder bestimmte Dividendenäquivalente vorsehen, hat das US-Finanzministerium in späteren Verordnungsvorschlägen seine Absicht bekundet, diese Vorschrift abzuschaffen. Das US-Finanzministerium hat angegeben, dass sich die Steuerzahler bis zu ihrer endgültigen Festlegung auf diese vorgeschlagenen Verordnungen bis zu deren Finalisierung, berufen können. Falls die Einbehaltung auf die Wertpapiere Anwendung findet, ist die Emittentin nicht verpflichtet, zusätzliche Beträge in Bezug auf die einbehaltenen Beträge zu zahlen. Ein Nicht-US-Anleger oder eine US-Person, die Wertpapiere über einen Nicht-US-Intermediär hält, sollte seine Steuerberater hinsichtlich der möglichen Anwendung von FATCA auf die Wertpapiere, einschließlich der Verfügbarkeit bestimmter Steuererstattungen oder Gutschriften, konsultieren.

## ÜBERLEGUNGEN ZUM VK-STEUERRECHT

*Das Folgende ist eine Zusammenfassung des Verständnisses der Emittentinnen von der aktuellen britischen Rechtslage und der veröffentlichten Praxis der britischen Steuerbehörde HM Revenue & Customs ("HMRC"), die sich ausschließlich auf die britische Quellensteuerbehandlung von Zinszahlungen (im Sinne des britischen Steuerrechts) in Bezug auf die Wertpapiere bezieht. Sie befasst sich nicht mit anderen steuerlichen Auswirkungen des Erwerbs, des Haltens oder der Veräußerung von Wertpapieren im Vereinigten Königreich. Die steuerliche Behandlung der potenziellen Inhaber im Vereinigten Königreich hängt von ihren individuellen Umständen ab und kann sich in Zukunft ändern. Potenzielle Inhaber, die möglicherweise in einer anderen Rechtsordnung als dem Vereinigten Königreich steuerpflichtig sind oder die sich über ihre steuerliche Situation unsicher sind, sollten sich selbst professionell beraten lassen.*

### Zinsen auf Wertpapiere

Zinszahlungen auf die Wertpapiere, die nicht aus dem Vereinigten Königreich stammen, können ohne Abzug oder Einbehalt der Einkommensteuer des Vereinigten Königreichs erfolgen. Wenn die Zinszahlungen auf die Wertpapiere aus dem Vereinigten Königreich stammen, können die Zahlungen ohne Abzug oder Einbehalt der Einkommensteuer des Vereinigten Königreichs erfolgen, wenn eine der nachstehenden Ausnahmen gilt:

- (a) wenn die Wertpapiere ein Recht auf Zinsen beinhalten und "an einer anerkannten Börse" im Sinne von Abschnitt 1005 des Income Tax Act 2007 notiert sind und bleiben, können die Zinsen ohne Abzug oder Einbehalt der Einkommensteuer des Vereinigten Königreichs ausgezahlt werden.

Die London Stock Exchange ist eine anerkannte Wertpapierbörse. Wertpapiere werden als an der Londoner Börse notiert behandelt, wenn sie in der offiziellen Liste (im Sinne und in Übereinstimmung mit den Bestimmungen von Teil 6 des Financial Services and Markets Act 2000) aufgeführt und zum Handel an der Londoner Börse zugelassen sind. Die Frankfurter Wertpapierbörse, Euronext Dublin, Euronext Paris, die Italienische Börse, die Luxemburger Börse und die Stockholmer Börse wurden als "anerkannte Börsen" anerkannt. Die Wertpapiere erfüllen dieses Erfordernis der Börsennotierung, wenn sie in Deutschland, Irland, Frankreich, Italien, Luxemburg oder Schweden gemäß Bestimmungen, die den in den EWR-Staaten allgemein geltenden Bestimmungen entsprechen, amtlich notiert und zum Handel an der Frankfurter Wertpapierbörse, der Euronext Dublin, der Euronext Paris, der Italienischen Wertpapierbörse, der Luxemburger Wertpapierbörse oder der Stockholmer Wertpapierbörse (je nach Fall) zugelassen sind. Die vom HMRC veröffentlichte Anleitung besagt, dass Wertpapiere, die an den folgenden Märkten notiert und zum Handel zugelassen sind, diese Anforderungen erfüllen: die geregelten Märkte der Frankfurter Börse (jedoch nicht der *Freiverkehr*), der Hauptmarkt und der Global Exchange Market der Euronext Dublin (jedoch nicht der Enterprise Securities Market), der elektronische Anleihemarkt und der elektronische Markt für verbriefte Derivate der italienischen Börse, der geregelte Markt und der Euro MTF-Markt der Luxemburger Börse und der Hauptmarkt (jedoch nicht der First North Market) der Stockholmer Börse, die Teil der NASDAQ OMX Nordic Exchange ist. Unter der Voraussetzung, dass die Wertpapiere ein Recht auf Verzinsung beinhalten und "an einer anerkannten Börse notiert" sind und bleiben, sind die Zinsen auf die Wertpapiere ohne Abzug oder Einbehalt von Steuern im Vereinigten Königreich zahlbar;

- (b) wenn die Wertpapiere zum Handel an einem "multilateralen Handelssystem" zugelassen sind, das von einer "geregelten anerkannten Börse" betrieben wird (beides im Sinne von Section 987 Income Tax Act 2007), können die Zinsen ohne Abzug oder Einbehalt von Einkünften aus dem Vereinigten

Königreich gezahlt werden. Einige der Märkte, die die Anforderung unter (a) oben nicht erfüllen, können stattdessen diese Anforderung erfüllen. (b) Insbesondere Wertpapiere, die zum Handel an dem von der Londoner Börse betriebenen ISM zugelassen sind, sollten diese Ausnahme erfüllen; oder

- (c) Wenn die Laufzeit der Wertpapiere weniger als 365 Tage beträgt (und die Wertpapiere nicht Teil eines Systems oder einer Vereinbarung zur Kreditaufnahme sind, das/die länger als 364 Tage ausstehend sein soll), können die Zinsen ohne Abzug oder Einbehalt von Einkünften aus dem Vereinigten Königreich gezahlt werden.

In anderen Fällen, in denen die Zinsen auf die Wertpapiere als aus dem Vereinigten Königreich stammend angesehen werden, muss in der Regel von den Zinszahlungen auf die Wertpapiere ein Betrag für die Einkommensteuer des Vereinigten Königreichs zum Basissatz (derzeit 20%) einbehalten werden, vorbehaltlich anderer verfügbarer Befreiungen oder Erleichterungen. Sieht jedoch ein anwendbares Doppelbesteuerungsabkommen in Bezug auf einen Wertpapierinhaber einen niedrigeren Quellensteuersatz vor (oder ist keine Steuer einzubehalten), kann die HMRC die Emittentin auffordern, die Zinsen ohne Steuerabzug an den Wertpapierinhaber zu zahlen (oder die Zinsen mit Steuerabzug zu dem in dem betreffenden Doppelbesteuerungsabkommen vorgesehenen Satz zu zahlen).

Ein Betrag kann auch von Zahlungen auf die Wertpapiere einbehalten werden, die aus dem Vereinigten Königreich stammen und keine Zinsen darstellen, aber dennoch für Steuerzwecke im Vereinigten Königreich als (i) jährliche Zahlungen oder (ii) künstliche Zahlungen behandelt werden. Ein solcher Einbehalt für die Einkommensteuer im Vereinigten Königreich würde zum Basissatz erfolgen. Sieht jedoch ein anwendbares Doppelbesteuerungsabkommen einen niedrigeren Quellensteuersatz (oder keine einzubehaltende Steuer) in Bezug auf einen Wertpapierinhaber vor, kann die HMRC die Emittentin auffordern, die jährlichen Zahlungen an den Wertpapierinhaber ohne Steuerabzug zu leisten (oder die jährlichen Zahlungen mit Steuerabzug zu dem in dem betreffenden Doppelbesteuerungsabkommen vorgesehenen Satz zu leisten).

Verweise auf "Zinsen" beziehen sich auf Zinsen, wie sie für Steuerzwecke im Vereinigten Königreich ausgelegt werden, und können daher in bestimmten Fällen Prämienzahlungen umfassen.

### **Zahlungen im Rahmen der Garantie**

Die quellensteuerliche Behandlung von Zahlungen der CGMFL-Garantiegeberin im Vereinigten Königreich gemäß den Bedingungen der CGMFL-Garantieurkunden ist ungewiss. Wenn die CGMFL-Garantiegeberin solche Zahlungen leistet, können diese daher der britischen Quellensteuer zum Basissatz (derzeit 20 %) unterliegen. Insbesondere kommen solche Zahlungen der CGMFL-Garantiegeberin möglicherweise nicht für die oben beschriebenen Befreiungen in Bezug auf Zinszahlungen der CGMFL in Frage. Dementsprechend können solche Zahlungen der CGMFL-Garantiegeberin der britischen Quellensteuer zum Basissatz (derzeit 20 %) unterliegen.

## **ÜBERLEGUNGEN ZUM LUXEMBURGER STEUERRECHT**

*Die folgenden Informationen sind allgemeiner Art und beruhen auf den derzeit in Luxemburg geltenden Gesetzen. Sie stellen jedoch keine Rechts- oder Steuerberatung dar und sind auch nicht als solche auszulegen. Die in diesem Abschnitt enthaltenen Informationen beschränken sich auf Fragen der luxemburgischen Quellensteuer. Potenzielle Anleger in die Wertpapiere sollten daher ihre eigenen professionellen Berater hinsichtlich der Auswirkungen staatlicher, lokaler oder ausländischer Gesetze, einschließlich des luxemburgischen Steuerrechts, konsultieren, denen sie möglicherweise unterliegen.*

*Bitte beachten Sie, dass das Konzept der Ansässigkeit, das in den jeweiligen Rubriken unten verwendet wird, nur für die Zwecke der luxemburgischen Einkommensteuerveranlagung gilt. Jede Bezugnahme in diesem*

*Abschnitt auf eine Quellensteuer oder eine Steuer ähnlicher Art oder auf andere Konzepte bezieht sich ausschließlich auf luxemburgisches Steuerrecht und/oder Konzepte.*

## **Besteuerung der Inhaber von Wertpapieren**

### *Quellensteuer*

#### *(i) Nicht gebietsansässige Inhaber von Wertpapieren*

Nach den derzeit geltenden allgemeinen luxemburgischen Steuergesetzen fällt weder eine Quellensteuer auf Kapital-, Prämien- oder Zinszahlungen an gebietsfremde Inhaber von Wertpapiere noch auf aufgelaufene, aber nicht gezahlte Zinsen in Bezug auf die Wertpapiere an, noch ist eine luxemburgische Quellensteuer bei der Einlösung oder dem Rückkauf der von gebietsfremden Inhabern von Wertpapiere gehaltenen Wertpapiere zu zahlen.

#### *(ii) Gebietsansässige Inhaber von Wertpapieren*

Nach den derzeit geltenden allgemeinen luxemburgischen Steuergesetzen und vorbehaltlich des Gesetzes vom 23. Dezember 2005 in seiner geänderten Fassung (das "**Relibi-Gesetz**") fällt keine Quellensteuer auf Kapital-, Prämien- oder Zinszahlungen an in Luxemburg ansässige Inhaber von Wertpapiere oder auf aufgelaufene, aber nicht gezahlte Zinsen in Bezug auf die Wertpapiere an, und es ist auch keine luxemburgische Quellensteuer bei der Einlösung oder dem Rückkauf von Wertpapiere im Besitz von in Luxemburg ansässigen Inhabern von Wertpapiere zu zahlen.

Nach dem Relibi-Gesetz unterliegen Zahlungen von Zinsen oder ähnlichen Erträgen, die von einer in Luxemburg niedergelassenen Zahlstelle an eine in Luxemburg ansässige natürliche Person, die wirtschaftlicher Eigentümer ist, geleistet oder ihr zugerechnet werden, einer Quellensteuer von 20 %. Bei dieser Quellensteuer handelt es sich um eine Einkommensteuer mit befreiender Wirkung, wenn es sich bei dem wirtschaftlichen Eigentümer um eine natürliche Person handelt, die im Rahmen der Verwaltung ihres Privatvermögens handelt. Die Verantwortung für die Einbehaltung der Steuer wird von der luxemburgischen Zahlstelle übernommen, falls vorhanden.

Dementsprechend unterliegen Zinszahlungen aus Wertpapieren, die in den Anwendungsbereich des Relibi-Gesetzes fallen, einer Quellensteuer in Höhe von 20 Prozent.

## **ÜBERLEGUNGEN ZUM DEUTSCHEN STEUERRECHT**

*Im Folgenden werden bestimmte deutsche Steuerfolgen des Erwerbs, des Eigentums und der Veräußerung, Abtretung oder Einlösung von Wertpapieren sowie des Erhalts von Zinsen darauf allgemein erläutert. Sie erhebt nicht den Anspruch, eine umfassende Beschreibung aller steuerlichen Erwägungen zu sein, die für eine Entscheidung über den Erwerb von Wertpapieren relevant sein können, und berücksichtigt insbesondere keine spezifischen Tatsachen oder Umstände, die für einen bestimmten Erwerber gelten können. Diese Zusammenfassung basiert auf den derzeit geltenden und am Datum dieses Basisprospekts angewandten deutschen Gesetzen, die sich ändern können, möglicherweise auch rückwirkend oder rückwirkend.*

Da jede Serie oder Tranche von Wertpapieren aufgrund ihrer spezifischen Bedingungen einer anderen steuerlichen Behandlung unterliegen kann, enthält der folgende Abschnitt nur einige sehr allgemeine Informationen über die mögliche steuerliche Behandlung und ist in Verbindung mit den spezifischeren Informationen über die Besteuerung jeder Serie oder Tranche von Wertpapiere zu lesen, die in den anwendbaren Endgültigen Bedingungen enthalten sind. Darüber hinaus kann die Besteuerung der verschiedenen Arten von Wertpapieren voneinander abweichen. Die folgende Zusammenfassung beschreibt lediglich die steuerliche Behandlung von Wertpapieren im Allgemeinen und bestimmte Besonderheiten in Bezug auf einzelne Arten von Wertpapieren. Soweit in der folgenden Zusammenfassung der Begriff

"Zertifikate" verwendet wird, bezieht er sich - nach deutschem Verständnis - auf bestimmte Arten von Wertpapiere, die an einen Basiswert gebunden sind.

Potenziellen Käufern von Wertpapieren wird empfohlen, hinsichtlich der steuerlichen Folgen des Erwerbs, des Besitzes und der Veräußerung, Abtretung oder Einlösung von Wertpapieren und des Erhalts von Zinsen darauf, einschließlich der Auswirkungen staatlicher oder lokaler Steuern, nach den Steuergesetzen Deutschlands und jedes Landes, in dem sie ansässig oder Staatsangehörige sind oder anderweitig steuerpflichtig sein könnten, ihre eigenen Steuerberater zu konsultieren. Nur diese Berater sind in der Lage, die für die Besteuerung der jeweiligen Inhaber der betreffenden Wertpapiere relevanten Einzelheiten angemessen zu berücksichtigen.

## **Steuerinländer**

### ***Privatanleger***

#### *Zinsen/Kapitalgewinne*

Zinsen aus Wertpapieren, die an Personen gezahlt werden, die die Wertpapiere im Privatvermögen halten ("**Privatanleger**") und in Deutschland steuerlich ansässig sind (d.h. Personen, die ihren Wohnsitz oder gewöhnlichen Aufenthalt in Deutschland haben), gelten als *Einkünfte aus Kapitalvermögen im Sinne des § 20 Abs. 1 EStG* und werden grundsätzlich mit einem gesonderten Abgeltungssatz von 25 Prozent nach § 32d Abs. 1 EStG besteuert. 1 EStG und werden nach § 32d Abs. 1 EStG grundsätzlich mit einem gesonderten Pauschalsteuersatz von 25 Prozent besteuert. 1 EStG (*Abgeltungsteuer*) zuzüglich 5,5 Prozent Solidaritätszuschlag und ggf. Kirchensteuer besteuert. Das deutsche Abgeltungsteuersystem steht derzeit auf dem Prüfstand des Bundesverfassungsgerichts (*BVerfG*), nachdem das Niedersächsische Finanzgericht in Hannover entschieden hat, dass die Abgeltungsteuer auf Kapitalerträge gegen den Gleichheitsgrundsatz verstößt und daher verfassungswidrig ist (Vorlagebeschluss vom 18. März 2022, Az. 7 K 120/21).

Veräußerungsgewinne aus der Veräußerung, Abtretung oder Einlösung von Wertpapieren, einschließlich des Disagios und der bis zur Veräußerung eines Wertpapiers ggf. angefallenen und gesondert gutgeschriebenen *Stückzinsen*, gelten - unabhängig von einer etwaigen Haltedauer - als Kapitalerträge im Sinne des § 20 Abs. 2 EStG und werden auch grundsätzlich mit dem Abgeltungsteuersatz von 25 Prozent zuzüglich 5,5 Prozent Solidaritätszuschlag und ggf. Kirchensteuer besteuert. Werden die Wertpapiere nicht veräußert, sondern abgetreten, getilgt, zurückgezahlt oder im Wege der *verdeckten Einlage in eine Kapitalgesellschaft* eingebracht, so wird dieser Vorgang in der Regel wie eine Veräußerung behandelt.

Veräußerungsgewinne werden durch die Differenz zwischen dem Verkaufs-, Abtretungs- oder Rücknahmepreis (nach Abzug der direkt und faktisch mit dem Verkauf, der Abtretung oder der Rücknahme verbundenen Kosten) und dem Anschaffungspreis der betreffenden Wertpapiere ermittelt. Wenn die betreffenden Wertpapiere in einer anderen Währung als Euro begeben werden, müssen der Verkaufs-, Abtretungs- oder Rückzahlungspreis und die Anschaffungskosten auf der Grundlage der am Anschaffungsdatum bzw. am Verkaufs-, Abtretungs- oder Rückzahlungsdatum geltenden Wechselkurse in Euro umgerechnet werden. Falls der/die Emittent(en) das Recht ausübt/ausüben, den/die Emittenten der Wertpapiere zu ersetzen, könnte die Ersetzung für deutsche Steuerzwecke als Austausch der Wertpapiere gegen neue, von dem/den neuen Emittenten ausgegebene Wertpapiere behandelt werden. Eine solche Ersetzung könnte zur Erfassung eines steuerpflichtigen Gewinns oder Verlusts für die jeweiligen Anleger führen.

Aufwendungen (außer solchen, die in unmittelbarem und sachlichem Zusammenhang mit der Veräußerung, Abtretung oder Einlösung stehen) im Zusammenhang mit Zinszahlungen oder Veräußerungsgewinnen aus den Wertpapieren sind - mit Ausnahme eines *Sparer-Pauschbetrags* von 1.000 Euro (2.000 Euro bei gemeinsam veranlagten Inhabern) - grundsätzlich nicht abzugsfähig.

Nach der Abgeltungssteuerregelung können Verluste aus der Veräußerung, Abtretung oder Einlösung von Wertpapieren nur mit anderen Kapitalerträgen einschließlich Veräußerungsgewinnen verrechnet werden. Ist die Verrechnung in dem Veranlagungszeitraum, in dem die Verluste realisiert wurden, nicht möglich, können diese Verluste nur in künftige Veranlagungszeiträume vorgetragen und mit in diesen künftigen Veranlagungszeiträumen erzielten Kapitalerträgen einschließlich Veräußerungsgewinnen verrechnet werden. Die Verrechnung von Verlusten, die einem Privatanleger entstanden sind, unterliegt mehreren Beschränkungen. Verluste aus den Wertpapieren können nur mit Kapitalerträgen des Privatanlegers verrechnet werden, die in demselben oder den folgenden Jahren erzielt werden. Nach neuer Rechtslage können Verluste aus Kapitalforderungen des Privatanlegers nur noch bis zu einer Höhe von EUR 20.000,00 p.a. mit Einkünften aus Kapitalvermögen verrechnet werden. Verluste aus Wertpapieren, die als *Termingeschäfte* zu qualifizieren sind, können zudem nur mit Gewinnen aus anderen Derivatgeschäften verrechnet werden, und zwar nur bis zu einer Höhe von EUR 20.000,00 im Jahr. Verluste, die diese Grenzen überschreiten, können vorgetragen werden. Der *Bundesfinanzhof* hält die Verlustverrechnungsbeschränkung für Verluste aus der Veräußerung von Aktien für verfassungswidrig und hat die Frage mit Beschluss vom 17. November 2020 (Az. VIII R 11/18) dem Bundesverfassungsgericht (*BVerfG*) zur Entscheidung über die Verfassungsmäßigkeit vorgelegt.

Besonderheiten gelten bei sogenannten Vollrisikozertifikaten mit mehreren Zahlungsterminen. Nach dem Erlass des *Bundesfinanzministeriums* vom 19. Mai 2022 (IV C 1 - S 2252/19/10003 :009) (zuletzt geändert durch Erlass vom 20. Dezember 2022 (IV C 1 - S 2252/19/10003 :011)) sind alle Zahlungen an den Anleger aus solchen Vollrisikozertifikaten, die vor dem Endfälligkeitstag erfolgen, als steuerpflichtige Einkünfte aus einer "*sonstigen Kapitalforderung*" gemäß § 20 Abs. 1 Nr. 7 EStG zu qualifizieren, es sei denn, die Emissionsbedingungen sehen vor, dass es sich um Tilgungszahlungen handelt und die Parteien handeln entsprechend. Erfolgt keine Endfälligkeitsszahlung, stellt der Endfälligkeitstermin kein veräußerungsähnliches Ereignis im Sinne des § 20 Abs. 2 EStG dar. Etwaige Veräußerungsverluste sind daher nicht abzugsfähig; allerdings ist nach der Rechtsprechung eine Nichtauszahlung eines Wertpapiers wegen Überschreitens bestimmter Schwellenwerte oder eine vorzeitige Beendigung eines Wertpapiers aus diesem Grund ohne weitere Zahlung wie eine Veräußerung zu behandeln, so dass die Anschaffungskosten des Wertpapiers als steuerlich abzugsfähiger Verlust zu behandeln sind. Obwohl sich dieser Erlass nur auf bestimmte Arten von Zertifikaten bezieht, wendet die deutsche Finanzverwaltung die oben beschriebenen Grundsätze auch auf andere Arten von Zertifikaten an. Gemäß den Erlassen vom 23. Januar 2017 (IV C 1 - S 2252/08/10004:018) und vom 12. April 2018 (IV CI-5 2252/08/10004:021) erkennt das Bundesfinanzministerium nun jedoch Verluste im Zusammenhang mit dem Verfall von Optionsrechten (einschließlich Optionen mit Knock-out-Charakter) und entsprechenden Optionsscheinen sowie bestimmten Derivatgeschäften an, was auch andere Finanzinstrumente betreffen kann.

Darüber hinaus hat das deutsche Bundesministerium der Finanzen in seinem Erlass vom 19. Mai 2022 (IV C 1 - S 2252/19/10003 :009, Rn. 61)) (in der jeweils gültigen Fassung) die Auffassung vertreten, dass ein *Forderungsausfall* und ein *Forderungsverzicht* im Allgemeinen als Veräußerung zu behandeln sind, so dass Verluste aus einem solchen Forderungsausfall oder -verzicht steuerlich abzugsfähig sind. Es ist nicht klar, ob die Position der deutschen Steuerbehörden Wertpapiere betreffen kann, die an einen Referenzwert gebunden sind, falls dieser Wert sinkt.

#### *Vorenthaltung*

Werden Wertpapiere bei einem inländischen Kreditinstitut, Finanzdienstleistungsinstitut (einschließlich einer deutschen Betriebsstätte eines solchen ausländischen Instituts), Wertpapierhandelsunternehmen oder einer Wertpapierhandelsbank ("**Auszahlende Stelle**") verwahrt oder verwaltet, wird von der Auszahlenden Stelle auf die Zinszahlungen und den übersteigenden Erlös aus der Veräußerung, Abtretung oder Übertragung von Wertpapieren die Abgeltungssteuer in Höhe von 25 Prozent (zuzüglich 5 Prozent Solidaritätszuschlag und

gegebenenfalls Kirchensteuer) einbehalten. (zuzüglich 5,5 Prozent Solidaritätszuschlag darauf und ggf. Kirchensteuer) von der Auszahlenden Stelle auf Zinszahlungen und den Überschuss des Erlöses aus der Veräußerung, Abtretung oder Einlösung (nach Abzug der mit der Veräußerung, Abtretung oder Einlösung in unmittelbarem sachlichen Zusammenhang stehenden Aufwendungen) über die Anschaffungskosten für die betreffenden Wertpapiere (ggf. umgerechnet in Euro auf der Grundlage der Wechselkurse zum Anschaffungszeitpunkt und zum Veräußerungs-, Abtretungs- oder Einlösungszeitpunkt) einbehalten. Die Kirchensteuer wird standardmäßig im Wege des Steuerabzugs erhoben, es sei denn, der Privatanleger hat beim *Bundeszentralamt für Steuern* einen *Sperrvermerk* angemeldet.

Die Auszahlende Stelle wird die Verrechnung von Verlusten mit Kapitalerträgen einschließlich Kapitalgewinnen aus anderen Wertpapieren vorsehen. Ist eine Verrechnung mangels ausreichender Kapitalerträge über dieselbe Auszahlungsstelle nicht möglich, kann der Inhaber von Wertpapieren - anstelle eines Verlustvortrags in das Folgejahr - bis zum 15. Dezember des laufenden Geschäftsjahres bei der Auszahlungsstelle einen Antrag auf *Verlustbescheinigung stellen*, um diese Verluste mit Kapitalerträgen anderer Einrichtungen in der persönlichen Einkommensteuererklärung des Inhabers zu verrechnen.

Hat sich die Verwahrung seit der Anschaffung geändert und werden die Anschaffungsdaten nicht im Sinne des § 43a Abs. 2 EStG nachgewiesen oder darf der Nachweis nicht geführt werden, wird auf den Erlös aus der Veräußerung, Abtretung oder Einlösung der betreffenden Anteile der Abgeltungssteuersatz von 25 Prozent (zuzüglich 5 Prozent Solidaritätszuschlag und ggf. Kirchensteuer) erhoben. (zuzüglich 5,5 Prozent Solidaritätszuschlag darauf und ggf. Kirchensteuer) auf einen Betrag in Höhe von 30 Prozent des Erlöses aus der Veräußerung, Abtretung oder Einlösung der betreffenden Wertpapiere erhoben.

Im Rahmen des von der Auszahlenden Stelle vorgenommenen Steuerabzugs können ausländische Steuern nach dem Einkommensteuergesetz angerechnet werden.

Werden die Wertpapiere nicht in einem Depot bei einer Auszahlungsstelle verwahrt, wird die Abgeltungssteuer - im Wege des Steuerabzugs - auf Zinsen erhoben, die von einer Auszahlungsstelle gegen Vorlage eines Kupons (unabhängig davon, ob dieser zusammen mit der betreffenden Schuldverschreibung vorgelegt wird oder nicht) an einen Inhaber eines solchen Kupons (mit Ausnahme einer nichtdeutschen Bank oder eines Finanzdienstleistungsinstituts) gezahlt werden (*Tafelgeschäft*), sofern vorhanden. In diesem Fall unterliegen die Erlöse aus dem Verkauf, der Abtretung oder der Einlösung der betreffenden Wertpapiere ebenfalls dem Einbehalt der Abgeltungssteuer.

Im Allgemeinen wird keine Abgeltungssteuer erhoben, wenn der Inhaber eines Wertpapiers bei der Auszahlenden Stelle einen *Freistellungsauftrag* (in Höhe des Höchstbetrages der Pauschale von derzeit 1.000 Euro (2.000 Euro bei gemeinsam veranlagten Inhabern)) eingereicht hat, soweit die Erträge den in der Freistellungsbescheinigung ausgewiesenen Höchstbetrag nicht übersteigen. Ebenso wird keine Abgeltungssteuer abgezogen, wenn der Inhaber eines Wertpapiers der Auszahlungsstelle eine gültige *Nichtveranlagungsbescheinigung* des zuständigen Finanzamtes vorgelegt hat.

Für Privatanleger ist die einbehaltene Abgeltungssteuer in der Regel bestandskräftig. Ausnahmen gelten z.B., wenn und soweit die tatsächlichen Kapitalerträge den Betrag übersteigen, der von der Auszahlenden Stelle als Grundlage für den Abgeltungssteuerabzug ermittelt wurde. In diesem Fall ist der übersteigende Betrag der Kapitalerträge in der Einkommensteuererklärung des Privatanlegers anzugeben und wird im Rahmen des Veranlagungsverfahrens der Abgeltungssteuer unterworfen. Nach dem Erlass des Bundesministeriums der Finanzen vom 19. Mai 2022 (IV C 1 - S 2252/19/10003 :009) (zuletzt geändert durch Erlass vom 20. Dezember 2022 (IV C 1 - S 2252/19/10003 :011) Rn. 143, 183) wird jedoch ein Überschreitungsbetrag von höchstens 500 Euro je Veranlagungszeitraum aus Billigkeitsgründen nicht geltend gemacht, sofern keine anderen Gründe für eine Veranlagung nach § 32d Abs. 3 EStG vorliegen. 3 Einkommensteuergesetz vorliegen. Ferner kann der Privatanleger beantragen, dass seine gesamten Kapitalerträge zusammen mit

seinen sonstigen Einkünften nicht mit dem Abgeltungsteuersatz, sondern mit seinem persönlichen progressiven Einkommensteuertarif besteuert werden, wenn dies zu einer niedrigeren Steuerschuld führt (*Günstigerprüfung*). Nach § 32d Abs. 2 Nr. 1 EStG steht der Abgeltungsteuersatz auch dann nicht zur Verfügung, wenn ein Missbrauch des Abgeltungsteuersatzes vermutet wird (z.B. "Back-to-Back"-Finanzierung). Zum Nachweis solcher Kapitalerträge und der darauf entfallenden Abgeltungsteuer kann der Anleger von der Auszahlenden Stelle eine entsprechende Bescheinigung nach amtlich vorgeschriebenem Vordruck verlangen.

Kapitalerträge, die nicht der Abgeltungsteuer unterliegen (z. B. wenn keine auszahlende Stelle vorhanden ist), müssen in der Einkommensteuererklärung angegeben werden und unterliegen dem Abgeltungsteuersatz von 25 Prozent. (zuzüglich 5,5 % Solidaritätszuschlag darauf und ggf. Kirchensteuer), es sei denn, der Anleger beantragt die Besteuerung der Kapitalerträge mit einem niedrigeren persönlichen, progressiven Einkommensteuersatz oder die Kapitalerträge unterliegen nicht dem Abgeltungsteuersatz nach § 32d Abs. 2 Nr. 1 EStG. Ausländische Steuern auf Kapitalerträge können nach Maßgabe des Einkommensteuergesetzes angerechnet werden.

#### *Geschäftliche Investoren*

Zinsen aus Wertpapieren, die an Personen gezahlt werden, die die betreffenden Wertpapiere im Betriebsvermögen halten ("**Wirtschaftliche Investoren**") und die in Deutschland steuerlich ansässig sind (d. h. Wirtschaftliche Investoren, deren Wohnsitz, gewöhnlicher Aufenthalt, satzungsmäßiger Sitz oder Ort der tatsächlichen Geschäftsleitung und Kontrolle sich in Deutschland befindet), sowie Veräußerungsgewinne aus der Veräußerung, Abtretung oder Einlösung von Wertpapieren, einschließlich des Emissionsdisagios und etwaiger Stückzinsen, unterliegen der Einkommensteuer mit dem persönlichen, progressiven Einkommensteuersatz des Wirtschaftlichen Investors (zuzüglich derzeit 5.5 Prozent Solidaritätszuschlag und ggf. Kirchensteuer) bzw. bei juristischen Personen der Körperschaftsteuer mit einem einheitlichen Steuersatz von 15 Prozent (zuzüglich 5,5 Prozent Solidaritätszuschlag). Derartige Zinszahlungen und Veräußerungsgewinne können auch der Gewerbesteuer unterliegen, wenn die betreffenden Wertpapiere zum Vermögen eines deutschen Gewerbebetriebs gehören. Verluste aus der Veräußerung, Abtretung oder Einlösung von Wertpapieren werden im Allgemeinen steuerlich anerkannt; dies kann anders sein, wenn bestimmte (insbesondere indexgebundene) Wertpapiere als Derivatgeschäfte qualifiziert werden.

Die gegebenenfalls einbehaltene Quellensteuer einschließlich des darauf entfallenden Solidaritätszuschlags wird im Rahmen des Steuerveranlagungsverfahrens als Vorauszahlung auf die persönliche, progressive oder körperschaftliche Einkommensteuerschuld und den Solidaritätszuschlag des Unternehmensanlegers angerechnet, d. h. die Quellensteuer ist nicht endgültig. Ein etwaiger Überschuss wird erstattet. Bei Veräußerungsgewinnen aus der Veräußerung, Abtretung oder Einlösung von Wertpapieren wird jedoch grundsätzlich und unter weiteren Voraussetzungen kein Kapitalertragsteuerabzug vorgenommen, wenn (i) die Wertpapiere von einer Körperschaft, Personenvereinigung oder Vermögensmasse im Sinne des § 43 Abs. 2 Satz 3 Nr. 1 EStG gehalten werden oder (ii) die Wertpapiere von einem Dritten gehalten werden. 1 EStG gehalten werden oder (ii) die Erträge aus diesen Wertpapieren als Einkünfte eines inländischen Betriebs zu qualifizieren sind und der Anleger dies der Auszahlenden Stelle nach amtlich vorgeschriebenem Vordruck gemäß § 43 Abs. 2 Satz 3 Nr. 2 EStG mitteilt (*Erklärung zur Freistellung vom Kapitalertragsteuerabzug*).

Sind die Wertpapiere als Nullkuponanleihen zu qualifizieren und gehören sie zu einem Gewerbebetrieb, so ist in jedem Jahr der auf dieses Jahr entfallende Teil des Unterschiedsbetrags zwischen dem Ausgabe- oder Kaufpreis und dem Rückzahlungsbetrag als Einkommen zu berücksichtigen.

Ausländische Steuern können nach dem deutschen Einkommensteuergesetz angerechnet werden. Alternativ können ausländische Steuern auch von der Steuerbemessungsgrundlage für deutsche Einkommensteuerzwecke abgezogen werden.

### *Nicht-Einwohner*

Zinsen aus Wertpapieren und Veräußerungsgewinne, einschließlich etwaiger aufgelaufener Zinsen, unterliegen nicht der deutschen Besteuerung, es sei denn, (i) die betreffenden Wertpapiere gehören zum Betriebsvermögen einer Betriebsstätte, einschließlich eines ständigen Vertreters, oder einer festen Einrichtung, die der Inhaber der betreffenden Wertpapiere in Deutschland unterhält; (ii) die Kapitalerträge stellen ansonsten Einkünfte aus deutschen Quellen dar; oder (iii) die betreffenden Wertpapiere nicht in einem Depot bei einer Auszahlungsstelle verwahrt werden und Zinsen oder Erlöse aus dem Verkauf, der Abtretung oder der Einlösung der betreffenden Wertpapiere von einer Auszahlungsstelle gegen Vorlage eines Kupons an einen Inhaber eines solchen Kupons (mit Ausnahme einer nicht-deutschen Bank oder eines Finanzdienstleistungsinstituts) ausgezahlt werden (*Tafelgeschäft*), sofern vorhanden. In den Fällen (i), (ii) und (iii) gilt eine ähnliche Steuerregelung wie die oben unter "*Tax Residents*" erläutert, anwendbar.

Soweit bei einem Gebietsfremden, der Kapitalerträge hat, die Voraussetzungen für eine beschränkte Steuerpflicht nicht erfüllt sind, ist von der Auszahlenden Stelle für diese Erträge kein Steuerabzug vorzunehmen, auch wenn die betreffenden Wertpapiere bei einer Auszahlenden Stelle verwahrt werden (vgl. Rz. 313 der Verordnung vom 19. Mai 2022 (IV C 1 - S 2252/19/10003 :009) (zuletzt geändert durch Verordnung vom 20. Dezember 2022 (IV C 1 - S 2252/19/10003 :011))). Unterliegen die Kapitalerträge jedoch der deutschen Besteuerung im Sinne des vorstehenden Absatzes und werden die betreffenden Wertpapiere in einem Depot bei einer Auszahlungsstelle oder im Falle eines *Tafelgeschäfts verwahrt*, wird Quellensteuer erhoben, wie oben unter "*Tax Residents*". Die Quellensteuer kann auf der Grundlage des deutschen nationalen Steuerrechts oder eines anwendbaren Steuerabkommens erstattet werden.

### *Erbschafts- und Schenkungssteuer*

Nach deutschem Recht fallen keine Erbschafts- oder Schenkungssteuern auf Wertpapiere an, wenn im Falle der Erbschaftssteuer weder der Erblasser noch der Begünstigte oder im Falle der Schenkungssteuer weder der Schenker noch der Beschenkte in Deutschland ansässig sind und die Wertpapiere nicht einem Gewerbebetrieb zuzurechnen sind, für den in Deutschland eine Betriebsstätte unterhalten wird oder ein ständiger Vertreter bestellt ist. Ausnahmen von dieser Regel gelten für bestimmte im Ausland lebende Deutsche.

### *Sonstige Steuern*

In Deutschland fallen im Zusammenhang mit der Emission, Lieferung, Ausführung oder Umwandlung von Wertpapieren keine Stempel-, Emissions-, Registrierungs- oder ähnliche Steuern oder Abgaben an. Derzeit wird in Deutschland keine *Vermögenssteuer* erhoben. Deutschland und andere EU-Mitgliedstaaten beabsichtigen die Einführung einer Finanztransaktionssteuer (siehe unten). Es ist jedoch unklar, ob und in welcher Form eine solche Steuer tatsächlich eingeführt werden wird. Sollte eine solche Steuer eingeführt werden, könnte der Erwerb und die Veräußerung von Wertpapieren (auf dem Sekundärmarkt) mit einer Steuer von mindestens 0,1 Prozent des Erwerbs- oder Veräußerungspreises belegt werden.

### *EU-Einwohner*

Die Richtlinie 2003/48/EG des Rates der Europäischen Union über die Besteuerung von Zinserträgen wurde mit Wirkung vom 1. Januar 2016 (1. Januar 2017 im Falle Österreichs) aufgehoben (jeweils vorbehaltlich von Übergangsregelungen). Der Rat der Europäischen Union hat jedoch auch die Richtlinie 2014/107/EU (die "**Änderungsrichtlinie**") verabschiedet, mit der die Richtlinie 2011/16/EU über die Zusammenarbeit der Verwaltungsbehörden im Bereich der Besteuerung geändert wird, um ein erweitertes System des automatischen Informationsaustauschs gemäß dem vom OECD-Rat verabschiedeten Globalen Standard zum 1. Januar 2016 (im Falle Österreichs zum 1. Januar 2017) einzuführen. Deutschland hat die Änderungsrichtlinie durch ein *Finanzkonten-Informationsaustauschgesetz* (FKAustG) umgesetzt, wonach es

ab dem 1. Januar 2016 Informationen über Finanzkonten an die EU-Mitgliedstaaten und bestimmte andere Staaten übermitteln wird.

### ***Solidaritätszuschlag***

Bitte beachten Sie, dass der Solidaritätszuschlag ab dem Veranlagungszeitraum 2021 für bestimmte Personen teilweise abgeschafft wird (Gesetz zur Rückführung des Solidaritätszuschlags 1995 vom 10. Dezember 2019 - BGBl. 2019 I S. 2115). Der Solidaritätszuschlag bleibt jedoch auf Kapitalerträge und damit auf die einbehaltene Quellensteuer weiterhin anwendbar. Liegt die individuelle Einkommensteuerbelastung eines in Deutschland steuerlich ansässigen nichtunternehmerischen **Wertpapierinhabers** unter 25 Prozent, kann dieser beantragen, dass seine Kapitalerträge mit seinem individuellen tariflichen Einkommensteuersatz veranlagt werden; in diesem Fall wird der Solidaritätszuschlag erstattet (siehe oben).

## **ÜBERLEGUNGEN ZUM ÖSTERREICHISCHEN STEUERRECHT**

Dieser Abschnitt über die Besteuerung enthält eine kurze Zusammenfassung des Verständnisses der Emittentin(en) im Hinblick auf bestimmte wichtige Grundsätze, die im Zusammenhang mit dem Kauf, dem Halten oder dem Verkauf der Wertpapiere in Österreich von Bedeutung sind. Diese Zusammenfassung erhebt nicht den Anspruch, alle möglichen steuerlichen Aspekte erschöpfend zu beschreiben und geht nicht auf spezifische Situationen ein, die für bestimmte potentielle Anleger von Bedeutung sein können. Die folgenden Ausführungen sind allgemeiner Natur und werden in diesem Basisprospekt ausschließlich zu Informationszwecken aufgenommen. Sie sind nicht als Rechts- oder Steuerberatung gedacht und dürfen auch nicht als solche ausgelegt werden. Diese Zusammenfassung basiert auf den derzeit geltenden Steuergesetzen, der Rechtsprechung und den Vorschriften der Steuerbehörden sowie deren jeweiliger Auslegung, die von Zeit zu Zeit geändert werden können. Solche Änderungen können möglicherweise auch rückwirkend erfolgen und sich negativ auf die beschriebenen steuerlichen Folgen auswirken. Potenziellen Anlegern der Wertpapiere wird empfohlen, ihre Rechts- und Steuerberater über die steuerlichen Folgen des Erwerbs, des Haltens oder der Veräußerung der Wertpapiere zu konsultieren. Steuerliche Risiken, die sich aus den Wertpapieren ergeben (insbesondere aus einer möglichen Qualifikation als ausländischer Investmentfonds im Sinne des § 188 Investmentfondsgesetz 2011), sind jedenfalls vom Anleger zu tragen. Diese Zusammenfassung gilt für Wertpapiere, die verbrieft sind und rechtlich und tatsächlich einer unbestimmten Anzahl von Personen im Sinne des § 27a Abs. 2 Z 2 Einkommensteuergesetz (EStG) angeboten werden. Für Wertpapiere, die unverbrieft sind und/oder nicht rechtlich und tatsächlich einer unbestimmten Anzahl von Personen angeboten werden, können abweichende Regelungen gelten.

### ***Allgemeine Bemerkungen***

Natürliche Personen, die in Österreich einen Wohnsitz und/oder ihren gewöhnlichen Aufenthalt im Sinne des § 26 der Bundesabgabenordnung haben, sind mit ihrem weltweiten Einkommen in Österreich einkommensteuerpflichtig (unbeschränkte Einkommensteuerpflicht). Natürliche Personen, die weder einen Wohnsitz noch ihren gewöhnlichen Aufenthalt in Österreich haben, sind nur mit Einkünften aus bestimmten österreichischen Quellen einkommensteuerpflichtig (beschränkte Einkommensteuerpflicht).

Körperschaften, die ihren Ort der Geschäftsleitung und/oder ihren Sitz im Sinne des § 27 der Bundesabgabenordnung in Österreich haben, sind mit ihrem weltweiten Einkommen in Österreich körperschaftsteuerpflichtig (unbeschränkte Körperschaftsteuerpflicht). Körperschaften, die weder den Ort ihrer Geschäftsleitung noch ihren Sitz in Österreich haben, sind nur mit Einkünften aus bestimmten österreichischen Quellen körperschaftsteuerpflichtig (beschränkte Körperschaftsteuerpflicht).

Sowohl bei unbeschränkter als auch bei beschränkter (körperschaftlicher) Einkommensteuerpflicht kann das Besteuerungsrecht Österreichs durch Doppelbesteuerungsabkommen eingeschränkt sein.

### **Einkommensbesteuerung**

Gemäß § 27 Absatz 1 des österreichischen Einkommensteuergesetzes umfasst der Begriff Einkünfte aus Kapitalvermögen:

- (a) Einkünfte aus der Überlassung von Kapital gemäß § 27 Abs. 2 EStG, einschließlich Dividenden und Zinsen; Bemessungsgrundlage ist der Betrag der zugeflossenen Erträge (§ 27a Abs. 3 Z 1 EStG);
- (b) Einkünfte aus realisierten Wertsteigerungen gemäß § 27 Abs. 3 EStG, einschließlich der Gewinne aus der Veräußerung, Einlösung und sonstigen Abschichtung von Wirtschaftsgütern, die zu Einkünften aus der Überlassung von Kapital führen (einschließlich Nullkuponanleihen); Bemessungsgrundlage ist der Veräußerungserlös oder der Einlösungsbetrag abzüglich der Anschaffungskosten, jeweils inklusive anteiliger Stückzinsen (§ 27a Abs. 3 Z 2 lit. a EStG);
- (c) Einkünfte aus Derivaten gemäß § 27 Abs. 4 EStG, einschließlich Barausgleiche, erhaltene Optionsprämien und Einkünfte aus der Veräußerung oder sonstigen Abwicklung von Termingeschäften wie Optionen, Futures und Swaps sowie sonstigen Derivaten wie Indexzertifikaten (die bloße Ausübung einer Option löst keine Steuerpflicht aus); z.B. bei Indexzertifikaten beträgt die Bemessungsgrundlage den Veräußerungserlös oder den Rückzahlungsbetrag abzüglich der Anschaffungskosten (§ 27a Abs. 3 Z 3 lit. c EStG); und
- (d) Einkünfte aus Kryptowährungen gemäß § 27 Abs. 4a des österreichischen Einkommensteuergesetzes.

Auch die Entnahme der Wertpapiere aus einem Depot und Umstände, die zu einer Einschränkung des Besteuerungsrechts Österreichs an den Wertpapieren gegenüber dem Ausland führen, z.B. ein Wegzug aus Österreich, gelten grundsätzlich als Veräußerung (vgl. §§ 27 Abs. 6 Z 1 und 2 EStG). Die Bemessungsgrundlage ist der gemeine Wert zum Zeitpunkt des Eintritts der Umstände abzüglich der Anschaffungskosten (§ 27a Abs. 3 Z 2 lit. b EStG).

In Österreich unbeschränkt einkommensteuerpflichtige natürliche Personen, die die Wertpapiere im außerbetrieblichen Vermögen halten, unterliegen mit allen daraus resultierenden Kapitalerträgen der Einkommensteuer gemäß § 27 Abs. 1 EStG. Inländische Einkünfte aus Kapitalvermögen, das sind im Wesentlichen Einkünfte, die von einer österreichischen auszahlenden Stelle oder einer österreichischen depotführenden Stelle im Sinne des § 95 Abs. 2 EStG gezahlt werden, unterliegen der Kapitalertragsteuer mit einem Pauschalsteuersatz von 27,5 %; eine über den Steuerabzug hinausgehende zusätzliche Einkommensteuer wird nicht eingehoben (Endbesteuerung gemäß § 97 Abs. 1 EStG). Kapitalerträge aus den Wertpapieren ohne österreichischen Bezug sind in der Einkommensteuererklärung des Anlegers anzugeben und unterliegen der Einkommensteuer mit dem Pauschalsteuersatz von 27,5 Prozent. In beiden Fällen besteht auf Antrag die Möglichkeit, alle einkommensteuerpflichtigen Einkünfte gemäß § 27a Abs. 1 EStG pauschal mit dem progressiven Einkommensteuertarif zu besteuern (Regelbesteuerungsoption gemäß § 27a Abs. 5 EStG). Zu den Anschaffungskosten sind keine Anschaffungsnebenkosten (§ 27a Abs. 4 Z 2 EStG) anzusetzen. Aufwendungen wie Bankspesen und Depotgebühren dürfen nicht abgezogen werden (§ 20 Abs. 2 EStG); dies gilt auch, wenn zur Regelbesteuerung optiert wird. § 27 Abs. 8 EStG sieht u.a. folgende Verlustverrechnungsbeschränkungen vor: Negative Einkünfte aus realisierten Wertsteigerungen und aus Derivaten dürfen weder mit Zinsen aus Bankguthaben und sonstigen nicht verbrieften Geldforderungen gegenüber Kreditinstituten (ausgenommen Ausgleichzahlungen und Leihgebühren) noch mit Einkünften aus Privatstiftungen, ausländischen Stiftungen oder sonstigen Vermögensmassen, die mit einer Privatstiftung vergleichbar sind, verrechnet werden; pauschal einkommensteuerpflichtige Einkünfte gemäß § 27a Abs. 1 EStG, dürfen nicht mit Einkünften verrechnet werden, die dem progressiven Einkommensteuertarif unterliegen (dies gilt auch im Falle der Ausübung der Regelbesteuerungsoption); negative Kapitalerträge, die nicht bereits mit positiven Kapitalerträgen verrechnet wurden, dürfen nicht mit anderen Einkunftsarten verrechnet werden. Die österreichische depotführende Stelle hat die Verlustverrechnung unter

Berücksichtigung aller Depots des Steuerpflichtigen bei der depotführenden Stelle gemäß § 93 Abs. 6 EStG vorzunehmen und dem Steuerpflichtigen darüber eine schriftliche Bestätigung auszustellen.

In Österreich unbeschränkt einkommensteuerpflichtige natürliche Personen, die die Wertpapiere im Betriebsvermögen halten, unterliegen mit allen daraus resultierenden Kapitalerträgen der Einkommensteuer gemäß § 27 Abs. 1 EStG. Kapitalerträge aus den Wertpapieren mit österreichischem Bezug unterliegen der Einkommensteuer mit einem Pauschalsteuersatz von 27,5 Prozent. Während der Einkommensteuer bei Einkünften aus der Überlassung von Kapital die Wirkung einer Endbesteuerung hat, sind andere Arten von Kapitalerträgen in der Einkommensteuererklärung des Anlegers anzugeben (unterliegen aber dennoch der Einkommensteuer mit dem Pauschalsteuersatz von 27,5 Prozent). Kapitalerträge aus den Wertpapieren ohne österreichischen Bezug sind immer in der Einkommensteuererklärung des Anlegers anzugeben und unterliegen der Einkommensteuer mit dem Pauschalsteuersatz von 27,5 Prozent. In beiden Fällen besteht auf Antrag die Möglichkeit, alle einkommensteuerpflichtigen Einkünfte gemäß § 27a Abs. 1 EStG mit dem progressiven Einkommensteuertarif pauschal zu besteuern (Regelbesteuerungsoption gemäß § 27a Abs. 5 EStG). Der Abgeltungsteuersatz gilt nicht für Einkünfte aus realisierten Wertsteigerungen von Kapitalvermögen, Einkünfte aus Derivaten und Einkünfte aus Kryptowährungen, wenn die Realisierung dieser Einkunftsarten einen Schwerpunkt der betrieblichen Tätigkeit des jeweiligen Anlegers darstellt (§ 27a Abs. 6 EStG). Aufwendungen wie Bankspesen und Depotgebühren dürfen nicht abgezogen werden (§ 20 Abs. 2 EStG); dies gilt auch, wenn zur Regelbesteuerung optiert wird. Gemäß § 6 Abs. 2 lit. c EStG sind Abschreibungen auf den niedrigeren Teilwert sowie Verluste aus der Veräußerung, Einlösung und sonstigen Verwertung von Finanzanlagen, Derivaten und Kryptowährungen im Sinne des § 27 Abs. 3 bis 4a EStG, die der Einkommensteuer mit dem Pauschalsteuersatz von 27,5 Prozent unterliegen, vorrangig mit positiven Einkünften aus realisierten Wertsteigerungen und Wertzuwächsen solcher Wirtschaftsgüter desselben Betriebes zu verrechnen; der verbleibende negative Unterschiedsbetrag kann nur zu 55 Prozent mit anderen Einkunftsarten verrechnet werden.

Gemäß § 7 Abs. 2 Körperschaftsteuergesetz unterliegen in Österreich unbeschränkt körperschaftsteuerpflichtige Körperschaften der Körperschaftsteuer auf Einkünfte aus den Wertpapieren im Sinne des § 27 Abs. 1 EStG mit einem Steuersatz von derzeit 24 Prozent (ab 2024: 23 Prozent). Einkünfte (im Sinne des § 27 Abs. 1 EStG) aus den Wertpapieren mit Österreich-Bezug unterliegen grundsätzlich der Körperschaftsteuer mit einem Pauschalsteuersatz von 27,5 Prozent. Allerdings kann die Abzugstelle gemäß § 93 Abs. 1a EStG einen Steuersatz von derzeit 24 Prozent (ab 2024: 23 Prozent) anwenden, wenn der Schuldner der Abzugsteuer eine Körperschaft ist. Diese Quellensteuer kann auf die Körperschaftsteuerschuld angerechnet werden. Unter den in § 94 Abs. 5 EStG festgelegten Bedingungen wird die Quellensteuer gar nicht erst erhoben. Verluste aus der Veräußerung der Wertpapiere können mit anderen Einkünften verrechnet werden.

Gemäß § 13 Abs. 3 Z 1 in Verbindung mit § 22 Abs. 2 KStG unterliegen Privatstiftungen nach dem Privatstiftungsgesetz, die die Voraussetzungen des §§ 13 Abs. 3 und 6 KStG erfüllen und die Wertpapiere im Privatvermögen halten, der Zwischenbesteuerung mit derzeit 24 Prozent auf Einkünfte aus der Überlassung von Kapital (einschließlich Zinseinkünfte, Einkünfte aus realisierten Wertsteigerungen, Einkünfte aus Kryptowährungen und Einkünfte aus Derivaten (u.a. wenn diese in Form von Wertpapieren vorliegen)). Zu den Anschaffungskosten dürfen nach Ansicht der österreichischen Finanzverwaltung keine Anschaffungsnebenkosten gehören. Aufwendungen wie Bankspesen und Depotgebühren dürfen nicht abgezogen werden (§ 12 Abs. 2 KStG). Die Zwischensteuer wird in der Regel nicht ausgelöst, sofern die kapitalertragsteuerpflichtigen Ausschüttungen an die Begünstigten im selben Veranlagungszeitraum vorgenommen werden. Kapitalerträge aus den Wertpapieren mit Österreich-Bezug unterliegen grundsätzlich der kapitalertragsteuer mit einem Pauschalsteuersatz von 27,5 Prozent. Gemäß § 93 Abs. 1a EStG kann die Abzugsstelle jedoch einen Satz von derzeit 24 Prozent anwenden (ab 2024: 23 Prozent), wenn der Schuldner der Abzugsteuer eine Körperschaft ist. Diese Quellensteuer kann auf die ausgelöste Steuer angerechnet

werden. Unter den Voraussetzungen des § 94 Abs. 12 des österreichischen Einkommensteuergesetzes wird keine Quellensteuer einbehalten.

Natürliche und juristische Personen, die in Österreich beschränkt einkommen- bzw. körperschaftsteuerpflichtig sind, sind mit den Einkünften aus den Wertpapieren steuerpflichtig, wenn sie eine Betriebsstätte in Österreich haben und die Wertpapiere dieser Betriebsstätte zuzurechnen sind (vgl. §§ 98 Abs. 1 Z 3 EStG, 21 Abs. 1 Z 1 des österreichischen Körperschaftsteuergesetzes). Darüber hinaus sind in Österreich beschränkt einkommensteuerpflichtige natürliche Personen auch mit Zinsen im Sinne des § 27 Abs. 2 Z 2 EStG und Stückzinsen (auch aus Nullkuponanleihen) im Sinne des § 27 Abs. 6 Z 5 EStG aus den Wertpapieren steuerpflichtig, wenn die (Stück-)Zinsen einen Österreich-Bezug aufweisen und auf diese (Stück-)Zinsen kapitalertragsteuer einbehalten wird. Dies gilt nicht für eine natürliche Person, die in einem Staat ansässig ist, mit dem ein automatischer Informationsaustausch besteht, wenn die natürliche Person der Abzugsstelle eine Wohnsitzbescheinigung vorlegt. Zinsen mit Österreich-Bezug sind Zinsen, deren Schuldner seine Geschäftsleitung und/oder seinen Sitz in Österreich hat oder eine österreichische Zweigstelle eines nicht-österreichischen Kreditinstituts ist; Stückzinsen mit österreichischem Bezug sind Stückzinsen aus Wertpapieren eines österreichischen Emittenten (§ 98 Abs. 1 Z 5 lit. b EStG). Die Emittentin(en) gehen davon aus, dass in diesem Zusammenhang keine Besteuerung erfolgt.

Gemäß §. 188 des Investmentfondsgesetzes (InvFG 2011) umfasst der Begriff "ausländischer Investmentfonds" (i) Organismen für gemeinsame Anlagen in Wertpapieren, deren Herkunftsmitgliedstaat nicht Österreich ist; (ii) Alternative Investmentfonds gemäß Alternative Investmentfonds Manager-Gesetz, deren Herkunftsstaat nicht Österreich ist; und (iii) subsidiär Organismen, die einer ausländischen Rechtsordnung unterliegen, unabhängig von ihrer Rechtsform, deren Vermögen entweder aufgrund eines Gesetzes, der Satzung oder der tatsächlichen Übung des Unternehmens nach dem Grundsatz der Risikostreuung angelegt wird, wenn eine der folgenden Voraussetzungen erfüllt ist (a) der Organismus unterliegt in seinem Ansässigkeitsstaat faktisch weder unmittelbar noch mittelbar einer der österreichischen Körperschaftsteuer vergleichbaren Körperschaftsteuer; (b) die Gewinne des Organismus unterliegen in seinem Ansässigkeitsstaat einer der österreichischen Körperschaftsteuer vergleichbaren Körperschaftsteuer mit einem Steuersatz von weniger als derzeit 14 Prozent (im Jahr 2023 und 13 Prozent ab 2024); oder (c) der Organismus unterliegt in seinem Ansässigkeitsstaat einer umfassenden persönlichen oder sachlichen Steuerbefreiung. Bestimmte Organismen für gemeinsame Anlagen, die in Immobilien investieren, sind von der Steuer befreit. Im Falle einer Einstufung als ausländischer Investmentfonds würden sich die steuerlichen Folgen erheblich von den oben beschriebenen unterscheiden: Es käme eine besondere Form des Transparenzprinzips zur Anwendung, wonach grundsätzlich sowohl ausgeschüttete Erträge als auch fiktive Erträge der österreichischen (Körperschaft-)Steuer unterliegen würden.

### ***Erbschafts- und Schenkungssteuer***

Österreich erhebt derzeit keine Erbschafts- oder Schenkungssteuer.

Bestimmte unentgeltliche Vermögensübertragungen an privatrechtliche Stiftungen und damit vergleichbare Vermögensmassen unterliegen der Stiftungseingangssteuer nach dem Stiftungseingangssteuergesetz, wenn der Übertragende und/oder der Übernehmer im Zeitpunkt der Übertragung einen Wohnsitz, den gewöhnlichen Aufenthalt, den Sitz und/oder den Ort der Geschäftsleitung in Österreich haben. Bestimmte Ausnahmen gelten bei Übertragungen von Todes wegen von Finanzvermögen im Sinne des § 27 Abs. 3 und 4 EStG (ausgenommen Beteiligungen an Kapitalgesellschaften), wenn die Einkünfte aus diesem Finanzvermögen gemäß § 27a Abs. 1 EStG pauschal besteuert werden. Die Bemessungsgrundlage ist der gemeine Wert des übertragenen Vermögens abzüglich der Schulden, der zum Zeitpunkt der Übertragung ermittelt wird. Der Steuersatz beträgt in der Regel 2,5 Prozent, wobei in besonderen Fällen höhere Sätze gelten.

Darüber hinaus besteht eine besondere Meldepflicht für Schenkungen von Geld, Forderungen, Anteilen an Kapitalgesellschaften, Beteiligungen an Personengesellschaften, Betrieben, beweglichen körperlichen Wirtschaftsgütern und immateriellen Wirtschaftsgütern, wenn der Schenker und/oder der Beschenkte einen Wohnsitz, seinen gewöhnlichen Aufenthalt, seinen Sitz und/oder den Ort seiner Geschäftsleitung in Österreich hat. Nicht alle Schenkungen sind von der Meldepflicht betroffen: Bei Schenkungen an bestimmte nahestehende Personen gilt ein Schwellenwert von 50.000 EUR pro Jahr; in allen anderen Fällen besteht eine Meldepflicht, wenn der Wert der Zuwendungen innerhalb von fünf Jahren einen Betrag von 15.000 EUR übersteigt. Ferner sind auch unentgeltliche Zuwendungen an Stiftungen, die unter das oben beschriebene Stiftungseingangssteuergesetz fallen, von der Anzeigepflicht ausgenommen. Bei vorsätzlicher Verletzung der Anzeigepflicht drohen Geldstrafen von bis zu 10 Prozent des Verkehrswertes des übertragenen Vermögens.

Darüber hinaus können unentgeltliche Übertragungen der Wertpapiere gemäß § 27 Abs. 6 Z 1 und 2 EStG beim Übertragenden Einkommensteuer auslösen (siehe oben).

## **ÜBERLEGUNGEN ZUM KROATISCHEN STEUERRECHT**

*Der folgende Text ist eine allgemeine Erörterung bestimmter kroatischer Steuerfolgen im Zusammenhang mit dem Erwerb und Besitz von Wertpapieren. Er stellt weder eine Steuerberatung dar noch erhebt er den Anspruch, eine umfassende Beschreibung aller steuerlichen Erwägungen zu sein, die für eine Entscheidung über die Zeichnung, den Kauf, den Besitz oder die Veräußerung der Wertpapiere relevant sein können, und berücksichtigt insbesondere keine spezifischen Tatsachen oder Umstände, die für einen bestimmten Käufer gelten können. Er erhebt auch nicht den Anspruch, sich mit den steuerlichen Folgen zu befassen, die für alle Kategorien von Anlegern gelten, von denen einige (wie z. B. Händler von Wertpapieren oder Waren) besonderen Vorschriften unterliegen können. Anleger sollten beachten, dass die Ernennung von Personen, über die sie Wertpapiere halten (Verwahrer, Inkassobevollmächtigte oder Ähnliches), in jeder Rechtsordnung steuerliche Auswirkungen haben kann.*

*Der Text basiert auf den derzeit in Kroatien geltenden Gesetzen, die am Datum dieses Basisprospekts anwendbar sind, kann sich jedoch, möglicherweise auch rückwirkend, ändern.*

*Potenziellen Käufern von Wertpapieren wird empfohlen, ihre eigenen Steuerberater hinsichtlich der steuerlichen Folgen der Zeichnung, des Kaufs, des Besitzes und der Veräußerung von Wertpapieren, einschließlich der Auswirkungen staatlicher oder lokaler Steuern, nach den Steuergesetzen Kroatiens und jedes Landes, in dem sie ansässig sind oder in dem sie ihren gewöhnlichen Aufenthalt haben, zu konsultieren.*

### **Einkommensteuer**

Die Einkommensteuer wird durch das Einkommensteuergesetz (Amtsblatt Nr. 115/16 - 151/22, *Income Tax Act*, "ITA") geregelt.

Der Steuerschuldner ist eine natürliche Person - Einkommensbezieher und Erbe aller Steuerverpflichtungen, die sich aus dem Einkommen ergeben, das sein/ihr Erblasser bis zu seinem/ihrem Tod erzielt hat. Der Erbe ist auch Steuerschuldner für Einkünfte, die aus geerbten Einkunftsquellen stammen.<sup>13</sup>

Ein Inländer ist eine natürliche Person, die ihren Wohnsitz oder gewöhnlichen Aufenthaltsort in Kroatien hat. Ein Inländer ist auch eine natürliche Person, die weder ihren Wohnsitz noch ihren gewöhnlichen Aufenthalt in Kroatien hat, aber bei einer staatlichen Behörde in Kroatien beschäftigt ist und auf dieser Grundlage ein Gehalt bezieht.<sup>14</sup>

Ein Ausländer ist eine natürliche Person, die keinen Wohnsitz oder gewöhnlichen Aufenthalt in Kroatien hat, aber in Kroatien ein steuerpflichtiges Einkommen erzielt.

Die Steuerbemessungsgrundlage:

- a. bei einem Inländer der Gesamtbetrag der Kapitaleinkünfte (und anderer steuerpflichtiger Einkünfte), die der Inländer im In- und Ausland erzielt (Welteinkommensprinzip),<sup>15</sup>
- b. für einen Ausländer der Gesamtbetrag der Einkünfte aus Kapitalvermögen (und anderen steuerpflichtigen Einkünften), die der Ausländer im Inland erzielt (Wohnsitzlandprinzip).<sup>16</sup>

Die Steuerbemessungsgrundlage kann durch entsprechende persönliche Abzüge verringert werden.<sup>17</sup>

Kapitaleinkünfte sind (unter anderem) eine steuerpflichtige Einkommensquelle.<sup>18</sup> Zu den Kapitaleinkünften gehören u.a. Zinseinkünfte aus Wertpapieren (kro. *vrijednosni papiri*)<sup>19</sup> sowie *Kapitalerträge*, wovon auch Einkünfte aus der Veräußerung von Wertpapieren umfasst sind.<sup>20</sup>

Das ITA sieht jedoch eine ausdrückliche gesetzliche Befreiung vor, unter anderem für Verzugszinsen und Zinsen, die durch Investitionen in *Anleihen* (kro. *obveznice*) erzielt werden, unabhängig von dem Emittenten und der Art der Anleihen.<sup>21</sup> Da die kroatische Steuerbehörde keine spezifischen Leitlinien veröffentlicht hat, kann eine mögliche Auslegung der genannten Bestimmungen durch die Behörden nicht beurteilt werden.

Außerdem sind bestimmte Einkünfte aus der Veräußerung von Wertpapieren von der Steuer befreit - der Tausch von Wertpapieren mit gleichwertigen Wertpapieren desselben Emittenten, bei denen sich das Verhältnis zwischen den Inhabern und dem Kapital des Emittenten nicht ändert, sowie der Tausch von Wertpapieren, Aktien, d.h. Finanzinstrumenten mit anderen Wertpapieren oder Finanzinstrumenten und der Erwerb von Wertpapieren oder Finanzinstrumenten im Falle von Statusänderungen, sofern in all

diesen Fällen kein Geldfluss stattfindet und die Reihenfolge des Erwerbs von Finanzvermögen gewährleistet ist.<sup>22</sup>

Auf Kapital- und Zinserträge wird ein Steuersatz von 10 % erhoben.<sup>23</sup>

Im Falle von Zinsen wird diese Steuer berechnet, ausgesetzt und von den Zahlern gleichzeitig mit der Zahlung des steuerpflichtigen Einkommens als Quellensteuer abgeführt. Im Falle von Kapitalerträgen (Veräußerung von Wertpapieren) muss der Inhaber von Finanzinstrumenten bis zum letzten Tag des Monats Februar des laufenden Jahres die Steuer für alle im Vorjahr erzielten Kapitalerträge abzüglich der realisierten Kapitalverluste berechnen, einen Aufschub erreichen und entrichten.

### **Gewinnsteuer**

Die Gewinnsteuer wird durch das Gewinnsteuergesetz (Amtsblatt Nr. 177/04 - 114/22, *Profit Tax Act*, "PTA") geregelt.

Gewinnsteuerpflichtig sind:<sup>24</sup>

- (1) Unternehmen und andere juristische und natürliche Personen mit Wohnsitz in Kroatien, die selbständig, dauerhaft und mit dem Ziel der Erzielung von Gewinnen, Einkünften oder Einnahmen oder anderen werthaltigen wirtschaftlichen Vorteilen eine wirtschaftliche Tätigkeit ausüben;
- (2) lokale Geschäftseinheiten eines ausländischen Unternehmers (Nichtansässiger);
- (3) eine natürliche Person, die ihre Einkünfte auf eine für die selbständige Tätigkeit vorgeschriebene Art und Weise gemäß den Einkommenssteuervorschriften ermittelt, oder eine natürliche Person, die eine selbständige Tätigkeit aufnimmt, wenn sie erklärt, dass sie anstelle der Einkommenssteuer Gewinnsteuer zahlen wird, oder wenn ihr Gesamtumsatz im vorangegangenen Steuerzeitraum EUR 995.421,06 überschritten hat;
- (4) ausnahmsweise staatliche Verwaltungsorgane, lokale Selbstverwaltungsorgane, die Kroatische Nationalbank, Institutionen (und andere ähnliche, im PTA aufgezählte Subjekte), wenn sie wirtschaftliche Betätigungen ausüben, deren Nichtbesteuerung zu ungerechtfertigten Vorteilen auf dem Markt führen würde;
- (5) jeder Unternehmer und sein Rechtsnachfolger, der nicht zu den oben genannten Unternehmern gehört, der nicht einkommensteuerpflichtig im Sinne der Einkommenssteuergesetze ist und dessen Gewinn nicht anderweitig steuerpflichtig ist.

Die Steuerbemessungsgrundlage<sup>25</sup> ist der nach den Rechnungslegungsvorschriften ermittelte Gewinn als Differenz zwischen Einnahmen und Ausgaben vor der Gewinnsteuerveranlagung, erhöht und vermindert nach den Bestimmungen des PTA.

Die Steuerbemessungsgrundlage eines inländischen Steuerpflichtigen ist der in Kroatien und im Ausland erwirtschaftete Gewinn, während die Steuerbemessungsgrundlage eines ausländischen Steuerpflichtigen nur der in Kroatien erwirtschaftete Gewinn ist, der nach den Bestimmungen des PTA zu bewerten ist.

---

<sup>22</sup> Art. 67/4/2 ITA.

<sup>23</sup> Art. 70/1 und 70/4 ITA.

<sup>24</sup> Art. 2 PTA.

<sup>25</sup> Art. 5 PTA.

*Non-binding German translation*  
*Unverbindliche deutsche Übersetzung*

Der Gewinnsteuersatz beträgt 10 %, wenn das Einkommen des Steuerpflichtigen im Steuerzeitraum EUR 995.421,06 beträgt, und 18 %, wenn das Einkommen des Steuerpflichtigen im Steuerzeitraum gleich oder höher als EUR 995.421,06 ist.<sup>26</sup>

Im Sinne des PTA ist die Quellensteuer eine Steuer, die auf den von ausländischen juristischen Personen erzielten Gewinn erhoben wird.<sup>27</sup> Der Gewinn umfasst (unter anderem) Zinsen.<sup>28</sup> Ähnlich wie bei den Ausnahmen von der Einkommenssteuer (es gelten die gleichen Ausführungen) wird die Gewinnsteuer nicht auf Zinsen berechnet, die durch Investitionen in Anleihen erzielt werden.<sup>29</sup>

Die Steuerbemessungsgrundlage ist der Bruttobetrag der vom inländischen Zahler an den ausländischen Empfänger geleisteten Zahlung. Der inländische Zahler muss die Quellengewinnsteuer gleichzeitig mit der Zahlung des steuerpflichtigen Einkommens berechnen, einen Aufschub erreichen und abführen.

Der Quellensteuersatz beträgt 15 %, mit Ausnahme von Dividenden und Gewinnanteilen, für die der Quellensteuersatz 10 % beträgt, während für alle Arten von Dienstleistungen, die an Personen gezahlt werden, die ihren eingetragenen Sitz oder den Ort der tatsächlichen Verwaltung oder Aufsicht in nicht kooperativen Steuerländern haben, mit denen Kroatien keine Doppelbesteuerungsabkommen anwendet, der Steuersatz 20 % beträgt.<sup>30</sup>

Die kroatische Quellensteuer kann im Rahmen eines wirksamen Doppelbesteuerungsabkommens reduziert werden.

### ***Erbschafts- und Schenkungssteuer***

Die Erbschafts- und Schenkungssteuer wird durch das Kommunalsteuergesetz geregelt (Amtsblatt Nr. 115/16, 114/22, *Local Tax Act*, "LTA").

Jede natürliche oder juristische Person, die in Kroatien erbt oder Schenkungen (einschließlich Wertpapieren) mit einem Einzelwert von mehr als EUR 6.636,14 erhält, ist zur Zahlung einer Erbschafts- oder Schenkungssteuer in Höhe von 4 % verpflichtet.<sup>31</sup> Bestimmte Ausnahmen in Bezug auf die Anwendung der oben genannten Steuer sind im Einklang mit dem LTA möglich.

### ***EU-Finanztransaktionssteuer***

Auf der Ebene der Europäischen Union laufen Verhandlungen über die Einführung einer harmonisierten Finanztransaktionssteuer, die sich negativ auf die Einnahmen aus den Wertpapieren auswirken könnte.

### ***Sonstige Steuern***

In Kroatien sind im Zusammenhang mit der Emission, Lieferung oder Ausführung der Wertpapiere keine Stempel-, Emissions- oder Registrierungssteuern oder -abgaben zu entrichten.

## **ÜBERLEGUNGEN ZUM SCHWEIZERISCHEN STEUERRECHT**

Dieser Abschnitt über die Besteuerung enthält eine kurze Zusammenfassung bestimmter wesentlicher steuerlicher Erwägungen in der Schweiz in Bezug auf (i) Wertpapiere, die von einem oder mehreren Emittenten ausgegeben werden, bei denen der Wertpapierinhaber in der Schweiz steuerlich ansässig ist oder eine steuerliche Präsenz in der Schweiz hat, oder (ii) Wertpapiere, bei denen die Zahlstelle, die Depotbank oder der Wertpapierhändler in der Schweiz ansässig ist. Die Erörterung basiert auf der Gesetzgebung zum Datum dieses Prospekts. Es soll keine umfassende Beschreibung aller steuerlichen Aspekte in der Schweiz sein, die für eine Entscheidung, in Wertpapiere zu investieren, relevant sein könnten. Die steuerliche Behandlung jedes Anlegers hängt von der jeweiligen Situation ab. Allen Anlegern wird empfohlen, ihre Rechts- und Steuerberater über die steuerlichen Folgen des Erwerbs, des Haltens, der Veräußerung, des Verfalls, der Ausübung oder der Rücknahme von Wertpapieren (oder darin eingebetteten Optionen) in der Schweiz im Hinblick auf ihre besonderen Umstände zu konsultieren.

### ***Schweizerische Verrechnungssteuer***

Zahlungen auf ein Wertpapier unterliegen derzeit nicht der schweizerischen Verrechnungssteuer, sofern der/die jeweilige(n) Emittent(en) für schweizerische Steuerzwecke jederzeit außerhalb der Schweiz ansässig ist/sind und verwaltet wird/werden.

### ***Einkommensbesteuerung***

Wertpapiere, die von einem in der Schweiz ansässigen Inhaber als Privatvermögen gehalten werden

#### ***(a) Strukturierte Wertpapiere***

Wenn ein Wertpapier als strukturiertes Wertpapier eingestuft wird, hängt seine Einkommensbesteuerung davon ab, ob die Anleihe und das/die darin eingebettete(n) derivative(n) Finanzinstrument(e) getrennt voneinander verbucht werden und ob das Wertpapier als strukturiertes Wertpapier mit oder ohne überwiegende einmalige Zinszahlung eingestuft wird:

(i) Nicht transparente derivative Finanzinstrumente: Wenn die eingebettete Anleihe nicht getrennt von dem/den eingebetteten derivativen Finanzinstrument(en) erfasst wird, wird das Wertpapier als nicht transparentes strukturiertes Wertpapier eingestuft und jede Rendite über die ursprüngliche Investition hinaus wird als steuerpflichtige Zinszahlung eingestuft. Nicht transparente derivative Finanzinstrumente beinhalten im Allgemeinen eine vorherrschende einmalige Zinszahlung und werden gemäß den unten unter "Transparente derivative Finanzinstrumente mit einer vorherrschenden einmaligen Zinszahlung" dargelegten Grundsätzen besteuert.

(ii) Transparente derivative Finanzinstrumente ohne überwiegende einmalige Zinszahlung: Wenn die eingebettete Anleihe getrennt von dem/den eingebetteten derivativen Finanzinstrument(en) verbucht wird und die Rendite bis zur Fälligkeit überwiegend aus regelmäßigen Zinszahlungen und nicht aus einer einmaligen Zinszahlung stammt (siehe unten "Transparente derivative Finanzinstrumente mit überwiegender einmaliger Zinszahlung"), dann werden alle regelmäßigen Zinszahlungen und die einmalige Zinszahlung, falls vorhanden, besteuert, wenn sie an den Wertpapierinhaber gezahlt werden. Ein Gewinn, einschließlich aufgelaufener Zinsen, der beim Verkauf eines Wertpapiers erzielt wird, ist ein steuerfreier privater Kapitalgewinn. Ein Verlust, der beim Verkauf eines Wertpapiers realisiert wird, ist ein nicht steuerlich absetzbarer privater Kapitalverlust (siehe unten "Wertpapiere, die von einem in der Schweiz ansässigen Wertpapierinhaber als Privatvermögen gehalten werden"). Dasselbe gilt, wenn das Wertpapier eingelöst wird, mit der Ausnahme, dass aufgelaufene Zinsen bei Zahlung besteuert werden.

*Non-binding German translation*  
*Unverbindliche deutsche Übersetzung*

(iii) Transparente derivative Finanzinstrumente mit einer überwiegenden einmaligen Zinszahlung: Wenn die eingebettete Anleihe getrennt von dem/den eingebetteten derivativen Finanzinstrument(en) verbucht wird und die Rendite bis zur Fälligkeit überwiegend aus einer einmaligen Zinszahlung wie einem ursprünglichen Emissionsrabatt oder einem Rückzahlungsaufschlag und nicht aus regelmäßigen Zinszahlungen stammt, dann sind alle regelmäßigen Zinszahlungen und bei der Rücknahme oder dem Verkauf der Wertpapiere die Differenz zwischen dem Wert der eingebetteten Anleihe bei Rückzahlung oder Verkauf und ihrem Wert bei Ausgabe oder Kauf auf dem Sekundärmarkt, jeweils umgerechnet in Schweizer Franken zum Wechselkurs zum Zeitpunkt des Verkaufs oder der Rückzahlung, der Ausgabe oder des Kaufs (modifizierte Differenzbesteuerungsmethode), steuerpflichtiges Einkommen dar. Ein Wertverlust der eingebetteten Anleihe, der bei Verkauf oder Rücknahme des Wertpapiers realisiert wird, kann mit Gewinnen (einschließlich periodischer Zinszahlungen) verrechnet werden, die innerhalb desselben Besteuerungszeitraums aus allen Instrumenten mit einer vorherrschenden einmaligen Zinszahlung erzielt werden. Ein etwaiger Restertrag aus dem/den eingebetteten derivativen Finanzinstrument(en) ist ein steuerfreier privater Kapitalertrag, und ein etwaiger Restverlust ist ein nicht steuerlich absetzbarer privater Kapitalverlust (siehe unten "Wertpapiere, die von einem in der Schweiz ansässigen Wertpapierinhaber als Privatvermögen gehalten werden").

*(b) Anleihen*

Anleihen ohne überwiegende einmalige Zinszahlung: Wenn ein Wertpapier als reine Anleihe ohne überwiegende einmalige Zinszahlung eingestuft wird (d. h. die Rendite bis zur Fälligkeit stammt überwiegend aus periodischen Zinszahlungen und nicht aus einer einmaligen Zinszahlung), werden in der Schweiz ansässige Privatanleger auf die periodischen und etwaigen einmaligen Zinszahlungen besteuert, die zum Wechselkurs zum Zeitpunkt der Zahlung in Schweizer Franken umgerechnet werden. Ein Gewinn, der unter anderem durch den Verkauf eines Wertpapiers erzielt wird, ist ein steuerfreier privater Kapitalgewinn. Ein Verlust, der durch den Verkauf eines Wertpapiers erzielt wird, ist ein nicht steuerlich absetzbarer privater Kapitalverlust (siehe unten "Wertpapiere, die von einem in der Schweiz ansässigen Wertpapierinhaber als Privatvermögen gehalten werden").

Anleihen mit überwiegender einmaliger Zinszahlung: Wenn ein Wertpapier als reine Anleihe mit überwiegender einmaliger Zinszahlung eingestuft wird (d. h. die Rendite bis zur Fälligkeit stammt überwiegend aus einer einmaligen Zinszahlung wie einem ursprünglichen Emissionsrabatt oder einem Rückzahlungsaufschlag und nicht aus regelmäßigen Zinszahlungen), werden in der Schweiz ansässige Privatanleger auf alle regelmäßigen Zinszahlungen und auf alle Gewinne, einschließlich Kapital- und Devisengewinne, die mit den Wertpapieren erzielt werden, besteuert (Differenzbesteuerungsmethode).

*(c) Reine derivative Finanzinstrumente*

Regelmäßige und einmalige Dividendenausgleichszahlungen, die auf ein Wertpapier realisiert werden, das als reines derivatives Finanzinstrument eingestuft wird (wie reine Call- und Put-Optionen, einschließlich Optionen mit niedrigem Ausübungspreis und einer Laufzeit von höchstens einem Jahr, reine Futures, statische Wertpapiere, die einen Index oder einen Korb von mindestens fünf Aktien replizieren und eine feste Laufzeit oder ein jährliches Rücknahmerecht haben), und das als Teil ihres Privatvermögens gehalten wird, stellen steuerpflichtige Kapitalerträge dar. Alle anderen Erträge werden als steuerfreie Kapitalgewinne oder nicht abzugsfähige Kapitalverluste eingestuft (siehe unten "Wertpapiere, die von einem in der Schweiz ansässigen Wertpapierinhaber als Privatvermögen gehalten werden").

*(d) Optionen mit niedrigem Ausübungspreis*

***Non-binding German translation***  
***Unverbindliche deutsche Übersetzung***

Gemäß der aktuellen Praxis der Eidgenössischen Steuerverwaltung werden Optionen mit niedrigem Ausübungspreis gewährt, wenn der Basiswert einer Option zum Zeitpunkt der Emission zu mindestens 50 Prozent vorfinanziert wurde.

Bei Optionen mit niedrigem Ausübungspreis und einer Laufzeit von mehr als einem Jahr stellt der Zinsanteil der Option mit niedrigem Ausübungspreis (d. h. der Ausgaberabatt) steuerpflichtiges Anlagevermögen dar. Alle anderen Erträge werden als steuerfreie Kapitalerträge oder nicht steuerlich absetzbare Kapitalverluste eingestuft (siehe unten "Wertpapiere, die von einem in der Schweiz ansässigen Wertpapierinhaber als Privatvermögen gehalten werden").

*(e) Fondsähnliche Wertpapiere*

Ein als fondsähnliches Instrument eingestuftes Wertpapier gilt für Schweizer Steuerzwecke als Durchleitungsinstrument, wenn Dividenden- und Zinserträge (abzüglich zurechenbarer Kosten) aus den zugrunde liegenden Anlagen und Kapitalgewinne und -verluste (abzüglich zurechenbarer Kosten), die auf diesen erzielt werden, separat ausgewiesen und ausgeschüttet werden. Unter diesen Bedingungen erzielt eine Person, die einen fondsähnlichen Wertpapierfonds als Teil ihres Privatvermögens hält, nur über den Teil der Ausschüttungen (falls der Fonds die auf den zugrunde liegenden Anlagen erzielten Erträge ausschüttet) oder der Ertragsgutschriften (falls der Fonds die auf den zugrunde liegenden Anlagen erzielten Erträge reinvestiert) steuerpflichtiges Einkommen (das sie jährlich melden muss), das aus Dividenden und Zinsen (abzüglich zurechenbarer Kosten) auf die zugrunde liegenden Instrumente stammt. Alle Ausschüttungen oder Gutschriften aus Kapitalerträgen, die aus den zugrunde liegenden Investitionen erzielt werden, stellen einen steuerfreien privaten Kapitalertrag dar, und alle entsprechenden Verluste aus den zugrunde liegenden Investitionen sind ein nicht steuerlich absetzbarer privater Kapitalverlust. Jeder innerhalb eines Steuerzeitraums durch den Verkauf eines fondsähnlichen Instruments realisierte Gewinn (einschließlich aufgelaufener Dividenden und Zinsen) ist als privater Kapitalgewinn von der Einkommensteuer befreit, und umgekehrt ist jeder realisierte Verlust ein nicht steuerlich absetzbarer Kapitalverlust (siehe unten "Wertpapiere, die von einem in der Schweiz ansässigen Wertpapierinhaber als Privatvermögen gehalten werden").

*Wertpapiere, die als Vermögen eines Schweizer Unternehmens gehalten werden*

Juristische und natürliche Personen, die Wertpapiere im Rahmen eines Handels oder Geschäfts in der Schweiz halten, müssen im Falle von im Ausland ansässigen Personen, die über eine Betriebsstätte oder einen festen Geschäftssitz in der Schweiz geführt werden, alle Zahlungen sowie alle Kapitalgewinne oder -verluste, die beim Verkauf oder der Rücknahme dieser Wertpapiere erzielt werden (unabhängig von ihrer Klassifizierung), in ihrer Gewinn- und Verlustrechnung für den jeweiligen Besteuerungszeitraum ausweisen und werden auf alle steuerpflichtigen Nettoeinkünfte für diesen Zeitraum besteuert.

Die gleiche steuerliche Behandlung gilt auch für in der Schweiz ansässige natürliche Personen, die aus einkommenssteuerlichen Gründen als "professionelle Wertpapierhändler" eingestuft werden, unter anderem aufgrund häufiger Handelsgeschäfte und fremdfinanzierter Wertpapieranlagen.

***Besteuerung von Kapitalerträgen***

*Wertpapiere, die von einem in der Schweiz ansässigen Wertpapierinhaber als Privatvermögen gehalten werden*

Ein Gewinn, den eine in der Schweiz steuerpflichtige natürliche Person bei der Veräußerung oder anderweitigen Veräußerung eines Wertpapiers, das als Teil ihres Privatvermögens gehalten wird, erzielt, ist ein steuerfreier privater Kapitalgewinn. Ein Verlust, den eine in der Schweiz steuerpflichtige natürliche Person bei der Veräußerung oder anderweitigen Veräußerung eines Wertpapiers, das als Teil

***Non-binding German translation***  
*Unverbindliche deutsche Übersetzung*

ihres Privatvermögens gehalten wird, erzielt, ist ein nicht steuerlich absetzbarer Kapitalverlust. Im Falle eines Gewinns oder Verlusts, es sei denn, diese Person wird für Einkommensteuerzwecke als "professioneller Wertpapierhändler" eingestuft, unter anderem aufgrund von häufigem Handel und fremdfinanzierten Wertpapieranlagen. Wenn eine Person als "professioneller Wertpapierhändler" eingestuft wird, wird sie gemäß den oben unter "Wertpapiere, die als Vermögen eines Schweizer Unternehmens gehalten werden" dargelegten Grundsätzen besteuert. Zur Aufteilung einer steuerfreien Kapitalgewinnkomponente bzw. einer nicht steuerlich abzugsfähigen Kapitalverlustkomponente von steuerpflichtigen Einkommenskomponenten eines Wertpapiers siehe die oben dargelegten Aufteilungsgrundsätze in Bezug auf die verschiedenen Instrumente unter "Wertpapiere, die von einem in der Schweiz ansässigen Wertpapierinhaber als Privatvermögen gehalten werden".

Wertpapiere, die als Vermögen eines Schweizer Unternehmens gehalten werden

Kapitalgewinne, die mit Wertpapieren erzielt werden, die als Vermögen eines Schweizer Unternehmens gehalten werden, werden gemäß den oben unter "Wertpapiere, die als Vermögen eines Schweizer Unternehmens gehalten werden" dargelegten Besteuerungsgrundsätzen besteuert.

***Stempelsteuern***

*Eidgenössische Emissionsabgabe*

Die Wertpapiere unterliegen nicht der eidgenössischen Emissionsabgabe.

*Eidgenössische Umsatzabgabe*

Die Ausgabe von Wertpapieren an die Erstinhaber zum ursprünglichen Angebotspreis (Primärmarkt) unterliegt nicht der eidgenössischen Umsatzabgabe auf Wertpapieren, mit der Ausnahme, dass die Ausgabe von Wertpapieren, die als fondsähnliche Instrumente eingestuft werden, der eidgenössischen Umsatzabgabe auf Wertpapieren von bis zu 0,3 Prozent des Angebotspreises unterliegen kann, jedoch nur, wenn ein Schweizer Wertpapierhändler (wie im Bundesgesetz über die Stempelabgaben definiert) eine Partei oder ein Vermittler der Transaktion ist und keine Ausnahme gilt.

Wertpapiergeschäfte (Sekundärmarkt), die als reine derivative Finanzinstrumente gelten (wie reine Call- und Put-Optionen, einschließlich Optionen mit niedrigem Ausübungspreis und einer Laufzeit von höchstens zwölf Monaten, reine Futures mit einer maximalen Vorfinanzierung von 25 Prozent, statische Wertpapiere, die einen Index oder einen Korb von mindestens fünf Aktien replizieren und eine feste Laufzeit mit einem jährlichen Rücknahmerecht haben), unterliegen nicht der eidgenössischen Umsatzabgabe auf Wertpapiere.

Der Handel mit Wertpapieren, die von einem Emittenten außerhalb der Schweiz ausgegeben wurden und als strukturierte Wertpapiere, aktienähnliche Instrumente (einschließlich Optionen mit niedrigem Ausübungspreis auf Aktien mit einer Laufzeit von mehr als zwölf Monaten) oder fondsähnliche Instrumente klassifiziert werden, unterliegt der Umsatzabgabe von bis zu 0,3 Prozent auf den gezahlten Gegenwert, jedoch nur, wenn ein Schweizer Effekthändler (gemäß Definition im Bundesgesetz über die Stempelabgaben) an der Transaktion beteiligt oder als Vermittler tätig ist und keine Befreiung gilt.

Der Handel mit Anleihen und strukturierten Wertpapieren mit einer Laufzeit von höchstens einem Jahr ist von der eidgenössischen Umsatzabgabe auf Wertpapiere befreit.

Die Lieferung eines zugrunde liegenden steuerpflichtigen Wertpapiers bei Ausübung oder Rückzahlung an den Inhaber des Wertpapiers unterliegt der eidgenössischen Umsatzabgabe auf Wertpapiere von bis zu 0,3 Prozent, wenn ein Schweizer Wertpapierhändler (gemäß Definition im Schweizer Bundesgesetz über die Stempelsteuer) Partei oder Vermittler der Transaktion ist und keine Befreiung gilt.

### ***Schenkungs-, Erbschafts- und Nachlasssteuern***

Vorbehaltlich eines anwendbaren Steuerabkommens in einem internationalen Szenario können Übertragungen von Wertpapieren der kantonalen und/oder kommunalen Erbschafts-, Nachlass- oder Schenkungssteuer unterliegen, wenn die verstorbene Person ihren letzten Wohnsitz in der Schweiz hatte, der Schenker in der Schweiz ansässig ist oder im Falle einer verstorbenen oder ansässigen ausländischen Person die Übertragung ein nicht eingetragenes Unternehmen in der Schweiz betrifft und die Wertpapiere als Teil dieses Unternehmens gehalten werden. Auf Bundesebene gibt es keine derartigen Steuern. Die Steuersätze hängen von der bestehenden Beziehung (d. h. der Beziehung zwischen dem Verstorbenen und den Erben oder zwischen dem Spender und dem Beschenkten) und der Höhe des Erbes oder der Schenkung ab. Schenkungen zwischen Ehepartnern und Schenkungen an Nachkommen sowie Erbschaften, die vom überlebenden Ehepartner und den Nachkommen vereinnahmt werden, sind häufig steuerfrei oder werden zu sehr niedrigen Sätzen (bis zu 6 %) besteuert. Schenkungen und Erbschaften von nicht verwandten Personen unterliegen Sätzen zwischen 20 % und 40 %. Die Steuerbemessungsgrundlage ist in der Regel der Marktwert des übertragenen Vermögens.

### ***Vermögens- und Kapitalsteuern***

Ein Inhaber von Wertpapieren, der eine natürliche Person mit steuerlichem Wohnsitz in der Schweiz ist oder ein nicht in der Schweiz ansässiger Inhaber, der Wertpapiere als Teil eines Schweizer Geschäftsbetriebs oder einer Schweizer Betriebsstätte hält, ist verpflichtet, Wertpapiere als Teil des Privatvermögens oder als Teil des Schweizer Geschäftsvermögens zu melden, und unterliegt der jährlichen kantonalen und/oder kommunalen Vermögenssteuer auf das gesamte steuerpflichtige Nettovermögen (einschließlich der Wertpapiere), wenn es sich um eine nicht in der Schweiz ansässige natürliche Person handelt, die Wertpapiere als Teil eines Schweizer Geschäftsbetriebs oder einer Schweizer Betriebsstätte hält, soweit das gesamte steuerpflichtige Vermögen der Schweiz zuzurechnen ist. Inkorporierte Wertpapierinhaber unterliegen der kantonalen und kommunalen Kapitalsteuer auf das steuerpflichtige Nettovermögen, wenn es sich bei der Person um einen Nicht-Schweizer handelt, der Wertpapiere als Teil einer Schweizer Betriebsstätte hält, und soweit das gesamte steuerpflichtige Vermögen der Schweiz zuzuordnen ist. Auf Bundesebene gibt es keine Vermögens- und Kapitalsteuern.

### ***Nicht in der Schweiz ansässige Wertpapierinhaber***

Ein Wertpapierinhaber, der nicht in der Schweiz steuerpflichtig ist und der während des Steuerjahres keinen Handel oder Geschäftsbetrieb über einen Geschäftsbetrieb oder eine Betriebsstätte in der Schweiz ausgeübt hat, unterliegt in der Schweiz weder der Einkommens- und Kapitalertragssteuer noch der Vermögens- oder Kapitalsteuer.

### ***Schweizer Erleichterung der Umsetzung des US-amerikanischen Foreign Account Tax Compliance Act***

Die Schweiz hat mit den USA ein zwischenstaatliches Abkommen zur Erleichterung der Umsetzung von FATCA abgeschlossen. Das Abkommen stellt sicher, dass die Konten von US-Personen bei Schweizer Finanzinstituten entweder mit Zustimmung des Kontoinhabers oder durch Gruppenanfragen im Rahmen der Amtshilfe an die US-Steuerbehörden weitergegeben werden. Ohne Zustimmung werden keine Informationen automatisch übermittelt, sondern nur im Rahmen der Amtshilfe auf der Grundlage des Doppelbesteuerungsabkommens zwischen den USA und der Schweiz ausgetauscht. Am 8. Oktober 2014 genehmigte der Schweizerische Bundesrat ein Mandat für Verhandlungen mit den USA über die Änderung des derzeitigen Systems der direkten Benachrichtigung in ein System, bei dem die relevanten Informationen an die Eidgenössische Steuerverwaltung übermittelt werden, die ihrerseits die Informationen an die US-Steuerbehörden weiterleitet.

***Automatischer Informationsaustausch in Steuersachen***

Am 19. November 2014 unterzeichnete die Schweiz das multilaterale Abkommen der zuständigen Behörden (MCAA). Das MCAA basiert auf Artikel 6 des Amtshilfeübereinkommens der OECD und des Europarats und soll die einheitliche Umsetzung des automatischen Informationsaustauschs (AIA) gewährleisten. Das Bundesgesetz über den internationalen automatischen Informationsaustausch in Steuersachen (AIA-Gesetz) trat am 1. Januar 2017 in Kraft. Das AIA-Gesetz ist die gesetzliche Grundlage für die Umsetzung des AIA-Standards in der Schweiz.

Der AIA wird in der Schweiz durch bilaterale oder multilaterale Abkommen eingeführt. Die Abkommen wurden und werden auf der Grundlage der garantierten Gegenseitigkeit, der Einhaltung des Spezialitätsprinzips (d. h. die ausgetauschten Informationen dürfen nur zur Festsetzung und Erhebung von Steuern (und für Strafverfahren) verwendet werden) und eines angemessenen Datenschutzes geschlossen.

Auf der Grundlage solcher multilateraler oder bilateraler Abkommen und der Durchführungsgesetze der Schweiz tauscht die Schweiz Daten über Finanzvermögen, gegebenenfalls einschließlich Wertpapieren, die auf Konten oder Depots bei einer Zahlstelle in der Schweiz zugunsten von in einem EU-Mitgliedstaat oder in einem Vertragsstaat ansässigen Personen gehalten werden, sowie über die daraus erzielten Einkünfte, die diesen gutgeschrieben werden, aus.
